

Tales of Herding Gods Chapter 1376-1380

Chapter 1376:

Qin Mu's eyes went wide as he looked at the dragon qilin's "Godfather" and long Xiao's "Godson" on the throne. A bizarre feeling rose in his heart.

He had been worried that the dragon qilin might have been eaten by that huge beast, but he hadn't expected the dragon qilin to be captured by long Xiao and taken in as his godson!

Furthermore, looking at the situation, the dragon qilin was actually doing quite well by long Xiao's side!

With a buzz, Qin Mu spread out the domain of his divine treasure and executed the path of primordial beginning, causing the chains around his neck to fall off.

Long Xiao raised his head abruptly and stared at Qin Mu with eighteen eyes. "You can resist the rules of this place and execute Divine Arts?"

Qin Mu stretched his body and looked around. "This place forms a natural shackle of Great Dao, which is specially used to lock down the path. There aren't many great dao paths that I can use, so I can only use four."

Long Xiao was bewildered, and after a moment.., he laughed loudly. "Amazing, truly amazing! No wonder you are revered as heavenly venerate mu. I originally thought you were a piece of trash used by heavenly venerates to make up the numbers, but I didn't expect you to really have some ability!"

He stood up and walked down from his throne. In a few steps, he came to Qin Mu's side. His long body circled around Qin Mu a few times, and seven of his nine heads and necks were broken. Even though he had the dragon qilin to heal him.., he had yet to fully recover.

He sized Qin Mu up like he was looking at an animal and praised, "Truly amazing. Your cultivation isn't high, but your abilities are truly extraordinary."

He returned to the throne. The throne should have been refined by the Thorn Mountains here and was like a thorny forest, but it couldn't hurt him in the slightest.

Qin Mu took a glance at the dragon qilin and smiled. "Long Xiao, your foster son is really unique. Half is a dragon and the other half is a qilin."

The dragon qilin shouted, "My mount is celestial venerable mu, so that you can know that my surname is long and my name is Pi! You can call me young master pi! When I was running, I executed my divine art and was seen by a few good brothers who were running away. They picked me up and ran away without any explanation. "Later, my foster father came and felt that I was clever and intelligent, so he took me in as his foster son."

Qin Mu blinked his eyes and instantly knew the whole story.

In the battle with Wei Suifeng and Crown Prince youming when he had killed Earth Mother Primordial Lord, the area covered by the Azure Heaven glazed building was too wide. The dragon qilin and the nearby huge beasts were all escaping to avoid being affected by them.

The dragon qilin was probably still trying to execute his reverse summoning divine art to summon himself to the Great Black Mountain of the ancestral court, but he was discovered by the other huge beasts that were escaping.

The behemoths thought that the dragon qilin was a behemoth like them. Seeing that he was not running fast enough, they held the dragon qilin in their mouths and fled for their lives.

The Dragon Qilin was unable to use his reverse summoning divine ability. When he reached a safe distance, he ran into long Xiao who was escaping.

Long Xiao picked them up and fled all the way to this place.

Although the Dragon Qilin's medical skills were a mess, he was still much better than the behemoths. Therefore, he tried his best to treat long Xiao's injuries. Long Xiao must have liked him a lot. Seeing that he was smart and capable., hence, he took him in as his foster son.

Long Xiao laughed out loud. "Heavenly venerable mu, do you know what this place is? This place is called Qishan. In the past, creators called it Heaven Prison and nine prison stage! In the past, creators and ancient gods who committed heinous crimes were often thrown here. In this place, not to mention you, even ancient gods would become mortals. Every step they took would cause their bodies to sting and wail in pain. In the end, you would be distorted beyond recognition and die a horrible death!"

"Qi Mountain, Heaven Prison?"

Qin Mu was stunned. He looked around and muttered, "There's also Heaven Prison in Heaven Court, but it's not that terrifying... if heaven prison also corresponds to one realm, then which of the seven realms of Heaven Palace should it correspond to..."

Long Xiao glanced at him, "This is only the outer layer of heaven prison, the first stage of nine prisons stage. "If you reach the ninth prison, not to mention that you are unable to use your divine arts, even if the so-called ten heavenly venerates come, they will only die! "There are at least dozens of skeletons of ancient gods there! "Submit to me and become my mount. You have boundless glory in the back of the ancestral court. Reject me, and I will throw you into the ninth prison to let you have a taste of a life worse than death!"

Qin Mu laughed loudly. "Long Xiao, you are already at the end of your life, yet you are still dreaming."

He repeated Wei Suifeng's analysis and said indifferently, "You only have one way to live now, and that is to join hands with me. Otherwise, when the tenth heavenly venerate descends, you will definitely die!"

Long Xiao snorted coldly. "If I join hands with one of the heavenly venerates, I can be free and unfettered. How can there be any danger to my life?"

"If you submit to one of the heavenly venerables, the other nine heavenly venerables will be greatly threatened. In order to protect the balance of power between the heavenly venerables, you will definitely be killed."

