

### **Chapter 811 I Said I Don't Want To, So I Don't Want To**

"Miss Han, the private room has been prepared. Let me bring you upstairs now." Manager Pang didn't want to cause any more trouble and quickly said.

In other words, if Han Junting were reasonable earlier, according to the restaurant's rules, she would just need to wait in the private lounge area and have some coffee there. She did not even have to wait too long.

However, due to her status, she had to make such a fuss to emphasize her influence.

Indeed, after hearing this, Han Junting felt a little embarrassed. After causing such a scene, Assistant Manager Zhuo's resignation and departure was undoubtedly a huge slap to someone like her, who claimed to be the eldest daughter of the family and wanted everyone to make way for her. It was impossible for her to find trouble with someone who had resigned. Only Su Bei was still standing there, being an eyesore.

She raised her head and looked at Su Bei. Su Bei's beautiful eyes had a hint of a smile in them as she looked at her lazily and indifferently. It was as if she was secretly mocking her, but it was also as if she was just watching a joke.

Triggered by her gaze, Han Junting said to Manager Pang, "Manager Pang, I don't want to eat at the same restaurant as this woman. Have her leave."

Only then did Manager Pang notice Su Bei, who was standing by the side. He was stunned by the woman in front of him at first glance. He had never seen such a beautiful woman, and she looked so indifferent. It was as if she didn't know she was such a beautiful woman.

Upon the second glance, he realized that she was Su Bei, the model who walked on runways. It was just that Su Bei's exposure was a little low recently, and she was even more dazzling in real life than on stage or on television. Therefore, Manager Pang only recognized her after a while.

"Miss Han, I heard that Miss Su made a reservation to eat..." Manager Pang was stunned by Su Bei's beauty and unknowingly leaned toward Su Bei's side, wanting to make peace for the two of them.

"I said I don't want to, so I don't want to. Manager Pang, can you handle this matter or not? If you can't, I'll go to another restaurant to eat! Aren't you afraid of disgracing the status of other customers if you insist on letting such an actress in?"

Han Junting had nowhere to vent her anger today, so she vented it on Su Bei.

Manager Pang was helpless. However, he couldn't afford to offend such a rich young lady. Furthermore, seeing that Han Junting and Su Bei were enemies, he naturally thought that Su Bei was messing around in the circle and was with some old man. Was that why Han Junting hated her? As he thought about it, he immediately went to Su Bei and said, "Miss Su, I'm really sorry. It's not convenient for our restaurant to receive customers today, so I'll have to ask you to leave for today." Su Bei took out her phone. From her expression, she did not seem offended as she calmly said, "Then, is the notice that I made a successful reservation invalid?"

“I’m really sorry.” This was Manager Pang’s only sentence. There was no way to make up for it. Everything was for Han Junting.

Lu Weijian, who had been standing at the side for a while now, tugged on Lu Heting’s sleeve and said, “Brother, look at them bullying Sister-in-law! This is too much! What does she mean by ‘such an actress’? I think that woman is a piece of trash! I’ll help Sister-in-law right away!”

“Come back!” Lu Heting called out to him.

Did Lu Weijian think that there weren’t enough people who shipped him and Su Bei? Lu Heting didn’t want him to interact with Su Bei in public anymore.

### **Chapter 812 Suppressed By The Situation**

It wasn’t easy to have the number of their shippers reduced. Every time Lu Heting saw it, he would delete the comments from the shippers on Weibo. Lu Heting didn’t want to add to the situation.

Previously, Lu Weijian and Su Bei’s fan group was also shut down by Lu Heting.

Therefore, very few people remembered that there was such a fan group.

Lu Weijian howled. “But those people are too much!”

“Contact Han Qiangsheng and the relevant departments. Immediately!” Lu Heting ordered. “And book a new restaurant!”

“Oh, I see. Brother, you’re the best. We’ll solve the problem from the source. I’ll contact him right away.” Lu Weijian understood and immediately ran out to make a call.

