

Chapter 451: Taking Advantage Of The Child

Her husband had been facing some situations recently. Although she had not caught him red-handed yet, the mistress was most likely Lv Shan.

Lv Shan and Liang Hanwen had a past record. She did not believe that they had really broken up. They must have rekindled the flame.

Getting Lv Shan to abort the child was just a warning to them!

Now, it all depended on whether Su Bei would protect her career or her manager.

Su Bei also saw Zhang Baozhen's post and knew at a glance that it was directed to her.

Lv Shan would definitely not agree to the request. Hence, she could only pin her hopes on herself and handle this matter.

However, Zhang Baozhen was wrong about Su Bei. She was not someone who would compromise in the face of threats.

Yue Ze soon called. "Su Bei, is Zhang Baozhen targeting you?"

"How do you know?"

"I don't. I only know that you met her today. What happened?"

Su Bei did not hide anything from him and told him about Lv Shan.

Yue Ze pondered for a moment. "It looks like Zhang Baozhen is forcing you to settle Lv Shan's affairs. Once you're embroiled in a cheating scandal, you'll be doomed."

"Yes, but even so, we can't let Sister Lu be at the mercy of others, right? Besides, Sister Lu is getting married soon. The child is her fiancé's. No one has the right to make her abort the child."

Yue Ze agreed with Su Bei's point of view. "I need more evidence to prove Lv Shan's innocence and prepare for your PR plan."

"I'll give you some evidence. As for the rest, I'll have to trouble you to look for Sister Lu," Su Bei said, "I'm sorry for troubling you with this matter."

Yue Ze did not find it troublesome. As an agent, he had a duty and responsibility to deal with these situations.

A while after Su Bei left, Zhang Baozhen posted that statement on Weibo. Lu Heting easily guessed that it had something to do with Su Bei and Lv Shan.

He immediately asked Lu Hang to investigate what was the situation with Lv Shan and her child.

That way, if anyone used this matter to bully Su Bei and make a big fuss, he would be able to respond in time.

...

Cai Anying sat beside Zhang Baozhen and said, "Lv Shan is really cunning. She refuses to admit it even now. When the child is born, she'll definitely come to snatch your family's assets. By relying on her child, she has nothing to fear."

Cai Anying had only recently entered Zhang Baozhen's circle of friends. Of course, it was also because of Su Huixian's current status that she had a place in the circle of socialites.

Otherwise, with her qualifications, she could only rely on plastic surgery to become a mini-Su Bei. She would not be able to leave an impression on a socialite like Zhang Baozhen.

Zhang Baozhen blew out a smoke ring. "Are you sure you saw Lv Shan with my husband?"

"Although I didn't see it with my own eyes, I heard people talk about it. You saw those photos too. Don't you believe me?"

Zhang Baozhen did see the photos, but they were all from four years ago.

The reason why she was willing to believe Cai Anying's words was because her husband had indeed become much colder to her recently. Something must have happened outside.

Without a child between them, they were indeed more fragile than the typical couple.

She had to take out her anger on Lv Shan!

Chapter 452: Starting To Be Cold

Seeing Zhang Baozhen like this, Cai Anying's eyes sparkled. It looked like Su Bei was going to have to fight this battle. Who asked her to have a manager like Lv Shan?

Su Huixian had everything under control with the matter regarding Lv Shan. She had investigated everything and used what she found to attack Su Bei at this crucial moment. It was really useful.

Once Su Bei went down, she would be able to smoothly ascend the throne. The ridicule from before would also disappear with time.

In the future, Cai Anying would be the only one standing in the modeling industry, while Su Bei would no longer exist!

...

Lv Shan met with Yue Ze.

"Sorry for causing so much trouble to you and Su Bei," Lv Shan said to Yue Ze.

Yue Ze was dressed in a light gray suit with gold-rimmed glasses. He looked refined and calm, but he was very good at handling things.

