

Heavenly Saint Sovereign

Chapter 7

"You are very confident, but you do have the ability to be confident."

Wu Chen's gaze swept past Bai Yuntian and he nodded slightly. Even though Bai Yuntian seemed to be very arrogant, his eyes were clear.

"Hur hur."

When Bai Yuntian realized that he had been seen through, he laughed dryly. Even though he was a Dao Child in his past life and could fight those stronger than him, his cultivation base was still much lower than theirs.

He had wanted to take advantage of his opponent's carelessness to launch another sneak attack, but he hadn't been fooled at all.

"You ... Are you the trash of the Heavenly Path Sect? How is that possible?! "

Just as Bai Yuntian was thinking of a countermeasure, Li Qiufeng, who could clearly see his face behind him, suddenly let out a cry of disbelief.

"Exactly, it's me, Li Qiufeng. You surely didn't expect that we would have the chance to meet again, right?"

Bai Yuntian turned around and looked at Li Qiufeng's amazing expression with a ridiculing expression. In his heart, he felt as if he had just eaten a supreme dan bead.

This was a completely automatic reaction within his body. Even if Bai Yuntian used his Essence, he wouldn't be able to suppress it. It could be seen how much the original owner of this body hated Li Qiufeng.

"Impossible!" This was absolutely impossible! "You're just a piece of trash from the Heavenly Path Sect! How could you possibly fight against the Six Dust?!"

Li Qiufeng let out a roar. Even if he was beaten to death, he would still not believe that a good-for-nothing actually possessed the ability to contend against a heaven's pride expert like Six Dust.

As the young master of the Li family who possessed countless resources, he wasn't a match for Wu Chen. How could the Heavenly Path Sect, a trash he had humiliated before, suddenly possess such ability?

"Nothing is impossible. Li Qiufeng, where did you bring my senior sister, Liu Ruyan?"

Bai Yuntian didn't care about Li Qiufeng's hysteria. To the current Bai Yunxiao, Li Qiufeng was no different from a dog to him.

A hint of interest appeared in the eyes of Wu Chen, who was standing behind Bai Yuntian. He quietly waved his hand to organize the subordinates that he wanted to surround and attack, so that they could be at ease and watch the show.

"Hehe, that's right. Your senior sister! That beauty! Hahaha, you trash! You can't even protect your own woman! Right now, she's mine! Tsk! Tsk! Her skin is so smooth and tender ..."

Hearing Liu Ruyan's name, Li Qiufeng finally calmed down. His eyes revealed a lustful look, causing Bai Yuntian's face to sink.

"Enough! You deserve to die! "

It was as if the anger was about to burst out from every pore of his body. Bai Yuntian was like an unsheathed peerless sharp sword, his entire body exuding a strong killing intent.

"Retreat!"

Even though it was Bai Yunxiao, he was unable to maintain a calm expression in the face of Bai Yuntian's killing intent. He looked at the two of them in astonishment and motioned for everyone to back away.

"You ... What do you want? I'm warning you, Bai Yuntian. I'm the young lord of the Li family. If you dare touch me, you'll die without a burial ground after you leave! Furthermore, I will make that woman Liu Ruyan suffer a fate worse than death! "

Even though his cultivation level was higher than Bai Yuntian's, Li Qiufeng was still a flower in a greenhouse. Facing the frightening killing intent coming from Bai Yuntian, Li Qiufeng's legs couldn't help but go weak.

Furthermore, Bai Yuntian was an existence that was able to contend against Six Desire Devil Lord. Although he said that he wouldn't accept the Six Desire Devil Lord, he knew exactly how powerful he was.

"You are the true trash ..."

Bai Yuntian sneered in disdain as he looked at Li Qiufeng's fierce appearance and the fear within his heart.

"Impudent!" To dare to treat our Young Master like this, you are simply courting death! " Although most of the people present were subordinates brought by Wu Chen, there were still Li Family servants. When they saw that their young master had been humiliated, they all flew into a rage and charged towards Bai Yuntian to besiege him.

"You're courting death!"

Bai Yitian gritted his teeth and spoke coldly. His figure had already turned into a blur, shuttling swiftly between the Li family servants.

When he returned to his original position, the few Li family servants were as still as statues.

"Not bad, very strong."

A hint of approval flashed through the eyes of Six Dust. As his voice fell, several of the Li family's servants collapsed to the ground, dead.

In the blink of an eye, their throats had been cut open by Bai Yuntian, and they were gone.

"Tell me where Liu Ruyan from my world is, or else all of you from the Li family will go down the same stage as these people. As long as I don't find my senior, I will not give up until I die!"

"You!"

Li Qiufeng looked at Bai Yuntian with madness in his eyes. He originally wanted to say that the other party was boasting shamelessly, but after seeing the outcome of his own servants, he couldn't help but forcefully swallow the curse.

"My friend, even if he is at fault, I have already assured him of his safety before coming here. You are looking down on me too much."

Bai Yuntian slowly walked over. Although he similarly looked down on Li Qiufeng, as the young master of the Lee family of the Frigid Dust World, he couldn't explain to the higher ups of the sect that he was killed by Bai Yuntian just like that.

"Those who dare to obstruct me will be killed without mercy!"

At this moment, Bai Yuntian was in a wonderful state. The strong obsession in his body constantly disturbed him.

Normally speaking, he would have chosen to escape first. After all, they had the numbers advantage. Furthermore, it would be unwise for a Chosen like Six Dust to fight him head on.

