

Tales of Herding Gods Chapter 1371-1375

Chapter 1371:

“Hypocrite!”

The Earth Mother Yuan Jun sneered and brazenly charged over. The sky above Wei Suifeng’s head appeared, and the Heaven Dou was hanging upside down. The Heavenly River flowed in the Heaven Dou, and below the Heaven Dou was his heavenly palace!

His cultivation path was different from the others. He started from the Great Educational Heavenly Devil Scriptures and used the Great Educational Heavenly Devil Scriptures to fuse various Emperor throne techniques to comprehend his own heaven Dou Dao technique.

The path he took was not to cultivate different heavenly palaces and gather together to form the heavenly court, but the path of Dao realm.

After all, he was the disciple of Saint Woodcutter, the heaven-smelling pavilion. Among the three disciples of the heaven-smelling pavilion, he was the one who taught him the most diligently and for the longest time. When the founding emperor opened up the Dao realm, the heaven-smelling pavilion also taught him the Dao realm.

If one looked closely at his heaven dou, one could see that above the Heaven Dou heavenly river, there were many layers of Heaven Dou and many heavenly rivers!

Wei Suifeng let out a long howl and clashed head-on with the Earth Mother Yuanjun. He immediately felt that he was no match for her and staggered back.

Prince youming charged over. The two of them were one in front and one in the back. They were both peak emperor realm existences in the world. One of them was famous for his powerful magic power, but his divine abilities were slightly inferior. The other was famous for his many divine abilities, but his magic power was slightly weaker.

However, these two were existences that were on par with the four great heavenly masters and four-colored emperors of the Heavenly Court. Even in the heavenly court, there were very few who were a match for them!

Earth Mother Primordial Lord faced the two of them without the slightest fear. Even if the two great perfection emperors joined forces, they wouldn't be able to do anything to her!

She closed in step by step, getting closer and closer to Qin Mu who was under the Jade Pillars of the Azure Glass Heaven canopy.

Her origin wood had also completely frozen the twenty-eight heavens of the azure glass heaven canopy, making them stagnate and unable to move.

Her origin wood roots had also passed through the twenty-eight heavens and coiled around the treasures.

She now had a hundred percent chance of victory!

At that moment, under the jade pillars that supported the twenty-eight heavens, Qin Mu bowed to Earth Mother Primordial Lord.

Earth Mother Primordial Lord Chuckled. "Heavenly venerate Mu, you're also a hypocrite. You're just a hypocrite!"

Qin Mu bowed and took a long breath. Suddenly, the heavenly palaces behind him burst forth, and they formed nineteen heavenly palaces that joined together to form a huge heavenly court!

In those heavenly palaces, primordial spirits stood erect and raised their heads to look at the twenty-eight heavens. They all executed their magic power, and all the treasures in the twenty-eight heavens were instantly activated by him!

Dang —

A huge bell rang out, and it instantly broke the roots of the origin wood that were twining around the bell.

A building of thirty-three heavens shone brightly, and each layer revolved in a different direction. All kinds of formation markings burst forth from the building, turning into thirty-three different killing formations that crushed the roots of the origin wood!

A zither danced in the air without anyone playing it. The sound of the zither cut through the roots of the origin wood like a hot knife through butter!

..

The power of various treasures bloomed at this moment. In an instant, all the roots of the heavens were severed!

All of a sudden, the power of all the treasures of the heavens bloomed at the same time. Countless patterns and chains appeared around these treasures, transforming into different divine abilities and killing arrays as they bombarded down at the same time!

The Earth Mother Yuanjun was shocked. She hurriedly forced Wei Suifeng and Crown Prince You Ming to retreat. When she raised her head to look, she immediately saw a scene that caused her to be incomparably shocked!

The myriad of precious treasures in the 28 heavens gathered all their power and bombarded the essence wood core from all directions. It directly flattened the crown of this essence wood tree that she had painstakingly cultivated and strengthened, completely breaking its roots!

Even the bark of the origin wood was stripped clean!

The current Origin Wood had turned back into the core of origin wood and had become a bare rod!

“Earth Mother Primordial Lord, the core of origin wood was given to me by you. Later on, I saw that you didn’t have a body, so I gave this treasure to you.”

Qin Mu’s voice sounded out and was rather indifferent, it clearly entered the ears of Earth Mother Primordial Lord. “The Heavenly Duke came out and asked me to spare your life, so I spared yours as well. Logically speaking, the grudge between us has already been resolved. Speaking of which, I didn’t kill you, so you should be thanking me for not killing you. But you’ve gone against me time and time again.”

In the twenty-eight heavens, thousands of treasures moved and gathered at the top of the heavens. The treasures shone brightly. These treasures had their mouths facing down, the mouth of the cauldron facing down, the face of the zither facing down, and the base of the tower facing down. All of a sudden, the power of all the treasures erupted!

This incomparably terrifying fluctuation blasted from the first heaven to the second heaven, gathering together with the power of the treasures from the second heaven to the Third Heaven, and then combined with the power of the treasures from the Third Heaven to the fourth heaven!

“Even just now, big senior brother, the crown prince, and I had tried to persuade you to put down your grudges and find Great Brahma. However, you still refused to listen.”

Qin Mu executed Azure Heaven Colored Glass indifferently, and the power of thousands of treasures gathered together to strike the top of the core of origin wood.