Su Bei, who was standing in front of Manager Pang, waved her phone and said with a smile, “Manager Pang, I can leave. But you don’t mind me complaining to your management, right?”

Su Bei had already written a complaint and sent it to the relevant departments. She was not angry. In life, it was inevitable to encounter all sorts of problems. It was not worth it to be angry at everyone and everything.

However, she would not so casually let this incident go. After all, writing a complaint did not take much time. If doing it once did not result in anything, she would write another complaint. If that did not work, she would make a call. She did not believe that the relevant departments would just stand by and do nothing!

Seeing how naive Su Bei was, Manager Pang and Han Junting laughed at the same time. Han Junting said mockingly, “That’s up to you. Do you really think that he’d be afraid of such things after running this restaurant for so many years? Su Bei, you’re in the entertainment industry. Why are you so naive?”

Manager Pang didn’t say anything, but he clearly agreed with Han Junting.

“It doesn’t matter if it’s useful or not as long as I’m happy.” Su Bei put away her phone. At this moment, she felt that the most important thing was not to fight with this restaurant but to discover a useful talent.

She was referring to Assistant Manager Zhuo Liping who was about to leave. Su Bei was currently looking for an upright person to help her manage Jingbei Square.

Su Bei had seen many people who were smooth-tongued. However, it was not easy to find someone who followed the rules and did not fear power.

Han Junting sent such a good talent to Su Bei without any reason. With a smile on her face, Su Bei did not say another word to Manager Pang and the rest as she walked away. "You're crazy!" Han Junting watched Su Bei leave happily and couldn't help but mock, "I'll see how smug you can be the next time I see you! If I won't step on you again the next time, my surname won't be Han!" Manager Pang also complimented, "Miss Han, you're of noble status, so there's no need to lower yourself to the level of an actress."

"That's true." Han Junting tidied up her clothes. The Han family had prospered in the past few years, so she really didn't want to argue with Su Bei. However, looking at Su Bei's arrogant and overly beautiful face, she wanted to ruthlessly stomp on her.

'Su Bei, don't fall into my hands next time.'

Manager Pang pressed the elevator button eagerly. Before the elevator arrived, a group of people wearing uniforms and hats walked in from outside the door. They were all dressed in custom-made clothes, which made the atmosphere look solemn and oppressive.

Su Bei, who had yet to leave, was stunned by the scene.

Chapter 813 How Could He Not Be Superior?

She stood close to them and took a serious look at the name tags on their torsos. They were all employees from the departments who were responsible for checking the restaurant's standards. All of them had serious expressions on their faces.

Su Bei was surprised. No way. Was this the result of the complaint she just wrote?

She thought that even if the complaint was effective, it would at least take some time before someone would come to the restaurant to investigate.

When Manager Pang and Han Junting saw this, they were also very surprised and didn't dare to go upstairs. Manager Pang immediately walked toward the leader of the group.

He really did not expect that with such a strong background in the restaurant, he would actually encounter such an investigation!

"Leader, hello, hello! Please come in and take a seat. Waitress, quickly make coffee." Manager Pang went forward with an eager attitude. The other party's tone was very businesslike. "No coffee. Who's the person in charge of this restaurant?"

"I am, I am. Please take a seat, Leader. If there's anything, I'll cooperate." "Then hand over all your qualification documents. Additionally, this restaurant has received a total of 180 complaints. We'll temporarily suspend operations. You have to wait for the qualification review to pass before resuming operations." The leader of the group did not show any mercy and had a firm attitude.

When Su Bei heard that, she realized that it was not because of her complaint. Her complaint was just one of the many reasons.

This restaurant had accumulated more than a hundred complaints. It was obvious that their service was not the best...

Manager Pang was on the verge of tears. Not only would they lose a lot of money, but they also had to explain everything to the VIPs. This was not a simple matter...

However, seeing that the other party came aggressively and was completely businesslike, he had no choice but to suspend his operations.

