

Chapter 721: Oppressing Su Bei

"I don't agree!" This time, Old Master Tang had witnessed Su Bei's path through the storms. He doted on her even more and wanted to protect her.

He was very dissatisfied with the investor's intention.

CEO Liu spread out his hands. "Old Master Tang, I don't want to continue arguing about money. The outside world is saying that Su Bei is a jinx. If you don't agree to replace her, then you can invest in your own granddaughter. We won't be accompanying you anymore! I'll take my leave now!"

Old Master Tang was so angry. "Who dares to talk about my granddaughter like that? How did this spread?"

Tang Yue helplessly replied, "Everyone has their own opinions on this matter. I've also investigated, but I couldn't find the source."

"If they want to withdraw, so be it. We'll continue to invest!" Old Master Tang said.

"Grandpa... The shareholders don't agree," Tang Yue said. "Once the other investors leave, we'll be under a lot of pressure and the risk will increase by several times. I've already tried my best, but unfortunately, I can't convince anyone."

Although Old Master Tang was the head of the Tang family, his company, especially Sheng Tang, had long been listed on the market. He was no longer the only one who could make decisions.

The shareholders did not agree to continue investing, so they were only faced with one option—replacing Su Bei.

Even if Old Master Tang didn't agree, there was nothing he could do.

...

The matter quickly reached Su Bei's ears.

She understood Old Master Tang's helplessness.

Tang Yue led her men to Director Guo Feng and Su Bei. She said, "Director Guo Feng, Su Bei, I'm very sorry. The other investors are about to withdraw their investments, and the shareholders of Sheng Tang don't agree with us continuing our investment. The only choice is to replace Su Bei."

The entire crew was in low spirits. After putting in so much effort, this was the result.

Everyone looked at Su Bei.

Su Bei stood up and said, "I'll leave."

"Su Bei, Grandpa and I have worked hard to try and deal with it, but I'm sorry. There's really no other way," Tang Yue said regretfully.

Su Bei looked at her. She believed that her grandfather had done the best he could. As for Tang Yue, Su Bei was suspicious of her.

In order not to implicate everyone, Su Bei could only bear all of this herself.

However, with such a reputation, it would be difficult for her to get any more movies or activities.

Return to the runway?

That was clearly telling everyone that she had failed, which was why she returned.

She would be slapping herself in the face.

Su Bei gently exhaled and was about to turn around when Director Guo Feng stood up. "President Tang, I'll leave with Su Bei."

Tang Yue looked at him in surprise. "Director Guo Feng, do you know what you're saying?"

Withdrawing the investment was just Tang Yue's way of oppressing Su Bei. Breaking up the production team was not her goal.

It was because she knew that this project would make money...

"I've said it before. If something like this happens, Su Bei and I will bear the responsibility together!" Director Guo Feng was very firm.

Lin Yu stood up unsteadily. "Wait for me, Su Bei. Let's have hotpot tonight!"

The rest of the staff were only here because they trusted Director Guo Feng. Seeing this situation, many of them stood up as well and said, "Let's follow Director Guo Feng."

"We'll go wherever Director Guo Feng goes."

Some of the other actors were looking at Director Guo Feng, while others were Lin Yu's fangirls.. When they saw this scene, they couldn't help but stand up too. "Lin Yu, wait for us!"

Chapter 722: Without You, It'd Be Soulless

It didn't matter if Su Bei was a jinx or not. When they were working together with Su Bei, they had always been quite happy. Su Bei was also very empathetic toward the staff. Most of the filming was done in one take, so it was very easy to film her scenes.

Just because of some rumors from the outside world, they had to give up their cooperation with Su Bei? Bah!

With that, there weren't many of them left.

Besides, Director Guo Feng and Lin Yu could be said to be the most important people for this movie. If they left, what could they do?

Tang Yue's expression darkened. "Do you know what you're doing? Don't you want to earn money? Don't you want to support your family?"

“I’m sorry, President Tang.”

“Do you know the consequences of breaching the contract?” Tang Yue questioned loudly.

