## Chapter 8

C8

The figure that approached the voice looked ordinary, and there was even a hint of childishness on his face. It was obvious that he was not very old.

Other than the black martial arts suit, there was nothing else around him. The only difference was that his elegant pair of eyes seemed to be emitting a divine light, which made people tremble in fear.

"So it turns out that the young master of the Heavenly Law School, Lord Wuxin, has arrived. In that case, I, Old Xu, have nothing else to say."

Xu Chen nodded and removed his hand from the huge blade at his back. Although he was very arrogant, he still did not dare to show the slightest arrogance when facing this powerful youth.

The other figures obviously recognized him as well. One by one, they greeted him, and he didn't put on any airs. After replying to them one by one, he actually walked straight into the cave.

The surrounding figures looked at each other for a moment before rushing out.

"..."

Inside the cave, Bai Yuntian stood in a large space.

"What a generous gesture ..."

Looking at the origin energy bead that was the size of a human head, even Bai Yuntian couldn't help but sigh.

This bead made entirely out of elemental energy was only able to be used to light up the sky in this space.

If it wasn't for the fact that he couldn't use the Origin Energy Pearl again, Bai Yuntian would have had the urge to knock it down and take it away.

If it was his previous life as a Dao Child, he would naturally not have taken a fancy to this sort of thing. But now, he was only at the initial stage of the Xuan Spirit Realm, so the Origin Energy Pearl was no different from a top treasure.

It was a pity, but all he could do was look. He hated this to the point that even the back of his teeth started to itch.

"I can feel the surging Essence Qi in front of me. There must be something good in there!"

Luo Xiao constantly urged Bai Yuntian to move faster. Although they had seen quite a few things along the way, it was obvious that they did not pay any attention to them.

"Stop shouting, it's fine as long as you can help me change into a storage ring, otherwise you won't be able to take anything."

Bai Yuntian reluctantly looked away from the Origin Energy Pearl above his head and snorted. As a Dao Child, he didn't even have a storage ring on a rotten street. This made him feel really aggrieved.

When Luo Xiao heard his words, she felt even more depressed. A storage ring was not something that she could look for anywhere. It was not like she was in the upper realms.

Although he was complaining, Bai Yuntian's speed was not slow. This abode that suddenly appeared was far beyond their imagination. Even when he was a Dao Child in his past life, he still hadn't been able to create such a space.

After walking for some more time, Bai Yuntian suddenly stopped. A magnificent hall appeared in front of him.

"The good stuff is inside!"

Luo Xiao's voice was filled with excitement. Even without him saying anything, Bai Yuntian could tell that the dense weather Essence was about to form a substance. Clearly, there was something extraordinary stored inside.

"Haha, good stuff, here I come!"

Bai Yuntian's face was filled with excitement. He used all his strength to frantically rush towards the main hall.

Bang!

"Aiyo, my head!"

However, just as he was halfway there, Bai Yuntian seemed to hit an invisible wall and flew back with a loud crash. The huge force made him unable to control his body and he fell to the ground.

"S-there's a restriction. Sssssss, it hurts like hell!"

Bai Yuntian, who had sucked in a breath of cold air, touched his bulging head, and felt like crying but had no tears. He should have guessed that this palace was not that simple.

He didn't encounter any obstructions on his way in. Even his cautious personality had unknowingly relaxed. So he was actually waiting for him here.

"The restrictions outside the palace are very strong, and they can only be broken slowly. Using violence will only cause a huge backlash."

Luo Xiao's voice resounded from Bai Yuntian's body. No matter how he listened, he felt that it was a schadenfreude.

"You ... Why don't you tell me earlier! "

Bai Yuntian grumbled in annoyance. With his current cultivation level, he wouldn't have been able to sense it if he didn't trigger the restriction, which was why he suffered such a huge loss.

Fortunately, this restriction would not take the initiative to harm others, or else the blow from before might have taken his life.

"Give me some time, I will break the restriction, I feel that someone is approaching, you better be able to stop them. The things in the palace are very important to both you and me, although I have yet to confirm what is inside."

After Luo Xiao said that, a faint blurry shadow floated out from Bai Yuntian's body and adhered to the restriction in the sky.

"Someone is coming? Could it be Li Qiufeng and the others from before? "

With a frown, Bai Yuntian turned around. He sat on the floor with his back facing the palace and began to adjust the Essence in his body. He could only rely on his own strength for the rest of his life.

As a Dao Child in his previous life, Bai Yuntian had participated in many battles to plunder treasures and resources. In the end, all he had participated in was an undisguised struggle for power.

In simple terms, it meant that whoever had the strongest fist would have the final say.

A figure quickly appeared at the end of their line of sight. It was extremely fast and in the blink of an eye, it had already approached this place. It was obvious that the magnificent palace behind them would not attract anyone's attention even if they didn't want to.

However, what Bai Yuntian didn't expect was that the person that had come wasn't Li Qiufeng and his group, but was a youth that he had never seen before.

The youth looked at the White Cloud Heaven Queen who was sitting cross-legged. He was stunned and looked towards the palace with a fire burning in his eyes.

"I'm Wuxin, how may I address you big brother?"

The young man who came was the young master of the Tian Dao Sect, unintentional. Although Bai Yuntian appeared to be only at the initial stage of the Xuan Spirit Realm, someone who was able to arrive here before him was naturally not as simple as he looked.

"Oh, my name is Bai Yuntian."

