

**Chapter 871: Be A Shipper**

Jia Shiyun stood up, and Su Bei had just left when Lu Weijian noticed the problem. He smiled and pressed the button again. He was used to doing this kind of thing. No problem during the selection could escape his eyes.

The host didn't understand what he meant and joked, "Mr. Weijian, do you also want to pick another lucky female artist and have her accompany you to dinner?"

Lu Weijian didn't reply. He pressed the button and the photo stopped above Jia Shiyun's photo.

Everyone didn't quite understand what he meant, but Jia Shiyun's face turned pale. Others might not know what was going on, but how could she not know?

Tian Jinnuo had bribed the staff backstage. No matter how he pressed the button on the stage tonight, it would ultimately stop at Jia Shiyun's photo.

Lu Weijian casually pressed the button once more.

Jia Shiyun.

He pressed the button again.

Jia Shiyun.

Lu Weijian continued pressing.

It was still Jia Shiyun.

Jia Shiyun's face was deathly pale. She had already walked out of her seat, but she could neither advance nor retreat. Holding her gown, she stood rooted to the ground and was momentarily at a loss for what to do.

Everyone's eyes were also on her, staring intently at her.

The people below the stage finally understood what Lu Weijian meant. The button on the stage had been tampered with. No matter how they pressed it, Jia Shiyun would appear on the screen.

Was Lu Group doing this on purpose?

It was clear that they weren't. Otherwise, Mr. Weijian wouldn't have exposed this issue so casually.

Lu Weijian had a half-smile on his face, but the host reacted quickly and said, "I didn't expect the machine to experience a problem. Let's repair it now and choose another lucky female artist."

He saved the situation, and only then did Jia Shiyun sit down. However, she had already lost all her dignity and was extremely ashamed.

She didn't expect Lu Weijian to expose her trick in front of everyone.

The host exchanged a few words with Lu Weijian before the machine was repaired.

“In order to see if it’s really fixed, I’ll give it a try.” The host tried a few times, but it didn’t work. Finally, the selection was randomized.

However, everyone discovered another problem. This time, the male artists were added to the selection too.

After discovering this harmless issue, everyone burst into laughter.

“Should we remove the male artists?” the host asked.

“No, let’s just leave it like that, hahaha.” The audience cheered.

Lu Weijian retaliated. “Let me give it a try. This one doesn’t count. But no matter who it lands on, I’ll give my personal item to them as a souvenir.”

Everyone was excited again. Although they couldn’t have a meal with Mr. Weijian, it was still good to be able to get his personal belongings.

Lu Weijian pressed the button and everyone looked forward to it. With a ding, it paused on the photo of a male artist.

This joyous scene made everyone burst into laughter. “I didn’t expect it to be Lin Yu! Hahaha! Mr. Weijian, your gift is going to be Lin Yu’s.”

Lin Yu was also dumbfounded. What was going on? Why was it him? Weren’t only female artists involved?

“Lin Yu, come on stage!”

“I want to be a shipper!”

“I’m dying of laughter. Mr. Weijian, your luck is too good.”

The corners of Lu Weijian’s lips twitched. “Alright, alright, I’ll give you a gift. Let me continue. This is an important matter.” is

The host couldn’t help but ask on behalf of everyone, “Mr. Weijian, can you describe what Mr. Lu is like for everyone?”

“Yes, he’s very handsome.” Weijian knew that the host was trying to find out more so he didn’t say much else.

He pressed the button and this time, it firmly stopped on Su Bei’s photo.

Lu Weijian gave a thumbs up. He knew that this was a match made in heaven, so of course, it would land on her photo.

The people below the stage did not expect Su Bei to be chosen.

Those who had ostracized Su Bei last night showed ugly expressions right now.

## **Chapter 872: Wasted By Su Bei**

Jia Shiyun, in particular, looked particularly bad.

She secretly clenched her fists. She was furious, but there was nothing she could do.

This opportunity was originally hers!

Not only was she humiliated in public, but Su Bei was also chosen.

