

Chapter 991: Could Have Chosen Him

Su Bei was about to refuse when Lu Heting nodded slightly at her.

Su Bei said, "Then come over... to Lu Group. Call me when you're here."

Du Luo was wild with joy after getting permission. "I'll be right there!"

Su Bei hung up. "You want to see him?"

"We have to make him give up, right?" Lu Heting did not want this man who overestimated himself to keep pestering Su Bei.

This was not good for Su Bei's personal reputation.

Su Bei nodded. "It might be because of Su Huixian's matter. However, what does this have to do with me? There's a category of men who are especially petty and narrow-minded. They only pretend to be successful. They won't allow any woman to be better than them or stronger than them. They only want women to worship them wholeheartedly, even if they can't compare to them. If it doesn't work out with one woman, they'll choose another."

When Lu Heting heard Su Bei say that Du Luo was petty and narrow-minded, a trace of amusement appeared in his eyes. However, this evaluation was appropriate.

Did Du Luo really like Su Bei? That might not be the case.

He only liked the idea he had of Su Bei, not Su Bei herself.

Lu Heting hugged Su Bei. "Then if I'm the opposite of him, am I especially big-hearted?"

"Lu Heting, what are you saying?" Su Bei punched his chest with her soft fist.

Du Luo came to Lu Group excitedly.

When he stepped in, he immediately wondered why Su Bei wanted him to come here. What was her motive?

Could it be that she could not stand the temptation and had chosen the shortcut?

It must be very difficult for her to leave him, right? It must have been very difficult for her to be in the United States back then, right?

However, since she had already protected herself back then, why did she have to do this now?

Du Luo walked into Lu Group with a trace of regret and sorrow.

"Mr. Du Luo?" Lu Hang came forward. He was polite, pleasant, and very magnanimous.

"That's me, and you are?" Du Luo looked at Lu Hang in confusion.

"I'm Mr. Lu's assistant. Mr. Lu arranged for me to wait for you here," Lu Hang said.

As an assistant, he was more imposing than many other presidents outside. The Du family was already far inferior to the Lu family. Now that they had a failed investment, Du Luo felt even more ashamed in front of Lu Hang.

He said in a low voice, "Thank you."

Then, he followed Lu Hang.

After entering the elevator, Lu Hang pressed the button for the top floor.

Du Luo closed his eyes in sorrow and thought that Su Bei had indeed chosen that path. It was an easy path, one that even he could not give her. However, she was so young and beautiful. Why did she choose a big-bellied old man? She could have chosen him!

All the decorations on the top floor of Lu Group shone in Du Luo's eyes. He almost did not care about immersing himself in his emotions anymore. He was dazzled by all the extravagant yet simple decorations in Lu Group.

"We're here, Mr. Du," Lu Hang said to Du Luo as he stood at the door.

He opened the office door for Du Luo.

Du Luo immediately saw Su Bei sitting on the high-end leather sofa in front of him. Her eyes were slightly lowered as she held the magazine in her hand and casually flipped through it. Her fingers were in her thick long hair as she pushed her waterfall-like hair back. Her expression was lazy and carefree as if she was in her own home.

Chapter 992: How Long Can He Stay With You?

She was so leisurely and beautiful. There was a trace of flirtatiousness in her innocence that made Du Luo's heart sway. He suddenly stopped in his tracks and did not dare to go forward anymore, as if he was afraid of offending the beauty.

Su Bei saw him.

She raised her eyes slightly and saw the person standing in front of her with a stiff expression. Su Bei pursed her thin lips and smiled. "Mr. Du, you're here?"

She did not call him Du Luo but Mr. Du.

The meaning was very obvious.

"Mr. Du, take a seat," Su Bei said casually and pointed at the sofa opposite with her chin.

Du Luo did not move. The name 'Mr. Lu' was just an invisible pressure before Du Luo came here, but now that he was here, the pressure was tangible.

