

Chapter 921: The More Shameless One Is

Yao Jing was delighted to see that he had an impression of her. “Mr. Weijian, do you still remember me?”

Weijian wanted to say that everyone knew about her scandal. Who wouldn't?

However, it was inappropriate for him to say this. He could only smile. “Yes, I do.”

All those men called her a seductress behind her back. Of course, that wasn't a good thing.

Yao Jing blushed and said, “Mr. Weijian, you have such a good memory.”

“You flatter me. I'll go take a look over there. Excuse me.” Lu Weijian quickly left. He didn't have a good impression of this kind of woman. He was just a normal man, after all.

Everyone was very excited about the wrap party that night. When dinner ended, it was almost ten at night.

The cast and crew left one after another.

Mai Lele wasn't satisfied yet. Yao Jing took the chance and said, “Lele, let's find another place to drink. It's such a rare opportunity. Since everyone is done with their work, wouldn't everyone be happy and want to continue celebrating?”

This was exactly what Mai Lele wanted. She immediately invited the remaining main cast members to sing karaoke.

Rong Xiu had also been exhausting herself for the past few months and would be joining a new cast in a few days. She couldn't wait to have some fun. She immediately replied, “Sure, let's go sing!”

Han Feng glanced at Su Bei and said, “I'm fine with the idea too. Let's go together.”

Seeing that both the male and female lead actors were going, the other supporting actors naturally couldn't reject. Furthermore, if they were to spend more time with their seniors, it would also allow them to gain more resources in the future. They immediately expressed in unison, “We'll be going our separate ways after this. I don't know when we'll meet again next time. Let's have fun to our hearts' content tonight!”

As such, Su Bei and Lin Yu could only follow the crowd. Lu Weijian also said, “I'll go too!”

After all, he was responsible for protecting his sister-in-law.

Mai Lele was over the moon. She was in high spirits. “I know a good place. Let's go. Mr. Weijian, you paid for the meal just now. You can't fight with me for this karaoke round. Let me treat you!”

Hence, everyone got up and went to the karaoke bar that Mai Lele mentioned.

Mai Lele asked for a huge private room. As a person who loved to play, the moment she entered the room, it was as if she had come back home. She immediately glowed brighter than the day.

She picked up the microphone and distributed the games in the private room. There were dice, poker cards, and everything one could think of.

Su Bei, on the other hand, sat in the corner and messaged Lu Heting and Da Bao, telling them to sleep early.

Su Bei sat quietly and sent WeChat messages. She looked around casually under the bright lights and realized that Yao Jing was doing something.

Actually, with Yao Jing around tonight, many cast and crew members were very unhappy. They didn't dare to say anything, though.

Yao Jing was really thick-skinned. When they were eating, she was there. Now that they were singing karaoke, she was still here.

Su Bei had always been on guard against such people. Usually, the more shameless a person was, the more tricks they had up their sleeves.

It was fine if Yao Jing didn't do anything. But if she really planned on doing something, Su Bei wouldn't let her succeed.

Hence, Su Bei paid more attention to what Yao Jing was doing.

She realized that Yao Jing had been chatting with people. Sometimes, she even looked up to see if anyone was paying attention to her.

Chapter 922: Give A Scare

Furthermore, Su Bei also noticed that Yao Jing would end the conversation early after just a few sentences. The other party would do the same too.

It was as if she and the person opposite her were avoiding something and did not want to leave any evidence.

"Sister Bei Bei, aren't you going to sing with us?" Lu Weijian was also playing like crazy. Seeing that Su Bei wasn't joining in on the fun, he took the initiative to ask her.

"No, I just finished filming my last scene. I want to rest for a while. You guys sing first."

"Then I'll have someone bring you some hot drinks," Weijian said considerately.

Yao Jing chatted with the person for a while more before she got up and left.

Su Bei followed her.

This private room had its own washroom. What other reason did Yao Jing have to go outside?