The host smiled and said, "Now, let's invite Su Bei on stage! Then, we can invite Mr. Lu out!"

The light directly hit Su Bei's seat, but at this moment, everyone saw that Su Bei's seat was empty.

Su Bei actually left at such an important time?

There were indeed many celebrities who would not stay at such a gala from beginning to end. Many people would leave after completing their part. This was understandable.

However, tonight's follow-up segment was really the most important and what everyone was looking forward to! Everyone was holding their breaths for this moment!

In the end, Su Bei was chosen to have dinner with Mr. Lu!

Many people were so envious that they wanted to cry, but Su Bei had casually wasted this opportunity!

What a waste.

Many people couldn't help but secretly shake their heads. It was truly too much of a pity, especially when they couldn't get this kind of opportunity. Otherwise, they would definitely spare no expense to obtain such an opportunity.

The host did not expect Su Bei to not be around and could only smooth things over. "It's a pity that Su Bei has missed the best opportunity of her life. After all, who doesn't want to have dinner with Mr. Lu? Haha."

He knew that if the lucky guest didn't go on stage, Mr. Lu probably wouldn't either.

In this world, only Mr. Lu didn't have to care about anyone else. Who would dare to not show Mr. Lu any respect?

Everyone below the stage had also realized it at this point. This was equivalent to Su Bei giving Mr. Lu a slap in public. How could a small artist like her dare to do such a thing?

Everyone's thoughts were similar to the host's. If they were Mr. Lu, they wouldn't let themselves be humiliated by such a small artist.

The host stopped talking about Mr. Lu's appearance and changed the topic. He smiled and said, "Since Su Bei is not here, we'll select another lucky guest and send her a gift from today's organizer..."

Everyone was disinterested. It didn't matter whether there was a gift or not.

Since Mr. Lu wasn't going to be involved anymore, the last segment was redundant.

Someone even blamed Su Bei. "It's all Su Bei's fault. Why is she acting like a big shot? The gala hasn't even ended and she left without permission."

"Exactly. We can't even see Mr. Lu anymore. I really want to see his glorious appearance!"

“She has really offended Mr. Lu. If she doesn’t show Mr. Lu any respect, she’ll be blacklisted.”

“She definitely won’t have a good life. Seriously, leaving at this time...”

Jia Shiyun’s mood slowly recovered a little. Su Bei’s departure allowed her to salvage the situation a little and she no longer became the center of attention.

However, what had happened tonight made her very uncomfortable. Furthermore, when Tian Jinnuo came back, she told her, “The staff members who took my money backstage have all been fired.”

Obviously, Lu Group would not be able to tolerate anyone openly cheating during the event.

“Why is Mr. Lu doing this?” Jia Shiyun couldn’t understand. He had given her the best resources for so many years, but he still hadn’t given her a chance to meet him.

### **Chapter 873: For The Future Glory**

Even if he wanted to test her temperament, this should be enough, right?

Tian Jinnuo analyzed, “Shiyun, I’m guessing that Mr. Lu is Mr. Weijian’s father. How could Mr. Weijian be willing to see a young girl like you by his father’s side? Therefore, he’d definitely try to make things difficult for you.”

This was a reasonable explanation. Jia Shiyun believed it.

Mr. Lu must have been worried about this son of his, which was why he hadn’t approached her even after so long.

When Jia Shiyun thought of this, she felt relieved. She knew in her heart that she could still afford to wait. It didn’t matter. For the sake of further glory, she could do it.

After Lu Weijian got off the stage, he saw Lu Heting’s gloomy face. “Brother, I didn’t expect Sister-in-law to leave either. I think she’s still afraid of interacting with someone of Mr. Lu’s status. Don’t make such a big fuss out of it and choose another opportunity to tell Sister-in-law, alright?”

Lu Heting didn’t reply.

However, his tall figure was shrouded in a layer of loneliness. He was afraid that she would not be able to accept it and would really leave him because of it.

Lu Weijian made it sound easy, but it wasn’t easy for him to do so.

