KAISE YEH YAARIYAAH SEASON 3 IS OVER IT WAS SO GOOD. I THINK ALL THE GOOD THINGS END SOON. DID YOU LIKE IT? DID YOU CRY AND SMILE TOO? TELL ME?

Nandini Pov:-

I woke up early next morning and hated it because all these girls were still asleep and I had no work to do so I completed my MBA project and made the final dra . I searched for my phone in the mountain of clothes and other mess I found it switched it on to find I had 504 messages and 849 calls from Manik this man this impatient man is texting me with patience.

I ignored those messaged Navya about the completion of the final dra .She replied soon and she said she wanted to recheck the dra before we submitted to so I had to go to college really soon, I le my phone searched for some clothes that covered less skin yet made me look presentable in Mukthi's wardrobe.

Mukthi's style was di erent from mine but I wanted to wear some tight and good outfit for today so I took a bath wore the dress and le her home with my laptop bag and phone not a er writing a note to her that I borrowed her clothes and le .

I went to college before half an hour of our first lecture and gave her the dra I wanted to go home and face Manik now but I hope he didn't start to college oh my dear professor at times what I feel for him makes me so weak I hate it but I like being in love with him .

I le the college and took a cab to home to find that he was not there. Navya texted me she is going home as Manik sir was not taking classes he was absent. He must be at home or college, isn't he??

where the hell is he ?.

I threw my laptop bag in hall and dresses in an Indian attire to meet my mother-in-law who was probably in the hospital trying to make her son feel whatever he did to me was correct. The problem with Manik is he forgets am a simple girl with dreams I married him because I wanted him for myself and not for anyone including Sneha.

I married him despite being in college and despite the fights with his and my parents. But at times when he wants me to do something, I must do it oh I must not be dependent on him I will show him how independent I can be.

I le to hospital driving my car a er 10 mins I reached and parked my car.I rushed to the receptionist and she informed me that Ms.Neonika Malhotra was in room 107 a er taking co ee I went to 107 only to find that Manik was not there.

I smiled at Neonika she sat leaning to a pillow for support, she didn't smile or nod I think she was in pain or usually she hated me for marrying him he would get her some good housewife who would say how high if she says to jump from the terrace.

I never hated my mother-in-law even though she made my Manik a crazy guy, she made him believe that marriage was just another burden at a point in time and I hated her for that. It was a hard journey for me to make him believe in love, marriage and us for me, long but memorable said my conscious.

I asked her slowly giving her the cup of hot co ee I bought for my Manik, she took it and smiled weakly. I sat for another ten minutes waiting for her to finish her dam co ee to speak to me she wasn't going to speak to me till I spoke so I fake smiled and asked her " Are you ok?".

She didn't answer me but she took her phone and typed her answer gave the phone to me " I can't speak Nandini but am fine alive as you can see. Where were you from two days Manik was worried as hell for you, he didn't sleep properly you could leave a note if you wanted to go out with friends dear".

wow just wow this was the first time she ever spoke that sweetly to me if she is sweet I will be sweet too I thought and said " Actually I was doing this MBA project at friends home and then the other night I went out with my girl gang. I ignored and didn't li his calls because he forgets to respect me and that hurts too bad ".

I told her how he called me a dependent woman and how he spoke about bearing with me all the time.

She smiled and didn't take the phone to type she spoke in a slow weak whisper " Men have a di erent way of showing love Nandini, everyman has his own way of showing love and Manik you know if he loves people he worries a lot about them and he acts possessive and stupid for them. I think this is his way of showing you how insecure he is, at times when you feel people are ignoring you it makes you feel unwanted and you speak in anger and hurt ".

So this is his problem he was worried sick for two women in his life. oh, baby, I want t hold him and tell him he will never lose me. I need to remind him that he will never lose him.

"I think I get what is the central need of his worry is about. I know we didn't have a cooking together and kitty party starts to our relationship but I still hope you are okay. I want to let you know that you are coming to our home a er you get discharged I don't want you to live alone ".

I was shocked by my own words though she didn't treat me rightly in the early days of marriage I wanted to take care of her she was Manik's family and mine too. I accepted that now forgetting her curses for spoiling my first cooking.

Matter of fact, who the hell adds sugar powder in paratha mix. oh, I was a horrible mix thank go di learned to cook but Manik cooks better than me so I can stay alive.

She dropped her hands in her lap and said " No ..No Nandini there is no need for that you both work and I don't like being a burden for anyone I will assign a nurse and a cook for myself " she said in a hurry.

oh no I had no problem taking care of her why is she thinking that she is a burden she gave birth to the man of my life.

" No ..NO you are not a burden to me, I love to take care of family you are my family too. Don't argue your re coming as soon as you can be discharged ".

" No Nandini I can't accept this o er you study and he teaches, maintains business I will just be like another forced burden on you ". I rolled my eyes she was overthinking I studied and he maintained business but we had plenty of time we can manage.

A er convincing and feeding her for another two hours I took my car and went home. Manik wasn't at home or college or hospital? That means he is at his o ice locked in a small space with stacks of papers distracting enough to forget his annoyed wife.

I went home and changed in a tight dress walked to the garage and took i10 and le to his o ice. A er ignoring the receptionist and Convincing his PA that I was important to him she still didn't let me in. Bitch, he is my man who is she to stop me I thought yet I sat there taking a dam appointment.

I went to his cabin he stood with wide eyes I think he didn't expect me I named myself as Penelope in the appointment. I smiled at him and sat without his permission placing my le leg on right.

" HOW MUCH DID YOU ENJOY THOSE SCREAMING ORGASM WITH THAT GUY ? " he snapped.