The power was so great that it directly exploded the top of the core of origin wood, shattering it into pieces. It destroyed all of the inner structure of the origin wood and bombarded it all the way down!

Earth mother primordial Lord Shrieked and flew toward the core of origin wood.

“I’ve already done what I should have done,” qin mu said with a calm expression.

Crown Prince youming revealed a pained expression and suddenly said, “Heavenly venerate mu has the virtue of living well. Earth Mother Primordial Lord, why don’t You Lower Your Head and admit defeat?”

Wei Suifeng also revealed a pained expression and said, “Junior brother, Earth Mother Primordial Lord’s crime doesn’t deserve to die...”

Boom

The power of the Azure Azure Heaven barrier bombarded down and completely shattered the core of origin wood!

Earth Mother Primordial Lord rushed over and was sent flying by the surging power.

Her corporeal body started to disintegrate and turned into ashes. Soon, only one divine soul was left, and her cultivation was also rapidly dissipating.

At that moment, the power of the myriad treasures of the Azure Heaven stronghold was activated once again. Numerous chains of the treasures descended from the sky and locked down Earth Mother Primordial Lord's Divine Soul.

Prince You Ming suddenly shouted out, "Heavenly venerate mu, think twice, Earth Mother Primordial Lord has contributed to the origin world!"

"But it has also brought disaster to the origin world."

The primordial spirits in Qin Mu's heavenly palaces executed their magic power at the same time, and the power of all the treasures in the heavens came crashing down. They gathered into one wave and bombarded Earth Mother Primordial Lord's Divine Soul.

"High Emperor has been dead for three hundred thousand years, and countless lives have died. Earth mother is definitely to blame."

Qin Mu closed his eyes, and he couldn't bear to watch this scene, so he simply didn't want to watch it.

The power of the Azure Heaven Canopy came crashing down and came to the top of Earth Mother Primordial Lord's Divine Soul. Earth mother primordial lord shrieked, "Heavenly venerate mu, I admit defeat. On the face of Heavenly Duke, please remember that I have protected all the lives in the origin world for so many years —"

Boom!

A wave of destruction came and completely drowned her divine soul. Terrifying power surged back and forth in the twenty-eight heavens, turning into earth-shaking ripples that swept through all the heavens.

Wei Suifeng and Crown Prince You Ming stood there, their clothes fluttering in the violent wind. Their hearts couldn't calm down for a long time.

They saw Earth Mother Primordial Lord's soul black sand dancing in all the heavens, unable to gather together.

Earth Mother Primordial Lord was still destroyed in body and soul.

“Heavenly venerate mu, you...” Crown Prince You Ming’s expression was complicated.

Qin Mu’s expression was as calm as an ancient well, “The one protecting the origin world is Earth Mother Primordial Lord, and the one who massacred the origin world is also Earth Mother Primordial Lord. She has done meritorious deeds, and she has done them before. We can’t ignore her sins just because of her past meritorious deeds. I feel that I didn’t do anything wrong.”

Wei suifeng said, “Junior brother, but you should know that when the future generations mention the matter of you killing Earth Mother Primordial Lord, there will definitely be many people saying that you are ruthless and incomparably vicious, not giving Earth mother a chance.”

Qin Mu grabbed the jade pillar of the Azure Heaven stronghold, he was expressionless. “Right and wrong, merits and demerits, leave it for future generations to comment on. However, future generations are usually a bunch of mediocre people who have the heart of a saint mother but don’t have the ability of a saint mother. They only know how to talk but don’t have the ability.”

Zheng Zheng Zheng —

The twenty-eight heavens gathered together and turned into layers of canopy, keeping all the treasures inside.

He leaned against the azure sky canopy and his face was covered by the canopy’s shadow, only revealing his thin lips.

He pursed his thin lips and said softly, “A mere vulgar person, what right do you have to criticize me? You Can’t kill your enemies by criticizing rumors, and you can’t rule the world. You can only kill righteous people. But I’m no longer afraid.”

Chapter 1372:

“Rumors are terrifying. Rumors are like arrows. They can shoot people to death.”

Wei Suifeng was more mature after all, he whispered to Prince You Ming, “Crown Prince, it’s best not to tell anyone about this. I know that you are grateful for the death of Earth Mother, and I know that you understand Celestial Master Mu’s intentions and his actions. However, in the future, when the world is at peace, there will be even more people criticizing Celestial Master Mu. In the end, his reputation will be tarnished. “It’s best to hide this matter from the world.”

Crown Prince You Ming hesitated for a moment before nodding his head.

Qin Mu shook his head. "Eldest senior brother, it can't be hidden. There are traces of our battle here, as well as long Xiao, Qiang Tian Fei, Celestial Master Gong, and Divine Emperor Lang Xuan. How can they not tell anyone? "There's no need to be so nervous. I did it, so why should I be afraid of others talking about it?"

Wei suifeng frowned. Even though that was the case, when the actions of heroes weren't understood by others and when the mindset of the later generations wasn't in line with the times of war, they would still comment on the predecessors and criticize the actions of the predecessors.

The radiance of the seniors was too dazzling, but the more dazzling a person was, the clearer the stain on their body would be. Even if it was just an insignificant stain, it would be magnified like a fly discovering the wound on a brave warrior, they would have to hum and lick it twice.

