

HEAVEN SENT 741

Chapter 741: Goes Against Our Morals

Tang Yue smiled and said, "No matter what, this happened at my fair. Su Bei is my younger sister, so I can't escape responsibility for this matter. How about this? Miss Jia, please choose any piece of jade here. I'll compensate you."

"How can I accept this? I can't let you spend so much money. Besides, all your jade has already been reserved. How can I take one? Jia Shiyun tried her best to decline

"of course, you can accept it. Since I made a mistake, I should compensate you. T'I think of a way to settle the issue of reservation. Salesperson, go get the jade from Area D and let Miss Jia select one," Tang Yue said.

"Jade from Area D? Someone immediately clicked their tongue. "The jade there are worth tens of millions of yuan each! President Tang is too generous!"

"Compared to Su Bei, this is really a big deal. Su Bei's hesitation meant that she didn't really want to compensate. President Tang is truly domineering.

"She's a heroine! President Tang resembles Old Master Tang!

As a result, Jia Shiyun declined even more, saying that she couldn't accept Tang Yue's things

However, Tang Yue wanted to give Jia Shiyun something, so she tried her best to persuade her to accept it.

The jade necklace incident caused the two of them to be seen as benevolent and upright. They were very sensible and proper, making Su Bei look like she was not presentable at all.

Jia Shiyun was indeed fond of the jade that Tang Yue was offering to her. She had already said what she needed to say and done what she needed to do. Thus, she could only put on a troubled expression and say, "Since you insist on being so generous, then I shall not refuse."

"This is something that should be done, so please don't stand on ceremony.

Here, on behalf of my younger sister, I'll once again apologize to you." Tang Yue carefully picked out a jade stone worth tens of millions and held it in her hands as she spoke to Jia Shiyun.

Jia Shiyun was overjoyed. This was worth tens of millions!

Although she did not lack this bit of money, what was so bad about someone giving it to her for free? Furthermore, after the news was released, others would only say that she was magnanimous and Tang Yue was benevolent. The two of them would be able to form a good relationship with each other while Su Bei was just a coward. It was killing three birds with one stone.

Just as Jia Shiyun was about to receive it, Su Bei smiled and said, "Wait a moment."

She suddenly spoke, and Jia Shiyun had no choice but to let go. Tang Yue looked at her and said, "Su Bei, what else do you want to say? I know you're unwilling to compensate and think that this compensation is too expensive, but this needs to be done. How can we do something that goes against our morals?"

In front of everyone, she acted like an elder sister and gently lectured Su Bei, making Su Bei seem willful and ignorant.

With Su Bei's current actions, she did not look like a celebrity or a rich young lady. In everyone's eyes, they could not help but look down on her. She was indeed just a woman with good looks. She really did not have any brains at all. Su Bei smiled and said, "of course, I have to compensate. I didn't say I wouldn't. It's just that Miss Jia and her manager said just now that this jade necklace has a great significance to Miss Jia. When she first debuted, she received it as a gift from the company. She has been wearing it all these years, so how can we just let matters be after damaging it?"

You're right, so I'm going to help you compensate her, Tang Yue said.

Chapter 742: A Little Brainless

“It’s not right for you to say that, Elder Sister. Even if you were to replace it with a jade worth hundreds of millions, it won’t be able to compare to Miss Jia’s original piece. Since there’s a crack, of course, we have to repair it and return it to her. How can we just casually replace it?” Su Bei asked.

Seeing that she was being unreasonable, Tang Yue said, “Didn’t Master Situ already say that the cracks on the jade can’t be repaired

“He said there’s no way to fix it?” Su Bei continued to ask.

Tang Yue patiently explained, “Situ Songhui is known as a master and is knowledgeable in jade, jewelry, and antiques. He said that he can’t fix it, so it can’t be fixed.”

Situ Songhui also said arrogantly, “Miss Su, I’ve said it before. There’s a deep crack in the internal structure. After repairing it, it’ll be difficult to restore it completely. There will be flaws, so the jade will be imperfect.”

“To clarify, are you saying that you don’t know how to fix the jade or everyone wouldn’t know how to either?” Su Bei looked at him with a smile. The smile on his face was pure and innocent, as if she was seriously asking.

