

Tales of Herding Gods Chapter 1356-1360

Chapter 1356:

Yun chuxiu left in a hurry.

Qin Mu watched her leave before he let out a sigh of relief and returned to the ship.

Wei Suifeng asked in a low voice, "Is that Madam Prime Minister? Why does it look like her tail has been stepped on?"

Qin Mu explained the whole process and said, "If Empress Empress Empress had obtained her corporeal body, she would be in danger. They are ancient gods born from the twin lotuses."

Wei Suifeng thought of the twin lotuses in great abyss of returning ruins and suddenly asked, "Can empress dowager and Madam Yuanmu merge to become an ancient god?"

Qin Mu was stunned. Even though Wei Suifeng's idea was strange, it wasn't impossible.

If Empress Dowager or Madam Yuanmu got their corporeal bodies and fused the path of returning ruins into one, wouldn't it mean that the power of the two ancient gods of Dao Sheng had completely merged and they had become existences like Heavenly Duke and Earth Count?

They might even be stronger!

Qin Mu suddenly thought of the crucial point. It was Empress Dowager's reincarnation, Consort Yan, and Madam Yuanmu's reincarnation, Shi Qiluo. Both of them were existences on the level of ten celestial venerables, even if their heavenly palaces weren't as many as heavenly venerables Hao and Xiao, they were probably not far from each other!

If they swallowed the other party, they would probably be able to immediately form a complete heavenly court realm and become invincible existences!

"However, back then when Madam Yuan Mu killed Empress Dowager, why didn't she swallow her directly and become an existence like Duke of Heaven and Earth Count in one go?"

Qin Mu was greatly puzzled and said, "This opportunity is rare, why would she ask senior brother to place empress dowager's corpse on the ghost ship instead?"

Wei Suifeng shook his head. "She didn't have the chance. Empress Dowager died in front of me. I led the strongest imperial guards, so I wouldn't give her the chance to swallow and refine empress dowager's corpse. More importantly, she didn't obtain the primordial spirit of the Empress Dowager. "Even though Empress Dowager is dead, her primordial spirit has escaped. Even if Yuanmu obtains the corpse of the Empress Dowager and devours the other party, she still can't merge into one body."

Qin Mu thought about it and nodded in agreement.

The paths, skills, and divine arts in the era of long Han weren't as flourishing as they were now. Even an existence like Madam Yuanmu would be beaten to a pulp by Wei Suifeng and the Yulin Royal Guards.

'The sisters have been fighting for their entire lives. I'm afraid that they will continue to fight. It's just that I don't know which of them will have the last laugh and become the most powerful existence in one fell swoop?' He thought to himself.

The ship sailed into the psionic mutual shift bridge and rushed to the ancestral court.

Yun chuxiu, on the other hand, was very clever. She hopped and hopped to the Wen Dao College and found Yun Jianli.

When Yun Jianli saw her, he could not help but feel a headache. When he remembered that his adopted sister was Madam Yuan Mu, he began to grumble in his heart.

Yun Chuxiu didn't let go of him and begged, "Brother, there's a little slut who wants to snatch your adopted sister's treasure. You have to stand up for your adopted sister!"

Yun Jianli's hair stood on end and he quickly said, "Great Aunt, let go of me! If you have anything to say, just say it. Which Little Slut is it? I'll go and tear her apart!"

Yun chuxiu gritted her teeth. "That little slut, concubine Yan Tian!"

Yun Jianli shivered and pleaded, "How would I dare to provoke a heavenly venerate? Please spare my life!"

“Then, you dare to provoke me?”

Yun Chuxiu’s face darkened, then, she smiled and said, “Don’t worry. This time, the little slut sent her kitten to look for trouble with me. That kitten is only in the skyscraping realm, so it won’t be difficult to deal with him. “Moreover, I still have Little Sisters. Di de Yuan Jun and Emperor Yanxiu are my sworn sisters. I’ll go and look for them. You come with me.”

Even though Yun Jianli had always been extremely bold, his face couldn’t help but turn ashen at this moment as he was dragged by her to look for Gongsun Fu.

When Gongsun Fu heard the reason for their visit., “I want to guard Earth Virtue Heavenly Palace and can’t accompany big sister, but I have a great expert of Ling Xiao’s perfection realm here called Feng Qiuyun. If she goes with you, she should be able to deal with that corpse demon.”

Yun chuxiu planned to look for Ling yuxiu again, but Gongsun Fu smiled. “All the experts of eternal peace have been brought to the ancestral court by heavenly venerate Mu. Even if you see fourth sister, she won’t be able to get any experts to help you.”

Yun Chuxiu could only give up and wait for Feng Qiuyun to rush over before they moved out.

More than ten days later, they arrived at a battlefield where the two heavens were at war. The war had yet to begin and both sides were lined up in a neat formation, looking solemn and murderous.

The three of them were just about to fly over when they suddenly froze. They saw that all the Fiendgods and divine arts practitioners on the battlefield were headless corpses!

“What kind of monster is causing trouble?”Yun Jianli cried out involuntarily.

Yun chuxiu sighed. “It’s precisely the corpse monster in my body that’s causing trouble. The little fairy must have comprehended a portion of the Great Dao laws in my body, which is why she was able to silently take the lives of so many people.”

