

### Chapter 931: Take Up Her Time

Lu Heting only noticed Lu Weijian when he got into the car. He was drunk and reeked of alcohol. Lu Heting asked Lu Weijian to guard Su Bei, but Lu Weijian was drunk now.

“Do you want to take a cab home or do you want to sleep on the floor at our place?” Lu Heting’s tone was hostile.

“Brother, can I sleep on the couch?” Weijian was too drunk to move.

Lu Heting snorted and ignored him.

Su Bei could not help but laugh and asked, “Aunt Chen came over in the middle of the night?”

Lu Heting knew what she was asking about. He explained softly, “After the house is done with the renovation, a room will be reserved for Aunt Chen. Our two sons at home have to be supervised by someone at all times.”

“Renovation? Why don’t I know about the renovation?”

“The entire floor has been opened up. I want you and our sons to have a more spacious home. I got the best workers to finish it as soon as possible. There’s already progress made. You can go back there after some time.”

Su Bei was speechless. Only at times like this would she remember that Lu Heting was the all-powerful Mr. Lu. When he doted on her too much, she would just think he was simply her husband.

Seeing that she was in a daze, Lu Heting slowed down the car and reached out to hold her hand.

He was just her husband. This identity was the choice he was most happy to make.

When they reached home, Lu Heting half hugged Su Bei and went straight upstairs. Su Bei nestled in Lu Heting’s arms. They whispered to each other and laughed.

On Lu Heting’s handsome side profile, one could see the curve of his lips and the glint in his eyes.

Lu Weijian followed behind and watched their PDA. By the time he reached the sofa in the living room, he had enough.

Lu Heting carried Su Bei and closed the door in front of him.

The single man lay on the sofa, hugging a towel tightly while shivering.

...

After the filming of Two Phoenixes was completed, it went into post-production.

Su Bei also had to decide which new script to choose.

Lying on the bed, she nestled up in Lu Heting’s embrace. She did not want to get up.

"I've read them. Both of them have their good points. Of course, the second one seems better," Lu Heting said calmly.

"I think so too. But the investor for the second one made a huge investment in it," Su Bei said in a low voice.

Feng Ze was the one behind the vast investment.

Su Bei knew that with Lu Heting's status, he would know this too.

"As long as the script is good, it doesn't matter who's investing in it." Lu Heting was not worried about Feng Ze. He was jealous, but when it came to Su Bei's job, she had to make decisions that would be beneficial to her.

Moreover, he and Su Bei even had a son together. Even if Feng Ze had invested in this film, his relationship with Su Bei was limited to work.

Su Bei nodded. "I'll think about it."

Lu Heting switched off the lights and lay down with her in his arms. "We'll think about work when it's daytime. Now, let's think about something else."

...

However, Su Bei had no energy to think about work during the day.

Probably seeing that she had finished her work, Lu Heting did not restrain himself and took up most of Su Bei's time.

In the afternoon, Lu Heting went to the office in high spirits.

Su Bei got up lazily.

The man's energy was limitless. It was impossible to estimate how much energy he had.

Moreover, it was simply inexhaustible.

Su Bei, who usually made herself busy all day, would never usually be this tired.

However, although she was tired, her complexion was unbelievably good.

### **Chapter 932: Unless There's No Choice**

When Su Bei went out, she had only applied a little bit of lipstick. Her eyebrows were exquisite, and her cheeks were flushed red, making her look exquisite and outstanding.

"I finally know why you chose that man." Hua Cuo, who was sitting opposite Su Bei, took out a cigarette and lit it up. "Little Fifth Sister, you've been treated so well that you've become even more beautiful."

"Fourth Sister!" Su Bei was embarrassed by her words.

Hua Cuo knocked on the table lightly. "But love is love. Let me remind you, don't throw your life away. Manage your own money well. It's not easy to control a rich man."

Her occupational disease was acting up again. When looking at the relationship between husband and wife, she would first look at each of their assets. Everything else was secondary.