When Situ Songhui saw that he was being questioned, he was displeased and kept a straight face.

The person beside her couldn’t help but say, “Miss Su, this jade is indeed difficult to repair. If we repair it and leave behind traces, we might as well not repair it.

You’re a celebrity. Of course, you don’t understand the professional knowledge in this industry. However, Situ Songhui has been in this industry for a long time. Even the director of the national museum has acknowledged his ability.

Why would he lie to you

“Miss Su, just follow your sister’s suggestion and compensate Miss Jia with the jade.”

Su Bei raised her eyes and looked at everyone. He casually stretched out her slender fingers and combed them through her thick hair, smoothing it.

This casual action caused everyone to hold their breaths. She was too beautiful!

It was a pity that although she was beautiful, she was a little brainless!

Su Bei curled her lips as a small smile appeared on her face. "Master Situ can't fix it, but I can find someone to repair it. Miss Jia, do you want to choose the jade that my sister is offering you, or shall we try repairing your jade?"

Tian Jinnuo was a little angry. "Miss Su, you've already wasted a lot of our Shiyun's time."

"I'm really sorry about that, so I'm sincerely suggesting a solution to the problem. What will you choose, Miss Jia?" Su Bei asked with a smile.

Jia Shiyun felt that it was a pity to lose out on this piece of valuable jade. She wanted the piece in Tang Yue's hands that was worth tens of millions more.

However, how could she act so unscrupulous in front of everyone?

Even so, she was certain that Su Bei would not be able to fix her cracked jade, so she might as well give it a go.

She also put on an appropriate smile and said, "Then I'll have to trouble you to give it a try."

Su Bei reached out and took the jade necklace from Jia Shiyun. She raised it and said, "Everyone here can see it. This is Miss Jia's jade necklace. Don't forget the appearance of it. I'll bring it to repair it. I'll be back soon."

After saying that, Su Bei said something to Lin Moli and went out.

Situ Songhui coldly snorted. How could Su Bei find someone to fix something that he couldn't? What a joke!

Tang Yue also apologized, "I'm sorry, everyone. My younger sister is a little stubborn. Please forgive her."

"It's alright. I'll just wait a little longer." Jia Shiyun pretended to be magnanimous

Tang Yue's expression was calm because she didn't believe that Su Bei could really fix it. Anyway, it was certain that she would befriend Jia Shiyun after this incident..

Chapter 743: Got Someone To Fix It

Jia Shiyun leisurely picked up her cup of coffee and took a sip. Today, she would definitely accept that jade stone that was worth tens of millions.

Tian Jinnuo said from the side, "I wonder where Su Bei went with that piece of jade? Could it be that she left and won't return?"

Jia Jia echoed, "That can't be, right? If she really leaves, isn't she afraid of being criticized?"

The guests watching by the side also began to have second thoughts.

To be honest, Su Bei's performance tonight was a little disappointing. They didn't expect her to look so much better in real life than in photos, but her personality was much worse than the rumors.

Some people started to sympathize with Lin Moli. "Look at that girl, she's about to cry from fright but Su Bei won't be coming back anymore. What kind of friend is she?"

"Don't spout nonsense. Su Bei won't leave me behind," Lin Moli rebutted loudly.

However, although she knew that there was nothing wrong with Su Bei's character, when she thought about how that piece of jade might not be able to be fixed, Lin Moli felt a little worried.

As everyone was discussing, Su Bei's figure finally appeared in front of everyone.

"Miss Jia, your jade necklace has been fixed!" Su Bei reached out and handed it over.

No one believed that Su Bei could fix something that even Situ Songhui said he couldn't fix.

"Su Bei must be boasting. How could it have been repaired?"

"You sure talk big, but I wonder if it's true?"

"Even Master Situ Songhui has determined that it can't be repaired. What kind of joke is this?"

Tian Jinnuo was the first to reach out to take it. She took a look and realized that the crack had really disappeared!

Moreover, the repair could be said to be flawless!

“This. This.. Miss Su, did you swap it with another piece? Tian Jinnuo could not believe it.

Jia Jia and Jia Shiyun also hurriedly took it to take a closer look. They discovered that it had really been repaired without a trace left behind. It was both shocking and unbelievable.

Situ Songhuif’s expression changed slightly as he looked over.