Wei Suifeng had seen too much of such a situation.

Crown Prince Youming had experienced too little of the world, so he didn't understand why such a situation would occur. Qin Mu didn't care about it, but Wei Suifeng felt wronged on Qin Mu's behalf.

'The Battle of heavenly venerate is already coming to an end, right?'

Qin Mu came to the highest divine mountain nearby and climbed up to look into the distance. Crown Prince Youming and Wei Suifeng came to his side, and the three of them looked into the distance.

Over there, heavenly venerate gong, divine emperor Lang Xuan, Qi Tianfei, and Long Xiao were still fighting fiercely. Originally, Qi Tianfei had been at a disadvantage, but with the help of Supreme Emperor's head and fist, she instantly gained the upper hand, under the sudden attack, she beat heavenly venerate gong, Long Xiao, and divine emperor Lang Xuan until they vomited blood.

Even though Supreme Emperor's head didn't have much power and had been worn down by Qin Mu until there wasn't much left of his cultivation, which was only equivalent to an existence on Emperor throne realm, his divine consciousness was strong.

His fist was also the only remaining limb of Supreme Emperor's corporeal body and wasn't visualized, so its power was extremely strong.

However, Qing Tianfei quickly suffered a huge loss. She was targeted by celestial venerables long Xiao and Divine Emperor Lang Xuan, and the three celestial venerables attacked her together, causing her to be heavily injured again.

Thus, a strange situation was formed. Whoever was stronger and had less injuries would be attacked by the others together.

However, the result would be four defeats and everyone would be injured. In the end, no one would be able to obtain the final victory!

“Is it possible for us to pick up the scraps?”

Wei Suifeng’s heart pounded wildly as he muttered, “If the four of them are all injured and have little strength left, can the three of us join hands to get rid of them?”

When he said that, Prince Youming’s heart couldn’t help pounding wildly as his dao heart became unstable.

Qin Mu shook his head. “If all four of us are injured, the final winner will be long Xiao. Celestial Master Lang Xuan and Heaven Consort of palace are both figures who have lived since the immemorial era, so they won’t give long Xiao such a chance.”

Wei Suifeng was slightly stunned, but he immediately understood what he meant.

Crown Prince youming still didn’t understand, “This is the back of the ancestral court,” Wei Suifeng explained. “Even if long Xiao is injured, there are still countless huge beasts at his command. “If heavenly venerable palace’s injuries are too severe, long Xiao can control the huge primordial beasts to attack them. Even if he grinds them to death, he can still grind them to death.”

Prince youming came to a realization. “Tenth heavenly venerable is incomparably astute, he wouldn’t allow himself to fall into such a situation.”

“However, he still fell into it.”

Wei Suifeng glanced at qin mu and said, “Supreme Emperor and heavenly venerable vast had both suffered heavy losses, so they were taken advantage of. I heard that junior brother had once chased

heavenly venerable vast for six hundred thousand miles, killing him to the point that he couldn't even scream in pain."

Qin Mu felt very comfortable in his heart, "Actually, you can't blame heavenly venerable vast heaven. At that time, he was fighting with the life of Supreme Emperor who had just resurrected, so he had no choice but to unleash all of his power. "If he won, who would dare to go against him with the might of Supreme Emperor? "Even ten heavenly venerables would submit to him and wouldn't dare to have any second thoughts, so his position would be stable."

Wei suifeng asked, "What about the ancestral court refining the head of Supreme Emperor?"

"That's because Supreme Emperor was crushed by fourth heavenly venerable. Not to mention that Supreme Emperor wasn't in his peak state, even if he was in his peak state, he would still be crushed by fourth heavenly venerable. If he hadn't escaped quickly, not even his head would have been left."

Qin Mu smiled. "Picking up scraps won't be that easy."

As he was speaking, a few violent ripples suddenly came over. Long Xiao was heavily injured and rose into the sky to run away.

His injuries were very serious. Seven of his nine heads and necks had been broken, and he drooped down weakly. The dragon scales on his body were almost completely shattered, so he had no choice but to escape.

If he continued to fight, his origin would be injured.

Just as he escaped, Princess Qi Tian suddenly giggled and left celestial venerable gong and Divine Emperor Lang Xuan behind. She flew into the distance, and her figure rose higher and higher. She then formed a reverse summoning altar in the sky.

Qin Mu's expression sank slightly.

For concubine Gao Tian to be able to learn the reverse summoning divine art, it was definitely due to Shu Jun and the Dragon Qilin. Shu Jun was carrying the huge seal that Qin Mu had used to suppress supreme emperor's head and was affected by Supreme Emperor's divine consciousness.

When the Dragon Qilin had taught Shu Jun the reverse summoning divine art, Supreme Emperor had learned it.

“Please don’t expose my identity!”

Concubine Gao Tian Rose Higher and higher and the reverse summoning sacrificial altar was activated, pulling her body to the front of the ancestral court, a tender laughter came from the sky. “Because if you expose my identity, I Will Expose Yours Too! Heavenly venerate Hao would be happy to kill his half-brother, and the ancient gods would be happy to kill the fish that escaped from the creator’s net! You can talk to each other slowly!”