But right now, he only wanted to ask Li Qiufeng about the fate of his Senior Sister Liu Ruyan before taking revenge on her. He didn't have any thoughts of retreating.

Wu Chen frowned. He could see that there was something wrong with Bai Yuntian's current condition.

"Six Dust, kill this trash! I, Li Qiufeng, owe you a favor! Our Li Family will give you a great return! "

When Li Qiufeng saw Wu Chen take the initiative to step forward, his face lit up. He couldn't help but regain his arrogance and shout out.

"Shut up!"

"Shut up!"

The two people in the middle shouted out at the same time, and their gazes swept across Li Qiufeng. Six Dust couldn't help but want to kill this idiot right now.

Bai Yuntian wanted to get rid of Li Qiufeng, but of course, the prerequisite was to find out where Liu Ruyan was.

Under their murderous gazes, Li Qiufeng immediately lowered his head like a partridge and didn't dare to make another sound.

Boom boom boom!

As the light in their eyes intensified and they were about to make a move, the entire Extinction Domain began to shake violently.

The violent tremors caused everyone to be unable to stand steadily. The ground under their feet began to churn like boiling water.

"Not good, something is about to come out! Dodge!"

Luo Xiao, who had not made a sound all this while, suddenly reminded Bai Yuntian urgently. In fact, without him reminding them, everyone could see that a gigantic fissure had appeared beneath their feet. It was as though something was about to break out.

The Essence around his body surged. Bai Yuntian lightly tapped his feet a few times and his body rose in height. He left the place. As for the others, they followed closely behind. Very soon, everyone had left.

The Li family servants' corpses that Bai Yuntian had killed were swallowed up by the rolling cracks, disappearing completely.

The tremors continued for an incense stick of time before finally calming down. The place where they had been standing was now completely different from the world before.

A huge hole suddenly appeared in the ground where Bai Yuntian and Six Purity had been standing. The stone pillars around were like sharp blades that emitted a cold light.

The cold air from the cave entrance could still be clearly felt even from far away, causing everyone to feel a chill in their heart.

Bai Yuntian, I sensed some origin energy fluctuations from the cave. There must be some treasure in there, and I can also feel that if we want to completely escape from the ruins, then there is a high chance that we will find a way to enter this cave!

Luo Xiao urged Bai Yuntian to rush into the cave. Since the cave entrance had appeared, the other powers in the Heavenly Ruins would soon discover it. When that happened, it would definitely be a fierce struggle between the tigers and dragons.

"But I haven't found out where Liu Ruyan is ..."

Bai Yuntian looked unwillingly at Li Qiufeng, who was staring at the entrance of the cave with a stunned expression. A hint of hesitation flashed in his eyes.

Believe me, when we leave the Heavenly Passage Ruins, there will be plenty of chances to find your senior sister. Even if we find out where she is, with your strength, you still won't be able to contend against the Li Family.

Faced with Luo Xiao's incessant urging, Bai Yuntian nodded heavily and made up his mind. He raised his head to look at Li Qiufeng and exerted force under his feet. His entire body shot towards the entrance of the cave like a sharp sword, disappearing into the darkness in the blink of an eye.

Li Qiufeng couldn't help but shiver when he saw Bai Yuntian's ice-cold gaze on him as he left.

"Everyone follow me in, as for whether or not we can survive and obtain the treasures, it all depends on fate. Li Qiufeng, the grudge between you and that bandit just now, my Unparalleled Sect will not participate. I have already saved your life, so consider it as fulfilling your promise to your father."

Six Dust arrived in front of the dazed Li Qiufeng. His voice didn't have any fluctuations, but anyone could hear the strong ridicule in his voice.

Without waiting for Li Qiufeng to reply, Six Dust had already led the entire Wushuang Sect out of the cave, and very quickly, all that was left was the commander like Li Qiufeng.

The servants that he had brought with him had been killed by Bai Yuntian in an instant. In the ruins that was filled with dangers, if he wanted to live, he could only do so while hugging Wu Chen.

"Today's humiliation, I ... I will definitely report it in the future! "

Li Qiufeng clenched his teeth, revealing a venomous look in his eyes. He stomped his feet and quickly rushed into the cave to chase after the Six Dust.

After their figures had completely disappeared, many figures rushed over from afar. However, when they saw the cave entrance, they did not immediately enter.

In less than a cup of tea's time, at least ten figures of all sizes had appeared around the cave entrance. All of them were standing still as they faced each other. No one wanted to be the first one to take the lead.

"Everyone, with the appearance of the treasure, naturally everyone would want it. What are you waiting for? Could it be that someone wants to beat us to it? "

The figure closest to the cave mouth revealed a cold smile. Looking at the surrounding people, he placed the giant blade in his hand back on his back.

"Big Saber Xu Chen, you can enter if you want, but are we supposed to stop you? "Stop using words to insult other people to be your scapegoat. This Heavenly Ruins is filled with dangers, the naive ones have already been cheated to death by you."

The person in front of him was small and thin, just like a child. However, his face had the appearance of an old man. With a frown, he revealed his yellow teeth and let out an unpleasant laughter like an owl.

"Bullshit!" "Night Crows, if you dare slander me again, I'll let you have a taste of that greatsword on your back!"

Xu Chen had originally wanted to follow the old rules and find a few scapegoats to help him find his way, but the single sentence from the night crow caused his plans to come to nothing. He glared angrily at the crow.

"Xu Chen, shut up. Since everyone is here, let's go in together."

A soft sigh came from afar. Xu Chen, who had wanted to continue cursing, chose to shut his mouth when he heard this. A respectful expression appeared on his face.