That was impossible! In this world, no one could completely repair a jade stone that had a crack on it.

However, the truth was the truth. Even Jia Shiyun couldn’t help but feel astonished when she saw how her jade had been repaired.

Tang Yue could not help but say, “Su Bei, did you go and swap it to a similar piece? That’s a good idea.”

Lin Moli couldn’t help but say, “That’s impossible. When Di Xing Media gave it to Shiyun, they said that this kind of jade is unique. It’s impossible for the same piece of jade to exist in this world. Didn’t the magazine say that as well

Jia Shiyun nodded proudly. “Indeed, it’s unique.”

This was the unparalleled glory that Di Xing Media had bestowed upon her.

Situ Songhui’s face turned even uglier. He couldn’t even repair the jade but Su Bei actually got someone to fix it! Who was that person? Could it be his junior?

Lin Moli took out her camera and said, “If some of you don’t believe it, we’ll know after comparing it. I took a photo of the necklace on Miss Jia’s neck just now. It can be seen very clearly, and even the original crack on her jade is clear.”

She enlarged the photo for everyone to see. Indeed, there were small cracks on it.

So now that it has been repaired, all of you can try comparing it to verify

things,” Lin Moli said..

Chapter 744: Complete Failure

Su Bei had asked her if she had taken a photo of the original jade and left after confirming it.

Now, it came in handy.

Everyone carefully compared it and found the original small crack. It was indeed the same piece of jade.

Su Bei smiled and said, “Miss Jia, I said that I’d help you fix your jade and I did. Do you have any objections now?”

When Jia Shiyun saw that Su Bei had indeed fixed it, she could only smile in front of everyone and say, “It has already been fixed. Of course, I have no objections.”

Su Bei smiled and looked at Tang Yue. “So Sister, you don’t have to help me compensate Miss Jia with a new piece of jade. I’ve said before that I’ll take responsibility for my own matters.”

Everyone nodded at Su Bei, their attitudes toward her greatly changing. Tang Yue’s heart was filled with panic. Su Bei had already repaired Jia Shiyun’s jade. She couldn’t rush to give the other piece of jade to Jia Shiyun now.

Jia Shiyun also wore a smile on her face. She was furious, but she had no choice but to maintain her smile.

Tian Jinnuo unhappily said, “Miss Su, you’re really not magnanimous enough. There were clearly two cracks on this jade. You can repair it if you want, but you only repaired one crack. Aren’t you clearly showing your dissatisfaction with Shiyun?”

With her reminder, everyone looked at Su Bei.

Su Bei smiled and said, “Now that you’ve reminded me, I remember. Just now, I was only focused on fixing the crack that we caused. I also wanted to make sure that we could compare it to the photo of the original state it was in after fixing

it, so I didn't think too much about it. I'm really sorry. You guys should have told me earlier and I would have gotten my friend to fix both cracks. Now that he's gone, I'm really sorry."

Her words made sense, and everyone agreed.

Tian Jinnuo could only swallow her anger.

Jia Shiyun smiled and pleaded, "How about I see your friend another day and ask him to help me fix the other crack?"

Tian Jinnuo passed the jade necklace over, wanting Su Bei to keep it and repair it.

"Then let's talk about it another day when we meet him. Miss Jia, this jade necklace is so precious. It's unique in the world, and it's also a gift from Di Xing Media to you. I don't dare to keep it with me. I'm afraid that if I accidentally crack it, it'll have to be repaired again. This time, it was able to be repaired, but I can't guarantee that it can be fixed for the second or third time." Su Bei smiled and refused to accept it.

The meaning behind her words could not be clearer. She was mocking Jia Shiyun for protecting the jade necklace like it was a treasure yet she still accidentally cracked it. She was also mocking Jia Shiyun for breaking the jade after being knocked into by someone.

Everyone smiled knowingly.

Jia Shiyun instantly lost all dignity. Tian Jinnuo had no choice but to retract her hand and take back the necklace. "Forget it, it's not like your friend is the only one who can repair it."

"Let's go." Jia Shiyun glared at her. Wasn't this embarrassing enough?

Jia Shiyun and the rest left unwillingly. Although Situ Songhui, whom Tang Yue had brought over to show off, wasn't ridiculed by the crowd, he was still humiliated by Su Bei's friend.