Her long sleeves fluttered as she bit her nails, displaying the demeanor of a young girl.

Yun Jianli and Feng Qiuyun both shuddered.

Feng Qiuyun was experienced and knowledgeable. She thought of the crucial point and said in a deep voice, "Then, Celestial Master, as the owner of the sinkhole, is your body responsible for destruction or creation?"

Yun Jianli came to his senses and looked at Yun Chuxiu. Yun chuxiu giggled. "Of course it's creation!"

"Heavenly emperor absolute beginning will only marry a goddess who controls creation. He will not marry a goddess who controls destruction."

Yun Jianli said, "The Empress is the ancient god of creation. You are the ancient god of Destruction!"

Yun chuxiu giggled again. Yun Jianli frowned and looked around vigilantly. He thought to himself, "The corpse demons born from the ancient god of destruction must have an extremely strong desire to destroy!"

They passed through the battlefield. There were headless bodies on both sides, giving people goosebumps.

Suddenly, Yun Jianli saw a white cat pass through the crowd of corpses. His heart stirred and he gave Feng Qiuyun and Yun chuxiu a look.

The three of them quietly followed. The white cat leaped as fast as it flew. They followed the white cat to the center of the Yuan world. They saw that there were more and more deities around them. What were these deities looking for? There were even Xiao Tian divine dogs!

There were even three-legged Golden Crows flying in the sky!

Concubine Yan was not the only one who had her eyes on Yuanmu's body.

"Am I Beautiful?"

Suddenly, a voice sounded. Yun chuxiu hurriedly chased after it, but she was a step too late. She saw that the few deities who had tracked them here had already died. They had lost their heads!

"Am I Beautiful?"

Another voice sounded. Before they could rush over, they heard a scream. Following that, they heard more and more questions. There were more and more screams in the surroundings!

Cold Sweat broke out on Feng Qiuyun's forehead. Yun Jianli also looked as if he was facing a great enemy. Suddenly, a cat meowed. Then, a white cat jumped over their heads and ran away in a Panic!

"Even the cat from concubine Yan's family is no match for the corpse demon!" Yun Chuxiu's expression also changed.

The surroundings were silent. There was no sound. The three of them tried their best to keep their breathing steady and did not move.

After a long while, a voice suddenly came from Yun Jianli's neck. The woman's breath sprayed onto his neck and blew at his hair. "Am I Beautiful?"

"Let me take a look first before I know if you are beautiful or not?"

Yun Jianli suddenly turned his head and his face was almost touching the face of the Yuanmu Corpse Demon.

The Yuanmu Corpse Demon was very beautiful. It smiled sweetly and opened its mouth like a huge abyss!

At this moment, a hand suddenly reached over and the Yellow Talisman was stuck on the corpse demon's face.

The corpse demon did not move after being stuck with the yellow talisman.

"Heavenly venerate you!"

The three of them quickly looked over, but it was not heavenly venerate you, but Crown Prince Ming Ya. Crown Prince Ming ya glanced at them and said, "I was ordered by heavenly venerate you to suppress the corpse demon. Heavenly venerate you wants to use this corpse demon to intimidate the Yuan world. I'll Take It!"

Chapter 1357:

"The corpse demon is my physical body!" Yun Chuxiu could not help but feel anxious.

Crown Prince Ming Ya did not care about it. He flew up with the corpse demon and disappeared.

"Chase after him!" Yun Chuxiu was both angry and anxious.

The three of them hurried over. When they arrived at heavenly venerate you's territory, Yun Chuxiu immediately flared up and said angrily, "Heavenly venerate you, why did you take over my physical body? You are all alone. Could it be that you want to molest the Heavenly Monarch's woman?"

Heavenly venerate you could not stand seeing her so fierce. Moreover, Yun Chuxiu used Jue Wuchen's appearance. When Jue Wuchen appeared back then, he had also coveted Jue Wuchen's beauty.

Now that he saw Yun Chuxiu, heavenly venerate you could not say anything. He waved at Yun Jianli.

Yun Jianli quickly ran over. Heavenly venerate you whispered a few words into his ear. Yun Jianli nodded and ran back to tell Yun Chuxiu, "Saint King Ren said that you can have this body too. You have to give something in exchange."

The anger on Yun Chuxiu's face disappeared. She smiled and said, "Then what does heavenly venerate you want in exchange? I Can't let him accompany you for one night. He is one of the heavenly emperor's men."

Yun Jianli ran over again. Heavenly venerate you whispered a few more instructions. Yun Jianli ran back and said, "He wants to use Madam's hands to repair heavenly venerate divine weapon, heavenly venerate royal."

Yun Chuxiu was originally smiling, but when she heard that, her expression changed drastically. She sneered and said, "Repair divine weapon, heavenly venerate royal? Is it the divine weapon, heavenly venerate royal, that you guys snatched from Youdu? Dream On! With the divine weapon, heavenly venerate royal, how can we kill Earth Count?"

Heavenly Master you did not say a word. He waved his hand and was about to give the Yuanmu corpse demon to Xie Wuqi. Xie Wuqi roared and reached out his hand to grab Yuanmu's body. Saliva dripped from the corner of his mouth, as if he wanted to tear madam Yuanmu into pieces.

