

Heavenly Saint Sovereign

Chapter 2

C2

"You, just who are you!?"

Chen Zhong's face was filled with shock as he continuously retreated. Bai Yuntian, who was just trash a moment ago, was emitting an imposing aura. Unexpectedly, he felt an impulse to kneel down and worship Bai Yuntian.

"Destroy my soul, bully my body, and I'll be executed!"

Bai Yuntian's words were cold. It was as if ice blades had cut into Chenchen's body, causing his body to involuntarily tremble.

In the blink of an eye, Bai Yuntian's aura had become so oppressive that he could barely breathe. With every move of his hand, the aura of a tyrant was fully displayed. There was no difference between a tiny Awakened Berserker and an ant in the fifth level of the Awakening Realm.

Not to mention the fact that it was mixed with Bai Yuntian's killing intent, it caused Chenxin to be extremely terrified. His knees went soft, and with a plop, he kneeled down on the ground, continuously kowtowing and begging for forgiveness with tears flowing down his face.

Senior, have mercy, I'm just a pawn who follows orders. The real killer is the Li family's eldest young master, Li Qiufeng, I beg you to spare my little life.

"It has nothing to do with you? Do you really think that you can easily overturn this matter of bullying my body? " Bai Yuntian's eyes flashed with a cold light.

A raging killing intent enveloped Chen Chen. It was like a ten thousand year ice prison had trapped him, making him unable to move at all. Bai Yuntian's figure flashed and appeared right in front of him. He grabbed his opponent by the neck and lifted him up.

"Senior, please spare our lives!" Chen Zhong's face was flushed red. He was scared out of his wits and could only try his best to kick Teng Qingshan's legs in vain.

"You go first, I'll send that person called Li Qiufeng off as your companion very soon." As Bai Yuntian's voice fell, he suddenly exerted force through his palms. Accompanied by a crisp sound, the fiercely struggling Chen Zhong's body immediately began to droop weakly.

In an instant, Bai Yuntian had completely crushed his neck.

Putong.

At the same time that Chen Zhong's body fell to the ground, Bai Yuntian's aura completely dissipated. Not only that, even the weak energy in his body had been depleted.

"Damn it! This body of mine has muscles and veins that are innately congealed. It's simply impossible for me to gather a large amount of Essence Qi. If it wasn't for the aura I had just now, I'm afraid my corpse would have turned cold."

Bai Yuntian let out a sigh of regret and a bitter smile appeared on his face. He no longer had the cultivation talent that he was proud of. What was he to do now?

The more he examined the body, the more depressed Bai Yuntian became. As the reincarnation of the Dao Child, he had chosen someone who was born weak. Even his Qi Sea had almost dried up and disappeared.

Bai Yuntian sat cross-legged and tried his best to recover the Essence in his body, but his divine sense was constantly searching through his original memories. Looking at his surroundings, this was the legendary Heavenly Ruins.

Although the Heavenly Ruins were quite desolate, it was not desolate at all. Many vicious and cruel people were chased to the point where there was no path to heaven and no door to hell. They would choose this place to hide themselves.

With Bai Yuntian's current condition, he probably wouldn't even survive two days here.

"Eh? This aura, could it be that it is trying to receive the jade plate?!"

Bai Yuntian, who was constantly absorbing the surrounding heaven and earth origin energy, suddenly had a brilliant light in his eyes. He stared straight ahead and felt a very familiar aura there.

"Hahaha, the heavens truly do not stop me!"

With a long laugh, Bai Yuntian stood up and quickly headed towards the direction of the aura.

As the son of the Dao Palace, Bai Yuntian naturally had some hidden treasures in his past life. The jade plate that was received was one of them.

However, as the son of the Dao Palace, Bai Yuntian was too arrogant. Even though he knew that the jade plate was extraordinary, he had already intimidated the ten thousand worlds by then. How could he care about the power of a mere weapon?

However, for Bai Yuntian's current extremely weak body, the jade plate was a priceless treasure!

Even though he had occupied this body, the determination that belonged to Bai Yuntian's body was imprinted into his instincts. It could even be said that the remnant consciousness that belonged to Bai Yuntian hadn't completely dissipated yet.

He had to save his senior, Liu Ruyan. That was the only reason why he did not completely disperse.

Even as a Dao Child, if he wanted to completely occupy his fleshly body, he had to help him complete his will. If he did, then that will might be with him for the rest of his life!

However, for someone at the third level of the Awakening Realm, to save Liu Ruyan was simply a fantasy story. Even as a Dao Child in his previous life, Bai Yuntian was powerless to do so.

As he ran, Bai Yuntian kept changing directions. There was a vague connection between him and the jade plate, and he could vaguely sense the aura of the other party.

After running for almost five kilometers in a single breath, Bai Yuntian finally stopped at a low cliff.

A giant rock as tall as four people fell down the cliff, and on top of it, there was a palm-sized grey butterfly engraved.

"Hahaha, I've finally found you, Butterfly shaped Profound Jade!"

He didn't care about his body being tired. He jumped and returned to the ground in the blink of an eye. There was already a grey, butterfly shaped stone in his hand.

In the instant that Bai Yuntian held the unremarkable stone in his hand, countless cracks suddenly appeared on the surface of the stone and released a magnificent glow.

The butterfly shaped Profound Jade was shaking violently as it shook free of Bai Yuntian's hand. It actually transformed into a multicolored giant butterfly that continued to fly up and down, dancing in the air.

Bai Yuntian sat down without hesitation and closed his eyes. As his palms met, specks of Heaven and Earth Essence Qi began to gather around him.

