

## Tales of Herding Gods Chapter 1351-1355

### Chapter 1351:

In the palace, heavenly venerate Yue and Qin Mu were exchanging their cultivation experiences. Qin Mu imparted his comprehension of all kinds of great dao to her without holding anything back.

From macroscopical algebra to microscopic algebra, from imprinting the Great Dao of ancient gods to the path of creation, from Heavenly River Divine Treasure to ancestral court's fifth supreme.

As well as the layout of the universe in spirit embryo divine treasure, his insights in the domain, and his comprehension of the system of Dao Realm, Qin Mu didn't hold anything back.

The era of high emperor could be said to be the era when the system of divine treasure and Heavenly Palace had been perfected. As the leader of that era, heavenly venerate yue naturally had all kinds of extraordinary comprehension.

The two of them hid in the peach forest and communicated, feeling that time was short.

Qin Mu and heavenly venerate Yue entered the dream together and extended the time in the dream. The two of them communicated in dream after dream, and both of them felt that it was very fulfilling.

Before they knew it, several months had passed. The overall situation of the primordial world was peaceful and there were only small-scale disturbances.

There were too many races in all the heavens and ten thousand worlds, and all the factions were mixed together. The ten heavenly venerates of the Celestial Heavens had each sent their own trusted aides to establish their own areas of influence, so they had small-scale conflicts and tests with each other.

The various races of the heavens also took advantage of the chaos to choose their own positions and support different heavenly venerates and factions. The battles between the heavens and the heavens gradually increased in number, and the scale also gradually grew larger.

Qin Mu and heavenly venerate Yue hid in little Lou Cheng to unite, turning a deaf ear to the changes in the outside world and turning a blind eye to them.

The path that heavenly venerate Yue took was also the system of the Divine Treasure Heavenly Palace. She had learned all kinds of emperor's throne techniques from high emperor and long Han era, and she also planned to walk on the path of cultivating to become the heavenly court.

There were fifteen Southern High Emperor Heavenly Emperors in high emperor era, and many of them were her and heavenly venerate Ling's disciples. She had gathered the strengths of the various families and cultivated her own heavenly court, and she had extraordinary achievements now.

It was just that she hadn't entered the heavenly court, so she didn't have as much accumulation as the ten heavenly venerates.

The exchange with Qin Mu this time was also to make up for her shortcomings.

However, if she wanted to create her own great heavenly court technique and gather the strengths of all the techniques, she still needed time to mull it over with herself.

Her technique was called Ultimate Void Scripture. The reason why this technique was called Ultimate Void was because ultimate, ultimate, and void were all numbers. Ultimate was the greatest number, and ultimate was trillions of trillions of trillions. Ultimate was trillions of trillions of trillions of trillions of trillions.

And void was an extremely small number which was eighteen digits behind zero.

Heavenly venerate Moon's technique was named after zenith void. It was about the size of space and the size of space. One could take one step across all the realms in the universe, and the smallest could turn into dust particles or even become an unbreakable void to hide within.

Her achievements were all based on Zenith Void Scripture. With Void Heavenly Palace as the center, she built different heavenly palaces around her to form her own heavenly palace system.

Qin Mu studied her ultimate carrying void and tried to comprehend the profoundness of the path of space, which made him discover many interesting things.

There were many runes in heavenly venerate Moon's technique, which was surprisingly the same as the runes of the Void Beast. Not only that, many algebra runes in Eternal Peace's teleportation divine art were also similar to the space runes of ultimate carrying void.

“Back then, when I went to great void with heavenly venerate cloud and heavenly venerate ling, I saw that void beast, so I copied many runes of space.”

Heavenly venerate moon smiled. “These runes of space were very enlightening to my path of space. “However, the place where I gained the most was still the chaotic space. I was trapped there for a hundred years, and it allowed me to comprehend the profound truth of the Great Dao of space.”

Qin Mu was filled with envy. “What ruins are there in the chaotic space?”

“Strange space fragments and some decaying things. I Can’t explain them clearly for a moment, but they don’t seem to be from this era.”

Heavenly venerate Yue recalled the past and shook his head. “I don’t know exactly which era they are from. It’s too dangerous there, and even I didn’t dare to enter the deepest part. Instead, I found the path and left early.”

The path of space was extremely difficult to learn and cultivate. Qin Mu had only just entered the rudiments in the past few months and was proficient in some space divine arts. If he wanted to be like heavenly venerate Yue who could ignore distance and space, he would need to put in even more effort.

It was even difficult for him to refine void heavenly palace and enter the path of space.

‘could it be that I also need to enter chaotic space once to comprehend the marvel of space?’

He couldn’t help shaking his head. Chaotic space was extremely dangerous, and since heavenly venerate Xiao had been exiled there, it wasn’t the best time to go there to comprehend the path of space.

‘The vassals of the origin world are divided, so this is the safest time, but I can’t let my guard down.’

Qin Mu borrowed a lantern from heavenly venerate Yue and bid her farewell, “Among the ten heavenly venerates, heavenly venerate Hong can be trusted, but the other heavenly venerates aren’t. I don’t know when they will attack the origin world.” “Yue, you are proficient in the path of space. If the ten heavenly venerables want to annex the origin world, they will definitely get rid of you first. “You have to be careful!”

Heavenly venerate Yue sent him out of the Peach Forest and was a little reluctant. When he was about to walk out, he suddenly smiled and said, “Mu, you once drew a painting for me back then, can you draw another one for me today?”

