

Chapter 611: Your Grandfather

At this point, nothing was more important than keeping her warm.

Su Bei let him dress her up until she looked like a bear. Then, she went downstairs happily.

With her husband pampering her, it was a blessing to be dressed like a bear.

When she reached the cafe, Su Bei chose a seat and sat down. She took off her jacket and ordered a cup of coffee for herself.

After a while, a hale and hearty old man appeared in the cafe. Su Bei recognized him. "Grandpa, you're here too? What a coincidence!"

"Yes, I came here specifically to see you." Old Master Tang smiled and sat down.

Su Bei then realized that he was the old man on the phone and the person who helped her out yesterday.

"Please take a seat. Thank you so much for helping me yesterday."

Old Master Tang looked at Su Bei in front of him and showed a trace of affection. This woman in front of him was not even two years old when she left home. In the blink of an eye, she was already slender and elegant.

Su Bei noticed the abnormality in his eyes and looked at him. "Grandpa, is there anything else you want from me?"

"Su Bei..." Old Master Tang took out two photos and placed them in front of her.

Su Bei took them suspiciously and looked at them. One photo was of a child being carried by an unfamiliar woman. The other was of the child being carried by her adoptive mother, Chen Xiuzhu. At that time, Chen Xiuzhu must have adopted her not long after the first photo was taken, so the child looked very similar.

Su Bei recognized the photo. It was the photo Lu Heting had shown her before. He told her that she was a child from the Tang family.

Hence, Su Bei had a trace of doubt on her face.

Old Master Tang gently nodded. "Su Bei, my surname is Tang. I'm your grandfather."

Although she already knew that she was a member of the Tang family, Su Bei had never really understood the Tang family's structure and family situation. When Old Master Tang suddenly came over to announce his identity, Su Bei revealed a trace of surprise and was even more confused.

After a while, she finally came to her senses and accepted the fact that Old Master Tang was her grandfather.

"Su Bei, we've let you down. We made you lose your home at such a young age. If it weren't for the conflict between you and the Su family, we wouldn't have been able to confirm your identity. However,

after seeing that photo and confirming the information from the orphanage you were adopted from, we can confirm that you're the child the Tang family lost." Old Master Tang felt especially guilty as he looked at Su Bei. Tears immediately welled up in his turbid eyes.

Su Bei's heart was also surging with emotions. However, because of Tang Yue's existence and what she had almost done to her, Su Bei could not open her heart to the Tang Family in the meantime.

She had always wanted to be close to her family but was afraid of being hurt...

Old Master Tang placed his aged hand on the back of Su Bei's hand. "Child, come home. Your parents and I miss you very much."

"I..." Su Bei hesitated.

Ever since Old Master Tang met Su Bei, he had a better understanding of her and knew that she wasn't the person Tang Yue had described.

However, Old Master Tang thought that there was a misunderstanding between Tang Yue and Su Bei, which resulted in their animosity.

In order to prevent the two sisters from having more conflicts in the future, Old Master Tang did not mention what Tang Yue had told the Tang Family.

Even so, he could understand Su Bei's concerns.

Chapter 612: Just A Small Misunderstanding

"I know you don't want to go home yet, I can understand that. But, my child, we're your family who gave birth to you. All of us have been working hard to find you, and we've never given up even after so many years. No matter what, everyone loves you very much," Old Master Tang said sincerely as tears rolled down his face. He smiled, saying, "Thinking back to the time when I hugged you, you were still so young..."

The old man's emotions influenced Su Bei and she whispered, "Grandpa, don't be sad."

"I'm very happy. I'm not sad." Old Master Tang smiled. "What is there to be unhappy about?"

Su Bei smiled.

Su Bei's emotions did not calm down even when she returned to her room after bidding Old Master Tang farewell.

Lu Heting watched her reunite with Old Master Tang from downstairs until she went upstairs.