Tang Yue originally wanted Situ Songhui to be present to introduce antiques to everyone, but who knew that many people had gathered around Su Bei to ask

about her friend instead.

Tang Yue's face darkened. This fair was a complete failure.

Chapter 745: Of Course, I Admire You

Su Bei walked past everyone and stopped in front of Tang Yue. She smiled and said, "Sister, it's getting late, so I won't disturb you anymore. I'll come again next time."

"I'll get someone to send you back."

"No need. I drove here myself," Su Bei said and pulled Lin Moli out.

Once Lin Moli went out, she said, "Su Bei, your sister doesn't seem to be sincere toward you?"

"I know." Su Bei opened the car door indifferently.

"Then why did you return to the Tang Family?"

"When did you see me return to the Tang family? I live with my sons and husband, okay?" Besides, Su Bei had yet to acknowledge the Tang family because of Tang Yue.

Lin Moli felt more at ease. "That's true. And that Jia Shiyun, she's really fake. I heard that she's the number one star of Di Xing Media. After meeting her today, she doesn't seem to be anything special."

Su Bei recalled that when she was filming overseas, she seemed to have met this arrogant star. In that case, she was indeed really arrogant.

"[heard that she was personally groomed by the person in charge of Lu Group!]" Lin Moli said quietly, "The fans don't know this, but everyone in the industry knows. It's just that they're afraid of Lu Group, so no one dares to say anything."

"The person in charge of Lu Group is old enough to be her father, right?" Su Bei was not envious or gossipy. "I wonder what kind of elder the person in charge is. Does his family have any objections to promoting a female celebrity? Forget it, forget it. It's better not to interfere in matters that have nothing to do with us."

She drove Lin Moli home before returning to her own home.

After reading Da Bao and Gun Gun a story, she returned to the master bedroom with Lu Heting. She then told Lu Heting gleefully, "You don't know how powerful Feng Cheng is. He can even repair jade. It couldn't even be repaired by the master Tang Yue brought, Situ Songhui."

Seeing the sparkle in her eyes, Lu Heting's jealousy started to spread. "It looks like you really admire Feng Cheng's skills?"

"Of course, I'm impressed..." When Su Bei said this, she suddenly felt the wave of jealousy on the man's body. She smiled and planted a kiss on his forehead. "But I still love my own husband the most!"

Lu Heting was pleased. His emotions would change with her smile and soft words. He lowered his head and kissed her gently.

Tang Yue was furious with Su Bei.

Lin Shulian brought over a bowl of bird's nest and said, "Have some. Then come with me to pay respects to your maternal grandfather."

Tang Yue controlled her temper. "Is Su Bei going?"

"I invited her, but she said she's busy filming." Lin Shulian shook her head regretfully and sighed softly.

Tang Yue immediately smiled. "Mom, I'll go with you."

The Lin family that Lin Shulian was from wasn't any less famous than the Lu family in the capital. Furthermore, they were a family that had been around for many years. Not only were they famous but they were also extremely powerful. If the Lu family saw them, they would probably have to lower their heads and give way.

Lin Shulian's elder brother and Tang Yue's uncle, Lin Hancheng, was extremely powerful now.

Tang Yue had long yearned for the Lin family.

It was just that Lin Shulian's background wasn't glorious. After she got married, she started growing distant from the Lin family and they almost no longer kept in contact.

After Old Master Lin passed away, the only thing Lin Shulian could keep was a letter of inheritance.

Early in the morning, Lin Shulian and Tang Yue went to the cemetery where Old Master Lin was to pay their respects..

Chapter 746: I Won't Force You

It was drizzling, and Tang Yue was sincerely offering fresh flowers to her grandfather, whom she had long forgotten about.

"Grandfather left behind his will to leave his assets to the children of your generation." Lin Shulian wiped her tears. "He also said that when all the children were 25 years old, they would be able to get it. Su Bei is still a little younger than that."

All the children of this generation would get a share of the inheritance. This was also one of the reasons why Tang Yue hated Su Bei. With Su Bei around, Tang Yue would get less of the inheritance.

Every year when Lin Shulian came to pay her respects, she would mention this matter. The jealousy and hatred in Tang Yue's heart gradually deepened.