Qin Mu smiled. "Long Xiao, I've already invited you twice, so I won't invite you a third time."

Long Xiao raised his dragon claws and lightly knocked on the throne. His nine faces flickered as he sized Qin Mu up, suddenly, a dragon head shouted, "You definitely have a way to deal with my current crisis, that's why you came to find me so confidently! If you don't give me a way, I'll throw you into the ninth hell!"

Qin Mu smiled and looked around. "There's no need for you to throw me, I'll go in myself."

Long Xiao opened his eyes wide. Qin Mu walked around him and walked into the depths of Heaven Prison.

The second stage of Heaven Prison was behind Long Xiao's throne. It was a broken cliff, and Qin Mu leaped into it.

He had wanted to see if this nine prison stage could be considered a realm in heaven palace, but now he could test it out.

Long Xiao hurriedly came to the edge of the broken cliff and looked down, he sneered. "Heavenly venerate mu, if you can't take it anymore, just say the word and I'll save you. However, I don't dare to enter the ninth prison either. If you can still come out alive after jumping in, I'll form an alliance with you."

The Dragon Qilin came to the edge of the cliff, poked his head out and shouted, "How can foster father ally with other people?"

Long Xiao glanced at him and spat, "You are good brothers with him. How can I not know? Don't give me that trick."

The Dragon Qilin's hair stood on end.

Long Xiao smiled, "You are still too young. You are not as experienced as Celestial Master Mu. "When I came into contact with you, I had already used my divine sense to know your ancestors from all eighteen generations. "The reason why I took you as my foster son was not only because I admired your shamelessness, but also because I wanted to take advantage of Celestial Master Mu. I wanted to surpass him in terms of seniority! "Moreover, I also needed to establish a connection with Celestial Master Mu through you. I wouldn't fall out with him if I couldn't take him as my mount."

The dragon qilin immediately became obedient and praised sincerely, "Foster father, you are wise!"

"Of course! But don't even think about feeding me."

Long Xiao sneered, "God King Boyang is so smart. Didn't I arrange it so that he would die for me?"

The Dragon Qilin's eyes lit up as he looked at him in worship, his tail wagging behind him.

Long Xiao could not stand the way he looked at him. He quickly said, "I've read your human rearing scripture from your memories. Don't use me as an experiment!"

The dragon qilin lowered his head dejectedly. "Foster father is indeed worthy of being able to raise the Bo Yang God King. As the leader of the three primordial God kings, I feel ashamed of myself."

Long Xiao laughed and said, "You're not bad either. Don't worry. Be My Foster son. Half of the ancestral court is behind you!"

The dragon qilin blinked. "I inadvertently raised him, and he inadvertently raised me. He's an expert!"

Chapter 1377:

Qin Mu came to the second stage of nine prisons platform. The feeling of prison lock Great Dao was even more intense here, and the vital qi cultivation in his body also became incomparably sluggish, making it difficult for him to circulate it!

The countless pores on his body seemed to have been sealed, and the Qi in his body couldn't circulate with the outside world.

Not only that, the stabbing pain became even more intense, as if there were countless invisible needles stabbing into his body!

What was even stranger was that his primordial spirit, divine consciousness, and vital qi could all feel the pain of being stabbed by needles.

'If this is also a realm, what's the use of this realm? It's a pity that big senior brother isn't here...'

He was slightly puzzled. There was Heaven Prison in Heaven Court, and it was used to suppress the criminals who had committed the most heinous crimes. Back then, when Emperor Yun Luo Wei Suifeng had been captured, he had been imprisoned in heaven prison.

If Wei Suifeng was here, he might be able to tell Qin Mu about his experiences in heaven prison for reference.

'If nine prison platform is a realm, then which two realms should this realm be placed between among the seven realms of Heaven Palace? Is it lower or higher than jade platform?'

He felt it carefully and wanted to find the Dao realm contained in nine prison platform. However, other than pain, he couldn't feel any dao realm logic.

He jumped into the third stage of nine prisons platform, and at that moment, he saw many twisted corpses.

They were giants that should be creators. They should have fallen into intense pain, so much so that their bones were deformed. Qin Mu even saw the head of one of the creators deformed, so he guessed that when this person was still alive., it must have been so painful that his face was distorted!

Qin Mu's cultivation and abilities could be said to be the overlord of a region in the immemorial era. He could still endure it when he came to the third stage, so he didn't think much of it and continued to walk on.

He jumped to the fourth stage of Heaven Prison, but he still didn't feel any improvement to his dao. It was just that the piercing pain had affected his primordial spirit, and the pain caused his heavenly palaces to begin to change shape!

'interesting...'

He continued to go deeper and came to the fifth stage. When he reached there, the Great Dao was locked, and he couldn't use any of his paths, skills, and Divine Arts!

'however, the paths of absolute beginning, absolute beginning, Tai Su, and tai chi can still be used. As long as these four great dao can be used, this place won't be able to trap me.'

