

## PART - 27

---

THIS ONE IS DEDICATED TO ONE OF MY FAV READER , THANKS FOR KEEPING ME GOING I LOVE YOU LOADS.

i was worried scared to death but followed my loving friendly driver into the big hospital , I hate hospitals they give me headaches and the smell of medicine is so strong in air. I ran with my driver till the ICU i was expecting to see manik inside it even if it was one of my worse nightmare but there he was sitting uncomfortably on the seat with his face in his hands . I felt a little relief but went hugged his face to my stomach he snaked his arms around my waist and dipped his face in my stomach seeking what peace of mind? home ? comfort?. I stood in silence like that while he sat hugging my stomach tighter by each passing painful second . Slowly he pulled me in his lap and dipped his head between my shoulders and let out a sob.

i didn't know what to do ? this man has never cried even when he was sad and upset . He was my rock and the strongest person i ever knew . I gulped down my tears i mustn't cry not now not now he was crying and as his wife i need to be strong when he gets weak . I patted his head and kissed his hair twice and thrice for a more while to calm him yet he was silent so silent and calm that it scared me .

At times the silence of our loved ones scares us more than any harsh words . I waited patiently for him to tell me about who is inside the ICU i was worried and wanted to know who was inside but i held him as he broke down . He wiped his nose with back of his hand i gave him my shoulder 'sorry ' he said in a low murmur , i held his face in my small hands and said against his forehead ' manik don't be sorry you have a right to be sad and let yourself cry at times but please tell me who is inside the ICU ? my mom ? dad ? your parents?' . He looked away towards the door of the ICU holding me to his chest and whispered in my ears in a painful voice " My mom she met with an accident and it fractured her skull bone i don't know if she will survive this or not . i know i fight a lot with mom but nandini nan.. you know i love her a lot more than anyone will know'. I wanted him to speak and let all that pain out of his body am sure he wanted all that things running in his mind out.

' Tell me how she met with an accident ? manik mani here am here please speak to me ' no he didn't speak to me nor did he blink his eyes or moved a bit . He looked at me like am not there , he was in pain and it made him numb he was facing his worse fear of losing his mother and i didn't know what to do . I sat looked at him he didn't blink an eye but looked at the door waiting for doctor to come and tell his mom survived this i think that's what he is hoping for , i was scared i sat like that in his lap for more than half an hour but he didn't move an inch looked at me through me . It scarred me i got up form his lap he didn't protest just kept looking at the god dam door. I felt bad,sad and more worse i was powerless nothing worked for him he was so immobile .

I felt tears rolling down my cheeks before i could stop them i took an oath when i married him that i would share his happiness and sadness yet he was here sitting still without sharing his grief to me i wanted him to speak or move or cry but his eyes were red like fire he still looked at the door with hopeful, hopeless and sad eyes. I couldn't give him any hope so i walked till the end of the corridor and bought some hot co ee i drank a little to check if it's too hot and kept the cup near mouth he gave me a weak smile and yet it was a smile i had seen for a er hours of being in this hospital . He took the cup from my hand and drank it in one go . I raised my eyebrows at him it was a hot co ee you had to sip it slowly to calm your nerves down yet he drank it like water . He shrugged and took his phone to call some o icial to know how this accident and who caused this accident .

"Some asshole he is who drinks in broad day lights and drives like that , please catch him as soon as possible . oh i filed the case i don't know how she is yet ya will keep you informed " i heard to the one side conversation where manik sounded so hopeless in the end . The doctor came from inside manik stood so did i , this doctor was sporting large stomach and kind smile . I smiled at him and he said " Any relatives of the patient here please ?" manik introduced himself and doctor said "She is fine out of danger for now but only when she gains her conscious we can give you clear picture about her brain conditions . She sprained her right ankle and le hand wrist , her head got twelve stitches and she is fine ".

12 STITCHES that all i panicked about , i had bad memories of watching my brother have stitches i held manik's hand and squeezed it slowly , he looked at his hands and than me . He went to pay the bill while i played in my phone waiting for him.

"YOU ARE GOING HOME " he said with his eyes on fire and nose flared.

" NO ,AM NOT GOING HOME ".

" STOP BEING STUBBORN ".

" YA THAT'S WHAT AM TELLING YOU ".

" GO HOME YOU HAVE EXAM TOM "

" GO HOME YOU HAVE OFFICE TOM "

" AM THE BOSS, I WILL GO AS I WISH"

" AM THE STUDENT I WILL GO AS I PLEASE "

" THAT ONE WAS LAME NANDINI , NOW SHUT UP AND GO HOME ".

" I DON'T WANT TO GO WITHOUT YOU "

" I KNOW THIS ONE TIME PLEASE "

"CAN'T I STAY?"

" NO I SAID ARE YOU DEAF?"

"NO YOU ARE FOOLISH EVEN AFTER BEING A GOOD BUSINESSMAN AND PROFESSOR , YOU BOUGHT A BIG HOUSE"

" NOW STOP BEING RIDICULOUS, WHAT'S THE PROBLEM WITH OUR HOUSE?"

" OUR HOUSE IS SO BIG AND WITHOUT YOU I FEEL GHOSTS WILL COME AFTER ME "

" SERIOUSLY !!! I DON'T THINK GHOST EXISTS SO SHUT UP AND GO NOW "

" GHOSTS EXISTS AND THEY ARE AWAY FROM ME ONLY WHEN YOU ARE HOME AND THEY LOVE YOU I THINK , WHAT IF SOME GHOSTS POSSES OVER ME TO HAVE YOU OR WHAT IF GHOSTS WILL EAT ME AND I WILL DIE ALONE IN THAT DARK LONELY HOUSE WHEN YOU ARE NOT AROUND ".

"NANDINI , GO NOW I WILL TELL GHOSTS NOT TO COME OR I WILL KEEP TALKING TO YOU ON PHONE ".

" PLEASE DON'T SEND ME AWAY FROM YOU" i said vulnerably .

"NO I NEED TO YOU CAN'T IN HOSPITAL TONIGHT ".

" BUT WHAT IF ZOMBIES , WHITE GHOSTS, VAMPIRES AND WEREWOLVES ATTACK ME AND I DON'T KNOW WHAT I SHOULD DO TO PROTECT MYSELF FROM THEM . BATTLE AGAINST THEM AND ME I WILL LOSE AM ALONE YOU SEE IN THE DARK HOUSE LIKE I SAID".

" thats it " he murmured to himself and made me sit in the passenger seat by force and fastened my seat belt " i love you even when you are all dramatic but you have periods it's your first day remember go home , have a chocolate and call me i will drive the supernatural beings away from my wife , goodnight baby ".

Then he was gone and i was driven home to sleep without him and fight the ghosts .