He and his two sons would not be able to take Su Bei’s departure.

Lu Weijian didn’t say anything else and returned to find Lin Yu.

Lin Yu took a few steps back. “Mr. Weijian, what do you want?”

“I wanted to give you something.” Weijian kept his promise.

“No need. Thank you, thank you.” Lin Yu had never been in a ship with another male before and was eager to not be involved.

Lu Weijian pouted. “Do you think I like being in a ship with you? Pah!”

...

Xiao Bai regretted it so much. If she had known this would happen, she would have held Su Bei tightly and not let her leave.

Such a good opportunity was wasted. What a pity!

Su Bei was really busy with something.

She didn't expect that the lucky guest, Jia Shiyun, would be selected at the gala. The rest of the matter would be related to her.

When she received Lu Heting's call, she was finally done with her work. She said, "I'm already downstairs. The car is parked. I'll go upstairs immediately."

She closed the car door and walked toward the elevator.

Lu Heting leaned against the elevator door, letting go of the coldness from his body. Su Bei strode toward him and said with a smile, "Why are you here?"

"I'm here to pick you up." Lu Heting pressed the button for the elevator and reached out to hug her waist. "There was an event tonight. I heard you left?"

Su Bei smiled. "That's right. I didn't have anything to do with the final event, so I left first. Fourth Sister filed a lawsuit against a businessman who's rich and heartless. He embezzled a sum of money that was invested in an orphanage. It's rare for her to come back, so I want to see her."

She was talking animatedly when she noticed that Lu Heting's eyebrows were a little deep. She asked with a smile, "Are you alright?"

"I'm alright." Lu Heting swallowed the words in his throat.

"I heard that Mr. Lu is here tonight. Did you accompany him? What does he look like?" Su Bei was very curious. Xiao Bai had yet to send her a photo.

Lu Heting coughed lightly. This was a good opportunity. He could go along with her and reveal his true identity.

#### **Chapter 874: It's Not My Turn**

Lu Heting turned to look at Su Bei and cleared his throat. Just as he was about to speak, Su Bei received a WeChat message from Xiao Bai. She had written long sentences with countless exclamation marks.

Su Bei thought that something big had happened. When she saw the contents clearly, she said in surprise, "So... I missed the chance to meet Mr. Lu?"

Xiao Bai sent countless voice messages over, feeling sorry for her. "Su Bei, you really missed out on the most fortunate thing that could've happened to you!!! Do you know that?!"

"Okay, okay. What's so fortunate about that? It's good that I didn't get to see him. Who knows what kind of person he is? What if he's a middle-aged man with a big belly?"

Lu Heting was shot in the knee.

“What if he’s interested in me? At that time, should I agree or not? Do we even have the ability to go against that kind of man?”

Lu Heting was shot in the knee once again.

“Anyway, Xiao Bai, it’s better to not pick up a free lunch like this. I’d rather not see him than end up in an awkward situation because of it.”

Xiao Bai felt wronged. “But what if Mr. Lu takes offense?”

Su Bei said, “How is that possible? Mr. Lu is such a busy person. Do you really think he’ll be as bored as us? Maybe he’s already flying to the United States to discuss business now. His time is very valuable, okay? Why should he be concerned over ordinary people like us? Besides, there are many women who like him. If he really wants a woman, he can pick any one of them present tonight. There’ll definitely be people who are willing. It’s not my turn yet.”

Lu Heting was speechless.

His knees were already filled with arrows.

When Su Bei finished talking to Xiao Bai, she realized that Lu Heting had been silent. She thought that he was bothered by what Xiao Bai had just said, so she quickly said, “Hubby, don’t worry. Some people in the entertainment industry are involved in messy practices, but I’ve always been against those things. Moreover, most of us are good and normal people!”

“Of course, I believe you.” Lu Heting’s laughter was lost in his voice as he picked her up. “Rest early if you’re tired!”

...

During this period of time, Tang Yue and Du Jinghao’s relationship had progressed by leaps and bounds.

