

Chapter 911: A Mistress Like Her

Lu Heting nodded and looked over her head. He didn't even spare her a glance before walking away. He obviously didn't care about Liao Xintong.

Liao Xintong had already suffered quite a few blows tonight. She was too embarrassed to continue following Lu Heting. She could only concede defeat and stare blankly at the glass of red wine.

Yao Jing persuaded her, saying, "Forget it, Tong Tong. One or two times is nothing. To get a man like Mr. Lu, you need to make strong mental preparations before you can succeed."

Yao Siyi added, "That's right. Think about it. If you can easily take down a man, wouldn't others be able to do the same? In comparison, a person like Mr. Lu is better. Once you win him over, you'll know that he belongs to you alone."

"You guys are the best. I can't out-talk you guys." Liao Xintong felt much better now. "Come, let's have another drink."

She took a step forward and suddenly saw Su Bei's figure not far away. She was sitting there happily, lightly tasting the drink in her cup. Her side profile was as beautiful as a painting. No matter how she sat or did anything, she was simply gorgeous.

Liao Xintong frowned. "Why is this woman here? What right does she have?"

Yao Siyi pouted. "That's right. This is Old Master Lu's birthday banquet."

Even she and her sister Yao Jing could only appear because of Liao Xintong. Who did Su Bei rely on?

Liao Xintong didn't want to cause any more trouble today. She was tired and said, "Forget it. Let's not bother about her. We won't go in her direction."

Yao Siyi nodded. "Let her be. It's not like everyone who can attend the Lu family's banquet is thought fondly of by the Lu family. The fact that she got the chance to appear here once is probably her most impressive achievement."

In comparison, Yao Jing's mouth was much sharper. She said harshly, "Seeing that she could come here, she must be some old man's mistress, right? I saw many old men here tonight. They didn't bring their wives. I'm afraid they brought a mistress like her instead."

"Hehe, that makes sense." Yao Siyi covered her mouth and laughed.

Everyone knew that no one would bring a mistress to such an important event, but the three of them still smiled happily.

Yao Jing took the lead and said, "Look at her figure. Anyway, I don't like women like her. I heard that Mr. Weijian has a good relationship with her. Mr. Weijian must be blind. Tsk tsk, he wants all kinds of trash."

At that moment, Da Bao was coming over from the side hall. He knew that Su Bei had come and wanted to see her.

As soon as he got closer, he heard all the women's words.

Although there were some words that he did not fully understand, how could he not understand how mean and disgusting those words were?

He looked up and saw the most vicious mouth opening and closing.

Liao Xintong wasn't in the mood tonight, so Yao Jing was the most enthusiastic.

He heard her chattering non-stop as she made up rumors.

Da Bao narrowed his eyes slightly. On Lu Heting, this look was a sign that he was getting angry.

His lips were pursed into a straight line.

Chapter 912: Does Mr. Lu Like Her?

Da Bao was about to speak when Yao Siyi's husband, Li Wei, walked over with a glass of red wine in his hand. He raised it at them and smiled casually. "What are you guys talking about that it's making you so happy?"

Yao Jing was the first to speak. "We're talking about Su Bei. Do you think that Su Bei is someone who can join such an occasion with her status? Which old man do you think she's a mistress for?"

Her words were direct and explicit as if she was certain that Su Bei's conduct was improper.

Li Wei took a look and saw that Su Bei was beautiful and outstanding. Although she was sitting alone, she had quite a graceful bearing, so he said, "Don't randomly talk about these things, lest others hear it."

Yao Jing pouted. "I'm just saying."

As the few of them discussed, they did not notice that Da Bao, who was beside them, had heard everything.

Da Bao glanced at Li Wei coldly. He reached out to hug Yao Siyi's waist. He must be Yao Siyi's husband or boyfriend.

However, there was a lipstick mark on the hem of Li Wei's shirt. With Da Bao's height, he could see it clearly. From the size of the lipstick mark, it did not seem like it could have been left by Yao Siyi, who had thin lips.

