

Tales of Herding Gods Chapter 1366-1370

Chapter 1366:

On the sacrificial altar of the hundred thousand Black Mountains of the ancestral court, Qin Mu's divine consciousness returned to his body and opened his eyes with a solemn expression.

When Granny Si, Wei Suifeng and the rest saw that he had returned safely, they were relieved.

Slap.

Granny si gave him a heavy slap on his butt.

Qin Mu rubbed his butt and was a little puzzled, but he didn't take it to heart, 'Long Xiao is strong and headstrong, so he definitely won't let uncle Jun, Lan Yutian, and the rest off. Looks like I need to personally go to the back of the ancestral court to save them.'

He let out a turbid breath. Even though Long Xiao was ridiculously strong, he still hadn't reached the height of ten heavenly venerates. Compared to ten heavenly venerates, he was still far inferior.

Furthermore, the back of the ancestral court was so rich, so ten heavenly venerates would definitely be moved by it.

When Wei Suifeng, the Dragon Qilin, and Crown Prince You Ming saw Qin Mu receiving a slap on his buttocks, they felt a wave of comfort in their hearts. However, they were worried about the safety of first ancestor, Xu Shenghua, Lan Yutian, and the rest.

"Don't worry, they are still alive. Long Xiao trapped them and didn't kill them. He just wanted to subdue them and make them his mounts. "This matter has a huge turning point because that fellow, Shu Jun, brought Great Emperor's head to the back of the ancestral court!"

Qin Mu waved his hand, and the nine sacrificial altars collapsed, turning into a stream of divine consciousness that returned to his mind, "Long Xiao can do anything to Shu Jun and the rest, but can he do anything to Supreme Emperor?" He asked solemnly? "Shu Jun brought Supreme Emperor's head to the back of the ancestral court, so Supreme Emperor must have discovered the richness of the back of the ancestral court as well as the powerful strength of the primordial behemoths."

“Supreme Emperor’s head?” Everyone was stunned. They didn’t know when Supreme Emperor’s head had landed in Shu Jun’s hands.

Wei suifeng frowned. “Didn’t Supreme Emperor’s head land in heavenly venerate vast heaven’s hands? Heavenly venerate vast heaven has already refined supreme emperor’s head into a treasure to intimidate the origin world!”

“It’s the other head of supreme emperor that I subdued and suppressed.”

Qin Mu said, “The head in heavenly venerate vast heaven’s hands is the strongest. The one I suppressed is the corporeal body that supreme emperor visualized. Even though it’s not strong, it’s not easy for long Xiao to see through him.”

He looked into the distance in the direction of the god execution stage of the ancestral court that heavenly venerate Gao Tian had occupied.

Gao Tian Consort was an identity of supreme emperor. Even though there wasn’t much of his true body left and one hand fell into the hands of Earth Mother and one head fell into heavenly venerate vast heaven’s hands, Gao Tian consort was still there and possessed boundless power.

As one of the ten heavenly venerates, Gao Tian Consort would definitely not be able to sit still!

‘Qing Tian Consort wouldn’t take the initiative to break the seal of the ancestral court and let the back of the ancestral court reveal itself. If that’s the case, she wouldn’t be able to monopolize the resources on the back of the ancestral court. She had to monopolize it, and the simplest way to monopolize the back of the ancestral court was to subdue Long Xiao!’

Qin Mu narrowed his eyes. Qing tian consort should have already reached the ancestral court!

‘If she wants to enter the back of the ancestral court, there are two ways. One is to find me. The other is to find Earth Mother Primordial Lord! Earth Mother Primordial Lord is proficient in summoning divine arts and deduces the reverse summoning divine art from the summoning divine art. From there, she can transmit it to the back of the ancestral court without destroying the seal of the ancestral court.’

Qin Mu muttered to himself, “This is a little difficult. After all, Earth Mother Primordial Lord isn’t as smart as me.”

“Therefore, coming to find me is the easiest way!”

At this moment, a woman’s voice suddenly came from outside the hundred thousand Black Mountains.
“Heavenly venerate mu, Empress Tian Fei has come to visit heavenly venerate!”

“Say Supreme Emperor, Supreme Emperor has arrived!”

Qin Mu laughed loudly and said in a clear voice, “Empress has come from afar, bringing light to our sacred mountain! Everyone, come with me to welcome Empress’s carriage!”

Crown Prince Wei Suifeng, youming, and the rest looked at each other before following Qin Mu Out.

Facing Supreme Emperor, they couldn’t help feeling apprehensive.

Qin Mu’s sleeves fluttered in the wind, and he was very free and easy. He personally led everyone to welcome them with a grand and imposing manner. Qing Tianfei’s carriage came over, but it wasn’t a phoenix that was pulling it. Instead, it was a majestic and huge beast of the ancestral court, and its speed was extremely fast.

The carriage stopped, and the palace maids opened the beaded curtains. Qing Tianfei lowered her head and walked out of the carriage. She slowly raised her head, and her beautiful face had a charming manner that could topple all living beings. Qin Mu led everyone to stand on both sides of the carriage, and they were all respectful.

Her beautiful eyes looked around and she couldn’t help laughing. “Why is heavenly venerate mu so respectful in front and behind?”

Qin Mu raised his head and smiled. “It’s not that I’m respectful in front and behind, but that Empress is His Majesty’s beloved concubine. Even though I’m a heavenly venerate, I’m still his majesty’s subject, so I can’t be disrespectful.”

Empress Qi Tian smiled. “That’s not what you said when you were arrogant in the past.”