Knowing that Su Bei was not in high spirits, Lu Heting gave her a warm hug to reassure her.

...

After filming ended, Lu Heting brought Su Bei back to the capital.

Tang Yue also knew that Old Master Tang had secretly met Su Bei.

She secretly clenched her fists. Old Master Tang was really biased. He actually went to the filming location to support Su Bei.

She sat at home with Tang Jianming and Lin Shulian, waiting for Old Master Tang to bring Su Bei home.

Over the past few days, Tang Jianming had even cleared out an empty room on the second floor. He cleaned it up, renovated it, bought some furniture, and waited for Su Bei to return home.

Even though Tang Yue was unhappy, she still helped to prepare for her sister's return.

She heard the sound of a car coming from outside the door downstairs.

Tang Jianming and Lin Shulian stood up together and looked outside.

Lin Shulian said to the servant, "Quickly open the door! Old Master has brought Su Bei back."

The servant quickly opened the door. After a while, Old Master Tang's footsteps sounded outside. When he appeared, he saw three heads looking at him. He asked, "What are you doing?"

"Where's Su Bei?" Lin Shulian quickly asked.

"That's right, Grandfather. Didn't you go to see Su Bei this time? Why didn't you bring her back? Dad, Mom, and I miss her a lot. I thought she would accompany you home this time."

"That child still has her own matters to attend to and won't be back anytime soon." After saying that, Grandfather Tang looked deeply at Tang Yue, hoping that the hostility between her and Su Bei was just a small misunderstanding.

Tang Jianming and Lin Shulian were obviously disappointed. "When can we meet her?"

"Let's wait until this is over. Don't worry about this matter for now. Let me handle it," Old Master Tang said. "That child is obedient and kind, but she has suffered a lot in the Su family. I hope that when she comes back, she can feel the warmth of a real home."

Tang Yue nodded and said, "Grandfather is right. Su Bei suffered too much in the past. We must give her more time and not rush things. I believe that Su Bei will realize our love and care for her."

Old Master Tang looked at Tang Yue and nodded. He was even more convinced that the previous incident was a misunderstanding. Tang Yue also hoped that Su Bei would come back.

After all, who in this family didn't want Su Bei to come back as soon as possible?

Chapter 613: What A Piece Of Trash

After Su Bei returned, Beauty Magazine posted her cover photo online.

The series of photos received a lot of praise, causing many people to shout that their hard drive was insufficient and there was no way for them to save the photos.

Jian Ping did not expect Su Bei's filming to go so smoothly.

Tang Yue didn't do anything, and Huang Zhixian didn't do anything either?

She immediately called Huang Zhixian, but when he saw her number, he immediately blocked it and didn't dare to pick up her call.

Huang Zhixian felt that his job was more important than a distant cousin who did not have much interaction with him. She was only concerned about money.

If his reputation in the industry was ruined, Jian Ping would not be able to survive.

He was not afraid of Old Master Tang, who made things difficult for him on the spot. Instead, he was afraid of the leader of Lu Corporation who had arranged for his bodyguards to pass the message!

His bad behavior had already attracted the attention of such a big shot, so how could he dare to continue being arrogant?

If he didn't behave himself now and offended Lu Corporation, it wouldn't be a small matter.

"Why didn't you answer my call?" Jian Ping was furious. "You took my money but didn't do anything?"

Before long, she received a sum of money in her bank account. It was the sum she had given Huang Zhixian previously.

In other words, Huang Zhixian had returned the money to her.

"What a piece of trash!" Jian Ping said angrily.

She had been working in Sheng Tang for so long, but this was the first time nothing was working out for her. Hao Jiali was about to rise to a higher level but before that could happen, she was suppressed by Su Bei.

Hao Jiali said in a low voice, "Sister Ping, our contract is about to expire. Why don't we..."

