

**Chapter 731: One Step Late For Everything**

“As long as it’s from you, it’s the best.” There was a strong tone of happiness in his deep voice.

Su Bei tilted her head and looked at him. “Then I’ll give you an answer.”

She reached out and grasped his hand with her slender fingers.

...

The matter of Di Xing Media investing in Two Phoenixes made it to the headlines.

As an investor, Di Xing Media did not replace Su Bei and their decision caused a huge sensation.

[Su Bei is really lucky to get an investment from Emperor Star Media.]

[It’s not like Di Xing Media is investing in her. Why are you making things seem better than they are? It’s obvious that they just want to promote Han Feng and Rong Xiu.]

[No matter how jealous you guys are, Su Bei is safe this time! With Di Xing Media as her backer, as her fan, I’m not afraid of leaving comments.]

[Don’t worry, don’t worry. I, a Su Bei fan, am prepared to defend my idol!]

The filming location didn’t even need to be moved as they could just continue filming there.

With the investment from Di Xing Media, everyone was happy and felt that it was right to follow Director Guo Feng.

“Su Bei, treat me to hotpot tonight.” As Lin Yu ate the spicy sausage, he panted and didn’t forget to ask Su Bei about hotpot.

Su Bei went over and pinched his arm. He looked thin in clothes but she felt his muscles.

“Lin Stone, you are truly a genius!”

To be able to maintain such a good figure while eating like this, Su Bei admired him a lot.

“It’s because I eat hotpot.” Lin Yu knocked her head.

“Su Bei!” Director Guo Feng walked toward Su Bei. “Do you know how many investors have been looking for me today and requesting to invest in our movie along with Di Xing Media? And those investors from the past have come too!”

Su Bei smiled. “Did you agree?”

“Of course not!” Director Guo Feng also vented his anger. “Do they think they can follow Di Xing Media just because they want to?!”

Lin Yu looked deeply at Su Bei. "That's right. These people didn't even think about it. Does Di Xing Media lack that bit of money? These people have terrible taste. No wonder Di Xing Media is at the top while they'll forever be at the bottom. I'm worried for them!"

Director Guo Feng looked Su Bei up and down. Although Di Xing Media said that they had their eyes on his script, he still felt that they had their eyes on Su Bei.

Therefore, he was actually still a little worried. He was afraid that Su Bei would be targeted by the people of the Di Xing Media who would steal her away...

It was such a pity for such a good girl.

Li Qisheng's ears burned. Who was talking about him behind his back?

Su Bei went for a casting. An investor found Lin Yu and almost knelt down to hug his thigh. "Help me. Let me invest in this movie. Otherwise, I'll be beaten to death when I go back."

"Who asked you to come here?" Lin Yu kicked him in disdain.

"I'm from Haohan Investment! I rushed here overnight, but it's too late. If I don't invest in Two Phoenixes, I'm afraid I won't be able to live past tonight!" The investor was practically crying.

He had no one to look for, so he could only beg everyone. Lin Yu was his last straw of hope.

Haohan investment? Wasn't that Feng Ze's company?

Lin Yu broke out in a cold sweat for Feng Ze.. Why was he always one step behind Lu Heting in everything? He had already sent the news to Feng Ze, but Feng Ze's men still came so late.

### **Chapter 732: Look At Whose Brother I Am**

Seriously! Feng Ze knew Su Bei since so long ago, but Lu Heting had already thrown him out of the game. Lin Yu really wanted to grab Feng Ze's shoulder and ask him what he was doing.

Lin Yu finally sent this person away.

Director Guo Feng's assistant came over and asked Lin Yu to change his clothes. He gave him a bottle of coke and asked curiously, "Superstar Lin, who was that person just now?"

"An investor. He's in a hurry to invest in Two Phoenixes." Lin Yu was speechless at his boss. He deserved it.

The assistant looked at the investor's back and said, "These people need to be quicker on their feet!"

"Pfft!" Ling Yu spat out a mouthful of coke. "Don't talk if you don't have nice things to say."

The assistant quickly covered his mouth.

...

