I tired to move he held my boobs and pressed then earning a moan from me kissed my temple and said slow like saying to a child " Have chicken and then i will have this breast piece get that , now eat soon or else i will take you against this table ". I smiled at his words it held a promise just a promise that would make me sore tomorrow morning .

I ate chicken leg piece making loud noises while grinding against his already tight pants , he took the piece from my hand and ate it himself. I turned to him facing him from side , I took some rice and fed him using my mouth he ate and licked my fingers grinning widely I smiled and fed him while he fed me with leg pieces. Delicious food he makes and delicious he I smiled at my thoughts . HE finished eating and wiped my mouth a er I took my last bite of food that could help me with some energy for night .

' Do you want desert ?' he asked . I don't know why he is not that excited he looks calm and organized while am craving to have this errant husband in me now . I got up from his lap and made him stand pushed him on dining table he just stood there looking at me with expectation for what to eat his flesh I laughed at his face ' I want to taste my flesh and I think it is considered as some sort of desert also , stand there don't move I will place these plates in sink and come to taste and give my review on your meat and your cooked meat ". I swi ly turned to walk to sink a er hearing him take deep breathes while holding his fists to sides . control he is trying to control I will make him lose it soon.

I walked slowly to sink shaming my hips and walked back to him slowly , I pushed him on the dining table on his front . I got on the table on him and straddled him while removing my panties . He sat up holding the hem of my T- shirt i let him peel it o me he removed his shirt and i helped him removed his tight pants and jumped on his boner still held by his boxers. " let me do this nandini " he said in a slow turned on voice i smiled and slide down him making sure every naked part of me touch each muscle and seam of hid body .

he sat up and pulled me up while coming on top of me ' Any suggestions ?' he asked it was only to tease me i know i pulled his lips for a hot kiss and held his lower lip in my teeth while saying" Tomorrow i must not be able to walk properly and whenever i walk i must remember that you were there " . He gave me a shy smile that made him look so young " I will make sure of it ' he said and those words echoed all over my body . His promises make me wet and he crawled between my legs took a condom from his pant pockets in a super fast speed he gave me his condom i tore it quickly and with shaky hands put it on his part a er removing his boxers.

In a swi move he was inside me and it welt heavenly all my a er bitch thoughts hide in the back of my mind as i held his arms and felt him inside me , i wanted him to move he din't he stayed like that inside me fully breathing unevenly .

He looked at me like capturing my face in his memory and moved slowly in a slow rhythm inside me and slowly i caught up with his rhythm we moaned and he continued his merciless slow torture i was reaching my limit he stopped moving he sat up with me in his lap this was it was more deep and close and intimate .