Heavenly venerate gong and divine emperor Langxuan’s expressions changed slightly. However, what concubine Qiang Tian said was already common to them. Who among the ten heavenly venerates did not have some unspeakable secrets?

None of the ten celestial masters were innocent, including fire celestial master and Heavenly Master Hao. Everyone had secrets. Even if they knew each other’s secrets, they could still use it as a threat. They did not have to reveal it.

Celestial Master Gong and Divine Emperor Lang Xuan stopped their attacks and looked at each other with complicated expressions.

“Mother, I have always hated you for being the Creator.”

Divine Emperor Lang Xuan retreated while runes flew around his body. He was also using the reverse summoning divine art.

He didn’t learn the reverse summoning divine art from Qin Mu, but he had obtained it from Earth Mother Primordial Lord and deduced it himself.

‘If you weren’t a creator, the Heavenly Emperor wouldn’t have killed you, and I wouldn’t be an illegitimate child.’

His reverse summoning divine art was slightly different from Qin Mu’s, but it was also extremely mystical. His runes formed a path chain, and it was like countless white goose feathers drowning him.

“Even though I knew that I had an incomparably noble identity in my life, because of your identity, I had no choice but to conceal my identity. Because I was exposed, I could only die!”

Divine Emperor Langxuan’s figure vanished, but his voice remained. “I should have been the crown prince, and the world should have been mine! ‘heavenly venerate Haotian, Xie Wuqi, all of them are younger brothers, and I’m the only legitimate crown prince! “Because of you, I could only conceal my identity and become an illegitimate child...”

Heavenly Venerate Gong was silent. She watched him leave and did not stop him.

“I really shouldn’t have given birth to you.” She flicked her sleeves and also conjured a divine ability in reverse and left from the back of the ancestral court.

She returned to the Hundred Thousand Black Mountain and saw that the sand in the hourglass had not yet finished falling. Heavenly Venerate Gong put away the hourglass and floated far away under the gazes of Lan Yutian, Xu Shenghua, and the others.

–wish interstellar rain happy birthday!

Chapter 1373:

Qin Mu and the rest watched the Battle of heavenly venerates from afar as they fell into deep thought.

“The back of the ancestral court is about to become the backyard of the three heavenly venerates.”

Prince youming said, “The three of them have learned the reverse summoning divine art, so they can come and go as they please. Soon, Long Xiao wouldn’t be able to defend this place. “I’m afraid that not only will he be unable to defend this place, but long Xiao might even be captured and become a mount.”

Wei Suifeng’s eyes flickered, he said, “The three celestial venerables have the ability to come and go as they please. This time, they are injured, but the next time they come back, whoever recovers first will be able to subdue long Xiao and unify the back of the ancestral court! “However, based on the personalities of the three celestial venerables, they must be worried that the other celestial venerables will recover before them and subdue long Xiao. “Then, the first thing they will do when they go back...”

With a strange expression, he said, “Is to spread the news about the back of the ancestral court to the other celestial venerables, so that no one can get the back of the ancestral court, and no one can subdue long Xiao!”

He had seen through these three celestial venerables and understood their thoughts.

Since there was one person who could gain the greatest benefits, and his strength and power would increase greatly, the probability of this person being him was only one-third. There was a two-thirds chance that he would lose his power and be killed by the person who had the greatest benefits!

In that case, he might as well leak the matter out. If he did, he would definitely get one-tenth of the benefits!

This was the best choice.

As for Long Xiao, he only had one path, and that was to be killed by the tenth heavenly venerate.

There were only ten portions of the benefits, and the tenth heavenly venerate would not share them with outsiders.

However, Long Xiao could not be divided into ten portions. Therefore, Long Xiao who died was the best long Xiao, and it was best for no one to get it.

The younging crown prince could not understand the twists and turns of the situation. He said in a muffled voice, "If the three celestial venerables were divided into three portions, wouldn't the benefits be greater?"

"Because their conflicts can not be reconciled, but the conflicts between the ten celestial venerables can be reconciled. They have been compromising with each other since the long Han era. They are both competitors and a community of common interests."

Wei Suifeng sighed ruefully. "Crown prince, you should really be thankful that North Emperor suppressed you for six hundred thousand years. Otherwise, who knows how many times you would have died in these six hundred thousand years."

Prince You Ming smiled. "I know I'm very stupid, so I have to ask you smart people for advice. "In the past, Emperor Yin and the rest schemed against me and never taught me how to analyze the pros and cons. However, you guys are my friends and will teach me these."

Wei Suifeng looked at Qin Mu and probed, "Then, what should heavenly venerate mu, who isn't among the ten heavenly venerates, do in the face of this situation?"

"Find long Xiao before he is killed by the ten heavenly venerates."

Qin Mu smiled and said, "Then tell him exactly what you said just now. Let him know that he can't rely on any one of the ten heavenly venerates and can only ally with me."

Wei Suifeng laughed loudly, but his laughter suddenly stopped, he changed the topic. "However, Long Xiao is obstinate and willful. He is the ruler of the back of the ancestral court and rules over all the huge beasts here. He will harbor illusions and think that he can rely on a heavenly venerate even in the most dangerous moment and still maintain his position! "If you go and look for him, you will be walking into a trap!"

Qin Mu smiled. "Everything depends on man. As long as there's a glimmer of hope for success, I will do it."