Lin Yu had one hand in his pocket. “Are the investors responsible for Su Bei’s injuries on set? With so many problems, has President Tang ever asked a single question? Breach of contract? President Tang, you can talk to my lawyer!”

Tang Yue immediately felt a little guilty. The others were easy to deal with, but Lin Yu’s lawyer was said to be the toughest to deal with in the industry. Sheng Tang did not need to offend such a tough nut.

Some left with Director Guo Feng, while others stayed behind.

Someone immediately reminded Tang Yue. “Director Guo Feng was the one who wrote the script this time, so if Director Guo Feng leaves, this project will completely fall apart.”

Those who stayed behind were dumbfounded. If they had known this would happen, they would have been more stubborn and left with Director Guo Feng.

Tang Yue angrily waved her hand. With money, there was no need to worry about not having a good script and a good director? As for Su Bei and Guo Feng, she wanted to see how they would find investors!

However, all the effort she had put in earlier was in vain. At the thought of this, Tang Yue still felt a little upset.

Su Bei looked at Director Guo Feng and Lin Yu. “I’m really sorry for making you suffer with me.”

“Without you, this script of mine would really be soulless,” Director Guo Feng said. “Anyway, my whole family is living just fine right now. I can wait for other investors.”

Lin Yu patted Su Bei’s shoulder. “I was just worried that I wouldn’t have time to eat hotpot. Great, now I have enough time. Let’s go, Su Bei. Let’s go together. You said you’d treat us.”

“...” Su Bei was a little speechless. Could it be that Lin Stone followed them out so excitedly just to eat hotpot?

And since when did she agree to treat?

Su Bei waved her hand and said to all the actors and staff who followed her out, “Let’s eat hotpot tonight. My treat!”

...

After finishing their meal, the matter still needed to be resolved.

Su Bei had to find new investors within seven days.

Otherwise, with so many people waiting to earn money, they could not wait too long.

Su Bei was actively contacting investors, but her situation had been getting out of hand recently.

Now, even Sheng Tang Entertainment did not think highly of Su Bei. With the shareholders' opinions, how could the investors from elsewhere accept this hot potato?

Su Bei held the script and bit her lip. Others might not know how much she liked the role of Ni Huang, but she knew how much she had sacrificed for this role.

Lu Heting knew better.

He sat down and said softly, "I've already contacted a new investor for you."

"I'm contacting them myself." Su Bei smiled. "However, those people are avoiding me because they're afraid that I'll suck away their good luck."

"Ignorant fools.." Lu Heting pursed his thin lips. "They'll regret it one day!"

Chapter 723: A Little Superstitious

Su Bei knew that no matter what happened to her, only he and their two sons would never leave her.

Lu Heting lowered his head and lifted her chin. He said seriously, "After I met you, everything became better. It's the same with Gun Gun. So, it's not your fault. It's theirs."

"Yes." Su Bei nodded heavily.

"Leave the matter about investors to me. I have an idea," said Lu Heting.

Su Bei smiled at him. "Why is my husband so versatile? He knows everything!"

"Because he's your husband." Lu Heting lowered his eyes and smiled. Being able to see his woman smile was the best thing that happened every day.

"My husband is so good. I don't know how to repay him..." Su Bei sighed softly. "I'll cook something nice for you!"

Lu Heting pulled her into his embrace.

What could be better than her?

...

Old Master Tang was very worried about Su Bei's condition.

He blamed himself. He promised to protect Su Bei, but in the end, Sheng Tang Entertainment hurt Su Bei the most. He couldn't even bring himself to meet Su Bei.

Tang Yue comforted him. "Grandpa, it's not your fault. Don't blame yourself."

"Sigh." Old Master Tang remained silent for a long time.

Tang Yue walked out and saw Tang Xinru walking over.

Tang Xinru looked at her with a probing gaze. "How much did you interfere in Su Bei's matter?"