However, he could not understand why a restaurant that had never been checked before would suddenly encounter a huge inspection.

It seemed like this matter wouldn't be so simple...

Han Junting did not even get to be happy for two minutes. She hadn't even sat in the private room when she was called out. She was filled with resentment. But in the face of such a situation, she had no choice. She dared to bully Su Bei and Assistant Manager Zhuo, but in front of these people, she could only swallow her anger.

"Miss Su..." The cold-faced leader walked over with a gentle attitude. "We've already received your complaint. We'll give you an explanation when the time comes."

"!!" Manager Pang was shocked. "!!" Han Junting was shocked.

It was really because of Su Bei's complaint!!

"Thank you. You guys have worked hard." Su Bei smiled appropriately. She knew that she would be able to get a satisfactory answer if she used the standard methods to solve problems.

"It's our duty." After saying that, the person continued to work.

Manager Pang was filled with regret, but there was nothing he could do.

When Su Bei left, Lu Heting and Lu Weijian walked toward her.

"Sorry, there was a sudden problem with the restaurant I booked today, so I'm afraid we can't eat here," Su Bei said apologetically. Lu Weijian looked like he didn't care at all. "Sister Bei Bei, what happened?" "It's just a small matter. It's already settled. Jingyuan is really a lawful society. The speed at which they handle things is really too superior." Su Bei sighed softly.

Lu Weijian agreed while thinking to himself, "How could my brother not be superior?"

Chapter 814 Don't Like Being Carried

When would he tell his sister-in-law his identity?

Every time, he had to make such painstaking arrangements without leaving a trace. Even if Big Brother was not tired, he was tired just by looking at him.

Also, wasn't it better to let Sister Bei Bei return to the Lu family and enjoy the status of being Mrs. Lu as soon as possible?

Lu Weijian glanced sideways at his brother's expression and only saw Mr. Lu calmly reaching out to hold Su Bei's hand. "It's good that it's settled."

"I've already made a reservation at another restaurant," Su Bei said. "Let's go somewhere else."

"What a coincidence. I've also made a reservation in another restaurant for Mr. Weijian. Why don't we go to the place I booked?" Lu Heting really didn't want anyone to disturb his family's gathering. When Su Bei heard that, she smiled and said, "That's good. I'm also afraid of what happened just now. Let's go to the restaurant you mentioned."

"The two munchkins are still in the car. I'll bring them over."

Lu Heting and Su Bei went to the car to fetch the two precious ones.

Gun Gun was hugging Da Bao's arm and talking non-stop. Da Bao had a cold expression and would nod from time to time.

Su Bei felt that this scene was very familiar.

"Mr. Weijian, do you find this scene familiar?" Su Bei asked.

Lu Weijian scratched his head. Wasn't this the image of him interacting with his big brother? It was really familiar...

Lu Weijian didn't know what to say.

Lu Weijian coughed lightly and regained his composure.

Seeing Su Bei, Gun Gun finally let go of Da Bao's arm and hugged Su Bei's thigh. "Bei Bei!"

Su Bei picked him up and held Da Bao's hand with one hand. Then, she went to the dining room with Lu Heting and Lu Weijian. Lu Weijian followed behind him and said to Lu Heting secretly, "Brother, this is how a mother should be. My Sister Bei Bei is usually weak, but now she's holding each one of them without any pressure..." Lu Heting quietly walked forward and picked up Gun Gun for Su Bei as well as Da Bao.

Da Bao looked at Lu Weijian resentfully. He was already a fifth-year primary school student and had the ability to take care of himself. He did not like being carried!

'It's none of my business. I'm innocent,' Lu Weijian mouthed to Da Bao.

The restaurant that Lu Heting had made a reservation in was of a higher status than the one earlier, and it was on the top floor.

After entering the restaurant, they did not pass by the hall at all. Instead, they went up through a special passageway. When they reached the top floor, the manager directly led the waiters and waitresses to

place their hands over their stomachs. They were very careful, as if they were afraid that if they moved too much, they would disturb the guests.