Since Du Jinghao had already promised Lu Heting that he would avoid Su Bei whenever he met her in the future, it was naturally impossible between him and Su Bei.

Coupled with the urging from Du Guoshou and Ou Huanwei, as well as Tang Yue taking the initiative to express her goodwill, he finally agreed to the engagement between the two families.

Tang Yue had finally made progress in the matter of her wedding and was as proud as a peacock.

However, she still maintained a humble attitude in front of the elders.

“Yue Yue, I’m satisfied seeing you so happy.” Lin Shulian wiped her tears and said, “But what a pity. Su Bei... If I had found her earlier and brought her back, she could’ve married a more suitable husband.”

Tang Jianming and Lin Shulian had always looked down on Lu Heting. It was just that Old Master Tang had more power than them and Su Bei didn’t like others interfering in her matters, so the couple didn’t dare to be too direct.

Tang Yue’s lips curled into a victorious smile, but her tone was still gentle as she said, “Su Bei will figure it out sooner or later. Only after she gains enough experience will she know that being handsome is not enough to make a living. She’s still too young.”

## Chapter 875: Suppressing Su Bei Again

“I hope she’ll be able to tell right from wrong soon,” Lin Shulian said. “Anyway, where will the engagement be held?”

Tang Yue smiled. “Mom, don’t worry. I’ll discuss it with Du Jinghao.”

She said she wanted to discuss it with Du Jinghao, but he didn’t seem too enthusiastic about the engagement. In the end, Tang Yue had to decide it herself.

Tang Yue was used to being in control of everything and doing everything according to her own preferences. Hence, she was happy to make the necessary preparations. If Du Jinghao were to really spend money and effort, she might not even take a liking to him anymore.

This time, being able to openly get engaged to Du Jinghao was equivalent to being above Su Bei. Tang Yue valued this very much.

In the entire capital city, the best venue for holding a banquet was called Bamboo Garden.

Although the name was simple, it was actually located in a very good geographical location. It was located in the prime location of Jingyuan City and was considered a mid-level building that was at the center.

The reason why it was called Bamboo Garden was that this building was filled with bamboo and had an unyielding character.

In the past, this place was often used as a place for banquets and celebrations. Later on, many people said that hosting a banquet here would enhance the joyous occasion. For example, if a couple were to get married here, they would definitely have a hundred years of happiness together. If they held a banquet here to thank their teachers, they would definitely become more successful in their studies.

Everyone believed in these things without a doubt, hence Bamboo Garden became a place where couples wanting to get married flocked to.

Every time someone hosted a banquet in Bamboo Garden, they would attract the attention of many people. Sometimes, they would even become the focus of the entire city.

This time, Tang Yue’s engagement ceremony naturally attracted a lot of attention, so she came to reserve a slot very early.

This place was already difficult to book, and it was said that to book here, one had to book a few months in advance.

Tang Yue’s wedding had come rather suddenly, and it was not easy to book a slot here. She had already asked all her friends to help her and see if there was any way to book a slot here.

“Yue Yue, we’ll also get people to help us get this venue as soon as possible.” Ou Huanwei was extremely satisfied with Tang Yue. She held her hand with a wide smile.

Tang Yue was both talented and beautiful. She was much better than Su Bei. Now that she was able to let her son and Tang Yue get engaged, the weight in Ou Huan’s heart was finally lifted.

“Aunt, I’ve also asked my friends for help. I really hope that we can book this place. I also hope that my relationship with Jing Hao will last forever.”

“Of course, of course!” Ou Huanwei said happily.

...

At the same time.

Lu Heting called Lu Weijian over. “Book Bamboo Garden for me.”

“Alright, Big Brother! Are you bringing Sister-in-law there to have dinner? Bamboo Garden is indeed a good place. Sister-in-law will definitely like it.”

“Go make the arrangements.” Lu Heting lowered his head and continued with his work.

He did want to bring Su Bei out for dinner, as well as to explain his identity.

He had to find a proper place to discuss this matter.

...

Su Bei was actually preparing something big.