Qin Mu stopped and took out a brush, ink, paper, and Inkstone. He raised his head to look and saw that the flowers in the peach forest were competing with each other, unable to hide the beauty of a woman. Heavenly venerate Yue stood under the peach tree with a peach branch in her hand.

There were two or three flowers on the peach branch, covering her cherry lips. She looked a little reserved, a little shy, and also a little expectant.

Qin Mu took advantage of the beauty that she revealed at that instant and raised his brush to draw. A beauty picture was quickly completed.

Heavenly venerate Yue came forward to take a look. Her expression in the picture made her a little shy.

At that moment, Qin Mu continued to draw without stopping and drew the second picture.

In the painting, Qin Mu was raising his brush and drawing. Heavenly venerate Yue bent down behind him and looked at his painting without blinking. Her long hair fell down and landed on Qin Mu’s neck.

In the painting, only their side faces were revealed. Their expressions were very serious and they were all a little shy.

Heavenly venerate Yue was engrossed in the painting and suddenly came to a realization. Wasn’t Qin Mu drawing them right now?

“I want this one!”

Heavenly venerate Yue snatched the second painting away and rolled it up before returning to the Peach Forest. She turned around and waved her hand. “Mu!”

Qin Mu was rolling up the first painting when he heard her and raised his head to wave at her from afar.

“Mu!”

Heavenly venerate Yue shouted out, "Survive! I'll wait for you to return to the Peach Forest!"

"Alright!" Qin Mu replied loudly.

He turned around and walked out of the peach forest towards eternal peace. Heavenly venerate Yue leaned against the palace door. She had vast divine arts and could see Qin Mu walking forward with the lantern she had given him.

"Heavenly venerate mu isn't as handsome as I remember. It's me who imagined him to be too handsome, but he's very practical."

She chuckled softly. "Even more interesting."

Qin Mu seemed to have noticed her gaze and looked back. Heavenly venerate Yue hurriedly shifted her gaze., his heart pounded wildly. 'his senses are too strong, to be able to see a gaze through space! He almost realized that I was spying on him!'

Qin Mu shook his head and returned to eternal peace. He first went to Smell Dao College, which was built in Earth Virtue Heavenly Palace. Village chief was the principal of Smell Dao College, so he told him about the case of Xiao Chujue being shot to death, "Heavenly emperor reincarnated into eternal peace, and he actually moved two souls at once. Luckily, he was shot to death by some heavenly venerate. We have to guard against this matter. Other than heavenly emperor, how do we know that there won't be other heavenly venerates reincarnating into eternal peace?"

Qin Mu said, "Then use the book of Life and death to investigate every God and find the roots of each god. As long as these heavenly venerates don't sneak into the center of power in eternal peace, let them learn."

Village chief sneered. "What if they sneak into the center of Power? Where can we find a heavenly venerate to kill them again?"

Qin Mu took out the divine bow and said with a smile that wasn't a smile, "Grandpa Village Chief, take a look. Is this the divine bow that killed the two souls of the Heavenly Emperor?"

Village chief's eyes went wide as he looked at the divine bow and then at Qin Mu.

Qin Mu held the bow with one hand and placed the other on his waist, feeling proud of himself.

### **Chapter 1352:**

Village chief examined the divine bow and even though he couldn't understand the miraculous uses of this divine bow or the various imprints on it, he couldn't stop praising it. "A bow is stronger than a person! A bow is stronger than a person!"

Qin Mu was extremely displeased.

"This divine bow is really good, much stronger than a person!"

Village chief pulled back the divine bow and instantly drew the spirit qi and spirit energy of Heaven and earth. He couldn't help being astonished and praising it repeatedly. He had habitually mocked Qin mu earlier, but now he was sincerely praising this divine bow. It was much more powerful than him.

Village chief put down the divine bow and said, "Leave the matter of investigating the Gods to me first. I'll go see Heavenly venerate you and borrow his life and death book for a while."

Qin Mu also had a life and death book, but it was a treasure of Son of Heaven Yin. Son of Heaven Yin's life and death book had more uses, but he couldn't find the roots of heavenly venerate.

If he wanted to find the roots of heavenly venerate's reincarnation, he still needed to use heavenly venerate you's life and death book.

Qin Mu stayed in Smell Dao College and waited for news from village chief while studying the results of eternal peace reform. What shocked him was that the research in Smell Dao College was at the forefront, aiming at the reform of Heavenly Palace in an attempt to change its structure. The divine arts practitioners and gods of Smell Dao College tried to use the various gates in Heavenly Court to change the realm of Heavenly Palace.

They planned to change the realm of South Heaven Gate to four small realms.

In the traditional realms, the primordial spirit of the Divine Arts practitioners would ascend and come to South Heaven Gate. Once they passed through South Heaven Gate, they would become true gods.

The Fellows of DAO College planned to change it to the four realms of South Heaven Gate, North Heaven Gate, East Heaven Gate, and West Heaven Gate so that their primordial spirits could walk through these four realms!

Qin Mu couldn't help laughing, and his expression turned solemn as he pulled at his beard, "What a thought, what a thought... Supreme Emperor told me that there are actually four great heaven gates in the ancestral court, and it's also the sacred ground of the four great ancestral courts. It has an extremely unique Great Dao. From Supreme Emperor's tone, the Great Dao contained in the four great heaven gates of the ancestral court are different. In other words, it's feasible to split South Heaven Gate realm into four..."

He continued to read. The divine arts practitioners and gods of the Wen Dao College also intended to cancel the realm of Yujing. They felt that the realm of Yujing was too general and did not bring the potential of this realm to its full potential.