The private room that Lu Heting entered was reserved for him alone. There was no need to make an appointment. He could come to the private room anytime he wanted.

Su Bei asked Lu Weijian what he liked to eat.

“I’m not picky. I’m fine with anything. Let’s see what Da Bao and Gun Gun like to eat.” Lu Weijian relaxed, and his expression changed completely. He no longer looked like a young master. He wished he could hug Da Bao’s legs and ask him how he could win the previous game.

Su Bei finished ordering and asked with a smile, “Mr. Weijian, don’t you have to celebrate your birthday with your family?” “We’ll spend the night together,” Weijian said. He used to spend it with his brother and Gun Gun.

### **Chapter 815 With His IQ**

Su Bei nodded, and Lu Weijian added, “Back in the day, there were many people who invited me out, but you should know that those occasions are troublesome. They’re not for meals. They’re all for fake interactions.”

This was true. For example, Su Bei would rather go home to cook dinner and eat with her husband and sons than go to so many events to socialize. There, she would only drink a bellyful of wine and eat some cold food.

Before the dishes were served, Su Bei was about to say some words to Lu Weijian. However, he was already in front of Da Bao and muttering some questions. Su Bei could only hear words like ‘weapons’ and ‘equipment’.

Gun Gun also listened to them.

Lu Heting reached out to hold Su Bei’s hand and glanced at Lu Weijian. At least his brother was sensible and knew to let him spend time alone with Su Bei.

“Isn’t it inappropriate for us to neglect Mr. Weijian?”

“No, he’s alright.” With his intelligence, he was most suitable to play with Da Bao and Gun Gun anyway.

No, it was Gun Gun, not Da Bao and Gun Gun.

At the entrance of the restaurant that Su Bei had previously made a reservation in, Han Junting was about to kick up a fuss when her father, Han Qiangsheng, quickly walked over.

Seeing how furious her father was, Han Junting quickly went forward and held his arm. “Dad, who made you angry? What happened?”

“Who else? Other than you, who else could it be?” Han Qiangsheng’s voice was filled with rage. Han Junting looked aggrieved, and her face fell. “Dad, I haven’t told you about the grievances I suffered here just now. How much business does the Han family bring to this restaurant every year? How much do they support their development? Who knew that they would even tell me that high-level VIPs are not as

important as someone who made a reservation? I'm still fuming. Dad, you have to help me! We won't be able to eat here anymore!"

Han Qiangsheng suddenly reached out and gave her a slap!

Han Junting was stunned. She reached out to cover her burning face. "Dad, you hit me? But you never hit me!"

She had been pampered since she was young, but now her father had hit her like this? Was it because of what happened in the restaurant just now? It was obvious that the one in the wrong was not her!

"Do you know who you've offended? By acting so arrogantly in this restaurant, you've offended the man no one can afford to offend! You've caused a huge mess for our family! At best, we'll go bankrupt; at worst, we'll go to jail!" Han Qiangsheng's voice was filled with anger and regret. He hated himself for spoiling his daughter too much in the past, causing her to get into such a huge mess now.

When Han Qiangsheng heard the news, he personally rushed over. He even begged his father and mother to look for someone to plead for leniency with that man. He didn't know if there would be any results. When he thought of this, his back was drenched in sweat.

Seeing her father like this, Han Junting finally realized the seriousness of the matter. "B-But I didn't offend anyone... The only person I offended was Su Bei..."

"How can you be sure that this lord isn't the one backing Su Bei? You've really been spoiled rotten by me!" Han Qiangsheng said angrily. Han Junting's face turned pale. "I was wondering why Su Bei dared to challenge me time and again. It turns out that she has really hooked up with a big shot and has a sugar daddy..."

Before she could finish speaking, Han Qiangsheng slapped her again. "Only you would say such nonsense!"

### **Chapter 816 Too Strange**

Han Junting covered her face. "Who is that man? Why is he so scary? I don't believe it!"

