

## Tales of Herding Gods Chapter 1251-1255

### Chapter 1251 – Heart Demon Lan Yutian

The two of them continued forward, and not long later, they saw traces of the divine weapon Celestial Venerable Yu's huge head smashing into the ground.

This mark was like a planet smashing into the ground, causing lava to fill the entire place. Black smoke billowed in the sky as countless lava fell from the sky like meteors.

On the other hand, the ground was full of cracks, and the cracks weren't inferior to those in the canyon of the Primordial Realm. There was lava flowing in the canyon.

Countless mountains in the Land of the Great Void were also broken. The mountains were broken, and the mountains were pitch black. There were also broken mountains that turned into volcanoes that spewed out fire.

There were no thick space fragments floating around Bai Yujing, blocking the lava and acid rain.

This place was like hell, but there were many heart devils, even more than other places.

Qin Mu observed for a moment, and the divine weapon Celestial Venerable Yu's head should have bounced back up after hitting it. Celestial Venerable Hao must have known that his condition was extremely bad, and he didn't dare to stay here. He mustered the last of his magic power and controlled the divine weapon Celestial Venerable Yu's head to escape.

He frowned slightly and whispered, "White Heaven Master, can you feel it?"

Bai Yujing was puzzled. "Sensing what?"

"Chaotic consciousness that destroys the void."

Qin Mu had a grim expression as he said in a low voice, "When Celestial Venerable Hao crashed down, a crumbling void followed him."

Bai Yujing was astonished and looked around.

Her consciousness attainments were far inferior to Qin Mu's, so she wasn't as sensitive as Qin Mu. She could barely sense those godless consciousnesses and the void fragments.

Qin Mu raised his head to look at the sky and couldn't help being stunned.

He actually saw the entrance to the Great Void!

The entrance to the Great Void was actually hanging in the sky, so close to the Land of the Great Void!

“The reason why the Land of the Great Void is safe is because it’s extremely far from the entrance to the Great Void. Even Celestial Venerables would need to spend a few days to reach it. It would take more than a year for the army of the celestial heavens to reach the Land of the Great Void! And it would take over a year to reach the Great Void from the celestial heavens. Now that we are so close, the Land of the Great Void will probably be lost.”

Qin Mu’s heart sank. ‘The distance is too close. I have to find Celestial Venerable Hao and get rid of him as soon as possible. Otherwise, if the reinforcements from the celestial heavens arrive, I won’t have a chance!’

He frowned and examined his surroundings. He saw more chaotic consciousnesses flooding in. This place seemed to have a great attraction to those chaotic consciousnesses.

‘With so many consciousnesses piled up here, this place will soon become another crumbling void.’

Bai Yujing continued to bring him deeper. Suddenly, a giant fell from the sky and landed on the ground, dead!

It was a master of creation, not a walking corpse. It should be a master of creation from the Paramita Void. He had also come to find Celestial Venerable Hao, but he had unfortunately died.

Qin Mu raised his head and his heart skipped a beat. The person who had killed this master of creation was a strange person.

That was the heart devil emperor.

However, it was the Grand Emperor’s imagination.

This Mental Demon Grand Emperor had three heads and six arms, and he was incomparably ugly. He had a green face, sharp teeth, and a ferocious expression. He had eyes all over his body.

Even though the Grand Emperor wasn’t particularly handsome, he was still an emperor that ruled over the primordial era. He had developed an extraordinary bearing, and this Mental Demon Grand Emperor was only left with viciousness.

The main reason why Qin Mu could recognize him was because the two words ‘Grand Emperor’ were written on his face!

It was obvious that the dead master of creation had never been to the supreme consciousness realm to see the real Grand Emperor, so he had imagined the Grand Emperor’s appearance. The Grand Emperor was the devil in his heart. If he entered, the devil would turn into reality and kill him.

“Founding Emperor and Lang Wo also sent experts!”

Qin Mu let out a sigh of relief. He was worried that he and Bai Yujing weren’t Celestial Venerable Hao’s match. However, since Founding Emperor and Lang Wo had sent strong practitioners, they might really be able to bury Celestial Venerable Hao here!

'Celestial Venerable Mu, this place is becoming more dangerous. I have to suppress my heart devil!'

Bai Yujing quickly said, "Have you learned Brahma Buddha's Neither Thought nor No Thought? By executing that technique, the strange consciousness here can't turn your heart devil into reality!"

Qin Mu shook his head and said, "I've never learned it before. I don't need to learn it because my Dao heart is incomparably stable and doesn't have any heart devils. Ever since I was young, I've been told that I'm the Overlord Body, that I'm unrivaled in the world, and this belief has always supported me. Other than that, I've experienced too many ups and downs, and my Dao heart is clear and bright. It's impossible for there to still be a heart devil that terrifies me."

Bai Yujing executed Neither Thought nor No Thought and said, "I have a heart devil. My heart devil is Son of Heaven Yin, and he is the biggest devil in my heart. My Dao heart must block out the heart devil, or else this strange place will give birth to an incomparably terrifying Son of Heaven Yin."