'When the mother-daughter pair left after paying their respects, a respectable old lady walked over while surrounded by people.

'When she saw that there were fresh flowers on the tombstone, her expression changed. That mistress' daughter was here again!

"Aren't you going to take these stupid flowers away?" A dignified man in his 50s said to the person beside him. He reached out to support the old lady. "Mom, let's pay our respects."

As Su Bei was busy with filming, she rejected Lin Shulian's invitation and did not pay her respects. Instead, she went to the set.

She had just arrived when she saw a familiar woman standing in front of her.

"Su Bei, do you still remember me?"

"Remember now. Sun Man wanted to secretly take a photo of Mai Shanheng and me. You went up to stop Sun Man, but she caused trouble for you."

"You helped me out. My name is Lin Wenyu." Lin Wenyu reached out and shook Su Bei's hand. "I'm really sorry for not being able to chat with you last time."

Su Bei smiled generously. "You didn't just come to visit me today, did you?"

"You're indeed smart. Su Bei, I saw what happened last night at Tang Yue's fair. I would like to ask your friend for a favor." Lin Wenyu took out an exquisite brocade box and opened it.

She said in a regretful tone, "This is my mother's belonging, a jade bracelet. She got into a car accident when she went out. She's fine now, but the bracelet broke. We thought of many ways but we couldn't fix it. I want to seek your friend's help..."

In reality, she should not have appeared at last night's fair, much less come to beg the Tang sisters. But for her mother, she still came.

Su Bei looked at the bracelet and said, "Miss Lin, it's not that I don't want to help you. It's just that my friend's temper is unpredictable. I'll take a picture of the bracelet and ask him about the situation first. If it's possible to fix it, I'll contact you again, okay?"

Lin Wenyu smiled. "Alright. I'm just helping my mother try all possible options. If it really doesn't work out, I won't force you."

"I'll try my best." Su Bei had a good impression of Lin Wenyu, so she could help ask Feng Cheng.

Feng Cheng was indeed powerful. Last night, Su Bei only asked him if he could repair the jade. He replied yes and immediately made his way over to help Su Bei repair the jade.

But for things like jade bracelets, Su Bei did not know if he could do it.

After sending Lin Wenyu off, Su Bei sent the photo to Feng Cheng before changing her clothes to start filming.

Director Guo Feng walked over and said, "Su Bei, today's scenes are very intense. You have to be mentally prepared.."

Chapter 747: Since There's No Hotpot, Spicy Bars Are Fine Too

"No problem, I've already prepared for today's scenes."

"That's good."

Lin Yu had already changed into his costume and walked over. Dressed in the attire of a deputy general, he looked dashing. He walked in front of Su Bei and said, "Don't worry, I know today is our kissing scene. I didn't eat hotpot or garlic."

Other than being afraid of being beaten to death by his boss, he had nothing else to worry about.

However, his boss was far away in America anyway. When Lin Yu thought about this, he instantly relaxed.

Su Bei got dressed and said, "Come on."

Lin Yu rubbed his chest. Su Bei looked really cool in this outfit. He had acted with so many people before, but for a moment, he was actually attracted by her gaze.

How terrifying.

Soon, the two of them got into character and started filming.

Today's scene was on Ni Huang being unable to establish herself in the Great Xiao Empire. She had no choice but to come to the Hun Kingdom. However, she had to return to the Great Xiao Empire because she had something to do. Even so, she was misunderstood and bullied by everyone. She was

besieged by the soldiers who claimed that they wanted to kill a traitor like her.

Zhan Han, played by Lin Yu, was initially an unknown soldier under Ni Huang. He was groomed and trained by Ni Huang, becoming her most loyal deputy general. When everyone was attacking Ni Huang, he was the only one who stood up and blocked the attacks for her. In the end, he took Ni Huang away, but he was heavily injured and on the verge of death.

Ni Huang, who was covered in injuries, hugged Zhan Han. She lowered her head and asked in a trembling voice, "Why are you so stupid?"

"I'm willing to do this for you. I've always been so foolish." Zhan Han's voice trembled, but it was strangely firm.

Ni Huang had tears in her eyes as she looked at the expression in his eyes. Only then did she understand that Zhan Han didn't only have feelings for her as his superior. It was more like the feelings between a man and a woman. She had never sensed it before, but he had always been quietly giving her his all.