On the contrary... Yao Jing seemed more likely to have left that mark with her thick lips.

In that case, Li Wei and Yao Jing were in a secret relationship?

Da Bao was not very clear about these complicated relationships, but he knew instinctively that it was wrong.

Since they liked to talk about others so much and even slandered Su Bei, then they should have a taste of being gossiped about.

At the thought of this, Da Bao raised his head and said, "Hello, Miss Yao."

Yao Jing and Yao Siyi immediately lowered their heads. When they saw that it was actually Da Bao, they couldn't help but smile. "Little Master Da Bao!"

They did not expect this little master, who seemed unapproachable, to take the initiative to talk to them. Both of them were ecstatic. Could it be that they were going to get lucky?

Da Bao said, "Miss Yao Jing, can I ask for your phone number?"

Yao Jing couldn't hide the joy in her heart. Da Bao was asking for her phone number? Did this mean that Mr. Lu had taken a liking to her?

Could it be that Mr. Lu liked women her type?

Regardless of what it was, it was definitely not a bad thing for Da Bao to ask for her phone number. She immediately gave him her phone number and tore off a piece of paper considerately. After writing it down, she passed it to Da Bao. "Little Master Da Bao, you have to keep it well. If there's anything, you can call me directly!"

Da Bao did not reach out to take it. He only said, "I've memorized it."

That was right. He had already memorized Yao Jing's number. He didn't need to keep the paper to remember it. He even felt disgusted at the thought of touching something Yao Jing had touched before.

Liao Xintong immediately became vigilant. She smiled and said, "Da Bao, do you want anyone else's phone number? Who was the one who got you to come ask for it?"

She did not believe that this little kid would come over and ask for a phone number without a reason.

Da Bao glanced at her and left without saying anything.

Liao Xintong and Yao Siyi were very disappointed. When they looked at Yao Jing again, Yao Jing's face was filled with happiness. She held her face in her hands and felt extremely happy.

Liao Xintong couldn't help but mutter to herself. Could it be that Mr. Lu really liked such big-boned women with big facial features and European charm?

Chapter 913: Perfect

Li Wei took a few more glances at Yao Jing. His expression turned ugly.

After Da Bao got the number, he wanted to go over to Su Bei's side. However, he saw a man talking to Su Bei and did not go over. Instead, he returned to the side hall and switched on his computer.

The person who was speaking to Su Bei was Mai Shanheng.

After seeing Su Bei's car last time, he had constantly been thinking about it. Today, he was also a guest at the birthday banquet. When he saw Su Bei sitting here, he immediately came over.

"Miss Su, what a coincidence."

Su Bei was slow to react for a moment before finally recognizing who it was. She smiled and nodded.

“Miss Su, actually, I’ve given it a serious thought since the last time. Your car can actually be modified again to be better. Its performance can be better and its speed can be faster too.”

“Do you mean to say that my car has been modified?”

Mai Shanheng sat down. “Don’t you know? That car of yours is probably worth more than a hundred million yuan! If you sell it, I’m afraid it’ll be a priceless treasure. However, people who love cars will definitely flock to it!”

It turned out that the car had been modified, which was why there was no similar model on the market.

Previously, Lu Heting had said that it was because that model of car had stopped production. She really believed him!

Su Bei thought about it and felt that she was a little silly before. She believed in whatever Lu Heting said.

Fortunately, those were all white lies.

Su Bei thought of Lu Heting and understood why the car was so well-modified.

She had never thought of it before. It was no wonder when Su Huixian’s cousin crashed into her car when she first got it, her own car was unscathed while the other party’s car was completely wrecked.

It turned out that their cars were not on the same level from the start!

“However, there’s still something wrong with that car of yours, causing its speed to be restricted. If I were to modify it, I can make it go a lot faster...”