These words were exactly what Jian Ping wanted to hear. She had chosen to work with Tang Yue, but Tang Yue was not doing anything to make things difficult for Su Bei. At this point in time, she could no longer turn around and pledge her loyalty to Tang Xinru. The only way was to find another high branch.

...

Lu Corporation.

A package was delivered to the top floor of the company. The recipient's name was Lu Hang.

There were about 20 senior assistants in the assistant's office, all of whom were working with Lu Hang. Naturally, they were all working for Lu Heting.

It was just that Lu Hang was the only person who frequently appeared beside Lu Heting.

A junior assistant ran over and shouted, "Assistant Lu, here's your package. Do you want me to bring it over for you, or do you want me to help you put it away first?"

"Let's open it and share." Lu Hang remembered that his mother had called him a few days ago and said that she had sent him a bunch of food. She told him to save it for when he was hungry so that he would not starve. Therefore, his tone when he spoke was rather nonchalant.

He was already so old, yet his mother still treated him like a child.

Moreover, there were all sorts of snacks in the pantry of Lu Corporation. No one had the chance to starve themselves.

Hence, he would usually share the food that his mother sent him with everyone.

Lu Hang laughed.

However, just as the corners of his lips were raised, he suddenly remembered that Mr. Lu had asked him to help collect a package. It was under his name...

Lu Hang was shocked and ran toward the assistant's office. "Don't open it, don't open it! This belongs to Mr. Lu!"

When the assistant with the utility knife heard this, she was so frightened that he hurriedly put down the knife. "I... I've already made a cut..."

She was too fast with her actions.. When she heard Lu Hang's words, it was already too late.

Chapter 614: Such A Big Secret

She was so frightened that the knife clattered to the floor.

The package fell to the floor and something inside abruptly fell out of it.

The others also kept quiet out of fear because Lu Hang was the only one who could handle Mr. Lu's things.

Especially these personal items.

Everyone's gaze fell on Lu Hang's face, then collectively shifted to the assistant before to the thing that had fallen out of the package.

Then, everyone's gaze changed. It was hard to describe the look in their eyes...

The thing that came out of the box was... a photo of Lu Bei...

Lu Bei wasn't considered popular because apart from shooting a commercial for a game under Lu Corporation, he didn't have any other works. He didn't even have a proper debut and was not popular anymore.

However, as assistants, they still had some impression of Lu Bei who filmed Lu Weijian's commercial.

Lu Bei's autographed photo... In the package, one could roughly see a doll of Lu Bei in the corner.

Cough, cough, cough. Mr. Lu was a fan of celebrities? And this male celebrity in particular?

Suddenly, everyone seemed to have discovered something incredible. They quickly shifted their gazes elsewhere and pretended not to have seen anything.

The assistant who opened the package's eyes lit up when she saw what was inside. Mr. Lu and Lu Bei looked quite compatible!

Mr. Lu was cold and serious while Lu Bei was young and ambitious. She really liked this kind of pairing! “Forget it, it’s all my fault.” Lu Hang saw that things had come to this and didn’t blame the assistant. After all, he was the one who asked them to open the package.

The assistant finally came back to her senses. Why was she being a shipper here? She was the one who made the mistake! She was dumbfounded. “Executive Assistant Lu, will Mr. Lu... fire me?”

She actually exposed Mr. Lu’s big secret in front of everyone. She deserved to die!

The assistant lowered her head, heartbroken.

“I’ve already said that it’s my fault. Continue with your work!” Lu Hang took a few steps forward and quickly put the things away. “Pretend you didn’t see anything!”

Everyone nodded in understanding.

However, when Lu Hang walked out, everyone had indescribable expressions on their faces.

What was going on? Did Mr. Lu like men?

Lu Hang carried the things and walked out. He was a little worried. Mr. Lu asked him to help with the delivery that would be under his name, but the package was actually full of Lu Bei’s things!

Then, was Su Bei’s existence as Young Madam fake?

Lu Hang carried a bunch of things in. “Mr. Lu, your things are here. I opened the package myself.”

