

Heavenly Saint Sovereign

Chapter 10

C10

If it wasn't for the Six Dust, with Li Qiufeng's cowardly personality, he would have already run away. After all, even though they had a large number of people, the weak Bai Yuntian was chasing after him with his life on the line.

"Six Dust, kill him!" We can't let him continue to live. You and I have already offended him, and with his character, he will definitely take revenge. Even if we go out, he will not let us go! "

Li Qiufeng took two steps back and stood behind the Six Dust. He lowered his voice and whispered into Bai Yuntian's ear, afraid that Bai Yuntian would vent his anger on him after hearing his words.

"Hehe, even if the other party is able to survive, I'm afraid they will only come looking for trouble. The Eldest Young Master of the Li family wouldn't be afraid of such a powerless person, right?"

Liu Suifeng chuckled. He sounded relaxed, but his eyes were filled with contempt. Li Qiufeng was the young master of the Li family, so speaking like this was beneath his dignity.

He didn't know why the Li family would have such a good-for-nothing heir. It seemed that the Li family's future inheritance would be a big problem.

However, all of this had nothing to do with the Six Dust. He came to the Heavenly Ruins in the name of the sect head. His goal was the mysterious inheritance that might appear inside, and of course, the treasures as well.

Bai Yuntian in front of him was the perfect target. To be able to cause him to be tempted by treasures that transcended three realms, even the indifferent Wu Chen had to admit that he was.

"You!"

Right now, he still needed to rely on the other party's strength. Of the Li family members he had brought, only a few were left, the rest had already been killed by Bai Yuntian outside. Now was not the time to turn hostile, so he could only take a deep breath and forcefully suppress his anger.

However, if this was the case, then even Wu Chen would bear grudges against him. Once he left the Heavenly Passage Ruins, he might find trouble with him.

Hehe, Li Qiufeng, you called me trash, so it looks like you're even inferior to trash. If you really are a man, then come and spar with me yourself, or else don't say that I look down on you!

Bai Yuntian looked at Li Qiufeng who was hiding behind the Six Dust. With his current strength, he was definitely able to beat Li Qiufeng. In addition to the help of Candle Dragon's Heart, the current young master of the Li family posed no threat to him.

However, Bai Yuntian was a bit worried when he saw the people he brought along. After all, he was a Dao Child in his past life, but now that he had reincarnated into this trash like body, he couldn't use many wondrous methods.

It really made him feel like he was having a difficult time making a meal out of a bag.

So, he had no choice but to use provocation to provoke Li Qiufeng out. In this way, as long as he captured Li Qiufeng as a hostage, he would presumably be able to obtain temporary safety within this hall full of treasures.

"Hmph, you don't even need me to personally deal with this piece of trash. Sooner or later, you will die. I'll dirty my hands with you!"

Although Li Qiufeng was arrogant, he was not a fool. He did not seem to care about Bai Yuntian's provocations at all. The words he said made everyone from the Six Moons glare at him.

Fighting with Bai Yuntian had dirtied the hands of the Li family's Eldest Young Master, so what were these people that were about to make a move to him?

Liu Suifeng shook his head, signalling his disciples not to worry about him. Even if Li Qiufeng's words sounded bad, there would be others who would come after him. Right now, the most important thing for him was to capture Bai Yuntian and force him to hand over the treasure that he just obtained.

"Hand over the treasure, or else I'll force you to do it. The result will be the same, and you'll have to suffer a little."

Wu Chen's expression returned to being indifferent as he shifted his gaze back to Bai Yuntian.

"Why should I? The treasures that we have obtained are for you to try if you have the ability! "

Without waiting for Bai Yuntian to speak, Wuxin, who was standing beside him, was the first to become displeased. He didn't know what treasure Bai Yuntian had obtained, but he was the one who had the most treasures among everyone present.

If Bai Yuntian agreed to hand over the treasure, then the treasure that he had unintentionally obtained would be taken away by the opponent sooner or later. This caused Bai Yuntian to be extremely unconvinced.

"Unintentional ..."

It was only when he suddenly appeared that Wu Chen was able to recognize the familiar face of the person standing next to Bai Yuntian.

Everyone's attention had been focused on Bai Yuntian just now, so much so that they had not noticed the young man beside him. Now that they could clearly see his face, they sucked in a breath of cold air and felt their teeth ache.

Why did this little ancestor also come to the Heavenly Calamity Ruins? Did those old men from the Heavenly Dao Sect get their brains kicked by a donkey?

"You little bastard is part of this trash's group? What are you? If I tell you to hand over the treasure, that would be thinking highly of you. Otherwise, not only would I have to kill you, I would also have to annihilate your entire sect! "

Of the people present, only Bai Yuntian and Li Qiufeng were not aware of their identities.

Bai Yuntian had just been reborn and retrained. There were still many memories that he couldn't fuse with. Moreover, his body was only a small fry like trash. How could he possibly know about an unintentional sect?

Whereas Li Qiufeng was completely ignorant. He was pampered all year round, and no one told him the cruelty of the cultivation world, so when he saw a youth like Thoughtless appear, his tone was naturally harsh.

"Shut up!"

This was the first time that the Six Dust had mercilessly berated Li Qiufeng. His tone was so cold that it seemed as if he would attack in the next second. He was very clear on how powerful the sect behind this unintentional attack was, and he definitely did not want to create such a strong enemy here.