Lv Shan handed the evidence she had saved back then to Yue Ze. "You can see my chat with Liang Hanwen here. I didn't know that he would remarry so soon. At that time, he had just lost his wife. The outside world thought that he was single, and I was no exception. He pursued me first, and I did have

the intention of marrying him. However, I also knew that there was a huge difference between our statuses, so I didn't ask for a public relationship and kept it a low profile.

"Later, the media exposed that he had remarried. I was very angry. I went to look for him and quarreled with him a few times, forcing him to make a choice between me or his wife. This was my only mistake. I shouldn't have taken it too hard. But later, I gradually came to my senses and left the relationship. After that, I never saw him again—except in public."

"I know." Yue Ze nodded and took the evidence. "If Zhang Baozhen continues to cause trouble, we'll release the evidence."

"I hope that day won't come. I'm getting married soon, and my in-laws are from an ordinary family. I'm afraid they'll think the same way about me as Zhang Baozhen."

When Lv Shan was a manager in the past, her strange temperament was all a pretense. It was all because she had suffered too much from Liang Hanwen's incident.

Now that she had a fiancé, she treasured him very much. She was also afraid that if what happened before was exposed, her fiancé would treat her differently.

Yue Ze nodded. "I'll talk to Zhang Baozhen privately. I hope that day won't come as well."

He then got lost in thought for a while. Then, he realized that Lv Shan had left her phone on the table. She had forgotten to take it with her.

Yue Ze quickly paid for the coffee and went to Lv Shan's neighborhood. He had asked Su Bei for Lv Shan's house address as he planned to return her phone.

After saying goodbye to Yue Ze after their meet-up, Lv Shan returned home.

Her fiancé had also arrived home. When he saw her, he pulled her to sit down and said, "Have you forgotten that you're pregnant? Why did you go out? What do you want to tell me? Hurry up and tell me. I still have a meeting to attend."

"I once dated someone in the past." Lv Shan finally mustered up her courage and said, "He was much older than me."

"I know. You've talked about it. Is there anything else important you want to tell me?" Her fiancé looked at his watch, distracted.

"That man had a wife, but I didn't know about it at the time. Once I found out, I broke up with him. I just didn't expect that his wife would come looking for me again," Lv Shan continued.

She did not realize that her fiancé was already putting up resistance against her, and his gaze had turned cold.

Chapter 453: Didn't Make Her Feel Better

Lv Shan said, "I don't want you to hear this from others, so I want to tell you about it first."

"What about the child in your stomach?" Her fiancé's eyes were filled with doubt.

Lv Shan understood what he meant and said in surprise, "The child is yours, of course. I haven't seen that man for four years. I just don't want you to worry, so that's why I'm telling you the truth first."

"Really? Then why would his wife come looking for you?"

Lv Shan looked at him in disbelief. "So you think I betrayed you? You think there's an issue with the child's identity?"

"That's not what I meant. I just think that since the other party came to look for you, it must be for a reason." Her fiancé's words were a little cold.

Lv Shan was disappointed.

"Would you rather trust outsiders instead of me?"

The feeling of not being trusted was like a sharp sword piercing through her heart, especially since he was the person who should trust her the most.

To be in this situation, her fiancé felt terrible about it as well. He said in a low voice, "Why don't we postpone our wedding date? And the child... You should get rid of it."

"What?" Lv Shan stood up in shock, subconsciously touching her stomach.

Zhang Baozhen had asked her to abort the baby, and Lv Shan had found the words ridiculous.

Now, these words had come out of the mouth of the person she slept with every night. The child's father wanted to give up on the child. It was utterly heartbreaking.

Her fiancé's voice was heavy with pain. "Even other people are suspicious of your child. How am I supposed to trust you? Let's get rid of the child while it's still a fetus. We can still have another child in the future. Otherwise, when the child grows up and there's a problem that can't be dealt with, what should we do then?"

Slap! Lv Shan gave him a tight slap on the face. She bit her lip, unable to believe that this man was her fiancé. When something happened, he immediately believed the words of an outsider and did not give her a chance to clarify things.

He even so easily said that he would give up on the child, as if they were nothing important.