It was the kind of pressure that felt like there was something pressing on his body, making him unable to act rashly.

It also made him see the huge gap between him and Lu Group.

He clenched his fists by the side of his pants. The words he wanted to persuade Su Bei were stuck in his throat. They became, "Why did you call me here?"

He had to lay some groundwork before he could persuade her.

Perhaps there was still a chance.

He recalled the past and realized how precious Su Bei was. She had taken a liking to him when he was not very rich in the Du family. When she was with him, she never spent his money. She was not a girl who took a liking to fame, money, and money.

He was the one who pushed her away and forced her into such a situation. He thought that he had to be responsible for this.

"Oh, because I told you not to contact me before, but you called again. So, my husband wants to make things clear to you in person. Please don't call me again. I'm a married woman now. It's really inconvenient if you keep calling me, Mr. Du." Su Bei displayed a faint smile and said to Du Luo in a flat voice. Her eyes were gentle and calm as if she was saying something normal.

"You and Mr. Lu are married?" Du Luo's eyes were filled with surprise. "I thought you were just..."

He had never expected this.

The high and mighty Mr. Lu was mysterious and low-profile. He was actually willing to marry Su Bei.

No wonder Su Bei married him without fear.

Not many people could refuse the identity of Mrs. Lu.

However, could such an identity really bring her happiness?

"I don't want to hear any doubts or slander from you again. I don't think my husband wants to hear those either." Su Bei raised a smile. Her tone was kind, but there was a faint arrogance. Just like before, she was arrogant to the point of keeping others away. She was also so beautiful that one could only look at her from afar but could not hope to touch her.

Du Luo felt like his throat was being pinched. "I won't say anything about this, but are you really willing to accept this life? Apart from his identity and status, what else does he have? What can he give you? He's so old. How long can he accompany you..."

As Du Luo spoke, he suddenly saw the man in front of him and his eyes flashed. He subconsciously shut up.

The man in front of him looked quite young. He should not be more than 30 years old.

However, the aura he exuded was that of someone who had been in power for a long time.

The man was wearing an exquisite suit, which covered every inch of his perfect body.

Chapter 993: But No One Believed Me

When his gaze landed on Du Luo, Du Luo felt like he had been grabbed by something. He could not say anything.

The man strode over to Su Bei and gently held her shoulders.

Su Bei looked up at him gently. A smile appeared on the man's arrogant lips.

The two of them did not share many intimate actions, but anyone could tell that they were harmonious and had a tacit understanding.

"Hello, Mr. Du. I'm Su Bei's husband, Lu Heting." Lu Heting nodded and greeted him.

Du Luo's mind exploded.

The man who could appear in the office on the top floor of Lu Group and be addressed as Mr. Lu was so young and powerful.

Su Bei had married such a man!

He was not like the middle-aged man he thought Mr. Lu was.

All his worries for Su Bei had turned into embarrassment and shame.

Lu Heting did not look much older than him, but the aura and bearing he exuded was not something he could compare to.

Su Bei raised a faint smile. "Mr. Du, you've also seen my husband now. I hope you won't keep calling me next time and have any more misunderstandings."

Du Luo looked at Su Bei and Lu Heting in dejection. The man and woman in front of him were so compatible. They were a perfect match. They looked like a perfect match who was not from this world.

Yes, he previously thought that Su Bei was miserable and he was the only one worthy of her. Unexpectedly, this blow was even more intense than he had imagined.

Du Luo's voice was dry and uncomfortable. "You're married. I didn't even have the chance to give you my blessings. Sorry, sorry."

"You don't have to be sorry. You couldn't have come to give your blessings back then anyway." Su Bei smiled.

"When did you get married?" Du Luo asked subconsciously.

"On... the day you and I were supposed to get married." Su Bei recalled the past. Her voice was calm.

Du Luo heard this and was shocked. "You..."

Could it be that they had known each other for a long time? Or was there something else going on?