“Cousin, you really know how to joke. Su Bei has Grandpa protecting her and so many people helping her. What can I interfere with?” Tang Yue seemed to have heard the funniest joke in the world.

“Moreover, there are so many investors and our company’s shareholders. Is it something that I handle alone?”

“You just didn’t handle it well.” Tang Xinru knocked on Old Master Tang’s study door.

“You’re crazy!” Tang Yue scolded in a low voice.

...

This time, Su Bei’s career had almost come to a standstill.

Apart from her loyal fans and friends, almost everyone else was laughing at her. Su Bei’s journey was simply too smooth. There were countless people waiting to see her fall.

Su Bei let Xiao Bai go to the various large fan groups to appease the fans. She was also trying her best to contact investors.

However, at the moment, all the investors in S Country were skeptical of Su Bei. Those who had made big money were more or less superstitious. No one wanted to easily fall into a trap for Su Bei.

Therefore, Su Bei’s situation was very unclear.

Just then, Tang Yue announced the good news. The jewelry, jade, and antique fair that she had been preparing for was about to be held.

“Su Bei, come join us.” Tang Yue smiled. “It’s time for you to relax.”

“Alright, I’ll definitely come then.”

“Don’t mind me holding an event at such a time. I’ve been preparing for this for almost a year and have already chosen the date. I really didn’t expect it to clash with your matters.”

Tang Yue apologized with a hint of pride in her voice.

Su Bei said nothing.

Meanwhile, the public and all the relatives in the Tang family were praising Tang Yue. “She’s indeed a child of the Tang family. She’s so capable.. Not only does she manage Sheng Tang well but she even started her own business and achieved outstanding results.”

Chapter 724: Can Only Be Tang Yue’s Foil

“That’s true. Don’t you know how Tang Yue was raised? She was personally groomed by Old Master Tang and raised by her parents. She must be different.”

“Su Bei is different. Tsk tsk, she’s still a child who was raised outside, after all...” Everyone’s words were filled with contempt for Su Bei.

“Why else would they say that Su Bei wasn’t good from the very start? She has been wandering outside since she was young, and her ability is not good to begin with. Now, she is causing chaos everywhere she goes. I heard that those who have interacted with her will suffer!”

Tang Yue listened with satisfaction.

Soon, the jewelry, jade, and antique fair was held under Tang Yue’s leadership at the capital’s luxury shopping mall, Grand Prosperity Tower.

That night, the number of people attending the fair was so large that the entire venue was about to collapse. Everyone knew that there were jewels, jade, and antiques from all over the world being displayed here. There were also many antiques from S Country. All of them were expensive and enviable items.

Some wealthy ladies from wealthy families, as well as movie stars, were in attendance.

There were also many collectors and artists who loved jewelry and antiques.

The Tang family also appeared early in the morning to share Tang Yue’s glory this time.

However, Su Bei never showed up.

The relatives and friends of the Tang family were all discussing, “I’m afraid Su Bei won’t come, right?”

“That’s true. I was really afraid that she would come. What if she brought disaster to this fair?”

“Forget it, forget it. It’s fine as long as Tang Yue is here. Anyway, Su Bei is just a supporting role. She probably knows this too, so she doesn’t dare to come.”

“If she comes, she can only be Tang Yue’s foil. If it were me, I wouldn’t come either.”

Tang Yue held her wine glass and smiled.

In fact, Su Bei had already arrived but was waiting in the other hall of the Grand Prosperity Tower.

Lu Heting had said that he would introduce her to an investor tonight and asked her to wait here. Su Bei waited patiently.

The hall was not decorated as grandly as Tang Yue’s fair. Instead, it was decorated in a delicate and elegant style. It was not luxurious, but it gave people a pleasant sense of comfort.

Lu Heting sat in his office and said to Lu Hang, “Get Li Qisheng here.”

“Immediately,” Lu Hang replied. He knew that Mr. Lu was an impatient man. How could he watch Young Madam suffer for so long?

Li Qisheng was the general manager of Lu Corporation’s Di Xing Media Company and had worked with Lu Heting before.