Why did her father have to be so afraid of that man? Speaking of which, her father had made it big these past few years. Usually, the people Han Junting met treated her with respect. When had she ever seen her father so afraid of someone?

"Shut up! This is also only something that you would ask! Don't mention it in the future again!" Han Qiang grabbed her hand. "You will personally apologize. I hope the heavens will let us have a chance to turn things around. Otherwise, the whole family will be in trouble."

Han Junting was so frightened that she kept quiet out of fear. She really didn't expect her father to be so afraid of someone. How did Su Bei manage to do this?

However, she didn't even dare to ask such questions now. If the Han family really went bankrupt and it was because of the stupid things she did today, Han Junting didn't dare to think about her future...

In the private room, Lu Weijian was chatting happily with Da Bao and Gun Gun.

Lu Heting and Su Bei were talking in low voices. When the manager walked in and saw this scene, he could not help but hold his breath. He tiptoed to Lu Heting's side and whispered, "Mr. Lu, Miss Su."

Lu Heting lifted his eyes slightly, signaling him to continue.

"The two people surnamed Han are downstairs. They said they want to apologize to Miss Su." The manager knew Lu Heting because he was a regular here.

He only knew that Lu Heting had a high standing, but he didn't know how high his status was. Besides, Mr. Weijian had already greeted him earlier, telling him not to be too obvious.

That was why he rushed to report this matter.

If he had known that this was the great Mr. Lu, he would have sent those surnamed Han away long ago. Su Bei asked curiously, "Who are the people surnamed Han?"

"One is called Han Qiangsheng and the other is called Han Junting," the manager hurriedly bowed and said.

Su Bei was surprised and said to Lu Heting, "Han Junting is the spoiled daughter of a rich family. The few times she saw me, she purposely picked a fight with me. She actually wants to apologize to me now? That's really strange."

Lu Heting's expression remained unchanged as he said, "Perhaps her family found out that she went overboard today, so they brought her here to apologize."

"That's possible. Some parents are very reasonable and strict with their children's education," Su Bei said. She reached out to push her long hair on her shoulders and curled her red lips into a smile. "But I don't want to see her right now. It's affecting my appetite. Manager, please have them leave." "Okay, I'll go do it now," the manager replied and quickly left.

Su Bei did not take this matter to heart.

Han Qiangsheng, who was outside the door, heard that their apologies were useless. It wasn't easy for him to find out that Su Bei and the others were eating here. If he missed this opportunity, then next time, he wouldn't be so lucky to meet Su Bei and that man again.

At the thought of this, he pulled Han Junting and knelt down in the underground parking lot without a second thought. He was determined to not give up until he saw her.

Han Junting had long regretted it so much that her intestines were all twisted into a bunch. If she had known that this would be the outcome, she would have... No, the last time she bought clothes, she would have kept her mouth shut and not argued with Su Bei.

She could only obediently kneel down with her father and wait for Su Bei to come downstairs.

#### Chapter 817 His Father Has Good Genetics

The weather was still cold. They knelt there, not daring to leave. However, the birthday party would not end so soon. Besides, Lu Weijian wished he could be together with the two munchkins for longer. He was in such a good mood that he blew out the candles and ate the cake happily.

“Whenever I saw Mr. Weijian in the past, I always had to rack my brains to figure out how to entertain him. I was afraid that I would say the wrong thing and make a big shot like him unhappy. Now, it seems that if I’m going to see him in the future, I can just bring Da Bao and Gun Gun along. I don’t have to think about what to say anymore.” Su Bei sighed as she sat by the side.

“It’s not like he celebrates his birthday every day. Next time he wants to see you, you don’t have to bother with him.”

Su Bei laughed. “But he’s your boss.”

Gun Gun was eating the cake when he suddenly raised his hand. “Reporting to Bei Bei, I’m going to the washroom.”

“I’ll take you there.” Lu Heting stood up and grabbed his hand. “Next time, report this to Daddy, okay?”