They wanted to divide the realm of Yujing into three realms: Mingde, Danfeng, and sky bearing. Mingde was the city gate of Yujing, and Mingde gate. Stepping through this gate was Mingde realm.

Danfeng realm was the gate to the Imperial City of Jade capital city, and Danfeng Gate was the Forbidden City of the heavenly emperor.

Sky bearing gate was the gate in front of Ling Xiao's treasured palace, and sky bearing was connected to the earth. Once one stepped through this gate, they could look up at Ling Xiao's treasured palace.

"The Fellow from DAO College is Amazing!"

Qin Mu's heart trembled violently, and he pondered for a moment before getting up to meet Yu Chenzi. "Senior brother, who created these four great realms of Heaven Gate, Mingde realm, Danfeng realm, and Sky Bearing Realm?"

Yu Chenzi asked, "Does heavenly venerate know a girl called Hua Xuanxiu?"

"Hua Xuanxiu?"

Qin Mu's expression changed slightly, and he instantly remembered the little girl he had saved when he had killed the ancient gods of nine prefectures in the western heavens. It was the name Hua Xuanxiu.

The little girl had been crushed to death by the ancient god Pillar One, and her soul had scattered. It was Qin Mu who had used the resurrection technique to save her.

However, it was too dangerous to stay by Qin Mu's side, so Qin Mu asked Yu Chudu, the disciple of eldest senior brother Wei Suifeng, to bring her to eternal peace. Yu Chudu was the disciple of Wei Suifeng and was also very powerful.

"Who did Hua Xuanxiu cultivate with?" Qin Mu asked.

"She's Yu Chudu's disciple and followed Old Master Wei to jade capital city of the Celestial Heavens."

The Old Master Wei that Yu Chenzi mentioned was Wei Suifeng. Because he was the founder of Heavenly Saint Cult, he was respected as old master, "Old Man Wei said that he would bring Yu Chudu and Hua Xuanxiu to see the world. The old man, Green Man, and young man first went to search for many emperor's throne techniques, then barged into Jade capital city of the Heavenly Court. They came all the way to sky bearing gate and were discovered in front of Ling Xiao's treasured palace. They almost didn't make it back alive. After coming back, Hua Xuanxiu said that Jade capital city was too big and it would be difficult for a single jade capital realm to unleash the marvel of Jade Capital. Thus, she imagined the three realms of Mingde, Dan Feng, and Sky Bearing. Old Man Wei couldn't stop praising them."

Qin Mu smiled. "These three realms are indeed profound and brilliant."

Yu Chenzi didn't mind it, "It's just a child's imagination. Even though it makes sense, old man Wei and the rest have studied it for a long time over the past two years, but they still couldn't come up with anything. For each realm in the Heavenly Palace, there would be a huge increase in cultivation and abilities every time they broke through. "And the realms that Hua Xuanxiu had imagined didn't have any increase in abilities."

He explained, "The gods in Dao Wen Academy have tried it before. Their primordial spirits passed through Bright Virtue Gate, Pill Phoenix Gate, and Sky Bearing Gate in Jade capital city, but they didn't have any increase in cultivation. They only heard some vague sounds."

Qin Mu pondered it for a moment and asked, "Then what about North Heaven Gate, East Heaven Gate, and West Heaven Gate? If their primordial spirits passed through these gates, would there be an increase in cultivation and abilities?"

Yu Chenzi clapped his hands and said, "The Wonder lies here!"! The gods in Dao Wen courtyard had tested it before. When the primordial spirit passed through these three gates, there would indeed be an

increase in cultivation, and their comprehension of the path would also be deeper! “Some gods who were originally unable to enter the path actually comprehended the path after passing through the four heaven’s gates, thus entering the path!”

Qin Mu smiled slightly and immediately understood the reason behind it, “It’s probably because the ancient god Heavenly Emperor and the other ancient gods built the heavenly court. They have only seen the four great heavenly gates of the ancestral court and the Jade Lake Jade stage god slaying platform, but they have never seen the real jade capital city.”

Yu Chenzi didn’t understand what he meant.

Qin Mu didn’t explain further and asked, “What realm is Hua Xuanxiu on now?”

“She just planted the innate wood, so she should be on seven stars realm now, right?” Yu Chenzi didn’t dare to be sure either.

Qin Mu opened his eyes wide, and after a moment, he slowly let out a turbid breath, he sighed. “Seven Stars realm, and big senior brother dares to bring her to the Heaven Court to fool around? If big senior brother dies, he will also die from the waves... I’ll have to trouble big senior brother to invite Hua Xuanxiu over.”

After a moment, Yu Chenzi brought Hua Xuanxiu over.

Hua Xuanxiu was dressed in animal skin clothes, shorts, and a short coat. She was carrying an unbelievably large beast bone, which was the thigh bone of ancient god Zhu Er.

This girl was like a wild child that had been raised in the forest, and there were even nasal bubbles coming out of her left nostril.

“Three-eyed big bone uncle!” Hua Xuanxiu said, unable to contain her joy.

Qin Mu’s expression sank slightly, and he said angrily, “Call me senior granduncle! I’m your senior Granduncle’s junior brother!”

Hua Xuanxiu stuck out her tongue. This girl was around ten years old, and she was different from the divine arts practitioners of eternal peace. Her body was filled with a wild nature that was difficult to tame.