Su Bei thought about what Lu Heting had done for her and immediately understood why he restricted the speed of her car. She wasn’t using it to race and was just using it as a means of transportation. Lu Heting naturally wouldn’t aim for speed but safety.

At the thought of this, the smile on her face became much more charming and gentle. She said to Mai Shanheng, “I think my car is perfect now. Mr. Mai, if you’d like to modify a car, you can modify your own.”

“But...” Mai Shanheng wanted to say something but Su Bei had already stood up with her glass of wine. She apologized and left.

Mai Shanheng wanted to modify her car! He had been playing with cars for so many years and the best one he had seen was Su Bei’s car. He could not forget about it. Who knew how many master-level designers had worked together to create such a car?

However, such a good car was restricted to such a speed. It was simply a waste!

...

On the other hand, after Da Bao asked for Yao Jing’s phone number, Yao Jing took out her phone and stared at her screen.

She did not know when someone would call her. She was really looking forward to it!

Liao Xintong and Yao Siyi were both envious, but Yao Siyi was still fine. She was already married and loved her husband quite a lot. She had long stopped thinking about other men. She was also happy that her sister could attract the attention of the Lu family.

“Sister, that child Da Bao is so cold and aloof, yet he took the initiative to ask for your number. Your good days are definitely coming soon,” Yao Siyi said with a smile.

Chapter 914: Scandal

“Do you think it’s Mr. Lu or Mr. Weijian?” Yao Jing asked. She didn’t care about Liao Xintong’s feelings anymore.

“No matter who it is, it’s very exciting. Sister, there are indeed people who appreciate your healthy beauty.”

Liao Xintong initially thought that bringing this pair of sisters would help highlight her beauty, but she didn’t expect that she had brought a wolf into the house. She was extremely displeased and said, “Children often play around. It might not have been the adults’ idea.”

Even though she said that, Liao Xintong’s jealousy was about to overflow.

Yao Jing and Yao Siyi didn’t want to mess with Liao Xintong anymore. However, if there was really a chance that Mr. Lu liked her, Yao Jing wouldn’t give it up.

Why couldn’t she offend the Liao family for Mr. Lu?

Yao Jing was staring at the screen when she heard a ding. Her phone rang and a message came in.

She was overjoyed and immediately opened it!

However, it wasn’t Lu Heting or Lu Weijian who messaged her, nor was it Da Bao. Instead, the message was filled with screenshots of chat records between her and Li Wei as well as their photos and videos together!

Yes, Da Bao was right. Yao Jing was indeed having an affair with her brother-in-law, Li Wei!

After Li Wei and Yao Siyi got married, he somehow hooked up with his sister-in-law. Yao Jing and Yao Siyi were two completely different types of women. Li Wei was happy to have these two women around him. His relationship with Yao Jing had never ended.

Yao Jing was shocked when she saw this. She didn’t know why her relationship with her brother-in-law was exposed. Who was it who collected all the records of her and Li Wei and sent them to her?

She immediately turned to look at Li Wei. They were the only ones with such content.

She looked up and saw Li Wei’s face turn slightly pale after he took out his phone.

This meant that he had received the same message.

Who was it who was targeting them? Was it for blackmail or something?

As long as she could spend some money, Yao Jing wouldn't be stingy with her money. This kind of scandal was too hurtful. Even if she wasn't drowned by the rumors, her parents would beat her to death.

Just as Yao Jing was thinking of a solution, the other guests' phones rang. Notification sounds rang out from everywhere.

Soon, more than half of the people in the venue took out their phones and saw the explicit chat records between Yao Jing and Li Wei as well as unsightly photos and videos.

Basically, other than the prestigious elderly and children under the age of 18, everyone else received the message.

Of course, Da Bao was the only one who could do this!

He didn't even take a close look at Yao Jing and Li Wei's chat records. After he got Yao Jing's phone number, he took a quick glance into the contents of her phone and realized that these two people chatted every day. Hence, he collected everything and sent it out in a message.