This time, it was Li Qiufeng's turn to be stupefied. He had indeed never thought that the Six Paths of Heaven would scold him like this. He was momentarily stunned and stood there in a daze.

"Junior Wuxin, why have you come to the Heavenly Ruins? Don't tell me your seniors and juniors aren't worried about you?"

Wu Chen took a deep breath, trying his best to sound friendly.

"You don't have to worry about that, Shixiong Liu. Although your Unparalleled Sect has always been domineering, this Big Brother Bai shouldn't have any grudges with any of you, right?" If you only want treasures, then use our cultivation world's rules. If you win, the treasures will belong to you, but if you lose, then you will naturally let us go. As for the treasures on me, not a single one will be given to you.

Thoughtless' eyeballs rolled as he quickly collected the few treasures on his body. He still had a lot of storage space, but these people just didn't know about it.

He and Bai Yitian were the first to enter. They had only seen a few treasures along the way, so when Six Dust and the others came in, they had not gained much. This was because Wu-Shuang had already taken the treasures away.

"Good, then we'll follow what little junior Wuxin said. I'll spar with Brother Bai Yuntian!"

He hadn't expected that the six of them would actually nod in agreement. When he was outside the cave, he had already exchanged a few rough blows with Bai Yuntian. Although they seemed to be evenly matched, the six of them had not used their full power.

Now, even if Bai Yuntian's cultivation level had risen, he still had the confidence to defeat him. As long as he could keep his opponent alive, there was no reason to blame him.

Bai Yuntian turned around to look at Wu Chen. He hadn't expected this unintentional energy either. He hadn't expected that this ordinary-looking youth would be treated so seriously by a heaven's pride level expert like Wu Chen.

However, this was also good. If he were to face off against Six Paths of the Moon, he might not lose even if he used his full strength.

"Alright, then we'll continue the unfinished battle outside. It's just that this time, I won't show any mercy."

A gentle smile appeared on Bai Yuntian's face. He took two steps forward and waved his hand to make sure that Wu Chen didn't step back. However, his words caused Wu Chen to frown.

These were the words that he had wanted to say. Originally, Wu Chen had wanted to leave his opponent alive, but Bai Yuntian's words were too arrogant and didn't put him in his eyes at all.

As the proud son of heaven of the Unparalleled Sect, Wu Chen naturally felt slightly angry in his heart. Without a word, he arrived at a place less than five steps away from Bai Yuntian.

Fortunately, the space was large enough, and the others took the initiative to retreat, making room for the two of them. Even though Li Qiufeng's face was filled with hatred and his eyes were filled with unwillingness, it was evident that Six Paths had already made up his mind.

In his heart, he was cursing Bai Yuntian to not show any mercy and to be able to kill Bai Yuntian completely.

Once everything quieted down, the Essence around Bai Yuntian and Wu Chen surged out, forming a whirlpool of Essence that could be seen by the naked eye. It collided with each other, causing a slight crackling sound to ring out in the air.

Although Wu Chen's face remained expressionless, he was still a little shocked in his heart. Bai Yuntian's Yuan Qi was so dense that it was able to fight head on with him without being at a disadvantage.

One had to know that he was several levels higher than his opponent, and he had always had a lot of cultivation resources. To be able to become a Heaven's Pride character, just his hard work was not enough.

However, an insignificant person like Bai Yuntian was actually able to contend against him. Earlier, he specially asked Li Qiufeng about Bai Yuntian's background.

Now that he found out that Duan Ling Tian was only a disciple of a small sect that was exiled into the Li family, it seemed like Li Qiufeng was simply farting!

"Hehe, looks like you're very surprised, but don't worry, you'll be even more surprised!"

When he noticed the look of shock in Wu Chen's eyes, a smile appeared on Bai Yuntian's face. As a Dao Child, he had only used a few tricks from his past life.

He condensed the Essence within his body to form a force field that could contend against the opponent's aura. The force that he had just obtained from the Candle Dragon's Heart was also mixed within, which was why he was able to contend against the opponent without losing out at all.

"Receive my attack!"

Bai Yuntian shouted out. As his aura reached its peak, he took the initiative and attacked first. The origin energy around his fists was much denser than before, and there was a little bit of scarlet on the surface.

With surging heat, he struck straight towards the chest of Six Paths, causing the sound of wind breaking to ring out. The faces of the members of the Unparalleled Martial School behind the Six Paths underwent a drastic change.

How could this fellow be at the third level of the Profound Spirit Realm? Even the might of the attacks launched by Wu Chen were only mediocre.

"Come at me!"

Wu Chen's pupils contracted as he similarly let out a soft roar. The sword on his back moved without wind and issued a sword hum. Streams of green Yuan Qi gathered on the sword blade and shot out.

Boom boom boom!

A series of explosions could be heard from the point of contact. Crimson light and azure sword lights exploded, and the two figures quickly separated from the center of the explosion, retreating a few steps.

The two of them were not in a good mood after this exchange. A flush appeared on Bai Yuntian's face as he suppressed the sweetness in his throat.

Others were unable to sense it at all. At this time, it seemed as if the Six Dust had the upper hand, but in reality, only the two of them were clear about what had happened. This time, the two were on par with each other.