When he heard that Mr. Lu was looking for him, he rushed over immediately with a document in his hand. Actually, he had something to ask Lu Heting.

Standing in front of Lu Heting, Li Qisheng asked respectfully, “Mr. Lu, what’s the matter?”

Lu Heting's gaze fell on the document in his hand and he glanced at Su Bei's photo. "What are you holding?"

"About that..." Li Qisheng hesitated.

"Just spit it out."

Li Qisheng quickly said, "This is Su Bei. Mr. Lu, you might not know her, but she's a very popular model recently and also an actress. I've seen the video of her acting and I think very highly of her. Recently, she encountered some problems and I wanted to sign her, but..."

When Lu Heting heard this, he calmly leaned back in his chair and a smile appeared on his face.. He felt proud that someone was praising Su Bei.

Chapter 725: Bring The Check And Follow Me

Lu Heting glanced at Li Qisheng. As expected of the general manager of Di Xing Media, he had good taste.

Li Qisheng suddenly looked up and saw the smile on Lu Heting's face. He was stunned for a moment. He had worked with Lu Heting before and been around for a long time. However, this was the first time he saw the man smile like this.

He was stumped. Lu Heting's abnormal behavior was putting him under a lot of pressure.

"Continue. But what?"

"However, her reputation isn't very good. Recently, she has been embroiled in scandals. Everyone says that her luck isn't good. Working with her will cause bad luck to the entire company. Therefore, I don't dare to take this risk..." This was also the reason why Li Qisheng hadn't contacted Su Bei.

Lu Heting's face darkened. Li Qisheng thought he was unhappy. That's right. The people who had worked with Su Bei before were all so unlucky. It was normal that Mr. Lu didn't want to hear about this.

Furthermore, Mr. Lu didn't care who Di Xing Media signed.

Li Qisheng regretted asking Mr. Lu this. He immediately said, "Mr. Lu, please tell me what to do. I don't dare to bother you with other things."

"Do you also believe those groundless rumors?" There was a hint of dissatisfaction in Lu Heting's voice.

"I don't believe that, but it's hard to explain to the shareholders. Actually, there are many good actresses, but I have a feeling that Su Bei can become a peerless superstar. There aren't many good actresses with such qualifications." Li Qisheng couldn't help but talk non-stop when he mentioned Su Bei.

Li Qisheng realized that he had said too much and quickly shut up.

“Su Bei is currently in the Tang family’s own company. I’m afraid she won’t find another company anytime soon. If you have the intention, invest in Two Phoenixes first.” Lu Heting tapped the table lightly. He had asked Li Qisheng to come over for the investment as well.

He had thought that he would have to spend some effort to convince Li Qisheng, but he didn’t expect Li Qisheng to think highly of Su Bei. Lu Heting could actually predict that many people in the industry, who were being quiet right now, actually thought highly of Su Bei. It was just that there were many people who had no choice and no one could directly seek out Su Bei, which led to this situation.

Li Qisheng was surprised. Mr. Lu knew Su Bei? And he knew her quite well? Could it be that Mr. Lu also...

“Bring the check and follow me now.”

“What about the shareholders?” Li Qisheng was really shocked. Mr. Lu actually wanted to personally invest in Su Bei? What kind of treatment was this?

Even Jia Shiyun of Di Xing Media, who was rumored to be personally groomed by Mr. Lu, had never received any resources from Mr. Lu.

Now, Mr. Lu was taking the initiative to invest in Su Bei?

“Do I need them to agree to my decision?” Lu Heting narrowed his eyes.

Li Qisheng understood and immediately followed Lu Heting. Who cares? Since Mr. Lu had already spoken, he would just do as he said. Besides, wasn’t it his own intention to invest in Su Bei?

Su Bei was waiting in the Grand Prosperity Tower when the door to the hall opened. Lu Heting and Lu Hang walked out together with a man in his early 30s.

Lu Heting walked to Su Bei and introduced her to him.. “This is the general manager of Lu Group’s Di Xing Media Company, Li Qisheng.”