Yun chuxiu sighed and said, "You, you! Quickly stop, I'll obey you!"

Heavenly Master You took back the Yuanmu Corpse Demon.

Yun Chuxiu looked at her own body and then looked at Heavenly Master You. She sneered and said, "You're an honest person, heavenly master you. Your actions don't seem like you! Who gave you such a bad idea? Is it Heavenly Master Mu?"

Celestial Master You Silently put on the ghost mask so that she could not see her expression.

Yun chuxiu sneered and said, "I know it's him! Only he is so evil. I'm afraid it was his idea that you brought out Xie Wuqi and crown prince Ming Ya, right? You are offending Celestial Master Hao to death!"

She turned around and left. "I will go to Youdu and fix that divine weapon, Celestial Master Royal. When that time comes, if you don't return my body and dare to ask for anything, I will personally come and kill you!"

Celestial Master You lifted his mask and sighed. His old face was full of wrinkles.

Yun Jianli asked curiously, "Was it really Celestial Master Mu's idea?"

Celestial Master you nodded helplessly, he said, "Celestial Master Mu knew that Madam Yuan Mu was an existence that controlled the creator's Heavenly Palace and the divine weapon of creation. Hence, when he left Youdu, he gave me an idea. He wanted me to use the corpse demon of Yuan Mu to threaten her and force her to repair the divine weapon of Youdu, Celestial Master Royal. "This idea really worked."

Yun Jianli hesitated for a moment. He looked at Crown Prince Ming Ya and Xie Wuqi and asked in a low voice, "What about them?"

"Crown Prince Ming Ya entered Youdu on his own accord. He begged me to allow him to see Xie Wuqi."

Celestial master you said, "He found out that the heavenly emperor in the Heavenly Court was fake. It was the tenth Celestial Master who created the body of the heavenly emperor, so he was terrified. His elder brother, heavenly venerate Hao, was also among the ten heavenly venerates, so he did not dare to

stay in the heavenly court for even a moment. All these years, he had been hiding in Youdu with Xie Wuqi. "Xie Wuqi is his elder brother."

Yun Jianli looked at Xie Wuqi and the crown prince of Mingya. The crown prince of Mingya was taking care of Xie Wuqi, and Xie Wuqi would only go crazy when facing him.

Now, the 'two brothers' were relying on each other.

"If Xie Wuqi doesn't die, he will probably be a part of the ten heavenly venerables, but it's a pity that there are no 'ifs' in history," Yun Jianli said with a heart of separation

On the other side, Qin Mu's ship sailed into the ancestral court. This ship represented the highest achievement in eternal peace's forging. The pill furnace could already be refined to a very big size, and the speed of the ship had also greatly increased.

However, even though there were many skilled craftsmen in eternal peace, they were still unable to forge warships that were like floating land like the ones in heavenly court or founding emperor era.

Founding Emperor era represented the highest level of skill in the path of forging, which was carefree village and Nirvana Ark!

To forge such warships, what was needed wasn't just the path of forging, but a strong country with incomparably vigorous national strength!

The warships of the heavenly court also had such standards. Even though the path of forging of the heavenly court couldn't compare to founding emperor era or eternal peace, the foundation of the Heavenly Court was too vigorous.

The financial resources of founding emperor era could only forge two huge warships like Nirvana Ark, but there were dozens of similar warships in the Heavenly Court!

The ship sailed past the sky of the ancestral court, and Qin Mu looked down to inspect the geography of the ancestral court.

Wei Suifeng, Granny Si, Hua Xuanxiu, and the crown prince of youming were all amazed by the magnificence of the ancestral court. The scenery here was breathtaking, and the huge primordial beasts that flew past the ship were even more astonishing.

The ship flew past the sacred grounds of all kinds of divine mountains, making their eyes go blank. Exclamations could be heard from time to time on the ship.

Qin Mu frowned. The territory of the ancestral court was incomparably vast, so it wasn't easy to find the location of the four great heavenly gates.

'I should make a trip back and invite Uncle Jun. . He'll most likely know the location of the four great heavenly gates of the ancestral court. If not, I don't know when I'll be able to find it if I keep searching like this.'

He hung up heavenly venerate Moon's lantern, and in a few days, the ship sailed to one hundred thousand Black Mountains.

The Dragon Qilin and Yan 'er hurriedly came out to welcome him. Suddenly, the dragon qilin saw young Wen Yuan and couldn't help being stunned. He threw Qin Mu away and went straight for him.

Qin Mu felt a pang of sorrow in his heart. 'a new generation is stronger than the old, so I'm probably really old...'

The Dragon Qilin made out with young Wen Yuan before running back. He said carefully, "Cult master..."

"Call me old cult master."

Qin Mu said listlessly, "Where's first ancestor and the other human emperors?"

"I've lost them," the dragon qilin said even more carefully.

"Lost?"

Qin Mu was astonished and smiled. "They went to tame the huge beasts, right? Where's Shu Jun?"

The Dragon Qilin said in a low voice, "They were also lost..."

Qin Mu was slightly stunned and looked at him carefully. He raised his left eyebrow and raised it. "Where are Jiang Yunjian and the others?"