He came to the sixth stage, and his primordial spirit was already locked. It was sealed by a powerful seal in their respective heavenly palaces. Qin Mu's mind was a little muddle-headed, and he felt all sorts of messy thoughts surging into his mind.

'this place can disturb my dao heart, just like the Devil Path and devil nature in Youdu.'

He came to the seventh stage, and his divine consciousness seemed to be locked up. His thoughts seemed to stop working, and Qin Mu restrained his thoughts, allowing them to gather in the ancestral hall of his spirit embryo divine treasure, he borrowed the power of the five great mineral veins to protect his thoughts and consciousness.

When he reached the eighth stage, his vital qi had completely calmed down. He couldn't sense any aura of the Great Dao in his body, and it was as if even his blood was stiffening, leaving behind an incomparably intense pain!

The eighth stage of heaven prison was filled with corpses and bones. They were so twisted that he couldn't even see their original shape!

He had even seen ancient gods!

Long Xiao had indeed not lied to him. Many ancient gods had been thrown here, but in the end, they couldn't even crawl out. In the end, they died from the pain in this terrifying heaven prison.

Qin Mu's mind rumbled as if there were billions of inner demons making noise, making it difficult for him to maintain his normal dao heart.

His eyes were blood red, and everything looked distorted. The entire world was distorted, and the sky, the Earth, and himself were all distorted!

'this is bad, it's heavenly prison locking my dao heart! If my dao heart collapses, I'll probably end up like the corpses here, wailing and never be able to walk out!'

He hurriedly closed his eyes. Prison locking the Great Dao was even more terrifying and sinister than he had imagined!

The vertical eye in the heart of his brows opened, and when he looked around, the distorted feeling of the entire world instantly vanished.

"Heavenly venerate mu, you have come to a strange place." Supreme beginning's voice came from his divine treasure.

Supreme beginning had been refining supreme primordial stone in the egg these days and rarely came out. Qin Mu's arrival had finally alarmed him.

"This place is like an incomparably sinister place in the ancestral court. It's not a place you can come to, so it's still not too late to retreat."

Tai Shi in the egg used the vertical eye between Qin Mu's brows to examine his surroundings, and his heart jumped, he said solemnly, "There are a few places in the ancestral court that even I can't detect,

and this is one of them. Apart from that, I can sense a few other places, and one of them is your big black wood.”

Qin Mu was slightly stunned. “In that case, Dao brother, which level did you sense?”

“The lowest layer.”

Qin Mu came to the edge of the eighth layer and looked down. Tai Shi in the egg hurriedly shouted, “Don’t look!”

At that moment, Qin Mu had already seen the ninth layer of heaven prison. There was only a white light there, like a well reflecting the moonlight.

The well water didn’t have any ripples and reflected Qin Mu’s face.

The ninth stage of Heaven Prison wasn’t big, only twenty yards square.

Qin Mu smiled. “There’s nothing here, so what’s there to be surprised about?”

Tai Shi in the egg sighed and said, “You’re already on the ninth stage.”

Qin Mu was stunned. Only then did he realize that he wasn’t looking down at the ninth stage, but at the sky!

At that moment, he was already on the ninth stage of Heaven Prison’s ninth stage, looking up at the sky that was like a well!

Even he himself didn’t know when he had come down!

“You’re finished, your dao heart has been locked.”

Tai Shi in the egg sighed and said, “Heavenly venerate Mu, your dao heart has been locked, your divine arts have been locked, your Great Dao has been locked, your vital qi has been locked, and the power of your corporeal body has also been locked. All you have now is the divine consciousness hidden in the ancestral court of Your Divine Treasure.”

Qin Mu's primordial spirit was wooden, and his vital qi froze. The Great Dao runes in the Heaven Palace stopped changing, and the stars in his divine treasure and the imprints of the ancient gods in his corporeal body were all locked!

There was still yin and yang qi circulating in the vertical eye between his brows, but Qin Mu couldn't use the power of the vertical eye at all!

He was now a completely ordinary person without any divine arts!

"Daoist brother Tai Shi, what do we do now?" Cold sweat rolled down his forehead.

Tai Shi in the egg said coldly, "In the past, you wouldn't have asked me what to do! "You always had all sorts of strange ideas to tide over the difficulties, but now you have no idea and are asking me. Has Your Dao Heart already completely disappeared?"

In the divine treasure ancestral court, in the mining area covered by the five mines, Qin Mu's divine consciousness was in a mess and he actually couldn't come up with any ideas.

Prison Lock Dao Heart, the final prison of the nine prison platforms of Heaven Prison, was the biggest and most terrifying cage!

Tai Shi in the egg sighed, "This nine prison stage isn't something that you can enter on your current realm. If my guess isn't wrong, the nine prison stage of heaven prison should be ranked behind God execution stage in the seven realms of Heaven Palace and before Jade capital city. "With your current abilities, you probably don't even have the ability to ascend to the god execution stage of the ancestral court. Nine prison stage, don't even think about going over."

