

Chapter 661: A Fierce Slap In The Face

Qin Yue bowed slightly to Old Master Tang. "Thank you, Old Master, for your appreciation of my two works."

"What?" Old Master Tang looked at him. "You mean the calligraphy piece Su Bei gave me is also your work?"

Qin Yue nodded his head. "That's right. The calligraphy that Su Bei chose was a clumsy work of mine from a few years ago. Back then, my brush wasn't sharp and I was a little regretful about it, so I stopped writing after pondering it. Therefore, my signature and stamp aren't on that piece. However, it's indeed my work. I didn't want to leave any regrets, so I helped Su Bei finish the remaining half to fulfill her filial piety."

His words could not be clearer. He really came for Su Bei!

Despite Tang Yue's sincere invitation, the fact that he personally came to write Old Master Tang birthday wishes was only because he wanted to help Su Bei complete the work. It was not because of anything else.

Tang Yue's expression darkened.

"This..." Old Master Tang was a little surprised. He did not expect this to be the reason. "Do you know Su Bei from before this?"

"I can't say that I know her. I've only met her once." Qin Yue was a gentleman. He was noble and arrogant like an ancient scholar. He was honest and direct. "When I saw Su Bei choosing my work from my early years in the shop, she gave a very positive evaluation of my work. That's why I spoke to her for a while. Because I remember that Su Bei bought this piece of calligraphy as a gift to an elder, I thought that it would be more perfect if I wrote the next half of the wish. That's why I came here personally. I'm grateful that you like it."

He spoke neither too fast nor too slow. His tone and voice were pleasant to the ears.

Only then did everyone know that Su Bei had chosen that piece to give to the old man after careful selection.

It turned out that Su Bei had a keen eye on this sort of thing. That was why she managed to choose such a piece of calligraphy, and it was even Qin Yue's early work. This was something that could only be done with great taste and a pair of keen eyes!

If it were anyone else, even if they thought that it looked like Qin Yue's work, they would easily lose their judgment if there was no signature or stamp. They would rather choose works that came with a signature.

Only Su Bei, who was meticulous, would have chosen such a work. It was thanks to her that the work wasn't covered in dust.

Qin Yue's early works were probably much more valuable now. The value was much higher!

Those who felt that Su Bei had limited talents and a lacking character as she was raised outside the Tang family, those who thought that her cultural knowledge was too low as she was in the entertainment industry, and those who found her vulgar were all given a fierce slap in the face at this moment!

Su Bei was also very surprised. She smiled and said, "I really didn't expect that the calligraphy I got back then would be your work. I'm sorry, I really have to thank you for letting me have it."

"It's fine." Qin Yue smiled.

Su Huixian could not help but feel vexed and regretful. She had clearly seen Qin Yue in the calligraphy shop. Because of his outstanding looks, she had even taken a few more glances at him. However, because of his plain clothes, she and Liao Xintong both revealed looks of disdain and did not take another look at him. Instead, it was Su Bei who kept chatting with him.

Su Bei's luck was really good.. Just like that, she accidentally met a man with such status.

Chapter 662: Too Late

Su Huixian thought angrily, 'It can be seen that it's useful for a sl*t to hook up with more men. There will always be one who can be used at critical moments. However, people like me who care about our dignity can't go around acting like her.'

Old Master Tang patted the back of Su Bei's hand. He doted this little granddaughter even more. His love for her was beyond words.

Everyone secretly nodded their heads. Su Bei was indeed worthy of being the little princess of the Tang family. It was no wonder that Old Master Tang doted on her so much.

Tang Yue's expression was a little ugly. She had put in so much effort just to benefit Su Bei and let her enjoy the glory!

Old Master Tang said to Qin Yue, "Sir, today is my birthday banquet. Why don't you stay and celebrate with everyone?"

"Thank you for your kindness, Old Master. However, I still have some matters to attend to, so I can't stay any longer. Please forgive me for taking my leave first," Qin Yue spoke gently, but it suited his status very well.

Old Master Tang understood that people like Qin Yue didn't like being pestered by the mundane world, so it was natural that he didn't want to stay.

He smiled and said, "Then I'll send you off. Please."

Then, he walked out with Qin Yue.

Qin Yue lightly nodded at Su Bei before walking out, leaving everyone with a clear view of his back.