“Put it down,” said Lu Heting.

The only package he was expecting to receive that was under Lu Hang’s name was the package Su Bei sent out the night she won the award.

To be picked by Su Bei among the millions of people who voted was more important than the gift itself.

Lu Heting opened it. There was really a lot of stuff inside, except for Su Bei’s card. She had already privately given him the one with the lipstick mark, while this was just a spare card.

There were also Lu Bei’s autographed photos and dolls as well as a bunch of similar things.

Lu Heting frowned slightly. He looked through everything to find something of Su Bei but it was only that card.

The rest were all related to Lu Bei.

Chapter 615: No Merit, No Reward

Lu Heting thought of something and smiled indulgently.

Su Bei must have done a lot of homework. She realized that he had only posted Lu Bei’s photos on Weibo and thought that the artist he liked was Lu Bei. She thought he only happened to vote for her, so she got someone to prepare a bunch of Lu Bei’s merchandise for her.

No matter what she did, she was always serious. She treated her fans even more sincerely, and the gifts from the lottery were not simply given.

When Lu Hang saw Lu Heting's dotting smile, he was stunned. Mr. Lu was smiling at a bunch of photos of Lu Bei. He seemed to be... satisfied and cherished these things?

"There's nothing else for you to do. Go busy yourself with other matters," Lu Heting said casually. He stood up and picked up the doll of Lu Bei. He placed it on the bookshelf and repeatedly searched for a good position and angle. He only stopped when it was placed perfectly.

Lu Hang retreated as he watched, knocking his head against the office door.

Lu Heting looked back at him unhappily.

Lu Hang fled in fright.

What happened to Mr. Lu?

...

Tang Yue arranged to meet Su Bei.

When she saw Su Bei in the high-class cafe, she took out a bank card and pushed it over. "This is for you."

"No merit, no reward. I don't seem to have any business dealings with you recently?" Su Bei gently pushed the card back.

"Su Bei, you know now that you're my sister. It's only right for an older sister to take care of her younger sister. You deserve it."

Su Bei slightly curled her lips and elegantly picked up her cup of coffee. She smiled and said, "Then there's no need."

She knew all too well that Tang Yue was only giving her this sum of money to make up for the mistake she had almost made and to make her family think that she was a good sister.

Su Bei was not familiar with this kind of family rivalry, but she had been taught this lesson by Su Huixian previously. If she still did not understand at this point, wouldn't she have long been suppressed by Tang Yue?

"This is the family's way of making it up to you. Su Bei, Dad, Mom, and I did nothing wrong when you got lost. Accept the money and move back. Don't take it to heart anymore." Tang Yue's tone was very forceful. She was used to being the daughter of the Tang family and her parents' only precious daughter. How could she not be domineering?

Su Bei was well aware that she was asking her to move back only because it would be easier for Tang Yue to make a move against her.

Su Bei did not really understand Tang Yue, nor did she know how much kindness and malice the Tang family had toward her. However, she could clearly feel the malice coming from Tang Yue... Even though Tang Yue's words and actions seemed to be for her own good.

“I know you guys are right. This has nothing to do with right or wrong. Just like how I won’t move back, it has nothing to do with right or wrong. Tang Yue, please tell your family that I won’t move back. I have my own life. I’m really... really sorry about it.” Su Bei’s apology was for her elders, not Tang Yue.

Besides, she already had a small family of her own. Her husband and children needed her protection.

With Lu Heting’s profession and job, how could she not be picked on when she returned to the Tang family? How much love could Da Bao and Gun Gun get from them?

She would not forsake the interests of her family just because she wanted to gain the love of her parents.

Chapter 616: Forcing Him To Panic

Su Bei then took out some money and placed it under her coffee cup before turning to leave.

She would not even let Tang Yue treat her to a cup of coffee.

This was her principle and also her way of protecting herself and her family.