Qin Mu walked side by side with her and looked at the surroundings. He saw countless broken mountain peaks shrouded in black gas. Fire meteors fell like rain, and the mountains spewed lava.

In the darkness, there were numerous heart devils and walking corpses lying in ambush.

The army of the celestial heavens had already come here, and the divine arts in front of them were fluctuating continuously. The strong practitioners of the celestial heavens must have met a strong opponent!

They rushed forward, and Qin Mu felt that the consciousness here was accumulating more. His consciousness was mixed with devil qi and devil nature, and the threat to their Dao hearts was becoming stronger.

It was especially so for Bai Yujing. She felt that even if she wanted to stabilize her Dao heart, she couldn't prevent her consciousness from infiltrating.

That was because she could clearly feel waves of terrifying devil nature invading, causing her frame of mind to become more unstable!

As they got closer to the battlefield, Bai Yujing found it harder to hold on. She looked at Qin Mu and saw that he was still calm. She couldn't help praising him in her heart, 'Celestial Venerable Mu is indeed...'

Just as she thought until here, she suddenly saw astonishment on Qin Mu's face as he stared straight ahead.

Bai Yujing hurriedly looked forward and saw Qin Mu's heart devil walking out from the void.

It was a little fatty who looked exactly like Lan Yutian who was hiding in the lantern!

Bai Yujing was stunned. "Didn't Celestial Venerable Mu say that he was the Overlord Body and had incomparable confidence? How could the devil in his heart be his younger brother, Lan Yutian?"

The Mental Demon Lan Yutian walked towards Qin Mu, and the moment he raised his foot, his Spirit Embryo Divine Treasure spread open with a buzz. The galaxy, celestial river, four poles, Yuandu, Youdu, and Ruins of End appeared one after another in his Spirit Embryo!

Following that, the ancestral court appeared majestically with majestic mountains and rivers!

Bai Yujing saw the corners of Qin Mu's eyes twitching. It was obvious that Lan Yutian was the devil in the heart of this Celestial Venerable Mu who claimed that his Dao heart was eternal!

"The technique of the two of them... No, it's the path of cultivation. It's really similar!"

Bai Yujing instantly understood why Lan Yutian had become Qin Mu's heart devil. Their paths of cultivation were very similar, but one was following the path, while the other was going against it!

'Even though Celestial Venerable Mu has always been arrogant, deep in his heart, he always felt that he couldn't be compared to Lan Yutian. Thus, Lan Yutian became the devil in his heart!'

Bai Yujing was about to kill Lan Yutian to prevent Qin Mu from dying when she stopped and sighed.

Her thoughts were broken, and she saw the devil in her heart forming.

### **Chapter 1252 – What Is There To Do?**

Bai Yujing's Dao heart was indeed inferior to Qin Mu's. She had even more heart devils.

When she saw Son of Heaven Mental Demon Yin taking shape, her second heart devil was also taking shape. It was Heavenly Teacher Zi Xi.

Heavenly Teacher Zi Xi of the Founding Emperor Celestial Heavens was the person she loved and admired, but both of them were enemies. They couldn't get what they loved, and they couldn't stay together forever. Thus, they became heart devils.

The Inner Demon Zi Xi was even more handsome and elegant than Yan Yunxi, who was dressed as a man.

However, after the elegant Inner Demon Zi Xi appeared, her third Inner Demon was also born.

Her third heart devil was actually Qin Mu!

The heart devil Qin Mu had a ferocious face and a fierce-looking face, but he could barely make out Qin Mu's appearance.

Her three inner demons had finally appeared!

"Celestial Venerable Mu, are you a match for your heart devil?" Bai Yujing had no time to look at Qin Mu as she asked loudly.

On the other side, Qin Mu smiled and said, "It's just a heart devil, not the real Celestial Venerable Yu. I have to face my own heart devil and defeat it, only then can the devil in my heart be completely eliminated."

"Celestial Venerable Yu?" Bai Yujing was shocked when she heard that. The chubby boy she had picked up was Celestial Venerable Yu?

The instant she lost her focus, Son of Heaven Mental Demon, Son of Heaven Mental Demon, Qin Mu, and Son of Heaven Mental Demon attacked almost at the same time. Son of Heaven Mental Demon's body shook, and countless primordial divine insects flew out, covering the sky and earth as they rushed towards Bai Yujing.

Bai Yujing had lived close to two hundred lifetimes, and most of her life had been sucked dry by the mouthparts of these primordial divine insects.

On the other hand, the heart devil Zi Xi was much more carefree. She suddenly split into two, two into four, and four into eight. Among the eight Heavenly Teacher Zi Xi, some were proficient in zithers, some were proficient in chess formations, some were proficient in calligraphy, and some were proficient in painting.

Some were proficient in sword path, martial path, knife path, and algebra!