Jingbei Square was steadily bringing in money. In addition, the roads and residences there were still undergoing construction. Many people realized the business opportunities there, and there were already quite a number of businesses that were planning to develop there. It was also a huge boost to Jingbei Square’s business.

Therefore, she had also received the profits from the past two months.

Tens of millions! The number on the check was exceptionally shocking.

### **Chapter 876: Seven Months After Making A Booking**

Apart from leaving some of the money as liquid funds and development funds, the rest was Su Bei’s personal gain.

She was planning to give this sum of money to Lu Heting as the starting fund for his career.

It was just that he would definitely not accept the money that was given to him, so Su Bei wanted to find a suitable time and place to give him the money.

After much thought, she decided to find a nice place to have dinner with everyone and settle the matter.

Hearing that Bamboo Garden was a good option, Su Bei decided that she would have dinner there.

She asked Xiao Bai to book it for her.

“Su Bei, you’re making things difficult for me. One needs to book half a year in advance to eat here. If you want to get a slot within three days, I really can’t do anything about it.” Xiao Bai’s face was full of worry.

"Is Bamboo Garden so hard to book now? I remember that a few years ago, I went to have a farewell meal with my classmates there."

Xiao Bai nodded her head furiously. "Things are different now. Did you know that there were quite a few young daughters from noble families who wanted to book Bamboo Garden and had to make their reservation a year in advance? Some others who shared the same birthday had no choice but to give up."

"It's indeed difficult to book," Su Bei said. "Well, forget it. I'll pick another place."

She picked up her phone and saw the address of Bamboo Garden. There was a phone number listed beside.

Was it really that difficult to book?

Su Bei planned to give it a try first. Didn't they say that one had to try to cross the river to know how deep the water was?

What if the business in Bamboo Garden happened to be quiet these two days?

She dialed the number.

At Bamboo Garden, the service staff received a call and said apologetically, "I'm sorry, there are no available slots within the next three days. I can make an appointment for you after seven months..."

Su Bei clicked her tongue. Seven months later? It was already too late.

"Okay, then. Please help me make an appointment in seven months," Su Bei said. It happened to be Lu Heting's birthday in seven months. She couldn't invite him to Bamboo Garden this time, but she could celebrate his birthday there next time.

"May I know your name? We'll make a record for you."

"Su Bei. My phone number is..." Su Bei left her personal information before hanging up.

The waiter wrote down the phone number and name. There was also a list of names in front of him. To be honest, even though he said there were slots seven months later, it might not really be the case.

Lu Weijian came personally to request a slot.

Business at Bamboo Garden was good. It would be safer for him to come personally to deal with the matters that Big Brother had instructed.

Following behind him, the manager said, "Rest assured, Mr. Weijian. I guarantee that you'll get a slot within the next three days. May I know how many guests you have?"

"Two to four." Weijian didn't know if his big brother would bring the two little ones over.

The manager was shocked. Bamboo Garden was big enough to accommodate hundreds of people. To book the entire place to accommodate only a few guests was really a big deal.

Lu Weijian picked up a stack of paper and flipped through it. "What's this?"

“Mr. Weijian, this is the list of customers who wish to make a booking. We’ll be full for the next seven months, and many of the guests might not even be able to secure a booking. If their birthdays were to coincide, it would be quite a spectacle. There would definitely be people who would back down.”

Lu Weijian flipped through it casually. There were indeed the names of many famous figures on it.

### **Chapter 877: Her Heart Doesn’t Hurt At All**

It seemed that business in Bamboo Garden was pretty good. He did not pay much attention to managing it, but it had not been neglected.

As he flipped through the pages, his gaze fell on a familiar name. “Su Bei?”

‘Is it my sister-in-law, Su Bei?’

“When did you receive this call?” Weijian asked.

The manager called the waiter over, and the waiter said, “It’s a lady who just called. She said that she wants to book Bamboo Garden within the next three days, but that’s not possible, so she made a booking for seven months later.”

Lu Weijian sighed in his heart. Did his brother not mention this to his sister-in-law?