Su Bei smiled. "He should be the one managing his money well. Not me, right?"

Only then did Hua Cuo remember that Su Bei already knew Lu Heting's true identity. That was true. Even if Su Bei was a top supermodel in the entertainment industry, in Lu Heting's eyes, her wealth was a drop in the ocean.

Hua Cuo changed her tone. "You still have to protect yourself. Don't end up in a situation where I have to help you fight for your assets. However, I've never fought a property lawsuit on Mr. Lu's level. I hope that you'll never need to ask me for help."

"But why do I feel like you want to help me take on a lawsuit from your words?" The big shots that Su Bei knew all suffered from occupational disease.

"Haha, it's just my fantasy."

"Fourth Sister, how long will you be staying here?" Su Bei asked.

"There are still two lawsuits I have to handle. I'll go back once I'm done. Don't miss me too much when the time comes." Hua Cuo reached out and pinched her face.

Su Bei covered her face. She was the youngest, so they always took turns pinching her face when she was young. Now that she was a grown adult, they still pinched her!

After saying goodbye to Hua Cuo, Su Bei went to Sheng Tang Entertainment.

She told Yue Ze her decision. "Brother Yue, I'll choose the first script."

"I thought you would choose the second one." Yue Ze was a little surprised.

Su Bei did indeed have the intention to avoid Feng Ze. Unless she had no choice, it was better for her not to see him.

Actually, her relationship with Feng Ze was pretty good before, but later on, Feng Ze's behavior became weirder and weirder. There was even one time when he almost forced a kiss on her. At that time, she was still young and had never seen such a scene. She was so scared that she avoided Feng Ze for a long time after that.

Feng Ze was so handsome and noble, but when he forced a kiss on her, he was really fierce. It created a huge psychological burden on the young Su Bei.

She really could not imagine why such a good-looking and elegant man would become so horrific, evil, and terrifying when driven by desire.

Fortunately, Feng Ze didn't do anything like that again.

However, she was traumatized. She was still not used to seeing Feng Ze approach her.

“But the first one has its merits too,” Yue Ze said with a smile, “And the first one is being invested by Sheng Tang. There’s also a multinational film company, Olez International Film Group, that’s investing in it too. The current prospects are excellent.”

Su Bei nodded. “That’s right. I’m from Sheng Tang Entertainment, so it’s reasonable for me to accept this script.”

“Then, I’ll prepare the contract. Once it’s confirmed, you can come and sign it.” Yue Ze respected Su Bei’s personal decision and had no objections.

### **Chapter 933: Extremely Displeased**

This time, Su Bei was playing the second female lead.

In the script, the second female lead’s overall personality was richer and fuller. Since Su Bei had chosen this line, what she wanted to do was not to choose what seemed best on the surface but to choose what was the most suitable for her and do her best at it.

After confirming everything, Su Bei started preparing.

She went to the audition before nightfall.

...

Tang Yue took a look at the information in her hand and said, “Su Bei chose the movie that we invested in most likely because of the investments from Olez International Film Group.”

“Olez International Film Group is currently in the limelight, and the video website that they’re developing is also underway. Indeed, if one can build connections with Olez, one’s future will be even better. Su Bei is not stupid,” the assistant said.

Tang Yue kept suppressing Su Bei, but Su Bei’s momentum was getting better and better.

Tang Yue felt a knot in her heart.

“Have you confirmed the female lead?” Tang Yue asked.

“Not yet. Su Bei chose the second female lead, and the results of her audition were very good. This made the director subconsciously raise his requirements for the female lead’s appearance, causing the selection of the female lead to remain undecided...” the assistant said quickly.

After he finished speaking, he realized that he was indirectly praising Su Bei’s appearance and quickly shut his mouth.

Tang Yue glanced at her assistant and said, “I have my own plans. Call Su Huixian and ask her to come over.”

Su Huixian had been dealing with Qianyu Entertainment Company’s matters.

