

## **Chapter 71 Look at the Consequences of Breaching the Contract**

Su Bei picked up the microphone. Her fans were having a heated discussion with her anti-fans. Desperation was written all over their faces.

Seeing that Su Bei was about to speak, they stopped and looked at her with anxious expressions.

Su Bei calmly said, "Everyone, let me make it clear that I'm not here to participate in this event. I just wanted to tell you that I would never be a part of such a distasteful event that humiliates women. At the same time, I will never give up a stage like the Orisa Fashion Show!"

The host opened his mouth to stop her, but before he could say anything, someone came on stage and snatched his microphone away.

The fans were still skeptical of Su Bei's statement. "Then why are you here?"

The anti-fans, however, spared no effort in discrediting her. "Su Bei, since you're already here, you must have received the money for this event, right? Don't pretend like you're an angel."

All of them regarded the woman on stage with suspicious eyes.

"I only came here to tell all of you that the rumors aren't true. I'll definitely attend the Orisa Fashion Show. I hope you can keep supporting me in the future!"

When the fans heard her promise, they couldn't contain their joy. "Su Bei, we'll always support you! We know that you'll always have a plan," one of them said.

"Exactly! I'm going to tell the people in the chat group that Su Bei isn't just money-minded," another added.

However, the anti-fans didn't seem to believe her at all. Since they had all been bribed by Qiu Minxuan, they had to retort to whatever Su Bei said and spoil her image.

One of them shouted, "You said you wouldn't take part in this event, but you still showed up. Who knows what other things you'll lie about? We can't see what you do behind closed doors. They say you can never really know someone... but we can see right through hypocritical models like you!"

"Since you've already made up your mind, what can I do? You won't believe me at all, will you?" Judging from their words, Su Bei knew that these people were anti-fans.

She immediately took out her mobile phone and said, "This so-called KTV is an illegal venue. It hasn't been officially approved. It is just a front for prostitution. Today, I'm going to report this place to the police. When they arrive, I also want to sue some of you for slander. Everyone who questioned me just now, please stay here."

The anti-fans exchanged nervous glances; they hadn't expected that Su Bei would stand her ground firmly.

For the hundred-yuan bribe that they had been given, they were ready to come here and ruin her image, but they weren't ready to get into trouble. So as soon as they heard that the police were coming, they all scattered.

The only people who did stay behind were Su Bei's loyal fans. They had come here in person because they were really worried about her.

Su Bei said to them slowly, "All of you, please go home. I will give you a complete explanation later. Please don't let your personal affairs be disturbed because of me."

The fans were touched to hear these words. One by one, they left the venue.

The person in charge of the KTV heard the news and rushed over. He was fuming.

The crowd present didn't only include Su Bei's fans, but also a lot of random onlookers who were potential customers for the KTV.

How could they do business after the trouble that she had stirred?

He took out the contract and threw it in front of her. "Su Bei, look at these terms! Look at the consequences of breaching the contract! Even if you sell yourself, you won't be able to pay the damages!"

Without saying a word, Su Bei squatted down and carefully picked up the document.

## **Chapter72 Turning Point**

The man in charge of the KTV thought that Su Bei had given in, so he sneered, "You should have done this from the beginning, shouldn't you? Why did you have to stir up trouble if you're going to be obedient now? Well, just take part in the event, Su Bei. You will be paid handsomely."

At this moment, a group of policemen and related personnel rushed into the venue.

The man in charge of the KTV, however, stood there completely unafraid. After all, after the mention of the contract, how would Su Bei dare to go against him?

"What can I do for you? If there is no problem, please don't affect our ribbon cutting show, it's going to start soon," he told the policemen with a polite smile.

"We have received reports that there is an illegal fashion show in this KTV."

The man in charge went pale, but he stubbornly shook his head. "No, it's all legitimate. There's nothing illegal here."

"This KTV has not even been approved! What's more, you're running an illegal operation. Everyone here has to come with us!" a policeman said seriously.

Only then did the man in charge realize how serious the policemen were. It seemed that there was no way for him to escape!

Two men dressed in suits and leather shoes walked up to Su Bei. One of them said, "Hello, Miss Su. We're here to assist you. We're your lawyers. Let us handle this."