"Think about it carefully." Her fiancé accepted the slap, picked up his coat, and left.

When he opened the door, he bumped into Yue Ze who was about to knock on the door.

He gave Yue Ze a cold look and left.

Yue Ze was baffled by his gaze. When he saw Lv Shan crying in pain, he stopped in his tracks, feeling extremely awkward. He regretted his rashness.

When Lv Shan saw him, she wiped her tears away.

"Yue Ze, why are you looking for me?"

“You left your phone behind. I brought it over to you.” Yue Ze walked in and handed her the phone. He took some tissues from the table and handed them to Lv Shan.

Lv Shan took them. “Thank you.”

“I’ve already contacted Zhang Baozhen. She promised to meet me. I’ll show her the evidence and negotiate with her.”

However, the evidence might not be able to convince Zhang Baozhen.

Lv Shan’s eyes were red, and her entire body was trembling. Yue Ze’s words did not make her feel any better.

Seeing her like this, Yue Ze poured her a cup of hot water and stuffed the cup into her hands. “Do you want me to send you to the hospital?”

“No, thank you. I’ll be fine after resting for a while.”

Yue Ze stood there for a while. Seeing that she was fine, he tactfully excused himself.

Chapter 454: Throw The Phone Away

He still had to meet Zhang Baozhen and talk to her.

Yue Ze called Su Bei and told her that Zhang Baozhen was willing to meet him. He also told her that there might be a problem between Lv Shan and her fiancé.

Su Bei, who was eating with Gun Gun and Da Bao, said, “Then I’ll have to trouble you to try and talk things out with Zhang Baozhen first. I’ll go see Sister Lu later.”

“You need to go out?” Lu Heting asked.

“There’s no hurry. I’ll accompany the two children to eat first. Now that they’re in school, I don’t have much time to accompany them.” Su Bei showed a bright smile and gave Gun Gun and Da Bao each a kiss.

Gun Gun shouted obediently, “I want to eat more tofu. Bei Bei’s cooking is the best!”

“Alright, I’ll give you more.”

...

In a hotel, Liang Hanwen was hugging a woman and smoking a cigarette.

That woman was Cai Anying.

After Cai Anying got into the socialite circle with Su Huixian’s help, she got to know Zhang Baozhen and thereafter, Liang Hanwen.

As a big shot in the industry, Liang Hanwen had seen countless women, but it was the first time seeing someone like Su Bei. She managed to arouse his interest.

However, the boss of Sheng Tang, Tang Xinru, was not to be trifled with. Liang Hanwen was also strictly controlled by his wife, Zhang Baozhen. Hence, he naturally did not dare to lay a hand on Su Bei.

However, Cai Anying was following in Su Bei's footsteps and was known as 'Little Su Bei'. Even when she was not working, she would always dress up like Su Bei. It was because of this that she and Liang Hanwen hit it off. It did not take long for the two to enter a hotel room and spend the night there.

Cai Anying wanted to use this big shot to eliminate Su Bei.

Coincidentally, Su Huixian had exposed Lv Shan's secret again. Zhang Baozhen was busy eliminating the 'mistress', which gave Liang Hanwen and Cai Anying a chance to be together.

Cai Anying said sweetly, "Wen, I've never thought of breaking up your family. I'm only with you because I have a crush on you. But recently, your wife has been getting people to follow you everywhere. If we're photographed, I'm afraid it'll be difficult for me to even see you after that. I'm afraid that I can only entrust my heart to you in my dreams."

"Didn't you make Lv Shan your scapegoat?" Being admired by a young woman made Liang Hanwen feel good.

"But Lv Shan has a very bad temper. She even said that everything that happened between you and her back then was your fault. She pushed all the blame away and said that she wanted to expose you for lying to her back then. Apparently, she's relying on her child to go against your wife. Why don't you help your wife settle Lv Shan's matter so that your wife won't be suspicious of you and instead direct all her anger to Lv Shan?"

