

Chapter 681: I'll Go On My Own

When Old Master Tang saw Director Guo Feng, he only had one goal—make him give up on Su Bei.

He would solve the problem from the source.

Old Master Tang offered an additional investment on the condition that he changed the second female lead role.

Although Director Guo Feng was not willing to do so and argued strongly, telling Old Master Tang about Su Bei's excellent performance, Old Master Tang's attitude was firm.

"As the biggest investor in this movie, if you don't replace Su Bei, I can only replace you." Old Master Tang was very direct.

Director Guo Feng thought for a while and said, "Okay, I understand."

When he returned, Su Bei was putting on makeup. Director Guo Feng walked up to her and said in a heavy voice, "Su Bei, you don't have to do it anymore."

Su Bei replied, "But I still have another scene. I'll be done soon."

"You need to leave the cast." Director Guo Feng was heartbroken that he had to replace Su Bei. However, this was an internal matter of the Tang family and he had no right to interfere.

Su Bei stood up as a coldness flashed in her eyes. "Why?"

"You can't keep up with our overall pace and are incompatible with the entire crew, so... I'm really sorry." Director Guo Feng was unwilling to use such words to hurt a talented actress.

However, Tang Yue had warned him not to say the truth and hurt the relationship between Old Master Tang and Su Bei. Therefore, Director Guo Feng could only use the cruelest method to persuade Su Bei to leave.

"I understand. I'll leave now." Su Bei changed her clothes and took a wet wipe to wipe off her makeup.

In her heart, she knew that things weren't as simple as they seemed. Director Guo Feng wasn't someone who would make such decisions like this. Besides, things were fine the previous few days of filming.

The rumors and pressure from the outside world were things Director Guo Feng should have considered long ago. It should be within his tolerance.

Director Guo Feng looked at Su Bei's back and felt very regretful. Back then, he had tried his best to persuade Su Bei to come and film his movie. Now, he had to personally say that she should leave.

He gave her hope and made her fall to the greatest despair.

After Su Bei left, she immediately called Yue Ze. "Brother Yue Ze, I want you to help me check if anyone from the Tang family has met up with Guo Feng in the past two days."

“I’ve already received news from the crew asking you to leave. I’ll go investigate it immediately.” Yue Ze knew that things were not that simple.

Soon, he sent Su Bei a message: [Old Master Tang and Tang Yue met up with Director Guo. Su Bei, why don’t I get President Tang to discuss this matter with them?]

[It’s alright. I’ll go myself.] Su Bei drove straight to the Tang family.

Seeing Su Bei return, the family was naturally very happy. After so long, Su Bei had only returned once and it was on Old Master Tang’s birthday.

“Su Bei, sit down. I’ll get the kitchen to prepare dinner.” Lin Shulian was busy preparing dinner.

“No need. I’ll leave after I see Grandpa,” Su Bei said.

Lin Shulian hurriedly shouted, “Butler, bring Young Miss to see Old Master.”

Su Bei followed the butler upstairs.

Old Master Tang was giving Tang Yue some tips on her work. When he saw Su Bei, he stood up with a smile and said, “Su Bei, you came at the right time. Your sister and I just happened to talk about you. Come and sit down.”

“Grandfather, I came to look for you about something.” Su Bei did not sit down. There was a slight look of indifference on her expression.

Her heart, which was just warmed up, turned cold again.

Chapter 682: I Won’t Be Controlled

Sometimes, family members were like this, always doing things for your sake.

However, this expression of love was nothing but a weapon that could inflict damage.

Seeing her serious expression, Old Master Tang also became serious. “If there’s anything, you should sit down and talk.”

Su Bei sat down and went straight to the point. “Two Phoenixes is in the midst of filming. I’ve worked with Director Guo Feng before, that’s why I chose to join the cast. I believe that I can take on that role.”