Tang Yue furrowed her brows. Su Bei was clearly much tougher than she had expected. Neither soft nor hard tactics worked on her.

This was obviously not going according to Tang Yue’s plan.

She quickly paid and followed Su Bei, wanting to see where she was staying and who she was with. Sheng Tang would arrange a special apartment for every artist, but Su Bei never stayed there.

Could it be that Su Bei had someone powerful backing her up?

Tang Yue followed Su Bei’s car until her car drove into a very ordinary neighborhood. The houses in this neighborhood looked like they cost only a few million yuan per house. It was a number that a rich young lady like Tang Yue would not take seriously.

Tang Yue followed Su Bei’s car into the neighborhood.

However, just as she reached the security booth, she was stopped by the security guards. The entire property was under Lu Heting. Although the security guards were also fulfilling their duties as workers of the property, they were basically at the service of Su Bei.

An unregistered car like Tang Yue’s would naturally be unable to enter casually.

“Why are you stopping me? I’m a guest!”

“May I ask what building, what floor, and what unit number you’re visiting as well as whose guest you are?” The security guard did not show any mercy.

“Su Bei!” Tang Yue only knew her name but did not know where she lived.

“Which building is it?” The security guard was very serious.

“I’m telling you, I’m Su Bei’s friend. If you don’t let me in, I’ll complain about you!”

“Which building is it?” The security guard was as strict as a robot. He ignored Tang Yue’s clamor and repeated the question.

Tang Yue did not expect such strict security measures in such an ordinary neighborhood. She turned around angrily and left.

Since Su Bei lived in such a small district, she probably did not have a strong backing. Otherwise, she would have already moved to a villa.

...

Su Bei returned home and began to pack her luggage.

When Lu Heting reached home, he saw that the woman had already packed a large suitcase. His heart tightened.

Even though he knew that she would never move back to the Tang family and would never leave him and Da Bao, he knew that Tang Yue had looked for her today. The fear of losing her still made him panic.

After Su Bei was done packing, she turned around and bumped into Lu Heting, which gave her a shock.

“Woah, when did you come back? You scared me to death!” Su Bei held her thumping heart. Seeing the man’s gloomy expression, her voice softened. “What’s wrong? What happened?”

“I’m afraid that you’re leaving.” Lu Heting pulled her into his embrace. He only felt at ease when he felt her warmth.

Su Bei hugged his waist. “I’m not. I’m just going overseas for ten days. I’m going to work. How would I leave you and our cute sons?”

“Yeah.”

Su Bei could not help but laugh. This man was too insecure, wasn’t he? She knew that it was her job that put him under so much pressure. She felt apologetic. “I’ll be back as soon as I’m done. Also, I’m bringing Da Bao along because Feng Ze is injured and he wants to see Da Bao...”

About Da Bao, she was indeed feeling really sorry.

Chapter 617: Be More Steady

However, Da Bao and Feng Ze shared a deep relationship. Besides, Feng Ze was seriously injured now. Su Bei could not selfishly stop them from meeting.

Lu Heting understood and agreed.

However, when he thought of how she had disappeared without a word five years ago, he felt a sense of loss that he could not get rid of.

She was even choosing to leave with Da Bao this time...

It was as if he had returned to the time when she did not care about him at all.

“Then, shall I bring you along?” Su Bei probed. The gloomy look on the man made her reluctant and made her heart ache.

However, she regretted her words immediately. Lu Heting had already taken a long leave for her before this. This trip to Europe would last ten days!

Unexpectedly, the moment she asked that, Lu Heting replied firmly, “Okay.”

His expression was relaxed, and it was as if the sun had cleared away the haze on his face.

“...” Su Bei had never seen a man change his attitude faster than a child.

He was almost 30 years old. ‘Lu Heting, be more mature.’

Su Bei pushed the suitcase to him. “Then go and pack.”