Liang Hanwen knew that Zhang Baozhen wanted Lv Shan to have an abortion.

Even though that child had nothing to do with him.

He was in a passionate relationship with Cai Anying now, and he did not want his wife to find out anything.

If he pushed all the blame to Lv Shan, then he could protect Cai Anying from others.

He immediately took out his phone and called Lv Shan.

Lv Shan was sitting on the sofa, crying sadly.. When she saw this number that had not called her for so many years, she threw the phone away like it had burnt her hand.

Chapter 455: Even If I Die

When the phone rang again, Lv Shan picked it up hesitantly.

Liang Hanwen's voice sounded very unfamiliar, and there seemed to also be a trace of vague concern. "Shan Shan, I heard you're pregnant?"

"Why are you calling?" Lv Shan's voice was very cold.

"I'm sorry for what happened before."

Lv Shan snorted. "Yes, but we have nothing to do with each other anymore. Why are you calling now?"

“I’m calling to advise you to abort the child. I don’t want my wife to be overly suspicious and suspect that our old relationship has rekindled. What compensation do you want? Resources or money? You can name anything.”

Lv Shan gritted her teeth in anger when she heard what Liang Hanwen said. “Liang Hanwen, you bastard! You have nothing to do with me and the child. What right do you have to say such things? Take your resources and money and go to your coffin!”

“Then you should also remember that if you go against me, I have 10,000 ways to make you unable to stay in the entertainment industry and even the capital!” Liang Hanwen also said ruthlessly.

“Then come at me! Even if I die, I’ll drag you down with me.”

With that, Lv Shan hung up while panting.

She clutched her stomach. For a moment, she felt like the whole world was against her.

She just wanted to protect her child. What did she do wrong?

After Liang Hanwen’s call with Lv Shan, it left a call record.

Cai Anying then anonymously told Zhang Baozhen to check his call record.

It was already nighttime and past office hours.

Zhang Baozhen had her husband’s password. After unlocking the device, she immediately checked the records.

Indeed, she saw that her husband had called Lv Shan.

Zhang Baozhen was furious!

“Lv Shan, you b * tch! You said that you haven’t been in contact with my husband for a long time and that you two have completely cut off all ties! Go to hell, mistress!”

Zhang Baozhen could not stand her husband two-timing her with this mistress, nor could she swallow this anger.

She initially wanted to meet Yue Ze and spare him some dignity by resolving Lv Shan’s matter without causing too much of an impact.

Right now, she was heading out the door but going in a different direction. She completely forgot about her meeting with Yue Ze.

Zhang Baozhen made a call as she drove out.

When she arrived at Lv Shan’s neighborhood a while later, a few cars had already arrived and were waiting for her.

The men who stepped out of the cars were all tall and strong. The leader was wearing a white coat, which made people think that he was a doctor from a hospital.

"Mrs. Liang, we've asked around. Lv Shan is alone at home and there's no one else there. Moreover, it seems that her fiancé is also suspicious of the child in her womb."

"Hmph, even her fiancé doesn't believe her. How dare she tell me that the child is innocent? Indeed, a mistress would not say a single word of truth!"

Zhang Baozhen led her people straight to Lv Shan's residence.

Lv Shan was sitting on the sofa, completely disheartened.

The phone rang. She picked it up and realized it was Su Bei.

"Sister Lv, are you home? I'll go see you in ten minutes," Su Bei said. She had bathed the two children and coaxed Gun Gun to sleep before driving out. She did not bring Lu Heting along.

Chapter 456: Treat Her As A Friend

Su Bei had heard from Yue Ze that Lv Shan seemed to have quarreled with her fiancé. Hence, she came over to accompany Lv Shan. It was not convenient for her to bring Lu Heting along.

"I'm at home." Lv Shan's voice was lifeless, hollow, and low.

"I'll be there soon. What do you want to eat? I'll buy it for you." Su Bei was certain that she had not eaten dinner.

Lv Shan burst into tears. Ever since she was hurt by Liang Hanwen, she had buried herself in work and was very distant from people. Her temper was not very good either.