“I know you’ve been doing well as a model, so I never objected to you working outside. But when you started filming this movie, did you hear about how so many people are scolding you online? I just feel bad for you and don’t want you to be under too much pressure. Sometimes, you need to be content and not challenge what you can’t do,” Old Master Tang said sincerely and lovingly.

“How do you know that I can’t do it?” Su Bei asked.

Grandfather Tang did not reply, and Tang Yue spoke up for him, “Grandfather doesn’t mean it that way. It’s just that he dotes on you and doesn’t want you to be scolded by others. If he can get rid of those comments, no matter how much money he has to spend, he would block those hate comments for you.

However, there are some things in this world that money can't buy, so Grandfather is doing this for your own good."

"Grandpa, I'll be honest with you. I've had enough of the people in the Su family. I don't acknowledge them as my family because I wanted to gain more control over my life. It's just that I miss the kinship. If someone wants to stop me from making my own choice, I don't mind... cutting off the kinship."

Su Bei's voice was exceptionally cold.

She usually had a smile on her face, so when she said such words now, it was especially shocking.

She was still willing to stand here and say these words because she could feel that Old Master Tang truly loved her.

Otherwise, she would have used her own methods to resist.

Hearing her words, Old Master Tang clutched his heart. Tang Yue scolded, "Su Bei, how can you speak to our grandfather like this?"

"I'm just that direct. Could it be that because I've acknowledged my family, my profession, my choices, and my life are going to be controlled by my family? Forgive me for being blunt, but kinship is mutual. It's not a one-sided tool to control others. I'm not going to let myself be controlled either."

These words were directed at Old Master Tang and Tang Yue.

Su Bei could tell that Old Master Tang was being provoked by Tang Yue.

Su Huixian had played enough of such tricks on her, so how could she not tell?

Old Master Tang felt terrible. "Su Bei, I'm doing this for your own good."

"I'm very grateful, but I don't agree with your decision," Su Bei looked straight into his eyes and said seriously.

Old Master Tang sighed deeply. "Su Bei, what must I do for you to listen to my advice? I'm trying to show you my love and concern for you. I'm really afraid that you children will suffer out there."

Su Bei looked at him and said, "Let the reporters come and visit. I'll prove my strength to the outside world. If I can salvage the situation, you can't criticize my choices in the future anymore."

This was the only concession Su Bei could make.

Tang Yue thought to herself that Su Bei was not a professional and her acting skills were really questionable.. If she let the reporters visit the scene and they write slanderous words online, everything would still go her way.

Chapter 683: Much Better Now

With this thought in mind, Tang Yue advised Grandfather Tang, "Grandpa, since Su Bei has already said so, then let's be fair. Let her try it out. This way, she won't feel that our family members are too controlling.

“However, Su Bei, you have to know that if it doesn’t succeed, you can’t keep pestering Grandpa, lest his body can’t take it.”

Old Master Tang was indeed afraid of losing this granddaughter that he had lost for so many years. Besides, there was no harm in trying. Hence, he agreed with Tang Yue. “In that case, let Guo Feng prepare for the reporters’ visit.”

Tang Yue nodded. “Okay, I’ll do it now. Su Bei, Grandpa isn’t targeting you, so don’t take this matter to heart. Stay for dinner tonight.”

She had thought it through very well. After hurting others, she would act as if nothing had happened. But what about the harm she had caused Su Bei?

Su Bei calmly looked at them and said, “Sorry, I already have plans tonight.”

With that, she turned around and left.

Downstairs, Lin Shulian also enthusiastically asked Su Bei to stay for dinner. However, Su Bei did not stay.

The expression on Old Master Tang’s face was filled with regret. He had carefully tried to protect his relationship with Su Bei, but in the end, he still hurt her and created a rift between the two of them.

Wouldn’t everything be better if he had discussed it with her beforehand?

Tang Yue, on the other hand, looked at the scene before her with satisfaction and a hint of pride.

...

When Su Bei came out of the Tang family’s home, Director Guo Feng’s call followed soon after.