“Okay.” Lu Heting immediately went to pack up his luggage, his mood lifted.

“If we leave all of a sudden, what about Gun Gun? I really can’t bear to leave him alone.” When Su Bei thought of Gun Gun’s lonely face, she couldn’t help feeling sad for a while.

“We’ll send him to the old residence,” said Lu Heting.

It was because Old Master Lu and Old Madam Lu had long wanted to see Gun Gun. If Lu Heting didn’t send Gun Gun over, they might personally come over to snatch him away, so this time, he could only arrange it this way.

Actually, Old Master Lu and Old Madam Lu were equally eager to see Da Bao. However, they had never seen Da Bao before, so their feelings for Gun Gun were deeper because they had interacted with him before.

Su Bei could only go along with this arrangement. After all, Gun Gun was not her biological child. Even if she wanted to bring Gun Gun Gun overseas with her, she could not force Mrs. Lu to disagree.

...

Su Bei went overseas this time to go to four different places to participate in the interviews for Fashion Week.

The four most famous fashion shows in the world were in New York, Paris, London, and Milan.

Every year, in February and March, it was the autumn and winter fashion weeks. In September and October, it was the spring and summer fashion weeks.

Su Bei did not participate in the spring and summer fashion weeks because of her illness. This time, she naturally would not give up on the autumn and winter fashion weeks.

The four major fashion weeks always produced fashion icons. Every year, there would be famous brands attending fashion week and various fashion buyers. Celebrities of all levels would also attend the fashion shows. This was the world’s top fashion show venue, and it was also the highest level show venue for every supermodel.

Therefore, Su Bei took this opportunity very seriously to improve herself.

Hence, she was fully prepared for the interviews.

Lu Heting and Da Bao were accompanying her this time, so she did not go with Yue Ze and Xiao Bai. She also did not want Da Bao to be photographed as it would disrupt his normal life.

For these fashion week interviews, all the famous supermodels—both local and overseas—were mobilized and headed to the four places together. The media was also doing a lot of publicity and reporting.

Chapter 618: The Ability To Pacify

Su Bei and Lu Heting brought Da Bao to America. Feng Feifei and Gu Xifeng had already arrived.

Feng Feifei was waiting anxiously, staring at the exit without blinking.

“My darling Da Bao!” Seeing Da Bao’s familiar figure, Feng Feifei flew over and measured his height. “You’ve grown taller! Not bad, Lu Heting has raised you well!”

Feng Feifei was quite satisfied with Lu Heting.

Su Bei asked, “Is Boss seriously injured? What’s the situation?”

“Same old!” Feng Feifei shrugged, obviously more interested in Da Bao than Feng Ze. “I’ll take Da Bao away, then.”

Su Bei could not bear to part with him. Although Da Bao had been with them every day when she was busy with work, that was different then. At that time, she was still by their side, so she wasn’t completely separated from Da Bao.

Now that Da Bao was going to leave her side and stay with them for a period of time, no matter how she thought about it, she felt a little reluctant.

“Su Bei, it’s not the first time we’re taking care of Da Bao. Don’t worry.” Feng Feifei wanted to carry Da Bao, but he avoided her.

Su Bei squatted down and lowered her head to tell Da Bao what to take note of.

Da Bao patted her shoulder gently. “I’ll accompany Godfather for now. I’ll be back soon. It’ll be fine. Don’t worry.”

With him saying that, Su Bei had no choice but to let him go. He had a deep relationship with Feng Ze since he was young. It was a pity that it was Feng Ze. Otherwise, Su Bei could have stayed with him for a few days.

Feng Feifei, Gu Xifeng, and Da Bao then left. Su Bei reluctantly retracted her gaze.

Lu Heting was rather confident in Da Bao’s ability to take care of himself. “Don’t worry, Da Bao will take good care of himself.”

“Doesn’t your heart ache?” Su Bei asked, unwilling to part.