Chapter 726: It Must Be Mr. Lu

Along the way, Lu Hang had already told Li Qisheng about Lu Heting and Su Bei. He told him to keep his mouth shut.

Only then did Li Qisheng recover from his shock. In other words, Su Bei was Mr. Lu’s wife? The legitimate young madam of the Lu family?

Li Qisheng, who had regained his senses, knew what to do. He immediately reached out and shook hands with Su Bei. “Su Bei, Di Xing Media has already decided to invest in Two Phoenixes. The male and female leads will be cast by people from Di Xing Media.”

Su Bei hadn’t even greeted him when Li Qisheng said he wanted to invest. She was both surprised and delighted. Her eyes shone brightly. “Thank you, Manager Li! Then, let’s sit down and discuss this in detail.”

“No need. I’m very optimistic about this movie. Let’s sign the contract tonight! I’ve just informed the reporters. I’m afraid they’ll be arriving soon. Su Bei, are you ready?” Li Qisheng asked.

Su Bei had always been prepared, but it was too fast. She immediately reacted. "I'm ready."

The moment she said that, reporters rushed in from the entrance. Director Guo Feng, Lin Yu, Lu Weijian, and others also appeared.

Soon, the entire hall was filled with people.

Han Feng, who was going to play the male lead in *Two Phoenixes*, and Rong Xiu, who was the female lead, had been notified by Li Qisheng. They rushed to the scene.

The reporters did not know what was going on and hurriedly took photos while discussing, "Han Feng, Rong Xiu, and Su Bei are all here. What are they doing?"

"I don't know, let's wait and see!"

Fans who knew that Han Feng and Rong Xiu had come and heard the news also rushed over. They raised fan signs at the entrance of Grand Prosperity Tower. In an instant, there was a commotion.

Although the reporters didn't know what was going on, the gathering of big shots meant that something big was about to happen. All of them were especially excited.

When Li Qisheng stood on stage, Su Bei found a chance to speak to Lu Heting. "Lu Heting, how did you convince Manager Li to agree so quickly?"

"I'm not too sure either. Maybe he thinks highly of you." Lu Heting was indeed a little surprised because he had arranged for Li Qisheng to come over and invest while making sure that everything was in order. He thought that Li Qisheng would first discuss it with Su Bei before confirming the details of the contract.

However, the first thing Li Qisheng said when they met was that he was going to invest. Hence, his surprised expression wasn't an act but a genuine one.

Su Bei could not find any traces of acting on his face.

Su Bei said, "You've already helped enough by finding him."

"Actually... he was the one who approached me first and asked if I could get in touch with you." Lu Heting was telling the truth. It was Li Qisheng's intention to work with Su Bei.

Thinking that his woman was so popular, Lu Heting was full of pride but also felt a subtle sense of danger. There were more men who genuinely liked Su Bei than he imagined.

Of course, Li Qisheng probably didn't dare to like Su Bei.

Li Qisheng stood on stage and was about to speak when he felt a cold gaze on him.

His body trembled. Needless to say, he knew that the person who could release such a powerful aura was definitely Mr. Lu.

Fortunately, he was quick-witted. The moment he opened his mouth, he confirmed his investment with Su Bei. He wanted to end the battle quickly. In front of Young Madam, the pressure was too great.. He had no choice but to hurry up.

Chapter 727: The Big Shot Lu Family Isn't Afraid

However, he really didn't expect Mr. Lu to be so quick and settle the matter with Young Madam.

In terms of ability to handle matters, Mr. Lu was definitely the best!

Li Qisheng withdrew his thoughts and said to the audience, "Thank you all for coming today to participate in our investment signing ceremony. I hereby officially announce that Di Xing Media has invested in Two Phoenixes. The actor and actress from Di Xing Media, Han Feng and Rong Xiu, have joined the cast. Their roles are Xiao Jinghe and Hua Yingrong. Su Bei and Lin Yu will continue to play Ni Huang and Han Zhan. The entire cast and crew will still be Director Guo Feng's original team."