At the same time, the butterfly-shaped Profound Jade that was dancing in the air had already arrived above the cross-legged Bai Yuntian. The already beautiful light became increasingly bright.

The heaven and earth origin energy within the ruins seemed to have been commanded as it rushed into the butterfly-shaped profound jade. Its speed became even faster, as if one was looking down from the sky, and with Bai Yuntian as the center, it seemed to form a whirlpool of origin energy that continuously revolved around it.

Boom!

The butterfly shaped Profound Jade that was crazily absorbing the Heaven and Earth Essence Qi suddenly rushed into the white cloud. The massive amount of Heaven and Earth Essence Qi that followed was like a river that had broken through a dam as it flooded into Bai Yuntian's withered Qi Sea.

Bai Yuntian immediately let out a painful groan. Forcefully using the Heaven and Earth Essence Qi to open up one's Qi channels. This kind of pain was not something that an ordinary person could endure.

However, as a Dao Child in his previous life, this sort of scene was not even worth mentioning. Bai Yuntian sat cross-legged, allowing the world within him to wash over his body as he wished.

As more and more Heaven and Earth Essence Qi flowed into his body, Bai Yuntian's Qi channels expanded rapidly. His Qi Sea was no longer the same as before. Even his weak body had become stronger under the nourishment of the massive amount of Essence Qi.

After a long time, it exploded. The Heaven and Earth Essence Qi slowly dissipated. Bai Yuntian opened his eyes and released two arcs of electricity.

As he opened his mouth to exhale, a dragon-like stream of white Qi gushed out of his mouth and left a trail of frost on the ground.

"Hahaha, your talent is finally back! As long as I have talent, with my status as a Dao Child, I will once again rule over all the heavens and achieve supreme supremacy! Who do you think I am! "

After being transformed by the heaven and earth origin energy, Bai Yuntian was like a sharp sword that had just emerged from the body. His sharpness had completely disappeared, and he was no longer as weak as before.

"Awakened fifth level?" "Heh heh, two consecutive levels up, not bad at all." Bai Yuntian stood up and waved his arms in satisfaction. He discovered that he had successfully reached the fifth level of the Awakening Realm and nodded his head in satisfaction.

"Hehe, Junior Bai, it seems that you've obtained a good treasure. Shouldn't you share it with me?"

A sinister voice suddenly sounded out from behind Bai Yuntian. He turned around and saw a man in black armor slowly approaching while holding a long saber in his hand.

"So it's senior brother Sun." The moment he saw the other party's face, Bai Yuntian had already figured out the other party's identity based on the memories left in his body.

Almost all of the Heavenly Path Sect's disciples had been sent to the ruins by the Li family. Before this, everyone had dispersed, and the person in front of them was one of the disciples of the Heavenly Path Sect.

Sun Chengfeng was known as the air cutter blade.

All this time in the sect, Sun Chengfeng had always looked down on Bai Yuntian, who had a poor talent, but he clearly saw the phenomenon caused by the jade plate just now. If even a piece of trash like Bai Yuntian could cause such a phenomenon, then if he used it, wouldn't he immediately become an expert?

"Hand over that treasure just now. For the sake of fellow disciples, I won't kill you." Sun Chengfeng stared at Bai Yuntian with the long blade in his hand. Although his words sounded good, from the fierce look in his eyes, it was obvious that he did not intend to let Bai Yuntian go.

"Okay, since Senior Martial Brother Sun has spoken, Junior Martial Brother naturally does not dare to disobey." Bai Yuntian looked at him and the corner of his mouth raised into a sneer.

"Good, good, this is my good junior brother, you ..."

Hearing this, the overjoyed Sun Chengfeng suddenly froze on the spot. Bai Yuntian had actually clenched the jade in front of him and countless cracks immediately appeared on the surface. With a 'kacha' sound, the jade broke into pieces.

"You, you actually dared to mess with me. You with the surname Bai, go and die!"

Sun Chengfeng angrily roared, then the long blade in his hand suddenly gathered a large amount of origin energy, forming a blade light. This was his most powerful move, and also his most famous ultimate move, the air cutter!

As the saber light on his blade gathered, Bai Yuntian discovered that several figures had appeared in the surroundings. The disciples of the Heavenly Path Sect had all gathered here. After all, the commotion from earlier when they used the jade plate to transform their bodies was too huge.

"Junior Bai, why must you offend Senior Brother Sun?" "With your talent, even if you get the treasures, it will be useless. Why don't you hand it over?"

Although Sun Chengfeng had gathered his blade light, he did not attack immediately. He could tell that since Bai Yuntian was able to easily destroy the item in his hand, it meant that it was not a real treasure.

The eyes of the other Heavenly Path Sect disciples that had gathered here were also flashing with greed. From what they knew, Bai Yuntian was a piece of trash. Now that he had met with such a treasure, it had been a great advantage for them.

"Hmph, you bunch of trash that bully the weak and fear the strong, why didn't I see you two resist when I met the Li family? Now that all of them have appeared, I am too embarrassed to be in the same sect as you! "

Bai Yuntian looked coldly at his so-called fellow disciples with eyes full of contempt.

"If you refuse a toast, you will be punished. Senior Martial Brother Sun, get rid of him!"

The disciples of the Heavenly Path Sect immediately shouted out in anger. They didn't even wait for Sun Chengfeng to make a move, and took the initiative to charge towards Bai Yuntian.

"Let me kill him!"

Sun Chengfeng let out a roar and waved the long blade in his hand. A flash of blade light accompanied by the sound of thunder was shot at Bai Yuntian.