Everyone only felt that Qin Yue came and went without a single ripple, just like a cool breeze blowing across their faces. They could feel his existence, and by the time they reacted, he was already far away. He was truly an otherworldly man. There seemed to be a natural barrier between him and everyone else.

After Qin Yue left, Old Master Tang returned with a smile. "It's my birthday today. The banquet will begin now. Please enjoy yourselves."

The butler, servants, and waiters who came to help at the last minute invited everyone to take their seats.

In the crowd, a few young men had their eyes on Su Bei.

She was good-looking to begin with, and after what happened just now, it was even more obvious that she had hidden talents. This was enough to convince many people.

Even Du Luo did not look away from Su Bei for a long time. He remembered that Su Bei had practiced calligraphy before, but because he was not interested, he never asked much.

Now, it seemed like it was too late...

The young man sitting next to Du Luo was Du Jinghao, Du Luo's cousin and Du Guoshou's son.

This time, Du Guoshou had brought his family back. Compared to Du Luo, the son he brought back was more elegant, good-looking, and had a closer relationship with the Tang family.

All night, his gaze never left Su Bei.

At this moment, he stood up, picked up a glass of red wine, and walked toward Old Master Tang's table.

At this moment, Old Master Tang was surrounded by a few of his grandchildren.

Du Jinghao stepped forward and said respectfully, "Grandpa Tang, I wish you a long life."

"It's Jinghao!" Old Master Tang smiled. "Thank you. I'll drink this glass of wine. Remember to invite me to your wedding next time!"

Du Guoshou stood up and said with a smile, "Old Master, you must be joking. My son has always been busy with work and is not in a relationship now. How could there be a wedding banquet? I was just thinking of having you introduce someone to him."

"Ah, look at my memory. I'm really old.. I remembered it wrongly. I didn't expect Jinghao to not be in a relationship yet..."

Chapter 663: Beautiful As A Chinese Painting

Old Master Tang sighed. "Young people these days like to be free, unlike our generation. Look at all my grandchildren. They're all busy with work and are unwilling to think about their own lives."

Someone laughed. "Isn't today a good day for this? Old Master Tang's granddaughters aren't married yet, and Mr. Du doesn't have a girlfriend either. They happen to be from families of equal social statuses..."

Old Master Tang patted his head. "That's true. Jinghao, come to Grandpa Tang. Our families are really fated. Your father has worked with me for many years. We have a chance to improve our relationship."

Old Master Tang drank some wine and became more excited as he spoke. None of his children were willing to fall in love or get married. It gave him a headache.

He had a few old friends by his side, as well as a few great-grandchildren.

He immediately made an agreement with Du Guoshou to ask Tang Yue out on another day.

The reason why he thought of Tang Yue first was that Tang Xinru valued work more and was more mature. She had also met Du Jinghao before, so if she really wanted to be with him, she would have done it long ago.

As Su Bei was still young and had just returned to the Tang family, Old Master Tang could not bear to part with her. Tang Yue was the most suitable person.

Hearing that Old Master Tang was talking about Tang Yue and not Su Bei, Du Jinghao's eyes dimmed. However, he could not refute him on the spot, and he could not disregard Tang Yue at this time. Du Jinghao evaded the topic before things settled down.

His gaze fell on Su Bei for a long time.

Su Bei did not think much of these things. She now had Lu Heting and two sons. They were enough. Seeing that Old Master Tang did not mention anything about having her go on a blind date, she heaved a sigh of relief. She sat next to Old Master Tang with fruit juice in her hand and thought about Da Bao and Gun Gun with a relaxed expression.

The more relaxed she was, the more natural she seemed. Her beautiful temperament was especially prominent. The crowd was noisy. In Du Jinghao's eyes, Su Bei was as beautiful as a Chinese painting.

Su Bei did not notice Du Jinghao's gaze, but Tang Yue did. Displeasure surfaced in her heart. She immediately agreed to Old Master Tang's arrangement.

Yes, as long as it was Su Bei's, she would snatch it.

Du Jinghao's family was the best right-hand man in Tang Corporation. Why should she give this benefit to Su Bei for no reason?

The birthday banquet lasted until very late. Su Bei was really tired.

After tonight, Tang Jianming and Lin Shulian were even more satisfied with their daughter.