“I know, it’s just because she’s a girl. Otherwise, I would want Bei Bei to bring me there,” Gun Gun mumbled and gave Lu Heting his hand.

Da Bao followed.

Lu Weijian leaned over. “Sister Bei Bei, our... Your Da Bao is really too outstanding. I really want to bring him home and let him play games with me for a few days. Sister Bei Bei, how did Da Bao become so outstanding?”

“Because his father has good genes.” Su Bei honestly smiled.

Lu Weijian felt as if he had been shot in the knee. He had grown up with his brother and had the Lu family’s genes. Why wasn’t he like his brother or Da Bao?

Su Bei comforted him. “It doesn’t matter. You have an advantage too. You were born with a great advantage. That’s also an advantage that others can’t compare to.”

Lu Weijian sighed.

“Oh right, Mr. Weijian, Heting sometimes helps me out on certain matters. Will it affect his work in the company?”

“I don’t think so. He has a photographic memory. His energy is inexhaustible and his self-control is heaven-defying. Usually, 15 assistants would have to look at a document together, but he can do it faster alone. He would discover many problems with it,” Lu Weijian said with a sigh, “He can even do the jobs of five people, what more his own?”

The corner of Su Bei’s lips twitched as if she had discovered an incredible fact. “So, Lu Group has always let him do a few people’s jobs?”

“Ah, that’s not true... We can’t reject him when he’s willing, right?” Lu Weijian hurriedly tried to salvage the situation.

## 11.

Su Bei nodded. “Lu Heting is just too hard-working. Actually, with his ability, he doesn’t need to work so hard at all.”

“That’s right.” Lu Weijian agreed. “Luckily, you brought Da Bao back. He doesn’t have to work overtime anymore. In the past, he always worked overtime... Ah, he did it willingly. I didn’t squeeze him dry.”

Su Bei’s heart ached as she said, “That’s why I want him to relax a little. If there are any investments in the future, can you get him to participate as well? I know that Lu Group’s projects are all very big, and it’s easy for them to invest more than nine digits. Money isn’t a problem, so I’ll be able to gather a sum soon.”

Lu Weijian was teary-eyed. This sister-in-law of his was really too considerate. He quickly nodded. “But it depends on whether he’s willing to or not.”

#### Chapter 818 Teaching Through Words

“I know he’s capable and he has his pride. He definitely won’t ask you for this, so it’s okay, I’ll convince him. I just want him to relax a little. Plus, with his ability, he really doesn’t need to work this hard in his current job...” After Su Bei said that, she realized that Lu Heting was about to return with Da Bao, so she changed the topic and didn’t continue.

Lu Weijian was filled with envy. Sigh, Big Brother was so fortunate. Even as a chauffeur, there were people who cared about whether he was tired or not and whether his abilities matched his position.

As for him, everyone only cared about whether he could fly high or not. Who would care if he was tired from flying? Sigh, they were really different people.

The moment Lu Heting returned, he saw Lu Weijian looking at him with teary eyes.

He couldn’t help but glance at Su Bei. Seeing that Su Bei’s expression was normal, Lu Heting dispelled his doubts and carried Da Bao and Gun Gun to their seats before giving them food again.

The family finished their lunch in satisfaction and went downstairs together. They went directly to the parking lot from the private room.

The elevator door opened and Lu Heting saw Han Qiangsheng and Han Junting kneeling not far away. He handed Da Bao and Gun Gun over to Lu Weijian. “Take them to the car first.”

Han Qiangsheng spotted Lu Heting and Su Bei after hearing the sounds. Although he didn’t know that the person in front of him was the young master he was so afraid of, he had already received news that the young master with absolute power was about to lay his hands on the Han family. Anyway, his only hope was probably Su Bei. The most urgent matter right now was to obtain Su Bei’s forgiveness.