Thus, practically everyone had received the contents of these two people's chat records and was reading through them.

As they didn't alarm the prestigious elders, things didn't get out of control.

However, the scandal between Yao Jing and Li Wei was inevitable.

Yao Siyi was still feeling happy for her sister when she received such a gift. She had just read a few lines of messages when blood rushed to her face. She bit her lip. If not for her rationality telling her that this was the Lu family's territory, she would have torn her husband and sister apart!

Chapter 915: A Man And His Mini-me

Her expression was ugly. She gave Li Wei a tight slap on the face and left.

Li Wei and Yao Jing didn't have the dignity to stay any longer. They were originally here to expand their social circle but they didn't expect that they would personally sabotage their social circle!

They didn't have time to think about how the people at the scene would look at them. They didn't have any emergency solutions, so they could only leave in a hurry.

Liao Xintong was also stunned. If her friends were like this, what would others think of her?

She was utterly embarrassed. She had completely lost interest and confidence in chatting with others tonight. She quickly bade farewell and left as well.

Da Bao sat on the sofa and put away his laptop. He saw that it was calm outside, but he knew that there was a turbulent undercurrent.

'You want to bully Su Bei? Have you asked for my permission?!'

Suddenly, a large hand passed from behind and grabbed Da Bao's shoulder.

Da Bao felt the sharp aura and quickly turned around. Seeing that it was indeed Lu Heting, he knew that he had not been able to fool him.

He had already carefully avoided sending the message to those who were familiar with Lu Heting, and he didn't send it to Lu Heting and Lu Weijian either. How did he find out?

This man was so horrible!

"What did you do just now?" Lu Heting sat down opposite Da Bao with a serious look on his face.

"You already know. You're asking the obvious!"

Lu Heting frowned. "Kids shouldn't be exposed to those things, alright?"

"I didn't read the messages or look at those photos and videos. I didn't send the message to other children either. I just knew that the contents were bad and wanted those people to experience what it was like to be gossiped about."

It was rare for Da Bao to say so much. In fact, he was rather honest in front of Lu Heting. After all, he could sincerely feel that this man was sincere about Su Bei and would protect her.

He raised his head and said, "They can discuss Bei Bei behind my back, but they shouldn't let me hear them. If I hear them, I can't just ignore them."

Lu Heting chuckled softly. This kid was just like him.

"Let me do such things next time. The adult world is full of blades and swords. How are you going to fight them with a plastic toy gun?"

Da Bao was not convinced that his weapon was a plastic toy gun. "I don't wield a plastic toy!"

"Do you want to compete, then?" Lu Heting raised an eyebrow.

Da Bao thought about how he had failed to hack into the financial system of Lu Heting's company many times. His figure was far shorter than Lu Heting. For a moment, he felt a little discouraged.

If Lu Heting had not revealed his identity, Da Bao would not have known that he was Mr. Lu.

Forget it, forget it. He would endure this for now. He would grow up one day.

Lu Heting could easily tell what he was thinking. After all, he was his mini-me. Lu Heting was like this when he was young too.

He rubbed Da Bao's head. "Your intention of protecting Bei Bei is very good. You deserve praise."

With that, he stood up and left.

Da Bao raised his head and looked at the man's back as he left. So, his father was here to praise him, not to condemn him?

...

Because of this incident, a huge war broke out in the Yao family.

When the news spread, even Liao Xintong was implicated and could not lift her head for a few days. Yao Jing was scolded by her parents and hated by Yao Siyi. The two sisters' relationship was ruined. However, no one would have thought that Da Bao was the one behind this.

Chapter 916: The Allure Of Other Women

No one thought of Da Bao. Even Yao Jing, who had given Da Bao her phone number, would never have thought that Da Bao was the one responsible for this mess.

She just hated the perpetrator who caused her to lose her chance to date Mr. Lu.

She had excitedly given Da Bao her phone number, but before she could receive Mr. Lu's invitation, she was stopped by this matter. What a pity!