Su Bei said calmly, "I told you that Su Huixian drugged me at that time, but no one believed me. I went to the Civil Affairs Bureau to get my documents and happened to meet Mr. Lu. Mr. Lu saved me."

When Du Luo heard this, he did not ask anything else. He should have known long ago. He should have known long ago that Su Huixian was not the innocent and obedient woman he thought she was. She had so many tricks up her sleeve, so how could she have shown mercy to Su Bei?

He turned around and walked out. His body was trembling slightly. He had to control himself to walk out steadily.

The emotions that spread in his heart completely swallowed him.

He knew that he would no longer have the face and courage to look for Su Bei in the future.

When he personally kicked her away, he should have known that she wouldn't have continued to wait for him. He was ashamed of his inferiority in front of Lu Heting.

Su Bei also heaved a sigh of relief. Du Luo had finally left.

He and Su Huixian would never appear in her sight again. She would not be bothered by them anymore.

Lu Heting bent down and hugged Su Bei from behind, resting his chin on her head.

Chapter 994: Dislike Her To Such An Extent

Lu Heting's actions and voice were filled with affection. "Let's go home."

...

Gun Gun's birthday was two months later than Da Bao's.

Although he looked like he was a year younger than Da Bao.

Two months ago, on Da Bao's birthday, everything was very calm.

At that time, Da Bao had not returned to the Lu family.

Gun Gun's birthday was different. It had always been the Lu family's most important family banquet.

The entire family was mobilized to prepare for Gun Gun's birthday.

He was only turning five this year. As usual, not too many guests would be invited for his birthday. The family would just celebrate it among themselves.

Usually, the Lu and Liao families would prepare for the birthday together.

This time, there was Su Bei.

Su Bei was busy. She had already bought a lot of things and even personally cooked a lot of food. She had to give Gun Gun the happiest birthday.

Actually, there were people who could do all these things. Even Lu Heting had never personally taken action.

However, when he saw Su Bei's arrangements, Lu Heting also rolled up his sleeves and revealed his strong forearms to help.

Lu Heting had decided to hold the birthday banquet here. The three elders would also be invited here. It would not be held in the Lu family's old residence.

Da Bao and Gun Gun came forward to help with interest. Da Bao was organized and reasonable. Meanwhile, Gun Gun could only help by the side by handing things over.

“So, when I blow out the candles on my cake, Bei Bei and Big Brother Da Bao will be there too?” Gun Gun confirmed repeatedly.

“Yes, we’ll all be there,” Su Bei replied with a smile.

Gun Gun patted its round little hand. “Really?”

“Really!”

His eyes were wide and bright. “I’m so happy! This will be the best birthday I’ve ever had!”

Su Bei looked at him and smiled.

Gun Gun ran to Da Bao’s side. “I’m so happy that you’ll be celebrating my birthday with me, Brother Da Bao.”

“Yes.” Da Bao smiled slightly and glanced at him casually.

“Dad must be happier than me because Bei Bei and Big Brother Da Bao are celebrating my birthday with me,” Gun Gun said as he went to Lu Heting’s side.

Lu Heting patted his head. “That’s right.”

Gun Gun lay on the sofa and rolled around.

“Hubby, can you go to my room and help me get something?” Su Bei said to Lu Heting.

Lu Heting obediently went to get it for her.

Gun Gun rolled off the sofa and ran to Su Bei’s side. “Bei Bei, can I make a wish on my birthday?”

“Yes, of course.”

“Then can I make two? Can I make one now?” Gun Gun blinked his big eyes and asked.

Su Bei smiled. “Everyone can only make one wish, but how about this? It’ll be my birthday soon. I’ll give you my birthday wish. That way, you can make two.”

“Thank you, Bei Bei. I want to make one now.” Gun Gun clasped his hands and said loudly, “I don’t want to spend this birthday banquet with my aunt, nor do I want to go to the Liao family. Also, I don’t want to see the Liao family at all.”

