

HEAVEN SENT 841

Chapter 841 Henpecked

Lu Hang handed the documents to Lu Heting as he said, "The two plots of land that were under construction that no one wanted before have become hotcakes. The other plots of commercial land are also being fought over. Also, the municipal public transport has reorganized the area.

"Currently, with Jingbei Square as the center and its rapid development, it's enough to develop that area into a new secondary city center."

All of this was brought about by Su Bei's plan.

By the time the buildings were built and they lined up in rows, the development there would be even more eye-catching.

Lu Heting tapped his fingers on the table in satisfaction. He said, "I don't care about the rest but we have to get the biggest commercial land next to Jingbei Square."

He didn't have any other intentions. He just wanted to build his own business next to Su Bei's business.

Yes, one could also use buildings to display their love for each other.

Lu Hang immediately understood. "Of course! When the time comes, all the shops that the customers go to are our Lu Group's shops."

Lu Heting raised his eyebrows unhappily. "Su Bei's things are hers, and mine are hers too."

It was only then that Lu Hang realized that he had said something wrong. He quickly slapped his mouth and tried to salvage the situation. "Yes, yes. They'll only enter Su Bei's shops!"

Lu Heting was satisfied. "Hurry up and get it done. Don't delay any further. Ask me for instructions on everything."

"Yes, Mr. Lu."

Lu Hang made a mental note of it. In the past, Mr. Lu couldn't be bothered to get involved with projects of this level. However, as long as it was related to Young Madam, he had to take up the matter personally.

In terms of being henpecked, Lu Hang was the biggest witness.

After all, he saw it every day.

Just as everyone thought that Su Bei would only perform well on the first day and not in the future, Jingbei Square continued to flourish steadily.

On the other hand, although Tang Yue's Central Square was located in a good location, there were eight similar places to it. One of the landmark shopping malls belonged to Lu Group, and the other families had shares of Lu Group.

Therefore, although Central Square was competitive, it did not have much of an advantage. All it did was follow in Lu Group's shadow. It was far from having an irreplaceable advantage.

On the other hand, Su Bei's Jingbei Square was unique. It had its own creativity and uniqueness. It was irreplaceable.

"If I had known earlier, I would have chosen Su Bei's project!" Tang Yue was filled with regret, but it was too late for regrets now.

wa

Fortunately, despite losing the advantage in her business Du Guoshou and Ou Huanwei both thought highly of her.

Because in their hearts, Su Bei was able to obtain those advantages because of Old Master Tang. How could Su Bei do it by herself?

An outstanding lady from a prestigious family like Tang Yue was the one that the couple admired and thought highly of. They planned to welcome her into the family as their daughter-in-law.

Tang Yue finally had a lead.

After the profits from Jingbei Square came out, Su Bei meticulously distributed a few cards and gave one to Zhuo Liping as a bonus. During this period of time, he had been working hard day and night. Otherwise, the entire square would not have recorded its current turnover rate.

Chapter 842 Missing Her

The other two were for Feng Cheng and Lin Wenyu respectively.

Su Bei booked a private room at a clubhouse. When the two of them came over, she was afraid that they would feel uncomfortable, so she did not call Lu Heting along.

Seeing the cards, Feng Cheng and Lin Wenyu looked at each other and refused to accept them.

"In these cards, there's money that we invested together in this project. Whether it's the money that Ruyi Studio earned this time or the money that the mall earned, it's all part of what you guys invested back then."

"I'll accept the money from Ruyi Studio but I definitely won't take anything the shopping mall earned." Lin Wenyu was easygoing as well. There was no point in rejecting Su Bei repeatedly. She reached out and took a card.

Feng Cheng saw that Lin Wenyu had already taken it, so he took it as well. If he didn't take it, it would seem like he didn't consider himself a friend of Su Bei's.

Su Bei liked how straightforward they were. It would have been really troublesome if they had repeatedly declined.

"Okay, the cards have been distributed. Now, it's time for us to celebrate." Su Bei ordered wine and supper.