When she was in Chiyu Entertainment back then, she was known as the most difficult manager. Over the years, she had made many enemies and had few friends.

Only Su Bei understood her. She could relate to her pain and treated her genuinely as a friend.

When she was facing issues with her fiancé, Liang Hanwen, and Zhang Baozhen, only Su Bei stood by her side and helped share her burden.

"I..." Lv Shan was about to speak when the doorbell rang. "I'll go open the door first."

Lv Shan opened the door and saw a few people in white coats standing outside. She had a bad feeling and asked, "Who are you people? What are you doing..."

Someone came forward and grabbed her while covering her mouth.

Lv Shan's phone fell to the floor.

Those people quickly took Lv Shan away.

As they were all wearing white coats and stethoscopes, they looked like doctors. When others saw them, they thought that they were just taking a patient away for treatment.

Lv Shan's mouth was covered, and she could not cry for help.

In order to protect her child, she bent down to protect her child. It just made her look even more like a patient.

Thus, the passersby thought that nothing was unusual about this scene. Lv Shan was then brought into a car.

Su Bei was already driving along the road and was about to arrive. She heard Lv Shan open the door and a commotion soon broke out on the other side. She also heard Lv Shan's questioning voice. Su Bei's heart skipped a beat and a bad premonition arose.

She immediately called Lv Shan again, but she could not get through.

Right when her car arrived at Lv Shan's neighborhood, she saw that a group of people was bringing Lv Shan into a car.

Su Bei immediately became alert and linked the matter to Zhang Baozhen.

She had worked with Lv Shan for a long time, so she knew that Lv Shan had competitors at work. However, Zhang Baozhen was the only one who would use such a method to forcefully deal with people.

She immediately drove after the car.

At the same time, Su Bei called Yue Ze. "Yue Ze, aren't you supposed to be meeting Zhang Baozhen? Is she with you?"

"No, she's already 40 minutes late." Yue Ze glanced at the time. "What's the matter?"

"Zhang Baozhen seems to have gotten people to kidnap Sister Lu. I'll follow her."

"Su Bei! Don't follow them! It's dangerous!" Yue Ze yelled to stop her. "Where are you?"

Su Bei could not care less. She could not watch as Zhang Baozhen took Lv Shan away. She could not watch as something happened to the child.

As a mother, she was instinctively fond of babies and children. Su Bei could not allow others to use despicable means to abort the child.

She immediately called the police and followed the car in hers.

Actually, Lu Heting's car was right behind her.

Su Bei had told him it was regarding Lv Shan's problems and that Lu Heting could not help her with this. Hence, she asked him to stay at home to accompany Da Bao.

Chapter 457: Whatever I Say Goes

However, Lu Heting still followed her. Compared to accompanying Da Bao, Lu Heting still felt that his wife's safety was more important.

Yue Ze immediately drove toward Su Bei.

He could not allow Su Bei and Lv Shan to fall into danger.

Zhang Baozhen sat in the car while Lv Shan sat in the back seat. She had been kidnapped and could not struggle.

After they got into the car, they let go of her mouth and she could speak again. She questioned sternly, "Zhang Baozhen, what exactly do you want?"

"Remove the vile spawn in your womb."

"I told you, this isn't Liang Hanwen's child. It's my own child!"

She wanted to say that the child was her and her fiancé's, but when she thought of her fiancé, she did not think it was necessary to bring him up.

Zhang Baozhen refused to believe her. "Mistresses are always shameless and ruthless. They become worse when they're pushed into a desperate situation. Do you think I'll believe you? The best solution for you is to abort the child."

"Let go of me! What you're doing is illegal!"

Zhang Baozhen was not afraid at all.

She was born into a rich family and had a lot of power. Needless to say, Liang Hanwen was even more powerful.

It was justified for her to forcefully abort a mistress' child. Even if the news got out, everyone would be pointing their fingers at Lv Shan and not her!

What did Lv Shan have? She just had Su Bei's protection.