Bai Yuntian didn't mind being careless when faced with this unintentional caution. At this moment, he had already adjusted to his peak condition. Even with Six Paths, it would be impossible for him to be easily defeated.

Moreover, Wuxin's cultivation level was not as high as the Six Paths of Heaven, so naturally, he would not be a match for Wuchen.

"That... "Palace..."

Thoughtless pointed at the palace behind Bai Yuntian like a young man next door, embarrassed.

"Oh, I can't enter. If you have the confidence, you can try."

Bai Yuntian stretched out his bare hands, indicating that he was powerless. Even Luo Xiao needed to break through the restriction to enter. He did not believe that this youth called Thoughtless would be able to enter.

"Can't you get in?"

Thoughtless looked at the palace thoughtfully, then back at Bai Yuntian. He slowly moved forward and stretched out his hands to feel the surroundings.

Indeed, when he arrived at the place where Bai Yuntian had collided with the wall, he immediately felt as though there was an invisible wall blocking him.

"This person didn't lie to me. There is indeed a restrictive spell here."

Thoughtless nodded his head lightly. No wonder Bai Yuntian was sitting here. It seemed like it was impossible to enter this gorgeous palace.

However, since he couldn't enter, what was Bai Yuntian doing here? Shouldn't they be looking for other treasures?

Thoughtless quietly sized up Bai Yuntian. His curiosity had been completely aroused, and he imitated Bai Yuntian as he sat down on the other side of the table.

"Why aren't you looking for other treasures?"

Seeing Wu Xin's expression, Bai Yuntian felt a trace of helplessness. To be able to venture into the Heavenly Ruins at such an age, there was no one that was easy to deal with.

"Hehe, why don't you go take a look around? I was a bit tired, so I imitated Big Bro's rest. "

Hearing Bai Yuntian's question, Wu Xin smiled craftily, as if certain that he wouldn't make a move to chase him away.

"Sly brat, alright, I admit that I have a way to get in, but we need to discuss first, there are some things inside that might be very important to me, if there is anything inside, you need to let me choose first, if not, let's not talk anymore, once we break up, no one can enter."

Bai Yuntian had no choice but to compromise when faced with this clever and unintentional guy. The reason for this was because he could feel that this young man was not a bad person due to the righteous aura he emitted.

Otherwise, he would definitely not choose to work with them. In this Heavenly Ruins, there was actually someone like Thoughtless. He was simply a natural ally.

"Hehe, alright. Big brother, no problem, since I'm only here to try my luck, it doesn't matter if I can't find any treasures. Big brother, I'm from the Heavenly Dao Sect, which sect are you from?"

Thoughtless smiled and nodded. He had never thought much of treasures before. As the Young Master of the Heavenly Dao Sect, what kind of treasures had he never seen before?

"Heaven's Path Sect?" I've never heard of it. I don't have a sect, but I'm just a lone ghost. "

Bai Yuntian casually waved his hand. However, what he said caused Wu Xin to be speechless. How could there be someone who didn't know of their Heavenly Dao Sect?

How could he know that Bai Yuntian was just a reincarnated cultivator? How could he be familiar with the Tian Dao Sect? Compared to Dao Children, a sect like the Tian Dao Sect was nothing.

"Bullsh \* t ..." He was unconvinced and silently cursed Bai Yuntian in his heart.

"It's been undone!"

Bai Yuntian, who was sitting cross-legged, suddenly let out a surprised cry. He turned his head and saw the air behind him constantly twisting.

There was a light pop in his ears, and the palace seemed to be brighter than before.

"Quick, quickly go in. Breaking the restriction can only last for an incense stick of time. Once that time passes, the restriction will be restored and it will be even more difficult to break. This restriction is even stronger than I imagined!"

Luo Xiao, who had returned to his body as a faint shadow, sounded exhausted. He was just a fragmented soul. It took too much energy for him to break through such a restriction.

Even so, it allowed Bai Yuntian to have a new understanding of Luo Xiao. Luo Xiao was only left with a remnant soul, yet he could break through the powerful restrictions so quickly. How strong would he be if he had a complete physical victory?

However, there wasn't enough time for him to let his imagination run wild. He waved at the youth whose eyes were shining. The two of them immediately charged into the restriction through the gap with smiles on their faces.

"Hahaha, here's the good stuff!"

It was only after the two of them laughed heartily that they rushed to the entrance of the palace. From the gap in the restriction they had created, a few figures entered in a line. It was the pedestrian led by Wu Chen.

Behind them, Xu Chen and the rest who had heard the news also had sinister smiles on their faces as they looked at the two people standing at the entrance of the palace.

"Hehe, I didn't expect to get it so effortlessly. It's not in vain that we listened to Young Master Li's idea and waited for him. I didn't expect that we would actually reap such rewards."

Li Qiufeng, who was standing beside Bai Yuntian, had a complacent look on his face. He looked at Bai Yuntian in a provocative manner.

Wu Chen stood at the front with an expressionless face. When he saw Wu Xin standing beside Bai Yuntian, his expression stiffened and quickly returned to normal.

"Hurry, let's go in."

Bai Yuntian's brows furrowed as he saw the people following them. Breaking through the restriction consumed too much of Luo Xiao's strength, to the point where he didn't notice that there were still many people around him. In the end, they managed to succeed.

Even with Bai Yuntian's methods, he didn't have any confidence in dealing with so many people at once. Right now, he could only avoid them.