This clubhouse was a high-end clubhouse. One could only enter with a membership card. There was no need to worry about paparazzi chasing after them and randomly taking photos.

Feng Cheng and Lin Wenyu were also very relaxed.

The three of them casually drank and chatted.

As they weren't heavy drinkers, they didn't drink much.

Although they didn't drink much, they were all in a good mood.

At the end of the meal, the three of them went out to settle the bill together. As a man, Feng Cheng would fight for the bill no matter what. He fought till his face turned red. It was because he had been living off Su Bei for a while. He had long wanted to wait for such a day when he could pay the bill himself.

This involved a man's subtle pride and dignity.

Su Bei let him be and smiled generously. "Thanks."

She and Lin Wenyu went to the washroom. Lin Wenyu went inside, and Su Bei received a WeChat message from Lu Heting asking her when she was going home.

Su Bei stood up and replied while waiting for Lin Wenyu: (Soon. I'll call for a substitute driver. Wait for my kiss.)

Beside her, a man in his early 40s looked at Su Bei for a moment as he passed her.

The woman, who was not wearing any makeup, had a smile on her face. The lights in the clubhouse shone down on her, casting a layer of light on her body. It made her facial features even more distinct and exquisite.

The man's gaze was like that of a predator that had found its prey. There was a dangerous glint in it.

The person behind him noticed this and whispered, "Mr. Pang..."

"Who is this woman?" The man called Mr. Pang was in his 40s. His muscles were very muscular and his face was filled with hostility and slight desire.

After all, he was a man with high status. He could get many women and it was all too easy for him. Therefore, he had long disregarded ordinary women.

When he suddenly saw Su Bei, he started thinking about her.

"Mr. Pang, that's Su Bei. She's a supermodel and is very famous. She's filming a movie now, and Lu Group is investing in it. Perhaps she has the backing of Lu Group." The man behind him had a smile on his face. He wanted to please Mr. Pang, but he didn't dare to touch anything related to Lu Group.

Even someone like Mr. Pang might not dare to touch a woman related to Lu Group, let alone him.

"Mr. Pang, let me find you some pretty ones..." He continued with a smile.

Chapter 843 I'm Not Important, Am I?

Mr. Pang scoffed and mocked, "What's the use of ordinary goods? Are there any pretty ones?"

In other words, he wanted Su Bei.

This caused the man behind him to sweat profusely. He had failed to persuade Mr. Pang and couldn't help sizing Su Bei up. He secretly ridiculed in his heart, 'Why does she look so eye-catching for no reason?'

However, Su Bei was indeed too beautiful. She was even more radiant than when she was on television. Her eyes and eyebrows looked delicate, and she was able to grasp the attention of big shots.

"Go look for her and ask her to come be at my side. I guarantee that she'll be able to do whatever she wants in the entire Country S and live a good life!" Mr. Pang left after saying that.

The man narrowed his eyes and thought for a while. 'Fine, it's just a meal. If Su Bei is willing, then that's fine. If not, I'll let her reject Mr. Pang herself.'

That Mr. Pang had the power and status to say such things.

In the huge capital city, other than the mysterious Mr. Lu, he had never been afraid of anyone else.

Moreover, even if Su Bei was currently filming a movie produced by a company under Lu Group, it didn't mean that she was the person that Mr. Lu liked.

Lu Group had invested in many industries and had many artists under them. It couldn't be that all of them were liked by Mr. Lu, right?

Su Bei did not notice that someone had fallen for her beauty after just a glance. She was still replying to Lu Heting's WeChat message unhurriedly.

Lin Wenyu walked out after washing her hands. Su Bei put away her phone and called Lin Wenyu over.

The three of them hailed a cab and went home separately.

The next night, Yue Ze informed Su Bei that someone wanted to treat her to a meal.

"I'm so tired. Can't I reject it like usual?" Su Bei asked as she stretched her neck.

na

As Sheng Tang had a manager like Tang Xinru, they were very protective of their female artists. Usually, when it came to dinner parties, the artists didn't even need to personally reject them. On some level, they would be automatically blocked.