Li Qisheng reported the matter about the previous and new investors' intention to invest.

“Did they invest as they hoped to, then?” Lu Heting asked without looking up.

“That’s impossible. I’ve rejected all of them! It’s just that there’s a huge investment company that’s very generous. They said that they’re willing to invest 500 million. I don’t dare to make the decision on my own...” Li Qisheng was frightened by this investment and came to look for Lu Heting.

This finally caught Lu Heting’s attention. He lifted his eyes as a cold glint flashed across his eyes. The image of the noble and emotionless young man appeared before him.

He was also here to help Su Bei?

Unfortunately, it was too late!

“Reject him,” said Lu Heting.

Li Qisheng quickly agreed. Seeing that Lu Heting had nothing else to say, he quickly retreated.

Lu Heting stopped him. “How are Han Feng and Rong Xiu’s characters?”

“They’re both good. They definitely won’t cause any trouble for Young Madam.” Li Qisheng patted his chest and guaranteed. He didn’t dare to randomly select the male and female leads. He did not dare to offend Young Madam?

Lu Heting was satisfied.

Li Qisheng looked at Lu Heting. He wanted to say something but hesitated. However, he didn’t dare to ask any more questions and quickly left.

Turning around, he bumped into Lu Weijian.

“My head! Can you watch where you’re going?” Lu Weijian covered his head and complained.

Li Qisheng hurriedly apologized. Upon seeing that it was Lu Weijian, his face turned grim. “Mr. Weijian, there’s something that only you can help me with!”

“Go ahead. Someone as capable as me would never refuse to lend a helping hand.” Lu Weijian put on a confident expression.

Li Qisheng knew that what he said just now had worked. He said, “Of course. Mr. Weijian, you’ve always been very capable. You always help us resolve our problems. You’re like an angel from Lu Group.”

“Of course! Don’t you know whose brother I am? Hurry up and get down to business.”

“Mr. Lu and Young Madam have already confirmed their relationship. How should we deal with Jia Shiyun?”

Lu Weijian was taken aback. “Who is Jia Shiyun?”

Li Qisheng couldn’t take it anymore. He patiently said, “Four years ago, you and Mr. Lu personally instructed me to groom Jia Shiyun and not neglect her.”

Lu Weijian was bewildered.

Li Qisheng suspected that he had met a fake Lu Weijian, so he could only take out his phone and show him the photo.

“Do you remember now, Mr. Weijian?” Li Qisheng began questioning his life.. He had spent four years accumulating all the good resources for Jia Shiyun. Did he misunderstand the task?

### **Chapter 733: The Life Of A Rich Man Is Boring But Blissful**

Could it be that he was dreaming when Lu Heting and Lu Weijian were sitting in the office and told him about it?

When Lu Weijian saw the photo, he finally remembered and said, “Her? There are no changes. Just continue as before. Do your job well.”

Li Qisheng: “...”

What about the future of Young Master Lu’s family?

He really didn’t expect that a man as serious as Mr. Lu would be such an... irresponsible jerk!

No, no, no. Mr. Lu wasn’t a jerk. He was just overly sentimental.

The life of a rich man was really boring but blissful!

If Li Qisheng hadn’t reminded him, Lu Weijian wouldn’t have remembered who Jia Shiyun was.

Now, he remembered. Wasn’t she the fiancée of the doctor who operated on Gun Gun?

Back then, when Gun Gun was brought back to the Lu family, he suffered from a very serious heart disease. Many doctors said that he could not be cured.

At that time, the whole family thought that Gun Gun would die prematurely.

Fortunately, a young doctor appeared. Despite everyone’s suspicious gazes, he operated on Gun Gun and the child fully recovered under his care. The entire Lu family, especially the elders, treated him as an honored guest of the Lu family and were willing to satisfy all of his requests.

However, he didn’t ask for anything on his behalf. He only begged Lu Heting to let his fiancée Jia Shiyun join Di Xing Media because it was her dream.

She even requested the Lu family not to tell her the truth. They wanted her to think that she had fought for it with her own ability.