Qin Mu's heart was filled with fear as he sat down on the ground. At that moment, he felt incomparably intense pain coming from every part of his body. It was so painful that his body was distorted and deformed.

"You have passed the god execution platform, so it should have another function. It's not just killing primordial spirits, but also Dao Path and Dao Heart. Only after you have passed would you be qualified to enter nine prisons platform. "Your only hope now is your divine sense hidden in the five mines. This is your last hope... Celestial Master Mu!"

Tai Shi in the egg shouted, "Pull yourself together! You have to pull yourself together and reunite your dao-heart! Otherwise, you will die here just like all the creators and ancient gods in Heaven Prison!"

Otaku pig was about to leave again. This time, he was going to catch a plane. Since he could write on the high-speed train, catching a plane would be a waste of time. Otaku try!

Chapter 1378:

Even though Qin Mu heard his words, he couldn't condense his divine consciousness, let alone reassemble his dao heart.

Just like what Tai Shi had said, this nine hell stage wasn't a place that he could come to today. This natural heavenly prison should have been on the realm after God execution stage.

However, in the early years of Dragon Han, when the gods built the heavenly court, the Heavenly Court didn't refine the heavenly prison according to Nine Hell Stage.

The Heaven Prison of the heaven was different from nine prison stage. It didn't contain the Great Dao of nine prison stage, so no one knew anything about this realm.

For a million years, no one had done any research on nine prison stage.

Qin Mu's current realm had yet to reach Jade Lake realm, so when faced with the test of nine prison stage, he didn't have anyone's experience to draw on.

He could only fight against nine prison platform alone. When his dao heart was sealed, he was like a baby floating in a basket on surging river.

His surroundings were all dark, and only the jade pendant on his chest was still emitting a faint light.

The darkness around surging river was filled with ghosts and devil gods. The Devils and monsters were sprinting on the surface of the river, appearing and disappearing mysteriously as they peered at him.

"The you in the past didn't have a DAO Heart at all! Dao heart was cultivated step by step by yourself!"

Tai Shi's voice came from within the egg as though it was incomparably far away. "You need to use your own will to overcome it and cultivate your dao heart again! You can survive..."

His voice became farther and farther away, becoming fainter and fainter until it could no longer be heard.

The intense pain surrounded Qin Mu, and fear drowned him.

He was like a baby floating alone on surging river, and all he could see was darkness.

What if, what if Granny Si didn't hear his cries in the basket, walk into the darkness, or lift him up from the basket?

Would he still be the current him?

Would he still be heavenly venerate mu?

Heaven Prison's nine prison platforms had crushed his dao heart and made it return to its original state, crushing his fighting spirit and turning him into a weak baby.

Darkness would eventually invade and devour him completely.

Qin Mu's eyes gradually dimmed, and in the end, everything was devoured by darkness.

The egg of supreme beginning that had been trying its best to call out to Qin Mu also calmed down.

It was over. Qin Mu's Dao Heart had been locked, and his fighting spirit had been completely destroyed. It was impossible for him to awaken his dao heart and become heavenly venerate mu again.

The nine prison platforms were completely silent.

There were actually no cries of the billions of commoners that Qin Mu had heard, nor were there any seals on the Great Dao, divine consciousness, vital qi, and primordial spirit.

Ever since he had stepped into this place, what had been locked was his dao heart.

Locking the Great Dao, his corporeal body, vital qi, and divine consciousness were all just appearances.

It was precisely because his dao heart felt that it had been locked that he had seen his corporeal body, vital qi, primordial spirit, Great Dao, and divine consciousness all locked up.

Village chief's overlord body legend made people think that they could do anything!

And nine prison stage locking up dao heart made people think that they couldn't do anything.

Qin Mu lay in the middle of nine prison stage. He hadn't moved for a long time, and at most, he would twitch and twist from time to time.

'in this world, even the existence with the strongest dao heart is unable to resist nine prison stage. I should be trapped in his body until the day he dies.'

Tai Shi thought to himself, 'maybe I can only escape when his corpse rots. Heavenly venerate mu, are you really unable to break through prison lock Dao Heart?'

..

Qin Mu curled up his body weakly. His surroundings were completely dark and there was no light.

"Listen, there's the sound of a child crying outside!"

"I think Mu'er should be a different kind of constitution, an overlord body that combines the length of the four great constitutions!"

"As long as you have faith, a mortal body is an overlord body!"

"It's hard to break a god in a broken temple, and it's even harder to break a god in your heart!"

"The path of a saint is no different from the daily use of the people. Anyone who is different is a heresy!"

“Doing things in a straightforward manner and being pure in nature is the path.”

“The reason why Imperial preceptor and I are pushing for change is to change the situation where the sects control the lifeblood of the people and the country. Not only do I want to change, but I also want a revolution. I want to change the lives of these sects and change my own life!”