Lu Heting had just stepped out of the room when he paused.

Su Bei was very surprised. She did not expect him to make such a wish. She knew from the last time that Gun Gun did not like Liao Xintong very much.

However, she never thought that he would dislike her to such an extent.

Chapter 995: It Can Be Fulfilled

Su Bei believed that Da Bao would never teach Gun Gun to say these words.

How long had Gun Gun been hiding these thoughts?

How hard was it for a child to suppress these thoughts?

“Why? Can you tell me why you feel that way?” Su Bei put down the things in her hand and asked gently.

She wanted to know if Liao Xintong was bad to him. With Su Bei’s identity, she could help him, but she could not interfere in the matters between him and the Liao family.

Gun Gun shook his head. “I just don’t like her.”

“Does Aunt Liao treat you badly? Was she ever fierce? Did she beat you?” Su Bei asked in a low voice.

“No.” Gun Gun continued to shake his head. “But I still don’t want to see her.”

Su Bei found it strange. Liao Xintong looked very gentle, at least to Gun Gun. Moreover, with her identity, she should not be too bad to Gun Gun. Instead, she seemed very accommodating to him.

What was going on?

“Bei Bei, do you think my birthday wish can be fulfilled?” Gun Gun asked as he looked at Su Bei eagerly.

Su Bei was in a dilemma. With her identity, it was really difficult for her to help Gun Gun make this decision.

“Congratulations, it can be fulfilled.” Lu Heting’s deep voice sounded above the mother’s and son’s heads.

Su Bei looked up and met the man’s deep black eyes. He said calmly, “It’s possible, Gun Gun.”

The light in Gun Gun’s eyes shone. “Really? Really?! The birthday wish that Bei Bei gave me is really good. I like it so much!”

Lu Heting rolled his eyes at the heartless kid. He was clearly the one helping him fulfill his wish.

Gun Gun had already pounced into Su Bei’s arms and was happily rolling around in her arms.

Lu Heting had originally planned to stop the Liao family from attending Gun Gun’s birthday banquet this year. Now that Su Bei was around, he wanted to gradually cut off all contact with the Liao family.

Hence, he chose to hold the birthday banquet here.

He was initially a little worried that Gun Gun would not agree. Unexpectedly, Gun Gun was the first to make such a request.

Lu Heting’s thoughts were scattered.

After realizing that Gun Gun did not like Liao Xintong, he had a hazy notion of the reason but could not completely grasp it.

He could tell that Gun Gun did not have any feelings for the Liao family. Liao Xintong could be considered to be very indulgent and accommodating to Gun Gun. She was also extremely good to Gun Gun. That was all true. This was also one of the reasons why he did not stop them from meeting each other before Su Bei returned.

However, he realized more and more that Gun Gun's rejection of the Liao family seemed to come from his nature—it was in his bones.

What was the reason?

Blood ties and long-term interactions could nurture feelings.

However, not only did Gun Gun not have any feelings for the Liao family, but he was also resistant to them.

It was especially impossible for him to suspect Su Bei. Su Bei was very careful with Gun Gun's upbringing and treated Da Bao and Gun Gun equally.

Then the only reason for this... Could it be that there was something fishy going on back then?

Lu Heting thought that it was necessary to investigate.

Su Bei let go of Gun Gun. Gun Gun then went to Da Bao's side. Gun Gun was like a leg accessory. If he did not cling to Su Bei, he would cling to Da Bao. He could not rest for even a moment.

Chapter 996: All Because Of Gun Gun

"You really agree to Gun Gun's request?" Su Bei saw that Lu Heting was deep in thought and was worried that he was thinking about how to maintain the relationship between the two families.

After all, Gun Gun's birth had not been Lu Heting's choice. Su Bei was already prepared to compromise and give in.

"It's not that I agree." Lu Heting's voice was calm. "I had already planned it from the start. It's time for Gun Gun to cut ties with the Liao family."