Lin Shulian invited Su Bei to stay at the Tang family's residence. "Su Bei, it's getting late. If you go back now, I'm afraid it won't be very convenient. Why don't you stay at home tonight?"

"It's alright. I'd better go back." Su Bei refused.

“Then let Dad drive you?” Lin Shulian quickly pushed Tang Jianming in front.

“Dad had too much to drink, so it won’t be appropriate. My manager will come over. Dad, Mom, you guys should rest early,” Su Bei finally spoke up.

Hearing her finally address them as her parents, Tang Jianming and Lin Shulian couldn’t help but show a hint of gratification as they sent her out.

Su Bei quickly disappeared from their sight.

Chapter 664: No Need For A Blind Date

When Su Bei reached the spot where she had gotten down from the car earlier in the evening, she realized that Lu Heting’s car had not moved at all.

It was snowing and his car was completely covered in snow.

She opened the car door and got in the car, hugging him with heartache. “Why didn’t you find a place to wait? I told you not to wait here.”

“It’s the same. There’s a heater here too.” Lu Heting felt his woman’s concern and smiled.

“Here, this packet of hot milk is for you.” Su Bei took the milk out of her pocket. “Drink some. Next time, don’t stay outside like this for half the night just because you’re waiting for me. Got it?”

“Yes, my dear wife.”

Su Bei pretended to be serious before she smiled again and kissed his cheek. “That’s more like it.”

Love was mutual. How much love he showed her, she would do the same to pamper him.

Love had always been mutual between husband and wife.

...

Ever since Du Jinghao met Su Bei at the birthday banquet, he couldn’t forget her.

Du Guoshou and his wife did not like Su Bei.

When Du Jinghao’s mother, Ou Huanwei, came back, she knew that Su Bei had once dated Du Luo and almost got married. Although she did not know why they broke up, she did not approve of her son liking Su Bei.

“Let’s not talk about the matter between her and Du Luo. Now that Old Master Tang wants you to go on a blind date with Tang Yue, how much does he value you? Think about it, Tang Yue is already the general manager of Sheng Tang Entertainment. She has outstanding ability, talent, and looks. And Su Bei has always been in the entertainment industry. How inappropriate is that? The higher she climbs, the more men she’ll sleep with. Compared to Tang Yue, the difference is like heaven and earth. I don’t agree with you going on a blind date with Su Bei,” Ou Huanwei said loudly.

Du Jinghao tugged at his tie, suppressing the frustration in his heart. He said, "Then there's no need for a blind date at all."

"You!" Ou Huanwei said angrily.

Du Jinghao had already walked up the stairs, and only his cold back could be seen.

...

The short Lunar New Year holiday passed quickly.

The big four fashion weeks were about to start next week.

These few days, Su Bei had been preparing.

At this moment, she received an invitation from Director Guo Feng. There was a thick script attached to it.

'Su Bei, I know that you're currently taking runway work and your career plans might not change in a short period of time. However, I still hope that you can take a look at this script. Although I'm afraid I'll be disappointed again, even if there's only a one in 10,000 chance, I still have to try.'

Ever since Guo Feng collaborated with Su Bei on the commercial, he had been very optimistic about Su Bei and sent her scripts several times.

However, Su Bei rejected all of them because of her health without even looking at them.

She really didn't expect Guo Feng to reach out to her again.

Lu Heting took the script and asked, "Have you read the script?"

"No, because I can't give Director Guo a concrete answer, so I've decided not to read it."

"Are you interested in acting in a movie?" Lu Heting flipped through the script.

"Actually, I am. I really want to try anything new and interesting. However, you know that I haven't studied acting before and I'm not familiar with such things, so I don't dare to casually agree to Director Guo's invitation.. Besides, my career is still focused on the runway."

Chapter 665: Because You're Su Bei, You're The Best

Lu Heting pondered for a moment. "After the fashion week, your modeling career would have reached its peak. Even if you receive long-term collaboration work with luxury brands, it'll only be icing on the cake. It won't push you to another peak. As everyone knows, after passing the peak, there'll be a slow decline. Since you're interested, I think it's a good choice to make a new career move at this time and change the focus of your career."

"Do you really think so?"