“Founding emperor’s reform should follow the heavens and follow the people.”

“What’s the use of this sword? What’s the use? This sword can’t be polished anymore!”

“There is no carefree village in this world!”

“If we decay in the future, there will be descendants who will overthrow us. There’s no need to think so much.”

“Take care! I’ll have to rely on fellow Daoist for the future!”

“Cult master, you’re right.”

..

After a long time, Qin Mu opened his eyes. His Dao Heart was still locked, and he still looked like a mortal. However, hope was ignited in him.

“Tai Yi is right. I didn’t have a dao heart in the past, and it was honed. In the past, I wasn’t a divine arts practitioner, much less a god. I cultivated it.”

“In the past, I wasn’t Cult Master Qin, Human Emperor Qin, or heavenly venerate mu. I fought for it step by step!”

“In the past, I didn’t have my own soul or corporeal body, but I had my own consciousness!”

“In the past, I didn’t have my own dao friends, but I had many of my own friends!”

“In the past, I was an orphan with no relatives, but I had disabled elderly village and eternal peace!”

“In the past, I didn’t have my own path! But now –”

He gritted his teeth and resisted the bone-piercing pain. He stood up shakily and tried his best to control his divine consciousness to keep his consciousness clear.

“But now, I have my own path and path!”

The pain distorted his consciousness, but he still desperately urged his divine sense to forcefully urge the overlord body three elixir technique.

As he walked, it was as if he had returned to the disabled elderly village. He had returned to the bitter days of running and training.

But this time, his footsteps were extremely empty. His body was distorted and swaying as he walked with great difficulty at the lowest level of the heaven prison nine prison stage.

His soul consciousness moved the Yuan Qi that had already become rigid, making it follow his soul consciousness. He used all his strength to activate his technique. He felt that wherever his soul consciousness and Yuan Qi passed by, it was as painful as scraping his bones.

He was trembling. Every step he took was extremely painful.

The absolute beginning egg still didn’t speak. He was observing this scene. He was observing how a lowly creature that had fallen into a desperate situation walked out of the desperate situation. He was also observing what supported him to continue walking.

He had always been biased against postnatal life forms, and he didn’t have a good impression of ancient gods either. It was the creator of the postnatal life forms who had dug him out of the mine of primordial beginning, and it was the ancient god, heavenly emperor primordial beginning, who had imprisoned him.

Yet now, he could see the unimaginable vitality of the life forms in this world from Qin Mu’s body!

Qin Mu's incomparably tenacious and even stubborn will made him admire him.

In a space that was twenty feet square, he would need to spend an hour to walk for a week.

The dragon qilin and long Xiao stood at an extremely high place. When they looked down, they could only see a square inch of land where a tiny figure was moving slowly.

"Can cult master walk out from inside?" The Dragon Qilin couldn't help being a little worried as he looked at long Xiao.

There were huge beasts that had picked up spirit herbs from outside. Their bodies were already twisted from the pain even before they arrived here, making it difficult for them to walk forward.

The Dragon Qilin hurriedly went forward to receive the spirit herbs. His Dao heart was much more profound than these huge beasts.

"If heavenly venerate mu really walks out from the nine prisons platform, do I really have to join hands with him?" Long Xiao looked at the square inch and said in a low voice.

The dragon qilin was slightly startled and couldn't help but ask with joy, "Cult master can walk out of there?"

Long Xiao stared at the ninth stage, he said softly, "His speed is gradually increasing. I've never seen anyone walk through the ninth stage of the nine prison stage, and I've never seen anyone who can reunite their dao heart even when their dao heart is locked. Yet, he has done it."

— I wish my book friend a lonely and happy birthday!

Chapter 1379:

The dragon qilin was overjoyed and laid on the edge to look over as well. However, he saw that Qin Mu was still walking very slowly and with great difficulty. Every step seemed to exhaust all his strength.

After another two days, he could clearly see that Qin Mu's speed was indeed increasing.

However, this kind of improvement was really slow and made him worried.

Gradually, Qin Mu's walking speed became faster and faster. He could only walk a week in half an hour, but now he only needed the time for an incense stick to burn.

Long Xiao walked back and forth, occasionally raising his head to look at the sky and occasionally lowering his head to look at Qin Mu struggling in Heaven Prison. He was truly hesitant in his heart.

He wasn't willing to form an alliance with Qin Mu. Qin Mu's abilities were too weak, so if he were to rely on any one of the ten heavenly venerables, he could stabilize his current position. At most, he could only be a mount for the heavenly venerables.

By forming an alliance with Qin Mu, he could still maintain his independence in name, but Qin Mu couldn't give him any protection for the huge beasts on the back of the ancestral court.

'however, heavenly venerable Mu's potential is extremely great. Moreover, just as heavenly venerable mu said, if the ten heavenly venerables were to split the back of the ancestral court, my position would be extremely awkward.'