The Dragon Qilin looked sad. "They were lost along with Xu Shenghua, Lan Yutian, and the others."

Qin Mu composed himself and looked inside the hundred thousand Black Mountains. There were still quite a number of gods here. The ones who were mining and refining treasures were only the backbone of the ancestral court!

"How did they lose it?"

Qin Mu asked with a hoarse voice, "They took advantage of the night to go out?"

The Dragon Qilin immediately shook his head. "They weren't as bold as cult master, so they didn't dare to go out at night. It was Shu Jun who had said that he had a way to enter the back of the ancestral court and capture the huge beasts there. The primordial huge beasts there were stronger, so they all ran to the north of the ancestral court..."

Qin Mu let out a sigh of relief. As long as they didn't go out at night, they could still be saved.., he then said coldly, "Shu Jun doesn't know how to summon in reverse. I've never taught him such a method. In this world, besides me, there's also god King of this land, and the other is you!"

The dragon qilin lowered his head and said in a low voice, "Shujun said he wanted to go to the back of the ancestral court. There's the strongest beast in the world, Long Xiao, but they don't know how to go there. I love to show off, so I passed it on to him..."

Qin Mu's vision went black, and he composed himself.

The most knowledgeable person in this world, apart from him, was the dragon qilin.

Otaku pig was on the high-speed train, heading straight for Nanjing to participate in the network literature chapter of Jiangsu Influence Summit... he would only be back tomorrow, and he would try his best to write and fight for it!

Chapter 1358:

What Qin Mu had learned, learned, understood, understood, and comprehended had never been hidden from the dragon qilin. The dragon qilin more or less knew all kinds of knowledge.

Reverse summoning divine art was a divine art that Qin Mu had created by modifying the summoning divine art of the Creator.

The summoning divine art was a divine art that used the strong divine consciousness as the base point to summon a huge beast to descend.

The reverse summoning divine art, on the other hand, used the huge beast as the base point to summon itself to the side of the huge beast.

Back when Qin Mu had created this divine art, the Dragon Qilin and Yan 'er had also been there. There was also the previous spirit Luo Xiao, the great Hong transformed by Supreme Emperor, and Gu Xiao transformed by heavenly emperor. However, only the dragon qilin could help Qin Mu design and build the summoning altar.

The only one who had learned the reverse summoning was the dragon qilin. When the Dragon Qilin had taught uncle Jun the reverse summoning divine art, uncle Jun must have brought first ancestor, Lan Yutian, Xu Shenghua, and the rest to summon them to the back of the ancestral court!

'they are all fellows who make people worry. That Long Xiao is someone to be trifled with? That's a fellow whose corporeal body is on par with heavenly venerate...'

Qin Mu couldn't help shaking his head. This was definitely uncle Jun's rotten idea. Uncle Jun had always coveted long Xiao, wanting to subdue him and turn him into his own huge beast. However, he didn't have the confidence to do it alone, which was why he called first ancestor, Lan Yutian, Xu Shenghua, and the rest.

"How long have they been gone?" Qin Mu asked.

"Three months."

"Three months?"

When Qin Mu heard that, he wasn't in a hurry anymore. He got everyone on the ship to get down and fix themselves. Wei suifeng asked, "Junior brother, aren't you going to save them?"

“They have already been gone for three months. If they were to die, they would have died long ago. If they had lived for three months in the back of the ancestral court, they would definitely be able to hold on for a period of time. There’s no need to be in a hurry.”

Qin Mu smiled and said, “I have to make sufficient preparations. If I were to rush over, I would end up in the same situation as them.”

Wei Suifeng was silent for a moment before saying bitterly, “I’ve been trapped on Ghost ship for so many years and kept asking you to follow the map to save me. You never came and didn’t follow the map either. Is that the reason you mentioned just now?”

Qin Mu laughed loudly and walked into the distance. He said in a clear voice, “Old brother Great Yi, old sister Great Yi, where are you? This little brother has come to pay his respects!”

Wei Suifeng sent him off with a black face and gritted his teeth. “Qin Beast!”

“Yeah, what a beast!”

Prince Youming came to his side and looked at the azure sky canopy. His gaze landed on Yan ‘er and then moved from her to the Dragon Qilin. He said angrily, “That B * Stard couple has finally found you guys! Itinerant Dragon Mountain!”

The dragon qilin trembled in fear and hurriedly turned his head back. When he saw Prince Youming chasing after him, he immediately shook his body and transformed into the dragon-headed and human-bodied itinerant dragon mountain. He knelt on the ground and said loudly, “Apology –”

Yan ‘er also knelt down in a panic, side by side with the Dragon Qilin. “My husband and I apologize to you, Daoist brother!”

The Youming crown prince descended to the two of them in an uncontrollable rage, but he could not do anything to them.

The Dragon Qilin and Yan ‘er had indeed stolen the azure heaven glazed pavilion, causing him to be suppressed by the northern emperor and the black tortoise couple for 600,000 years. However, the Dragon Qilin and Yan ‘er had also saved the hundreds of thousands of black tortoise clansmen of the Black Tortoise Heavenly Palace and saved his life.