Hence, he immediately knelt down and said, “Miss Su, I’m really sorry! It was my foolish daughter who failed to distinguish right from wrong and caused you trouble! I brought her here to apologize to you! Please be magnanimous and forgive us. As a father, I didn’t fulfill my responsibility and didn’t educate my daughter well, causing you a lot of trouble.”

Su Bei was shocked by his fervent attitude and took a few steps back. She really didn’t expect Han Junting’s father to come and apologize so openly.

Initially, when the manager came to inform her, she thought that he just wanted to say sorry.

Such a big scene... Su Bei's face looked a little lost. Her jaw was tense, and she didn't know how to react. She looked at Lu Heting and subconsciously held his arm. "Hubby, what should I do?"

"This Mr. Han must have learned his lesson this time," Lu Heting said seriously.

The coldness between his eyebrows diminished a little. Han Qiangsheng was still considered sensible. He knew that he was wrong and his attitude of admitting his mistake was rather sincere.

If Su Bei didn't want to pursue the matter, Lu Heting would follow her wishes.

"Miss Su, Junting really knows her mistake!" Seeing that Su Bei hadn't said a word, Han Qiangsheng thought that Su Bei wasn't willing to forgive them. He pulled his daughter up and gave her a few slaps. Han Junting's face instantly turned red and swollen like a pig's head.

"You evil creature, hurry up and apologize to Miss Su!" Han Qiangsheng shouted sternly.

Han Junting immediately cried and said, "I was wrong. Miss Su, please forgive me... I really know I was wrong. I won't do it again..."

### **Chapter 819 The Father's Mistake**

Han Junting had been kneeling for more than two hours. She was so cold that her whole body was trembling and her knees were weak. Standing in front of Su Bei, she looked like she was about to collapse. Her attitude was no longer as arrogant as before. She became humble and weak.

Su Bei felt that this matter shouldn't be made into such a huge commotion. However, Han Junting was indeed a little arrogant.

"It's nothing big this time. I can't be bothered to pursue it. But next time..."

Han Qiangsheng was so anxious that his face turned red. He immediately said, "This won't happen again! Miss Su, don't worry. I'll definitely bring my daughter back and discipline her properly. This won't happen again!" "Yes. The next time I see Miss Su, I'll definitely stay far away from you. I won't dare to do it again," Han Junting said as she cried.

Su Bei really did not want to see the father-daughter pair acting like this anymore. She frowned slightly and said, "Okay, then I don't want to see this happening again. Let's forget about this matter."

you, Miss Su," Han Qiangsheng said as he dragged Han Junting away. There was still a good lesson to be learned.

The father-daughter pair left while stumbling.

Su Bei found it strange. "Isn't the father a little too strict? Even if Han Junting is in the wrong, how can he educate her like this?"

"It's the father's fault for not educating his daughter well. Since he didn't educate his daughter well, he would naturally have to bear the consequences."

Lu Heting said in a low voice.

Fortunately, Han Qiangsheng reacted quickly and saved the family from bankruptcy. Su Bei thought about it and realized that it was indeed the case. She looked in Da Bao and Gun Gun's direction and sighed. "As parents, we really have to be fearful and cautious. We have a lot of responsibilities."

Lu Heting laughed and pulled her into his arms. "Our sons have good genes. They won't be like that person just now."

"That's right. Oh, right. Mr. Weijian has always adored our two children. He even plans to bring them back to play games with him! Our Da Bao and Gun Gun are the best!" Su Bei was proud of them!

"If he likes children, let him give birth to them himself." Lu Heting's murderous gaze pierced in Lu Weijian's direction.

Lu Weijian was talking to Da Bao when he suddenly felt cold. What was this coldness? Why did it feel so familiar?

After Lu Heting got into the car, he said that he would send Lu Weijian off.

How would Lu Weijian dare to ask his elder brother to send him off? He was already very satisfied to celebrate his birthday with his elder brother, sister-in-law, and two nephews. If he were to stay and disturb the happy life of the family of four, wouldn't his birthday become his death anniversary?