Various memories flashed through her mind. Ni Huang finally understood that not only did he have feelings for her but she also had feelings for him.

She said firmly, "Alright, I'll protect you from now on!"

The entire scene was both sorrowful and romantic. Many people could not help but be moved to tears.

Just as Ni Huang was about to kiss him passionately, Lin Yu couldn't help but shudder. A horrified expression appeared on his face.

At this time, he should be displaying shock, joy, and a bit of disbelief. He was definitely not supposed to be horrified.

“Cut!” Director Guo Feng stopped the scene.

He walked over helplessly. “Lin Yu, are you too tired today?”

This was already the 19th take for Lin Yu. This was not normal for Lin Yu, who had always been good at acting!

“Sorry, Director Guo Feng, Let me rest for a while.” Lin Yu hurriedly sat up.

Su Bei had also wasted her effort. “Lin Stone, you have such a day too? What happened to filming everything in one go?”

“didn’t eat hotpot last night, so I’m not in good condition today.” Lin Yu sat at the side and rested.

Quite a number of female staff immediately delivered various drinks and spicy bars to him. “Lin Yu, there’s no hotpot, so these spicy bars will have to do. Come, come, come, these are all for you. They’re all the best!”

Su Bei’s lips twitched. The number of fangirls that Lin Yu had was indeed not to be underestimated.

After Lin Yu sat down, he recalled that there was a gaze that was coldly staring at him during the scene just now. It made him feel as though there was a dagger pierced into his back. Every time Su Bei wanted to kiss him, he was so terrified that he couldn’t control his expression.

Chapter 748: The Greatest Humiliation Of His Career

This was too scary. Was Boss back?

But according to reliable sources, Boss had not returned!

What was going on?

19 times, 19 takes!

This was definitely the greatest humiliation that Lin Yu had ever encountered in his career!

Where did that gaze come from? Lin Yu immediately looked around. Wherever his gaze landed, a group of women screamed.

It could not be helped. Lin Yu’s gaze was filled with so much love and affection. He was looking for someone but was seen by the fangirls. He was the one flirting with him!

‘What was happening?!

When he saw Su Bei resting at the side, he reached out and handed her the bottle of Coke. “Su Bei, this is for you.”

“Wow!” There were screams all around again. This time, it was from Lin Yu and Su Bei’s shippers.

Su Bei reached out to take it. At that moment, Lin Yu felt the cold gaze from before once more. It seemed to stab him.

He turned around with a start. Finally, Lin Yu saw someone and jumped, flipping the bottle of Coke he had just opened!

“Lin Yu, what’s wrong?” His manager, Sister Ai, quickly asked.

Su Bei also looked confused.

“It’s fine, it’s fine. Wait for me for a while, I’ll go out for a moment.” Lin Yu hurriedly ran out and finally caught up with Lu Heting.

“Lu Heting, wait!” Lin Yu walked over and stopped him.

Lu Heting looked as if he hadn’t done anything at all. His expression was just like Da Bao’s.

Lin Yu snorted. “Don’t think that I don’t know what you’ve done just because you’re acting as though nothing happened. I’m all too familiar with you. Let me tell you, Da Bao is exactly like you!”

“So?” Lu Heting looked at him impolitely.

“So what if you’re visiting? Can’t you just do it openly? Why do you have to stare at me with murderous eyes? Can you restrain yourself a little?” Lin Yu finally found the source of the sharp gaze.

Lu Heting was exposed by him and coughed lightly. He rarely came to visit, but when he saw that Su Bei had a kissing scene today, he couldn’t help but come over.

However, as he was afraid of affecting Su Bei, he did not appear directly and only watched from afar.

He really didn’t do anything, but even so, Lin Yu could still feel his terrifying cold aura!

It was this gaze that made him retake the same scene 19 times in a row! It was the greatest humiliation of his career!

“I’m being magnanimous and open,” Lu Heting said calmly. Apart from not notifying Su Bei, he was not really hiding.

Lin Yu harrumphed. “You made me retake the scene 19 times!”

“Is that so?” Lu Heting looked at him indifferently. His tone seemed to say that he needed more practice. “Don’t burden Bei Bei. Don’t let her tire herself out.”