More importantly, the fact that black tortoise had suppressed Prince youming had little to do with the theft of the glazed Azure Heaven stronghold. At that time, Prince Youming had people like son of Yin by his side who were prepared to plot against him and the northern emperor at any time.., plot against the North Pole Heaven.

If they hadn't imprisoned Prince youming, he would have died long ago.

He had been able to break free from the suppression because Qin Mu had pleaded for mercy. After breaking free, he had left the North Pole Heaven and met son of Yin on the Heavenly River. He had almost been framed by son of Yin again and stuffed into the heavenly emperor's harem.

It was also fortunate that the Divine Art Qin Mu had left for him had displayed its power, allowing him to see son of Heaven Yin's face clearly and avoid the great calamity of the North Pole Heaven.

"Please Rise."

Prince You Ming regained his calm and helped the two of them up, he smiled and said, "I was the one who lost my composure just now. "I was originally from a rich family and used money to make friends with others. I didn't know what true friendship was. "Only after reaching eternal peace did I understand what friendship was. "Even though the two of you have seized my azure heaven glazed building, you have also done me a great favor. There's no need to be like this."

The Dragon Qilin and Yan 'er took advantage of the situation and crown prince youming smiled. "Even though the Azure Heaven glazed building is heavy, the weight in my heart is no longer that heavy."

Wei suifeng came to his side and said, "Crown prince's frame of mind has improved again. As expected of the most outstanding person in the era of long Han."

During the long Han era, when the youming crown prince cultivated to the throne, there were no more than ten emperor thrones in the world. Later on, there were many famous figures, such as heavenly venerate Xiao, heavenly venerate Hong, heavenly venerate gong, and heavenly venerate Yan, and they were all unimportant figures.

Back then, only heavenly venerate Yun, heavenly venerate Haotian, heavenly venerate Huo, Heavenly Emperor Langxuan, ancestral god King, and a few other figures were able to stand shoulder to shoulder with him.

Northern Emperor Xuanwu had suppressed the young crown prince for 600,000 years. Back then, he was a minor figure who could not be compared to him. Now, he was famous throughout the world and had become a heavenly venerate. Even son Yin Tianzi had become the ruler of the northern sky, standing high and mighty.

Wei Suifeng admired the young Crown Prince's state of mind for being able to experience great ups and downs and still maintain a normal state of mind.

The young crown prince said with a smile, "If I had not been suppressed by Northern Emperor, I would not have lived until the end of the Longhan era. I would not even have been able to live, much less become an existence like the tenth heavenly venerate. The wisdom of the current tenth heavenly venerate is far from what I can match up to. Only an existence like heavenly venerate mu can fight against them. One of their schemes and tricks can cause me and the Arctic heaven to be eternally doomed. I know my own limits."

He recalled the experience of these 600,000 years and felt a myriad of emotions.

Back then, there were also many existences with extraordinary talents who were on par with him, such as crown prince Xie Wuqi and heavenly venerate yun. However, those who were as intelligent as him had also died.

Qin Mu, who was a person with low intelligence, had survived. He understood the reason behind it.

On the other side, Qin Mu had found Tai Yi who was repairing great black mountain.

Tai Yi was extremely old now, and his entire person had a wondrous and ancient aura. He was as old as the dao, but he also contained endless new life force in his old age.

Qin Mu's heart moved slightly, and he asked with a smile, "Dao brother, are you ready to meet Heavenly Duke and Earth Count?"

Tai Yi's appearance was withered, and his eyes were empty. He couldn't see any thoughts in his heart, giving off an extremely quiet feeling. "We can meet them now."

Qin Mu let out a sigh of relief and bowed. "Thank you for your trouble, Dao Brother."

Tai Yi shook his head. "I'm not meeting them for you, but I have my own plans. I want to borrow your palace to meet them."

Qin Mu said, "Dao brother, feel free to use it."

He came to the hundred thousand Black Mountains and executed his divine art. A gate of Heaven and earth rose from the ground. After a moment, the gate of Heaven and earth opened from the inside. Earth count's primordial spirit walked out and greeted Qin Mu.

Qin Mu bowed in return.

Following that, Heaven Duke's primordial spirit walked out of the gate and also greeted Qin Mu. Qin Mu returned the greeting. "Dao brother great change is already waiting for the two of you."

Heavenly Duke and Earth count looked at each other and held their disciple's greeting. They walked into the hundred thousand Black Mountains respectfully and followed Qin Mu to the center of the great black tree.

Suddenly, a bell that seemed to split the heaven and earth sounded out. Qin Mu, heavenly Duke, and earth count raised their heads to look, and their hearts trembled. They saw an incomparably ancient tree that was lush and green. It was floating in the universe, and the hall under it was Golden and resplendent, divine multicolored light poured out like a fountain, lifting up the great hall.

The three of them praised each other and came to the great hall with the heart of a pilgrimage. They walked up the steps and heard all kinds of dao sounds that were like the Yellow Bell and the grand lyre.

They had just returned from eating outside, and they had to wait twenty minutes for the fourth time.

Chapter 1359:

Heavenly Duke, Earth count, and Qin Mu looked around. The sights they saw and the Dao sounds they heard were all different.