“Thank you.” Su Bei was particularly grateful to Lu Heting, who had hired these professional lawyers for her.

It was having such a solid backup that gave her the courage to stand up against this illegal KTV’s contract, as well as the unreasonable arrangements made by her father and her entertainment company.

She turned around and rushed outside.

A heavy motorbike was waiting for her at the entrance. As soon as Lu Heting saw her, he reached out and pulled her onto the pillion seat.

After Su Bei put on her helmet, the motorcycle raced towards the venue of the Orisa Fashion Show.

Fortunately, she had finished dealing with the KTV matter while the Orisa Fashion Show was still in the preparation stage.

There were still ten minutes left before all the models would walk out on stage.

It was not too late!

In the auditorium, Su Xingfu, Xu Zhiqin, and Du Luo were all seated in the front row, eagerly waiting to see Su Huixian’s first time on an international stage.

At the same time, Lu Heting took a seat in the corner with interest.

Su Bei hadn’t told him what her plan was. But even though he was worried, he believed that she would definitely find a way to stand on stage today.

His woman would be able to achieve it!

When Su Bei entered the backstage area, Su Huixian was changing into her costume for the show.

Several designers and assistants were fluttering around the area, tidying up the clothes for each model.

Qiu Minxuan was also helping Su Huixian.

Su Huixian felt a little thirsty. Or in other words, she felt nervous. To prepare for the show, she had barely eaten anything in the past few days.

All the outfits for the show were in a ridiculously slim size. If she put on even a little weight, she wouldn’t be able to fit into the clothes.

Because of that, she hadn’t eaten at all today.

She just picked up the glass of water in front of her and sipped at it, moisturizing her dry lips.

However, she didn’t dare to drink too much. It would be a pain if she had to go to the restroom later, because the clothes and shoes she had to wear for the show were almost impossible to take off by herself.

She took another sip and suddenly felt happy thinking of Su Bei, who had been sent to the KTV for an event.

Even if God himself descended to the mortal world, it would be impossible for Su Bei to reverse the whole situation.

Su Huixian was about to walk onto the stage of the Orisa Fashion Show. This would be a turning point in her career.

After this, Su Bei would never be able to surpass her!

Just as she smiled complacently, she spotted Su Bei in the backstage area.

How could it be possible?

### **Chapter 73 You Can't Provoke Her**

Didn't Su Bei go to the ribbon-cutting ceremony of that KTV?

Su Huixian saw it with her own eyes. Someone from the KTV came to pick Su Bei up. She even watched the car drive away.

And even if Su Bei changed her mind, people from the KTV wouldn't give her a chance.

After all, they were so eager to use Su Bei's fame to promote their KTV.

However, it was really Su Bei who appeared in front of her now.

Su Huixian blinked her eyes hard several times to make sure that she wasn't just seeing things.

She started feeling nervous, so she had to sit down first to calm herself down.

Since Su Bei was here, it meant that she didn't go to the KTV.

This also meant that she wouldn't be questioned or abused by her fans anymore.

"Huixian, don't be nervous. Even if Su Bei is here, she won't appear on the stage," Qiu Minxuan said to comfort Su Huixian.

She then looked at Su Bei and asked, "What are you doing here?"

Su Bei raised the invitation in her hand and said with a smile, "I'm here to be the substitute."

"Funny! Huixian is fine. How can she need a substitute? Su Bei, I think you're tired. You'd better go back and have a good rest. Don't be the cause of delay for the next jobs," Qiu Minxuan advised.

Su Bei flipped her long and curly chestnut hair over her shoulder, accentuating her bright and delicate face.

She then smiled and said, "How can she be fine? Su Huixian, I remember that you seem to have intermittent asthma."

Upon hearing Su Bei's words, Su Huixian's breath became more unstable, and her breathing became even more rapid.

Su Huixian always had intermittent asthma.

She had been suffering from this illness since she was a child. She lived with her mother, Xu Zhiqin, and had never had a father. Besides, she often heard people say that her mother was someone's mistress. This made her suspicious, sensitive, and self-abased.

Every time she went out to play with other children, she often couldn't fit into them.

The parents of those children didn't like them to have more contact with her.