He looked into Su Bei's eyes and kissed her. "I'll handle it. Don't worry."

Su Bei did not say anything. It was a good thing that he could handle Gun Gun's matters. It would be beneficial to Gun Gun's growth.

...

Lu Heting took a toothbrush and brought it to his office.

Lu Weijian sat in front of him and said, "What's the matter, Brother?"

"This is Gun Gun's toothbrush," Lu Heting said. "I want you to check if he's related to the Liao family."

"This..."

"Is it a difficult task?" Lu Heting raised an eyebrow and glanced at him.

Lu Weijian hurriedly shook his head. "It's not difficult, but what are you thinking about? Are you going to check your blood ties with Gun Gun? You did it once back then, so it's definitely not a problem.

However, you did a pre-marital check-up six years ago and left your sperm cells in the hospital, but they ended up being stolen.

“Back then, samples of other men were stolen as well. What if that Liao fellow made a mistake during the surgery?”

After he finished speaking, he saw Lu Heting’s expression darken. He knew that he had said the wrong thing and quickly corrected himself. “Gun Gun is so obedient. One look and you can tell that he’s a child of the Lu family. He’s your biological son. The Liao family could have made mistakes, but it’s impossible for the Lu family!”

“Go.” Lu Heting’s voice darkened.

Five years ago, when Gun Gun was brought back, Madam Lu had arranged for a doctor to examine him. She found out that Gun Gun was indeed Lu Heting’s son, so she kept the child.

At that time, Lu Heting did not have much feeling for Gun Gun. Moreover, Su Bei had left him, but he suddenly had a child. It made him lose his reason and courage to look for Su Bei.

However, later on, he started to adore Gun Gun.

Lu Weijian was right. The child might not be related to the Liao family, but he must be from the Lu family. It was because Su Bei and Gun Gun shared a deep relationship.

Hence, Lu Heting was not questioning Gun Gun’s identity. He just wanted to know what the Liao family was hiding. The older Gun Gun became, the more disloyal he was to them.

...

It was not difficult for Lu Weijian to obtain information on Liao Xintong and the other members of the Liao family.

However, this matter was a secret. Since his eldest brother had so solemnly instructed him, he naturally had to do it properly.

He never had a good impression of the Liao family. How could a family that would steal his elder brother’s sperm in order to achieve their goal be considered good people? He did not sue them in court and ruin their reputation all because of Gun Gun!

After all, no one wanted Gun Gun to have relatives in jail.

Liao Xintong was still pushing her luck. Lu Weijian had long disliked her.

Lu Weijian also hoped that this child had nothing to do with the Liao family.

“Check carefully. Don’t let anything go wrong,” Lu Weijian reminded the doctor after handing the things over.

Three days later, Lu Weijian received a detailed report. He took a look and immediately went to Lu Heting’s office.

Chapter 997: Change In Attitude

“Brother! Brother!” Lu Weijian rushed into Lu Heting’s office.

He could not wait to show the results to Lu Heting.

After all, he had done all the tests Lu Heting had asked him to do.

He did not dare to do what he did not ask him to do.

It was time to report this.

When he rushed in, the few higher-ups looked at him in unison. "Mr. Weijian."

"Wait there." Lu Heting was talking about serious matters. They were very important, and he did not have time to spare for Lu Weijian.

Although Lu Weijian was anxious and wanted to report it immediately, he had to endure it and wait for his brother's meeting to end.

Time seemed to pass exceptionally slow. Lu Weijian had no choice but to take out his phone and play a game first.

Just as he was enjoying himself, a chestnut hit him on his head.

"Are you courting death?" Lu Weijian looked up and met Lu Heting's cold eyes. He quickly put away his phone and ignored the fact that he was confronting the big boss. "Brother, is your meeting over?"

Lu Heting sat down and raised his chin to gesture at the sky outside the window.

Only then did Lu Weijian realize that it was already late. He had indeed played the game for a long time.