She couldn't possibly stay by her brother-in-law's side forever!

Yao Jing was chased out by her parents temporarily. She didn't have anywhere to go, so she came to the set of 'Two Phoenixes'.

She was friends with Mai Lele, the actress who played a supporting role.

Mai Lele's scenes were all in the latter half of the film, so she had only joined the cast recently. She had only appeared for a short while.

Yao Jing's recent news had been spreading like wildfire. Although she wasn't a celebrity, as a socialite, she still had some fame. Moreover, the news of a mistress like her interfering in a relationship involved ethics, which put the spotlight on her. She had been receiving the attention of many people and was constantly gossiped about.

Hence, the moment Yao Jing entered the set, she heard the crew discussing her. "Yao Jing is tall and strong. Her face is big too. What does Li Wei like about her?"

"You don't understand. To a man, there's nothing like the allure of women other than their own."

"Pfft, allure my *ss. A woman like her should just die for stealing her own sister's man!"

Yao Jing had never been humiliated like this before. She stepped forward and gave the crew member who scolded her a slap. She was stunned!

Only then did the two crew members see clearly that the person standing in front of them was Yao Jing, the person they saw on Weibo.

The staff member could not accept it and said loudly, "You're a mistress who knows no reason, huh? You can't take people saying the truth?"

"Do you believe that I'll make it so that you can't survive in the capital?" Yao Jing's tone was very arrogant because of her family background.

The crew member was a little scared now. How could an ordinary worker like her offend the daughters of noble families? Even if Yao Jing wasn't the most influential, it wasn't difficult for her to make things difficult for them.

Another crew member pulled the previous crew member and said in a low voice, "Forget it. Don't talk so much. Just take it as our fault."

"Since you know your mistake, apologize to me!" Yao Jing crossed her arms.

She had been in a bad temper for the past two days and could not control herself at all. Now that she had finally found a victim to vent on, she wished she could torture this crew member to appease the hatred in her heart.

The crew member didn't want to apologize. She felt that she didn't do anything wrong. It was a fact that Yao Jing was a mistress who shamelessly seduced her brother-in-law. She had only criticized her a little bit. Why couldn't she criticize her?

Even so, she shut her mouth and apologized.

Yao Jing's temper flared up again. She reached out and wanted to hit her again.

Before she could hit him, someone grabbed her wrist.

Yao Jing turned around and saw that it was Su Bei who had grabbed her. Su Bei was thinner than her, but she wasn't any shorter than her. She grabbed her wrist and immobilized her.

Yao Jing was a little angry. "Su Bei, let go of me!"

"Let go of you so you can continue hitting the crew?" Su Bei asked lightly.

"They criticized me. Of course, I have to beat them up!" Yao Jing was tall and strong. Her tone was imposing too.

Chapter 917: Don't Worry, I'll Deal With It

Su Bei shook her head. What was the use of her imposing manner? She only knew how to bully people who were inferior to her. In front of Liao Xintong, wasn't she just like a dog?

Su Bei's voice turned cold. "Miss Yao, are you sure you want to do this? The investor of Two Phoenixes is Di Xing Media Company, and the entire Lu Group is behind it! Everyone who works here today is theoretically related to Lu Group. Miss Yao, are you planning to go against Mr. Lu?"

Yao Jing knew that Lu Group had invested in this film, but how could a mere crew member receive Mr. Lu's protection?

Even so, Su Bei had already said so. If Yao Jing really caused trouble here and news spread to Lu Group, it would be her fault.

Su Bei let go of Yao Jing's hand and flung it fiercely as she said, "If you still feel angry, you can just hit them. This time, I won't stop you."

The crew members looked at each other. They were thankful for Su Bei's help, but they were also afraid that Yao Jing would really hit them.

However, Yao Jing didn't dare to do it now.

"Miss Yao?" Su Bei reminded her, asking, "You're not going to fight anymore?"