So this had aggravated her asthma. As long as she felt too nervous or came into contact with something that could trigger her allergies, her asthma attacked.

Today, she had some breathing problems because she was very nervous for two reasons. First, it was her first time joining in an international fashion show. And second, she only stole this opportunity from Su Bei.

That was why she had been holding a glass of water and sipping it, trying her best to control her tension.

As long as she could control it, there wouldn't be a big problem.

Since she had returned to the Su family, she had lived a good life over the years. She was no longer as sensitive and inferior as she used to be.

So she didn't feel nervous so easily.

Her asthma would only attack once every few months.

At this moment, Su Huixian couldn't control her breathing after hearing Su Bei's words.

Qiu Minxuan hurriedly said to Su Bei, "Su Bei, Huixian will be on the stage soon. You can't provoke her."

"Why can't I? Who gave you the courage to say that to me?" Su Bei smiled and continued, "After you stole my opportunity and arranged an event that can ruin my reputation for me, I'm not allowed to fight back?"

Qiu Minxuan helped massage Su Huixian's chest and comforted her, "Don't worry. It will be okay. Just relax."

"Are you sure everything will be okay? I was the one who poured the glass of water she drank just now," Su Bei said calmly with a faint smile on her face.

"Su Bei! You... You put something in... What did you put in my water?" Su Huixian panted heavily. Her face flushed as she was running out of breath.

#### **Chapter74 You Can't Go on the Stage**

"Well, why don't you guess?" With an indifferent look on her face, Su Bei's eyelashes cast a shadow on her face.

Qiu Minxuan was utterly shocked. She didn't expect that Su Bei would drug Su Huixian. "Su Bei, how can you do this? Why did you drug Huixian? Are you out of your mind?"

The more Su Huixian inhaled deeply, the more anxious she became. She felt like something was blocking her chest, suppressing the air.

She wanted to say something, but it seemed that she couldn't speak anymore. Her face flushed, and her whole body trembled.

"Su... Bei... you... How dare you... drug me!" she said word by word. Her voice was filled with resentment.

Su Bei just looked at Su Huixian with a calm expression.

The memories from five years ago flashed in her mind. Back then, Su Huixian had pretended to drug her. That incident made her lose all her credibility, and she was isolated from her family overnight.

It had been five years. And now, she had Da Bao. This time, she came back not because of hatred and revenge but for Da Bao's future.

However, Su Huixian targeted her again. Su Huixian robbed her of the job opportunity that she relied on to guarantee Da Bao's future.

How dare Su Huixian talk about drugging people!

Where did Su Huixian get the confidence to question her?

Su Bei's delicate red lips curved into a smile. Her beautiful eyes under her exquisite eyebrows were sparkling.

While taking out Su Huixian's medicine, Qiu Minxuan shouted, "Doctor! Doctor, please check on Huixian!"

When the doctor backstage heard her voice, he rushed over.

Her voice was so loud that even Mr. Cadri, the person in charge of the show, came over to them. And upon seeing Su Huixian's situation, he said worriedly, "Su Huixian, you can't go on the stage."

"No! I... I can..." Su Huixian was so surprised when she heard what Mr. Qadri said. She tried her best to explain, "I... I will soon... be fine..."

But she didn't sound convincing at all.

She couldn't even breathe properly. How could Mr. Cadri believe that she could still walk well on the stage?

Su Bei had a cold expression on her face, but she just looked at Su Huixian calmly.

Su Huixian looked at Su Bei with extreme hatred. She hated the fact that she lost the ability to have a big fight with Su Bei now.

She really wanted to dash at Su Bei and strangle her beautiful neck.

But unfortunately, she couldn't. She was afraid that if she moved, she would lose her breath.

Mr. Cadri turned to the doctor and said, "Doctor, please treat Su Huixian. Stylist, and makeup artist, help Su Bei fix her hair, outfit, and makeup."

"Mr. Cadri... Please... I can really..." Su Huixian begged anxiously.

She had done a lot for this opportunity. Su Xingfu and Du Luo were waiting for her in front of the stage. They were so eager to see her wonderful performance.

What was more, this was also another turning point in her life. If it went smoothly, she wouldn't only become an international star. Du Luo's parents would also think highly of her and allow them to get married.