"I think you can do anything. In my eyes, you're a shining star. The commercials and short films have proven your ability to act, haven't they?" Lu Heting played with her hair and looked at Su Bei seriously.

The woman was multi-faceted and talented. Her development was restricted in the fashion industry. Furthermore, she used a short year to reach the pinnacle of this industry.

Lu Heting knew she had unlimited possibilities awaiting her.

Su Bei smiled and said, "Do you trust me that much? I didn't know I was so good."

"Because you're Su Bei, you're the best." Lu Heting waved the script in his hand. "Do you want to take a look?"

"Sure," Su Bei replied immediately. She ran to heat up two cups of milk, turned around, and sat on the sofa. She nestled in Lu Heting's embrace and read the script seriously.

Guo Feng really thought highly of Su Bei. He had been trying to work with her again for such a long time, so the script he chose for her was suitable for her.

Su Bei and Lu Heting read the script seriously. The more she read, the more excited she became. She clapped her hands and said, "It's really not bad! I like it! I can do it!"

"We'll talk about it after you finish reading it." Lu Heting pressed her excited little head into his arms and let her continue reading.

"My blood is boiling!" After finally finishing it, Su Bei's little face was filled with excitement. "Can I call Director Guo now?"

Lu Heting laughed. "Didn't you say you were afraid you wouldn't be able to do it since you didn't take any acting lessons?"

"Are you mocking me? Let me tell you, Lu Heting, you'll lose your wife like this!"

Lu Heting hugged her tightly. "I wouldn't dare."

"Then I'll call Brother Yue Ze first. He must have a lot of plans for me. If I take on a movie now, he'll be caught off guard."

Yue Ze was indeed shocked when he received the call. "Su Bei, all your current arrangements are still based on your modeling career and your international career. Your current work has already been arranged for the next half a year."

"I see..." Su Bei did not know that she had been invited to so many things.

What she did not know was that Yue Ze had filtered through many offers. Otherwise, there would be more work to do.

"If you want to act in a movie, give me the script. I'll discuss it with President Tang and push back all your work." Yue Ze tried his best to arrange work according to Su Bei's preferences.

This was specially ordered by Old Master Tang.

Now, her status was different. She was no longer an ordinary artist in Sheng Tang, but a rich young miss. She had more autonomy in her work.

"I'll have to trouble you, then. I'll bring you the script tomorrow."

After putting down the phone, Su Bei put up a victory hand sign and smiled at Lu Heting. "I think it'll be settled!"

After the four fashion shows, she could start her career in film.

Chapter 666: Such Arrogance

The four fashion shows began as scheduled.

As a model who had obtained all the qualifications to go on stage, Su Bei's schedule was very tight.

This time, only Yue Ze and Xiao Bai were with her.

Hao Jiali's only chance to appear on stage was naturally revoked as well. After Sheng Tang Entertainment terminated her contract, she didn't have another company to join. Her reputation was ruined because of her relationship with Zhao Xingtian. Many people were waiting to take over her position at the Milan show. Once they found out about her scandal, the show naturally replaced her.

Without Tang Yue's support, she could not keep that position.

Other than the models who were going on stage, there were also many foreign film stars.

Some of them were invited by the brand, while others had used all sorts of methods to come and watch.

Watching a fashion show of this scale was a symbol of one's status. It was a sign that one was valued in the fashion industry, so many people would try to attend no matter how hard it was to fight for a place.

Even some internet celebrities and businessmen would pay to go to the show and pose for photos on the red carpet to create the impression that they were very popular. However, in reality, they couldn't get tickets and could only take photos on the red carpet and at the entrance of the show.

In any case, if one could have their photos taken at the venue, one could make themselves look good. So why not?

As for models like Su Bei who would be appearing on stage, a photography team was specially arranged to follow the models and take photos. There was no need for the models to fight with those people at the venue.

Before going on stage that night, Su Bei and the photography team were filming on the streets outside Milan's show.

"The scenery up ahead is not bad. Let's go there!" Xiao Bai said to Su Bei.

"Sure. I'll talk to the photographer."

When Xiao Bai saw a group of people in front, she immediately said, "I'll go over there and ask about the situation."

Xiao Bai squeezed her way forward and realized that most of them were from S Country. They were taking photos of an actress.

“Oh, it’s Jia Shiyun.” Xiao Bai recognized the actress. She was very famous and was probably invited to watch the show.