Lu Heting naturally wouldn’t reject such a small request, so he agreed immediately. Together with Lu Weijian, he personally instructed Li Qisheng.

“Sigh, this doctor is so devoted.” Lu Weijian lamented. “She’s so popular now. I wonder when she’ll marry the doctor. Anyway, my sister-in-law is still in Sheng Tang Entertainment. There won’t be any conflicts with her. It doesn’t matter.”

“Mr. Weijian, what did you say?” Li Qisheng felt that his words were too profound for him to understand.

“It’s nothing, it’s nothing. Manager Li, go ahead and do your own things.” Lu Weijian waved his hand. Since he had already promised the doctor about Jia Shiyun’s matter, he naturally had to keep his promise and wouldn’t spout nonsense.

...

That night, Tang Yue’s jewelry, jade, and antique fair was still open for business.

Although it ended badly last night and Su Bei stole all the limelight, unexpectedly, there were more people at the fair tonight than last night.

Tang Yue felt much better.

However, what she didn’t know was that the reason why there were so many people tonight and why some of them were even more respectable than last night was because Di Xing Media had held a high-profile investment press conference last night!

Many people who missed out on it last night came here today. They hoped that they could get to hear some good news as those who came last night. They hoped that they would be able to see the higher-ups of Lu Group!

However, to everyone’s disappointment, there was no press conference tonight. Only Tang Yue’s fair was still on-going.

Therefore, they had no other place to go but here.

Tang Yue finally heaved a sigh of relief.. Tonight’s event had made up for last night.

### **Chapter 734: Best Treatment**

Just as she was thinking about it, someone came over and said, “President Tang, Jia Shiyun is here.”

“Please come in!” Tang Yue said immediately.

Jia Shiyun was currently the number one star of Di Xing Media. Every year, she would receive the best resources, and her popularity was extremely high. Furthermore, Di Xing Media was very meticulous in handling all of her matters.

What was even rarer was that she had a very good reputation. She had almost no scandals and was a pure celebrity in the entertainment industry.

Hence, her fans were madly in love with her.

The people in the industry, such as Tang Yue, had long heard that she was the woman the mysterious person in charge of Lu Group had taken a fancy to. That was why she received such treatment. Naturally, they treated her with respect.

The respect that the people in the entertainment industry had for her had unknowingly increased Jia Shiyun's popularity and status. Even though she had only entered the entertainment industry for less than four years, she enjoyed high popularity and a steady stream of resources.

Tang Yue was such a smooth and slick person. Naturally, her attitude toward Jia Shiyun improved.

"Miss Jia, it's truly an honor for you to be here at my fair. It's such a refreshing sight! I feel like my fair is suddenly filled with warmth." Tang Yue went over to welcome her.

Actually, this was the first time she and Jia Shiyun had met, but they were very familiar with each other. It was as if the two of them had a deep relationship and were very close.

Jia Shiyun was also happy to build a good relationship with the people in the industry. She smiled and said, "I heard that you're very talented, and your various businesses are flourishing. I've long admired you. It's my good fortune to be able to meet you today."

"You flatter me, Miss Jia. Please come over and have a seat," Tang Yue said with a smile.

Jia Shiyun was accompanied by her manager, Tian Jinnuo, and another artist from Di Xing Media, Jia Jia. They were all people who had close relationships with her.

Naturally, Tang Yue was also very enthusiastic toward them and arranged for someone to bring them coffee, tea, and fruit platters.

Tang Yue even presented Jia Shiyun with precious stones for her to admire.

Actually, Jia Shiyun's motive for coming here was not for the fair. With her current popularity, there was no need for her to come and see all these. She came here for Lu Group.

Although she was receiving the best treatment in Di Xing Media, she didn't understand why. After all, her beauty and talent weren't that outstanding.

She had always thought that Li Qisheng was interested in her. However, Li Qisheng had never asked her out. Instead, he treated her and spoke to her with respect.

Jia Shiyun was cautious. All this while, she had repeatedly probed Li Qisheng's attitude. Finally, she found out that it was the head of the Lu family who requested Li Qisheng to support her.