Heavenly Teacher Xi used her own methods to attack the eight positions at the same time. The moment she moved, three more Heavenly Teacher Zi Xi appeared behind them, and there were a total of thirty-two of them!

Yan Yunxi was an ambitious woman.

During the Founding Emperor Era, Yan Yunxi's talents filled the heavens, and she walked among the heavens and myriad worlds as a man. Her goal was the same as the Celestial Venerables. She wanted to cultivate the complete celestial heavens.

However, she walked the path of Postcelestial and not the path of the ten Celestial Venerables.

Furthermore, even though she had cultivated a lot, she had only mastered eight Postcelestial Dao, so she couldn't achieve all thirty-two palaces.

More importantly, when she cultivated to the Numinous Sky Realm, she realized that it was incomparably difficult to take another step forward. She was unable to take this step and could only be trapped in the Numinous Sky Realm, unable to advance for twenty thousand years.

Even so, she was one of the strongest existences in Founding Emperor Era.

When Mental Demon Zi Xi attacked Bai Yujing, Qin Mu also attacked her.

Qin Mu had left an impression on Bai Yujing when he had killed Yu Wufei and Nine Yin Supremacies. She was originally afraid of Qin Mu, afraid that he would awaken the vermilion bird soul in her body.

The devil in Bai Yujing's heart, Qin Mu, even surpassed the real Qin Mu in terms of magic power!

She was surrounded!

'I'm a heavenly teacher of the Emperor's Throne Realm, and all of my abilities were obtained from two hundred lifetimes of fighting. I fought with my life on the line with Son of Heaven Yin, and I didn't rely on the protection of my ancestors or South Deity's soul!'

Bai Yujing's emperor's aura burst forth. She had been reincarnated for nearly two hundred lifetimes and had experienced countless trials and tribulations. Her methods weren't purely learned from Celestial Venerable Yue.

In reality, the sects she had acknowledged were countless!

Be it Buddhism, Daoism, or other Celestial Venerables, Heavenly Teacher, or Heavenly King, she had all gone to pay her respects to her master!

Behind Bai Yujing's head, celestial palaces appeared one after another, causing her aura to reach its peak in an instant. When this woman flipped out, she looked extremely majestic!

"Among the four great heavenly teachers, I'm not the strongest in terms of wisdom, but in terms of battle power, the other three heavenly teachers aren't my match!"

In just an instant, she folded the space and formed spatial mirror images. In the mirror images, Bai Yujing had different celestial palaces. At the same time, she attacked Son of Heaven Mental Demon, Mo Zixi, and Qin Mu!

On the other side, Qin Mu looked at the devil in his heart, Lan Yutian, who was walking over.

Celestial Venerable Yu wasn't the devil in his heart, but the fatty Lan Yutian was.

"There was originally no Overlord Body in this world, but there was the strongest person."

Qin Mu relaxed and looked at the devil in his heart. He said in a low voice, "Village Chief used the Overlord Body to encourage me, to make me confident, to make me never give up, to make me think I have the best spirit body. Hehe, but all the rumors about the Overlord Body in this world actually came from me. I was the one who transmigrated back to the ancient times, back to Dragon Han, High Emperor, and left behind the legends about the Overlord Body and about me."

On the other side, the devil in his heart, Lan Yutian, opened up his divine treasure realm with a buzz. It was the same as him, but the cultivation method was completely opposite.

The Mental Demon Lan Yutian was like another four-faced god without any blind spots. His power was almost the same as Qin Mu!

"Actually, there's no Overlord Body at all."

Qin Mu's divine treasure realm burst forth, and his gaze was bright. He revealed a strong confidence. "If there is, it can only be me! From the Dragon Han Era until now, there has been no one like me!"

Boom—

The two divine treasure domains collided, and the collision between the domains was like two universes colliding and destroying each other!

Qin Mu laughed loudly. In his divine treasure realm, the Grand Primordium Ancient Mining, the Grand Primordium Ancient Mining, the Grand Primordium Ancient Mining, and the Grand Primordium Ancient Mining shone brightly. The four great mines were enshrouded by the Great Dao, and divine light rose. The power of the four Great Daos gathered towards him!

'This Great Void Demon Territory is merely an incomplete Great Dao of Consciousness that can reveal the devils in the hearts of others!'

Qin Mu's muscles bulged, and he forcefully crushed the ancestral court of the Mental Demon Lan Yutian. He said solemnly, "However, I can't perfectly present the devil in my heart! Because my Great Dao has already surpassed the range of the Great Dao of Consciousness, and it's even higher!"

The Inner Demon Lan Yutian mobilized all his power, and the Great Dao rumbled like ten thousand Dao resonating together. However, in the next moment, a primordial sword light flew over and sliced him into two!

Qin Mu shook his hand, and the broken sword returned to its original state. He returned the sword back into its sheath and said bleakly, "The one I killed wasn't the Inner Demon Lan Yutian. It was just another me, not the complete me..."