"I really can't reject him," Yue Ze said. "This man with the surname Pang is very influential. Moreover, he's the person in charge of our filming locations all these years. Even if a big company wanted to film a movie, they would have to pay his company a visit. Besides, he was the one who initiated it this time. Not only did he ask you out but he also asked the other crew members."

"In that case, I'll go." Su Bei agreed.

As the other party had arranged to meet with other people as well, Yue Ze didn't think it was a big problem. Most likely, he just wanted to meet and get to know each other.

Su Bei did not think that the other party was targeting her either.

As Su Bei could not go home early, she could only inform Lu Heting about it first.

Lu Heting had originally planned to postpone a business gathering and go home to accompany his wife and children. When he heard that Su Bei could not go back, he asked, "Where are you eating?"

Su Bei told Lu Heting the name of a high-class clubhouse.

"I'm sending Mr. Weijian to a nearby place. I'll bring you home, then," Lu Heting replied. Then, he instructed Lu Hang, "Host my business dinner at this place instead."

They could both take care of their matters and wait for each other to finish work before heading home together.

Gun Gun thought, 'So I'm not important, huh? What happened to accompanying your wife and children? Did you forget about your children?'

Chapter 844 Becoming An International Celebrity

Da Bao thought, 'I don't need anyone to accompany me. Thank you.'

Naturally, Yue Ze would not let Su Bei go to the dinner alone. He followed her to the high-class clubhouse.

He and Su Bei entered the clubhouse's private room together.

When Su Bei was not working, she never put on makeup. Her fair face was simple and elegant. Her skin was so fair that there was not a single blemish on it. It was a rosy pink and as elastic as a baby's skin.

She had only just revealed herself, but Mr. Pang, who was sitting at the head of the table, had already glanced at her countless times. His lofty gaze was filled with the desire to possess her.

Su Bei saw the man's malicious gaze and felt uncomfortable.

She also realized that the other members of the production team had not arrived.

A man who was smiling like a Buddha approached them and said, "Miss Su, Agent Yue, please take a seat."

Yue Ze noticed that no one else was there. He raised his eyebrows and asked, "Mr. Wang, why aren't our colleagues here? Didn't we agree to have dinner together?"

"They're here. They're all sitting in another room. Mr. Pang has a few words to say to you and Miss Su, so he specifically chose this simple and elegant room."

Yue Ze's heart trembled slightly. He looked at Mr. Pang and bowed in greeting.

This Mr. Pang was very powerful, and he was involved in the underworld. The vast majority of people in the capital had to show him some respect when they saw him.

Even Old Master Tang would have no choice but to obey.

Hence, Yue Ze gave Su Bei a look and Su Bei also sat down.

Mr. Wang opened a bottle of high-quality red wine and filled the glasses for the three of them. He said with a smile, "Actually, Mr. Pang has always been very interested in the movie industry. He has also

been planning to film one during this period of time, so he wanted to invite the relevant personnel to meet and have a chat. Miss Su, you're very talented. I heard from Director Guo that you're a promising talent.

"Mr. Pang really wants to promote a female artist and turn her into a top star. He wants to invest a lot of money in her and have her shoot a few international blockbusters to become an international celebrity.

"Miss Su, I wonder if you have such ambitions as well?"

Yue Ze and Su Bei understood what was going on. Mr. Pang had an ulterior motive. Su Bei might have been praised for her talent, but the movie hadn't even been released yet. What were they praising her on?

Didn't Mr. Pang just want to spend money on her so that she would be his mistress?

In the industry, there were definitely female celebrities who had done this before. The resources they received were indeed good.

But Su Bei was Su Bei. She never needed these.

Seeing that Yue Ze and Su Bei were silent, Mr. Wang also knew when to stop. He then raised his glass of red wine. He did not say anything else and waited for them to think it through.

It could be said that there was no way a female artist in the industry would not be tempted by such an offer.

A delicate beauty like Su Bei would shine brightly after she got on the stage, but it was obvious that she could not take hardships. How could she reject such temptation?