Initially, she was very against it. The person in charge of the Lu family might be an old man or even Lu Weijian's father. She was determined not to obey and had thought of leaving Di Xing Media several times.

However, in the face of such high-quality resources that someone in the entertainment industry might not be able to obtain even if they worked hard their entire lives, she hesitated and gave in.

Even if the other party was an old man in his 70s or 80s, she would accept it. Furthermore, she had asked around and found out that Old Master Lu was only in his 70s or 80s. The head of the Lu family was at most in his 50s. It was better than her fiancée, who had to work night shifts every day.

In the past few years, although the person in charge had never looked for her, she knew that the person in charge of Lu Group regarded her highly.

## Chapter 735: To Accompany Her At All Costs

However, she had no idea who the mysterious person in charge was, how old he was, or when he would look for her.

She had only seen Lu Weijian a few times, let alone the person in power.

She heard that Lu Weijian and the Lu family showed up last night, but she missed the opportunity by staying at home the whole day. That was why she rushed to the scene tonight, hoping to get a chance.

Hence, she was completely distracted and did not hear Tang Yue's words.

Tang Yue could tell that Jia Shiyun's mind wasn't here when she saw her indifferent attitude. She smiled and said, "Miss Jia, please take a look around. I'll go greet other guests."

"President Tang, go ahead." Jia Shiyun stood up. Tian Jinnuo and Jia Jia hurriedly followed behind her.

They could all see Jia Shiyun's disappointment because tonight, instead of Lu Group or Di Xing Media, there were only irrelevant activities being held in Grand Prosperity Tower. There was no sign of the higher-ups at all.

Tian Jinnuo was Jia Shiyun's manager, so she knew how she felt. She said, "Shiyun, let's take a look at the jewelry. We're already here anyway."

"Alright," Jia Shiyun said. She touched the jade on her neck. It was an expensive piece of jade, but the last time she took a bath, she accidentally cracked a little.

She was also thinking of getting a new piece.

Although she had quite a lot of valuable items in her safe, she had worn this piece the day she entered Di Xing Media. It was also a gift from Di Xing Media. She had always regarded it as her lucky charm. If it wasn't for the fact that she couldn't fix it, she wouldn't have wanted to replace it.

Thus, Jia Shiyun decided that she had to choose a very good piece to replace this one.

"Shiyun, take a look at this. It's not bad," Tian Jinnuo pointed at a piece of jade and said to Jia Shiyun.

Jia Jia couldn't help but say, "Yes, Sis. It's very elegant and matches your temperament very well. Why don't we take a look at this? Or we can get President Tang to come over and introduce us to the items."

Jia Jia was a newbie signed by Di Xing Media. Because she shared the same surname as Jia Shiyun, she was very close to Jia Shiyun the moment she arrived. She also deliberately tried to please Jia Shiyun. Jia Shiyun was also happy to have another sidekick, so they addressed each other as sisters.

Just as Jia Shiyun and the rest were looking at the jade, Su Bei came in.

She had brought Lin Moli along because Lin Moli heard that she was coming to the jewelry fair and wanted to come along to take some photos.

Su Bei would definitely not reject such a request.

Lin Moli loved photography very much and had a camera hanging around her neck. The moment she entered the venue, she was shocked. She shook Su Bei's arm and said, "Su Bei, Su Bei, it's so beautiful! There are so many pretty things here. I have to take good photos tonight. I'm afraid I won't have enough memory space!"

Lin Moli sighed as she looked around.

"Of course. As long as it's allowed, you can take any photos you want." Su Bei really couldn't do anything about her. Lin Moli liked to take photos, which was similar to Lin Yu's passion for hotpot. Of course, she had to let her good friend enjoy it to her heart's content.

Su Bei had received Tang Yue's invitation. She originally planned to come over yesterday, but because of the investment signing ceremony, she did not make it.

When she heard that it would also be held today and that Lin Moli wanted to come, she decided to accompany her friend at all costs.