She wouldn't allow herself to get into trouble.

However, the more anxious Su Huixian was, the more flustered she got. And her breathing became heavier and unstructured.

"Su Huixian, you'd better have a good rest. You will surely have another chance next time," Su Bei said gently but with a sneer in her eyes.

At the moment, Mr. Cadri had no time to care about Su Huixian. So after entrusting her to the doctor, he asked some people to deal with Su Bei's affairs.

Su Huixian couldn't do anything but just watch Su Bei put on the clothes that she was supposed to wear, put on the beautiful makeup, and get ready for the show.

## **Chapter75 The Grand Entrance**

Su Bei was full of energy tonight. And with all her exquisite features, she looked so beautiful and stunning.

After the makeup artist put makeup on her, her face showed an implicit classical oriental beauty.

Mr. Cadri, who was very satisfied with her, said, "Go ahead, beautiful oriental girl. Go to the stage and show your oriental charm."

In the audience, Su Xingfu, Xu Zhiqin, and Du Luo were excitedly waiting for Su Huixian to come out.

Su Xingfu and Du Luo had seen countless big shows. But this was their first time to see Su Huixian on the stage, so they were full of expectation.

Xu Zhiqin was in high spirits because she had also heard about what was going on between Su Huixian and Su Bei.

Su Bei was trying to steal something from Su Huixian? How dare she!

Her short-lived mother was dead. What else could she do?

As long as Su Huixian could step on the international stage, their status in the Su family would become more stable. Then the marriage to the Du family would just be around the corner.

Once her reputation rose to the top, the Du family would forget the fact that she was the daughter of a mistress, right?

Xu Zhiqin flipped through the brief introduction in her hand and whispered to Su Xingfu, "Hubby, our daughter is coming out soon."

"Yes. Well, Huixian is always excellent," Su Xingfu replied with a nod.

Du Luo also smiled and chimed in, "Huixian has been working very hard. She practiced until late at night every day. She only deserves to be here."

At this moment, Lu Heting sat in the corner with a slight frown on his face.

According to the brief introduction of the show, Su Huixian would be the next to come out.

He wondered how Su Bei was doing backstage.

Although he knew that she was a smart woman, he couldn't be rest assured until he saw her appear on the stage.

Actually, he had a little regret. He shouldn't be sitting here. Perhaps he should have gone backstage earlier to help her deal with everything.

With the rhythm of the music, a model from S Country appeared on the stage.

A veil covered her face, but the well-tailored dress that wrapped her body revealed her long, slender, and straight legs. She emitted the aura of both modern and classical beauty.

Following the beat of the music, she started to walk on the catwalk confidently.

Seeing her come out, Lu Heting felt relieved.

Others might not be able to recognize her. Maybe they all thought that she was Su Huixian, whose name was written on the brief introduction. But for Lu Heting, this woman's face had been lingering in his heart for five years.

So as soon as she showed up, he immediately knew that she was Su Bei.

He couldn't be prouder of her.

His woman was really amazing, beautiful, and very good.

The exclamation and applause from the audience made his heart swell with happiness. He wanted to tell them all that she was his woman.

She performed so perfectly that he felt excited.

On the stage, Su Bei also saw Lu Heting at a glance.

He always kept a low profile and stayed in places with few people.

But even if he sat in the corner, his brilliance and aura still stood out among the crowd.

There was warmth in Su Bei's heart. She felt so good to see that he was there.

The smile on Xu Zhiqin's face widened as she exclaimed, "Hubby, how wonderful our daughter is!"

Su Xingfu nodded secretly. It seemed that what he did was right. This international stage only belonged to Su Huixian.

For him, Sue Bei just couldn't accept her stepmother and stepsister, so she made trouble all the time.

How could she fit this stage?

Du Luo also had the same thought. 'Su Bei is too arrogant and willful. She is only willing to accept the glory on the stage, but she doesn't know how much effort she needs to make behind it. Only Huixian understands the relationship between effort and gain.'

### **Chapter 76 She's Su Bei!**

There was thunderous applause from the audience.

Su Bei then walked to the front of the stage, stopped, and took off her veil.

This was the planned sequence of her performance on the stage to show the connection between the oriental classical culture and modern culture.