“Su Bei, everything’s ready. Come over tomorrow.” His voice sounded excited. No matter what, it was a good thing to be able to have a shot to keep Su Bei in the cast.

It was just that he was not influential enough before.

“Okay.” Su Bei’s voice was low.

Director Guo Feng wanted to apologize and comfort her. However, he could only hang up.

Su Bei was in low spirits. This was what families did, especially the elders of wealthy families. To them, a child’s will was dispensable. Some would resist for a while before ultimately giving in because giving up their dreams and ideals seemed to allow them to live well.

But she would never agree with this.

Just as she was about to get a cab to leave, Lu Heting’s car slowly stopped beside her.

“Su Bei.” His voice was steady and strong. Su Bei froze for a moment before getting into the car.

Lu Heting took off his jacket and placed it over her shoulders. He explained in a low voice, “Yue Ze said that you left the set, so I came to the Tang family’s house to see if you were here.”

There was no need for anyone to say anything else. From what Yue Ze had said, he could easily deduce the entire situation.

Hence, he quickly determined where she was.

Only now did Su Bei feel a little cold. After leaving the set, she was so busy talking to Old Master Tang that she didn't even have time to put on her coat.

Seeing that she was a little unhappy, Lu Heting's eyes were filled with heartache. This woman was usually optimistic and cheerful, which made her desolate appearance now seem even more pitiful.

Lu Heting stroked her hair and said, "Can I take you for a ride?"

"No, I want to hug you. I want to be hugged by you too," Su Bei said lazily.

"I'll find a place to park." Lu Heting stopped the car, lowered the car seat, and carried her over.

Su Bei contentedly cleared her thoughts.. After a long while, she said lazily, "I feel much better now."

Chapter 684: Because You're Not Brave Enough

"I've already convinced my grandfather to let me try doing a scene in front of the media. If I do well, he won't interfere with my choice anymore. So, everything is fine now." Su Bei quickly relaxed and told Lu Heting about the matter.

"Okay, we'll give him a chance." Lu Heting nodded.

Such a thing would never happen again.

Su Bei smiled and said, "Then let's go home. I want to cook and eat with you, Da Bao, and Gun Gun."

This was the family she wanted.

Lu Heting drove home.

At night, Gun Gun would be moving into Lu Heting's bedroom. Lu Heting tidied up the bedroom neatly and moved all of Gun Gun's things in.

This was the first time Gun Gun would be sleeping alone since moving in.

Gun Gun lay on the bed in his pajamas and looked at Lu Heting with his eyes wide open. "Am I going to sleep alone from now on?"

"Yeah." Lu Heting tucked him in.

"But I'm a little scared." Gun Gun blinked.

"You're already a four-year-old. You have to be brave."

"But you're even older than me. Why is it okay for you to have Bei Bei accompany you? Is it because you aren't brave enough?" Gun Gun asked curiously.

"..." Lu Heting was a little dumbfounded.

Su Bei bent down and kissed him on the forehead. "I won't lock the door. If you get scared in the middle of the night or need anything, you can come to our room. I'll always be around."

Gun Gun closed his eyes in relief.

Lu Heting's heart was pricked again. Did this mean that he would not be getting any special privileges in the master bedroom?

Su Bei held his arm and said coquettishly, "Hubby, let's go rest too."

Her soft words made his pricked heart feel better.

...

When it was almost dawn, Su Bei was sleeping soundly in Lu Heting's arms when her phone rang.

Lu Heting reached out and was about to decline when he saw that it was Yue Ze. He answered it in the end.

Yue Ze sounded anxious. "Su Bei, do me a favor and go to the hospital to see Lv Shan."

"What happened to Sister Lv?" Su Bei woke up and sat up.

"She's about to give birth and was sent to the hospital. She's all alone." Yue Ze sounded panicked and guilty.

Su Bei put down the phone and immediately got up to get dressed. Lu Heting also got up with her. After calling Aunt Chen over, they immediately rushed to the hospital.