Su Bei thought to herself. After she went out, she saw Yao Jing walking ahead. She looked around vigilantly before disappearing.

Su Bei did not know what she was up to, but she knew that she was up to no good.

That night when her relationship with Li Wei was exposed, Lu Heting had already told her that it was Da Bao who did it. Da Bao had heard Yao Jing maliciously gossiping about her.

Since Yao Jing was someone who didn't have a bottom line, one could imagine what she would do in her current situation.

Su Bei took out her phone and called Lu Heting.

"Is the gathering over?" Lu Heting asked.

"Not yet. It might take a while."

"Our sons are already asleep. I'm helping you warm our bed." Lu Heting's laughter came through the phone.

Su Bei could not help but purse her lips and smile. "Sure, I'll be back soon. By the way, you said the last time that you assigned special bodyguards for me?"

"Yes, what's the matter?" Lu Heting's voice became more serious.

Su Bei told him what happened. "It may not be necessarily true, but I'm just afraid of what might happen."

Lu Heting was satisfied with his woman's vigilance and said, "I'll get them to stay close to you and listen to your orders."

Su Bei put down her phone. After a while, a few bodyguards appeared from all directions and greeted her.

Su Bei was stunned. She was familiar with these people and would occasionally see them on set. She had always thought they were crew members. She did not expect them to be professional bodyguards arranged by Lu Heting.

In other words, Lu Heting had assigned her several bodyguards from the start.

She only found out recently.

"Young Madam, please feel free to let us know if you need anything." The leader of the bodyguards had a scar on his face, but he had an honest aura.

"Okay." Su Bei said a few words to them before returning to the private room.

The bodyguards scattered into the crowd and blended in as if they did not exist.

...

Yao Jing had contacted four street thugs.

Li Wei's family business had to do with bars, so Li Wei was familiar with these hooligans. Yao Jing was too.

“A woman will be coming out later. You guys go and molest her. Remember, you just need to scare her and molest her. You can’t do it for real or cause too much trouble! After the matter is done and you guys get the money, go hide and don’t show your faces for the time being.”

Yao Jing found a public phone and spoke into it.

The other party agreed right away. There was no risk in this kind of thing. It wasn’t like they were going to do it with real knives and guns. They could even earn money. It was the most suitable job for them.

Chapter 923: Success

After hanging up the phone, Yao Jing took out a few things in her hands. They were the things Su Bei’s fans had given Su Bei. She wanted the four hooligans to bring these things to molest Mai Lele and leave them behind.

After everything happened, it would seem as though Su Bei’s fans did it.

If Mai Lele were to suffer, the Mai family would probably take their anger out on Su Bei and eat her alive!

As for Mai Lele, even if she wasn’t really involved, she would still be talked about.

Who asked them to treat her like this?!

Yao Jing always liked to pick on the weak. Su Bei and Mai Lele were two weak women she could pick on!

After Yao Jing was done with this, she returned to the private room. Mai Lele was still holding the microphone and singing happily. It wasn’t good for others to interrupt her when she was such a domineering person. She would play cards, toss the dice, drink, and play all the other games available.

Su Bei quickly received news from the bodyguards. The bodyguards had more or less discovered Yao Jing’s scheme.

Su Bei replied, “Catch those four hooligans later.”

She didn’t expect Yao Jing to want to hurt Mai Lele just to frame her!

This woman was really crazy!

Mai Lele was an innocent, rich, and beautiful girl. How dare Yao Jing plot against her?!

Mai Lele sang and danced. She naturally drank a lot too. When the song ended, she quickly stood up and said, “You guys sing first. I need to go to the washroom.”

Yao Jing stood up and whispered into her ear, “Lele, I’m a little anxious and my stomach suddenly hurts. Can I go first?”

There was only one cubicle in the washroom of the private room. As a generous lady, Mai Lele said, “Go ahead. I’ll use the bathroom outside.”

Yao Jing looked at her departing back and smiled.