As soon as she removed her veil, the reporters in the front row couldn't help but say, "She's not Su Huixian! Even with heavy makeup, the difference between them is very obvious."

"Those long legs and amazing features... Isn't she Su Bei, who got the first place in the second-round test?"

"Yes, that's Su Bei! I know her. She won first place in the second-round test. Her legs are simply a treasure. I can't be wrong."

"Indeed, that's Su Bei!"

"Su Bei!"

"Hurry, let's take photos of her! I didn't expect her to be this beautiful. She's killing my camera!"

"It seems that she is more suitable to be on that stage than Su Huixian."

Xu Zhiqin's face darkened at once. As a mother, she could tell that the woman at the center of the stage was not her daughter.

Su Xingfu and Du Luo were both surprised. Was that Su Bei on the stage right now? Yes, it was really her!

Her self-confidence, perfect performance, oriental charm, and shocking long legs were like loud slaps on their faces.

When they came back to their senses, Su Bei was already gone, and the other models appeared on the stage.

Xu Zhiqin didn't dare to talk to Su Xingfu anymore. She still believed that Su Huixian would definitely be on the stage.

However, the show was about to end. All the models went back to the stage for the final curtain, but Su Huixian hadn't shown up yet.

Xu Zhiqin was so angry that she rushed backstage without letting Su Xingfu and Du Luo know.

Su Huixian was still there, having some rest. She felt much better now after taking medicine. As soon as she saw Xu Zhiqin approaching, she threw herself into Xu Zhiqin's arms and burst into tears.

"Huixian, what is going on?" Xu Zhiqin asked anxiously. "What trick did Su Bei play this time?"

Qiu Minxuan answered on her behalf, "Mrs. Su, Su Bei put something in Huixian's water, which triggered her asthma. Since Huixian was disqualified, Su Bei was able to walk on the stage."

"Damn it!" The expression on Xu Zhiqin's face drastically changed. She then said fiercely, "How dare she play such a dirty trick on my daughter! I will definitely ruin her reputation."

She let go of Su Huixian and said to Qiu Minxuan, "Call the police right now. Keep all the evidence. We have to ask Su Bei for an explanation."

"I've already called the police and collected all the evidence. This is the glass that Huixian used. We've also asked someone to check the surveillance video, and Su Bei did touch this glass," Qiu Minxuan replied.

As an agent, she couldn't dare to neglect such a big thing.

"Where is Su Bei now?" Xu Zhiqin asked angrily.

"She's still being interviewed in front of the stage."

When Su Huixian heard this, she felt sad again.

The opportunity to be interviewed by the press was supposed to be hers.

Su Xingfu and Du Luo followed Su Zhiqin backstage. And the looks on their faces also changed when they heard such a thing.

Su Huixian, who had been crying bitterly just now, stopped and said, "Dad, Du Luo, although Su Bei drugged me, I believe that she didn't mean to hurt me. Maybe she just lost her sanity for a moment. The only thing that saddens me and makes me depressed is that she has become like this. Why does she hate me more and more?"

Seeing the tears that streamed down her face, Du Luo hurriedly hugged her to comfort her. "It's okay. Since you have already called the police, let them teach her a lesson."

Then he thought inwardly, 'Also, this will stop Su Bei from taking the wrong path and harming others and herself. It's better to wake her up this early than let her ruin herself in the future.'

## **Chapter 77 I'll Be on Your Side**

In the interview.

Since Su Bei was just a substitute, she attracted a lot of attention.

“Su Bei, why did you show up on the stage instead of Su Huixian? She was the one on the list, right?”  
The reporters were all curious.

Su Bei smiled and replied, “Really? I haven’t seen the list yet. I don’t actually know much about it, and I think it’s inappropriate for me to express my opinion.”

Of course, she knew the reason. But she didn’t bother to reveal any details to them.

But her answer would surely cause a stir on the Internet, and all doubts would be directed at Su Huixian.

Sure enough, her answer was on the hot searches. After all, it was Su Huixian’s name that had appeared on all the promotions and lists that day.

On Weibo, Qian Yu Entertainment Company’s, Qiu Minxuan’s, and Su Huixian’s accounts had all showed their support for Su Huixian.