After Su Bei and Lu Heting rushed to the hospital, the nurse saw them and asked, "Lv Shan's family?"

"Yes, we are."

"What's wrong with you guys? The pregnant lady's water broke in the middle of the night but there was no one beside her. The baby doesn't even have any clothes to wear. Go take a look."

"How are they?" Su Bei quickly asked.

"Luckily, both mother and son are safe. Seriously, family members nowadays are so negligent." The nurse was still complaining about Su Bei. However, when she subconsciously glanced at Lu Heting's stern gaze, she quickly stopped complaining.

When Su Bei entered the delivery room, she realized that Lv Shan's head was covered in sweat and her face was pale. The baby was wrapped in a towel with a logo. It was from one of the hospital's sponsors. Everything looked clumsy and careless.

Lv Shan obviously did not have the energy to carry the baby.. She could only let the baby cry at the side.

Chapter 685: Different Meaning

Su Bei's heart ached when she saw this. Fortunately, when she came, she had brought some new baby items and put on some clothes for the baby.

She picked up the baby, and the baby stopped crying before quietly falling asleep.

Lv Shan said apologetically, "It's all my fault. When I got into the ambulance, I forgot to take my bag. I had already prepared everything."

"You wouldn't have bothered so much during that chaotic time. It's good enough that you managed to protect yourself." Su Bei sat down. "Where did Brother Yue Ze go?"

"His mother had a heart attack and he rushed back to his hometown. Coincidentally, I got contractions the moment he boarded the plane..." said Lv Shan.

Su Bei did not say anything. In fact, she vaguely knew that Yue Ze's parents did not agree with Yue Ze and Lv Shan's relationship. She did not know if his mother's heart attack was real or fake.

Lv Shan gave a weak smile. "Go do your own things. I'm fine here. The caretaker I hired should be here soon."

"Then I'll wait for her to come before leaving." Su Bei was really worried about leaving the mother and son alone. "Hubby, help me buy some food."

Lu Heting nodded and left. After a while, he returned with some food.

Finally, the caretaker arrived. Su Bei entrusted the child and Lv Shan to her before leaving with Lu Heting.

Lu Heting held Su Bei's hand and remembered that when Su Bei gave birth to Da Bao, he was not by her side. Although she had many friends, her husband was not around so it was surely different.

At that time, how helpless was she?

"Lu Heting, what's wrong?" Su Bei felt his emotions.

"Nothing, I just want to hug you." Lu Heting turned around and hugged her. "No matter what happens in the future, I want to be by your side."

Su Bei laughed in his arms. "Me too."

...

The crew of Two Phoenixes had already made the preparations for Su Bei to do a scene in front of the media.

Last night, Director Guo Feng and the investors had already invited reporters to witness Su Bei's acting.

The reporters had long yearned for news about Su Bei and were now waiting for her. They came early in the morning to wait.

They had witnessed Su Bei's glamorous moments on the runway and her glory at the peak of the world, but they did not believe that she could act well in a movie.

They could not be blamed for not having confidence in Su Bei. It was just that there were too many handsome young hunks and extremely beautiful young ladies in the whole of Country S. They were all extremely popular and would throw themselves into the film and television industry from other

industries. The best-case scenario for them was that they did not make a single splash in the news. The worst-case scenario was that they would become the target of ridicule.

There were only a handful of people who successfully switched careers.

No one denied Su Bei's beauty, and it was now acknowledged that she was skilled as a model. But a movie? Many people rejected Su Bei.

In particular, Tang Yue had bribed a group of reporters to attack Su Bei's acting skills on the internet. She also announced to the world that they could all watch Su Bei act today.

All the netizens were eagerly waiting for the live video that the reporters would record.

Even Su Bei's own fans felt a little anxious. They were secretly worried and wondered if Su Bei could use her acting skills to convince everyone.

Anyway, they had decided that if Su Bei did not act well, they would not repost or comment on anything. They would just let the news slowly subside.

Today, a few people had also made preparations.