Wei Suifeng was stunned and sighed. "This is why I'm inferior to you. If you think there's a glimmer of hope, you will work hard and strive to turn it into two or three threads, but I will often give up."

Qin Mu imparted the reverse summoning divine art to them and said, "There's South Heaven Gate here. Bring Granny, Hua Xuanxiu, Lan Yutian, Xu Shenghua and the rest over and study them in detail. I'll go look for Long Xiao."

Wei Suifeng hesitated for a moment and said, "Be careful along the way."

Qin Mu laughed and stuffed the Azure Heaven stronghold into his hand before floating away. "Don't worry, Long Xiao is heavily injured now, so he can't do anything to me!"

Wei Suifeng and Prince youming watched him leave while prince youming said sincerely, "Heavenly venerate mu is truly an extraordinary person."

"Heavenly venerate nine dragons Han is an extraordinary person. They have ambitions, pursuits, and their own ideals, which is why they can do extraordinary things and become extraordinary people."

Wei Suifeng used the reverse summoning divine ability and said in a deep voice, “We summoned Shujun, Lan Yutian, and Si Youyou. There’s no need to return to the Hundred Thousand Sacred Mountains.”

Prince Youming hesitated and said, “You also said the Hundred Thousand Sacred Mountains, but when I look at the Hundred Thousand Black Mountains, they don’t look like Sacred Mountains. Instead, they look like extremely dangerous places. They always give me a bad feeling...”

“If heavenly venerate mu said they were sacred mountains, then they are sacred mountains. If the Sky Falls, heavenly venerate mu will take care of it!”

“That’s true.”

..

Qin Mu followed long Xiao’s trail and searched all the way. Long Xiao was injured and left behind traces of blood. However, he didn’t search far before the traces of blood disappeared. It was probably long Xiao suppressing his injuries to prevent others from finding his tracks.

Qin Mu muttered to himself for a moment before a huge beast in the distance discovered him and rushed towards him with a roar.

His divine consciousness burst forth and branded itself into the huge Beast’s mind. After a moment, Qin Mu stood on the head of the huge beast and searched for long Xiao’s whereabouts from its memories. He then controlled the huge beast to rush over there.

Not long after, he found that the huge beast had lost Long Xiao’s trail. However, there were other huge beasts not far away. Qin Mu immediately changed to another huge beast and left the original huge beast there.

He searched all the way, stopping and walking. However, Long Xiao’s movements became more and more mysterious. In the end, Qin Mu even changed to a few huge beasts, but he still couldn’t find any traces of Long Xiao.

“Long Xiao is also cautious.”

Qin Mu jumped down from the huge beast's forehead and gave a light laugh. He raised a finger and gently tapped on an ancient tree. "May I ask if your excellency has found Long Xiao?"

The ancient tree was summoned by him and instantly regained its consciousness. Its roots rose from the ground and it stood up. Eyes and mouth grew out from its body. It raised a branch and pointed into the distance. "He went there."

Qin Mu thanked it and got up to leave.

The spirit tree raised its hand and scratched the crown of the tree. It was a little puzzled. It didn't know why it could suddenly speak and walk while basking in the sun.

Qin Mu's divine art was extraordinary. It was no longer a simple spirit summoning spell of True Heaven Palace. He could also use the divine art of Heavenly Yin world to bestow his soul and divine consciousness to bestow him with the ability to speak, his divine art was filled with profundities.

In terms of the power of the Divine Arts in the world, there were many that surpassed Qin Mu. However, in terms of ingenuity, other than being too easy and unfathomable, no one could be ranked above Qin Mu.

He searched for a long time and once again lost the trail of Long Xiao. In front of him was a sea of thousands of acres of spirit flowers, and countless flowers that were over ten yards tall swayed in the wind.

Qin Mu's feet stomped heavily on the ground, and instantly, thousands of acres of spirit flowers swayed. Among the flowers, young and beautiful girls yawned and stretched their waists from the flower room, poking their heads out to look around.

Qin Mu asked, "Sisters, have you discovered long Xiao?"

The girls were chattering, and Qin mu coughed and said, "Please point the way."

The girls all pointed in the same direction, and Qin Mu thanked them and chased after them.

"Ya! I'm not wearing any clothes!" A girl in the flower cried out in shock.

“Me Too!”

“We’re not wearing any clothes!”

“We’ve been seen naked!”

“Why are your breasts bigger than mine? And your butt is a little perky. So Ugly, it’s a hindrance to walk!”

..

The Sea of flowers was bustling with activity. Those girls sneaked out from the flowers and looked around for leaves. They cut the leaves into various beautiful clothes and decorated them with flower petals.

They laughed at the girl with big breasts again, and cheerful laughter came from the sea of flowers.

Chapter 1374:

Celestial Master Gong returned to the Taisu Lode and summoned his disciple, Nian sihua, to guard the place, he said, “I have a reverse summoning great divine ability here. Send it to the territories of the other celestial masters and tell them that they can use this divine ability to reach the back of the ancestral court. There are countless riches in the back of the ancestral court!”

Nian sihua was shocked, she quickly said, “Master, since there are great treasures in the back of the ancestral court, why do you want to share them with others? The other heavenly venerates are all fierce and fierce people. They want to take all the benefits for themselves. Why did you share them with us?”