Qin Mu stretched out his hand to invite her, but Chi Tianfei wasn’t willing to enter the Hundred Thousand Black Mountains. She shook her head and said, “Your place is very strange. I don’t want to go in, so let’s talk outside.”

Qin Mu's heart moved slightly. Back then, when Chi Tianfei had mobilized all the Void Beasts to attack the Hundred Thousand Black Mountains, Qin Mu had killed them until they threw away their helmets and armor. More than half of the Void Beasts had died and suffered heavy casualties.

However, Qi Tianfei shouldn't be unwilling to set foot on the great black mountain because of this matter. After all, she was supreme emperor and the Void Beasts were just her tools.

'in the immemorial era, Supreme Emperor must have also discovered the strangeness of this place, so he didn't dare to enter,' he thought to himself.

Qi Tianfei went straight to the point and asked, "If I want to enter the back of the ancestral court, will heavenly venerate fulfill my request?"

Qin Mu smiled. "How would I dare not agree to your request? It's just that the benefits on the back of the ancestral court are so great, I'm worried that your Majesty might not be able to swallow it all in one go."

"You don't need to worry about that."

Qing tianfei said indifferently, "To be honest, divine emperor Lang Xuan has already come to the ancestral court and captured that stupid thing, Earth Mother Primordial Lord. "His goal is to use Earth Mother Primordial Lord's divine art to reverse your reverse summoning divine art. With his intelligence, it won't be that difficult to deduce it. "His goal is also for long Xiao. Furthermore, as the son of my wife Gong Fu and absolute beginning, his divine consciousness attainments are also extremely high. If he were to subdue Long Xiao, you would be in danger."

Qin Mu was astonished.

God Emperor Lang Xuan had come to the ancestral court and had already captured Earth Mother Primordial Lord?

This was a huge matter!

He didn't agree with the statement that God Emperor Lang Xuan could subdue Long Xiao. God Emperor Lang Xuan's divine consciousness definitely couldn't compare to long Xiao, so it wouldn't be easy to subdue Long Xiao. However, God Emperor Lang Xuan's abilities were indeed unfathomable!

If he deduced the reverse summoning divine art and entered the back of the ancestral court, it would be a troublesome matter.

Even though he couldn't use his divine consciousness to subdue Long Xiao, he could severely injure Long Xiao before subjugating him!

Lang Xuan's relationship with Qin Mu was extremely bad. After all, Qin Mu had invaded Lang Xuan's divine palace twice and thrice, killing countless of his disciples.

If Lang Xuan were to subdue Long Xiao and obtain the number one power in the world, Qin Mu would definitely not have a good ending!

"If this empress were to obtain Long Xiao, your little friends would also be able to survive."

Qing Tianfei smiled charmingly and said with a charming charm, "What does heavenly venerate mu think?"

Qin Mu pondered for a moment and raised his head. "Alright! Consort, please allow me to make some preparations."

"You want to inform Celestial Master Gong to suppress me?" Qing Tianfei asked indifferently

The corners of Qin Mu's eyes trembled. He had indeed thought of driving the tiger to swallow the wolf and Drag Celestial Master Gong into the water.

"If you don't want to die, it's best for you to give up on this idea," Qing Tianfei said with a faint smile

Qin Mu took out a lantern and handed it to Granny Si, she laughed out loud. "I indeed wanted to inform heavenly venerate gong. After all, heavenly venerate gong is the Empress's natural enemy, but it's a pity that she has seen through it. Forget it, then empress, shall we move now?"

Chi Tianfei chuckled. "Heavenly venerate is truly a wondrous person. His expression has changed so quickly. Let's move now!"

Qin Mu immediately executed the reverse summoning divine art and the two of them stood on the sacrificial altar. Qin Mu took a glance at the Dragon Qilin before unleashing his divine art and the two of them disappeared.

Everyone frowned and didn't know what to do.

Suddenly granny si said, "I'll go to Heaven Court to fetch heavenly venerate gong. Fatty Dragon, get ready to reverse summon the sacrificial altar and wait for heavenly venerate gong and I to come here before sending us to the back of the ancestral court!"

Chapter 1367:

Granny si brought the lantern and left quickly. This lantern was heavenly venerate Yue's treasure, so it was better than heavenly venerate when used to travel.

When Qin Mu had left the lantern, he had said that Dao Palace's heavenly venerate was heaven consort Gao's natural enemy. He then took a glance at the dragon qilin, and Granny si immediately understood what he meant. He wanted her to bring the lantern to find heavenly venerate Gao, she had the dragon qilin send heavenly venerate gong to the back of the ancestral court.

When granny si passed by Divine Emperor Lang Xuan's territory, she inadvertently looked down and suddenly saw countless roots flying. A huge sacrificial altar was taking shape!

God generals lined up neatly and appeared on the sacrificial altar, and divine emperor Lang Xuan was executing a spell to reverse the summoning divine art!

'as expected of Heaven Consort Qiang, it's not difficult for divine emperor Lang Xuan to deduce the reverse summoning divine art!'

Granny si saw the space twisting and the figures on the altar disappearing. She knew the situation was urgent, so she did not stay any longer.

When she arrived outside the ancestral court, she came to the heavenly court through the psionic moving bridge.

The ten heavenly venerates each had a psionic moving bridge that led directly to their own heavenly palace. The psionic moving bridge that granny si walked on was the Heavenly Palace of the heavenly venerate in the heavenly court.

She had just walked out of the spiritual energy mutual shift bridge when she was blocked by the divine general guarding the Heavenly Palace.

Granny si reported, "Heavenly venerate mu has ordered me to come here. He has something to tell heavenly venerate gong."