Chapter 686: Even More Embarrassed

Those people were Zhou Yao, Zhong Xiu, and Zhu Fenfen. They were not convinced that Su Bei could play Ni Huang.

They each had a few minutes of screentime. If they were selected to act with Su Bei and outshone her, it would be a good opportunity for them to gain popularity and fame.

Director Guo Feng said to the reporters, "Everyone, I asked everyone to come to visit today because I want everyone to see the situation in our production team and the actors' acting skills. In a while, the actors will start acting. Please calm down and wait by the side."

"Where's Su Bei? Why don't we see her?" someone asked.

"I don't know, she's not here yet."

"Could it be that she's afraid?"

"With so many people around, it's inevitable for her to be nervous. But to be honest, whether she's nervous or not, she might still perform poorly."

"Anyway, let's wait and see."

Director Guo Feng was also a little worried, not because of Su Bei's acting skills but because Su Bei was not in a good mood when she left yesterday.

He asked his assistant beside him, "Have you arranged the scenes?"

“Yes. We’ll do one scene with Su Bei and Fang Yourong, and one of Su Bei’s group scenes. These two scenes will test her acting skills, and they’ll be good for everyone to see Su Bei’s strength,” the assistant said. “But Director Guo Feng, do you really want Su Bei and Fang Yourong to act together?”

“Why? Are you afraid that Su Bei will be in a disadvantageous position?” Director Guo Feng asked. He specifically chose this scene to prove to Old Master Tang that even if Su Bei were to act with an experienced actor like Fang Yourong, Su Bei would still be able to withstand it.

After Su Bei arrived in Lu Heting’s car, she went straight into the dressing room. With Lu Heting’s company, she was in a good mood.

Soon, she was dressed and her hair was done.

When she walked out, Fang Yourong had not come yet. The director’s assistant told Su Bei, “Sister Yourong said she’s not feeling well and asked for leave. She can’t do a scene with you today, so you just have to do the group scene.”

Xiao Bai could not help but ask, “Why was she fine all the other days except today?”

“We’re not too sure about that.”

Xiao Bai said to Su Bei, “Fang Yourong is going too far. She just doesn’t want to act with you in front of the reporters because if she does well, there’s nothing to brag about. Other people won’t praise her at all. They only think that with her status, it’s only natural for her to have good acting skills. On the contrary, if she doesn’t perform well, it’ll be a tragedy on earth and she won’t have the face to see anyone.”

It had to be said that Xiao Bai was groomed by Yue Ze, so she was quite accurate when it came to analyzing situations. She had completely seen through Fang Yourong.

Fang Yourong did not want to act with Su Bei and even gave up a chance to show her face in front of the reporters.

“Zhou Yao is enough to deal with Su Bei. Let them act. I don’t want things to get too ugly.” Fang Yourong was doing a facial mask at home.

The assistant, who was beside her, said, “That’s right. The moment you appear, you’ll definitely crush Su Bei. By not going, you’re being kind to Su Bei.”

Therefore, Su Bei had to change her makeup for the group scene.

After she changed her clothes and came out, no one recognized her. It was because she was dressed in rags and her makeup was messy. She looked extremely terrible.

The reporters did not expect Su Bei to have to make such a huge sacrifice for her character.. For a moment, they could not help but change their opinion of her.

Chapter 687: Extremely Heavy-handed

Ni Huang, the character played by Su Bei, was originally the princess of the Great Xiao Empire and she was also a general who led troops.

But she did not expect her true identity to be exposed when she returned to the capital to get married after she came back from the war with the Hun armies. She was actually the princess of the Hun Nation.

The Hun Nation had won the war because of the traitors' betrayal. Ni Huang was questioned by the entire court and despised by all the citizens. The once high and mighty female general had her military power taken away and her marriage was annulled. Her title as a princess was no more and she was reduced to a prisoner overnight before being sent to the borders.

This scene was the scene where Ni Huang was sent to the borders and given a hard time.