### **Chapter 736: I Won't Smash Anything, I'll Just Take A Look**

She walked around the venue and realized that Tang Yue was the only one from the Tang family present. It was probably because her family had all come here yesterday, so they didn't come today.

Tang Yue was accompanying a lady who looked like a noblewoman. Su Bei did not go up to greet her and merely casually watched her.

The entire exhibition hall covered an area of over a thousand square meters and was filled with all sorts of jewelry, jade, and antiques. Su Bei was shocked that Tang Yue had such capabilities.

If she really didn't rely on Old Master Tang to hold this fair, she was indeed capable.

The culture of S Country had been around for thousands of years. There were a lot of precious antiques. However, real antiques were getting rarer day by day. Very few people were able to showcase them. However, Tang Yue had a lot of them.

Suddenly, Su Bei saw a few colorful enamel vases in front of her. They seemed familiar as if she had seen them somewhere before.

She thought for a while before remembering that she had seen them in Feng Cheng's dilapidated house last time.

At that time, Feng Cheng said that those things were all fake and were casually made, so he smashed everything in one go.

Then, what about the things here?

Su Bei quickly took a few photos and sent them to Feng Cheng.

Feng Cheng replied quickly: [They're fake.]

[Are you serious?] Su Bei saw that Tang Yue's brochure claimed they were genuine antiques from a certain dynasty. The first time a warrior was seen by everyone, it was very entertaining.

[They're really fake!!] Feng Cheng typed agitatedly.

[Okay, okay, okay. I got it.] Su Bei did not plan to buy them, and Tang Yue might not want to sell them either.

Feng Cheng sent a few WeChat messages asking Su Bei where she was and where she saw these things. He said he was coming.

Su Bei replied: [You won't come here to cause trouble, will you? Don't. I can't afford to pay for these things. If you really have such thoughts, I won't dare to tell you the address.]

Feng Cheng was silent for a while before replying: [I won't smash anything. I'll just take a look.]

[Okay, you've promised.]

After Feng Cheng promised, Su Bei sent him the address.

"Su Bei, this is really great! Why didn't I know about this yesterday? If I had known, I would have come yesterday..." Lin Moli pretended to cry as she clapped.

"If you don't hurry up, you won't be able to finish taking photos today. Quickly put away your tears." Su Bei laughed.

Lin Moli loved photography and was best at capturing still objects. Hence, this place was like heaven to her.

She excitedly walked forward while Su Bei followed behind her. Suddenly, Lin Moli accidentally bumped into Jia Shiyun who was walking toward her.

Jia Shiyun was wearing high heels. She stumbled and almost fell. Fortunately, Tian Jinnuo and Jia Jia supported her.

Lin Moli was also supported by Su Bei, so she didn't fall.

"I'm sorry. Are you alright?" Lin Moli apologized. Both of them were in a hurry, so they bumped into each other.

Strictly speaking, no one was in the wrong.

Especially since Lin Moli had already apologized first.

However, Tian Jinnuo was fuming. "How could you have bumped into me? Do you know what the consequences are? Can you afford to pay the compensation for crashing into someone?"

Jia Shiyun's schedule was very packed. She still had to go on stage tomorrow. If she had gotten injured, it would definitely affect her performance on stage.. Hence, Tian Jinnuo was very angry.

**Chapter 737: Compensate**

Jia Shiyun didn't want to be nosy, so she said, "Jinnuo, forget it. Don't argue."

"Y-You're Jia Shiyun?" Lin Moli recognized her and couldn't help but exclaim in surprise, "I've seen the movie you acted in. It's not bad. I really didn't expect to see you here."

"Shiyun, you're too magnanimous. Fortunately, you were fine after getting bumped into. Otherwise, the consequences would have been dire," Tian Jinnuo said.

The group of people ignored Lin Moli.

However, just as Jia Shiyun took a step forward, the jade necklace around her neck fell to the floor.

Jia Jia knew how important this necklace was to Jia Shiyun, so she hurriedly reached out to pick it up. Her expression changed drastically as she said, "Sis, there's a crack on it."

Tian Jinnuo quickly took it and looked at it. It was indeed a very big crack. Her expression also changed.