"Brother, this is for you. I did the three tests you told me to. I did a test between Liao Xintong and Gun Gun, and two more tests between Liao Xintong's parents and Gun Gun. However, Liao Xintong's sister, Liao Qing, has been dead for a long time, so I couldn't find any sample. Guess what the results are?"

Lu Heting took the documents, flipped through them, and found the conclusion.

"Both parties are not related."

Heavy black words appeared in his eyes.

The tests proved that the three people were not related to Gun Gun.

In other words, Gun Gun was not related to the entire Liao family by blood.

"Could it be that Liao Qing isn't from the Liao family?" Lu Weijian asked.

Sensing the cold gaze staring at him, he hurriedly said, "The possibility of this is almost zero, but why is Gun Gun your son and not Liao Qing? Unfortunately, Liao Qing is already dead. I don't even know who to ask about this now. Speaking of which, who's Gun Gun's biological mother? Will it be a problem?"

It was hard to imagine that Gun Gun's mother was not from the Liao family.

Where did Gun Gun come from? Lu Weijian frowned and pondered.

"Go and check if the Liao family knows about this. It's fine if they don't, but if they do..." Lu Heting's tone was extremely stern when he said the last sentence.

“Yes, I’ll do it now.” Lu Weijian knew how important this matter was when he saw his brother’s expression.

Lu Heting did not reveal this for the time being.

He wanted to know more.

Hence, the elders of the Lu family, who did not know anything, agreed to let Liao Xintong attend Gun Gun’s birthday party.

“We’ll arrange for a car to pick you up,” Madam Lu said. It was not convenient for her to reveal where Lu Heting and Su Bei were staying for the time being, so she could only send a car to pick her up.

“Alright, thank you, Aunt.” Liao Xintong could not contain her excitement.

She had already prepared a gift. She would wait to give it to Gun Gun when she saw him.

Speaking of which, it had been a while since she last saw Gun Gun, so she naturally had not seen Lu Heting either.

Her heart was already surging with emotions. She wanted to see him again as soon as possible.

After what had happened to Yao Jing last time, she was afraid that Madam Lu’s attitude toward her would change.

Fortunately, it seemed that Madam Lu still thought highly of her and Yao Jing’s matter did not affect anything.

Chapter 998: A Good Thing

On the day of the birthday banquet, the three elders came to where Su Bei and Lu Heting were staying.

The three bedrooms and one living room unit was not considered small. In this place where land was expensive, it was already a house that many families dreamed of living in.

However, in the eyes of the three elders, this was too small. It was not even as big as the living room of the old residence.

They naturally felt sorry for the two children.

They began to feel sorry for Lu Heting again. Lu Heting, who had never suffered any grievances since he was young, was actually staying here with Su Bei.

Old Master Lu sat on the sofa, feeling extremely uncomfortable. He coughed lightly and said, “Su Bei...”

Lu Heting gently rolled up his sleeves and took the initiative to pour tea for Grandpa. He said, “I’ll accompany Su Bei in the kitchen for a while. Grandpa, Grandma, you two have tea first.”

Old Master Lu was shocked. Lu Heting would be helping in the kitchen?

Did he know where the kitchen was?

Madam Lu was wondering why Liao Xintong was not here yet. The car that she arranged to pick her up had gone out a long time ago.

Lu Weijian glanced in Madam Lu's direction and chuckled. Liao Xintong probably wouldn't be coming.

Lu Weijian had already arranged for Madam Lu's chauffeur to drive Liao Xintong out of the city. They were probably going farther and farther away now.

An imposter aunt wanted to attend Gun Gun's birthday banquet? If it were not for the fact that his elder brother had to investigate this matter, Lu Weijian would have told Madam Lu the truth.

Fortunately, Gun Gun and Da Bao appeared in the living room at the same time. For a moment, the three elders could not take their eyes off them. They wished they could hug the two children in their arms at the same time.