“When I was his age, I had to take care of myself too. He’s our son, so he’ll do better than me.”

When he was comforting her, he also complimented their son. This man's ability to pacify her was top-notch.

Su Bei held his hand. "Let's go, then. I should prepare for the interviews."

After Su Bei met up with Yue Ze and Xiao Bai, they started the interviews for the four fashion shows.

During the interviews, there were familiar faces everywhere. People like Su Huixian and Hao Jiali could be seen everywhere.

Every supermodel in S Country was looking forward to boosting their own reputation during international fashion shows.

Ten days later, Su Bei had collected four invitations.

In other words, she had obtained all the rights to appear in the four fashion shows. She basically won the grand slam.

She would be busy in a month.

She was also the only person in S Country who managed to book all four shows.

Other models from S Country were also qualified to go on stage, but it was only one show at most.

The show in Milan that Hao Jiali got was the one that Tang Yue got after putting in much effort.

If one did not compare her to Su Bei, Hao Jiali getting this show was very impressive.

This was because Milan Fashion Week was the most prestigious among the four fashion weeks, and it was also the head of the four fashion weeks. It was a rare opportunity to be able to take the stage here.

However, with Su Bei as a comparison, the announcement for Hao Jiali's achievements this time wasn't easy to draft out. No matter how it was written, it would only increase Su Bei's popularity.

Hao Jiali and Jian Ping were extremely dissatisfied, thinking that Tang Yue was not serious enough in helping them.

Chapter 619: Su Bei Is At The Top

If Tang Yue knew what they were thinking, she would probably vomit blood.

If Hao Jiali really had the ability, she should be like Su Bei and go for the interviews herself. She could use her abilities and stage presence to win over the judges. She would not need to have her manager and company get the invitations to the four fashion shows for her.

However, Hao Jiali didn't think so. She felt that Tang Xinru adored Su Bei too much, which was why Su Bei was above her.

They came back to the country before Su Bei did. After they went back, they directly contacted people from Xingtian Entertainment to discuss the matter of jumping ship. Hao Jiali and Jian Ping went together.

Although Hao Jiali wasn't as famous as Su Bei, she still had a certain degree of fame. In addition, she had been invited to Milan Fashion Week, so Xingtian Entertainment had high hopes for her.

Jian Ping and Hao Jiali met Zhao Xingtian, the general manager of Xiantian Entertainment privately.

Zhao Xingtian was about 40 years old. He wasn't considered old, but he maintained his appearance very well. He looked to be in his early 30s. As soon as they met, he asked for three bottles of red wine and said, "Let's have a few drinks together. Once we're done, things will be easier to discuss."

There was a knowing light in his eyes.

Even though she knew that he already had a wife and a son, Jian Ping still touched Hao Jiali's arm and said, "Jiali, have a drink with President Zhao. It's rare for President Zhao to be so happy."

Although Hao Jiali was a little unwilling, with Su Bei stepping on her head and quickly ascending the ranks, she no longer had a chance to gain a foothold in Sheng Tang. She felt indignant about it.

She was slightly older than Su Bei. Su Bei was now one of the top ten models and would appear in the four biggest fashion shows. If she couldn't grab a better opportunity for herself now, then everything would have been for naught.

Who knew if Su Bei had slept with some old man? Weren't there still rumors that an old man had once helped Su Bei out?

At least the man in front of her now did not look that old. He could actually be considered quite young. It was not a loss for her.

Thinking of that, Hao Jiali picked up a glass of red wine and smiled. "Mr. Zhao, let me give you a toast!"

Zhao Xingtian clinked glasses with her and held her hand.

Seeing that, Jian Ping smiled and said, "I'm going to see if the dishes are ready. Why are they taking so long today?"

She left, knowing that Hao Jiali and Zhao Xingtian had succeeded.

Xingtian Entertainment's top model, who enjoyed popularity for a long time, had already retired and went to America to start a fashion business. There were no other models that could fight for the top position.