In the fight with Su Bei, although she did not seem to have suffered any losses on the surface, in reality, her modeling career had almost completely stopped.

After her true age was revealed, everyone knew she was almost 30 years old. Hence, her value in the industry dropped.

For many people, 30 years old was the age where one would begin their lives. However, for models, being 30 was considered very old. Moreover, she hadn't reached the stage where she could fight for a high position and be fearless despite her age. Hence, her path naturally became narrower and narrower.

She was too old to participate in runway shows now. She could only accept this reality and just focus on handling Qianyu Entertainment Company's matters temporarily. However, she only got the right to help manage Qianyu Entertainment Company because of the Du family's investment, so Du Changwei and Sun Jingping would interfere from time to time. She could not do anything about it.

At this moment, she was sitting in her office. She was angry because of a sum of money.

She wanted to use this sum of money to invest in the people she favored, but Sun Jingping did not agree.

Sun Jingping had a deeper meaning in her words. "Huixian, look at you. You're almost 30 years old. You're a few years older than Du Luo. What's the use of spending so much money every day? It's not that I want to criticize you, but if you have a child after you're 30, they won't be as smart as children born to mothers who are still in their 20s. Why don't you return home and think about giving birth soon?"

Sun Jingping was extremely unhappy with Su Huixian.

It wasn't just about her age. There were all sorts of things. Especially when she learned that Su Bei was actually a member of the Tang family, Sun Jingping felt even more regretful. She chose Su Huixian and gave up on Su Bei.

After seeing Du Jinghao and Tang Yue get engaged, Su Huixian's status became even more useless.

However, she was already engaged to her son and Sun Jingping could not find a reason to break off the engagement. Even so, she had to vent her anger from time to time. Su Huixian could only endure it.

### **Chapter 934: Great News**

Su Huixian's heart ached at Sun Jingping's words. She forced a smile and said, "Aunt, I can't possibly have a child without getting married first, right? It's fine if I'm married, but if I have a child without getting married, outsiders will gossip."

"That's true," Sun Jingping said, "I won't care much about your marriage matters. You can discuss it with Du Luo."

At the mention of marriage, Sun Jingping avoided it.

After all, she had said all the good and bad things. She had many requests for Su Huixian, but she refused to let her marry Du Luo.

Su Huixian felt bitter. The Du family was too much. Wasn't it obvious that they wanted her to break off the engagement?

She had endured it all for so many years. If she were to break off the engagement now, wouldn't all her efforts go to waste?

Su Huixian would never do something so foolish.

Sun Jingping said, "Don't bother about the investment. Let the professionals handle it. I'm leaving."

With that, Sun Jingping picked up her bag and left.

Su Huixian threw the pillow at her back.

Just as she was fuming, she received a call from Tang Yue's assistant asking her to go over.

Su Huixian immediately tidied up her makeup and drove toward Sheng Tang Entertainment.

As she could not gain the approval of Du Changwei and Sun Jingping, Du Luo's feelings for her had obviously changed.

Su Huixian had nothing to grab onto. Tang Yue was her only hope.

As she had hated Su Bei for so many years, she could feel that Tang Yue hated Su Bei as well.

Su Huixian could empathize with Tang Yue and her situation. Tang Yue was supposed to enjoy the love and care of her parents alone. She was supposed to be the only heir to her parents' assets in the future. Now that a cruel younger sister had appeared out of nowhere, Tang Yue had to share everything. If it were Su Huixian, she would definitely not be able to stand it.

Hence, it was understandable that Tang Yue could not stand it either.

That was why Su Huixian knew that if she followed Tang Yue, her wishes would come true.

After she entered, her attitude was gentle and considerate. "Tang Yue, I bought you a cup of coffee. It's your favorite Americano."

"Have a seat," Tang Yue said with a smile. Then, she told Su Huixian a piece of great news!

...

Apart from the female lead, all the roles in the film that Su Bei had chosen were already selected.

Su Bei arrived at the set and greeted everyone.

Mai Lele bounced over and shouted, "Su Bei!"