Long Xiao's nine faces were uncertain. 'they will most likely split me into ten portions and divide me equally. "But if there are eleven celestial venerables, they will probably split me into eleven portions. After all, the Four Emperors of ancient god are nominally four emperors, but there are five of them, and the ten celestial venerables will most likely have eleven as well..."

Suddenly, Long Xiao's expression changed slightly. He sensed that a terrifying existence had descended on the back of the ancestral court!

"This person isn't Celestial Master Gong, nor is it concubine Yan, nor is it divine Emperor Langxuan. Then it must be another existence among the ten celestial venerables!"

Long Xiao sensed the aura carefully and quickly swallowed a few mouthfuls of the spirit herbs sent by the dragon qilin to calm his injuries, he said in a deep voice, "One of the ten celestial masters has descended, so the other celestial masters are not far away. Dragons can be big or small, but they can appear or hide. Pi, we need to hide now!"

The Dragon Qilin hesitated for a moment. "Then, Celestial Master Mu..."

"When he comes out, I will go look for him. After all, I need a way out!"

Long Xiao sensed another terrifying aura descending on the back of the ancestral court. His expression changed again. "The ten heavenly venerates came faster than I thought. Let's Go!"

He picked up the dragon qilin without any explanation and said in a deep voice, "I will teach you the way of transformation. Try to figure it out with your heart!"

At this moment, another terrifying aura descended on the ancestral court. Long Xiao hurriedly turned into a gust of wind and whistled away.

In a short period of time, six of the ten celestial venerables had arrived. The six celestial venerables were extremely fast. They measured the world with their feet and scanned the back of the ancestral court with their eyes, alerting the countless giant beasts that were resting there.

Their bodies were tall and sturdy. The aura of a single celestial venerate was enough to suppress the back of the ancestral court, let alone the six celestial venerables?

Even the extremely powerful giant beasts in the ancestral court did not dare to show their heads at this moment. They were trembling in fear and prostrating on the ground.

The six celestial masters measured the heaven and earth, and within a few days, they traveled through the lakes, seas, mountains, and rivers to inspect them.

At the edge of a great swamp, there were groups of Kui cows. These kui cows lowered their heads and ate the abundant water grass. When the grass around them was finished, one of their legs would jump up, and they would jump to other places where the water grass was abundant and continue to eat.

The Bulls among the Kui Cows had a bad temper and often fought. Whenever they fought, thunder would burst out from their stomachs and rumble.

These kui cows were born to control thunder, but they were not weak either.

At this time, the shadow of a heavenly venerate appeared in the sky above the herd. The divine light around his body was like raging flames. It turned into a huge wheel of fire behind his head, and his face could not be seen clearly.

His body was even larger than the largest beast. He stood tall in the sky, causing the sky to distort.

His gaze swept over the herd, and the Kui cows all collapsed to the ground.

The celestial inspected the herd, but did not find anything unusual. He whistled away and disappeared without a trace.

After the celestial left, the herd of cattle once again ate grass and fought as before.

There were two kui cows, one big and one small, wagging their tails and trying hard to eat grass. The calf cried while eating grass, "Foster father, are we really going to eat grass?"

"Don't Talk!"

The old cow was eating grass seriously and said vaguely, "The heavenly venerate didn't go far. He was still observing us and kept eating. Even with tears in his eyes, he still wants to eat..."

In the sky, a fire eye appeared silently. It stared at the herd of oxen and then quietly disappeared.

..

"Long Xiao is very good at hiding. It is very difficult to find him."

The six heavenly venerates gathered again and shook their heads. "He is seriously injured. After all, he is a creature from the barbaric era. Civilization does not exist. If he wants to be cured, he will have to wait thousands of years longer than us."

While they were talking, two more heavenly venerates suddenly appeared. They were the Heaven Concubine and the palace heavenly venerate, who came to the back of the ancestral court one after the other.

"There are still two fellow Daoists who have yet to arrive. Heavenly venerate Xiao and heavenly venerate Hao should not be coming, right?" Heavenly venerate Hong looked around and chuckled.

As soon as he finished speaking, heavenly venerable Hao's voice suddenly came from outside the sky. "Heavenly venerable Xiao was exiled by heavenly venerable Yue and the other rebels. He can choose not to come, but why can't I Come?"

The other heavenly venerables were astonished when they saw heavenly venerable vast heaven descending from the sky.

"Everyone, how should we divide the back of the ancestral court? We have to set a rule." Heavenly venerable vast heaven looked around, making all the heavenly venerables feel a chill in their hearts. They didn't know how deep he was.

'nine Hell Lock Dao Heart, it's extremely difficult to break through this kind of blockade.'

In the egg, supreme beginning carefully observed Qin Mu's actions. He was in the ancestral court of Qin Mu's God's treasure, so he could clearly see that the ancestral court was slowly recovering its vitality.

His Great Dao regained its fluidity bit by bit, and vital Qi filled the air. It was like a breeze in early spring, allowing the life force of the ancestral hall to gradually grow.