Mai Lele walked out, and Su Bei caught up with her in a few steps. "I want to go to the washroom too. Shall we go together?"

"Sure." Mai Lele was happy to have someone to accompany her. She held Su Bei's arm and they walked toward the washroom together.

The nearby washrooms were all occupied. Mai Lele drank too much but had to walk to the end of the building. Su Bei accompanied her.

It could be seen that the nearby washrooms had all been tampered with. The goal was to get Mai Lele to go to the washroom at the furthest end and attack her while she was caught off guard.

However, none of this would happen now. Su Bei had already known the plan beforehand and would not let Yao Jing succeed.

Su Bei and Mai Lele went to the washroom and chatted. Su Bei said to Mai Lele, "Lele, let me use your phone."

Mai Lele passed the phone to her. Su Bei took a look and realized that her phone was switched to airplane mode.

It wasn't hard to imagine that Yao Jing did this long ago so that nobody would be able to find Mai Lele later.

Su Bei did not care and returned the phone to Mai Lele.

Mai Lele was not a tech-savvy girl and was more interested in having fun in crowded places. Hence, she did not realize that there was something wrong with her mobile phone at all and even looked happy.

The bodyguards had already started taking action. After they captured the four hooligans, they asked the hooligans to call Yao Jing. "It's done. Su Bei is here too. We used the same method on her."

Yao Jing was overjoyed. She didn't expect Su Bei to go with Mai Lele.

This way, the situation would be even more justified!

Chapter 924: It's All Over

She immediately rushed out of the private room and called her parents. "Uncle, Aunt, Lele seems to be in trouble!"

"What happened?" Mr. Mai and Mrs. Mai immediately asked.

"Lele finished filming tonight, and we were having dinner with the production team to celebrate. However, Su Bei's fans rushed over and insisted on looking for Su Bei. It was very scary. Lele was also with Su Bei. In order to avoid these crazy fans, she ran off to God knew where. I can't find Lele now, and I can't get through to her phone either. I'm very worried, so I called you guys immediately."

"Where are you? We'll be right there!"

Yao Jing gave them the address.

Mrs. Mai's heart was about to break. She said to Yao Jing, "Jing Jing, you two are close. Please help us find Lele immediately. We'll owe you a favor after this!"

"Of course. I'm already looking for her," Yao Jing said immediately.

After that, Yao Jing called the police. She purposely made a mess of things. Her words were also very messy.

The police repeatedly confirmed with her that the case only involved a few fans. Moreover, the missing person had been missing for less than 24 hours. They told her that she could not file a case and only promised to arrange for two policemen to come and take a look later.

This was the effect Yao Jing wanted. She didn't want the police to interfere too much either.

However, she had to call the police to show that she had done her best.

After making the call, she ran out and pretended to look around, so as to capture her anxious figure in the surveillance cameras.

However, even though there were so many people in the private room, she didn't inform any of them. She was afraid that the scene would be ruined and she wouldn't be able to push the blame to Su Bei's fans. She wouldn't be able to make the Mai family vent their anger on Su Bei if that was the case.

Yao Jing was very happy. She thought of the slap Su Bei gave her. This time, not only would Su Bei be hated by the Mai family but her career would also be ruined!

With this scandal, everything would be over for her!

Su Bei, I'll pay you back for how much you hurt me back then!

Mr. and Mrs. Mai were sleeping when they received the call. When they heard that such a big thing had happened to their daughter, they got dressed and called Mai Shanheng to drive over.

Mr. and Mrs. Mai were in the car. They kept calling Mai Lele's phone, but they could not get through to her phone. No matter how many times they called, no one picked up.

This made them even more anxious.

Mai Shanheng had also called the police. However, Mai Lele was an adult and was missing for less than 24 hours. Hence, there was no way to establish a case.

Mai Shanheng punched the steering wheel angrily.

Mr. Mai said angrily, "I told you before not to let Lele enter the entertainment industry. Look at what happened now! That industry is tainted! There are not many good people there!"