She asked Jia Shiyun’s assistant about it.

The assistant said arrogantly, “Our Sister Yun wants to stay here for a while longer. You don’t have to keep waiting. I don’t know when this will end.”

“But our Su Bei is going on stage soon. We haven’t taken photos here yet. Can you give us some space?” Xiao Bai asked.

The assistant snorted. “Su Bei? That Su Bei who has a good relationship with Mr. Weijian?”

“I’m Su Bei’s assistant,” Xiao Bai said, “No matter who Su Bei is familiar with, everyone is here for work. You should make an exception.”

“I can’t help you. Our Sister Yun was personally trained by Lu Corporation. She’s the best actress in the entire Di Xing Media Company. Without her permission, no one can come here to take photos.”

Xiao Bai had no choice but to go back and tell Su Bei.

“Forget it, let’s just shoot here,” Su Bei said. She did not want to get into trouble overseas.

Xiao Bai could only say, “Then I’ll help you find somewhere with a better view so that you can take more photos. I didn’t expect that Jia Shiyun, who usually acts so generous and emotional, is actually so arrogant.. She doesn’t have any tolerance at all.”

Chapter 667: Personally Supporting Jia Shiyun

“Since she came first, there’s no need for us to fight.” Su Bei smiled and comforted her.

“Sigh, she only dares to act so recklessly because of Lu Corporation’s reputation.” Xiao Bai shrugged.

When Su Bei heard the name Lu Corporation, she couldn’t help but ask, “So she’s from Di Xing Media?”

“That’s right. It’s precisely because Di Xing Media is backed by Lu Corporation that they’re a big name. Otherwise, how could they have such good development? Moreover, I heard that Jia Shiyun was personally trained by the big boss of Lu Corporation, so her status is extraordinary.”

Su Bei laughed. “Who can surpass Lu Weijian, the big boss of Lu Corporation? But I only know that Mr. Weijian only loves games and not beauties.”

“Mr. Weijian doesn’t love women, but Lu Corporation still has another big boss!” Xiao Bai said.

“Although we don’t know who he is or how old he is, we all know how powerful he is. He’s the kind of person who can make the capital tremble with just a stomp of his feet. If he’s Jia Shiyun’s backer, then she has all the right to be arrogant.”

Su Bei thought about it and it was true.

However, no one knew who the big boss was. When she heard Lu Weijian mention him, he was full of admiration, so Su Bei had always guessed that the big boss was Lu Weijian’s father.

Who would have thought that a big shot at that age would want to be involved with a young celebrity?

Forget it, forget it. Everyone had their own story. Su Bei did not want to speculate. It was more important to focus on the work on hand.

Xiao Bai was still feeling indignant. Su Bei pulled her back. "Stop gossiping. C'mon, let's work."

After taking photos, Su Bei went backstage to prepare.

For all four fashion shows, Su Bei's performance was flawless and could be said to be perfect!

Su Bei's long legs, slender swan-like neck, as well as her beautiful and slender shoulders were perfect. Su Bei won the attention and praise of the entire world.

Milan Mirror called her a fairy from the East, a perfect fairy.

The New York Weekly praised her for having the golden ratio in terms of body proportions.

In the London Fashion News' vote, she was ranked third in the most beautiful 100 faces in the world. The first and second were the revered pair of royal twins from England. She was the only elected member from S Country.

The four big fashion shows pushed Su Bei's position in the supermodel industry to the highest point and also allowed her to reach the pinnacle of the modeling industry.

A few luxury brands presented her with their jewelry and clothes along with a five-year fashion show contract.

Yue Ze was practically pulling out all his hair. On one hand, Su Bei wanted to act in a movie, and on the other hand, there were endless offers from luxury brands.

Although everything was under his control and Su Bei could do as she wished, Yue Ze was very conflicted. He had just witnessed Su Bei standing at the top of the world, but he had to watch her fight on the next battlefield!

That feeling was akin to seeing his daughter enter a new world after growing up.

Lv Shan called Yue Ze. "Ask Su Bei to choose what she wants.. It may be risky, but Su Bei is someone who can take any risk."

Chapter 668: Change Battlefields

"If we change battlefields, it'll be more dangerous." As a manager, Yue Ze had to consider a lot of things for Su Bei.