Celestial Master Gong said indifferently, “The benefits that they can’t take will also be shared with us. When they occupied the heavenly court, it wasn’t because they were worried that they couldn’t take it, so they looked for allies and found me. Did they invite me to join the Heavenly Alliance? There’s no need to ask. Go quickly.”

Nian sihua rolled her eyes and said, “Heavenly venerate mu is also a heavenly venerate. Should I inform him?”

Heavenly venerate gong shook his head and said, “No need.”

Nian sihua was delighted and said with a smile, "If we split the benefits with heavenly venerate mu, we will have to split it into eleven portions. If he is one less person, we can split it more."

"Then you are wrong. We must split it with heavenly venerate Mu."

Heavenly Master Gong shook his head and said, "He has a portion in the front of the ancestral court. Furthermore, he created the reverse summoning divine ability. Naturally, we have to give him a portion as well. "Although the ten heavenly masters are of the same mind, they are also mutually restricted. We need to let the catfish heavenly master mu in to lubricate ourselves."

Nian sihua was very puzzled.

Heavenly master gong said calmly, "He is the leader of the Heaven Alliance. There are many things that need to be done in his name. "There are some shady things in the Heaven Alliance, and someone has to take the blame. "Moreover, I don't have any allies. I need an ally in the Heaven Alliance. "Pulling Celestial Master Mu into the Heaven Alliance and becoming the Eleventh Celestial Master among the ten celestial masters and using him to restrict heavenly master Hao and the others is not only my idea, but also the idea of the other Celestial Masters."

Nian sihua shivered. She did not dare to guess what the Celestial Master was thinking.

Although she was in the throne realm, the ten celestial masters were like a dark abyss to her. They were unfathomable.

"Founding emperor can't be recruited into the ten celestial masters, but Celestial Master Mu should be able to."

Celestial Master Gong said unhurriedly, "Founding emperor seems to be gentle and honest. He doesn't have much of a temper, but his dao heart is too stable. If he decides on one thing, he will never change his mind.". However, Celestial Master Mu is different. Celestial Master Mu is more changeable and has the possibility of being changed. You can go."

Nian sihua bowed and left.

Celestial Master Gong looked at the Tai Su Lode and his eyes flashed, he said in a low voice, "Moreover, my identity as the Creator's Divine King has always been a hidden danger. With this identity, it's difficult

to find allies. Celestial Master Mu doesn't make me completely at ease. He's too close to the ancient god..."

She moved her gaze away and looked at the ancestral court.

This was the territory of the creator, but she couldn't find him. The creator's two enemies were Supreme Emperor and ancient god.

Among the ten heavenly venerates, heavenly venerate fire was the most eager to get rid of the ancient gods, but that was just a pretense for heavenly venerate fire to get rid of his enemies and strengthen himself. Only she was the one who truly wanted to exterminate the ancient gods!

The ten heavenly venerables of the Heaven Alliance were what she relied on.

On the back of the ancestral court, Qin Mu was searching all the way when he suddenly raised his head and saw two towering mountains in front of him. They looked like a heaven gate, and it was none other than South Heaven Gate.

'Long Xiao shouldn't be too far away. Since I'm here, I might as well take a look at South Heaven Gate.'

He looked up at the gate that was naturally formed by the Heaven and earth. It was the South Heaven Gate of the ancestral court, and it was many times more majestic than the South Heaven Gate of the Heaven Court. The two mountains were filled with dao flames, which were constructed from DAO markings, each dao flame had a different texture of the Great Dao.

'If Dao ancestor was here, I'm afraid it wouldn't take long for me to analyze these dao flames and comprehend many runes from them.'

Qin Mu walked into the South Heaven Gate of the ancestral court and the Dao Flames reached his body. These Dao Flames were very strange, and when they touched him, they didn't have any warmth. Even his clothes and hair didn't ignite.

Qin Mu let out a gasp of surprise and passed through South Heaven Gate. Nothing happened.

He retreated back and sized up the gate while muttering to himself.

Suddenly, his primordial spirit left his body and walked toward South Heaven Gate of the ancestral court.

He wanted to try passing through South Heaven Gate purely with his primordial spirit without using his corporeal body!

At the instant his primordial spirit stepped into South Heaven Gate, he suddenly heard a loud bang that shook like a huge bell!

An incomparably loud dao voice immediately rang out in Qin Mu's primordial spirit's ears. It was so grand that it made him feel as if he had entered the door of Dao, bringing an incomparable impact to his DAO Heart!

'No wonder no one in ancient times could discover the secrets of the Four Great Heaven Gates, because the creator of that era didn't have a primordial spirit at all!'

He came to a sudden realization, and at that moment, he felt the power of the path fire of South Heaven Gate. The path fire invaded his primordial spirit and burned it from all directions, even entering his divine consciousness and vital qi.., it was the Great Dao runes that he had refined!

This was a form of tempering. There was the danger of his primordial spirit being turned into ashes by the path fire, but he would also receive the tempering of South Heaven Gate and take another step forward!

He allowed the path fire to burn him as he continued to walk forward. He could hear the miraculous dao sound in his ears.

Qin Mu slowed down his footsteps and allowed the path fire to refine his body. Unknowingly, he had many feelings and insights. As he went deeper, the wonderful feelings brought by the dao sound grew more and more.