"Shiyun, what should we do?"

Jia Shiyun snatched it over and took a look at it. Apart from the crack that she had caused herself, there was now another long and thin crack, causing this piece of jade to instantly become flawed.

If the small crack from before wasn't enough to affect her, then this one was enough to make Jia Shiyun's heart ache.

Tian Jinnuo pointed at Lin Moli and said, "You're too much! How could you knock down Shiyun's jade necklace? This jade necklace is a gift from Di Xing Media to Shiyun, and it's something that she has always cherished. Those who are familiar with her know that she has always been wearing this necklace. But look at it now, it's in such a state. How can she still wear it?"

Jia Jia added, "That's right. If it were another necklace, it would be fine. Sister Shiyun is magnanimous and might not want you to compensate her. However, this necklace is very important to her. It's also her lucky charm. Now that it's been badly damaged, you'll definitely have to compensate her."

Lin Moli panicked. "I didn't..."

She was sure that she only bumped into Jia Shiyun. She didn't deliberately touch her necklace.

"You clearly did it, yet you still want to quibble? Although Shiyun is a public figure and won't be calculative with ordinary people like you, you're the one who made a mistake. Do you think you're going to get away with it just because Jia Shiyun is a public figure?" Tian Jinnuo said angrily.

The people around her also gathered around and agreed with Tian Jinnuo. "No matter who it is, one has to bear the responsibility for their mistake. Jia Shiyun is already being very polite."

"That's right. You have to compensate after damaging things. You can't be indifferent just because of your identity, right?"

"Sorry, sorry." Lin Moli could only apologize.

Su Bei pulled Lin Moli to her side and said, "But just now, the two of you were walking in a hurry and bumped into each other. My friend really didn't do it on purpose. We have our responsibilities and we can compensate you, but there's no need to be so aggressive, right?"

Only then did Jia Shiyun and Tian Jinnuo realize that the person standing in front of them was Su Bei!

Just now, they were too focused on finding fault with Lin Moli and didn't notice Su Bei at all. Su Bei was dressed too simply in a sports jacket and jeans. Her hair was tied up and she looked completely inconspicuous.

However, when she stepped forward, she was so dazzling and outstanding. Even with Jia Shiyun's gorgeous attire and full makeup, Su Bei didn't lose out in the slightest. On the contrary, she looked even more beautiful than Jia Shiyun.

She was that kind of person. As long as she hid in the crowd, she would look like an ordinary person.. As long as she stood under the light, she would be the focus of everyone's attention. She was a natural actress!

### **Chapter 738: Even If I Sell Myself, I Might Not Be Able To Pay Back**

When Jia Shiyun saw Su Bei, she couldn't help but feel a strong sense of competitiveness. In the past few years, she had been living like a princess. Even in front of the top actors and actresses, as well as those in power, she rarely felt this way.

Su Bei made her feel immense pressure.

In front of everyone, Jia Shiyun naturally wouldn't force Su Bei. She smiled and said, "Su Bei, so it turns out this is your friend. I'm also responsible for this matter. However, this jade necklace does mean a lot to me, so..."

When the onlookers heard that Jia Shiyun was being generous and her temperament was also very elegant, they said, "If you damage something, you'll have to compensate. That person is Su Bei's friend. She can't be excluded from this principle just because of that, right?"

Tian Jinnuo chimed in, "This is indeed a principle that has existed since ancient times. Mistakes must be compensated. Miss, Shiyun's necklace is worth about two million yuan. Although the price isn't considered high, this jade is extremely valuable. Moreover, it means a lot to Shiyun. We don't need you to compensate us with so much money. Just buy a jade of similar quality and give it to Shiyun. You don't have to compensate for the necklace. We're not being unreasonable, right?"

Two million!

It was just a piece of jade the size of a finger.

Everyone was speechless. However, many people knew that Jia Shiyun's jade was indeed a gift from the company. Furthermore, she had been wearing it all along, so many people expressed their understanding.

"If my valuables are damaged, I would want someone to pay for it. I think that's right."