Back then, when her soul had scattered, Qin Mu didn't borrow the power of Heavenly Duke. Instead, he used his own power and the power of Earth count to gather her soul and mold her soul, allowing her to be reborn.

It was also because of this that her soul was much stronger than that of ordinary divine arts practitioners.

When Qin Mu had let Yu Chudu take her away, this girl was still a girl with very little courage. However, she had now developed a wild nature, which made Qin Mu rather puzzled.

What he didn't know was that Yu Chudu's journey to eternal peace with Hua Xuanxiu wasn't smooth sailing. On the contrary, it was full of pursuit and counter-pursuit. The pursuers in the western heavens were extremely powerful, and Yu Chudu's journey was filled with bloody storms, he lived like a savage, which was why he had brought Hua Xuanxiu to eternal peace alive.

After experiencing so many things, Hua Xuanxiu had also become a little savage. When the two of them came to eternal peace, their bodies were covered in blood and beast skins. It could be said that they were in an extremely sorry state.

"Your three realms of Mingde, Dan Feng, and sky bearing are very interesting."

Qin Mu said with a pleasant expression, "Once these three realms are created, you will be the heavenly venerate of the current era!"

"Big Bone Uncle... senior granduncle!"

Hua Xuanxiu hurriedly changed her words, she smiled and said, "These three realms are fake. Master and senior granduncle have already tested them and the others in DAO College have also tested them. They aren't realms. I was just casually saying it, I can't take it seriously."

Qin Mu was stunned for a moment and his heart was suddenly touched. Tears poured down like rain, giving Yu Chenzi and Hua Xuanxiu a fright. Hua Xuanxiu immediately went forward and placed the big bone to the side. She squatted down and comforted him softly, "Senior grand uncle, don't cry. You are already an adult, yet you are still crying. Aren't you ashamed?"

Qin Mu cried out loud, "What I'm crying about is that even with an existence like big senior brother, a sacred ground like Smell Dao College, and an open place like eternal peace, I would actually mislead the children of others and almost delay a celestial venerable! What I'm sad about is this education. What I'm sad about is how many outstanding people in this one million years of history have been denied by a single sentence and missed out on the achievements that could change the world!"

Hua Xuanxiu and Yu Chenzi were both twelve feet tall monks and couldn't make heads or tails of it.

### **Chapter 1353:**

Qin Mu burst into tears and cried until the sky and earth turned dark.

Yu Chenzi couldn't help becoming anxious and immediately sneaked away to invite Wei Suifeng, Yu Chudu, and the rest over. He thought to himself, 'when has heavenly venerable mu ever cried? In any case, I've never heard of it! Heavenly venerable crying is no small matter, I can't persuade him...'

He found Wei Suifeng, Yu Chudu, and the rest. When he mentioned this matter, Wei suifeng said in astonishment, "My junior brother is crying? Strange, he isn't afraid of the heavens or the earth, what can make him cry? I'll go take a look."

Yu Chudu also hurriedly got up, and Yun Jianli's gaze flickered, "Heavenly venerable mu once cried," he said. "When I heard that heavenly venerable mu went against Heavenly Court during Eternal Peace Calamity, he didn't respond to Heaven's call, Heavenly Duke didn't help him, earth count didn't help him, and Earth count didn't help him either. "He was surrounded by enemies and felt powerless to go against the Heavenly Court and save eternal peace from fire and water, so he dug his eyes out and cried."

Wei Suifeng felt heartache for this junior brother and got up. "Let's go take a look."

When they came over, they saw Hua Xuanxiu Patting Qin Mu's back and comforting him in a soft voice. Yu Chudu's heart warmed up. Back when he was escaping, when he was exhausted, Hua Xuanxiu had comforted him like this.

Even though he always felt that Hua Xuanxiu was comforting an injured big dog.

Wei suifeng laughed loudly, "Majestic Celestial Venerable Mu, correcting a nine feet tall and magnificent man, why are you crying like a child?"

Qin Mu stopped his grief and raised his head to sneer, "I'm crying about your mediocrity and incompetence, treating the tree of great talent as firewood and burning it. I'm crying about how many heroes in the world have returned to mediocrity, crying about talented people who are useless!"

Wei Suifeng was angered by his words, he sneered, "Stop talking about other things! You only felt that Yun Jianli and I didn't stay in the Peach Forest to help you. You felt that we owed you, so you pretended to be wronged in order to blackmail us. "There's the Battle of heavenly venerate in the peach forest, so even if we stayed, it would be useless!"

Qin Mu shook his head and stood up, his gaze landed on Hua Xuanxiu. "I'm not talking about that matter, I'm talking about her. "If Xuanxiu really listened to your words and didn't delve into the three realms of Mingde, pill phoenix, and Sky Bearing, eternal peace would definitely have one less great heavenly venerate who could open up a realm."

He sighed. "She was almost ruined because of your words. I thought that if I hadn't asked, she would definitely be mediocre and useless. At most, she would only be able to be with you guys and compete with you guys for supremacy, and that made her sad from the bottom of her heart. When he thought about how many such geniuses in history had been destroyed by an unintentional sentence, he couldn't help crying. "You are wrong, don't do it. This sentence hurts the most."

He couldn't help thinking of Tai Yi.

Tai Yi said that back then, Qin Mu had given up on his own path and walked into the Heavenly Palace and Heavenly Court system. He had turned into a tear at the corner of Qin Mu's eye.

Now, he understood what great change had felt back then.

Wei Suifeng, Yun Jianli, and the rest were slightly stunned as they looked at Hua Xuanxiu.