"Miss Su." Mr. Wang gave Su Bei some more red wine.

Ever since Mr. Pang had asked him to do this, he had specially inquired if any higher-ups in Lu Group were interested in Su Bei.

In the end, there was nothing.

Not only that, it was obvious that Lu Group was not interested in Su Bei at all. The reason why Lu Group was willing to invest in the movie was because of Director Guo's good script.

Furthermore, it was obvious that Lu Group's Di Xing Media Company was trying to promote Han Feng and Rong Xiu. As for Su Bei, Director Guo was the one protecting her.

Chapter 845 Rejecting Him

It turned out Mr. Wang had already come to the conclusion that Su Bei would definitely agree with Mr. Pang.

"Miss Su, does the wine today suit your taste?" Mr. Pang's eyebrows were extremely thick, giving people the feeling that he was a little fierce. He smiled at Su Bei and said such words, making one feel a little creeped out.

He was also waiting for Su Bei's response.

From his point of view, everything was going to happen as he had anticipated. Whether it was the artists, female directors, or university students that he had set his eyes on previously, they were all easily won over.

What made Su Bei special from these people?

Only then did Su Bei raise her eyes as if she had just heard him. Her eyebrows were lowered just now, and she was as quiet as a beautiful lily. At this moment, her eyebrows were slightly raised. She turned into a red rose again. Wherever her eyes swept over, it made one's heart soften as a numb feeling spread.

Not to mention Mr. Pang but even Mr. Wang, who was beside him, couldn't help but click his tongue. This kind of woman was very attractive even when just sitting in front of the camera! No wonder Mr. Pang was determined to win this time.

Su Bei opened her mouth and said in a clear voice, "I'm really sorry, Mr. Pang. I don't have any plans to continue filming movies for now."

Mr. Pang and Mr. Wang had already expected her to show some hesitation before finally agreeing. They were not surprised.

Mr. Wang smiled and said, "That's understandable. Artists must find suitable scripts before they accept offers to film movies. I understand."

Su Bei smiled in high spirits and said sincerely, "It's not because of this. It's because I'm already married and have a husband and family to take care of. I can't spare the time. Please forgive me."

The meaning behind her words could not be clearer. She had a family now. No matter how good the opportunity was, it could not compare to the position her husband and family held in her heart.

Therefore, she had firmly rejected Mr. Pang.

Mr. Pang's expression changed as he gripped the glass and downed the red wine in one gulp. The glass slammed onto the table as he shouted, "Good, good!"

He never thought that Su Bei would reject him!

Mr. Wang was also shocked. Not only did Su Bei refuse but she also rejected Mr. Pang so harshly. He quickly said, "Miss Su, who stops caring about their career after marriage? Miss Su, are you joking? Even if you're married, there are some things that you can do. "If your husband doesn't agree, Mr. Pang can convince him."

These words were rather unpleasant to hear. Su Bei stared at him and smiled. "My husband won't agree to this, and I don't agree to it either. With Mr. Pang's resources, how is it possible that he can't find others who are willing to take on his offer? There must be a lot of people who want this offer, right? Even though we couldn't come to an agreement, we can still be on friendly terms. I'll go to the room next door to toast and greet the rest of the crew members!"

After speaking, Su Bei and Yue Ze stood up and were about to leave.

Even though they knew that offending Mr. Pang would bring them a lot of trouble later on, they couldn't care less at this moment.

"Stop right there!" Mr. Pang shouted.

The smile on his face had faded and become cold. However, it matched his original temperament and was not as scary as when he was smiling

Su Bei and Yue Ze's hearts skipped a beat as several men in black stepped forward.

The men in black were all expressionless bodyguards. They directly approached Su Bei and Yue Ze, surrounding them.

With Mr. Pang's power, it wasn't hard to imagine what he would do here.

Chapter 846 He Had Underestimated This Woman

"Throw the agent out. Su Bei will stay!" Mr. Pang picked up a cigar and lit it with the lighter that the bodyguard held. He then blew out a mouthful of smoke.