The broken sword was inserted into the sheath with a clink, and the sound of its passage was endless.

The Mental Demon Lan Yutian was actually just another him.

No one could imitate him, not even the Great Void Demon Territory.

Ever since Qin Mu had returned to Dragon Han and returned to a million years ago, all of the legends of the overlord body in history were about him.

There was no Overlord Body in this world. If there was, it could only be him.

His only Overlord Body was also a mortal body, an ordinary mortal.

He had no soul, and even his corporeal body was a mortal that borrowed his brother.

However, he was unique!

He had a calm expression and a smile on his face. After the Mental Demon Lan Yutian died, another Mental Demon Lan Yutian was born in this wonderful place.

Qin Mu's Dao heart was exquisite, and a melodious tune of the Great Dao came from his Dao heart.

He no longer had any devil in his heart.

### **Chapter 1253 – Enemies Meet**

Bai Yujing's battle with her heart devil wasn't as easy as Qin Mu's. The Great Void Demon Realm couldn't recreate the Great Dao of Tai Chu, Tai Su, Tai Shi, and Tai Chi. Qin Mu's heart devil wasn't as powerful as Lan Yutian.

However, Bai Yujing didn't jump out of the Great Dao of Consciousness, so this battle was extremely tough.

The weakest link in her heart devil was Qin Mu, her three enemies. Son of Heaven Yin had fought with her for hundreds of thousands of years, so Bai Yujing wasn't afraid of him.

Towards Heavenly Teacher Zi Xi, her heart was filled with admiration. She admired her talent, talent, and elegance. However, when she was on both sides, she couldn't get what she wanted.

Actually, she was most afraid of Qin Mu.

She was always afraid that Qin Mu would destroy her consciousness and awaken South Deity's soul to recover her memory.

In South Deity's long history, her tiny consciousness was just a drop in the ocean in her memory, insignificant.

However, as Bai Yujing, she knew that she was a complete life. She had her own love, hatred, and ideals.

She didn't want to become a page in South Deity's long history.

She was afraid of Qin Mu's divine art, afraid that he would awaken the other soul in her body, afraid of her own death.

Therefore, when she faced the attacks of the three great heart devils, she always avoided the attacks of the heart devils Qin Mu. She didn't dare to fight him head-on, for fear of falling into his trap.

Qin Mu looked at him from the side for a moment and suddenly shouted, "White Heaven Master, start with me! Qin Mu doesn't have my abilities, he doesn't know my reincarnation divine art!"

"Really?"

Bai Yujing's spirit was roused when she heard that. She was surprised and delighted. Qin Mu then saw a divine art flying out from Bai Yujing. Qin Mu's heart devil was torn into countless pieces by her divine art!

Qin Mu's face turned black. "Looks like White Heaven Master has a prejudice against me..."

After getting rid of the heart devil Qin Mu, Bai Yujing finally let go. All kinds of divine arts were ever-changing, and her body appeared and disappeared unpredictably. Spatial divine arts, creation divine arts, algebra divine arts, buddha divine arts, dragon divine arts, phoenix race divine arts, and even North Deity divine arts, West Deity divine arts, and the divine arts of other Celestial Venerables were all executed at once!

Soon, Son of Heaven Yin was also heavily injured by Bai Yujing.

What made Qin Mu slightly gratified was that Son of Heaven Mental Demon Yin's death was even worse than Qin Mu's. Clearly, Bai Yujing hated Son of Heaven Yin more.

However, what surprised Qin Mu was that Bai Yujing didn't kill the devil in her heart.

Not only did he not kill her, but he was also gentle and sweet, constantly dealing with her!

With Bai Yujing's abilities, it wasn't difficult to get rid of the demon in her heart.

Qin Mu was suspicious. He saw that Bai Yujing's eyes were gentle like water. She didn't seem like she was fighting to the death with Mo Xinzi. Instead, she was flirting.

Qin Mu became even more suspicious, and he gradually became anxious. The sound of divine arts colliding came from the front, and it was obvious that the others were also searching for Celestial Venerable Hao's whereabouts and had gone very deep.

If other people found Celestial Venerable Hao and saved him instead of killing him, wouldn't all their efforts go to waste?

"Bai Yujing seems to be interested in Heavenly Teacher Zi Xi..."

The more Qin Mu looked at her, the more suspicious he became. The tenderness in Bai Yujing's eyes was about to overflow. She was unwilling to kill him and had wasted too much time.

"Bai Yujing has lived for almost two hundred lifetimes and is considered an experienced person. Could it be that she hasn't seen through Heavenly Teacher Zi Xi's disguise?"

Qin Mu suddenly coughed and reminded him, "Heavenly Teacher Bai, Heavenly Teacher Zi Xi indeed has remarkable abilities and is a formidable opponent of yours! This woman's original name is Yan Yunxi. She is a woman dressed as a man and deceiving people's feelings. She is the most evil person under Founding Emperor, so you can't let her off! Let me help you!"