Yun Jianli probed, "Heavenly venerate, you mean these three realms exist?"

Qin Mu nodded.

Wei Suifeng shook his head. "We have already tested them, but they don't exist. "On the other hand, the realms of East Heaven Gate, West Heaven Gate, and North Heaven Gate do exist. "However, these four great heaven's Gate realms each have their own strengths, so the subtleties within still need to be studied in depth."

“Ming De, Dan Feng, and sky bearing, these three realms exist.”

Qin Mu said, “Heavenly Palace’s heavenly court cultivation system was created by celestial emperor, but he had only just begun. With his outline, he gradually perfected it after the era of dragon and Han, gradually filling up the entire heavenly palace. “Only until today has he slowly filled up the entire heavenly court, but until now, there hasn’t been a single existence that has truly cultivated it.”

Wei Suifeng and Yun Jianli nodded in agreement. Wei suifeng asked, “Then why did you determine that these three realms exist?”

“Because of the cultivation system of Dao Realm.”

The few of them were stunned. Yu Chudu was a little dizzy and felt that he couldn’t keep up with Qin Mu’s thoughts.

“The Heavenly Palace system focuses on cultivation, magic power, and power. It doesn’t have any comprehension of the Dao. You all have noticed this, right?”

Qin Mu said unhurriedly, “And the Dao realm system focuses on the comprehension of the Dao, one realm, one heavens. “In that case, does the heavenly palace really not have any comprehension of the Dao? “I feel that the four great heavenly gates are the gates to enter the Dao. Once you enter the Four Great Heavenly Gates, you can enter the Dao. This is the true essence of the Heavenly Palace system. Because Celestial Emperor Yu died, no one was able to excavate this true essence, which is why they walked on the abnormal path of cultivation that purely focuses on power.”

Wei suifeng frowned, “When I was experimenting with my primordial spirit passing through the other three heavenly gates, I did indeed feel something strange. I had a feeling of comprehending the path... However, I didn’t have the feeling of comprehending the path of the three gates of Mingde, Danfeng, and sky bearing.”

“This is because the three gates of the Heavenly Court of Longhan are all fake. They only appear on the surface, but not in reality.”

Qin Mu roused his spirit, “Not only are these three gates fake, even the four great heavenly gates such as South Heaven Gate couldn’t contain the rules of the Great Dao of the real four great heavenly gates. “The real heavenly gates are in the ancestral court, while the real Jade Lake, God execution platform, and Jade capital city are also in the ancestral court!”

Yun Juanshu and Wei Suifeng were deep in thought.

“If there’s one person who can perfectly fuse the Dao realm and the heavenly palace system, if such an existence isn’t a heavenly venerable, then who is?”

Qin Mu flicked his sleeves and said coldly, “The so-called ten celestial venerables of the Heavenly Court, other than heavenly venerable vast heaven and heavenly venerable fire, the others only possess formidable power and have no achievements in perfecting the Cultivation System!”

“The Celestial Venerable I’m talking about is an existence like heavenly venerable Longhan and seven celestial venerables, an existence like founding emperor who had opened up Dao realm, an existence like Xu Shenghua who had opened up Heavenly River Divine Treasure, and an existence like me who had opened up ancestral court realm!”

“And there’s one such existence in Wen Dao College!”

His gaze landed on Hua Xuanxiu.

Everyone’s gaze also landed on Hua Xuanxiu. She jumped in fright and took a step back, almost tripping over her thigh bone that she had thrown on the ground.

“Heavens have mercy, her thoughts and thoughts aren’t completely restrained by your rigid thoughts and thoughts.”

Qin Mu said unhurriedly, “If I had come a few years later, she would have become like everyone else and become like all of you.”

Wei Suifeng, Yun Jianli, and Yu Chenzi were all very unhappy in their hearts, but they had to admit that they had indeed nearly stifled Hua Xuanxiu’s creativity.

On the other hand, Yu Chudu was very happy. He was Hua Xuanxiu’s teacher and had taught this little girl every day. He was very concerned about her growth.

“Other than Hua Xuanxiu, there’s also half a heavenly venerable in Dao College. Who’s the god that opened the other three Heavens Gate?”

Qin Mu's curiosity was piqued. "This person has opened half a realm, so he can be called half a heavenly venerate."

"It was made by Crown Prince Youming and Wen Yuan when they were learning divine arts, paths, and skills from Granny Si."

Yu Chenzi said, "Granny Si had a deep comprehension of the system of dao realm. Wen Yuan and Crown Prince Youming had learned the Dao realm of the divine arts from her and comprehended the system of North Emperor's divine arts, paths, and skills. Wen Yuan had always found it difficult to unleash North Emperor's divine arts to the extreme. Prince You Ming taught him, but the strange thing was that Prince You Ming was also unable to bring the divine arts of North Emperor to the extreme. Granny si originally thought it was because of her bloodline and had even taken Prince You Ming's blood to study it. In the end, she came to the conclusion that the root wasn't in her bloodline nor in her techniques. The three of them pondered over it for a long time and felt that there was something missing in the heavenly palace system."

Qin Mu listened and asked, "Wen Yuan? Which Wen Yuan?"

Yu Chenzi was astonished. "It's the young cult master of Your Heavenly Saint Cult. You are the old cult master and you actually don't know?"

"I became the old cult master?"

Qin Mu was dumbstruck and turned his head to look at Wei Suifeng with difficulty. "Eldest senior brother, when was I usurped? Why don't I know about this?"