What Heavenly Duke saw was a deeper level of Heavenly Dao, a higher realm that he had never comprehended before. What he heard was the sound of Heavenly Dao, which was even deeper than the heavenly duke that was born from it.

Earth count saw the Great Dao of Youdu, which was also as astonishing as what the Heavenly Duke had seen. The voice he heard was also so moving that it made people unable to help feeling like they were singing when they smelled it.

What Qin Mu saw and heard was different from theirs. What he saw and heard was a mess that was indistinct. He didn't know what it was, but he also felt that it was mysterious and difficult to understand.

The three of them had their own feelings. The Heavenly Duke and Earth count were rarely excited, but at this moment, they were abnormally excited. Their Dao Hearts that had been unmoving since ancient times couldn't be suppressed either.

Qin Mu had long gotten used to it, so he wasn't excited.

They walked all the way up and finally came to the door of the hall.

They looked into the hall and saw multicolored light swirling around like the tentacles of a jellyfish. They were like clouds that were slowly spreading out, exuding an indescribable holiness.

The hall no longer looked like a hall, but rather the place where all the great paths originated. Even if Qin Mu walked into it, it felt like it was his first time coming here.

This great hall was built by him and was his palace. Even though Qin Mu hadn't come here many times, he knew that the Great Hall was definitely not what it looked like now.

'mountains are not high, water is not deep. With the true sacred being great change in my palace, it has also become extraordinary and extraordinary,'he thought to himself.

The important thing was not the great hall, but the people in the hall.

The Heavenly Duke and earth count were even more astonished. Qin Mu's cultivation realm was still low, so the things he saw were not as deep as theirs. If he could see far, the scene they saw would be even more astonishing!

In Qin Mu's eyes, old man great change, who was surrounded by ten thousand paths, was like a withered tree that contained some life force. However, in the eyes of Heavenly Duke and Earth count, he was no trifling matter.

They seemed to see the origin of the universe, the origin of the Great Dao, an existence sitting at the peak of the Great Dao, imprinted eternally in the past, present, and future of this universe!

The Duke of Heaven and the Earth count came forward, bowed, and said respectfully, "Dao Brother."

"There's no need to be so polite, fellow Daoists."

The old man Tai Yi nodded slightly and said, "I already know the purpose of your visit."

The Duke of Heaven and the Earth count could not help but have ripples in their calm thinking. The earth count said, "Back then, the Great Dao told us that the one who wanted to get rid of the creator from the ancestral court was Dao Brother?"

Tai Yi nodded.

The Duke of Heaven and the Earth count looked at each other. The Duke of heaven said, "The heavens have good morals, why would daoist brother want to get rid of the Creator?"

"I don't want to get rid of the creator, but I want you to get rid of the Creator."

Tai Yi said, "My wish is good, but on the way to get rid of the creator, you each have your own ambitions and desires, and in the end, you want to exterminate the creator. And this is not what I want to see."

The Duke of Heaven and the Earth Count fell silent.

Selfishness.

They had indeed developed all sorts of selfishness in the process of eliminating the creator. Some became ambition, some became a desire for power, and some evolved into a desire for external things.

Thus, the ancient gods began to enslave the demigods and the postnatal races. Thus, the ancient gods began to feed on the demigods and the postnatal creatures, enjoying their sacrifices.

Thus, the ancient gods ruled over all the worlds in the universe, and they lost their original hearts.

Some of the ancient gods were originally created by the creator to serve the creator. Some were born from heaven and earth and raised thousands of ancient beasts to maintain order. Some were born from the Great Dao of Heaven and earth, they were in charge of the birth, aging, sickness, death, and the operation of the starry sky, as well as the creation and destruction.

Some were born from the will of Heaven and earth and descended from the egg to protect the world.

However, in the process of eliminating the creator, all the initial wishes gradually changed as their power increased.

After they eliminated the creator, they became another batch of creators, even more brutal creators.

The Duke of Heaven and Earth Count were silent for a moment. The Duke of heaven bowed and asked, "Dao brother, Will I succeed?"

Tai Yi asked, "What is your wish?"

The Duke of heaven said, "To get rid of the shackles of the heavenly axiom."

Tai Yi nodded and said, "You will succeed."

The Duke of Heaven was delighted.

The earth count also bowed and said, "Daoist brother, Will I succeed?"

Tai Yi asked, "What is your wish?"

The earth count said, "To get rid of the shackles of the Great Dao of Hades and become a living person."

Heavenly Duke frowned and looked at him with some confusion.

"You will succeed," Tai Yi said

Earth count revealed a look of joy.

Qin Mu was eager to give it a try and raised his hand. "Daoist brother Tai Yi, will I succeed?"

Tai Yi didn't answer.

Qin Mu said excitedly, "My wish is to promote the path of the saints and use the gods to restrict the power of the gods! To make the gods harmonious, to allow the path of the acquired realm to develop and surpass the innate realm. Only by making people rich would they be useful and have some achievements in their studies! "Let decadent people like tenth heavenly venerate be eliminated, let the fresh blood of new people continuously emerge! "Can it succeed?"

Tai Yi still didn't answer.

Qin Mu frowned and was about to ask another question when Tai Yi had already closed his eyes and fell asleep.