"Lele, are you in this production too?"

"Yes, I heard that you were joining. I also read the script and found that it's not bad. I'm playing a small role. My parents knew you were in this production too, so they agreed!" Mai Lele said happily.

Usually, the small roles in the production team would be given to those who brought in funds. People like Mai Lele, who wanted to enjoy herself and did not want to be too tired, would be given some small roles too.

Mr. and Mrs. Mai really doted on Mai Lele. Su Bei looked at her enviously.

Mai Lele said, "Su Bei, I think I have some scenes with you. When the time comes, I'll definitely practice more and try not to drag you down!"

"Okay, let's learn from each other." Su Bei quite liked her.

Mai Lele bought a huge pile of snacks and distributed them to everyone. She was a ray of sunshine, so the atmosphere in the production team became lively.

### **Chapter 935: Disgust Her**

After she distributed everything, she ran over to Su Bei's side and stood there while eating potato chips.

Previously, the two had eaten together, causing everyone to look at them with envy. How could ordinary female artists dare to eat and drink like that?

The director clapped his hands and said, "Everyone is here now. Let me introduce the actress who'll be playing the female lead!"

Everyone immediately looked at the director expectantly.

Mai Lele and Su Bei stopped eating their chips and stared at the director.

The female lead this time was a stunning beauty. Actually, most people had expected Su Bei to be the female lead.

However, Su Bei chose the second female lead. This made the director worry about the selection for the female lead for a few days. He nearly went bald.

Everyone was naturally very curious as to who could be the female lead.

There were many actresses in the entertainment industry who were good at acting, but it was rare for them to be beautiful and talented.

Mai Lele poked Su Bei's arm. "Who could it be? Who else could be better-looking than you?"

"The world is big and there are so many people. It might not be that hard to find." Su Bei gently bit off a potato chip.

The director smiled and said, "Now, let's invite our female lead, the famous beauty of the entertainment industry—Su Huixian!"

Su Huixian stepped out after the director's introduction.

There was a moment of silence.

No one said anything.

Su Huixian was indeed beautiful. To be able to make a name for herself in the entertainment industry, she definitely had the looks.

However, her beauty was more like that of the trends. She had big eyes, a high nose, a nice smile, and a sharp chin.

She was beautiful in every way and outstanding in every way too.

However, her beauty was indistinct.

Everyone subconsciously looked at Su Bei. Even those with the pickiest eyes couldn't help but be slightly stunned. Su Bei's beauty was extremely recognizable. Even her eyelashes were pretty. She was a true beauty!

"Hello everyone, I'm Su Huixian. I hope we'll have a good time working together," Su Huixian said gently.

Only then did everyone realize that since the director had made his decision, they could not object.

Besides, Su Huixian was indeed good-looking. Perhaps the director had discovered the beauty in her? They did not know much about filming, so they naturally would not have the right to speak.

Mai Lele said frankly, "But isn't Su Huixian a model? Why did she suddenly become an actress?"

When Su Huixian heard this, she smiled at Mai Lele and said, "Su Bei is also an actress who became a model. Su Bei can do it, so can I, right?"

"But Su Bei has reached the pinnacle of the modeling industry. That's why she's here to act in films. What about you?" Mai Lele asked.

When Su Huixian heard that, she felt extremely unhappy. However, she could not retort, so she pretended not to hear it and walked to the side.

Mai Lele wanted to chase after her and ask more questions.

Su Bei knew that this was a huge gift from Tang Yue. The script for this movie was not bad, but Tang Yue forced Su Huixian into it. It was obvious that she wanted Su Huixian to disgust her. She did not intend to make a profit from this investment.

Tang Yue was really generous.

However, Su Bei could not reprimand Tang Yue for such a matter. Tang Yue always made her words sound reasonable. Su Bei could decide on her own matters, but could she have a say about the casting decisions?

### **Chapter 936: Wasted Time**

This was exactly what Tang Yue wanted to do.