He intended to use force. In his world, there was nothing that he could not obtain. Su Bei, who was in front of him, was just another item to him.

The bodyguards immediately grabbed Yue Ze. Although Yue Ze wanted to protect Su Bei, he was not a strong person. In front of these bulky bodyguards, how much could he resist?

He was quickly caught and thrown out. Su Bei was alone in the room, facing the large group of people and Mr. Pang, who harbored ill intentions.

"Su Bei!" Yue Ze anxiously shouted.

Su Bei and Yue Ze's bags had been taken away by the bodyguards, so they couldn't call for help.

Mr. Pang walked toward Su Bei one step at a time. He leisurely blew out smoke rings and said, "You went out for wool only to come home shorn!"

He had just approached when the door suddenly opened. Su Bei's assistant, Xiao Bai, helped an old lady in.

When they saw the old lady, Su Bei and Yue Ze were elated. Mr. Pang was also stunned. "Grandma, why are you here?"

"I'm here to visit you! Are you surprised?" the old lady said kindly. "You haven't been home recently, and I miss you. Hey, how's your work going? Look at you, you've lost weight and become tanned. Why are these people grabbing onto others? You young children shouldn't fight! Fighting isn't good for children!"

Mr. Pang quickly signaled for them to release Su Bei.

In an instant, Su Bei and Yue Ze were released. Xiao Bai quickly ran to Su Bei's side and tightly grabbed her arm. "Su Bei, I brought her here. What's going on?"

Su Bei said to the old lady, "Grandma Pang, can we go now?"

Grandma Pang was Mr. Pang's grandma. Mr. Pang had no parents since he was young and his family was poor. It was his grandma who had painstakingly raised him. Therefore, no matter how fearless he was, he had to respect his grandma. He was also afraid of her.

Grandma Pang was getting on in years and was suffering from intermittent Alzheimer's. Therefore, Mr. Pang was extremely filial to her.

Tonight, Su Bei knew that Mr. Pang was the one who invited them to dinner. She was afraid that something like this would happen, so she called Grandma Pang over.

The reason why she knew Grandma Pang and where she lived was because the last time Grandma Pang went shopping at Jingbei Mall, she suddenly didn't know how to get home. The people at the mall sent her to the police station and Su Bei left her personal information.

Before she and Yue Ze came to attend the dinner, she asked Xiao Bai to pick Grandma Pang up from the Pang family.

As Grandma Pang had insisted on staying in her old house and did not move in with Mr. Pang, Xiao Bai was able to get her here very easily.

Mr. Pang fiercely glared at Su Bei. He had indeed underestimated this woman. He only saw her delicate and delicate appearance. The ability that she displayed was incompatible with her appearance, which made him see her in a different light.

Grandma Pang waved her hand. "Alright, you guys go ahead and get busy. Come over next time."

Mr. Pang naturally wouldn't make things difficult for Su Bei and Yue Ze at this time, but he would remember this!

Xiao Bai was frightened by his fierce glare and grabbed Su Bei's arm tightly. She was so scared that she wanted to retreat.

Chapter 847 The Woman Mr. Lu Likes?

Su Bei held Xiao Bai's hand, signaling her not to be afraid.

Now that things had come to this, Mr. Pang would definitely not touch them for the time being.

She would worry about the trouble later.

Mr. Wang, who was at the side, broke out in a cold sweat for Su Bei. He thought to himself, This woman is really daring! She even invited the old lady out! This has solved the pressing problem but it has planted a seed of chaos. This is only a temporary solution."

He secretly shook his head. What a delicate beauty. She was really going to suffer now. What a pity, what a pity!

Su Bei looked at Xiao Bai and asked the injured Yue Ze, "Brother Yue, can you still walk?"

"I can. Let's go." Yue Ze let them walk in front while he followed behind.

Anyway, if there was any trouble, they could talk about it later.

Before Su Bei and the rest left, the door was opened again.

Everyone looked at the door. This time, Su Bei's familiar face appeared in front of them. The man's cold eyebrows were slightly furrowed, and his eyes were filled with a dangerous glint.