"Do you think Su Bei doesn't know that? Danger and opportunity coexist. Su Bei can enjoy as much fame as she can endure any slander. Also, if you really want to worry like an old father, then you should just quickly come back. You might really become a father soon," said Lv Shan.

Yue Ze's heart skipped a beat. "You're about to give birth? Gosh! I'll make arrangements as soon as possible!"

...

This time, Su Bei returned with praise but rejected all new offers.

The outside world was abuzz with discussion, but none of them were too worried. They felt that Su Bei was merely resting after enjoying great success, or waiting for her value to soar higher. She must have re-evaluated her value and no longer casually accepted activities.

They believed that Su Bei would quickly consider what to do next.

The local media also looked forward to Su Bei's return. Su Bei's achievements were the highest in the modeling industry and she had reached the pinnacle of the entire supermodel industry.

On Stars' rankings, she had already climbed up to first place and pulled down the previous first place who dominated the rankings for three years.

Therefore, the media were all curious about Su Bei's recent situation and wanted to interview her immediately.

However, when the reporters rushed to the airport, they only saw Yue Ze and Xiao Bai return. Su Bei was nowhere to be seen.

After standing at the peak of the world, Su Bei seemed to have become invisible and disappeared in front of everyone. No matter how many people were shouting for her, she did not respond.

Yue Ze and Sheng Tang Entertainment would only release a series of stunning photos from time to time.

At this moment, on the streets of America, a young woman was holding the hand of a little boy with a solemn expression. She was holding candied hawthorns in one hand and walking forward excitedly.

The little boy looked at the young woman lovingly and helplessly as he followed her.

When they reached home, Su Bei opened the door of the apartment and said, "I'll play games with you later. Fun, right?"

"Very good." Da Bao finally smiled. Although Su Bei was a noob when it came to games, it was still fun to play with her.

"Ah!" Su Bei opened the door and was shocked by the man sitting in the living room. She smiled. "Lu Heting!"

The man's cold expression was forced back by gentleness when he saw the mother and son pair. The corners of his lips curled up as he caught the woman who pounced on him. He hugged her back.

Da Bao's expression was gentle. He liked to see Xiao Bei happy.

"I miss you so much, hubby!" Su Bei kissed Lu Heting hard.

If not for Da Bao, Lu Heting would have already pulled her into his arms. As a father, he cared about Da Bao's feelings and reached out to carry him as well.

Da Bao was awkward and didn't like to be carried by others. However, he didn't break free and let Lu Heting carry him.

Lu Heting lowered his gaze and said gently, "We're going back together this time, right?"

"Yes." Da Bao nodded.

"But I also said that I'd play games with Da Bao. Lu Heting, why don't you come too?" Su Bei lifted her head from his embrace.

Lu Heting took out his phone. "Come on."

Su Bei tossed the phone to Da Bao.. "Go and log in! I'll go get food and drinks! You two can't trick me! You have to guide me. Don't play any tricks!"

Chapter 669: Only These Two Roles Have Yet To Be Filled

Lu Heting finally took his wife and son home.

He also brought Gun Gun back from the old residence.

Gun Gun saw Su Bei and jumped into her arms. At first, he was happy, but after a while, he could not help but sob. Then, he started to wail. The more he cried, the sadder he became. He could not stop his tears.

He was crying so sadly that Su Bei could not help but want to cry with him. Su Bei's heart was broken, and she quickly coaxed him in a low voice. "Okay, stop crying. Be good. What's wrong? What happened?"

"I thought... I thought... Bei Bei and Big Brother Da Bao did not want me anymore..." During this period of time, Da Bao had been enduring this grief.

As Su Bei was overseas most of the time, they rarely video chatted due to the time difference. He would send her some messages, which would only be replied sometime later. They could not chat directly.

During this period when Gun Gun was living in the old residence, he had been in the worst mood.

"How could that be?" Su Bei hugged him guiltily. "I love you the most. I definitely wouldn't not want you anymore. It's the same for Big Brother Da Bao as well. If you don't believe me, look at Big Brother Da Bao. He made many fun toys for you."

Only then did Gun Gun laugh through his tears. "Then can I come back and live with you and Big Brother Da Bao?"