Consequently, lots of people were talking about why Su Bei’s name wasn’t on the list, but she was the one who showed up on the stage.

For a while, everyone was scolding Su Huixian for trying to steal the spotlight, and for creating an illusion that she was going to be on the stage to attract fans. But the reality slapped her in the face.

Being mocked, she couldn’t get the chance to save her reputation.

Just when she was being ridiculed so badly, Qiu Minxuan posted on Weibo, “We have identified the person who made Huixian unable to take part in the show. And we have already reported this matter to the police. So now, we are waiting for that person to be brought to justice.”

Su Huixian also posted on Weibo, “To all my fans, I’m so sorry. I wasn’t able to go on the stage because someone drugged me. Sorry for disappointing all of you. But now that the police have started their investigation, I believe they will give me and every one an explanation soon.”

For a moment, their posts made everyone speculate.

Was it really Su Huixian who should perform on the stage?

But it was Su Bei who got first place in the second-round test. It was only justifiable for her to be on Orisa Fashion Show.

She couldn’t really drug Su Huixian, could she?

Su Huixian’s and Su Bei’s names quickly went viral on Weibo.

Many people were discussing what had happened tonight.

However, after watching the video of Su Bei’s performance, everyone was attracted by her. She was so radiant that many people who hadn’t watched the show live couldn’t help but repeatedly watch the one-minute clip that she appeared.

After Su Bei’s interview, Lu Heting called her.

“I’ll wait for you at the gate of the venue,” he said in a low and mellow voice.

“Maybe the police will also come with me,” she replied in a low voice.

Lu Heting was silent for a moment. Su Bei laughed and said, “Why don’t you go home first? I’m worried about Gun Gun.”

“Aunt Chen is there to take care of him. I’ll wait for you.”

When Su Bei was about to hang up, Lu Heting said, “No matter what happens, I’ll be on your side.”

Such words sent warmth to her heart.

She hung up the phone and walked out of the venue.

Lu Heting really waited for her in the corner at the gate.

She walked over to him briskly. With his promise, she felt that she didn’t need to be afraid no matter what happened.

“Su Bei.” Lu Heting reached out his hand and took hers.

Caught by his big hand, Su Bei grinned.

She guessed it right. Several policemen approached her and asked, “Are you Su Bei?”

“Yes, it’s me.”

“Someone called us and reported that you drugged someone, so you have to come with us for investigation.”

“Okay,” Su Bei said with a relaxed smile. She already knew this would happen.

Lu Heting took two steps forward and said, “I’m going with you.”

## **Chapter 78 So, What Was the Truth?**

The police saw Lu Heting as Su Bei’s family member, so they did not stop him.

At the police station, Su Xingfu shouted angrily, “Su Bei! You have really gone too far! Why have you become like this?”

“Isn’t it that the father should be blamed when his child does something wrong? The ancestors said that very clearly,” Su Bei said lightly.

Su Xingfu got more furious.

So Su Huixian hurriedly said, “Dad, don’t be angry. Sit down first.”

“Uncle, let me have a few words with Su Bei,” Du Luo said.

“No need. I don’t want to talk to you,” Su Bei didn’t even cast a glance at him. But she suddenly realized that Lu Heting was not there anymore.

Maybe Lu Heting was not used to incidents like this, so she didn’t think about it too much.

Du Luo sighed. "Su Bei, I know that you really want an opportunity to prove yourself. But you must not rely on tricky means like drugging others to achieve your goals."

"Who are you to say that to me? Do you think you have the right to judge me? Whether I've used any drug or not, only the police and the doctors can judge. You don't need to be a moral mentor here," Su Bei said coldly.

Du Luo was rendered speechless by her words.

The police came over and took her to the next room.

When she got inside, she found that it was a very comfortable single room. No one would bother her there, and she could just sit down and have a rest.

She wore a pair of high heels tonight. Although it only took her more than a minute to stand on the stage, these shoes had tortured her for several hours.

There was even a pair of slippers prepared for her.

Lu Heting came in. Su Bei smiled and said, "Here you are."

"I went to buy you a cup of hot milk." He put the cup in her hand, squatted down, and put the slippers on her.

She felt relaxed after changing into a pair of slippers.