Qin Mu opened his eyes wide and Tai Yi's snoring gradually rose. Qin Mu said in a clear voice, "Why doesn't Dao Brother Say Anything? Dao brother, you live in my great Black Mountain, not to mention not paying the earth rent, even if I ask you, you won't Answer..."

Duke of Heaven and earth count bowed to Tai Yi and carried Qin Mu to the left and right. Duke of heaven grumbled, "Heavenly venerate mu, how can you use such a tone to speak to Dao Brother Tai Yi? He has become a person of the Dao, a person who has transcended, so you can't neglect him!"

Earth count also said, "He won't bicker with you, but you can't be impudent either. If this gets out, everyone will curse at you, and even I will have to write you down in the booklet!"

The two of them didn't say anything and carried Qin mu out of the Sacred Hall. Qin Mu's hands and feet were cold, he still asked the hall, "Daoist brother Great Change, can my wish succeed? Whether it succeeds or not, it's just a matter of nodding your head and shaking your head. Why didn't You Say Anything?"

The hall suddenly lost all the multicolored light and Dao Light, and great change had already left.

Qin Mu was at a loss.

Heavenly Duke smiled. "Heavenly venerate mu, Daoist brother Tai Yi is staying here with you. In the future, you will have plenty of opportunities to ask him, so why are you in such a hurry?" "Fellow Daoist Earth count, What's wrong with you?" "You have broken free from the shackles of the Great Dao of Youdu, so I can understand why you want to turn yourself into a living person?" "Humans have seven emotions and six desires, joys and sorrows, birth, old age, illness, death, and pain. We ancient gods break free from the shackles of the Great Dao to seek transcendence, not to use human emotions to bind ourselves!" "Your path has gone astray!"

Earth count put down Qin Mu, a smile appeared on his ugly face. "Dao brother, when you look down on all living things in the world, you are looking down on all living things. "When I look up at all living things in Youdu, I am looking up at all living things. "You look forward to transcending the Heavenly Dao, and I look forward to becoming all living things."

Heavenly Duke frowned.

Earth count said, "It was too easy for heavenly priest Mu to give us the opportunity to see him, so we asked him about it. Now that we have asked him about it, it's time to give him what he should have. Heavenly priest Mu, the horn of origin, I have already prepared it for you."

Heavenly Duke saw that he couldn't persuade him, so he could only put this matter aside for the time being, "Heavenly venerate mu, you want to refine the strongest divine eyes in the world, so I'll prepare the Heavenly Dao Crystal in my divine eyes for you. It can turn into the room in front of your divine eyes! Are You Ready?"

Qin Mu continued to look straight at the hall. After a moment, he retracted his gaze and said in a daze, "I'm Ready."

Chapter 1360:

Heavenly Duke and Earth count looked at each other and frowned.

They were also intelligent and knew the reason why Qin Mu was in a daze. Great change didn't Answer Qin Mu's question. Even though there were two explanations, one was success and the other was failure, from Great Change's performance, the probability of failure was higher.

Because of Heavenly Duke and Earth Count's questions, great change had answered success.

If Qin Mu would also succeed, great change didn't need to choose not to answer his question.

They knew that Qin Mu had also guessed the reason why great change didn't answer, so they were extremely depressed.

They also didn't know how to console this heavenly venerable mu. After all, this was the goal that Qin Mu had worked hard for his entire life. From the moment this youth came to disabled elderly village and the moment he and blind peed on the god statue., he had started to break the god in his heart.

From the moment he left great ruins and entered eternal peace, he understood the ideals of eternal peace imperial preceptor and Emperor Yanfeng, as well as the ideals of heavenly Saint Cult, he had chosen the goal of his entire life.

All his actions in his life had been in order to achieve this goal.

Tai Yi didn't answer and gave him a huge blow, almost crushing his dao heart!

If it wasn't Tai Yi but someone else, he wouldn't have been so dejected. It was precisely because this person was Tai Yi that he would be in such a state

His Dao Heart was damaged.

Qin Mu's eyeballs shook slightly, and he seemed to have recovered some of his spirit. He revealed a smile and said, "Dao brothers, I'm fine. You can start now."

Duke of Heaven and earth count looked at each other again. Earth count took out the horn of origin that had already been refined. This horn of origin was also a piece of the Horn of Earth count, and it had been refined by earth count with the Great Dao of Youdu for a long time.

Sixty-four markings of the Great Dao of Youdu appeared on the refined horn of origin. They started from the center of the empty space and radiated in all directions. They were like ruts, but also like the markings of radiation in the eyes of humans.

The land of Qin that Qin Mu had obtained the last time was also the Horn of Earth count. However, earth count hadn't refined the land of Qin to make eyes for Qin Mu, but to seal his devil nature.

And that horn was only an ordinary horn of earth count.

But this time, earth count had used his horn of origin to personally refine Qin Mu's iris, so it was naturally even more amazing!

Heavenly Duke also took out the Heavenly Dao crystal in his God's eyes. This Heavenly Dao crystal wasn't Jade, but it was extremely soft and transparent. It was almost as transparent as the sky!

The two of them made their preparations. Qin Mu opened the vertical eye in the heart of his brows and took out the egg of absolute beginning, but his expression was somewhat absent-minded, he said in a low voice, "Everything is done by man, isn't it? If you know the ending is already set, what fun is there in fighting... I'm an overlord body and will never admit defeat!"