The audience was in an uproar. "I never thought that Di Xing Media would invest in them at this time!"

"Yeah, I thought that Two Phoenixes would definitely be scrapped."

"What surprises me even more is that Di Xing Media didn't replace Su Bei!"

"How unexpected!"

"Lu Group is the real boss of the industry. They're not afraid of rumors at all. They can do whatever they want. Awesome!"

"That's right. Lu Group has always been able to handle such matters. Let's not talk about Su Bei's matter being false. Even if it's true, with the big shots of the Lu family, would they not be able to handle it?"

Han Feng and Rong Xiu came after receiving an emergency notification. They didn't expect Li Qisheng to have already assigned them roles.

Although they were famous, they hadn't taken on any jobs recently. Coincidentally, their popularity in the industry had declined, so they were quite satisfied with this arrangement. After all, they were the male and female leads. There was nothing to be unhappy about.

It was Su Bei... They looked at Su Bei and saw her in person. They could clearly see her astonishing beauty and outstanding figure. The two of them secretly puffed up their chests. It was best not to be crushed by a newcomer.

"Now, if anyone has any questions, feel free to ask them!" Li Qisheng said.

The reporters immediately threw out a series of questions.

At Tang Yue's fair, many distinguished guests were invited and there were also many ordinary guests. They had applied online to get tickets to attend.

Just as Tang Yue was introducing the guests to them, some of the ordinary guests heard that a press conference was being held next door and couldn't help but look forward to it.

It was because Han Feng and Rong Xiu were both artists with a certain level of fame. Many people wanted to see them!

Moreover, when they heard that Director Guo Feng and Lin Yu were also there, everyone was even more excited...

“Did you know? Lin Yu is here too.”

“Really? I’ve been Lin Yu’s fan for five whole years, but I’ve never seen him in person before. I really want to see him.”

“Right? Right? Me too. Why don’t we go over there and take a look?”

Immediately, many young girls wanted to go see Lin Yu and Han Feng, so they sneaked over.

Once they left, the husbands, boyfriends, and family members who came with them could only follow them to protect them.

Soon after, the artists at the fair also heard a piece of news. “The higher-ups of Di Xing Media are all here? Are you sure?”

“Of course, I’m sure. The manager and general manager of Di Xing Media are all here. Li Qisheng personally went on stage. Director Guo Feng’s entire team is here as well. It looks like tonight’s scene is very lively.”

“Di Xing Media is the best media company in the industry.. It’s a pity that we can’t even touch the door.”

Chapter 728: Ruining Herself

“Actually, let’s go and take a look. This event here is not that important, right? What if we meet the higher-ups and managers of Di Xing Media there...”

The artist didn’t continue, but everyone knew what she meant. If the people of Di Xing Media were to take a liking to them, then their future would be completely different from now on.

What did they lack? They did not lack looks, but luck. They lacked better opportunities.

They didn’t come to the fair for jade, jewelry, or antiques, but because the senior management of Sheng Tang Entertainment would be present.

However, even if all these entertainment companies were added together, they still might not be able to compare to Di Xing Media. So who wouldn’t want to go next door to take a look?

After a while, these people also disappeared.

Tang Yue was commenting on her collection of antiques and jade. In the blink of an eye, more than half of them had disappeared.

She was instantly displeased. What was wrong with these people? Why did they come to her fair and leave right after? What were they thinking? The tickets to the fair were hard to come by. It was not something people like them could easily get.

To leave without waiting for it to end, these people were really shameless!

She wanted to see who gave them the right!

Some of the wealthy ladies were also trying to find out what was going on. Their assistants and drivers quickly brought back news. "I heard that someone from Di Xing Media is over there announcing something about an investment. Lu Weijian is also there. I heard that there are higher-ups from Lu Group present as well. Perhaps the person in charge of the Lu family is also there."

This time, the hearts of the wealthy ladies and heiresses were hooked.

Lu Group was a force to be reckoned with in the capital and even the entire S Country. Who in S Country would not want to be associated with the Lu family?