'however, heavenly venerable mu is slowly trying to break through this kind of seal, and his speed will become faster and faster. If his dao heart breaks through the seal, then his cultivation will also break through the seal. Primordial Spirit, corporeal body, vital qi, divine consciousness, Bloodline, God's treasure, Heavenly Palace, break the seal one by one!'

Tai Shi in the egg was a little curious about Qin Mu's current condition. He didn't have a realm, so if he was born perfectly, he would surpass the so-called heavenly court realm and reach the ultimate void of the Great Dao.

He didn't need to cultivate like Qin Mu. He didn't need to risk his life and risk his life time and time again to comprehend. He also didn't need to risk his life like Qin Mu.

However, in terms of Dao Heart, he wasn't any more brilliant than Qin Mu.

He had experienced too little.

To him, this was a kind of luck and not a misfortune.

Qin Mu's current state had great enlightenment for him. If he lost his identity as the ancient god of egg birth and everything he had now, would he be able to rise again?

The path of a hero's rise was very difficult, but what was even more difficult was the process of a hero falling and rising again.

Those who could do it were all outstanding people!

Qin Mu's Dao Heart was reassembling bit by bit, as if he was walking back to the process of honing his dao heart. His Dao Heart was gradually reassembling, and his cultivation was also continuously breaking through the seal of nine prison stage.

As his dao heart was reassembling, the seal of nine prison stage was slowly being unsealed, and his cultivation was also recovering. Not only that, every time a thread of the seal was unsealed, the seal of nine prison stage would turn into a mysterious dao sound and Dao rhythm, it would fuse into his dao heart and his dao path!

This was a brand new realm, a realm that he had never come into contact with before.

However, this realm was being developed by him and was gradually being perfected!

Yesterday was a long journey. The plane was delayed for more than two hours. After landing, it was already past eight o'clock at night. After sitting on the bus for more than three hours, there was really no way to write on the bus. When he arrived at his residence, it was midnight, it was already two o'clock in the morning when they packed their things, ate, and took a shower. They did not update last night. Sorry. The two chapters from yesterday afternoon were actually manuscripts from the day before yesterday. Today, the otaku only got up at seven o'clock and slept for five hours. He worked hard to write..

Chapter 1380:

The cultivation power that Qin Mu could use gradually increased, and his walking speed also gradually increased. The Secrets of the realm of nine prison stage were also slowly being developed by him.

In his Heavenly Palace, nine prison stage also gradually appeared. With his understanding of nine prison stage's Dao Heart, he was rebuilding the heavenly prison of the Heavenly Court and transforming it into a realm.

With his intelligence, it would definitely be difficult for him to develop all the secrets of this realm. He still needed the hard work of the other gods and countless people in the future to turn this realm into a mature realm.

However, he could confirm this realm first.

Furthermore, he had personally experienced nine hell stage and personally unsealed it. He would surpass countless gods in the future.

Nine Hell stage was simply too dangerous, too dangerous. Very few people could enter nine hell stage and reunite their Dao Hearts without dying. The path in the future would be for Qin Mu to develop this realm and teach how to open nine hell stage, it would allow the world to open up this realm.

Basically, all the gods continued to develop the profoundness of nine Hell Stage on his foundation, so in terms of comprehension, it wasn't as exquisite as directly entering nine hell stage.

Of course, if one had the ability to enter the real nine hell stage, they could also comprehend it like him to temper themselves, and their achievements would not be lower than his.

However, there were very few people who could do this. Even among the ten heavenly venerates, there were probably less than five who could enter the nine hell stage and obtain the mysteries of the Nine Hell Stage.

It was more likely that the nine hell stage could not lock the ten heavenly venerates. They entered this place and then left with nothing.

Nine prison platform had too high a requirement for DAO Heart. The slightest carelessness could cause them to sink into the prison forever.

Walking out of nine prison platform alive required one to have extremely high attainments in dao realm cultivation. The lowest requirement was twenty-four heavens of Dao realm!

However, twenty-four heavens of Dao realm wasn't enough to guarantee one would be able to walk out alive. Qin Mu was able to walk out because of his fortuitous encounter, so others might not have the same fortuitous encounter as him.

The current gods were all in the system of divine treasures and heavenly palaces. Gods and devils only focused on strength, and their attainments in Dao realm weren't high. As a result, they could only die in prison.

As time passed, Qin Mu unsealed more and more seals. In his spirit embryo divine treasure, the ancestral court had completely recovered its vitality and the Great Dao was flourishing.

The nineteen heavenly palaces also recovered, and primordial spirits stood tall in them. Their divine arts were vast.

Meanwhile, the divine treasures, profound capital, Youdu, primordial capital, and all the other worlds were slowly unsealing themselves.

Qin Mu's cultivation became purer, and the circulation of his dao heart became more and more transparent.

He fell into a strange realm. The marvel of Dao on nine hell stage turned into Dao sounds and dao rhyme, which then turned into strange dao patterns as his vital qi and Great Dao broke through the seal, they formed nine hell stages in his heavenly palaces.