Having understood this point, Su Bei made her decision.

Perhaps Tang Yue felt that everything was in her control and that Su Bei would never be able to escape her grasp.

A faint smile appeared in Su Bei's eyes. Was Tang Yue really that confident?

Su Bei took out her phone and called Yue Ze.

"I think this is the right decision," Yue Ze said with a smile, "I'll get it done right away."

After Su Huixian came over, she used her usual strategy of winning the hearts of people by distributing snacks for everyone and bribing them with small favors.

She wasn't worried about acting. If Su Bei could act, why couldn't she?

Su Huixian distributed the snacks and walked in front of Su Bei, handing some to her. "What a coincidence. Su Bei, this time you'll be acting alongside me."

"What a coincidence, indeed." Su Bei took the snacks and played with them in her hands.

Su Huixian smiled and said, "Not only did I land this film out of nowhere and become the fully-deserving female lead, but President Tang will also bring me to meet Ouyang Ting, the president of Olez International Film Group. This also means that I'll become one of the investors of this movie and will even be a partner of the entire Olez Film Group. Su Bei, I'm sorry, but I'm once again ahead of you."

So what if Su Bei was from the Tang family? Su Bei would never be able to suppress her!

Su Bei only smiled and watched Su Huixian leave proudly.

After leaving the filming site, Su Bei had already made up her mind but she did not tell anyone about it. Instead, she went to the supermarket and bought a lot of delicious food before going home. She personally went to fetch Da Bao and Gun Gun home!

Su Huixian? Forget her!

When she got home, Lu Heting wasn't back yet, and neither was Aunt Chen.

Su Bei took out all the delicious food that she had bought for Da Bao and said happily, "Ta-dah! Da Bao, these are all for you!"

"What about mine?" Gun Gun jumped up and looked at the stuff before him.

Su Bei took out the largest item. It was a huge durian. It was fine when it was tightly wrapped before, but now that it was taken out, the room was filled with the smell of it.

Gun Gun laughed until his eyes narrowed. "I want to eat it, I want to eat it!"

Da Bao felt a little helpless. What would it be like to have a mommy and a brother who loved to eat durians? It was the feeling he had now. He would just bear with it. It was not like he could change his mommy and brother, right?

He picked up his food and said, "I'm going back to my room."

"No need, no need!" Su Bei picked up the durian and held Gun Gun's hand. "Da Bao, you eat here. Gun Gun and I will go to the kitchen. Don't worry, we'll turn on the range hood."

This was the self-awareness of a person who ate durians.

Gun Gun happily followed behind Su Bei. The two of them entered the kitchen and turned on the range hood. Then, Su Bei took out a cleaver and started attacking the durian.

Seeing the large durian being peeled, Gun Gun's eyes were wide open. He loved to eat durians. Unfortunately, he had to miss out on having such delicious fruit because of Lu Heting's existence! Four years were wasted just like that.

“This piece is the biggest. Here, eat slowly!” Su Bei picked up a piece for Gun Gun and also picked up one for herself. “Come, cheers.”

Gun Gun accidentally bumped into her due to excitement, then took a big bite of the durian. He smiled contentedly. “Bei Bei, it’s super delicious!”

### **Chapter 937: Not Bad**

When Lu Heting returned home, he saw Da Bao eating alone in the dining room.

Seeing Lu Heting, Da Bao gave him a look and pointed to the kitchen with his chin.

Lu Heting was stunned for a moment before he understood what Da Bao meant. He smiled indulgently.

He rubbed Da Bao’s head before walking to the kitchen.

When he opened the door, the kitchen was no different from a nuclear bomb site. A pungent smell rushed into his nose.

Gun Gun had almost finished eating. He patted his round belly and said, “I’m full!”

“Go out and play!” Lu Heting patted his head.

Gun Gun immediately ran toward Da Bao.

Su Bei saw Lu Heting enter and quickly said, “Give me a moment. There are still a few pieces.”

Lu Heting leaned to the side and watched her eat.