Then she took a sip of milk, feeling a little drowsy.

"If you are tired, rest for a while. I believe the results will come out soon."

"Okay." Su Bei closed her eyes.

She didn't know why, but she felt so secured when she was with Lu Heting. So as soon as she closed her eyes, she fell into a gentle slumber.

Lu Heting looked at Su Bei's sleeping face with satisfaction. It seemed that it was the right decision to prepare a suitable room for her to rest.

He opened his Weibo and saw that Qiu Minxuan and Su Huixian had posted again.

This time, it was a short clip from the surveillance video.

In the video, Su Bei was pouring water for Su Huixian. In the middle, she touched Su Huixian's glass.

After pouring the water, she put the glass back on the table.

Then after a while, Su Huixian picked it up and took a few sips of water unsuspectingly. The next second, she had an asthma attack.

That was the reason why she was not able to go on the stage.

The video caused an uproar on the Internet.

When people thought of the earlier posts they made on Weibo, it was easy for them to imagine that Su Bei had really drugged Su Huixian. When Su Huixian became ill and was disqualified, she replaced Su Huixian.

Su Huixian had been developing her career in her homeland, and she had a lot of fans. So she immediately got a lot of supporters. “No matter what, Su Huixian’s name was on the list of Orisa Fashion Show. She should have been the one in this show. But since she didn’t make it, there must have been something wrong.”

“I didn’t expect that such a beautiful woman like Su Bei would have a vicious heart.”

“No matter what happens, one shouldn’t use drugs to get what he or she wants.”

“I’ve just become Su Bei’s fan. But now that she has shown her true colors, should I weep for myself?”

So, what was the truth?

### **Chapter 79 A Protective Husband**

The voices that supported Su Bei before were suppressed by the voices scolding her at the moment.

Even the organizing committee of Orisa Fashion Show had called Su Huixian to comfort her.

Mike said to her, “Miss Su Huixian, don’t worry. We are also waiting for the result from the police. Once it comes out, we will give you what you deserve.”

“Thank you, Mr. Mike.” Su Huixian felt very honored to receive a call from the director of Orisa Fashion Show.

Wasn’t it a blessing in disguise? She actually got a personal greeting from Mr. Mike!

But when Mike hung up the phone, he also wondered who was right and who was wrong.

If Su Bei really did such a thing, he would never give her any chance in the future. He gave her the substitute slot, but she failed to live up to his trust.

The glass that Su Huixian used was given to the doctors and was now being checked in the laboratory.

So no one left. They all wanted to wait for the result and get enough evidence to give Su Bei a death blow to her career.

After making such a mistake, would she still want to gain a foothold in the entertainment industry?

The Orisa Fashion Show, Qian Yu Entertainment Company, Su family, Du family, and the whole entertainment industry would become witnesses while she ruined her own career.

“Don’t be afraid, Huixian,” Du Luo said gently. “I’ll be here with you all the time.”

“Dad, Mom, you can go home and have a rest. Du Luo and Minxuan are with me,” Su Huixian said to her parents thoughtfully.

But how could Xu Zhiqin leave her daughter like this? She shook her head and said, "I will wait for a result with you. I don't know what kind of medicine was put in the water. What if it's harmful to your body?"

As she spoke, she turned to look at Su Xingfu.

Upon hearing her words, Su Xingfu's anger at Su Bei intensified. The way she hurt her sister was too much for him to bear.

Actually, Su Huixian had already recovered, and she didn't feel anything wrong now.

But since she wanted to totally bring Su Bei down, she continued to put on an act. With a trace of sadness on her face, she said, "I'll have a general checkup tomorrow in case you and Dad worry about me."

Su Xingfu and Xu Zhiqin sat on the bench and waited.

Su Bei was still sleeping soundly in the room. There was no trace of worry on her face but a sense of relief.

Lu Heting said to his assistant, "Watch out for the result and don't let anyone do any tricks. If the result is favorable to Su Bei, immediately clear her name all throughout the network."

"What if it turns out to be unfavorable to Miss Su?" the assistant asked with concern.

"That's impossible!" Lu Heting looked down at his woman.

She would never do anything wrong.