Yao Jing retracted her hand indignantly. "I can't be bothered to argue with these people. I can't be bothered to hit them. It'll dirty my hands."

After saying that, she turned around to look for Mai Lele.

Her jealousy and hatred toward Su Bei increased.

"Miss Yao, wait!" Su Bei stopped her.

"What are you doing?" Yao Jing said angrily. She really hated Su Bei to the extreme. Could it be that the rumors in the production team were spread by Su Bei? Wasn't she just relying on the fact that she attended the Lu family's birthday banquet? How dare she be so arrogant and look down on Yao Jing?

Yao Jing turned around and Su Bei said, "You beat someone in the crew for no reason, and this is a film that Mr. Lu invested in. Are you leaving after hitting her? Aren't you going to apologize before leaving?"

Yao Jing exploded when she heard that. These few days, she had been scolded by her father, her mother, the Li family, her younger sister, Li Wei, and Liao Xintong. Now, she still had to come here to listen to Su Bei's reasoning? Su Bei was making her apologize to a mere crew member?

"Su Bei, don't push your luck! Who do you think you are? How dare you shout in front of me?!" Yao Jing was like a bomb that had exploded. Her thick lips moved as she spat out nasty words. "Who do you think you are?!"

When the crew members saw that Su Bei had offended a lady like Yao Jing in order to help them out, they quickly held Su Bei's hand and said, "Miss Su, it's fine. Forget it. We don't need her apology anymore. Let's just leave this matter as it is."

They were too grateful for Su Bei's good intentions, so they were especially afraid that she would be humiliated by Yao Jing.

"Don't worry, I'll take care of it." Su Bei gave the crew members a smile. Her smile made everyone feel that the matter would be resolved soon.

Su Bei walked to Yao Jing's side. She raised her hand and slapped Yao Jing's face.

Yao Jing was caught off guard. Her face was burning.

She immediately wanted to resist, but the crew members had already stepped forward and blocked Su Bei behind them. Since Su Bei was helping them like this, they couldn't let Su Bei bear the consequences alone.

Yao Jing wasn't a match for so many people. She gritted her teeth in anger.

Su Bei smiled. Her face was warm and beautiful. "Miss Yao, you and the crew members are even now. You don't have to apologize to each other."

Yao Jing was so angry that she was about to spit out blood and wanted to hit Su Bei again.

Chapter 918: A Mistress Should Be Punished

Su Bei smiled and said, "I still have a scene to shoot. If you injure me, do you know how much you have to compensate me? Do you know that this matter will soon be passed to Lu Group's investment department? Miss Yao, you can try."

Yao Jing raised her hand. Even if the crew members didn't stop her, she couldn't slap Su Bei.

Su Bei looked at her indifferently.

Yao Jing retracted her hand. She clenched her fists and turned to leave!

The crew members quickly surrounded Su Bei. "Miss Su, I wonder if Yao Jing will do anything to you after this?"

"Yeah, she's a rich missy after all. It might affect your career."

"Don't worry, she won't do anything," Su Bei said confidently, "Don't tell me we have to watch her behave atrociously on set? She got angry because of something else and wanted to vent it on you guys. There's no such logic!"

The crew members nodded. "That's right. Is it our fault that she was scolded by others these past two days? She did the deed herself, so why can't we say anything?"

"A mistress is supposed to be condemned. Besides, she interfered in her own sister's marriage."

"Okay, let's stop talking and get back to work," Su Bei said.

Everyone then dispersed to go back to their own jobs.

...

Yao Jing went to meet her friend, Mai Lele. She was Mai Shanheng's younger sister. Mai Shanheng was very close to Lu Heting. Most people got close to Mai Lele either for Mai Shanheng or Lu Heting.

Yao Jing was the same.

Mai Lele was a very naive person. She came to the entertainment industry for fun and did not care about fame or fortune. She did not even care if she could act as the first or second female lead. She just wanted to act.