However, the deeper he went, the stronger the power of the DAO fire became. It faintly began to threaten the safety of his primordial spirit!

Of course, the DAO fire with such power could no longer hurt him, but it made Qin Mu have a feeling that his foundation was unstable!

This kind of unstable foundation came from the realm of South Heaven Gate in the Heavenly Palace System!

The realm of South Heaven Gate was also called True God. It was a divine arts practitioner who had come to the front of South Heaven Gate and walked through it. After going through the Great Dao Laws of South Heaven Gate and tempering himself, his primordial spirit and corporeal body.., they were all raised to the level of true God!

This kind of tempering was mostly reflected in strength.

Qin Mu had also passed through South Heaven Gate. It wasn't just one gate, but almost all of South Heaven Gate's heavenly palaces. Only Buddha Pirate Heavenly Palace had yet to be completed, and extreme load heavenly palace had just started cultivating, so he had yet to pass through.

But now that he had walked through South Heaven Gate formed by the Heaven and earth of the ancestral court, he realized that he was being burned by the Dao Flames, and his realm was showing signs of instability!

He had never encountered such a thing as unstable realm!

Ever since he was young, his foundation of realm could be said to be incomparably firm, especially after coming into contact with Eternal Peace's reform and reforming all the great divine treasures. With unstable realm, he was even more insulated from it.

When he crippled his heavenly palace, crippled his divine treasures, and only cultivated his spirit embryo, his Heavenly Palace realm also became a part of his spirit embryo realm. The reverent gods and True Gods of Heavenly Palace were all trained by him to an unimaginable degree.

If his realm was unstable, then all the gods in the world had unstable realms!

'this is a chance, a chance for me to attain the great perfection of South Heaven Gate!'

He focused all his attention on comprehending the dao flames around him, listening to the Dao Sounds, and comprehending the profoundness of South Heaven Gate with all his heart.

At that moment, two huge eyes suddenly appeared in the sky above South Heaven Gate. They hid behind the clouds and stared at Qin Mu's primordial spirit, which was comprehending in South Heaven Gate. They then shifted their gaze and landed on Qin Mu's corporeal body.

In the sky, a long dragon's beard fell down silently and quietly wrapped around Qin Mu's corporeal body before slowly putting it away.

However, Qin Mu's primordial spirit in South Heaven Gate still seemed to be unaware.

"I'm waiting for You to beg me to become my mount, Hehe..." a low laugh came from the sky, and the two eyes disappeared.

Chapter 1375:

'The Realm of South Heaven Gate is built on the foundation of South Heaven Gate of the Heavenly Court. The South Heaven Gate of the heavenly court symbolizes the authority of the Heavenly Emperor, the majesty of the gods, and the power of the gods. 'therefore, the traditional heavenly palace realm only focuses on strength and lacks comprehension of the path.'

Qin Mu's primordial spirit stopped and pondered over the reason while comprehending. 'in other words, the instability of the realm will appear on all the gods and devils that are built on the foundation of the traditional Heavenly Palace system without any exception

'that's because when they passed through South Heaven Gate, they only obtained strength and didn't comprehend the path. This is also the reason why when founding emperor cleaved apart the Heavenly Court, the Dao Hearts of all the gods and devils almost cracked and collapsed.'

This included Qin Mu, founding emperor himself, and even ten heavenly venerables!

'If founding emperor wants to become the path, if he wants to cultivate the thirty-sixth heavens of sword path, if he wants sword path to rest in the ultimate void, he has to make a trip to the four great heavenly gates of the ancestral court, Jade Lake, Jade platform, Jade capital city, and other places! Only by doing so will his comprehension of the dao reach its peak!'

"Founding emperor's path of sword proving the Void is in the ancestral court!"

He continued to move forward, trying his best to comprehend.

Qin Mu moved forward unhurriedly. Even though the dao fire was strong, it was difficult to hurt him. The dao sounds in Heavenly Gate made his dao heart even more transparent.

'this isn't South Heaven Gate, but the gate to enter the Dao. If someone can walk through this gate, they will most likely be able to enter the Dao.'

He sighed ruefully in his heart. There was actually such a wondrous place in the world.

'however, the power of the path fire of this gate to enter the path could probably burn most of the true gods to death!'

Qin Mu frowned slightly. The Fiercest Path Fire wasn't directed at the corporeal body, vital qi, primordial spirit, and divine consciousness. It was also not directed at the divine treasures and heavenly palaces, but at the Dao Heart!

If the cultivation of the DAO Heart wasn't high enough, it would be completely burned by the path fire of South Heaven Gate, leaving nothing behind!

'I have to tell eldest senior brother, Crown Prince You Ming, and the rest not to walk straight into South Heaven Gate. The best path is to analyze the dao fire here and complete the South Heaven Gate in their respective heavenly palaces. That way, there's a possibility of entering the Dao, but the probability is smaller. However, it's much bigger than the South Heaven Gate in the past, and it's safer.'

He walked past the ancestral court's South Heaven Gate. When he walked out of the gate formed by Heaven and earth, it was already several days later, but he had yet to enter the Dao.