With something like this happening, Su Bei would be dragged into the water as well. How could she protect her then?

The car soon arrived. Lv Shan's questioning turned into a bitter plea.

Tears streamed down her face. She begged them to let her child go, but it was useless.

Zhang Baozhen was unmoved. She got someone to bring Lv Shan to the hospital's operating theater.

She had already arranged for a doctor.

Lv Shan was unwilling and kept struggling. The doctor was obviously a little hesitant and said, "Mrs. Liang, a surgery like this requires the patient's signature or the signature of the patient's family member. If the patient doesn't consent, we have no right to perform the surgery."

"It's fine as long as I say so. Do whatever you want, I'll bear the responsibility!"

Zhang Baozhen said loudly.

She was already being merciful by not getting people to beat up Lv Shan till she miscarried!

The doctor was put in a difficult position. However, this was a private hospital that the Zhang family had invested in. All the doctors here relied on the Zhang family to make a living. Zhang Baozhen had absolute authority here.

Offending her would not end well for the doctor.

There was no choice. The doctor had to ask the nurses to start preparing.

Zhang Baozhen and her men pressed Lv Shan down to stop her from moving.

Lv Shan struggled desperately, but it was useless. The doctor wore a mask and brought out the anesthetics. He aimed the needle at Lv Shan and was about to inject her with it.

Su Bei had quickly driven to the hospital. Although she had called the police, they had yet to appear.

She could only rush in first.

Lu Heting's car arrived at the same time as Yue Ze's. The two of them followed suit.

Su Bei rushed toward the operating theater and saw that the doctor was about to inject something into Lv Shan while Zhang Baozhen stood at the side. There was no sympathy or benevolence on her face, only ridicule.

Zhang Baozhen had stepped forward and was staring at Lv Shan, personally overseeing the doctor injecting her with anesthetics.

Su Bei did not have time to think. She rushed forward and pushed the doctor away. She pushed Zhang Baozhen to the floor as well and gave her a slap. Then, she pulled the man holding Lv Shan away and helped her up.

Chapter 458: Who Dares To Lay A Hand On Su Bei?

Su Bei's series of actions were smooth and unhesitant. She managed to save Lv Shan. Zhang Baozhen covered her face and looked at Su Bei with hatred!

Lv Shan, who had just survived a calamity, grabbed Su Bei's hands while shaking. "Su Bei, leave quickly! Protect yourself!"

When Zhang Baozhen saw that Su Bei had barged in and how she even dared to hit her, she coldly snorted. She said, "Su Bei, do you really have to interfere in this matter?"

At that moment, Su Bei was dressed in simple sportswear. His beautiful long hair was tied up, and her face showed a rare heroic spirit. "I'll definitely deal with this matter!"

"Won't you think about your future?"

"Think about your own future first!" Su Bei had already called the police. Zhang Baozhen, who always relied on her power to bully others, had already reached her end.

"Capture Su Bei first and have Lv Shan undergo surgery as planned!" Zhang Baozhen ordered.

This time, not only was Lv Shan unable to escape but Su Bei too!

The group of people Zhang Baozhen brought approached Su Bei. All of them were muscular. Su Bei was only able to push them away earlier as they were unprepared.

Clearly, they were prepared now. Would Su Bei still have the strength to fight back?

At this moment, a serious voice sounded from the doors: "Who dares to lay a hand on Su Bei?"

The doors of the operating theater opened on both sides as Lu Heting strode over. Yue Ze followed closely behind him. Of course, this was not the way Yue Ze would have had it. It was only because Lu Heting's aura was too strong. Yue Ze inadvertently became his sidekick.

Zhang Baozhen looked at Lu Heting. The Zhang family did not have much interaction with the Lu family, so she naturally did not know who Lu Heting was.

However, when she saw this man, his aura was enough to envelop the entire place. His cold and arrogant eyebrows were raised high, and under his long eyelashes were a pair of eyes that were as black as obsidian. They carried a dangerous glint in them.