"I didn't want this to happen either. Now that something has happened to my daughter, don't I feel sorry for her?" Tears streamed down Mrs. Mai's face. "If something happens to my daughter, I won't be able to live anymore!"

Seeing how anxious his wife was, Mr. Mai could not bear to blame her anymore.

On the other hand, Mai Shanheng's face was filled with anger. Now that his sister was in trouble, he even wanted to kill someone!

He stepped harder on the accelerator, wishing he could fly over.

The car finally came to a stop in front of the clubhouse. There was the disgusting smell of tires and scorched earth.

Chapter 925: Ugly Look On Her Face

The moment the three of them got out of the car, Yao Jing ran over with tears streaming down her face. She said, "Uncle, Aunt, Mr. Mai, I've already asked someone. Someone said that Lele went to the washroom upstairs. I was about to go over when you guys came."

"We'll go over right away!" Mr. and Mrs. Mai's eyes were red. They loved their daughter very much and doted on Mai Lele like the apple of their eye. If anything were to happen to her...

As Mai Lele had entered the entertainment industry, they knew how crazy fans could get. They also knew that over the years, there had been a flood of aggressive fans. Many celebrities did not have any privacy left and might even be attacked.

They prayed in their hearts that the fans this time wouldn't be so scary.

Yao Jing cried as she said, "Those fans looked really scary. I heard they chased Lele to the washroom. I'm really worried that something bad might happen..."

Mr. and Mrs. Mai's hearts sank.

Yao Jing was tall and big. She gave people the feeling that she could handle anything. Now that she was crying like this, it was obvious that the situation was very serious.

"Are the fans guys or girls?" Mr. Mai asked, still holding out hope. If they were girls, at least there wouldn't be too much trouble.

"They're all men." Yao Jing didn't seem to want to worry them, hence she sounded hesitant.

Mrs. Mai almost collapsed.

Mai Shanheng didn't care about helping his mother up. He strode toward the washroom Yao Jing mentioned.

This washroom was very remote, far away from the hall and private rooms. Looking at this quiet place, Mai Shanheng's heart skipped a beat. He hesitated for a moment before kicking the door open.

It was quiet inside. There was nothing.

Mai Shanheng immediately kicked open all the doors of the cubicles. There was only the sound of water flowing.

Yao Jing was shocked.

That was impossible. She had arranged for everything to take place here. The response she received was that the hooligans had also completed their task here.

Moreover, they would only leave when she brought people here. They would try their best to preserve the scene.

What was going on?

Mr. and Mrs. Mai were even more worried when they did not see their daughter. Mrs. Mai's eyes rolled upward, and she was about to faint.

"Dad, Mom, Big Brother, why are all of you here?" Mai Lele's brisk voice came from behind.

Mrs. Mai didn't pass out. She forced herself to open her eyes and saw her daughter standing there, safe and sound. She immediately regained her senses and rushed over to hug her daughter. "Lele, is it really you? You really scared me to death! Good child, it's great that you're alright! I almost died just now!"

Her daughter was fine. Mrs. Mai came back to life.

Mr. Mai and Mai Shanheng heaved a sigh of relief.

Only Yao Jing's expression was ugly.

Her plans didn't succeed. Damn it! And Su Bei escaped too!

"I'm fine. Why are all of you here? Didn't I tell you that I'd be coming back late tonight? I'm done with my work, so I want to have some fun," Mai Lele said gently to her parents.

Su Bei looked at her playful manner and could not help but smile. It was great to have parents to act playful and pampered with.

Although she had recognized Tang Jianming and Lin Shulian now, she never felt that way when she was with them. Naturally, she didn't feel the benefits of being loved by her parents.

Chapter 926: The Cover-up Efforts Were Successful

Mr. Mai took a look at Su Bei and saw her charming eyes. No wonder she had attracted so many crazy fans. He said unhappily, "You're coming back with us immediately. I told you not to stay in the entertainment industry. Great, something almost happened to you! Luckily, you're fine tonight. Otherwise, how would your mother and I continue living?"