When Bai Yujing heard that, her mind was suddenly in a mess. She had been caught by the devil in her heart and almost fell into her killing formation. She escaped miserably and couldn't help but be furious. "Yan Yunxi? A woman disguised as a man? Trying to cheat my feelings?"

Qin Mu was gratified to see Bai Yujing regaining her composure. Mental Demon Zi Xi's death was a hundred times more miserable than that of Son of Heaven Yin and Qin Mu!

Bai Yujing walked over. The woman was expressionless, and it was obvious that she was unhappy. She said indifferently, "Celestial Venerable Mu, let's go quickly. Don't let others take the credit!"

Qin Mu carefully followed her without saying a word.

Bai Yujing also didn't say a word. Qin Mu stole a glance at her and saw her teary cheeks.

Qin Mu's heart leaped, and he opened his mouth, but he didn't say anything.

"Liar of feelings! Yan Yunxi—" Bai Yujing gritted her teeth. Her murderous aura made him shudder as if he had fallen into a dark abyss.

"Hehe..."

Qin Mu laughed dryly, and the corners of his eyes twitched as he thought to himself, 'Son of Heaven Yin played with emotions and harmed Di Yiyue. Yan Yunxi played with emotions and tilted Bai Yujing. Both of them will probably be in trouble. However, Yan Yunxi is still the second heavenly teacher of Founding Emperor, so I have to tell her first and let her prepare in advance. Speaking of which, Yan Yunxi should be helping Founding Emperor handle government affairs, so I won't meet her for now...'

Just as he thought until here, a donkey's cry suddenly came from the front. "Ang-er-er-er-er-er-er-er, Black Cat, Brother Sanduo, you guys aren't good enough. You can't even defeat the assistant minister of the celestial heavens' true martial arts, just look at my power!"

Qin Mu's expression changed slightly. This donkey's cry was Yan Yunxi's mount, Devil King Lü Zheng's cry.

'Crap!' he thought to himself.

If Demon King Lü Zheng was here, Yan Yunxi must be here as well!

When he thought about how Mental Demon Zi Xi had died, Qin Mu couldn't help shuddering.

Bai Yujing's face was as dark as water, and her murderous aura grew stronger.

"En, when Heavenly Teacher Bai Yujing attacks Heavenly Teacher Zi Xi later, I'll hide further away. I'll pretend that I didn't say this..."

At this moment, someone suddenly shouted, "The head of the divine weapon Celestial Venerable Yu is right here! Everyone, be careful, Celestial Venerable Hao should be nearby!"

Qin Mu was surprised and delighted. 'Celestial Venerable Hao is nearby? Looks like he won't be able to escape this time!'

He and Bai Yujing walked forward quickly. Along the way, huge walking corpses crawled on the ground and led countless heart devils to fight. Bai Yujing and Qin Mu barged their way through. Qin Mu fought against all kinds of heart devils while Bai Yujing fought against the walking corpses.

The two of them used all of their strength to carve out a path of blood from the devil mountains and devil seas. They crossed a few blazing volcanoes and stepped through the sea of lava. They passed through the dense black smoke and saw countless devils in their hearts. There were even corpses of walking corpses!

Other than that, they also saw the corpses of numerous gods and devils of the celestial heavens as well as the masters of creation. It was obvious that everyone was fighting fiercely.

In front of him was Celestial Venerable Yu's head. This head was originally as big as a planet, but it had shrunk countless times. However, it was still the size of a mountain.

This head crushed the mountains and stood there.

Celestial Venerable Hao should have used his remaining magic power to control this head to come here. Then, his magic power would lose control, and his Dao heart would lose control.

There weren't many celestial heavens, Carefree Village, and masters of creation that had come here, but they were all top-notch existences. There were only over fifty of them, and most of them were on the Jade Capital, Numinous Sky, and Emperor's Throne Realm. The celestial palaces floated behind them!

They faced each other and were extremely cautious. After all, there were too many strong practitioners here. Other than Saint Woodcutter, no one could be underestimated!

Even that arrogant donkey couldn't be underestimated!

### **Chapter 1254 – Celestial Venerable Hao's Three Rabbit Holes**

Qin Mu and Bai Yujing looked from afar and saw that the celestial heavens was split into two camps. On one side was Red Deity Qi Xiayu of the four deities, and on the other side was Heavenly Lord Xi Muhong of the four great heavenly kings.

On the other side were the three heavenly teachers under Founding Emperor, the first heavenly master Saint Woodcutter, the second heavenly master Yan Yunxi, the third heavenly master Martial Arts Heavenly Teacher Guan Cha, and their respective mounts.

Other than that, they were the Xiu Zhong and Can Nü.

These people each brought a group of gods and devils, but they suffered heavy casualties. Xiu Zhong and Can Nü also brought some masters of creation, but they were also injured. There should have been quite a number of people who died on the way, and another group died when they entered the Great Void.