When she ate, she was not like other female celebrities at all. She did not even taste her food in small mouthfuls like other socialites. Instead, she ate in big mouthfuls and her cheeks were puffed up. She looked especially good.

“Is it really that delicious?” When he saw her eating, Lu Heting was tempted.

“Yeah, why don’t you try it?” Su Bei handed him a piece and immediately took it back. “I know you won’t eat it, so I won’t force you. You can leave first.”

Before she could finish speaking, Lu Heting leaned down. Su Bei’s chin was lifted and the man’s cold lips moved closer.

She widened her eyes and saw the man frowning.

Obviously, this smell made him unhappy.

“Don’t force yourself if you can’t eat.” Su Bei gently pushed him away.

However, the man did not stop because of her words. Instead, he lowered his head and took a bite.

Although the taste was indeed hard to swallow, it was still worth a try as he could still smell traces of the woman’s scent.

This time, the frown on his face disappeared, and his expression became much happier.

Su Bei pursed his lips. “Lu Heting, are you serious? Did you really eat it?”

“Not bad.” His gaze was fixed on the girl’s perfect red lips.

Su Bei handed him a piece but he refused to take it.

She snorted. “You have ulterior motives!”

“Who asked you to be so sweet?” Lu Heting hugged her.

He had a point!

Su Bei pretended to be angry, but she really could not bring herself to get angry. She said, “Forget it, forget it. Quick, go rinse your mouth. I remember that you have mild allergies and will get rashes.”

“Have you ever heard of desensitization therapy?”

“Huh?” Su Bei asked back.

“If you can’t get used to something, you should try it a few more times. If you lose your sensitivity, you’ll be fine. I can try it.” Lu Heting lowered his head and continued what he was doing.

Su Bei supported him with both hands. “What if you get an allergic reaction?”

“Then I’ll eat it a few more times.” The man’s voice was low and gentle.

Su Bei did not know if she was going to drown in the sweetness of the durian or the sweetness of this man.

After a long while, he asked in a low voice, “I heard that someone from the production team came to disgust you?”

“It’s alright. I don’t intend to play with her anymore. Don’t do anything for now. I’m afraid some people will turn out very miserably this time.” Su Bei revealed a sly smile.

Looking at the little fox, Lu Heting already had an idea in his mind. He wouldn’t ruin her plan.

He only needed to be on standby. He would appear when his woman needed him.

### **Chapter 938: A Submissive Woman**

Tang Yue arranged for Su Huixian to be in the same production as Su Bei.

The outside world naturally paid close attention to this matter.

This also caused many professionals to shake their heads. “Is the modeling industry in a state of decline now that it’s hard to make a living? A film taking in two inexperienced models?”

“We can look past Su Bei. She previously acted as the second female lead in another film. This time, Su Huixian directly became the female lead. What’s wrong with the modeling industry?”

The people in the modeling industry also looked down on such dabblers. Some people directly rebutted, “How are these two people from the modeling industry? They haven’t been on a runway for more than half a year. There are no such people in our modeling industry!”

All of a sudden, the popularity of the film rose and became famous.

Initially, there were still people in Sheng Tang who were dissatisfied with Tang Yue's decision. Now, however, they were satisfied. In the entertainment industry, popularity often needed to be bought with money. If one could get it without spending money, then why not?

When Su Huixian saw the news, she was unhappy and immediately got Qiu Minxuan to suppress the negative comments about her.

Just as she was done giving her orders, Du Luo walked in without knocking and said, "You joined Su Bei's production team and are filming?"

"Yes, this is my best chance to change my career. This time, I must seize the opportunity."

"What's the point? Aren't you doing a good job managing things behind the scenes?" Du Luo said.

"A good job? What makes you think I'm doing okay? I don't have money and I don't have backers. Every step is difficult. If I don't develop my career properly, I won't even be able to afford a new bag." Su Huixian was constantly being held back by Du Changwei and Sun Jingping. Her days were tough.