Earth count shouted, "Heavenly Emperor Mu, don't let your imagination run wild at such a critical moment. Be careful not to cripple your eyes!"

A hint of a smile appeared on Qin Mu's face as if he had suddenly put down a huge rock. He hesitated for a moment before putting down the egg of absolute beginning.

The egg of absolute beginning was the birthplace of heavenly emperor absolute beginning after all. If he met Celestial Master Xiao again, wouldn't he have to dig out his eyeballs and use them to seal Celestial Master Xiao?

"If I want to do it, I'll do it in a big one!"

He dug out two pieces of great change's chaos eggs from the vein of his spirit embryo divine treasure, ancestral court, and took one of them. He circulated his magic power and stuffed it into his third eye!

Great change didn't tell him the result he wanted to know, and he had some thoughts of revenge even though the egg shell of primordial chaos was no longer of any use to great change.

He placed the egg shell properly, and earth count was the second to strike out. He struck the horn of origin into Qin Mu's vertical eye!

He then gently pushed it out, and the radiation patterns rotated like gears and slowly stopped.

Qin Mu took out Taiji raw stone, and it flew into his vertical eye, turning into a pupil.

Heavenly Duke followed closely behind and immediately filled the room in front of his vertical eye with the Heavenly Dao Crystal, branding it repeatedly with his own Heavenly Dao Path!

Earth count said solemnly, “Heavenly Venerable Mu, execute your pupils, and I’ll give you a helping hand!”

Qin Mu did as he was told and executed his vertical eye. The Taiji raw stone in his eye immediately rotated, and the yin and yang qi rotated faster and faster, turning into the path of Taiji!

Earth count executed the sixty-four Great Dao of Youdu at the same time and branded it repeatedly, working together with the Heavenly Duke to raise the power of his vertical eye!

After an unknown amount of time, the two saints dispersed their magic power and took a step back. The Yin and yang Qi in Qin Mu’s eyes also gradually calmed down.

The eye was filled with the aura of Heavenly Dao, the Great Dao of Youdu, and the Dao of Tai Chi. Just a single eye gave people the feeling that its power was not inferior to the treasure of heavenly venerate!

Heavenly Duke and Earth count revealed delighted expressions.

Heavenly Duke smiled. “Heavenly venerate mu, how’s the power of this divine eye? Can it match your original divine eye?”

Earth count was also looking forward to it. “Why don’t you activate it and let us witness the power of the combination of heavenly Duke’s power and Earth Count’s Power?”

“Alright!”

Qin Mu swept away the dejected aura from before and immediately closed his eyes. He only activated the vertical eye in the heart of his brows and opened it. His magic power surged into the eye and first activated the power of the chaos egg shell!

Heavenly Duke and Earth count waited for a moment, but they didn’t see any movement from the eye. They couldn’t help being puzzled.

Heavenly Duke coughed. “Heavenly venerate mu, you can execute the power of this eye.”

Qin Mu still didn't move.

Heavenly Duke reminded him once more, but he saw Qin Mu was extremely confused. He muttered, “I'm blind... I can't see anything with this eye! I can only see a patch of Chaos!”

The Heavenly Duke and Earth count were astonished, and they hurriedly checked each other. The irises and crystals they had refined for Qin Mu didn't make any mistakes, and there was nothing wrong with Taiji raw stone. Yet Qin Mu still couldn't see anything!

Not only that, threads of chaos qi even seeped out from the depths of his eyes, gradually causing Youdu's great dao to sink into chaos. The Heavenly Dao also quickly sank into chaos, turning the vast and boundless into chaos!

“Could it be the use of that eggshell just now?”

The two saints had no idea what to do, and heavenly duke probed, “Heavenly venerate mu, why don't you dig out this eye of yours and take out that eggshell to exchange for another primordial eggshell?”

Qin Mu hesitated, and at that moment, the little green sparrow that Yan 'er had transformed into flapped its wings and flew over. It held a leaf in its mouth and flapped its wings to hover in front of Qin Mu.

There was a drop of water hanging on the tip of the leaf, and it was crystal clear.

The drop of water fell off and slid into Qin Mu's eyes.

When the drop of water entered his eyes, the chaotic Qi in his vertical eye gradually dissipated, and the Great Dao of Youdu and Heavenly Dao regained their clarity. The Great Dao of Taiji in Taiji raw stone could also be clearly seen.

Qin Mu shook his head, and his vertical eye could see everything around him. Even the layers of void and even the underground of the great black tree could be clearly seen!

He could even see the Great Dao Constitution of Heaven Duke's primordial spirit and Earth Count's primordial spirit!

The eyelids in the heart of his brows slowly merged with the center and he closed his vertical eye.

"Many thanks to Daoist brother Taiyi!"

Qin Mu bowed, and when he came down, he stretched out his hand to take the leaf from Yan 'er's mouth.

The Little Green Sparrow hurriedly took the leaf and flapped its wings, then smiled. "Taiyi said it, but I can't give you this leaf. The leaf is the leaf of his dao tree, so giving it to you will cause a big problem!"