However, it was quite a coincidence. The couple even booked the same place to eat at the same time. Wasn’t this something that could only be done by a couple that was a match made in heaven?

He immediately took out his phone and reported this to Lu Heting.

“Who’s Su Bei eating with?” Lu Heting asked.

“Isn’t it surely with you? I didn’t ask.” Weijian didn’t think too much of it and couldn’t answer right away.

Lu Heting said, “Then let her have my booking.”

No matter who she wanted to treat, it didn’t matter. He could just change his schedule and not delay her matters.

Lu Weijian immediately replied, “Alright, I’ll do as you say.”

After hanging up the phone, he called the manager over and said, “I’ve changed my mind. I won’t book a place within the next three days. Let her have the booking.”

Lu Weijian pointed to Su Bei’s name on the paper.

The manager immediately understood. “Okay, I’ll inform Miss Su Bei now.”

In his heart, he thought to himself, ‘Previously, there were rumors that Mr. Weijian was in a relationship with a supermodel called Su Bei. It seems that it’s true.’

The manager did not dare to be negligent and immediately called Su Bei personally. “Miss Su, I’m very sorry. When you called to make a booking previously, we couldn’t make room for you. Now, there just happens to be an available slot for three days later. Should we book it for you?”

Su Bei did not expect that such an opening would suddenly appear. She said, "Okay, then I'll have to trouble you."

"Alright, Miss Su."

"Are you sure, though?" Su Bei was still puzzled.

"Yes, Miss Su. We'll keep in touch with you. If you have any problems, you can call us anytime."

"Okay." Su Bei hung up and waved her phone at Xiao Bai.

Xiao Bai smiled and asked, "What's the matter? Why are you so happy?"

"Bamboo Garden said that they can give me a slot three days later."

Xiao Bai was surprised. "Is it really Bamboo Garden? The Bamboo Garden that we usually talk about? I'm sorry, Su Bei. I really didn't expect to be able to book it. Next time, I'll definitely call them immediately. I wasn't being lazy just now."

"Who said you were lazy? I think it just depends on luck. Someone might have canceled their slot at the last minute. The first time I called, someone said that I could only reserve a slot seven months later."

Su Bei's mood was much more relaxed now that she had decided on a spot.

She had to choose a better environment to eat with Lu Heting.

Her heart didn't hurt at all for spending more money.

...

The Tang family.

Du Guoshou and Ou Huanwei had spent a tremendous amount of effort trying to book Bamboo Garden for three days later.

Tang Yue had also asked many of her friends for help, but she still ended up empty-handed.

### **Chapter 878: To Grow Old Together**

In fact, Old Master Tang even stepped in. The other party gave Old Master Tang some face and told him that the venue could be booked five days later.

It was indeed impossible for them to book Bamboo Garden for three days later. No matter what, an exception could not be made.

"Grandpa, I know that you've helped us a lot this time. Even getting us a slot five days later was tough. I really appreciate it," Tang Yue said gently yet a little aggrievedly. "But we really can't do it five days later. When we looked for the spiritual master, he said that we must get engaged three days later. That's the only way Jing Hao and I can only grow old together. I want to start this marriage on a good note as well."

Old Master Tang had indeed thought of a solution. "How about we go somewhere else?"

Indeed, he respected Tang Yue's thoughts. However, no matter what, Bamboo Garden refused to free up a slot for them. They were also running a business. Additionally, their attitude was very respectful and polite. Old Master Tang could not possibly make things difficult for them.

Tang Yue looked displeased. "Grandpa, I'll think of something myself."

However, she also knew in her heart that she had already used all the connections she could use. Even her grandfather had gone all out to help her. Who else could help her now?

Du Guoshou and Ou Huanwei also looked at Tang Yue guiltily. They had to do a proper engagement ceremony, but Tang Yue did not get what she wanted. This child was really wronged.

However, it was the same for them. They had exhausted all their connections and found a bunch of friends. Bamboo Garden had also said that they could free up a slot for them, but it would be ten days later than what they promised Old Master Tang. Tang Yue would be even more unhappy if she was informed of this.