Not long after, she was taken to see heavenly venerate gong. Granny si said, "Heavenly venerate Mu was coerced by Consort Qiang Tian and went to the back of the ancestral court to subdue Long Xiao."

Heavenly venerate gong immediately stood up and said, "B * TCH, you want to overturn the sky too? Bring me there."

When the two of them returned to the ancestral court's Hundred Thousand Black Mountains, the Dragon Qilin and the others had already prepared the altar. Celestial Master Gong ascended the altar, only to see Wei Suifeng, Prince You Ming, and the others standing on the altar as well.

Celestial Master Gong shook his head and said, "Can you intervene in the Battle of the Celestial Master? I can go alone. If there are more people, I'll have to take care of you."

Wei Suifeng hesitated. Celestial Master Gong left an hourglass and turned it over. He said calmly, "You guys stay here and wait for the last grain of sand in the hourglass to fall. Then, you will get the news."

With that, she nodded to the dragon qilin. The dragon qilin immediately activated the reverse summoning divine ability and activated the altar.

The altar shone with light. Celestial Master Gong's spiritual sense immediately connected with the giant beast in the ancestral court. She immediately understood how the reverse summoning divine ability was used, "So it's using divine sense to build a summoning altar in the opponent's head. It's so interesting. As expected of Celestial Master Mu." Only he had such a wonderful idea. However, thousands of giant beasts couldn't summon me over. "I'd better use long Xiao to build the summoning divine ability!"

The Dragon Qilin suddenly felt his divine ability was cut off, and he couldn't help but be shocked. Celestial Master Gong had cut off his divine sense and used his own divine sense to replace his divine sense to search for the giant beast on the back of the ancestral court!

“Celestial Master Gong is really a fierce woman. No wonder the sect master couldn’t help but speak of her with admiration,”the dragon qilin thought to himself.

Meanwhile, on the back of the ancestral court, Long Xiao’s nine heads were in a deep sleep. His body was enormous, not inferior to that of the heavenly Duke and Earth count. Only a place like the back of the ancestral court could accommodate his body.

Countless huge beasts lived on his body, multiplying and reproducing. Some of them never came down in their entire lives. From birth to adulthood, to their spouses, to death, to rotting into white bones.., they were all on his body.

Suddenly, Long Xiao became alert. He opened his eyes and looked up. His nine heads opened their eyes, causing the back of the ancestral court to become extremely bright. It was as if eighteen Suns had suddenly appeared in the sky!

He sensed the arrival of an extremely powerful existence in his territory!

At this moment, the thousands of huge beasts on the back of the ancestral court were pulled up into the air and formed a strange formation in the air!

The spiritual senses of the huge beasts were forcefully pulled out of their minds by the power that came from another world. The spiritual senses automatically combined and turned into runes.

Countless runes were like the most precise parts of a giant machine. They automatically combined to form a chain!

The chains weaved through each other to form an altar!

That was a reverse summoning ability!

Long Xiao was bewildered. The last time when Shu Jun and the others arrived, there wasn’t such a big commotion. But now, thousands of giant beasts were pulled to form a summoning altar!

At this moment, countless huge beasts were pulled into the sky and automatically formed another altar!

One after another, gods and demons appeared on the back of the ancestral court!

“Hehe, is the so-called celestial master here? He’s really courting death!”

Long Xiao stood up and shook his body, causing countless huge beasts to roll down from his body.

He was the god of the creators. He was the Beast God that the creators hoped to use him to restrain and punish the ancient gods. He had boundless strength and the strongest physical body.

It had been a long time since he had truly made a move!

He opened his eyes, and it was day. When he closed his eyes, it was night. When he moved, the entire back of the ancestral court would be filled with lightning, and tornadoes would blow all over the ancestral court!

Now, he was finally going to display his power!

Hu —

The power of the first reverse summoning divine art was fully unleashed, and Qin Mu and Qing Tianfei appeared on the back of the ancestral court. Qing Tianfei’s beautiful eyes moved around, and she first landed on the huge object that was slowly rising up, she then looked at the explosion of the reverse summoning divine art in the distance.

“Divine Emperor Lang Xuan has indeed come.”

Qing tianfei frowned and sneered. “Absolute beginning wants to snatch everything from me. Power, status, women, even his son wants to snatch everything from me! He really doesn’t know the immensity of Heaven and Earth!”

Qin Mu took a step back, “He is the illegitimate child of God King Gong Fu and heavenly emperor absolute beginning,” Qing Tianfei said indifferently. “The moment he was born, he had endless glory. He was blessed by the Heavenly Emperor and the ancient gods, becoming the first demigod and the leader of all the demigods. “And he is now a heavenly venerate. “If the son of Gong Fu and heavenly emperor absolute beginning is still alive, he should not be inferior to him, right?”

At this moment, the reverse summoning divine power burst out with an extremely intense light. Divine Emperor Langxuan came with Mother Earth Yuan Lord!

“What does absolute beginning count as?”

The Divine Light on Consort Qiang Tian’s body became denser and denser, and her figure disappeared in an instant. In the next moment, she appeared next to Divine Emperor Langxuan who had just arrived. Her divine sense burst out and rushed over. Divine Emperor Langxuan’s expression changed drastically, and he immediately grabbed Mother Earth Yuan Lord, he blocked the divine sense that was rushing toward him!

At the same time, heavenly palaces flew out from the back of his head and formed a great heavenly court, raising his cultivation and strength to the extreme!

Boom —

That powerful divine sense circled around the earth mother in an instant and attacked the space between his brows, making his primordial spirit unstable!

Although his divine sense was powerful, it was nothing compared to this person.