"What's going on?" Mai Lele was completely out of the loop.

Yao Jing immediately tried to salvage the situation. "I saw Su Bei's crazy fans following behind you. I just turned back for a moment and you guys disappeared. I called you but I couldn't get through to you. That's why I took the liberty to inform Uncle and Aunt. Lele, you scared me to death just now."

Yao Jing's cover-up efforts were quite successful.

Mr. and Mrs. Mai were very unhappy about what had happened to her previously. They even sternly warned Lele not to hang out with Yao Jing anymore.

However, her actions tonight made Mr. and Mrs. Mai feel grateful. They felt that their previous attitude toward her was not appropriate.

On the other hand, Su Bei was enchanting and alluring, making Mr. and Mrs. Mai feel that the risk was too high. The fans that she attracted were too crazy, and it was likely that tonight's incident would happen again.

"My phone..." Mai Lele took it out and took a look. "Ah, I accidentally turned on airplane mode. Sorry, Dad, Mom, Brother. I won't do it again."

Even now, this silly girl did not suspect that her phone was deliberately tampered with. She thought that she had accidentally pressed it.

"Let's go home now! You're not allowed to attend such gatherings again," Mr. Mai said.

Su Bei gently said, "Mr. and Mrs. Mai, do you think what happened tonight was really an accident?"

Yao Jing immediately said, "What else? Su Bei, could it be that just because you didn't see anything happen to Lele, you think all is fine? Didn't you see how crazy your fans were just now? They were holding support banners and had ferocious looks on their faces. It was as if a pack of vicious wolves had seen its prey. Think about it. Lele is also a pretty young lady. What would happen if she got into a scuffle with people like that?"

Mrs. Mai felt that Yao Jing was right. She agreed. "That's right. Su Bei, it's your own business if you want to be in the entertainment industry. We don't care what kind of fans you have. But don't drag our Lele down with you. It's fine if our Lele doesn't pursue this as a career!"

Mai Shanheng felt that his mother had gone overboard. He raised his voice to stop her. "Mom!"

"Did I say anything wrong? Lele is innocent. How would she be able to handle such a thing? Su Bei, you and Lele are not the same kind of people." Mrs. Mai loved her daughter dearly and her words became harsher.

Su Bei smiled lightly and did not pay attention to her words. She said to the empty space behind her, "Bring them over."

A few bodyguards responded and threw the four men who were tightly tied up onto the floor.

Yao Jing never met the four hooligans as she had only been communicating with them over the phone. When she saw the four of them being thrown on the ground, however, she was shocked.

It was too obvious who they were!

"Yao Jing, do you know these four people? Have you seen them before?" Su Bei asked.

"Of course not! How could I have seen them before?" Yao Jing said angrily.

"Really? Didn't you see a few crazy fans earlier? Why did you forget about them immediately after seeing them?" Su Bei asked with a smile.

Yao Jing forced herself to be reasonable and said loudly, "Su Bei, what do you mean? Did you just grab a few people and claim that they're the fans from just now? Just what do you want to do?"

Chapter 927: Anger

“What do I mean? In that case, please listen carefully. Let me explain it simply. Someone bribed four hooligans to pretend to be my fans. That person planned to plot against me and Mai Lele. Unfortunately, my bodyguards found out and figured out that person’s plan.”

Su Bei calmly recounted the incident.

Mr. and Mrs. Mai weren’t stupid. They just loved their daughter too much, and everything happened so suddenly that they didn’t think about the loopholes in Yao Jing’s words.

But now that Su Bei had told them everything, they had many doubts in their hearts. “Yao Jing, what’s going on? Do you know these fans?”

“Uncle, Aunt, I really don’t know them. How would I know them...”

“Are these the crazy fans you saw just now?” Mr. Mai asked.

“I think so... No, no, no, no...” Yao Jing was completely flustered now.