The matter of marrying into the Du family was also being dragged on.

She was almost 30 years old now. Things were not like before when everyone thought she was younger than Su Bei. If she did not earn money, how long more would she have to wait?

Du Luo said, "You're doing this because of Su Bei, right?"

This was his personality. He liked women who were willing to submit to him. If she was too aggressive, it would hurt his ego.

He abandoned Su Bei and chose Su Huixian because of this.

This was also the reason why he disliked Su Huixian now.

Perhaps only the softest flower in the world was compatible with him.

Su Huixian was genuinely disappointed. "It was Tang Yue who specially invited me. She thinks that I'm very suitable for this role. Du Luo, I just want to work hard for a few more years to better our future. All of this isn't directed at Su Bei. I just wish to work well with her."

She sounded very sincere, but only she and God knew how sincere she was.

"That'd better be the case. No matter what you say, both of you are still sisters. I don't like seeing any of you get hurt," Durot said.

Su Huixian clenched her fists tightly when she heard that.

Even now, he was still concerned about that b\*tch Su Bei!

Du Luo hugged her and gently said, "Focus on filming, then. Don't get into a conflict with Su Bei. I will support you."

"I-I will," said Su Huixian gently.

As soon as she finished speaking, she thought of a plan.

Tomorrow, the cast would be meeting the reporters. The meeting would start at eight in the morning and continue until ten. They had two hours to answer the reporters' questions.

After Du Luo left, she immediately asked Qiu Minxuan to inform Su Bei that the time had changed. It would start at two in the afternoon and end at four instead.

### **Chapter 939: Center Of Attention**

When Su Bei came over, it was already too late.

Logically speaking, the production team had people specially assigned to do this kind of thing. As a manager, it was very difficult for Qiu Minxuan to carry this out.

However, the person in charge of informing everyone of their schedule was also Tang Yue's subordinate. He was well aware of Tang Yue's bitter grudge against Su Bei.

As soon as Qiu Minxuan went over, he turned a blind eye to her and simply let her play tricks. He neither helped nor objected.

They were all smart people, so Qiu Minxuan immediately understood his attitude.

Hence, Yue Ze and Su Bei were informed that the press conference would be taking place in the afternoon.

The production team had not officially started work yet. After meeting yesterday, everyone enjoyed a rest day. Hence, it was too easy to trick Su Bei.

When she sent Su Bei and Yue Ze the messages, it was already nighttime.

After Su Bei received the message, she checked with Yue Ze to make sure there were no mistakes.

Then, she thought of Su Huixian and called Mai Lele.

"Tomorrow? Eight o'clock? You want to have breakfast with me? Sure, sure! We have a press conference at eight o'clock. After breakfast, we'll enter the venue together."

Su Bei knew that Su Huixian would deliberately cause trouble for her from the start.

Did Su Huixian really think that Su Bei did not know anyone in the cast?

Lu Heting walked to Su Bei's side and looked at her messages. "So, what time was the press conference supposed to be?"

"Eight in the morning. The person who informed Yue Ze and me told us that it's been changed to two in the afternoon. If we were late, the outside world would not have cared about our explanation. They would only think that we were acting like big shots and were deliberately late. On the production team's side, they'd just casually fire someone."

Lu Heting handed the phone back to her. "I have an idea."

"I have one too..." Su Bei smiled.

"The idea is..." Lu Heting and Su Bei said the same thing.

Su Bei laughed. "So, you can be mischievous too, Lu Heting!"

"You're not to be outdone either, Mrs. Lu." Lu Heting kissed her. "That's good. I can let you sleep with me for a while more tomorrow morning."

Su Bei hooked her arms around his neck. "I regret coming up with this idea now."

"But I really appreciate this idea, Mrs. Lu. And I really want to have some free time with you." Lu Heting kissed her lips.

...

The next day.

The press conference for Su Bei's new film was about to begin.

As the female lead of the film, Su Huixian naturally had to appear in front of all the reporters. She had to show her face, explain the plot, and interact with the reporters.