He immediately knew who it was and his expression changed drastically. “Supreme Emperor, heavenly venerate mu is right. You are indeed hiding among the ten heavenly venerates!”

He flew backward, but he did not panic. He immediately used his divine origin finger. Concubine Qiang Tian had seen the power of this finger and knew how powerful it was. She immediately avoided it.

Divine Emperor Langxuan steadied himself and his primordial spirit floated behind him. It reached the sky high behind the ancestral court and covered the sky, he sneered, “Supreme Emperor, you escaped last time. Where can you escape to this time?” As the ten heavenly venerates, we have always been led by heavenly venerate Hao. The other heavenly venerates rarely fought. “Now, maybe we should see who is the true supreme heavenly venerate!”

In the distance, Long Xiao saw his immortal soul and his expression changed drastically. “This heavenly venerate seems to have real abilities...”

He was still very confident in himself. He strode across the mountains and seas and headed in their direction.

Suddenly, the two celestial venerables clashed again. A terrifying divine ability erupted, and the shockwaves of the divine ability swept in all directions. Long Xiao's body was swept by the shockwaves of the two celestial venerables' divine abilities, and cracks immediately appeared on his dragon scales.

Long Xiao was shocked. His nine heads flew into a rage as he attacked the two celestial venerables at the same time!

Boom

After a few moves, he flew up and smashed backward. He was at a loss. "So Strong? No, my body is too big! Get Smaller!"

His body shrank and he rushed forward again. Tian concubine Gao and divine emperor Lang Xuan were fighting each other. They only had each other in their eyes. They did not care about long Xiao's attack. They would dodge occasionally, which made long Xiao lose their position. He was really forced into a corner.., he sent long Xiao flying.

'this beast really doesn't change even after death!'

Tian Qiong Concubine and Divine Emperor Lang Xuan saw that he was still entangled, and they both sneered. Two waves of divine consciousness burst forth and pressed down at the same time. Long Xiao's nine heads were muddled, and he couldn't use his divine consciousness. Only then did he realize how terrifying he was.

'heavenly venerate is too strong, not a piece of trash like heavenly venerate mu!'

He instantly came to a realization and was about to escape when an even larger and deeper divine consciousness locked onto him. It controlled his divine consciousness and turned into a summoning divine art in his mind!

Long Xiao's nine heads rumbled and he felt a deep fear assaulting him.

At that moment, Qin Mu came to the front of the divine consciousness cage and looked at everyone in it. He smiled and asked, "Is everyone alright?"

Chapter 1368:

Long Xiao could hardly control his soul consciousness. Just as he was about to use the nine heads to bite off the summoning ability formed by his soul consciousness, a woman's figure descended from another world.

The petite figure pressed down on his nine heads, making him feel extremely humiliated.

Although he was unfamiliar with the petite figure, he was very familiar with the spiritual sense of the person.

It was the same spiritual sense attribute as the spiritual sense of the other godly monarch of the three primordial kings, Godly Monarch Gong Fu!

It was godly monarch Gong Fu!

"Among the three primordial kings, I am the leader. Although I am not as good as supreme emperor, I am not far from him. Gong Fu and Shu Jun are only fit to carry my shoes!"

Long Xiao tried his best to resist the invasion of Celestial Master Gong's divine sense. The moment Celestial Master Gong descended, he wanted to invade his divine sense and subdue him, making him feel extremely humiliated.

"But now, Shujun is still a weak little brat, while Gong Fu is already so strong, even stronger than me!"

Fortunately, Celestial Master Gong saw that he could not subdue him in a short period of time, so he immediately abandoned this action. His body flashed, and he lashed out his long whip, wrapping around concubine Qiang Tian who was attacking divine emperor Lang Xuan.

Qi Tianconsort was besieged by two great heavenly venerates, and she was locked by heavenly venerate Gong's long whip. She immediately knew who was coming, and she thought to herself, "Heavenly venerate mu has plotted against me again!"

Heavenly venerate Lang Xuan's divine Yuan attacked with a finger, and it pierced through her forehead with a sizzling sound. This finger was so sharp that it pierced through the layers of heavenly palaces behind her head, and it made a big hole in her great heavenly court!

Heavenly venerable gong whipped and pulled concubine Gao Tian closer, pressing his palm on the back of concubine Gao Tian's heart.

There was a big hole in concubine Gao Tian's forehead, and it was bright from the front to the back. The back of her heart was hit hard by her again, and blood spurted out of her mouth immediately. Her breath slowed down rapidly.

Divine Emperor Lang Xuan was at a disadvantage and couldn't defeat concubine Gao Tian. With the help of heavenly venerable gong, his divine power was greatly displayed. He immediately flew over, and his divine sense exploded, blasting toward concubine Gao Tian's brain.

Celestial Master Gong waved his ten fingers and pointed toward Lady Qiang Tian's great allheaven. He wanted to destroy her great Allheaven so that Celestial Emperor Lang Xuan could kill her.

Chi —

Celestial Emperor Lang Xuan pointed his finger and pierced through Celestial Master Gong's forehead.

The back of Celestial Master Gong's head exploded. Even her primordial spirit in the Heavenly Court was severely injured. The finger pierced through the head of her primordial spirit!

"Xuan 'er..."

Celestial Master Gong's eyes were blank, and she turned to look at Celestial Emperor Lang Xuan in disbelief.

Celestial Emperor Lang Xuan's expression was indifferent, he continued to kill her and Tian Consort Gao. "Mother, the era of the creator has long passed. Since father buried you in the ancestral court, why did you come back to life and get involved in this mess? This era belongs to me, not you."

"As expected, you can't trust the children of traitors, even if they are your own children..."