Only Woodcutter, Yan Yunxi, and Martial Arts Heavenly Teacher didn't bring the strong practitioners of Carefree Village.

When Bai Yujing saw Yan Yunxi, flames burst out from her eyes. However, she and Qin Mu were here to get rid of Celestial Venerable Hao, so it was inconvenient for them to show their faces. They could only use spatial techniques to hide.

With her space divine art, Qin Mu opened up the third eye in the heart of his brows and examined his surroundings. Suddenly, his heart tightened.

Under the gaze of his third divine eye, he could clearly see the various details of the divine weapon Celestial Venerable Yu's head. Within the divine weapon Celestial Venerable Yu's head, there were no more Great Dao runes of the ancient gods.

'In other words, Celestial Venerable Hao took away these imprints and used them to set up the formation array to protect himself.'

Qin Mu thought to himself, 'He knows he's severely injured, so there must be someone taking the chance to kill him. Even his former allies might not be able to let go of such a good opportunity. As expected of a Celestial Venerable, to be able to leave behind a trump card under such serious injuries, his thoughts are extremely meticulous.'

The four groups of people boarded the divine weapon Celestial Venerable Yu's head and searched around. The head of the divine weapon Celestial Venerable Yu was like a mountain. It was the most powerful weapon in the celestial heavens, yet it had no power at all.

There were even some monsters formed by the heart devils that bit the flesh of the head!

Everyone got rid of the devils in their hearts and walked past the mountain that the huge head had transformed into. They saw numerous divine mountains floating in the air in front of them, and divine light that was like a rosy glow filled the mountains and rivers.

Other places in the Great Void Demon Domain were terrifying and sinister, but this place was like a sacred residence. It was indescribably gorgeous and beautiful.

There were four canyons in front of them, and they seemed to lead in different directions.

Multicolored light rose and covered the sky of the four ravines. The light in the sky was blurry like an aurora.

There wasn't even a heart demon here. It was indescribably strange.

Xi Tianjun muttered to himself irresolutely and sent a divine general to fly into the sky. That divine general stood in the sky and looked down. He shouted, "Heavenly Lord, the divine light here is too thick, covering the mountains below. I can't see what's inside!"

"Go down and take a look!"

That divine general acknowledged his promise and flew into the divine light. Suddenly, his flesh and blood melted, and his primordial spirit disintegrated. Without a sound, he turned into a pile of broken bones and fell from the divine light.

Everyone had the same thought as they looked at the divine light in the valley in front of them and hesitated.

Saint Woodcutter said loudly, "These divine mountains and rays of light are formed from the Great Dao runes in the head of the divine weapon Celestial Venerable Yu. Everyone must be careful!"

Everyone looked over and focused their gazes on him with strange expressions.

Saint Woodcutter was the number one heavenly master of Founding Emperor Celestial Heavens, and he was sworn enemies with the people of the celestial heavens. His wisdom was extremely high, and he had already seen through the strangeness of this place before anyone else. His abilities were indeed astonishing.

However, why would Woodcutter be so kind as to tell them about the danger here and let them prepare in advance?

Xi Tianjun suddenly burst into laughter. "I don't believe you, you old man. You're so bad, you must be up to no good!"

Saint Woodcutter chuckled. "Everyone has the same motive for coming here. Not only are we not enemies, we are even friends. I naturally have to tell everyone where the danger is."

Everyone's gaze flickered, and they remained silent.

Xi Tianjun said with a smile, "When has a chicken thief become so kind? I've suffered under you before, so I don't trust you."

Even though he said that, he still asked for guidance. "Smelling chicken thief, can you tell that Celestial Venerable Hao fell into that canyon?"

Saint Woodcutter didn't mind being called a thief and said, "Heavenly Lord, it's hard to predict the intentions of Celestial Venerable. How could I dare to guess Celestial Venerable Hao's intentions? However, since Celestial Venerable Hao laid down these four canyons and he has already done it, I can guess his intentions."

He looked back and forth in front of the four canyons and said with a smile, "There seems to be only four paths here, but there are actually eight."

Everyone was astonished and looked over. Even Red Deity Qi Xiayu, Xi Tianjun, and Yan Yunxi couldn't see where the other four canyons were.

Martial Arts Heavenly Teacher Guan Cha couldn't even think about it. As for Xiu Zhong and Can Nü, they didn't know much about the divine arts of the outside world, so they naturally couldn't tell.

In the distance, Bai Yujing also couldn't see where the other four canyons were hiding. She hurriedly looked at Qin Mu and asked, "Celestial Venerable Mu, can you tell? I heard you are Wen Ji... Wen Tiange's disciple, you must have learned his abilities!"

Qin Mu shook his head and said angrily, "This old man has never taught me anything!"

Bai Yujing was puzzled. "That's impossible, right? Wen Tiange wouldn't be so biased."

Qin Mu said resentfully, "He wanted to teach me later, but I lost my pride and didn't learn after mocking him."