#### **Chapter 1354:**

Wei Suifeng kept coughing. He was the founding patriarch of Heavenly Saint Cult, so heavenly saint cult indeed didn't inform Qin Mu about the new cult master.

Qin Mu stared at him, and Wei Suifeng coughed for a long while. He almost coughed up blood, but he still couldn't get away with it. He could only say, "You weren't usurped, but aren't you still alive and well?"

Qin Mu stared at him with a black face. "I just turned seventeen, and I've already become an old cult master? When did you guys cripple me? At least tell me!"

Yu Chenzi shut his mouth at the right time and didn't say anything more, 'Heavenly Saint Cult has always been a devil, yet they didn't even inform the old cult master about the establishment of the cult master. If it was any other sect, they would have long split up! This is their internal matter, so I can't say anything more.'

Wei Suifeng was helpless, "The matter of establishing young cult master was discussed by the Hall Masters, Elders, Heavenly Kings, protectors, and Saintesses of Heavenly Saint Cult. It was also approved by the past cult masters. As the former saintesses, Si Youyou also nodded his head! 'of course, when they came to ask me for advice, I also nodded my head...'

Qin Mu said angrily, "But I'm still alive, so establishing young cult master should have informed me first, right?"

"Who knows if you're Dead or Alive? Who knows where you are?"

Wei Suifeng was also enraged, he said angrily, "After becoming the sacred cult master, you've been running around everywhere. If you're not courting death, then you're courting death!"! When did you return to Heavenly Saint Cult? When you disappeared, everyone was guessing that there was a 50% chance that you were alive and a 50% chance that you were dead. Only when you appeared would they be able to determine whether you were alive or dead! We can't just wait for you to die before we appoint a young cult master, right?"

Qin Mu mumbled, "So be it, why are you angry? However, you should at least inform me..."

Wei Suifeng snorted, "Every time you return to eternal peace, have you gone to Heavenly Saint Cult?"? The Hall Masters originally didn't plan to appoint a young cult master, but every time you came to eternal peace, you would leave in a hurry and never deal with the affairs of the cult. When I came back, they found me and asked me to be the temporary cult master, so I naturally wasn't willing. Thus, everyone chose a young cult master to be the temporary cult master. "You are also familiar with this young cult master."

Qin Mu's heart moved slightly.

Wei Suifeng ordered people to invite Granny Si and Wen Yuan. After a moment, Granny Si brought a handsome youth with red lips, red teeth, and white teeth. Qin Mu hurriedly went forward to greet him and said, "Patriarch, long time no see."

The Youth Wen Yuan smiled and said, "Cult master, please don't be like this. I'm the Young Cult Master Now and you are the cult master. In name, I'm still your disciple!"

Qin Mu was dumbstruck.

This youth was the young patriarch of Heavenly Saint Cult. He had reincarnated at an unknown time and became a youth. Furthermore, he had become his nominal disciple!

Granny si blinked her eyes and smiled, "Wen Yuan isn't bad now and is also very outstanding in Dao Wen Courtyard. Of course, I'm Mu'er's teacher and also his patriarch."

She was rather proud in her heart.

Back then, Wen Yuan was her patriarch and he always had the appearance of a youth, hence he was called Young Patriarch. Now that the wheel of fortune had turned, she became Patriarch Wen Yuan's patriarch!

Everyone reminisced about the past and granny si said earnestly, "Wen Yuan, strive to get rid of the old cult master as soon as possible and you will be the new cult master!"

Qin Mu chuckled, "I'm afraid there's no hope in this life..."

Granny si glared at him fiercely, and Qin Mu immediately shut his mouth.

Yu chenzi coughed and said, "Everyone, let's continue."

He paused for a moment, "Granny Si, Wen Yuan, and Crown Prince You Ming studied it for a long time and felt that the problem lies in the process of crossing from Heaven Palace to South Heaven Gate. Thus, they began to experiment, trying to pass through North Heaven Gate with their primordial spirits. After their primordial spirits passed through North Heaven Gate, they comprehended a lot of paths and executed the divine art of North Emperor, finally entering Dao realm smoothly. Granny Si, Wen Yuan, is this the case?"

Granny Si and the young Wen Yuan nodded.

"We told this matter to the others in the Wen Dao College. Hence, many people began to experiment, developing the functions of the four great heaven gates bit by bit," said Granny Si.

Yu Chenzi said, "Now, the system of the Four Great Heaven Gates has basically been completed by the gods of the Wen Dao College. It's just a little strange. Many people can comprehend dao when they pass through the four heaven gates, but they can not enter the Dao. The probability of entering the path is very low. One or two out of a hundred gods is already considered amazing. "In the end, it still depends on one's talent."

Qin Mu walked around in silence. The realm of the Four Heavenly Gates wasn't created by Granny Si and Prince You Ming, but by gathering the geniuses of Dao Wen Academy.

Granny Si, the Youth Wen Yuan, and Prince You Ming were the pioneers. They had made up for the shortcomings of South Heaven Gate on the basis of the original South Heaven Gate.

They couldn't be considered half celestial venerables, but to be able to make such an innovative move was already no small matter!

The people of Dao Wen Academy had a bright future. Granny si and Prince You Ming could be considered geniuses who had Integrated Dao realm and Heavenly Palace system. They were destined to occupy a significant position in the future cultivation system.

Their contributions to the future cultivation system weren't inferior to dao ancestor and great Brahma.

"What Dao College lacks is vision."