Celestial Master Gong laughed bitterly and released his spiritual sense to resist the second attack of Celestial Emperor Lang Xuan. At the same time, Consort Qiang Tian roared and attacked Celestial Emperor Lang Xuan with all her might!

Celestial Emperor Lang Xuan laughed and fought against the two celestial masters. He said in a clear voice, "You are already heavily injured and are not my match. Emperor Tai, mother, let me send you to your death!"

He took on the attacks of the two celestial venerables head-on and was extremely powerful, forcing the two celestial venerables into a disadvantageous position.

All of a sudden, Long Xiao's nine heads danced in the air as he charged forward. His nine heads intersected with each other and struck divine emperor Lang Xuan's primordial spirit continuously. His huge body actually entered divine emperor Lang Xuan's heavenly court and crushed the many heavenly palaces, he charged towards Lang Xuan's primordial spirit.

Lang Xuan was instantly flustered. His heavenly palace was damaged, and his immortal soul was injured. Celestial Master Gong and concubine Qiang Tian had the opportunity to attack him again and again.

Godly Emperor Lang Xuan tumbled and was smashed into the dust.

Long Xiao's nine heads let out a furious roar as he attacked concubine Qiang Tian, godly Emperor Lang Xuan, and Celestial Master Gong at the same time. "Lowly existence, obediently submit to me and become my mount..."

The next moment, Long Xiao's dragon horn broke, and his dragon scales shattered. He fell and flew away.

The four terrifying existences then rushed into the sky and fought in a mess.

In the Cage of divine consciousness, first ancestor, Shu Jun, Lan Yutian, and the rest couldn't help being overjoyed when they saw Qin Mu. Lan Yutian smiled and said, "I already said that my brother would come to save us, am I right?"

He had blind confidence in Qin Mu.

Xu Shenghua said, "He saved us this time, so he will be smug for a few more days."

However, he still revealed a smile that was hard to detect. "Cult Master Qin is still so reliable, making people feel at ease. As long as he's around, we will definitely be able to turn the situation around."

Shu Jun hurriedly said, "Heavenly venerate mu, be careful of those huge beasts! Their abilities are terrifying!"

Before he could finish his sentence, the attack of the huge beast guarding the divine consciousness cage had already arrived behind Qin Mu!

Qin Mu took a step forward and walked into the divine consciousness cage, avoiding the attack of the huge beast guarding the divine consciousness cage.

Everyone in the cage was still worried about his safety, but when they saw him walking into the cage the next moment, they were all dumbfounded and couldn't say a word.

Plop.

Fifth Ancestor Human Emperor sat down on the ground and said in a daze, "It's over..."

The others also had dejected expressions. Qin Mu had actually walked into the cage of divine consciousness, and even he had fallen here. Now that they couldn't get out, wasn't it over?

Qin Mu looked around and praised, "This place isn't bad. The place long Xiao prepared for you guys is very spacious."

"Not bad my ass!"

Shu Jun also sat down on the ground, he said angrily, "Why did you run in as well? It's over now, it's all over! We can only be used as mounts by that bastard long Xiao! Fortunately, there are enough people and they take turns to ride. He can ride for one to two months before he can finish!"

Qin Mu smiled, and first ancestor human emperor couldn't help stuttering, "You're still laughing! You always do things so irrationally, and you're still laughing..."

Xu Shenghua said solemnly, "There's no need to panic, everyone. Lan Yutian has the ability to bring a person through this divine consciousness cage. We just need to take advantage of these huge beasts being unprepared and let Lan Yutian bring Master Qin out of the cage. We still have a chance."

Qin Mu looked at Lan Yutian and asked in astonishment, "Little brother, you have the ability to pass through the Divine Consciousness Cage?"

Lan Yutian nodded.

Everyone said in unison, "Lan Yutian is much more reliable than you!"

Qin Mu smiled and didn't take it to heart. "Then do you have enough confidence to enter Hall of Fragrance Cloak?"

Lan Yutian hesitated for a moment and said, "I don't have 100% confidence, but I do have 70%."

Qin Mu pondered it for a moment. "70% confidence? That's about it... however, entering Hall of fragrance cloak requires an opportunity, an opportunity to transfer ten heavenly venerables away..."

He stretched out his palm and gently touched Long Xiao's divine consciousness cage. It rippled like water, as if it didn't exist to him.

Everyone's eyes went wide. They saw Qin Mu walking into the divine consciousness cage and leisurely strolling through it. However, there were no changes to the divine consciousness cage at all!

Everyone stared with their eyes wide open as they watched Qin Mu walk out of the cage and back in. The huge beasts guarding the cage outside roared continuously, but they couldn't do anything to him.

"Destiny has been opened, divine consciousness path goes first."

Qin Mu let out a long cry and looked at all the changes in the cage before returning to the cage, he shook his head and said, "Long Xiao Kong has a cultivation comparable to a heavenly venerate, but he's stuck to his own path. This divine art of his is much weaker than a heavenly venerate. "It's not difficult to break his divine consciousness cage. The Battle of heavenly venerate is currently tense, so I don't know when it will affect this place. I'll send all of you back first."

Everyone fell into silence. Even Xu Shenghua fell silent.

Lan Yutian said excitedly, "My brother is very powerful!"

Chapter 1369:

Lan Yutian's voice entered everyone's ears and became rather ear-piercing.

Qin Mu said with a straight face, "You guys aren't weak either, you're just slightly weaker than me. There's no need to belittle yourselves."

Everyone coughed and looked around.

Just as Qin Mu was about to execute his divine art, huge beasts that were attacking the Cage of divine consciousness suddenly prostrated themselves on the ground and kowtowed.