Clearly, he had already vaguely guessed what had happened inside the door. He was full of worry and displeasure.

When Su Bei saw him, she was pleasantly surprised but also worried. She quickly stepped forward and grabbed his arm. "Lu Heting!"

She had told Lu Heting her private room number so that he could pick her up later.

She just didn't expect him to come so early. The matter here had already been settled. Su Bei did not want any more trouble, so it was not convenient for him to stay here for long.

She didn't want him to get into trouble with Mr. Pang.

"Let's go, hubby," Su Bei whispered.

Lu Heting could tell at a glance that Yue Ze was injured, and it was obvious that it had happened just a moment ago.

Yue Ze's clothes were in a mess, and one side of his glasses was broken.

Lu Heting's sharp gaze fell on Su Bei. He wanted to check if she was injured.

How dare they lay a hand on Su Bei and her agent! Lu Heting's hawk-like eyes could not hide the coldness in them.

After Mr. Pang finished talking to his grandmother, he picked up his cigar and puffed out smoke rings.

Amidst the smoke, he suddenly saw the man who had appeared before him. His body immediately trembled.

Lu Heting's identity was mysterious and low-profile. There were very few people who could recognize him, but that did not mean there were none.

Those who could recognize him had some status, including Mr. Pang.

Mr. Pang was shocked. Was this really Lu Heting?

He was so shocked that he didn't take another puff of the cigar that was raised in mid-air. Mr. Lu had taken a liking to Su Bei? Did he just attempt to snatch the woman Mr. Lu had taken a fancy to?

How could this be!!!

Apart from his grandmother, Mr. Pang was most afraid of Mr. Lu.

He was afraid of his grandmother out of respect and filial piety. He was afraid of Mr. Lu because of his abilities and methods.

He panicked and was thinking about his words. What could he do to make Mr. Lu forgive him?

Mr. Wang didn't know Lu Heting, so he asked, "Mr. Pang, should we chase that man out?"

He only saw Lu Heting coming for Su Bei, so he was afraid that he would make Mr. Pang unhappy.

"Where did you get your guts from?!" Mr. Pang angrily scolded this blind dog. He secretly prayed in his heart that Mr. Lu had only taken a fancy to Su Bei's beauty and only wanted to play with her. He hoped Lu Heting's feelings for Su Bei were just superficial.

Chapter 848: Let's Go Home First

This way, his sins would not be as great.

It would not be as bad even if Mr. Lu blamed him.

He could not help but secretly rejoice that he had not succeeded in getting things his way. Otherwise...

Sweat poured out of Mr. Pang's forehead like a fountain.

He walked carefully toward Lu Heting.

Yue Ze quickly stood in front of Lu Heting and Su Bei.

Mr. Pang walked closer and saw Lu Heting's adoring gaze on Su Bei. Lu Heting asked in a low voice, "Are you okay?"

"I'm fine, hubby. But we can't stay here for long. Let's go," Su Bei said softly.

Hearing Su Bei call him 'Hubby', Mr. Pang's sweat poured out like a broken dam. Hubby? Su Bei said that she was married and had a family. Her husband was Mr. Lu?

On Mr. Pang's extremely boorish face, his nerves were trembling. His thick black eyebrows were like two caterpillars. Just like his aura at the moment, he became timid.

"L-Lu..." Mr. Pang had never thought that he would one day stammer like this.

The moment he said those words, Lu Heting's gaze was on him. It was as if there was magic in Lu Heting's eyes that froze Mr. Pang.

"Mr. Pang, you're in such a good mood today," Lu Heting said calmly. His anger and displeasure spread throughout the room.

"No, I wouldn't dare..." Mr. Pang forced out a smile. He did not expect that the person he wanted to lay a hand on was Lu Heting's wife!

Mr. Wang could also tell from Mr. Pang's attitude toward Lu Heting that something was wrong. He wondered if this man was Mr. Lu. How many people could make Mr. Pang so scared and have the surname Lu?