Mr. Mai connected the dots and found even more suspicious points. “You said that there were many fans following Su Bei and Lele, but neither Su Bei nor Lele saw any fans! You said that someone saw Lele in the washroom. Who saw her? Who told you this? Why are Su Bei and Lele’s situation completely different from what you said?”

“I... I really saw a bunch of crazy fans...” Yao Jing couldn’t answer these questions.

“Why couldn’t anyone get through to Lele’s phone? Why are you the only one who knows so much?” Mr. Mai asked.

Mai Lele said in surprise, “My phone was switched to airplane mode. Did I accidentally press it? Su Bei, you used my phone just now too. Did you notice anything?”

“When I borrowed your phone, I realized that it was on airplane mode. I thought that you didn’t want to be disturbed, so I didn’t use your phone in the end. Do you remember?” Su Bei said evenly.

“Yes, yes, yes. You borrowed my phone but you only took a glance at it before returning it. I thought you were just looking at the time. But Yao Jing, you touched my phone before too. Did you do it?” Mai Lele was very angry.

Yao Jing shouted, “I really didn’t do these things! I swear to the heavens that everything I saw tonight was real!”

Su Bei smiled and said, “What you said might not count. After all, there are still four witnesses here, as well as their phones. I’m afraid they still have their chat records with you.”

When Mai Shanheng heard about the situation, he immediately picked one of them up and asked him who was the leader. Then, he took that man’s phone and unlocked it.

With one look, he found the conversation between Yao Jing and the leader. Mr. Mai also went over to take a look.

Although Yao Jing hid her real name, her vicious arrangement made everything clear!

Looking at the chat records, no matter how she hid her identity, anyone could guess that the woman who arranged this must be someone who was close to Mai Lele and knew her character very well.

Recalling Yao Jing's performance just now, Mr. Mai was really angry.

Mr. Mai slapped Yao Jing's face. "So it's you! You arranged for these hooligans to molest Lele and even wanted to push the blame to Su Bei! How could you be so vicious? How did Lele offend you?"

Chapter 928: It's All Because Of You

Yao Jing gritted her teeth and didn't say a word. When Mrs. Mai saw this, she felt a lingering fear and said, "I told Lele not to play with you, a woman who even seduced her own brother-in-law. What kind of good intentions can you have? Fortunately, Su Bei was here tonight. Otherwise, my good daughter would have been hurt by a b*tch like you! You're really good at this, huh?!"

Mr. Mai said, "Don't say anymore. Shanheng, just call the police!"

Mai Shanheng immediately called the police. With all the evidence, Yao Jing was going to suffer.

Not to mention anything else, just by colluding with gangsters to do such a thing, she would definitely be targeted by the police.

Yao Jing was afraid now. She cried and begged, "Aunt, don't call the police. I really didn't do it on purpose..."

Mrs. Mai pushed her away harshly, unable to feel any sympathy for her.

She hugged her daughter and thought about what had happened. She could not help but feel fearful. Luckily, everything was under control.

The police arrived quickly. These four hooligans were habitual criminals, so they were taken away immediately.

Yao Jing was taken away too. Mai Shanheng informed the top lawyer he knew and the person came over directly. They had to make Yao Jing suffer this time!

It was only now that Mai Lele realized what she almost had to suffer from.

She was so frightened that she hid in her mother's arms. It took her a while to calm down.

"Su Bei, thank you. Thank you for your help tonight." Mai Lele quickly thanked her.

Su Bei said, "Yao Jing had a conflict with the production crew a few days ago. She hit a crew member and I stood up for her. I taught her a lesson. Seeing that she insisted on coming to the gathering today, I was more careful and paid attention to her actions. I dealt with Yao Jing so that I could also help myself. It's fortunate that I got to help you too."

Knowing that Mr. and Mrs. Mai did not like her, Su Bei could not be bothered to appreciate their kindness. With a few words, she cleared everything up.

Mr. and Mrs. Mai felt very guilty. They had indeed wronged Su Bei.