Qin Mu frowned and looked outside. He saw the earth churning and countless roots breaking out from the ground. Earth Mother Primordial Lord's figure emerged from the ground and rose higher and higher.

The ancient God's body was surrounded by murderous aura and was incomparably bloody. As she walked over, the huge beasts couldn't help kneeling down and kowtowing to her.

She was the mother of the Earth, the natural ruler of the huge beasts of the immemorial era.

In this world, there were only two people who could control the ancient beasts. One was Long Xiao, and the other was the mother of the Earth.

Long Xiao was the leader of the ancient beasts, and he possessed supreme prestige. Thus, he could make the ancient beasts submit to him. However, there were also some who did not submit. For example, Shu Jun, Gong Wei, the Supreme Emperor, and the other ancient beasts would not submit to Long Xiao, the Void Beasts would not submit to Long Xiao either.

Meanwhile, Earth Mother was an ancient god born from the Great Dao of Heaven and earth. She didn't rely on majesty, but was formed from heaven and earth. She was born from the Great Dao and was a natural ruler.

"Heavenly venerate Mu."

Earth mother primordial monarch came to the outside of the cage and looked at everyone in the cage with interest. She smiled and said, "You also have this day?"

Qin Mu's expression changed slightly, he laughed out loud. "Earth Mother Primordial monarch, do you think you can defeat me? "I have long Xiao's divine sense cage protecting me. One of us is outside the cage, and the other is inside. However, I am outside the cage, and you are inside the cage." "Earth Mother, Farewell. Take care of yourself."

Earth mother, Yuan lord sneered and said, "Do you think I can't do anything to you if you hide in the cage? You are underestimating me. Long Xiao's divine sense cage can trap you, but it can't trap me because I have obtained a Supreme Treasure!"

She took out a palm. It was the Supreme Emperor's palm, which had been refined into a weapon by her, she sneered, "You are the one who caused me to become like this. Today, I will completely destroy your soul. Let's see if a great mage like you can resurrect yourself!"

She activated the Supreme Emperor's hand and threw a punch!

The spiritual sense cage, which even an immemorial behemoth could not break, immediately began to crack under the attack of the Supreme Emperor's hand!

The power of hand of supreme emperor was extremely fierce. When the fist landed on the cage, it made the incorporeal cage become corporeal before it was broken by hand of Supreme Emperor!

Earth Mother Primordial Lord struck again, and the cage of divine consciousness trembled violently. With just two or three attacks, the cage that long Xiao had laid down would completely disintegrate!

Everyone in the cage panicked. Qin Mu frowned and took off the treasure seal on Shu Jun's back. He smiled and said, "Daoist brother Supreme Emperor, it's time to release you today. Congratulations, Daoist brother, for escaping."

Everyone in the cage was astonished, including Shujun himself, who had also forgotten that he had a treasure seal refined by the head of Supreme Emperor on his back.

Supreme Emperor's divine consciousness was too powerful, so it affected their thoughts and consciousness, making them unable to see the treasure seal.

Even Shujun was affected by the head of Supreme Emperor's memory, so he didn't remember the treasure seal on his back at all.

The head of Supreme Emperor sneered. "You released me? Heavenly venerate mu, aren't you being too ruthless? You released me now not only to deal with Earth Mother, right? Are you planning to let me plot against celestial venerate of palace and Divine Emperor Lang Xuan?"

Qin Mu shook his head and said indifferently, "I'm just temporarily maintaining balance. I don't want to fall into the hands of any celestial venerate on the back of the ancestral court."

He untied the seal of the four mines, and Supreme Emperor's head instantly escaped!

Primordial Lord Earth Mother Controlled Supreme Emperor's palm to strike again, but it suddenly went out of control. Her divine might rose explosively and struck back at her.

Primordial Lord Earth Mother was caught off guard and was sent flying backward by the palm. Even the countless roots in the depths of the Earth flew out as well. With a bang, Bang, bang, Bang, the thick roots were pulled up and flew into the distance with primordial Lord Earth Mother.

The Supreme Emperor's head floated up and looked around proudly. The huge beasts rushed over under the control of the Earth Mother Yuan Lord. However, with a sweep of his divine sense, the huge beasts were instantly controlled by his divine sense.

The Supreme Emperor's head floated up and landed on the head of one of the huge beasts, he laughed and said, "Celestial Master Mu, the ancestral court is vast and vast. This is the place where I can roam freely. It's a pity that there are no void beasts. Otherwise, I would have let you see my glory in the past!"

Huge beasts sprinted forward, bringing his head and fist into the distance. Over there, heavenly venerate gong, Tian Fei, divine emperor Lang Xuan, and Long Xiao were locked in battle, unable to decide the victor.

"Heavenly venerate mu, I won't kill you, but I won't let you have it easy either!"

Supreme Emperor's voice came from afar and he laughed heartily. "Earth Mother Primordial Lord, I'll leave heavenly venerate mu with you!"

Qin Mu's expression changed drastically, and he stomped his feet heavily. Without any explanation, he executed his divine consciousness and the reverse summoning divine art. In an instant, a reverse summoning sacrificial altar was formed!

Clang Clang Clang Clang —

Countless runes flew around his body, and in a short instant, countless summoning runes were imprinted on the sacrificial altar. In an instant, the sacrificial altar was ready, and he executed his divine art.

Everyone on the sacrificial altar immediately sensed Qin Mu's vast and deep divine consciousness rushing into the void and connecting with Prince Youming in the Black Mountain in front of the ancestral court.