“Miss, you’d better watch where you’re going next time. Anyway, it’s reasonable to pay compensation after damaging things.”

Lin Moli’s face flushed red. To her, this amount of money was simply too much. She was just an ordinary person. Even if she sold herself, she might not be able to afford it.

She really regretted walking too fast just now...

Su Bei gently tugged on her sleeve and said, “Don’t panic. Leave it to me.”

Although she said that, Lin Moli still panicked. She knew that Su Bei was loyal, but no matter how loyal she was, she could not spend Su Bei’s money.

Su Bei stepped out and said, “I wonder which piece of jade you have your eyes on, Miss Jia?”

Jia Shiyun was actually very angry in her heart. Even if she were to get a jade that cost tens of millions of yuan, she still felt that it wouldn’t match this jade of hers. No matter what, it couldn’t compare to hers!

However, in front of so many people, she had to maintain her good image. She said, “I just happened to take a fancy to a piece of jade that costs one million. I know it’s not easy for others and I’m partly responsible for what happened earlier as well. There’s no need for her to compensate me with two million, and there’s no need for her to compensate for the necklace either. Just buy me this jade that costs one million.”

She spoke quite generously as if she had given Lin Moli a huge advantage. She was taking advantage of Lin Moli, yet she still pretended to be obedient.

Although everyone felt that one million was very expensive and ordinary people couldn’t afford it, seeing that Moli was Su Bei’s friend, they knew that she might have relations to the entertainment industry. Anyway, for people in the entertainment industry, this bit of money shouldn’t be a problem, right?

Hence, everyone spoke up for Jia Shiyun. “Jia Shiyun is really magnanimous. The rumors are indeed true.”

“A person like her really deserves to be popular. Just based on her attitude in resolving a problem, I think she deserves to be more popular than others.”

“Of course. If it were my beloved item that was damaged, I might even have the urge to kill someone!”

### **Chapter 739: Determined Not To Compensate**

At that moment, there were all sorts of opinions.

Su Bei glanced at the jade and said, “Then let’s see if the owner will sell it. If everything is okay, I’ll pay for it.”

Tang Yue stood at a distance. Actually, she wanted to give Jia Shiyun the best jade tonight to build a good relationship with her.

However, seeing the current situation, she did not want to give it away anymore.

She couldn't be bothered to take responsibility for Su Bei.

Su Bei glanced at the staff present and asked, "Excuse me, how much is this jade? Can I buy it now?"

The salesperson smiled and said, "You really have good taste. This piece of jade has very good color. Although the price isn't very high, it's very elegant and enough to match Miss Jia's identity. If Miss Jia wears this, it'll be extremely suitable..."

Before she could finish speaking, she heard the voice of Tang Yue's assistant in her earpiece. "This piece of jade has already been reserved for someone else, so we won't be selling any jade tonight."

The salesperson was obviously stunned for a moment. According to Tang Yue's arrangement, the items being displayed during the fair could be sold to the public. Now, they were saying that the jade pieces were not for sale?

She had no choice. Even if she wanted to sell it, she had to follow the wishes of the company's higher-ups. She changed the topic and said, "But I'm really sorry. Someone has already reserved this jade. It can't be sold anymore."

Su Bei asked, "What about the rest? Is there anything else that you like, Miss Jia?"

Jia Shiyun didn't like this one million yuan piece at all. Just as she was about to look at something else, the salesperson smiled and said, "I'm sorry, but all the jade at the scene has already been reserved, so they're not for sale."

Jia Shiyun's good mood was instantly dampened. However, she had no choice but to smile in front of everyone.

Tian Jinnuo couldn't help but ask, "Does this mean that all the jade here can't be bought? Does this mean that Su Bei doesn't have to compensate our Shiyun?"

The onlookers understood the meaning behind her words. Among the crowd, there was a staff member from Jia Shiyun's team. He immediately fanned the flames and said, "The Tang family doesn't want Su Bei to compensate anyone, so they won't sell the jade tonight?"

"Su Bei is determined not to compensate, huh? I really didn't expect Su Bei to avoid paying compensation. I thought she was really loyal and wanted to help her friend compensate."