Ou Huanwei had no choice but to say, "Yue Yue, I'm really sorry. However, the wedding this time is indeed a little rushed. That's why you have to suffer this grievance. Let's change the venue to a better place. Your uncle and I will step in. We won't let you worry, okay?"

Lin Shulian also said to her daughter, "Yue Yue, why don't we leave it at that? This matter is indeed a little rushed. We've all tried our best, so we'll have to make do. When you and Jinghao get married, we'll book Bamboo Garden and have three consecutive days of banquets, okay?"

Tang Yue really could not accept this, but since the elders had already said so much, she would appear too insensitive if she did not agree.

"Alright, then. Let's go somewhere else this time," Tang Yue said indignantly.

"Then let's go make a reservation. It's best if we book a place not too far from Bamboo Garden. There are many good places nearby, so we must choose a good one!" Ou Huanwei said with all her might.

Once the matter was confirmed, they would send out invitations. Tang Yue was the first person in the Tang family to be engaged. Naturally, they would invite all their relatives, friends, and business partners to the event.

Tang Yue wanted to hold this engagement ceremony in glory. Even if Tang Xinru or Su Bei got engaged and married in the future, they would not be able to steal her limelight.

Old Master Tang naturally had to satisfy his first granddaughter's wish of holding a grand ceremony and a luxurious banquet. He spent a lot of money without hesitation.

Su Bei also received Tang Yue's invitation.

Three days later? What a coincidence. She had something to do on that day.

However, it shouldn't matter if she went to Tang Yue's engagement ceremony a little later. After all, she had nothing to do with Tang Yue.

**Chapter 879: Who Will She Treat, Then?**

Su Bei did not treat this as a big deal.

However, there were rumors that Su Bei had offended Mr. Lu and it would probably affect her future development.

The outside world was abuzz, but Lu Weijian gave Director Guo a call and told him to focus on filming.

For the past two days, Su Bei had been preparing for the meal at Bamboo Garden. She had even specially ordered roses. Bamboo Garden would be exquisitely decorated for a romantic atmosphere on that day. There would be roses everywhere.

The entire Bamboo Garden could accommodate hundreds of guests and was very spacious. Su Bei spent a lot of money just buying roses.

When Lu Weijian heard that Su Bei was asking the service staff to help decorate the place with roses, he was extremely happy. "Since you're all helping, you can put down whatever work you have on hand first."

He reported to Lu Heting happily, "Big Brother, my sister-in-law has prepared a lot of roses. Your dinner will be really romantic."

Lu Heting looked up, and a stern look flashed across his face. "Are you very free recently?"

"No, no, no. I still have a lot of documents to read. I'll go take work on them now." Lu Weijian immediately realized that his brother was in a bad mood and quickly ran away. He didn't want to be a target.

But why was Big Brother in a bad mood? Wasn't it a good thing that Sister-in-law was treating him to a meal?

Lu Weijian waved his hand and called Lu Hang over. "Show me my brother's schedule."

Lu Hang carefully passed it to him. "Don't let Mr. Lu find out about this."

Of course, Lu Heting's schedule was kept a secret, but Lu Weijian was not an outsider. Lu Hang knew that even if he didn't show it to Lu Weijian, he would find a way to see it.

"F\*ck!" Lu Weijian exclaimed. On the day Su Bei would be inviting him for dinner, Lu Heting's schedule was full. He had to meet a client at night!

Lu Hang quickly asked, "What's wrong, Mr. Weijian?"

"Did my brother ask you to adjust his schedule for the next few days?"

"No, it was all arranged half a month ago. We didn't touch the schedule at all," Lu Hang said.

Lu Weijian scratched his head. "This is going to be a huge problem."

Su Bei wanted to treat him to a meal and had even specially booked Bamboo Garden. It was obvious that the decoration was for a romantic couple's dinner. However, Big Brother had yet to receive an invitation!

No wonder he could feel the oppressive cold air around him just now! How terrifying!