Qin Mu's divine consciousness was incomparably powerful, and he turned Prince Youming's divine consciousness into a summoning formation!

In the Great Black Mountain, Prince Youming couldn't help flying up into the sky. All kinds of beautiful runes kept appearing around him, making the dragon qilin and the rest dumbfounded.

Weng!

Divine Arts were activated, and figures appeared beside Prince youming. Shu Jun, Xu Shenghua, first ancestor, Lan Yutian, and the rest appeared one after another on the rune path chains of the summoning Divine Arts, and the number of people increased.

On the other side, Qin Mu sent everyone away and immediately prepared to summon himself to the front of the ancestral court. Just as his figure was about to disappear, countless roots drilled out from the ground and pierced through the sacrificial altar, whoosh! Whoosh! Whoosh! Whoosh! They coiled around his feet!

The roots grew crazily and quickly coiled qin mu into a huge dumpling, leaving only his head sticking out.

Qin Mu gritted his teeth and executed his magic power crazily. His body and the roots vanished from the back of the ancestral court!

"You want to leave? Heavenly venerate Mu, you're underestimating me too much!"

Just as his body disappeared, countless thick roots followed him into the void and tore at him.

Earth Mother Primordial Lord's figure appeared and shouted out while executing his summoning divine art. "No matter where you go, I can summon you back!"

Dong!

A huge dumpling fell from the sky, smashing the Earth and rocks into the air. Qin Mu landed straight on the ground and stood in front of Earth Mother Primordial Lord. He was firmly entangled, and only his head was left outside.

Earth Mother Primordial Lord sneered. "Heavenly venerate mu, how's this palace's summoning divine art? Can you still walk?"

Qin Mu stood straight and couldn't move. He smiled and said, "Of course I can't walk, so I brought some good friends."

Boom!

A huge body landed on the ground and crown prince youming slowly stood up. He raised his head to look at Earth mother and his voice was like thunder. "Son of Black Tortoise, youming pays his respects to Earth Mother!"

Boom!

Another figure descended from the sky. Wei Suifeng stood up and bowed. "Emperor Yun Luo, Wei Suifeng pays his respects to Earth Mother, Primordial Lord."

Boom!

Another loud sound rang out and the dragon qilin climbed up from the huge pit in a daze. He looked around and seemed to be wondering why he had been summoned over, "I'm not here to fight, I'm here to deliver something. Cult master, I'll give you the Azure Sky Pillar and send me back!"

"Fatty Dragon, don't you know how to summon Divine Arts in Reverse?"

Qin Mu's body twisted and he suddenly escaped from the origin wood roots. He stretched out his hand and grabbed, sending the azure sky pillar flying over. "You can go back on your own. Crown Prince, big senior brother, do you have the confidence to get rid of an ancient god?"

Chapter 1370:

Wei Suifeng moved his body, "I've fought with White Emperor and green emperor before, and I've also fought with a few heavenly masters. Even though I didn't defeat them, they weren't able to kill me either. They only sank me into the river. "I haven't fought Earth mother yet, so I can give it a try."

Prince youming hesitated for a moment, "Even though I've learned a lot from eternal peace, I've been learning all these years and haven't used it yet, so I don't know how strong I am. Teacher Youyou said that I'm very stupid and that I'm learning very slowly, so I'm most likely not Earth Mother's match..."

The Dragon Qilin quietly retreated and muttered, "I'm sure I can't beat anyone, so I still escaped..."

He turned around and sprinted wildly, casting a reverse summoning divine ability as he ran.

At that moment, he noticed Long Xiao and couldn't help being stunned. "What a huge dragon... when can I be as majestic as him?"

Boom!

In the distance, Long Xiao was thrown into the dust.

The dragon qilin shivered and continued to run away.

His reverse summoning divine art wasn't as fast as Qin Mu's. After all, Qin Mu was the creator of the reverse summoning divine art, so the speed of executing it was extremely fast. He needed time to prepare.

He had to find a safe place before he could execute it easily.

Qin Mu leaned against the azure sky canopy, "Earth Mother Primordial Lord, we have some friendship back then. You once lent me the core of Primordial Wood and a bottle of primordial chaos primordial liquid, so I'll give you another chance today. "If you retreat now, I Won't Stop You. "In the future, whether you and I are enemies or friends depends on fate."

The earth mother Yuan lord sneered, "With just the three of you? "Among the three of you, one is the Celestial Master Mu who only knows how to Bluff, one is Emperor Yun Luo who was drowned in the river, and one is a demigod who has been suppressed by his parents for 600,000 years. "What right do you have to ask me to leave?"

Wei suifeng said sincerely, "Earth Mother Yuan Lord, you have killed too many gods and devils. Your Mind and soul have been blinded by the murderous aura, and you have lost your rationality. "I know the Great Brahma king and Buddha. Why Don't you come with me to see him and let him help you dispel the murderous aura?"

"Great Brahma?"

Earth Mother Yuanjun sneered, "You are not my match, so you plan to conspire with great Brahma to plot against me? Although I have not recovered to my peak condition, I am still not a match for great Brahma!"

Wei suifeng frowned, sighed, and did not speak anymore.

Prince youming could not help but ask, "Yuan Jun, do you know that the Azure Azure Heaven glazed pavilion is in the hands of Celestial Master Mu? This treasure was the number one treasure in the world back then, you should know its reputation! Although this treasure might not be ranked number one today, after being redesigned and refined by Celestial Master Mu's parents, mute and blind, it was many times better than it was back then! When heavenly venerate Mu's treasure appeared, it cut off your path of retreat, making it impossible for you to escape! Yuan Jun, think twice

"The son of black tortoise only knows how to boast about his own treasure?"