The actors playing the other roles in this scene were Zhou Yao, Zhong Xiu, and Zhu Fenfen.

The three of them already had a plan in their hearts. Not only did they have to suppress Su Bei in this scene, but they also had to show their faces and make their names known in front of the media to gain popularity.

All the departments were ready. Director Guo Feng shouted, "Action!"

The filming officially began.

Ni Huang wore ragged clothes and shackles as she moved forward.

The skin on her face was cracked and disfigured. Her feet were also covered in blood and mud, filled with wounds and blisters.

Some of the men who saw her felt sympathy and admiration for her. Only then did they give her a little water to drink. Occasionally, they would release her shackles and let her relax.

Zhou Yao, Zhong Xiu, and Zhu Fenfen played the daughters and maids of the rebel generals of the Great Xiao Empire. Ni Huang had lost her power, and the rebel generals she had personally killed in the past were said to have been framed by her. They were on opposing sides.

That was why these women were following Ni Huang. They wanted to take revenge.

Under the scorching sun, Ni Huang took the canteen and took a few big gulps. Her movements were urgent, as if she had been thirsty for water for a long time, yet she maintained a gentle elegance. No matter what, she was the princess of the Great Xiao Empire who had received the most excellent education.

Just as she was eagerly drinking water, a woman beside her rushed over and kicked the canteen in Ni Huang's hand away. She scolded, "You're drinking water? Do you know that because of you, there are many who can't drink water anymore?"

Ni Huang looked up. Her eyes were calm, indifferent, and decisive. She maintained her silence, as if she didn't want to lower herself to the level of such a person.

"Eldest Young Lady, there's no need to waste your breath on her. Let her pay with her life!" Zhong Xiu, who was acting as a servant, said.

Zhou Yao, who was playing the role of the eldest miss, stepped forward and gave Ni Huang a tight slap. "This is for my father!"

The slaps in the movies were usually done in a way so that the slaps wouldn't actually land on the actors' faces. However, Zhou Yao had been waiting for this moment for a long time, so she was especially heavy-handed. The pleasure on her face was obvious.

The next second, blood seeped from the corner of Su Bei's lips and she was lying on the ground, looking very weak.

This mouthful of blood was merely the blood bag that had been prepared for Su Bei. Knowing that they were going to attack her, she had to act pitiful.

This scene shocked all the reporters present because Su Bei was really acting too well. She did not have any lines and her clothes were tattered. However, everyone's eyes were glued to her.

Zhou Yao was dressed beautifully, but her lines and actions seemed to be surface-level only.

Chapter 688: Disfigure Her And Break Her Limbs

This slap made Su Bei vomit blood. The sound of the slap was very loud, and the reporters felt that Zhou Yao's slap was a little heavy-handed. They immediately started discussing, "Isn't her slap too heavy-handed?"

"Do they really slap each other during filming?"

"Su Bei is really dedicated. She didn't even make a sound when she was beaten up like this."

These discussions entered Su Bei's ears. She was not affected at all and was still immersed in her own emotions.

However, Zhou Yao was clearly affected. She originally wanted to give Su Bei another tight slap, but she was afraid of being criticized. This time, her momentum was obviously weaker.

She gave her a light slap. "This is for the soldiers you killed!"

"This is for all the people in the world!"

The third slap was even weaker.

The three slaps seemed to have completely evoked Ni Huang's resistance. This woman's father was the real rebel. She had given up everything for her country, yet she was being treated like this.

The unwillingness, fragility, pain, and betrayal in Ni Huang's eyes, as well as the anger for everyone who had openly drawn their swords against her, swirled in her eyes.

However, she was still enduring it because her responsibility was to protect the citizens of the Great Xiao Empire and not to harm them.

Zhou Yao drew her sword and said, "Today, I'll make you lose your life with my sword!"

The character played by Zhu Fenfen said, “Sister, Ni Huang is so arrogant. Why don’t we disfigure her and break her limbs? Only then can we make her life a living hell and crush her arrogance!”