"Of course you can." Su Bei hugged Gun Gun tightly and swore that she would never leave him behind again.

It was all her fault for not thinking things through. This time, she had left him here alone for so long. She had underestimated Gun Gun's ability to endure tough times. She thought that he would be happy with the elders and forgot that children always needed their parents.

Da Bao went forward to hug Gun Gun and held his hand.

Gun Gun held Da Bao obediently and hugged his arm. “Big Brother Da Bao, I have many things to tell you...”

“Yeah, tell me.”

The adult-like child and the child walked in front. Lu Heting hugged Su Bei and followed them.

...

Director Guo Feng was filming a movie called ‘The Two Phoenixes’. It was an ancient martial arts movie. Filming had officially started.

However, up until the start of filming, there were no official announcements about the second female lead and the second male lead. In the entire cast, only these two roles had yet to be filled.

The movie mainly told the story of the female protagonist, Hua Yingrong, who uses her wisdom and ability to help the male protagonist with an unfavored king who wants to take over the world. The male protagonist wishes to return peace to the people.

It could be said that the story revolved around the female protagonist.

However, the second female lead and the second male lead also had excellent storylines.

The one playing Hua Yingrong was the currently popular movie star, Fang Yourong.

Prior to this, she had always been acting in television dramas, especially idol dramas. However, because she was over 30 years old now, she was facing an urgent transformation. Hence, she finally passed multiple interviews and screening to get the female lead role in this movie.

She used to have a young face, but now that she was older, she had lost a lot of weight. Her facial features were even more prominent, and she looked like she belonged in movies. It was no wonder that Guo Feng had taken a fancy to her this time.

After getting the female lead role, she immediately joined the production team to film her scenes.

As for her junior, Zhou Yao, she had been asking Fang Yourong about the second female lead role as she wanted to change her image.

Chapter 670: Please Allow Me To Keep You In Suspense

Zhou Yao’s acting skills were not bad, but she could only get a role that had two to three minutes of screentime. Naturally, she was not satisfied with this and wanted to get more scenes.

Because of this, Fang Yourong specifically asked Guo Feng about it.

“Yourong, just shoot your part. Don’t worry, the two roles will be filled soon,” Guo Feng said happily.

How could he not be happy when the two actors he liked had suddenly agreed to take on the two roles?

Fang Yourong smiled and said, “I’m not worried. Your judgment is definitely the most accurate. However, the second female lead’s scenes are very important. I just want to know who she is so that I

can build a good relationship with her as soon as possible and perform better. Furthermore, the second female lead has many fighting scenes. I also have to spar with her.”

“You’ll know when the time comes. I’m sure it’ll give you a surprise.”

Guo Feng sealed his lips tight and refused to reveal the actress. Fang Yourong did not find out anything.

She could only tell Zhou Yao to act as this minor character first before making other preparations.

She was even more curious now. Who was the person Guo Feng thought so highly of?

Finally, Guo Feng excitedly informed everyone that the press conference would be held soon. He wanted everyone to be prepared.

Other production teams would hold their press conferences before filming began. Only for this movie was the press conference held when the second female lead was free. This not only made Fang Yourong more curious about the second female lead but she also developed some hostility toward her.

Who on earth was this big shot?

On the day of the press conference, the reporters had already arrived excitedly and surrounded the entire venue.

The female lead, Fang Yourong, and the male lead, Pei Chao, were present.

Two familiar faces appeared in the crowd. One was Su Huixian while the other was Tang Yue.

The reason why Su Huixian was here was that she was already one of the decision-makers of Qian Yu Entertainment. She was no longer a simple artist. Although she had groomed many models, she had already lost her place in the modeling industry. Hence, she sent Zhong Xiu and Zhu Fenfen to act in a movie. Even though they were just small roles, they could help develop the entire company.

As for Tang Yue, she appeared because Sheng Tang Entertainment had invested in this movie. She was here as an investor.

The second male and female leads had yet to appear.

“You’ll know when she arrives. Just let me keep you in suspense! Haha!” Guo Feng laughed.

“Director Guo, you’re teasing us. We’ve been asking for so many days, but you wouldn’t reveal anything. But I also want to see who the two actors are.”

Actually, Guo Feng didn't say anything because after Su Bei agreed, she hadn't had the time to contact him for further discussion.