With a plop, Mr. Wang's legs went weak as he fell on the floor.

His fall eased the tense atmosphere in the venue. Everyone looked in his direction with surprise.

Lu Heting could not be bothered to lecture such a person in front of Su Bei. He lowered his eyes and said in an indulgent tone, "Let's go home first."

He hugged Su Bei and left.

Yue Ze and the dumbfounded Xiao Bai hurriedly followed them.

Seeing Mr. Pang's change in attitude, Yue Ze secretly wondered about Lu Heting's identity.

The scared Xiao Bai and the worried Su Bei did not notice the changes in Mr. Pang at all.

After leaving, Lu Heting brought Su Bei to the car. Yue Ze went home and sent Xiao Bai off.

When they got into the car, Su Bei felt a lingering fear. "That Mr. Pang is really too scary. I really didn't expect you to come. Fortunately, nothing happened tonight."

"He's quite bold."

Su Bei did not detect the anger hidden in Lu Heting's cold voice and nodded. "Yes, I've never seen someone like him. I don't know how many women have been victims to him in the past. Fortunately, I invited his grandmother over and managed to resolve it."

"It's been hard on you." Lu Heting held her hand and rubbed the back of it with his thumb. His woman was smart and knew how to make use of Grandma Pang. Otherwise, the consequences would have been unimaginable.

Mr. Pang would probably not dare to touch Su Bei anymore.

However, Lu Heting would remember this clearly!

Su Bei said softly, "Don't worry. Brother Yue and I are experienced in dealing with such matters. However, tomorrow's shoot might not go on as normal anymore. Maybe Mr. Pang will look for trouble with us. I wonder if Lu Group, who invested in us, will step in to interfere?"

Chapter 849 I Know My Mistake!

She considered that Lu Group had to earn money, after all. It was a businessman's nature to value benefits.

If Lu Group had connections with Mr. Pang, things would be a little tricky.

"Don't worry. Since Lu Group has invested in the film, they won't ignore your safety," Lu Heting said firmly. "To Lu Group, you're their most important asset. How could Lu Group give in to Mr. Pang's despicable behavior?"

"That's true. Looking at Mr. Weijian, I can tell that the people from the Lu family are all quite strong-willed." Su Bei felt a trace of shyness because she had thought wrong previously.

"Let's go home first," Lu Heting said softly.

In his heart, he was thinking about how he should find an appropriate opportunity to tell Su Bei his identity.

This matter was imminent.

Only by letting her know his identity would she be safer and more secure.

Otherwise, who knew when someone would covet her beauty again?

Because Su Bei was around, he did not let Lu Hang attack Mr. Pang for the time being.

Even so, Mr. Pang would not be able to run. Lu Heting did not have to be anxious to deal with Mr. Pang and his men.

After returning home, Su Bei took a hot shower. Lu Heting wrapped her in a thick towel and dried her hair after she came out.

She enjoyed Lu Heting's enthusiastic service, and sleepiness slowly overwhelmed her.

Lu Heting hugged Su Bei until he felt that she was in a deep sleep. He then sat up and called Lu Hang

Before he could say anything, Lu Hang said, "Mr. Lu, Mr. Pang came looking for me. He wants to offer his humble apology." Lu Hang did not know what was going on either. It was late at night, so it was not appropriate for him to report it to Lu Heting. Hence, he was currently dealing with Mr. Pang.

He could not let Mr. Pang stand outside his apartment the entire night, right?

Fortunately, Lu Heting had called. Lu Hang heaved a sigh of relief.

"At least he's sensible." Lu Heting's anger did not subside. The anger in his voice was so strong that even through the phone, Lu Hang could clearly sense it.

If someone wanted to lay even a finger on Su Bei, Lu Heting's anger would naturally not be easily appeased.

Although Lu Hang did not know what Mr. Pang had done, judging from Mr. Lu's tone, it was probably not a small matter.

He asked, "Mr. Lu, now..."