Those eagle-like eyes sent shivers down the spines of those who looked into them.

Lu Heting strode toward Su Bei and protected her in his arms.

Zhang Baozhen was about to fly into a rage when she heard a series of orderly footsteps outside.

It turned out that the police had arrived and were rushing in.

Yue Ze went up to talk to the police, while Zhang Baozhen and the others were taken away by them.

Lu Heting continued to hug Su Bei. Meanwhile, Yue Ze helped Lv Shan up.

Lu Heting sent a message to Lu Hang. "Tell Liang Hanwen to come and talk to me."

Previously, Liang Hanwen and Zhang Baozhen had only attacked Lv Shan, so Lu Heting did not interfere.

Now that it involved Su Bei, he could no longer tolerate it.

Looking down at her, Lu Heting held Su Bei's shoulders and said in a low voice, "Why are you so silly? Why didn't you wait for the police to come? What if you got hurt?"

"If I had appeared a second later, the doctor would've injected Sister Lv with anesthetics and she would have lost her baby," Su Bei said seriously, "It's not just because of Sister Lv. If anything were to happen to you, I would be the first to rush over as well."

Lu Heting hugged her. Although her words pleased him, he still said, "I'd rather you be safe than be the first one to charge in."

Lv Shan, who was at the side, said, "Sorry, it's all because of me..."

"Bad people do bad things. You have nothing to apologize for." Su Bei stopped her. "Sister Lv, leave this matter to the police for now."

Chapter 459: I Don't Need Your Approval

Lv Shan had lingering fears and was in a bad mood. She went to another hospital for a check-up and luckily, the doctor said that she and the child were fine.

Yue Ze did not expect Su Bei's husband to be so indomitable and dote on Su Bei so much. It was no wonder that Su Bei got married so early.

He said, "You guys go back first. I'll accompany Lv Shan home."

Lv Shan did not want the couple to have any problems because of her. "Yes, let Yue Ze accompany me. It's safer to have a man by my side."

Su Bei could only agree.

Lv Shan watched Su Bei and Lu Heting's car leave with grateful eyes. Indeed, if Su Bei had appeared a second too late, the doctor would have already injected the anesthetics into her body.

It was Su Bei who protected her child.

Yue Ze reached out to support her. Right then, Lv Shan felt dizzy and fell.

Yue Ze carried her up the stairs. He then learned that she had not eaten much today.

"Where's the kitchen?" Yue Ze asked.

Lv Shan pointed in a direction. Who would have thought that Yue Ze, who had always been a professional, could cook?

Yue Ze opened the fridge. It was empty except for a handful of noodles. From the looks of it, this house did not seem very lived-in.

"We're usually pretty busy people," Lv Shan said sheepishly.

"Mm." Yue Ze did not say anything else. He boiled some water to cook noodles.

Lu Heting accompanied Su Bei home and got out of the car. Su Bei closed the door and was about to enter the elevator.

Lu Heting pulled her into his embrace.

Su Bei did not move. In fact, at that critical moment just now, it was not that she did not have any concerns.

She was also afraid that something would happen to her. She still had Da Bao, Gun Gun, and Lu Heting to protect.

However, at the thought that it was her friend and an innocent baby, she could not calmly wait for the police to arrive. It was just like the time she and Da Bao had problems in the past. Many friends had also reached out to help her...

She could feel Lu Heting's heartbeat as he held her. She said in a low voice, "I won't do it again, don't worry."

"Okay." Lu Heting was finally satisfied. When she rushed over earlier, Lu Heting had been extremely worried. The feeling of loss had crept into his heart again, making his heart feel bleak and desolate.

He could not afford to lose her.

"But what I said just now is true. If you were in any danger, I would also charge over regardless of the danger."

"I disapprove of that."

"I don't need your approval." Su Bei harrumphed.

"Silly." Lu Heting patted her head.

He hugged Su Bei tightly. "Let's go home first."

Since she started being by his side, the word 'home' sounded exceptionally gentle in his mouth.

Lu Heting had to go back first because he still had Liang Hanwen's matter to deal with.