Bai Yujing was flabbergasted, and she said carefully, "Wen Ji... Wen Tiange's abilities still have to be learned. During the Founding Emperor Era, he taught countless disciples, and every one of them had extraordinary achievements that shook the world. Even the gods of the celestial heavens praised him."

Qin Mu remained silent with a black face.

Saint Woodcutter took out a few small flags and walked forward. "These valleys and mountains come from the runes of Great Dao on the head of the divine weapon Celestial Venerable Yu. However, each valley comes from a different direction. They are actually formed from the seven apertures of the divine weapon Celestial Venerable Yu."

He drew runes on the flag and placed a small flag at the entrances of the four valleys that had already appeared. He said calmly, "The eyes, ears, mouth, and nose transform into two canyons, the ears into two canyons, the nostrils into two canyons, and the mouth into a canyon."

The four flags stabbed down, and the runes on them gradually lit up, shining on the four valleys.

The light of the runes shone into the canyon, and at the entrance of the canyon, the rays of light suddenly stuck to the cliffs on both sides. They were like streams of light that went straight into the depths of the canyon!

After the four streams of light, they saw that the stone walls of the four valleys were covered with Great Dao runes!

Buzz—

Four tremors came from the depths of the four canyons. In front of everyone, the other three canyons appeared!

Everyone looked at this scene with their mouths agape. Suddenly, Heaven Monarch Xi shouted, "That's not right, chicken thief Wen, there are only seven canyons here! Where's the eighth canyons that you mentioned?"

Saint Woodcutter took out three small flags and painted them with runes. He stabbed them in front of the other three canyons that had just appeared, and another three streams of light flashed past them.

After three tremors, the eighth canyon appeared.

Saint Woodcutter clapped his hands and said, "The eighth valley is out. This eighth valley is where Celestial Venerable Hao is hiding."

Bai Yujing saw this and said to Qin Mu, "Celestial Venerable Mu, you really should learn!"

## Chapter 1255 – Chicken Thief Wen Tiange

Qin Mu was flabbergasted and couldn't speak for a long time. There were many people who were as speechless as him. No matter if they were friend or foe, they were all incomparably shocked by the methods Wen Tiange used to break Celestial Venerable Hao's arrangements!

Other than Saint Woodcutter's black tiger god, Woodcutter could be said to be the weakest among them. However, his intelligence was the strongest. Even the seal that Celestial Venerable Hao had laid down couldn't stump him.

"Old thief Wen, what is your cultivation realm now?" Xi Tianjun asked nervously.

Saint Woodcutter's expression turned bitter, and he said bitterly, "It's still the Jade Pavilion Realm."

"Is that a heavenly god?"

Heaven Sovereign let out a long sigh of relief and muttered, "Then we can be at ease. One breath can kill him... Everyone, let's explore this canyon and find Celestial Venerable Hao as soon as possible to report back!"

The others also let out sighs of relief. Qi Xiayu said, "We are all loyal and righteous people. After finding Celestial Venerable Hao, we will treat his injuries and wish him eternal life. We shall not delay this matter. Let us go in quickly!"

Heaven Monarch Xi, Qi Xiayu, and the rest rushed into the canyon. Saint Woodcutter, Xiu Zhong, and the rest of the masters of creation were a step behind. Yan Yunxi's gaze flickered, and she said in a low voice, "Woodcutter, break Celestial Venerable Hao's seal. If they rush in, what if they join forces with Celestial Venerable Hao to deal with us?"

Saint Woodcutter said with a smile, "Who said I broke the seal?"

Yan Yunxi was stunned. She looked at the stone walls on both sides of the eighth canyon and saw that the divine light in the canyon had been turned into runes by Woodcutter and nailed to the stone walls. It was obvious that Woodcutter had broken Celestial Venerable Hao's seal!

"It just looks like it's broken."

Woodcutter said calmly, "My cultivation is too low, and I don't have the ability to break Celestial Venerable Hao's seal. After a while, these runes will transform into multicolored light seals again. Everyone, be careful, be careful!"

Xiu Zhong and Can Nü hurried to their side, and Can Nü pointed at Woodcutter. "You old man are very bad..."

Xiu Zhong said, "Luckily, when we were confronting Carefree Village back then, it was Heavenly Teacher Zi Xi and not Woodcutter."

Yan Yunxi smiled. "I'm inferior to him to begin with. Among all the heavenly teachers, perhaps only the ancient Dragon Mountain Sanren and Yue Tingge could match him in terms of wisdom."

Woodcutter suddenly became nervous and immediately shouted, "Be careful! Celestial Venerable Hao's seal is about to reappear! Everyone, protect me, don't let me get injured!"

Everyone was unhappy, but they still protected him in the center. Because the black tiger god's realm was low, he was also taken care of.

On the cliffs on both sides of the canyon, countless magnificent ancient gods' Great Dao runes suddenly burst forth, transforming into rays of light that filled the eighth canyon!