Earth Mother Yuan Jun could not help but laugh, she said with a smile, "The number one treasure in the world is not the azure sky glazed pavilion at all. The reason why your parents got the title of number one treasure was because the heavenly emperor, Heavenly Duke, Earth count and I did not want to take out our own treasure at all. "Just my main body's origin wood alone can support all the worlds in the world, so it's far from what the glazed azure heaven stronghold can compare to. "Your glazed Azure Heaven stronghold is only the twenty-eight heavens. "Martial Emperor Xuan is a sacrificial God after all, so his horizons are shallow. You don't have any discerning eyes."

Prince You Ming opened his mouth and sighed again. He didn't speak anymore.

Qin Mu shook the glazed Azure Heaven stronghold in his hand lightly, and the twenty-eight layers of canopy instantly opened with a hum. The twenty-eight layers of heavens appeared and spun with a whistle. They expanded outward and soon enveloped the vast space of the ancestral court!

The layers of heavens even cut open the earth, cutting off Earth Mother's path of retreat.

Earth mother primordial Lord looked around and saw that the twenty-eight heavens of the azure heaven colored glass were filled with powerful treasures. These treasures were clearly not something that Emperor Xuan and martial emperor could refine. The formation runes contained within were simply too powerful!

Just as she had said, the Azure Heaven Colored Glass of Emperor Xuan and Emperor Wu had obtained the title of the number one treasure in the world back then. It was just that the heavenly emperor and the rest didn't want to show off.

Both the Celestial Emperor and the Earth Count had powerful treasures. Even the treasures of the empress were not weaker than the Azure Heaven Glazed Pavilion.

And the Earth Mother Yuan Jun was a powerful treasure!

The Earth Mother Yuan Jun had seen the azure heaven glazed pavilion back then. Although it was complicated and powerful, it was not as terrifying as it was now!

Now, the Azure Azure Heaven obelisk was filled with all sorts of treasures. These treasures were as numerous as the stars in the sky, and they covered every part of the heavens. It was obvious that a supreme grandmaster who was proficient in casting and array formations had spent a long time, the azure heaven obelisk was refined to a level that it could never reach in the past!

The Earth Mother Yuan Lord laughed coldly. She was not afraid at all. Although she had lost her physical body and even her roots had been taken away by Celestial Master Xiao and Gongsun Li, she had the essence of wood!

Even if her current abilities were inferior to heavenly venerate, they wouldn't be any weaker than existences like dao ancestor and great Brahma!

Even if Qin Mu took out the glazed azure heaven stronghold, even if he had the two existences of emperor thrones, crown prince youming and Wei Suifeng, she would still have a stable chance of victory!

“Die!”

Earth Mother Primordial Lord let out a shrill cry as her true body appeared behind her. It was the core of origin wood!

The core of origin wood was even more majestic and thick than when Earth mother had first descended into the origin world. The crown of this tree lifted up the layers of heavens in the glazed azure heaven stronghold, making them unable to change the sequence!

Clearly, mother earth had studied the azure glazed sky canopy before. She knew that this treasure could respond to any request and could change the order of the heavens at will.

In the Yuan world, the origin wood lifted up the heavens, so he could easily freeze the heavens in the azure glazed sky canopy.

The moment she appeared, she cut off the azure glazed sky canopy’s ability!

Mother Earth revealed her true form. Countless roots danced in the air as thick roots extended towards the various heavens. They invaded and headed towards the treasure scrolls hanging in the various heavens!

She also had a natural advantage in how to break through the Azure Heaven glazed tiles!

Her body trembled, and she flew past the layers of heavens to pounce on Qin Mu.

She fixed the heavens, collected all the treasures, and killed Qin Mu in one go!

Beside Qin Mu, crown prince youming bowed to earth mother primordial Lord who was flying toward him. He then got up and took a step forward while roaring, “Myriad forms of Heavenly River!”

The Heavenly River suddenly coiled around his body, and a heavenly palace flew out from behind him. It was surrounded by all kinds of small heavenly palaces.

Ever since he came to eternal peace, his cultivation that had long stagnated began to advance by leaps and bounds. First, he was copied by Emperor Yanxiu's Ling Yuxiu in all the major academies, and then he went to Imperial College to further his studies, next, he went to Dao Wen Academy in Earth Virtue Heavenly Palace to study and became a disciple of Si Youyou to cultivate with him.

He had too many shortcomings, but his aptitude and comprehension were definitely not bad. Otherwise, when Prince Yin Tianzi met him back then, he would not have lamented that if Prince Youming had not been suppressed, he would definitely have become one of the ten celestial masters.

Although Prince Youming had not completely filled his shortcomings, his cultivation base and strength were many times stronger than before.

When he escaped, he met Prince Yin Tianzi on the Heavenly River and severely injured him with one punch. At that time, his mana was extremely powerful, but now, his strength was even stronger than before!

His body was wrapped around the Heavenly River, and the Heavenly River was like a soaring snake. He had grasped martial Emperor Xuan's power and Abhijna in one move, and his great abhijna erupted like the water of the Heavenly River.

In an instant, the scene that flashed around the heavenly river was like countless worlds where the Heavenly River flowed!

Boom!

The Earth Mother Yuan Lord clashed head-on with him, and her blood boiled. She could not help but praise in her heart, "Crown Prince You Ming's Mana is really powerful! It's a pity that he did not adapt to the situation!"

PA —

The origin wood roots whipped over and sent prince youming flying.

The Earth Mother Yuan Lord took a step forward and saw Wei Suifeng standing in front of her. He also bowed to her.