With the help of Jia Shiyun's staff, everyone couldn't help but look at Su Bei as if she was colluding with the Tang family to avoid paying compensation.

Jia Shiyun smiled magnanimously and said, "Since the things here have already been reserved, then let's just forget about it. Miss Su, just take it as a kind gesture from me. It doesn't matter anymore. Everyone, don't be too hard on her. Miss Su, friendship grows from a fight. Just consider us as friends from now on."

Tian Jinnuo said loudly, "Shiyun has always been magnanimous. She's willing to let others take advantage of her. You're just too kind."

Jia Jia couldn't help but agree. "The reason why Sister Shiyun became famous is that she has these qualities."

Everyone nodded. The contrast between Su Bei and Jia Shiyun was too stark.

Lin Moli pulled Su Bei's sleeve. These people were obviously targeting Su Bei. She didn't know what the newspapers would say tomorrow.

Su Bei indicated that she did not need to be impatient. Could she not see through this little trick?

#### **Chapter 740: Perhaps Only God Can Repair It**

She quickly took out her phone and swiped it. She then whispered a few words to Lin Moli.

At this moment, Tang Yue appeared with her assistant and a seemingly capable man.

"I'm really sorry. I didn't expect something like this to happen at my fair." Tang Yue walked out with a smile.

After Su Bei got slandered, it was time for her to make an appearance.

Jia Shiyun smiled and said, "It's nothing much. I was too impatient just now. If it isn't because this piece of jade means a lot to me, I wouldn't have wasted my time here. I'm sorry, President Tang."

"The person beside me is a master of jewelry, Situ Songhui. He can judge the quality of jewelry and jade, appraise antiques, and repair them. Why don't you let him take a look for you?" Tang Yue said.

Everyone couldn't help but become excited as they looked at Situ Songhui. "Oh my God, I didn't expect it to be Situ Songhui! I heard that he's a genius and an all-rounder who repairs artifacts!"

"Moreover, he designed a very famous piece of jewelry!"

"That's right! Also, he has a very sharp pair of eyes. It's said that he can tell the authenticity of anything in front of him!"

"I heard that he can repair all kinds of jewelry. Even if they've been shattered into pieces, they can be restored to their original state!" someone shouted exaggeratedly.

"I really didn't expect to see Situ Songhui! So it was President Tang who invited him. He's too awesome! I'm so impressed."

When Situ Songhui was recognized and praised, he was filled with arrogance. However, he didn't show it on his face and maintained the demeanor of a master.

Actually, he was only in his early 30s. It was really amazing that he could enjoy his current reputation.

Tang Yue's face lit up as well. Situ Songhui was the person she had sponsored. She was the one who had discerned his potential among the crowd.

Jia Shiyun did not dare to delay things anymore and handed over her jade necklace.

This master's name was Situ Songhui. Tang Yue only wanted to develop her career in the jewelry industry after she got to know him. He wanted to rely on the entire Tang family to boost his career.

Situ Songhui took the jade and examined it seriously. A helpless expression appeared on his face.

He handed it back apologetically. "I'm so sorry, Miss Jia. The two cracks in this jade are too deep and not just on the surface, so there's no way to fix it."

"Could surface cracks be fixed, then?" Jia Shiyun asked.

"That's right. If the cracks were on the surface, we could use a technique to restore it to its original state. If they're deep, however, I'm afraid only immortals can repair it," Situ Songhui joked.

The people around him nodded in agreement. "The jade is broken, and it's very difficult to repair, especially this light-colored jade. If it's repaired, it'll leave behind traces. It won't look good anymore."

"However, this Mr. Situ is also very impressive. He can actually repair cracks. He has unprecedented skills. In any case, I'm very envious. It's just that my hands are clumsy. I won't be able to learn such things in my entire life," an expert commented seriously.

"If only the cracks in this jade weren't deep... I really wanted to see his brilliant repairing technique."

When Jia Shiyun heard this, she said, "Since that's the case, then forget it.. President Tang, you're really considerate."