Lu Weijian often traveled around the world, so they didn't always have the opportunity to befriend him.

Besides, what if the mysterious person in charge of Lu Group was also here?

No matter what, being able to gain Lu Group's favor was a hundred times better than becoming friends with the Tang family.

Even if the person in charge wasn't around, it would be great if they could make their names known in front of the management.

These people were different from ordinary guests and celebrities. Before leaving, they had to inform Tang Yue.

They all walked up to Tang Yue and said with a smile, "Miss Tang, I still have some matters to attend to at home. I'll make a move first."

"I'm sorry, Miss Tang. My mother suddenly has a headache. I'll accompany her outside to rest."

"Miss Tang, thank you for your hospitality. We'll take our leave first."

"Everyone, I haven't displayed all my treasures yet. Why don't you guys stay a little longer?" Tang Yue urged them to stay.

However, these people wanted to make their names known in front of Lu Group, so how could they stay?

Tang Yue took a look at the situation and realized that it was not even 8:30 PM yet. All these wealthy ladies who had nothing better to do usually played until midnight before going home.

Tonight, everyone suddenly said they were leaving at this hour. What was wrong with them?

Tang Yue was furious. At this moment, Tang Xinru stepped forward. "Tang Yue, I'm leaving too. Goodbye."

Even Tang Xinru was leaving. Wasn't she blatantly ruining her reputation?

Old Master Tang said, "Tang Yue, isn't the fair still continuing tomorrow? These people left tonight but they could still come tomorrow night.. I guess everyone wants to enjoy it tomorrow night instead."

Chapter 729: Accepted Some Random Lowly Event

Old Master Tang's words did not comfort Tang Yue at all.

Although the fair was being held for two days and two nights, the opening was already such a failure. How could they wait until tomorrow?

Everyone had already left tonight, so why would anyone come tomorrow night?

"Alright, leave it to the staff. Go home and rest with me." Old Master Tang's heart ached for his granddaughter.

Tang Yue had no choice but to walk out with Old Master Tang.

When she walked out, she realized that the hall opposite was packed with people. Security guards had been dispatched to separate the fans outside.

Those fans were all holding fan signs. Some were Han Feng's fans, some were Rong Xiu's fans, and some were Su Bei's fans. Tang Yue snorted. "Morons!"

Old Master Tang said with a straight face, "How can you say that? You're one of the higher-ups in the entertainment industry. You know that celebrities and their works are the spiritual food of their fans. It's understandable for them to behave like this. Plus, you have the responsibility to guide them. Be rational and follow the right path."

"Yes, Grandpa. You're right." Tang Yue had no choice but to admit her mistake.

Hearing the screams from the fans, Old Master Tang smiled and said, "Su Bei is here too? I want to take a look."

"I'll accompany you," Tang Yue said.

She wanted to see what Su Bei was doing here! With no investors for Two Phoenixes and Su Bei refusing to return to the runway, her recent life was rumored to be a tragic sight. The outside world was also filled with curses directed toward her.

If Su Bei appeared here tonight, did it mean that she had accepted some random lowly event?

This time, she could show Grandpa what a piece of trash his favorite granddaughter was.

Tang Yue got someone to give her a special passageway. She entered with Grandfather Tang and stood in the front row.

Unexpectedly, as soon as he stood in place, a rich lady next to her was discussing with another lady, "I really didn't expect Di Xing Media to invest 300 million in Two Phoenixes! Oh my God, this is really Lu Group's style!"

Tang Yue was also surprised. Lu Group's Di Xing Media?!

Two Phoenixes were really lucky.

She quickly asked, "Mrs. Wang, has the cast for Two Phoenixes changed?"

“They changed it. How could they not?” Mrs. Wang thought that she was asking about the male and female leads. Of course, they were replaced.

Tang Yue felt much better. Lu Corporation would not invest in Su Bei. They wouldn’t be interested in her.

After this incident, Su Bei would have no work.