Qin Mu stopped and raised his head abruptly. "Hua Xuanxiu, Granny Si, Wen Yuan, Prince youming, as well as everyone who has contributed to the four Heavens Gate realm, follow me to the ancestral court this time!"

Wei Suifeng's eyes were bright as snow and he couldn't suppress the excitement in his heart.

Qin Mu took a glance at him and sneered. "Has big senior brother contributed to the four Heavens Gate Realm?"

"Yes!"

Wei Suifeng chuckled. "I founded Heavenly Saint Cult. Si Youyou is the former Saintess of my heavenly Saint Cult, Wen Yuan is the patriarch who imparted his skills, and Hua Xuanxiu is the disciple of my

disciple, even though my disciple is a little stupid. "If I hadn't founded Heavenly Saint Cult, not to mention Heavenly Saint Saintess and Heavenly Saint Patriarch, even heavenly saint cult master wouldn't exist!"

Qin Mu's aura instantly lowered by half a head, and he muttered, "If you want to go, then go. What's the point of bringing up such trivial matters? Our Heavenly Saint Cult has always respected the old and loved the young. At most, the new cult master would get rid of the former cult master..."

Everyone was ready to go. Now that the situation in the origin world was stable, there was no need for the experts of dao sniffing college to stay here forever. Following Qin Mu to the ancestral court to see the world was something worth being excited about.

However, Qin Mu didn't bring them out immediately. Instead, he waited for a few more days until village chief returned from Heavenly Venerate You's place. He even brought apothecary back.

"Heavenly venerate you has checked almost all the population of eternal peace, so it took you such a long time."

Village chief threw a small booklet to qin mu and said, "This is the result of heavenly venerate you's investigation. On it are all the eternal peace divine arts practitioners and gods that could be the reincarnation of the ten heavenly venerates of eternal peace! Apothecary, drink some tea."

The two of them sat down and slowly boiled water to make tea. From time to time, they would look at Qin Mu.

Qin Mu composed himself and flipped open heavenly venerate you's booklet. His expression gradually became solemn.

Heavenly venerate you's handwriting was on the booklet. The first few pages had the names of the ten heavenly venerates of the heavenly court, Hao, Xiao, Hong, ancestor, Lang, fire, Gong, Yan, Qiang, Xu. Behind their names., there were two to three reincarnations that looked like the ten heavenly venerates!

Each heavenly venerate had their own reincarnations, including heavenly venerate Hong and heavenly venerate fire, who had resisted the reform the most!

Even heavenly venerate Xiao, who had been killed by Qin Mu, had a new reincarnation at this moment. It was also in eternal peace, and he was only a baby that had just been born two to three months ago!

Of course, heavenly venerate you's words on the booklet were only suspicious and couldn't be sure. The magic power of these heavenly venerates was extremely strong, and almost all of them were proficient in the Great Dao of Youdu, so even heavenly venerate you didn't dare to be sure. Furthermore, there were even people who had set up a trap in an attempt to deceive heavenly venerate you with others.

"These old cowards..."

Qin Mu gritted his teeth and saw that there were more than ten pages at the back of the booklet. He couldn't help being stunned and continued to flip through them.

### **Chapter 1355:**

The contents at the back of the booklet were the reincarnations of ancient gods like West Emperor, East Emperor, North Emperor, and so on. Apart from these ancient gods, there were actually the reincarnations of the other magnates of the heavenly court, and there were many of them!

Qin Mu was stunned. These high and mighty existences had always looked down on eternal peace reform and even dealt it a hundred blows. They looked down on it and made things difficult for it, strictly forbidding their disciples from coming into contact with eternal peace reform.

However, those who came into contact with eternal peace reform would all be executed!

As for themselves, they had secretly split a part of their soul and half of their soul to infiltrate eternal peace and absorb the nutrients of eternal peace reform!

If they were to be hypocritical, it was really hard to find someone who was more hypocritical than them!

"They have long made two preparations. If they win, it's fine."

Qin Mu clasped his hands together and closed the small booklet, a light sound rang out. "If they lose, they will transform and become the meritorious ministers of Eternal Peace's reform. They will steal the fruits of the reform and still hold high positions! Their power will never fall by the Wayside!"

He had a baleful aura on his face. After a moment, the baleful aura on his face gradually disappeared and his face was calm.

The huge heads of heavenly court had reincarnated into eternal peace. As long as these people didn't occupy the high positions in eternal peace, they could just let them go and ignore them.

However, as long as they wanted to climb up to the high positions and seize the power of eternal peace, they had to be eradicated!

Village chief and apothecary drank tea while looking at his expression. Village chief said in a low voice, "The matter that was settled with one sword, Mu'er's expression is still uncertain. He has let down the name of heavenly venerate."

Apothecary nodded his head. "The matter of a bag of medicine isn't troublesome."

"If it were butcher, it would be a matter of one knife."

"Deaf can also turn them into flat surfaces."

The two of them mocked Qin mu one after another. Qin Mu was already used to their jealousy and silently memorized the contents of the booklet before throwing it to them, "You say it's simple, then let the two elders handle it."

Village chief and apothecary's expressions changed slightly. This booklet was like a hot potato, they could accept it or not.

Killing the reincarnation of heavenly venerate was simple, but heavenly venerate's revenge would be too terrifying!

Qin Mu said solemnly, "Heavenly venerate you isn't sure which one is the true identity of the reincarnation of tenth heavenly venerate, so tenth heavenly venerate doesn't need to deal with them for the time being to avoid killing the wrong person. As for the others, they only need to monitor them. As long as they don't go overboard, there's no need to pay attention to them. "Also, we have to tell Emperor Yanxiu about this so she can be mentally prepared."