Even though the Enlightenment that South Heaven Gate of the ancestral court had given him was deep, Qin Mu had already stepped into the path long ago. Furthermore, his realm was very deep, so the Enlightenment that South Heaven Gate had given him wasn't enough to support him to step into the path once again and allow his dao realm to rise to another level.

'I have to go to the other three heaven gates. The enlightenment that those three heaven gates have given me on Dao Heart and Great Dao is enough to make me have no weakness in this realm!'

His primordial spirit walked out of the South Heaven Gate and turned back. He passed through the gate once again, intending to return to his physical body.

His primordial spirit came to the gate entrance and was immediately stunned. He saw that the front of the South Heaven Gate was empty, and his physical body had actually disappeared!

He had been meditating in the South Heaven Gate all this time, and his mind was unoccupied. He did not expect that his physical body had actually been lost!

“I’ve been walking by the river and finally got my shoes wet. I’ve made a low-level mistake. What kind of huge beast could break through the divine art seal and take away my corporeal body?”

He sensed his corporeal body but found that it was still there and hadn’t been eaten by the huge beast. Only then did he relax.

At that moment, Prince You Ming supported himself with the Azure Glass Heaven Canopy and escorted everyone from the Great Black Mountain. When they saw Qin Mu’s primordial spirit, they couldn’t help being astonished and went forward to ask.

Granny si frowned. “Mu’er, Where’s your corporeal body?”

“Don’t mention it.”

Qin Mu said in embarrassment, “I followed long Xiao here and planned to have my primordial spirit enter to comprehend the profoundness, but I never expected my corporeal body to be stolen. I already know who stole my corporeal body, so I’ll rush over to take it back!”

Wei Suifeng’s heart moved slightly, and he asked in a low voice, “It’s long Xiao?”

Qin Mu nodded. “He took my corporeal body so that I could be his mount. I’ll go and meet him, and nothing will happen.”

He told everyone about the various discoveries in South Heaven Gate of the ancestral court, “If your abilities are sufficient, you can try to enter with your primordial spirit if you’re just a step behind me in true God realm. However, if you’re much weaker than me, don’t go in and throw your lives away,” he said

The moment these words were said, many people were eager to give it a try. Qin Mu glanced at Yu Chudu and Wei Suifeng and shook his head. “You guys can’t do it, you guys are far from it.”

Wei suifeng gave a snort and was very unhappy.

Qin Mu looked at first ancestor, second ancestor, and the other human emperors and shook his head. "You guys can't do it either."

Everyone was used to being struck and thought to themselves, 'that great cult master Wei doesn't seem to be used to it yet, but he will get used to it.'

Qin Mu said to Xu Shenghua and Lan Yutian, "You guys can go in. Prince youming, Granny, you guys can go in. If you feel that something is wrong and immediately retreat, you guys are also far from each other. Hua Xuanxiu, you are still too young and on the realm of divine treasures. Your primordial spirit is unstable, so stay outside obediently. Where's long pi? Where's Pi

He looked around but didn't find long pi. He was bewildered.

"Fatty Long didn't go back."

Wei suifeng said, "When I summoned everyone, I didn't find any traces of him, so I didn't even summon Yan 'er over to prevent her from worrying."

Qin Mu's heart sank. When he had fought with Earth Mother Primordial Lord, he had let the Dragon Qilin leave first, but he hadn't expected the dragon qilin to not return to the Great Black Mountain of the ancestral court!

"After I find my corporeal body, I'll go look for him!"

Qin Mu's heart was anxious, and he suddenly grew up, and his primordial spirit vanished!

His primordial spirit traveled ten thousand miles and sensed his body. Not long after, it left the South Heaven Gate of the ancestral court and came to a strange place.

The mountains here were forested, and they were as steep as knives. They were dense and sinister, like thorns that grew on the ground. They were incomparably sharp and stabbed diagonally into the sky!

His primordial spirit passed through the Strange Mountains, and he suddenly felt waves of strange power stabbing into his primordial spirit, causing it to slow down.

Qin Mu executed his divine art, and the Great Dao runes flew out to form dao patterns. They formed DAO chains, but the circulation of the DAO chains became sluggish. The strange power that pervaded the area stabbed into his dao chains, dao patterns, and Great Dao runes, it made it almost impossible for the divine art to take shape!

His primordial spirit flew slower and slower, and he finally couldn't mobilize his magic power anymore. His primordial spirit fell from the sky.

Qin Mu took a step forward and ran at full speed. His speed was still extremely fast, but the deeper he went into this strange mountain, the stronger the suppression he felt!

'what is this place?'

Just as he thought of this, his primordial spirit and corporeal body suddenly felt an incomparably strong connection.

Shua —

His primordial spirit vanished into his corporeal body. Qin Mu opened his eyes and laughed. "Long Xiao, why are you sneaking around and stealing my corporeal body?"

At that moment, Qin Mu felt his neck becoming heavy. He saw a chain made of divine gold being tied around his neck, and long Xiao, who had shrunk to more than thirty yards in length, was lying on the throne like a thorny thorn and sleeping soundly.

Beside Long Xiao, the Dragon Qilin was refining medicine for long Xiao to treat his injuries. He said in a low voice, "Foster father, heavenly venerate mu has arrived!"

Long Xiao slowly opened his eyes and yawned. He smiled. "Don't call him heavenly venerate mu, call him mount heavenly venerate mu."