Lin Yu was about to explode. Who was the burden? It was clearly Lu Heting who was dragging Su Bei down, okay?

When he didn’t come to visit, he could perform well and would have no issues acting with Su Bei!

“Are you leaving yet?” Lin Yu wanted to send this god away immediately.

Lu Heting nodded. “When Bei Bei is done, I’ll take her with me.”

“II!” Lin Yu had a premonition that he would have to reshoot 19 more times.

Under Lu Heting’s gaze, there was no way he could calmly let Su Bei kiss him..

Chapter 749: What Was Going On Between Them Behind Her Back?

“Lu Heting, Lin Stone!” Su Bei had followed Lin Yu out. “I was wondering where you went. So you guys were whispering here! Lu Heting, when did you arrive?”

Lu Heting’s expression did not change. “I was passing by. I wanted to take a look and wait for you to get off work.”

Su Bei felt her heart go soft. She went up and held his arm. “Then you have to wait a little longer. I still have an important scene to shoot.”

“Su Bei, let him wait in the car!” Lin Yu couldn’t stand the pressure anymore.

“Why? It’s not like it’s a shameful scene. What’s wrong with Lu Heting staying to watch? Besides, it’s so cold outside. It’s much more comfortable on set,” Su Bei said protectively.

Lu Heting smiled and looked at Lin Yu.

Lin Yu couldn’t believe it. It was supposed to be a scene where he showed off his affection, but now he was watching these two’s PDA.

Lu Heting saw Su Bei wearing armor as her costume and his eyes darkened. “Is it heavy?”

Since both of them said so, Su Bei could only agree.

How did Lu Heting and Lin Yu get so close all of a sudden? Weren’t they still unhappy with each other before? What was going on between them behind her back?

After she found Director Guo Feng, she told him about it. Director Guo Feng saw that none of them had any objections, and he did he have any either.

However, it seemed like this wasn’t the first time he saw Lu Heting and Su Bei together. The two of them had an intimate look on their faces. He felt as though his Su Bei had been stolen.

After interacting with Su Bei for so long, Director Guo Feng had long treated her like his daughter. When he thought about how his daughter had a boyfriend, he could not control the discomfort in his heart.

Even though Lu Heting was tall and handsome, which father didn’t think that his daughter was a princess who deserved the best prince?

Director Guo Feng could tell that Lu Heting and Su Bei were dating. He said bitterly, “Young man, don’t interfere in Su Bei’s future. She’s a good girl!”

Lu Heting was indifferent at first, but after hearing Director Guo Feng’s words, he felt respect for him and nodded. “I know, Director Guo Feng..”

Chapter 750: Here, Drink This

Director Guo Feng saw that his attitude became more respectful and couldn’t help but mutter to himself. This was really a weird person. He was still cold just a moment ago, but now he knew how to smile.

“Be good to Su Bei.” Director Guo Feng reminded him again.

When filming officially started, Lin Yu and Su Bei acted in the first few scenes.

In the first part, Lin Yu and Su Bei performed very well. After completing this part, Lu Heting, who had changed into the same clothes as Lin Yu, appeared.

His body was actually more muscular than Lin Yu's, and the edges of his facial features were sharper. Luckily, he was lying down in Su Bei's arms. His face was covered in wounds and blood, so the difference was not obvious.

Moreover, the close-up shot was mainly focused on Su Bei, showing the change in Su Bei's emotions. There wasn't a big problem to have a substitute in this scene.

Su Bei lowered her head and looked at Lu Heting. The emotions in her eyes were even more intense and fervent, and her attitude became even more determined. It looked as though if someone really dared to touch Lu Heting, she would personally kill anyone who dared to hurt him.

Hence, when she said her line, she became even more imposing and restrained. "Alright, I'll protect you from now on!"

Su Bei looked at Director Guo Feng strangely. What was wrong with Director Guo Feng?

Why was everyone acting weird today?

She changed into a fresh set of clothes and followed behind Lu Heting. She opened the bottle of Coke in her hand.

"I'm thirsty," Lu Heting said softly.

Su Bei glanced at the surroundings. It was indeed very hot here, not to mention that she had just filmed a fighting scene. She quickly stuffed the bottle of Coke into his hand and said, "Here, drink this."