Hence, her family arranged for her to be part of a good production team as though it was a hobby for her to pass time.

She had just finished filming and was removing her makeup. When she saw Yao Jing, she wanted to say something but hesitated.

Of course, she had heard all the gossip, but she didn't really want to believe it.

Yao Jing took a few steps forward. She held Mai Lele's hand and said, "Lele, I really didn't expect that I'd be criticized by others even though I'm not in the entertainment industry. Someone planned this. Those chat records between Li Wei and I were fabricated!"

No one would believe her words. Her chat records were definitely not fake.

However, Mai Lele believed her. She nodded immediately. "That's definitely the case! You're too pitiful, Yao Jing."

"Maybe I offended someone and that's why they targeted me, causing my sister and me to fall out. I feel terrible."

"Who could it be? What's their purpose?" Mai Lele thought seriously.

"Don't think about this for now. If you believe me, you have to speak up for me," Yao Jing said seriously. "Rumors stop with wise people. Look, smart people like you won't believe in rumors. I believe that your family won't believe them either."

"I will definitely speak up for you!" said Mai Lele.

Actually, Yao Jing did not expect anything else. Since Da Bao had asked for her number, it meant that the Lu family thought highly of her. Mai Lele could help her get close to the Lu family too. If Mai Lele could speak up for her, Yao Jing could definitely turn the situation around.

Until now, she still did not know who wanted her number. She could not die without knowing why just because of this matter, right?

Chapter 919: Change Your Attitude

Now, she could only rely on Mai Lele to clear her name.

Mai Lele promised again and again that she would definitely help. Yao Jing finally heaved a sigh of relief.

"Lele, you'll be done filming in a few days. I'll treat you to a meal to celebrate."

"Sure, I was just thinking of celebrating with the crew. I love excitement. The more the merrier!" Mai Lele said excitedly.

"Let's go together, then," Yao Jing said.

"Okay, I'll call you when the time comes," Mai Lele agreed without hesitation.

...

Two days later, the scenes for Two Phoenix were continuously shot and completed.

Mai Lele's scenes were completed.

Rong Xiu's scenes were completed.

Han Feng's scenes were completed.

Only Su Bei had a single scene left. She would be done soon.

"After Su Bei's scene ends tonight, we'll have wrapped up filming! Don't forget to have dinner with us tonight!" Director Guo shouted in high spirits.

"Sure, sure! I won't forget!"

Mai Lele stood up and said with a smile, "Director Guo, let me treat you to the celebration dinner tonight! Let's have a party tonight!"

Everyone had known Mai Lele for a period of time. They knew that her family was rich and she was lively. She was usually very generous.

"Thank you, Miss Mai!"

"Thank you, Miss Mai!"

Yao Jing came over again. She knew that Mai Lele went back home last night. She seemed to have gone to the Lu family too. Hence, she came to ask about the situation.

Initially, she wanted to rely on Liao Xintong to build a business relationship with the Lu family. Now, she wanted to rely on Mai Lele to build a more intimate relationship with the Lu family.

"Lele, I heard that you went back last night? Did you go to the Lu family?" Yao Jing asked immediately.

What she wanted to know the most was whether Mai Lele had seen Lu Heting or spoken up for her.

Mai Lele did go, but even though she had a good relationship with the Lu family, it was rare for her to see Lu Heting.

Furthermore, Mai Lele heard more about Yao Jing last night.

Although she was innocent, after seeing so many facts and even the videos, she felt so disgusted that she didn't even eat dinner. Her opinion of Yao Jing changed.

It was precisely because she was innocent that her emotions were written all over her face. Hence, when she saw Yao Jing, her tone wasn't as good. She said, "I did go back. But Yao Jing, do you really think what you did was right?"

"What about me?" Yao Jing saw that Mai Lele was suspicious of her, so she quickly defended herself. "I told you that it's someone else's scheme."

"You don't have to tell me this. You've done something wrong, so you have to admit it, right? I won't speak up for you. You should reflect on your mistakes and change your attitude as soon as possible."