After hearing Su Bei's explanation, they understood that the woman was unhappy with them. Mrs. Mai quickly said, "Su Bei, I'm really sorry. We didn't understand the situation just now, so we shouted at you. I'll apologize to you. Please understand the heart of a mother. I'm sorry. I'm really grateful to you. Our Lele is safe and it's all because of you."

For the sake of her daughter, Mrs. Mai did not mind apologizing at all. She was very sincere.

This made it meaningless for Su Bei to argue further. She said, "It's good that everything's fine. You don't have to thank me."

Mr. Mai also looked apologetic. "We have to thank you. Su Bei, our Mai family owes you."

Su Bei smiled and said nothing more.

Mai Lele was still thinking about the private room where everyone was having fun. The moment her fear passed, she had a vibrant idea and said, "Su Bei, let's go back and play for a while more."

"You still want to play? You almost got into trouble and you still want to play?" Mr. Mai rebuked. "Let's go home."

"Dad, I still want to play for a while more. Besides, Yao Jing has already been arrested. There are no other bad guys around." Mai Lele whined.

Seeing that Mr. Mai was not responding, she shook Mrs. Mai's hand and said, "Mom, I want to play. Mom, please, I promise I'll only play for a while. I'll go home soon."

Chapter 929: How About I Send Su Bei Back?

"Then why don't we..." Mrs. Mai had no bottom line when it came to doting on her daughter. Besides, she was heartbroken that Mai Lele had received such a scare.

Looking at the people gathered here, they were all influential figures in the entertainment industry. There was probably nothing to worry about.

Mr. Mai snorted. "Look at you. You're spoiling her rotten."

Even so, he did not object.

Su Bei saw their family doting on their child and could not help but turn her face to the side. These were not emotions she was familiar with. Only when she thought of Da Bao and Gun Gun could she empathize with them.

"Alright, your dad has already agreed. Go on, your dad and I will wait for you outside," Mrs. Mai said.

Mai Lele pouted. "If you're going to wait for me, how can I enjoy myself?"

Mai Shanheng said, "Forget it, I'll stay here. Dad, Mom, you guys go home first. I'll play with Lele for a while and send her home later."

At the thought of this, Mr. and Mrs. Mai felt relieved and let the siblings have their way.

They apologized and thanked Su Bei again before leaving.

Mai Shanheng looked at Su Bei and said, "Su Bei, I have to thank you too. If something had happened to our darling, I'd be scolded to death at home."

Su Bei smiled. "Let's go and sing."

The three of them walked back to the private room.

Lu Weijian knew Mai Shanheng and immediately stood up. "Hey, what brings Mr. Mai here?"

"Mr. Weijian, I'm here to sing songs with you, of course." Mai Shanheng sat down beside him.

After saying a few polite words, they began to address each other by their first names.

When the others saw that Mai Shanheng was Lu Weijian's friend and Mai Lele's brother, they greeted him.

On the other hand, no one cared about Yao Jing's disappearance. They might have cared but they were too lazy to ask about it.

After all, they were all members of the production cast and crew. They all worked together. Yao Jing was the only one who had nothing to do with them. Whether she left early or whatever, no one could control her.

They drank and played for a while before leaving.

When it was over, everyone was making arrangements for their transport back.

They started calling for substitute drivers.

Mai Lele asked, "Su Bei, how are you going back?"

"I can send Su Bei back."

"I can send Su Bei back."

"How about I send you back, Big Sis Bei Bei?"

Three people spoke at the same time.

Su Bei was not surprised that the third person was Lu Weijian.

The first was Han Feng, and the second was Mai Shanheng.

Han Feng had some selfish motives toward Su Bei. However, he wasn't as famous as Su Bei and didn't dare to open his mouth much. Tonight, he finally had the chance, but he was drowned out by the other two voices.

The second person to speak was naturally Mai Shanheng.

Mai Shanheng had to thank Su Bei for Mai Lele's incident, so he took the initiative to offer her a ride home.