If Hao Jiali could gain Xingtian Entertainment's support, she would soon become the top artist of Xingtian Entertainment.

Defeating Su Bei would be nothing difficult then.

Hao Jiali happened to be pleasing Zhao Xingtian. Meanwhile, Jian Ping wouldn't be idle either. She secretly found a marketing account to release a statement that would harm Su Bei.

[Su Bei only got invited to the four fashion weeks all because of her main sponsor!

[Robbing resources and working carelessly. Su Bei doesn't care at all! It's good to have an old man to support you!

[You're lazy and earn fast money, but you can still get good resources? Is it because of the power of capital or is everyone blind?]

With these few statements, Su Bei was said to be lacking in ability and did not put much effort into her work.. Most of the good resources were gotten for her by her backer, who was an old man.

Chapter 620: Like Child's Play

Even when they were about to leave the company, Jian Ping and Hao Jiali couldn't help but step on Su Bei.

This made Hao Jiali seem very rare and valuable. It was not easy for her to qualify for Milan Fashion Week.

After the statement was released, it would naturally arouse everyone's speculation and doubts.

Those who supported Su Bei would feel that it was nothing out of the ordinary for her to be able to book the four fashion shows.

[It's only right for Su Bei to get such good resources. Who doesn't love her long legs and her strength?]

[There's nothing wrong with it. She deserves it. It's their honor to have Su Bei walk the runway in the four fashion weeks.]

[Many thanks to these marketing accounts for promoting the news. To be honest, without you guys, we wouldn't have known that Su Bei, who keeps a low profile, has already received invitations to the four fashion shows. Thank you for your publicity!]

[When did Su Bei's resources not come from her own hard work?]

The people who were against her naturally had their opinions too. Jian Ping even hired some trolls on the internet, so they naturally voiced out their doubts about Su Bei.

[That's true but Su Bei's recent resources are too good. It hasn't been long since she debuted. Can she really be so good?]

[That's right. It's like child's play for her. She quits whenever she wants and comes back whenever she wants. She's so willful yet she was still chosen. Aren't you brands afraid that she'll stand you up?]

[I heard that the New Year's cover for Beauty Magazine was originally Hao Jiali's, but Su Bei snatched it as soon as she came back. Tsk tsk tsk, what's going on behind the scenes?]

[Disgusting. Old men and whatnot. Just thinking about it makes me feel uncomfortable. To think that Su Bei can still sleep at night.]

At this moment, Su Bei had yet to settle some matters because she had received the invitations to participate in the four fashion weeks. She was still in America, unlike Hao Jiali and the rest who had already rushed back home after knowing that there was no hope.

Therefore, Su Bei did not pay much attention to the rumors in the country.

When Yue Ze saw the news, he frowned slightly. He did not expect that someone with ulterior motives to be so eager to smear Su Bei before she returned.

Indeed, in less than a year, the speed of Su Bei's growth was too fast and dazzling, blocking many people's paths. There must be many who disliked Su Bei.

Therefore, this kind of news would spread very quickly. This kind of dirt would give her competitors additional perks and benefits.

Su Bei was on the phone with Da Bao. "Da Bao, we're going home soon. Are you ready? Lu Heting and I will pick you up."

"Xiao Bei, can I stay here for a few more days?"

Su Bei quickly glanced at Lu Heting. She was reluctant to let Da Bao stay apart from them any longer, and she also didn't know what Lu Heting thought.

After all, Da Bao was with Feng Ze...

Lu Heting saw Su Bei's expression and knew what Da Bao had said.

He narrowed his eyes slightly. He understood who Da Bao prioritized in his heart.

To Da Bao, his existence could never compare to that man...

However, Su Bei was already by his side. Would Da Bao still be far away from him?

Lu Heting nodded at Su Bei, indicating that he agreed to Da Bao's request.. His cold brows relaxed slightly.