And even if she did something wrong, it must be someone else who did it first. She was only left with no choice but to also do it.

The assistant faintly felt that his boss was slowly developing into a protective husband.

No. Actually, he had already become one. And his level of protection was constantly rising.

It was already late at night when Su Bei woke up. As soon as she opened her sleepy eyes, she looked at the starry sky outside the window. Then she took a photo of it and posted it on Weibo.

The night sky was high, and the stars were shining brightly like diamonds scattered on the flannel.

After she posted the photo, she received a lot of negative comments. Su Huixian's fans swarmed over and cursed her harshly.

"Huixian had a relapse because of you. How shameless of you to remain calm!"

"You are a troublemaker. The law will definitely punish you severely."

"No one can do evil things and just get away with them. Su Bei, your modeling career is over!"

Only Su Bei's own fans were still trying their best to protect her.

When she stood up, Lu Heting came in and said, "The doctors and the police have made some progress. Do you want to go to the scene to have a look?"

## Chapter 80 No Drug Found

“Okay,” Su Bei quickly replied.

She then looked at Lu Heting and asked, “Mr. Lu, don’t you want to know the cause and effect of this matter?”

“No need. You must be right.” Lu Heting tucked her forelock behind her ear.

“What if it’s really my fault?”

Lu Heting said in a deep voice, “Do I look like I’m here to accompany you or to uphold justice for someone?”

There were stars twinkling in Su Bei’s eyes when she burst into laughter.

Her mood became more relaxed.

When they walked out of the room, Xu Zhiqin hid the viciousness in her eyes and stared at Su Bei fiercely.

Su Huixian, on the other hand, put on a pitiful look while in Du Luo’s arms.

As Lu Heting followed Su Bei, he deliberately kept a low profile. It was nighttime, and no one could see his appearance clearly.

Su Xingfu looked at Su Bei angrily and said, “Su Bei, you must apologize to Huixian and come back home after the truth comes out. I won’t allow you to make a fool of yourself again.”

Thinking that she snatched Su Huixian’s chance to appear on the stage, he felt that her stunning performance was nothing special.

“Dad, don’t be angry at Su Bei. The result will be out soon,” Su Huixian persuaded gently.

Du Luo just gave Su Bei a meaningful look.

The police and the doctors came over and stood in front of them.

“What’s the result?” Xu Zhiqin asked hurriedly.

As soon as she got the result, she would ask Qiu Minxuan to post it on the Internet and let everyone condemn Su Bei.

How dare she drug Su Huixian! She had to bear the consequences.

Su Huixian also waited for the result nervously.

A policeman swept his gaze over them with a complicated expression and said, “This glass of water is all clean. There’s no drug in it. We also haven’t found any suspicious drugs backstage. Besides, the doctor in Orisa Fashion Show has given us a clear statement that Su Huixian’s asthma was triggered by her nervousness. No drug has been found in her body. Here are all the examination reports.”

Following the policeman’s words, the expression on Su Huixian’s face changed little by little.

In the end, the confidence in her eyes shattered into pieces and disappeared.

She shook her head. "No way! Su Bei personally said that she drugged me."

Standing aside, Su Bei asked in a lazy tone, "Really? Did I say it myself? Or it was merely your guess?"

It was only then that Su Huixian realized that Su Bei indeed didn't say anything about drugging.

It was just her one-sided conjecture.

She was already nervous because it was her first time to stand on the big stage. She was worried that she would not perform well and others would compare her to Su Bei.

Then when she heard that Su Bei was the one who poured water for her, she got more nervous, which triggered her asthma. Besides, when the person in charge was determined to replace her, she was so nervous that she couldn't even speak.

There was nothing in the water.

"Su Bei, you..." Su Huixian pointed at Su Bei.

Su Bei looked at her indifferently.

Because she was too suspicious, and she was determined to bring Su Bei down, she thought that she had got something on Su Bei and immediately called the police. Then she kept posting on Weibo in an attempt to snail Su Bei to the pillar of shame in history.

But in the end, it was she who had to bear the consequences. Even if the police would not pursue the charges, the public would definitely scold her mercilessly.

With complicated expressions on their faces, Su Xingfu and Du Luo looked at her. "Huixian, are you deliberately going against Su Bei?"
