

Heavenly Saint Sovereign

Chapter 9

C9

"Big brother, why should we run? I'm very powerful! "

Wu Chen looked at Bai Yuntian, puzzled. However, he slapped the back of his head and pulled both of them into the palace.

"Are you waiting for a beating if you don't run? "Don't you see how many people there are in the opponent's group? A wise man does not fight when the odds are against him. With such a big place, we have plenty of opportunities to deal with them."

Bai Yuntian saw the unconvinced look on Wu Xin's face and earnestly tried to persuade him.

It was rare for him to see someone he liked after reincarnating. It was such a pity that he would end up dying in the hands of those people.

From his perspective, the path of cultivation was a path where the strong preyed on the weak. Others wouldn't care about your identity for the sake of treasures. As a Dao Child, he had once been hunted down and pursued.

"I'm very powerful ..."

Bai Yuntian completely ignored his unintentional mutterings. He turned his head and quickly inspected the interior of the palace before his face finally revealed a look of joy.

This palace was truly not simple. The interior was also opened up, and it was much larger than the exterior. This gave the two of them a lot of leeway.

Moreover, after the time it takes for an incense stick to burn, the restrictions outside the palace will be restored. It is entirely up to him to decide when to leave.

Other than Luo Xiao, he did not believe that anyone would be able to open another restriction. If not, they would not have hidden themselves for such a long period of time just to enter this place.

"The thing we're looking for isn't here, after bypassing this main hall."

Luo Xiao's voice was still weak, but it was filled with excitement. After entering the hall, the familiar feeling became clearer.

"Follow me."

After saying that, Bai Yuntian quickly headed in the direction that Luo Xiao had indicated. As for the other things in the main hall, he didn't even look at them.

However, the things he looked down upon did not mean that others did not. Although they had already left the main hall, they could still clearly hear the shouts coming from behind.

It was obvious that the group of people had caught up to them.

The things in this palace exceeded Bai Yuntian's imagination. As they passed through the interconnected spaces, they could only hear unintentional shouts and cries of teenagers along the way.

"Heavens! Violet Jade of the South Sea! Oh, diamonds! There's actually someone with such a huge head!"

"Top-quality pearl!"

Thoughtless acted like a nouveau riche who had never seen the world, putting everything he had on his body, and this brat actually had a storage ring on him.

It was just that there were simply too many things in this hall. His storage ring was pitifully small, and it only contained a few things before it was already filled to the brim.

He was so worried that he wanted nothing more than to create a few more storage rings. Under such circumstances, he could only choose as many precious items as possible.

On the other hand, Bai Yuntian's expression was very calm. These things were useless for raising his cultivation level. As a Dao Child, he couldn't be bothered with these pieces of scrap metal.

Once his cultivation level was high enough, he would be able to condense dao flames to temper his weapons, so how could he possibly use these crude items?

"Big brother, you don't want anything?"

His entire body was hung with treasures, so when he saw that there was nothing in the sky, he couldn't help but be impressed. This was the first time he had seen such a calm fellow face to face with so many treasures.

Even if his father, the Sect Leader of the Tian Dao Sect, were to see so many things, he would probably be unable to remain reserved. Bai Yuntian's image had suddenly become mysterious in his heart.

"I'll say it first. As long as you can take away these things, I won't stop you. But later, there will be things that I need. You are not allowed to take them!"

Bai Yuntian shook his head. He took a spirit stone chain from beside him and hung it on his already bloated neck before patting his shoulder.

"Sure, no problem!" Just let me take a look later! "

Thoughtless was a youngster after all. He already had so many things on him, so he didn't need to worry about Bai Yuntian. He could only look around, wanting to find more good things.

"We're here, we're here, just ahead, let's go quickly!"

Luo Xiao's voice resounded once again. After walking for so long, they had finally reached their destination. Even Bai Yuntian was feeling excited.

He wanted to see what kind of treasure could make Luo Xiao constantly nag about!

The interior of the hall was different from the hall they had just passed. In front of them were two large, thick doors. The fiery red carvings were vivid and lifelike, as if they were still radiating heat.

"Be careful, I can feel a huge amount of Essence behind the door."

Luo Xiao reminded Bai Yuntian as he placed both his hands on the door. By then, Wu Xin had already taken two steps back. He curiously stuck out his head from behind the pillar and looked around.

"Open for me!"

The door was a hundred times heavier than Bai Yuntian had imagined. He pushed hard and the door actually didn't budge at all. Instead, it was the shaking that made him feel some pain.

Bai Yuntian shook his head dejectedly as he saw that he had no intention of laughing. The Essence in his body surged as he used all the strength in his body to push open the door.

The door that was originally motionless suddenly rumbled and cracked open. A huge amount of spiritual power surged out from within and enveloped Bai Yuntian within.

"What a strong aura of Spiritual Energy!"

The shrouded Bai Yuntian felt extremely comfortable. It was as if he had eaten a large piece of cold watermelon in the middle of a summer's day. Even the spiritual energy he had just consumed was completely replenished.

"I... The strength that I just used up has actually been completely recovered! It's unbelievable! "

Luo Xiao, who was in his body, cried out in alarm. He, who had consumed a lot of energy, was only enveloped by it, but he had instantly recovered.