Su Bei was treating someone to a meal tonight. If it's not Big Brother, then who was she going to invite?

It was really scary to think about it.

Lu Weijian scratched his head but didn't dare to ask Lu Heting or Su Bei.

...

In Lu Heting's office.

After dismissing Lu Weijian, he sat in silence with a pen in his hand. However, he couldn't read the contents of the document or sign anything.

As Lu Weijian had said, he had indeed thought that Su Bei would treat him to a meal at Bamboo Garden. However, he had yet to receive Su Bei's invitation.

For the past two days, there was nothing unusual about her. She was just exceptionally busy and did not even have time to talk to him at night.

Lu Heting had no time to reveal his identity to her, nor was he sure who she would treat.

However, he found out that Feng Ze had returned to China in the past two days...

Feng Ze knew Lu Heting's identity. If he had revealed it to Su Bei in advance, things would become troublesome.

Lu Heting wanted to explain this matter to Su Bei personally.

### **Chapter 880: Join Me For Dinner?**

If it were anyone else, the outcome would be completely different.

Lu Heting felt a sense of loneliness.

Lu Hang pushed the door open and walked in. He carefully walked forward and reminded him, "Mr. Lu, half an hour later, there's a conference call. An hour later, you have dinner plans with..."

Lu Heting was still unsure if he should go to the dinner party.

For Su Bei, any dinner could be postponed.

However, there was still no news from Su Bei.

He was about to speak when Lu Weijian came in without knocking. He rushed to Lu Heting's side with the phone in his hand.

"You'd better give me a reasonable explanation for this, or else..." Lu Heting's coldness spread in the air.

"Brother, it's a call from my sister-in-law!" Lu Weijian quickly said and handed over the phone with both hands. "She called me and told me to give you a break, so I came to find you immediately!"

He winked at Lu Heting as he spoke.

Lu Heting relaxed a little and picked up Lu Weijian's phone. His voice was low but gentle. "Su Bei."

Lu Weijian and Lu Hang had goosebumps all over their bodies. He was only fierce with them. Could it be that he thought they had thick skin and could withstand being shouted at all the time?

Su Bei smiled on the other end of the phone and said, "I'm downstairs at your company. I want to treat you to dinner tonight. I've already asked Mr. Weijian to help you apply for leave. Mr. Lu, may I ask if you're free to join me for dinner?"

Lu Heting held his phone, walking away from Lu Weijian and Lu Hang.

The man's cold and hard back view earlier had now turned gentle.

The air was filled with the sour smell of love.

Weijian and Lu Hang couldn't hear what they were saying but the change in Lu Heting's aura was too obvious. They weren't envious at all.

After a while, Lu Weijian and Lu Hang straightened their backs and pretended not to listen to him.

"Catch." Lu Heting tossed Lu Weijian's phone back.

Lu Weijian caught it in a flurry and realized that his brother's aura had gotten much better.

Lu Heting picked up his jacket and said to Lu Hang, "All activities tonight will be canceled."

"Yes!" Lu Hang was fully alert.

In the underground parking lot, Su Bei was waiting for Lu Heting in the car. When she saw him, her little face was flushed with excitement. She smiled and said, "Get in the car, I'll take you to a good place!"

Lu Heting got into the car and asked happily, "Shall we have dinner together tonight?"

"Yeah, the place where we'll be eating is especially good." Su Bei smiled and said, "I've booked the place for a while now. I didn't tell you in advance because I was afraid that things would change at the last minute. Are you surprised?"

Lu Heting was relieved. So she didn't invite him earlier because she was afraid of unforeseen circumstances.

Considering that it was Bamboo Garden, it was no wonder that Su Bei was worried about something changing.

However, since it was her booking, no one could snatch it away.

Su Bei drove to Bamboo Garden. As she was a guest that Lu Weijian prioritized, the manager specially waited at the entrance.

It was the most famous banquet venue in the entire capital. This place was located in a prime location, and every inch of the land here was worth gold. The guests who came here every day were either rich or noble. They were all respected figures in the capital.