"Let him do what he wants. Also, if anyone I care about loses even a strand of hair in the future, he'll be the one I'll look for to get an explanation!" Lu Heting's voice was cold.

Lu Hang turned on the speaker so that Mr. Pang, who was kneeling at the side, could hear him clearly.

Mr. Pang had finally calmed down and said into the microphone, "Mr. Lu, I know my mistake!"

With that, he took out the dagger he carried with him and cut off one of his fingers.

Lu Hang had never seen such a scene before, and the corners of his eyes twitched slightly. The person kneeling in front of him was someone who could lord over both sides of the capital city. He did not expect to see this man like this.

He did not know just what Mr. Pang did to trigger Mr. Lu's anger.

However, Mr. Pang was quite a character. It was just one finger but all ten fingers were connected to the heart. It was so painful that sweat trickled down his forehead. However, he did not make a single sound. He only covered his finger without blinking.

Chapter 850 Be Responsible To The End

On the other end of the phone, Lu Heting seemed to have guessed what Mr. Pang had done after hearing the gust of wind from the movement.

Since Mr. Pang had already obediently cut off a finger and Su Bei was fine, he would pretend that this had never happened.

Otherwise...

Lu Heting's eyes were cold. Under the cold moonlight, they looked especially chilling.

However, when he glanced at the quiet and sweet figure sleeping on the bed, his body turned warm and soft.

Lu Hang said to Mr. Pang, "Mr. Pang, I believe Mr. Lu's anger has subsided. Take your finger back."

"No need." Even if Mr. Pang brought it back, it would be useless. Did he have to bring it back? Then what would Mr. Lu think of his atonement?

He picked it up and tossed it into the trash can. He took off his jacket, hugged his palms, and turned around to walk away.

Who asked him to be blind enough to dare to touch Mr. Lu's woman?

Lu Hang shook his head. He really did not know what had happened.

However, he secretly guessed that this matter probably had something to do with Young Madam, right? After all, it had been a long time since he saw anyone get so scared by Mr.

Lu.

The next day, Su Bei arrived on set with an uneasy heart.

She was a little worried about Mr. Pang's revenge. Such a person was not easy to deal with.

However, Su Bei would have her own way of dealing with it. It all depended on what the other party wanted to do.

She had just arrived when Director Guo's assistant said to her, "Su Bei, there's a meeting going on over there. Manager Li from Di Xing Media Company is here. He wants you to go over as well."

Su Bei's heart thumped. Could it be about Mr. Pang?

She strode toward the conference room.

When Li Qisheng saw Su Bei, he immediately stood up. He could not help but show her some respect. This was Mr. Lu's wife whom he had secretly married. As someone who knew the inside story, how could he dare to be careless?

"Ahem." Li Qisheng coughed lightly and cleared his throat. "Su Bei, I'm here today to tell you to focus on the shoot. Don't worry about any other things. Since Di Xing Media Company chose to invest in this film, we'll be responsible for this film and everyone in the cast until the end!"

He was here to dispel Subei's unease.

Seeing Su Bei's relieved expression, Li Qisheng wanted to say more but he thought that it would be wrong to say too much. It would not be good if he ruined Mr. Lu's plan, so he shut up and left.

Of course, he had to come personally even if it was a small matter. Li Qisheng could tell how much Mr. Lu cared for Su Bei.

When Su Bei heard this, she was relieved. Her worries last night were really unnecessary. Di Xing Media Company was indeed competent.

After Li Qisheng left, Director Guo said seriously, "Lu Group is a company with a conscience. They have a clear conscience."

Su Bei agreed with this statement. It seemed that there was nothing to worry about.

When Yue Ze received the good news, he relayed it to Su Bei. "There's a gala coming soon and it'll be broadcasted to the entire country. They're inviting you to appear on stage. I've looked at the time and it's possible to arrange it."

"Alright. We can take on this event."

"Alright," Yue Ze agreed.

When Su Bei saw the list of attendees, she realized that there was no lack of famous people in the entertainment industry attending the gala. Among them was the current popular actress of Di Xing Media Company, Jia Shiyun.