With a rumbling sound, the two heavy doors finally opened with both of Bai Yuntian's hands, revealing the entire room.

The scene in front of him caused Bai Yuntian to be stunned.

Along the way from the main entrance of the hall, there were many treasures stored in the room. However, there was nothing in the room in front of him at all.

Other than the surging spiritual energy, there was nothing else in front of him.

"Brother, what's good inside? Eh? Why is there nothing? "

The person who popped his head out from behind wanted to take a look, but his eyes were as wide as Bai Yuntian's.

The room that was specially installed with two heavy doors didn't even have a single strand of hair. Wasn't this just playing with people!

"No, Bai Yuntian, feel it carefully. There is indeed something in this space, but we can't see it with our naked eyes!"

Bai Yuntian immediately closed her eyes and felt the change in the spiritual energy in the room.

Indeed, it was as Luo Xiao had said. The surging Spiritual Energy was completely emitted from the corner of the room. There was something there that the naked eye could not see.

"There it is!"

By relying on his senses, Bai Yuntian walked straight to the corner of the room. When he placed his hands on the seemingly empty air, blood-red rays of light suddenly burst out.

Boom!

Bai Yuntian's ears seemed to explode with a clap of thunder. The blood-red flames that surrounded him forced the stupefied Wu Xin back from the door.

"This... This is the heart of a Candle Dragon! "

Luo Xiao let out a scream. At the same time that Bai Yuntian was surrounded by the blood-red flames, her aura also soared.

He, who had already reached the initial stage of the Mysterious Spirit Realm, had risen by three levels in the blink of an eye, reaching the third stage of the Mysterious Spirit Realm.

Although he was worried about the instability of his realm as a Dao Child in his previous life, an excessive increase in his power would have an impact. Therefore, he would rather waste a portion of his power than continue to cross realms.

After all of the auras had calmed down, the blood-red flames around Bai Yuntian also disappeared. Within his dantian, there was a small crystal heart that was gently moving up and down.

"Is this the Candle Dragon's Heart you were talking about?"

Sensing the new item within his body, Bai Yuntian asked Luo Xiao. From the way the other party was able to call out the name of the item, it was obvious that he recognized it.

"This thing... "It was originally mine ..."

Luo Xiao's figure appeared in the air around Bai Yuntian. Although she was still nearly transparent, she was much clearer than before. Clearly, he had also gained a lot just now.

However, the current Luo Xiao had a bitter expression on her face, as though she had just eaten a handful of Coppertite.

"Yours? What do you mean? Are you saying that the Heart of the Candle Dragon in my body is yours? "

Bai Yuntian curiously sized up Luo Xiao. He suspected that this fellow had come up with an excuse when he saw that she wanted to keep the treasure for herself.

"It really is mine. When I received this item, I also recovered a portion of my memories. This item originally had my memories attached to it!"

Seeing the doubtful look in Bai Yuntian's eyes, Luo Xiao immediately became anxious and shouted out, "Besides, my main body is the Torch Dragon's Eye! It has the same origin as this thing! If it's not mine, who else can it be? "

"Fine, fine, fine. Don't be impatient. It's yours. It's all yours. Isn't that fine?" Bai Yuntian innocently spread out his hands and pointed to himself. "Why don't you think of a way for me to return this to you?"

Luo Xiao said helplessly with a sad face, "According to my recovered memories, once a person has a master like the Candle Dragon's Heart, it's impossible to change it unless the former owner is destroyed. Therefore..."

"Ahahaha, then that's really embarrassing, hahahahaha ..." Bai Yuntian laughed heartily and wanted to pat Luo Xiao's shoulder, but he was only a remnant soul.

Since he already had everything in his pocket, it didn't fit Bai Yuntian's personality to spit it out.

"Ai, forget about it. My original body is nothing but the eyes of a Candle Dragon. Even if I were to obtain the Candle Dragon's Heart, it would be very unlikely for me to return to its original form."

As though she had thought of something, Luo Xiao's voice fell silent. Instead, it made Bai Yuntian feel somewhat embarrassed.

Before he could say anything, there were suddenly sounds of fighting coming from outside the room, mixed with cries of pain. Bai Yunxiao finally remembered that he was still outside. With such a big commotion just now, it was impossible for him to not attract other people's attention.

Clearly, those people had already rushed over.

After walking out of the room, Bai Yuntian's heart was filled with anger. In the blink of an eye, he was already wounded. His chest was covered with blood as he faced the people in front of him.

In front of him, the expressionless Wu Chen saw Bai Yuntian and his expression immediately changed.

"Spirit of the third level? It's a third level mystical spirit. He's crossed three realms in a row. He really has some tricks up his sleeves. "

Wu Chen let out a sigh of admiration, but he still lightly waved his hand, ordering the rest of the people following him to block off all exit.

To be able to surpass three realms in such a short period of time, if he were to say that he hadn't encountered any treasure, he definitely wouldn't believe it.

One of the reasons for coming here was to find the inheritance that might appear. If they could get rid of some heaven's pride level experts, then their trip here would not have been in vain.

Only Li Qiufeng, who stood at the back, felt a lingering fear in his heart. This piece of trash from the Heavenly Path Sect called Bai Yuntian was simply too monstrous. How long had it been since he had consecutively crossed several realms?