She woke up before six in the morning to put on makeup and choose her clothes.

It was a cold day and the temperature had dropped drastically. The strong wind made people panic.

Everything indicated that this would be a chilly day for Su Bei.

Ignoring the cold, Su Huixian changed into an off-shoulder dress to make herself the center of attention.

The makeup artist meticulously dolled up every inch of her face, not daring to slack off at all.

"Are you sure?" Su Huixian asked.

"I'm sure. Everything is fine," Qiu Minxuan said with a smile and made an 'okay' gesture.

Everything was going smoothly.

The external relations department had also said that Su Bei and Yue Ze had not reached out to confirm the time with them.

Besides, it was already nighttime when they received the message. Su Bei probably didn't have the chance to confirm the time change with others.

#### **Chapter 940: Perfect Appearance**

Su Huixian stood up and smiled at her charming self. Today, she would appear before everyone in her best state, displaying her best side.

Qiu Minxuan prepared a thick down jacket for her to put on.

Su Huixian threw it aside. "No need."

A female celebrity had to have the ability and awareness of a female celebrity. If she couldn't even take the cold, what kind of female celebrity would she be?

If she wore such a thick down jacket, the reporters would not be able to take nice photos of her later.

Su Huixian could not tolerate her unpleasant side being exposed to everyone.

Seeing that she was determined, Qiu Minxuan did not force her. After all, there would be a heater in the car later. When they reached the press conference, there would be heaters in the hotel too. Hence, Su Huixian would not feel too cold.

Very quickly, the car came to pick up Su Huixian and headed straight for the hotel where the press conference was held.

This hotel was not far from the filming location, so it was located in the suburbs. The scenery was very good with green trees and flowers.

The only flaw was that the weather today was really too cold. Even when sitting in the car, one could feel the wind blowing outside. It made one tremble.

When the car reached its destination, Su Huixian alighted with her head held high!

The cold wind blew on her body, freezing her face.

However, she maintained her prideful aura as a female celebrity and walked forward without any fear.

However, in reality, she was holding her breath and hoping that they would reach the hotel soon.

Unexpectedly, when they arrived at the hotel, they realized that the hotel's doors were tightly shut. There was no one there. The doors were also locked. There wasn't even an attendant around.

"What time is it?" Su Huixian asked unhappily.

"7:50 a.m.," Qiu Minxuan quickly said, "We came ten minutes earlier."

Su Huixian planned to arrive ten minutes earlier to give herself more time to showcase herself. It was a deliberate move on Su Huixian's end.

However, Su Huixian and Qiu Minxuan did not expect that there was not a single reporter here. Apart from the two of them, there was not even a shadow.

But on the doors, there was clearly a large banner hanging there. It stated that their film's press conference was being held here.

As Su Huixian endured the cold, she grumbled, "Seriously, these reporters. Don't they know to come a few minutes earlier? Why do they have to be right on time? It's the same with the rest of the production cast. Will they only open the doors at eight? What are they doing? Don't they have any experience with these things?"

Qiu Minxuan could only agree as she looked at the time and waited for someone to arrive.

She was still alright as the clothes she wore were thicker, but Su Huixian was in dire straits. The gown was thin to begin with, but her shoulders were exposed too. In this state, she had to maintain her perfect appearance. Su Huixian could not slack off at all, and time passed exceptionally slowly.

It was finally eight o'clock, but still, no one came.

Qiu Minxuan said, "Huixian, why don't you wear my clothes first? I'll make a call and ask."

Su Huixian was so cold that she could not stand it anymore. However, when she saw Qiu Minxuan's clothes that were old-fashioned and gray, would she not lose her reputation if the reporters caught her wearing them?

"No need. Just call and ask! Hurry up! What exactly is going on here?!"

Qiu Minxuan immediately called a staff member from the film's external relations department. The person said in surprise, "That doesn't make sense. We informed them that it would start at 8 a.m. Everyone should have arrived by now!"