Only then did village chief relax and put away the booklet. "After you kill heavenly venerate Xiao's two reincarnations, the other heavenly venerates will be alert and won't offend you. They shouldn't do anything out of the ordinary."

Apothecary nodded.

Qin Mu had shot ten arrows to kill heavenly venerate Xiao's two reincarnations. Even ten heavenly venerates had to carefully consider whether they should seize eternal peace's power under Qin Mu's eyes.

"There's one thing you still need to carefully consider, Mu'er."

Village chief said slowly, "The death of the Vermillion Bird of South Emperor was because ten heavenly venerate was slowly nibbling away at the power of South Pole Heaven and replacing the middle and lower levels of south pole heaven with their people bit by bit. "In the end, the upper levels of South Pole Heaven were also replaced, so when fire heavenly venerate attacked South Pole Heaven, he didn't encounter any resistance. "They have a lot of patience."

Qin Mu was stern. "I'll take care of it."

Wei Suifeng, Granny Si, and the rest were already prepared. Eternal Peace's ship was about to set sail, and just as Qin Mu was about to board the ship, he suddenly saw a ray of light flash across spirit energy mutual shift bridge. Someone had descended from the celestial heavens.

Qin Mu stood at the bow of the ship and focused his gaze on the spirit energy mutual shift bridge. He saw a beautiful girl jump out from the light on the sacrificial altar. She jumped down from the sacrificial altar and swung her two long ponytails, it swept past her buttocks.

Qin Mu was slightly stunned. "Yun Chuxiu... why did she come to eternal peace again?"

That girl was the reincarnation of Madam Yuan Mu who had transformed into the god King of Lang City, Yun Chuxiu. When she saw Qin Mu and the ship from afar, her eyes lit up and she immediately rushed over.

"Absolutely Wuchen!"

Wei Suifeng's hair stood on end. He had seen absolutely wuchen countless times on ghost ship, so he definitely wouldn't be mistaken!

Qin Mu said in a low voice, "It's Madam Yuan Mu, and Jue Wuchen has fallen into the hands of concubine Yan."

Wei Suifeng was slightly stunned, and Qin Mu had already flown out of the ship to welcome Yun Chuxiu. He smiled warmly and said, "Sister Chuxiu, what wind has brought you here? Just a while ago, the origin world was so lively, and it's a pity that you didn't participate."

Yun chuxiu stretched her head out to look at the ship behind him. Qin Mu blocked in front of her, blocking her line of sight.

"Acting sneakily, he definitely isn't going to do anything good!"

Yun chuxiu giggled. "I had originally planned to come over as well. I've already prepared a divine weapon, celestial venerable royal. I plan to make a domineering appearance to intimidate ten celestial venerables and dominate the entire origin world!"

Qin Mu jumped in fright. The divine weapon of ten celestial venerables had their uses. If Madam Yuan Mu had used it to descend, she would definitely have suppressed everyone and made ten celestial venerables not dare to fight with her for the origin world!

Yun chuxiu sighed. "But on second thought, if I had controlled the divine weapon to descend, the ten heavenly venerables would have discovered that there were eleven heavenly venerables in the Heaven Court. That would have been terrible. "They would have dragged me out. "I could only give up on this thought and watch you guys flaunt your might."

She sighed again and again, feeling extremely vexed that she couldn't participate in such a fun matter.

Qin Mu smiled and asked, "Then why did sister Chuxiu come to the origin world again?"

Yun Chuxiu's face was filled with worry, and she looked like she was about to cry, she sobbed, "I heard in the Heaven Court that her true body had run out! "That Death Lover had released her true body, causing her true body to stir up trouble everywhere. Who knows how many people are staring at her true body, planning to show her off!"

The corners of Qin Mu's eyes twitched.

Madam Yuan Mu's true body was indeed lost. Of course, he didn't release it on purpose, but a corpse demon was born from Madam Yuan Mu's true body and the corpse demon ran away by itself.

“A dead lover has occupied her true body for more than ten years. When you get tired of it, you throw it away like trash! Men are all traitors!”

The More Yun Chuxiu spoke, the sadder she became. She wiped away her tears and said, “There’s still a little demon in her true body who uses her name to stir up trouble and asks me if I’m Beautiful? Ruining my reputation. I’m naturally extremely beautiful.”

Qin Mu’s expression was strange. That corpse demon had such a hobby?

Yun chuxiu sighed. “If you answer beautiful, she’ll be very happy and eat you up. If you answer ugly, she’ll be very angry and eat you up. If you don’t answer, she’ll still eat you up. It’s too damaging to my reputation!”

She shook her head repeatedly and stuck her head out to see who was on Qin Mu’s ship.

Qin Mu continued to block in front of her, “Then why aren’t you rushing over? Your Body doesn’t have your consciousness or primordial spirit. If someone were to notice this, wouldn’t they snatch your corporeal body and use it to threaten you?”

Yun chuxiu blinked her eyes and giggled. “I’m not in a rush anymore. I want to see where you plan to go. You’re so careful against me, so you must have your own plans.”

Qin Mu said solemnly, “I plan to go to the ancestral court. There’s one more thing I forgot to tell my sister. I’ve already returned Empress Dowager’s corporeal body to her, and I even gave her a dustless corporeal body as a gift.”

Yun Chuxiu’s expression changed drastically, and she said coldly, “She obtained a corporeal body? Why didn’t you say so earlier?”