The power of Celestial Venerable's seal burst forth, and Red Deity Qi Xiayu, Xi Hongxi, and the rest who were walking in front instantly felt that something was wrong. Qi Xiayu and Heaven Monarch Xi immediately activated their treasures of the Emperor's Throne to protect their bodies.

Qi Xiayu's zither rapidly revolved around everyone, and the zither notes immediately transformed into spatial barriers.

Heaven Subduing Devil Pestle trembled continuously in the air, splitting into two, two into four, four into eight. In an instant, the sky was filled with the afterimages of the pestle!

The other strong practitioners of the Jade Capital Realm and Numinous Sky Realm also executed their own divine weapons. However, just as the power of the divine weapons started to spread out, the divine light had already drowned them out!

The ancient zither's rotation speed was even faster, and the sound of the zither was even faster. It was as if the zither was sealed, blocking the power of the restrictions and Dao in the sunlight!

Qi Xiayu had a grim expression. The restrictions that Celestial Venerable Hao laid down shattered the space barriers one after another, and the force went straight to her side.

Suddenly, the cry of a phoenix rang out as she revealed her true form. She transformed into a nine-headed phoenix and flapped her wings to face the restrictions.

At the same time, Heaven Sovereign's pestle couldn't block the power of the restrictions. He felt as though there were ancient gods using their peerless Dao power to fight the pestle.

He had no choice but to reveal his true form. It was a taowu, and divine light burst forth from his body!

The two of them worked together to block the power of the restriction, but they saw that there were only about ten strong practitioners of Numinous Sky Realm left among the strong practitioners of Numinous Sky Realm beside them. The rest of them had already died in the terrifying restriction in the canyon!

The two of them worked together to shatter the multicolored light and finally managed to catch their breath. Heaven Monarch Xi regained his human form and shouted angrily, "Smelly Chicken Thief—"

They weren't prepared, but Martial Arts Heavenly Teacher, Yan Yunxi, Xiu Zhong, and the rest were prepared. Even though they were injured, they managed to preserve their lives.

Saint Woodcutter turned a deaf ear to Heaven Monarch Xi's cries. He was long used to it and continued to guide everyone. "There are runes of the ancient gods' Great Dao in Eternal Peace, and they were sent over by my useless second disciple. If you guys have some research on the runes of the ancient gods' Great Dao, it wouldn't be hard to break them. This light restriction is actually Heaven Duke's Xuandu Great Dao, the Heaven Mudra of the Heavenly Dao. You just need to break it like this..."

At the entrance of the valley, Bai Yujing and Qin Mu looked inside.

Bai Yujing saw the situation when the light burst forth, and her heart jumped. She probed, "As Wen Tiange's disciple, Celestial Venerable Mu, you should know how to break the seal here, right? Wen Tiange didn't teach you this, right?"

Qin Mu gave a cold humph and said indifferently, "He didn't impart his knowledge to me and instead learned quite a lot from me. The method he used to break the restrictions should have come from Eternal Peace, not from Dao Sect or from Xu Shenghua. It's not difficult for me to break this."

Bai Yujing smiled and thought that he was bragging to save her face.

However, he didn't know that the ancient gods' Great Dao runes of Eternal Peace were indeed from Qin Mu. He had stolen them from the Guardian Pavilion of the celestial heavens.

Qin Mu said solemnly, "However, my magic power isn't strong enough, so I'm afraid it will be hard for me to break the seal and walk into the depths. That's why I need White Heaven Master's help. Follow me, we will have our backs against each other, and we will each be responsible for one side."

His body shook, and he revealed his three heads and six arms. This way, he could see the multicolored light from all directions.

Although he could only protect himself and couldn't protect Bai Yujing, he could guide her.

The two of them carefully walked into the canyon. Compared to Red Deity Qi Xiayu and the rest, they seemed much more at ease.

However, Red Deity and Heaven Monarch Xi were at the front, and their abilities were extremely strong. They broke through the restrictions and gradually entered the eighth canyon.

Along the way, Qin Mu and Bai Yujing were safe and sound. They were about to reach the end of the canyon.

Meanwhile, the four groups of people in front had already reached the end. In front of them was a valley shrouded in dense black gas. They each sent their vanguard to scout ahead.

Suddenly, a mournful voice came from the front. "Celestial Venerable Hao's heart devil has appeared! Everyone, be careful!"

“The power of the heart devil is very strong!”

“Be careful! That’s Mu... Ah—”

Some people were poisoned and died a violent death. However, there were also people who shouted, “Be careful of Celestial Venerable Mu!”

Heaven Sovereign and Red Deity were astonished. “Celestial Venerable Mu?”

Soon, there was no sound in the darkness in front of them, and the strong practitioners that came to this place instantly became nervous. They looked at the dark valley in front of them and saw a figure slowly walking out from the darkness.

The figure held a sword in one hand and a human head in the other. He slowly raised his head to reveal Qin Mu’s face.

The devil in Celestial Venerable Hao’s heart, Qin Mu!