Hence, even though they were worried about Liao Xintong, they did not have the time to ask. They were still thinking about the two children in front of them.

For Gun Gun's birthday, the dishes were all personally prepared by Su Bei. She did not have any intention of currying favor with the elders. It was purely because Su Bei sincerely loved this child and treated him as her own son.

After dinner, Liao Xintong naturally did not appear. She only sent a message to apologize to Mrs. Lu.

Of course, she even called to talk to Gun Gun. However, Gun Gun did not pick up the call at all, so Madam Lu could not force him.

Liao Xintong was extremely disappointed, but she could not rush over at all. The chauffeur had taken the wrong road. They were already outside the city and had encountered a huge traffic jam. It was impossible to rush over.

With Liao Xintong's personality, she would not say in front of Madam Lu that the chauffeur had taken the wrong path. Instead, she would keep saying that it was her fault that the chauffeur had taken the wrong road and they were stuck outside the city.

Hearing her apology, Madam Lu turned around and saw Gun Gun and Da Bao surrounding Su Bei and Lu Heting while laughing. For a moment, she actually thought that it was a good thing that Liao Xintong did not come over.

She had already experienced the misery of having a broken family. It made Lu Heting bear a lot of unnecessary pain since he was young.

Were Da Bao and Gun Gun happier than she thought?

After cutting the cake, the three elders left.

Lu Heting sent them to the door and gave the chauffeur and bodyguards some orders before watching his family leave.

Lu Heting turned around. The room was filled with laughter as everyone played around.

Chapter 999: The Forgetting Couple

Su Bei took out the foam spray and sprayed it at Gun Gun. Gun Gun laughed as he rolled toward the sofa. After the elders left, the real birthday celebration began.

Lu Weijian also joined in. The entire room was filled with smiles.

“Here, this is for you. Open it and take a look!” Lu Weijian stuffed a large gift box into Gun Gun’s hands.

“Thank you, Uncle!” Gun Gun immediately opened it. “Wow, it’s a limited edition mecha chariot! It’s called Peace! I really wanted it!”

Lu Weijian was instantly satisfied when he received a soft kiss from Gun Gun. “What else do you want? I’ll buy it for you when I go overseas next time!”

It was not easy to please Da Bao, but Lu Weijian could easily please Gun Gun.

“Brother Da Bao, let’s share the toy and play with it together!” After getting his present, Gun Gun immediately ran to Da Bao and handed it to him as if it was a treasure.

Da Bao smiled lightly. “Thank you. I have something for you too.”

“Ah, that’s great. Thank you, Brother Da Bao! Brother Da Bao, you’re the best!” Gun Gun hugged Da Bao and kissed him on the cheek. Da Bao’s face was covered in saliva now.

Lu Weijian was truly jealous. He had only received a calm ‘Thank you, Uncle’. On the other hand, Gun Gun had kissed Da Bao’s face so many times.

“Da Bao, what did you give him?” Lu Weijian was also very curious about what kind of gift the cold and cheerless Da Bao would give Gun Gun.

Da Bao handed a pair of binoculars to Gun Gun and said, “Take a look yourself. Over there.”

He pointed at a corner of the sky and asked Gun Gun to look.

Gun Gun held the binoculars and looked in that direction. He said softly, “I see something shiny. What is it? Is it a star?”

“It’s a newly discovered planet. I’ll name it after you in the future. It’ll be called Gun Gun,” Da Bao said with his arms crossed.

“Really? Thank you, Brother Da Bao. I like it!” Gun Gun was overjoyed.

“Let me take a look!” Lu Weijian snatched it over and took a look. There was indeed a planet. It was not very dazzling, but it was very beautiful.

However, he leaned closer to Da Bao’s ear and said, “You’re really wasting your money. You’re using this to fool little children. Is your conscience clear? I can give you a hundred of such gifts!”

Of course, he thought that Da Bao was just making it up to make Gun Gun happy.