However, before Lu Hang could get Liang Hanwen to come over, Zhang Baozhen had already posted something online.

Her phone was not confiscated and Lv Shan was not seriously injured, so the police did not detain her. They only brought her back to the station to lecture her a little.

She posted on the internet and named Su Bei. "Everyone, I'm going to officially announce the name of my husband's mistress now. This mistress is very arrogant. Not only did she hook up with my husband but she even made use of my husband's resources to rise to fame.. Now, she has become an extremely popular model in the entertainment industry."

Chapter 460: The Mistress Shall Die

Just this Weibo post alone was enough to arouse people's interest.

Mistress, model, extremely popular?

Thinking about this description, everyone quickly thought of Su Bei.

At the moment, there were only a few super popular models who could tick off all the boxes!

Without waiting for everyone's guesses, Zhang Baozhen posted a second Weibo post: "The main reason why I'm so angry today is that not only did she shamelessly become a mistress, she even brought people to provoke me and beat me up. I just want to ask, is there no law in the entertainment industry? Mistress, do you still have any shame? Who gave you the courage? @Su Bei."

A picture of Su Bei hitting her.jpg.

Su Bei was the one who stopped her from aborting Lv Shan's child and she even gave her a tight slap on the face. Hence, Zhang Baozhen vented all her anger on Su Bei.

Using her status as a socialite, she was going to kill Su Bei's career in the modeling industry! Su Bei was going to be buried under everyone's criticisms!

The Weibo post that she posted before had already caused plenty of discussions. Everyone was discussing the identity of the mistress.

Now, Zhang Baozhen had actually announced her name and it was Su Bei. Like a denouncement, she completely ignited the flames of war. She even directly pushed the topic of # Main Wife Tearing Mistress Su Bei Apart # to the top of the trending topics list. There was a huge red 'Hot' word behind the hashtag, which showed the popularity of the topic.

“Oh my God! After guessing for so long who the mistress is, I didn’t expect it to be Su Bei! I really don’t understand this world?”

“It can’t be Su Bei! She has always worked hard and strived to do a good job. How could something like this happen? I don’t believe it!”

“I don’t want to hear it, I don’t want to hear it! I don’t want to see it, I don’t want to see it! Everyone, pay more attention to Su Bei’s runway show and strongly support it!”

“The commenter above, there truly are plenty of brainless fans. Is there any point in defending her at a time like this? The official wife has already spoken, so how can it be fake? Can’t you see that the official wife even has pictures to prove it? Just look at Su Bei! She’s so fierce and even brought people to beat Zhang Baozhen up. She’s really something. Does she think she gets a free pass to heaven?”

“No wonder Su Bei’s resources have always been so good. So it turns out she has someone like Liang Hanwen backing her up.”

“I agree with the commenter above. No wonder even Lu Weijian has to avoid arousing suspicion and call her Sister Beibei. The entertainment industry is really confusing.”

“Shippers of Lu Weijian and Su Bei, don’t cry. Please don’t let this news be real.”

“Shippers of Lu Bei and Su Bei are heartbroken. We beg Su Bei to quickly refute the rumors.”

“Go to hell! Go to hell! Go to hell! Go to hell! Go to hell!”

“Previous poster, you’ve gone too far. How can you say that to such an arrogant mistress? You should let her... die without a proper burial!”

Since Zhang Baozhen had already posted the statement and was openly targeting Su Bei, Lu Heting could not be bothered to meet Liang Hanwen anymore.

He sent a message to Lu Hang: “Tell Liang Hanwen to get lost.”

Lu Hang had already met up with Liang Hanwen, but when he received the new message from Lu Heting, he said to Liang Hanwen, “Mr. Lu won’t be seeing you anymore.”

“Mr. Lu doesn’t want to see me anymore?” Liang Hanwen was very disappointed even though he did not know why Mr. Lu wanted to see him in the first place.

However, who would not want to build connections with the mysterious and cold Mr. Lu of Lu Group?