"Well, I have a business deal nearby, no need to send me there. I can walk there," Weijian said.

"Goodbye, Mr. Weijian." Su Bei waved at him.

Lu Weijian waved happily. "Goodbye." He could not feel happy at all. It was his birthday and he had to take a taxi home. He could not find anyone as miserable as he was!

Sigh, comparing oneself to others was really infuriating!

Su Bei said to Lu Heting, "I also have a collaboration to discuss. Can you wait for me here?"

"Okay." Lu Heting stopped the car.

Da Bao said, "Be careful."

Gun Gun said, "I want a goodbye kiss!"

Su Bei, who had already gotten off the car, returned and left a kiss on the foreheads of the adult and two children before walking away.

Chapter 820 I Trust A Person's Character More

Lu Heting looked at Gun Gun and suddenly thought of a saying-a woman acted as adorable as a baby was the best.

It turned out that men (children) could not do anything else.

Su Bei went to look for Assistant Manager Zhuo.

When she arrived, the restaurant was already closed and being inspected.

"I'm looking for Assistant Manager Zhuo," Su Bei politely said to the waitress. The waitress, who was previously arrogant and always looked down on others, had gotten rid of her temper now. She glanced at Su Bei and said, "He's arranging documents. I'll get him to come over."

Soon, Assistant Manager Zhuo came out. When he saw Su Bei, surprise flashed across his face. He poured two cups of coffee and invited Su Bei to sit down.

"Miss Su, do you need something from me?" Assistant Manager Zhuo sat down and tidied his clothes.

"Assistant Manager Zhuo..." Su Bei said. Assistant Manager Zhuo smiled and said, "I've already resigned. I'm no longer an assistant manager. Call me Zhuo Liping."

Su Bei looked at the room on the side. The people inside were preparing various documents for inspection, and Zhuo Liping was obviously working hard.

Seeing Su Bei's doubt, Zhuo Liping smiled and said, "I've indeed left my job. For a restaurant that can't even follow basic rules, I feel that it's not worth staying here. It's not in line with my career ideals. However, now that the restaurant has encountered a problem, I can't just leave. Regardless, this place has given me a chance to work. I will stay until the inspection is over before leaving." Su Bei smiled and said, "I didn't misjudge you. A person like you is very suitable to manage a company." "Miss Su, you must be joking. I didn't manage to settle the previous matter properly and caused you trouble. Please don't take it to heart, Miss Su." Zhuo Liping picked up his coffee. "By the way, may I know why you're looking for me?"

"I want to hire you to be the general manager of a mall that's about to open," Su Bei said bluntly. "That mall is very far away from the city. The early stages of work are very challenging and difficult. I need someone like you to manage it."

Zhuo Liping looked at her in surprise. "Your profession..."

"The company belongs to Tang Corporation. I'm a member of the Tang family." Su Bei went straight to the point. Since they were going to cooperate, she had to show her sincerity. There was no need to hide this from him.

Zhuo Liping had only heard about it before, but he didn't know the details. Now that he realized Su Bei's status, he had a good impression of her attitude. "Miss Su, I've only managed restaurants before. Are you sure you can trust me to manage a huge mall?"

"Abilities are interconnected. Besides, this restaurant is also a national chain. It's no less complicated than what's going on in the business world. Furthermore, compared to ability, I trust a person's character more," Su Bei said honestly.

Zhuo Liping was indeed a little hesitant. He had also heard that the shopping mall in the suburbs that belonged to Tang Corporation was now practically an abandoned project. All the departments had given up on the construction there. There would be no traffic there. There was only the wilderness and small roads. How difficult would this task be?

However, looking into Su Bei's eyes, he saw boundless light and fearless confidence. Zhuo Liping was influenced by Su Bei's gaze and unexpectedly nodded. "Then I'll accept your offer!"

“Okay, I’ll wait for you to finish your work here.” Su Bei extended her hand. “To a fruitful cooperation!”