Zhou Yao’s expression flashed, but she was convinced by Zhu Fenfen. She pointed her sword at Ni Huang’s wrist, intending to slice her tendons.

“Ah!” Ni Huang suddenly shouted. The anger and pain in her voice made everyone’s hair stand on end.

Just as Zhou Yao, Zhu Fenfen, and Zhong Xiu were about to slice her tendons, Ni Huang finally exploded. She broke free from the shackles on her body and knocked the swords out of their hands. She kicked each of them in the chest.

The three of them fell to the ground, their chests feeling stuffy. They could not help but spit out a mouthful of blood.

Unlike the bag of blood that Su Bei had bitten, these three people were really kicked in the chest by Su Bei!

The three of them were truly injured.

After Ni Huang dealt with these three people, she lowered her head as two teardrops fell from her right eye. It was as if she was crying for her family, or for the citizens of the Great Xiao Empire whom she had once protected with all her might but had no choice but to injure.

These three people were also citizens of the Great Xiao Empire.

Su Bei did not have a single line. It was all action and inner conflict. Su Bei’s eyes, however, showed the changes the character was going through—hatred, resentment, and righteousness.

Everyone in the crew was stunned.

Especially her tears. It wasn’t mentioned in the script, but this made Ni Huang look even more emotional.

“Cut!” After the director yelled, Su Bei, who was standing in front of everyone, revealed a smile and bowed to everyone.

The reporters were shocked and asked each other, “Is Su Bei wearing wires?”

“I didn’t see them! I didn’t see any workers controlling the wires either!”

Chapter 689: Control Yourself

“F*ck, then those flying kicks just now were all real? Su Bei is really a genius!”

“I don’t dare to say that Su Bei’s decision to switch careers was a mistake anymore. She’s the pearl in the entertainment industry.”

Director Guo Feng was really relieved.

As the director who thought the most highly of Su Bei, he had to be supported by his sponsors. Now that Su Bei had displayed her best acting skills in front of everyone, who could say anything else?

“Post the scene today online,” Director Guo said to his assistant.

He was afraid that the reporters would edit the clip to manipulate things.

However, he was overthinking it. Although Tang Yue did bribe some of the reporters present, most of them were fair and just.

Su Bei’s scene had completely won them over. Now, everyone was talking about Su Bei’s godly acting skills. They did not have the heart to defame her.

The assistant ran towards Director Guo Feng. “Zhou Yao and the rest seem to be injured, but it’s not serious.”

“Let the doctor take a look at them,” Director Guo Feng said.

He had clearly seen the slap Zhou Yao gave Su Bei. Therefore, he had no sympathy for the three of them.

At this moment, Zhou Yao and the other two were still in a daze. They really did not expect Su Bei to perform so well in this scene.

The three of them not only had their acting skills completely crushed, but they also didn’t manage to hit Su Bei as expected. Instead, they were kicked to the ground and couldn’t get up for a long time. They felt like their ribs were almost broken.

At that moment, Director Guo Feng walked toward Su Bei without saying anything. He patted her on the shoulder. It was obvious how much he valued her.

Because Fang Yourong had applied for leave and did not come today, Su Bei could rest after filming this scene. She changed her clothes and ran out. Lu Heting was waiting for her in the car.

Just now, he was watching from the corner. When he saw Su Bei being beaten up, he was furious.

However, for the sake of Su Bei’s future and for her to prove her ability in front of the public, Lu Heting forcefully resisted the reluctance in his heart as well as the urge to smash the place on the spot.

It was only when he saw that she had injured those who hit her that he relaxed and stopped biting his lip.

When Su Bei returned to the car, Lu Heting hugged her tightly.

“I did it!” Su Bei’s voice was brimming with joy.

“Yes, I saw everything.” Lu Heting held her cheeks and looked at her slightly swollen face. “I’ll accompany you to the hospital.”