Da Bao glanced at him and signaled him to switch on his phone.

“You make it sound so real.” Lu Weijian turned on his phone and casually typed in some keywords.

He suddenly saw a piece of news. [Recently, astronomers have discovered a new planet through a high-quality astronomical telescope. This planet is about to be named ‘Gun Gun.’]

What? Lu Weijian’s soul seemed to fly out of his body!

Alright, he really admitted defeat to his nephew!

Right, where were his eldest brother and sister-in-law? Lu Weijian blushed in embarrassment in front of Da Bao. He was already in his 20s, but he always lost to a five-year-old. He decided to find a place to hide.

Then, he realized that Lu Heting and Su Bei had long been on the other side. This couple was indeed worthy of their reputation!

They only had eyes for each other. How could they remember that there was a pair of children and a younger brother here?

Chapter 1000: Da Bao's Mother

"Let me show you something." Lu Heting held Su Bei's shoulder and brought her to a corner of the dining room.

"Yeah, okay!" Su Bei opened her eyes and looked forward to it. She did not know what Lu Heting wanted to show her.

Her face was red, and her long eyelashes were fluttering.

Lu Heting reached out and pressed a button. The wall opened like a curtain, revealing a new world in front of Su Bei.

She cried out in surprise. In front of her was a wide hall. It was far larger than the place she was staying in now.

Lu Heting had mentioned to her before that he had cleared the entire floor. In order to expand the space, he had also made sure to clear the top and bottom floors. Then, he used other methods to reinforce them.

Now that the renovated space was displayed in front of them, it still made their eyes light up. The simple apartment building seemed to have transformed into another building entirely. It was bigger than a villa, and the decorations were impeccable as well.

Moreover, it retained the original three-bedroom apartment. The two sides could be connected but were relatively independent.

This way, it ensured comfort while also ensuring privacy.

"Wow, it's not bad. I like it so much!" Su Bei walked in and looked at the independent play area and the independent study room. "I used to think that when I had money, I would buy a bigger house for them to live in. This is my dream!"

Lu Heting's smile widened.

Of course, he knew what Su Bei liked, so this place was practically tailor-made for her. He first considered Da Bao and Gun Gun's needs, then he completely took into account Su Bei's aesthetics.

It was a given that she liked it.

“Wow, is this for me?” Gun Gun ran over and cried out in surprise as he ran around happily.

Lu Heting said seriously, “It’s for Bei Bei.”

Gun Gun was even happier. “If Bei Bei likes it, I’ll be even happier! I’m very satisfied! I like it!”

Seeing the smile on Su Bei’s face, he laughed even louder and ran to the second floor.

Da Bao sighed helplessly and followed him to protect him.

Lu Weijian stood at the side and sincerely envied Su Bei. “Brother, Sister-in-law, can you give me a room here?”

“Why are you still here?” Lu Heting said calmly, his voice filled with disdain.

“...” ‘Alright, pretend I didn’t say anything.’ Lu Weijian covered his mouth.

“Let’s go upstairs.” Lu Heting held Su Bei’s hand and went straight to the room on the second floor.

Su Bei was looking forward to it. “Then are we staying here in the future?”

“Up to you. However, we can try... the bed on the second floor tonight.” Lu Heting leaned close to her ear and said in a low and hoarse voice.

Su Bei suddenly blushed.

...

This was the first time in five years that Liao Xintong could not attend Gun Gun’s birthday banquet.

In the past, when Da Bao was not around, she would be the honored guest at Gun Gun’s birthday banquets every year. Even if there were times she might not be able to see Lu Heting, she still attended.

But this time, everything had changed.

She did not go, but she heard that Da Bao had gone. The servants also said that Da Bao’s mother was with him.

At the thought of this, Liao Xintong’s eyes turned red.

Da Bao’s mother?

What kind of woman was she? What kind of charm did she have? How sincere was Mr. Lu toward her?