"Lele!" Yao Jing didn't expect Mai Lele to be so hard to coax.

Mai Lele kept her things. In order to avoid Yao Jing, she went to watch Su Bei film her last scene.

She didn't have any personal relations with Su Bei, but she had watched two of Su Bei's scenes. Su Bei had impressed her, so she quite liked Su Bei.

Yao Jing saw Mai Lele squatting at the side as she watched Su Bei film her scene with a face full of admiration. She thought for a while and came up with a reason. "Su Bei must have said something to Mai Lele. Otherwise, with Mai Lele's personality, she wouldn't have turned against me so quickly."

Chapter 920: You're That Person

She was filled with resentment and couldn't find the culprit behind the mess, so she pushed everything onto Su Bei. She thought to herself, 'Perhaps Su Bei is also the one behind this scandal between Li Wei

and me. She couldn't stand the fact that I was favored by the Lu family when she was trying all means to get close to the Lu family. Therefore, she framed me and caused my reputation to be ruined. No matter what, I must take revenge on her for this!

After suppressing her extreme emotions for the past few days, Yao Jing's mentality had long been unbalanced. At this moment, not only did she hate Su Bei but she also hated Mai Lele. 'What kind of friend is this? At the crucial moment, you would rather stand on Su Bei's side and make me your enemy. I don't have such a friend!'

She thought about how it would be at the wrap party later. Su Bei, Mai Lele, and the rest were going over, so she could tag along. If something happened and caused Mai Lele to be hurt, she could push the responsibility to Su Bei's fans. At that time, Mai Lele would definitely be punished, and Su Bei would be hated by the Mai family!

As such, there would be two more people who would bear the pressure and public opinion with her.

Thinking of this, a vicious glint flashed across Yao Jing's eyes.

"Su Bei's scenes are completed!"

As Su Bei's last scene ended perfectly, Director Guo shouted and the entire film's shoot was completed.

"Two Phoenixes has completed its filming perfectly!"

When everyone heard this, all the hard work and fatigue from the past few days disappeared without a trace. They cheered together.

"Congratulations!"

"I can finally sleep in tomorrow."

"It'll be a big success! Here's to Director Guo's soaring box office sales!"

Everyone was very excited as they ran around to take photos with people they were familiar with.

Su Bei and Lin Yu had the most people around them.

One of them was the most popular celebrity, while the other was Su Bei, whom everyone admired from the bottom of their hearts. The crew members were eager to take a photo with them.

Director Guo was also very happy. His thin face was no longer as serious as it usually was. He smiled wholeheartedly and did not reject anyone who came up to take a photo with him.

"Let's go and eat! Is everyone ready?"

"It's about time! We had already cleaned up just now," everyone replied enthusiastically.

Mai Lele stepped forward and held Su Bei's arm. "Su Bei, can I sit with you tonight?"

"Sure." Su Bei did not reject this young woman. She was cute and lovable. Her round face made people like her and gave others the urge to pinch her cheeks.

Yao Jing followed along.

Since Yao Jing was Mai Lele's friend, no one said anything. They weren't the ones treating her to a meal anyway. It didn't matter if there were more people.

Lu Weijian came to congratulate them on behalf of Di Xing Media Company.

"Mr. Weijian, congratulations. Two Phoenixes has neared the end of its production!"

"Congratulations, everyone. You've worked hard for the past few months. Drink more tonight." Weijian raised his fist in encouragement.

When he saw Su Bei, he couldn't wait to sit with her. However, he was afraid that it would be too eye-catching, so he suppressed this thought and chatted with Director Guo and the rest.

Yao Jing went forward to greet Lu Weijian. "Mr. Weijian."

Lu Weijian glanced at her and smiled. "You're that..."

Was she the one who got her private matters exposed to the public by Da Bao? This nephew of his was really amazing!

Lu Weijian suppressed his words and coughed.