“It’s alright, it’s not a big problem. I knew Zhou Yao would make a move, so I was prepared. Furthermore, I took my revenge on the spot. Those three might need some time to recover from their injuries.”

Even so, Lu Heting's heart still ached. He asked Lu Weijian to go to Lu Hu International Villa and get the family doctor to prepare ointment.

Lu Heting meticulously applied the ointment on her and asked Aunt Chen to brew some soup to nourish Su Bei's body. Only then did he feel slightly relieved.

As for Fang Yourong, she was putting on a facial mask at home while waiting for the good news on the internet.

"What else can Su Bei say this time?" Fang Yourong gently patted the corners of her eyes and said, "I'm afraid her role will have to be given to Zhou Yao."

"Of course." the assistant agreed as he opened Weibo.

When he opened Weibo, he saw the video of Su Bei's performance today.. Almost everyone who watched it couldn't help but repost it.

Chapter 690: Worth Watching Another Hundred Million Times

"Oh, so many people are reposting it." The assistant couldn't help but laugh. "I wonder how bad Su Bei's acting skills were that everyone is ridiculing it and reposting the video? In the future, there'll be a new meme!"

Fang Yourong agreed with her assistant. It must be because the netizens are all ridiculing Su Bei's performance, which is why they're constantly reposting the video.

She was also very curious about how badly Su Bei had embarrassed herself.

Fang Yourong stretched out her finger and casually clicked on the video. She watched it with a bored look.

But after just a few glances, Fang Yourong could not help but sit up straight. She had many years of acting experience, so how could she not know how Su Bei did today?

Her gaze that conveyed the emotions of the character and shaped the character fully displayed her talent and ability as an actress.

She was shocked that Su Bei had such an ability!

And these were things she had spent many years before finally comprehending and grasping it.

Su Bei actually did it on her first shoot.

Hence, all these reposts were not because of ridicule as she had imagined. Instead, it was the crowd's shock and amazement.

The expression on Fang Yourong's face became tense. The assistant was about to continue mocking Su Bei when he saw her expression. He quickly lowered his head in fear and did not say anything else.

...

“How’s the situation?” Old Master Tang asked Tang Yue.

Tang Yue held onto her phone and was momentarily stunned. Clearly, Su Bei’s popularity and the comments she was receiving did not match her expectations.

Although the reporters that she had arranged were still slandering Su Bei’s acting skills, the truth was the truth. Everyone had eyes, and the truth was not something that could be changed with a few words.

“I don’t know much. Just show me the most popular video and comments,” Old Master Tang said to his assistant.

He was mentally prepared for Su Bei to be scolded. He also wanted to know how bad these netizens’ mouths were.

In the stormy entertainment industry, he would provide shelter for Su Bei.

The little princess of Sheng Tang would never be humiliated like this.

After today, he would bring Su Bei back and not let her have the chance to be criticized.

The assistant opened Weibo and directly read out, “My Su Bei is really too good. She directly proved to those who doubted her and made them shove their words back into their mouths!

“I have to say, Su Bei’s fighting scene is straightforward and clear. Her acting is of very high standards. I love it!

“It’s killing me. It’s really worth watching another hundred million times!

“Su Bei’s acting is really godly. Her teardrops have directly fallen into my heart.

“Mom asked me why I was kneeling and watching the video. It’s because I wanted to ask Su Bei if it was hard on her.”

When Old Master Tang heard this bunch of online comments, he didn’t quite understand what they meant, but he understood the key point. “These people are saying that Su Bei acted well?”

“Old Master, not only did she act well but she did a really outstanding job! To be honest with you, I’ve secretly watched it seven or eight times.” The assistant scratched his head in embarrassment.

“Quick, show it to me, show it to me!” Old Master Tang immediately snatched the phone from his assistant’s hand and clicked on the video. When he saw Su Bei’s acting, his old face could not help but be stunned. He was sweating for Ni Huang inside.

When he saw Ni Huang’s beautiful counterattack, his heart finally settled.