The three of them spoke at the same time, and Su Bei needed to make her pick.

She waved the keys in her hand and said with a smile, "I drove here myself and I didn't drink, so I'll drive home myself! Thank you, everyone!"

Han Feng was somewhat disappointed.

Mai Shanheng shrugged.

Lu Weijian thought to himself, 'Hmph, these two men have motives for Sister Bei Bei!'

Fortunately, he was here to protect her!

Hmph. Luckily, the filming was already over and they were about to disperse. Otherwise, these two rascals would have found their chance.

"That's right. My Sister Bei Bei's driving skills are good, so let's just leave it at that. Let's go, let's go."

Chapter 930: The Sweet Sight Of PDA

After everyone left, Su Bei walked toward her car. Lu Weijian quickly went up to her and said, "Sister Bei Bei, my big brother told me to send you home safely! Also, what happened to Yao Jing just now? My big brother told me to keep an eye on her, but why did she suddenly disappear?"

Su Bei told her about Yao Jing and Mai Lele.

Lu Weijian knocked on the car window agitatedly. "F*ck, f*ck, f*ck, f*ck! How vicious!"

"The Mai family has already called the police. They've gotten someone to deal with her," Su Bei said.

"People like her shouldn't be released into the public to harm others." Lu Weijian sat in the front passenger seat. He was drunk but wanted to keep Su Bei company.

Su Bei didn't drink and had driven her by herself. Lu Weijian said he was sending Su Bei home but Su Bei had to drive by herself.

"Let me send you home first, Mr. Weijian."

"No need, no need. Sister-in-law, I'll send you home. Also, just call me by my name."

"I've gotten used to it. It won't change anytime soon."

Su Bei was driving when she received Lu Heting's call. "I'm coming to pick you up. I'm already on my way."

After Su Bei told him about Yao Jing, he was worried and drove out.

"I'm on my way too. Why don't you just wait for me at home?"

"Stop the car. I'll come and pick you up." Lu Heting's deep voice was laced with worry.

Su Bei stopped the car and gave him her location.

Lu Weijian sighed. "Sister-in-law, my brother really dotes on you."

Su Bei smiled and did not speak.

“Don’t doubt me. When you weren’t around in those five years, my big brother kept mentioning your name. Grandfather and Grandmother wanted to introduce him to someone else, but he was waiting for you with determination. Guess what? Previously, we all thought that you were just a fake person that my big brother was using to deal with our family. When you came back, I was shocked!”

Lu Weijian’s voice echoed in the car, and Su Bei’s thoughts drifted away. Her mind was filled with Lu Heting’s gentle and loving smile.

“Anyway, after you came back, my big brother’s temper has become much better. He’s also more energetic now. Previously, he seemed to have fallen out of love. It was really scary.”

Su Bei thought about it carefully. She really owed Lu Heting too much during those five years.

Some time had passed since Lu Heting came out, and he was nearby.

It had not been long since Su Bei stopped the car when Lu Heting knocked on the window.

She quickly rolled down the car window, and Lu Heting’s handsome face appeared. Su Bei smiled like a flower. “I didn’t drink. I can drive just fine.”

“I couldn’t sleep anyway, so I came out to enjoy the night breeze.” Lu Heting smiled. He knew that the woman was safe, but he still wanted to see her.

Su Bei thought that before he left, he must have specially alerted Aunt Chen to watch over their sons. Otherwise, he would have arrived long ago.

Whether he was Mr. Lu or just a chauffeur, his habit of doing everything himself had never changed.

Recalling Lu Weijian’s words, Su Bei came out of the driver’s seat and kissed Lu Heting on the neck.

Lu Heting reached out to grab the woman, his smile widening.

Lu Weijian covered his eyes due to the sweet sight of PDA.

“I’ll drive.” Lu Heting put his arm around Su Bei and carried her into the car. Lu Weijian had already taken the initiative to sit in the backseat.