Old Master Tang did not look too good, but it was fine. Lu Group did not fancy Su Bei, but there was still the Tang family! He did not believe that his granddaughter would have no resources!

Tang Yue said regretfully, “Grandpa, it looks like Su Bei’s luck isn’t too good. Lu Group’s Di Xing Media is so generous, yet they want to replace her. I’m afraid she’s probably very upset now.”

Just as Tang Yue finished speaking, Li Qisheng smiled and said, “All of us are very optimistic about Su Bei’s role as Ni Huang, so please look forward to Su Bei’s acting.”

Su Bei went on stage and bowed to everyone. “Thank you for your support.”

Dressed in a simple white dress, she stood on the stage and shone brightly. Li Qisheng’s attitude toward her was so earnest that Tang Yue was stunned.

“Didn’t they say that the cast has changed? But Su Bei is still here?” Tang Yue muttered to herself in shock.

Chapter 730: No Reward?

Mrs. Wang said, “The male and female leads were replaced by people from Di Xing Media. Su Bei is really lucky. Not only did Di Xing Media not replace her but they’re even praising her. Who would dare to call her a jinx now?”

Another rich lady added, “That’s right, who else would say that? Didn’t you hear what Li Qisheng said? Di Xing Media thinks highly of Su Bei!”

Tang Yue felt extremely uncomfortable. She looked around and saw that almost all the guests who had appeared at her fair were here. Everyone was discussing Two Phoenixes and the topic was related to Su Bei.

It turned out that those who left earlier had all come here!

She knew in her heart that these people were here for Lu Group and Di Xing Media, not for Su Bei.

However, now that Su Bei had received the investment from Di Xing Media, how could it make her feel good?

Tang Yue’s heart twitched. The feeling she had when she was young when she saw Su Bei being pampered while she was neglected came back. Not only did the feeling suffocate her, but it also grew. She looked at Su Bei’s figure on stage with a cold gaze.

Old Master Tang was in a good mood. "That's right. Who dares to say anything bad about my granddaughter? Lu Group has good taste!"

Tang Yue felt even worse.

As she accompanied Old Master Tang out, she felt extremely uncomfortable.

Tang Jianming and Lin Shulian also came forward. When they heard that Su Bei had found an investor for her new movie, they were happy for her. "Thank goodness, thank goodness. This investment is better than before. Su Bei really got a blessing in disguise."

"Yeah, Su Bei is really lucky," Tang Yue said with a forced smile.

"Now, the rumors outside will surely dissipate!" Old Master Tang said seriously.

Tang Yue felt extremely upset. Everyone in the family was happy while she was forcing the smile on her face.

The people of Lu Group really had bad taste!

However, Tang Yue felt a little better when she thought that they were investing so much just to support their artists. Su Bei was just a supplementary factor.

The grand investment signing ceremony was finally over. Su Bei returned to Lu Heting's car and rubbed her stiff face, still unable to hide her excitement.

"I told you Director Guo Feng's script wouldn't be buried. The people from Di Xing Media have good taste. The companies under Lu Group are really not bad!" Su Bei smiled and said.

Lu Heting smirked. This silly woman didn't know that it was all because of her.

There had always been many good scripts, but she was the only Su Bei who was worthy of Lu Heting personally using the resources of his subsidiary company to support her.

"Director Guo Feng is still sending me WeChat messages. He's probably too excited to sleep tonight," Su Bei said as she replied to Director Guo Feng's messages.

Lu Heting saw that she had her head slightly lowered. Her long eyelashes fluttered and covered her bright eyes. Under her thick, seaweed-like hair, a corner of her chin was revealed. She was lively, cute, yet lazy and elegant. Once he remembered that she was his woman, his heart started beating strongly.

He tilted his head and planted a kiss on Su Bei's face.

Su Bei raised her face and smiled. "Drive properly! Be careful or you'll be punished by the traffic police."

"Only punishment, no reward?" Lu Heting tilted his head and looked at the woman.

"What reward do you want?" Su Bei smiled at him.