Not only that, Qin Mu even mobilized his new cultivation to prepare to open up nine prisons stage in his heavenly palace and nine prisons stage in the back of his ancestral court!

His ambition didn't stop there. He wanted to build four heavenly gates in his ancestral court, manage the Jade Terrace and Jade Lake, and build his God execution stage, Jade capital city!

In the small square inch, his cultivation became more and more vigorous, and the speed at which he moved became faster and faster!

In his eyes, this small area was like an endless journey to sharpen his DAO Heart. Cracking sounds came from within his body, and the sealed divine sense and Great Dao continued to break.

His Qi and blood surged out like a wild tide from the ninth prison, filling up the eighth prison, the seventh prison, and the sixth prison!

After a moment, a surging sound like a tide suddenly came from the nine prison stage. Each sound was louder than the last, and each wave was higher than the last. Amidst the earth-shaking loud sound, a

vast ocean of Qi and blood surged out, filling up the heavenly prison and turning it into a sea of Qi and blood!

Boom

A heavenly palace leaped out from the sea of Qi and blood on nine prisons platform and sat on the surface of the sea. Rays of light shot out in all directions from the Heavenly Palace.

At the same time, another heavenly palace leaped out and suppressed the sea of Qi and blood, connecting it into a heavenly court with thousands of palaces and palaces!

Qin Mu's figure slowly rose from the sea of Qi and blood. His body was tall and sturdy, and his posture was vigorous and steady. He slowly walked out of the sea of Qi and blood.

In his body, there were nearly two thousand imprints of ancient gods residing in all the orifices of his corporeal body. His mind was clear and clear, and the Great Dao was as pure as one!

This was a phenomenon he had never seen before.

His understanding of the Great Dao of ancient gods mainly came from the records of the Guardian Pavilion. In addition to the analysis of microscopic algebra and supreme emperor's Supreme Luo's supreme divine consciousness.

Because of this, he had refined nearly two thousand imprints of ancient gods and hid them in all the orifices of his corporeal body to increase the strength of his corporeal body. However, these imprints weren't complete, and the Great Dao wasn't pure.

In particular, he had not received the supreme divine sense of great Luo. Instead, he had refined the divine sense of great emperor to seize his memories. Moreover, he had not seen those ancient gods who had disappeared in history, he was unable to refine his physical body to the level of great emperor.

And this time, after Prison Lock's Dao Heart was reforged, he had also baptized the Great Dao contained in these imprints of ancient gods. His various comprehensions were deeper, and his understanding of the Dao was purer.

Although his physical body was still far from being comparable to the supreme emperor at his peak, he already had the potential to be on par with or even surpass the supreme emperor!

His main primordial spirit rose, vast and boundless. He sat in the Heavenly Court, and one after another, subordinate primordial spirits flew out and landed in their respective heavenly palaces.

The main primordial spirit controlled the subordinate primordial spirits, just like a great emperor who controlled the heavens and earth, commanding the emperors who guarded the various Great Dao!

The Sea of Qi and blood boiled and gradually rose, fusing into his corporeal body.

Qin Mu lowered his head to look at nine prisons stage and saw that there was nothing in it. However, in his eyes, he could see the DAO heart that had been locked up in the past.

The ninth prison was under his feet, but in the ninth prison in his heart, he was moving forward diligently. His footsteps were heavy, and he was measuring his heart step by step.

He understood something in his heart. Although he had jumped out of the nine prison stage, his dao heart was still in the prison, constantly honing itself.

“The human world is a big cage. Everyone is in the prison, forging ahead. “The Thorns in the nine prison stage are the obstacles one has to face in life. They are sharp thorns that Pierce one’s body until it is riddled with holes. They Pierce one’s Dao heart until it is riddled with holes

“The weak suffer in pain and wail in pain. However, the strong try their best to move forward and never retreat. The weak cower in the prison and never move forward. The strong try to escape.”

His Buddhist Heavenly Palace suddenly became complete. His Buddhist immortal soul treasure looked solemn. He was dressed in white and was barefooted. He had a smile on his face after experiencing countless hardships.

Buddha did not have any cultivation techniques. Brahma did not teach him any cultivation techniques, and old Ma did not teach him any Buddhist heavenly palace.

Buddha was a form of mind learning. Once one comprehended it, the Buddhist way of the heavenly palace would naturally be cultivated.

He looked at the nine prison stage. Although he had jumped out, his heart was still in prison.

And although he had jumped out of the nine prison stage, wasn't the human world also another nine prison stage?

He let out a long laugh. His Dao Heart was refined. In the state of Enlightenment, he could not help but display the 25th Heaven of the Dao realm that he had comprehended.

The nine prisons Heart Locking Dao existed forever!

He stepped on the nine prisons, and countless qi mountain dao spikes spun wildly on the nine prisons platform. The spikes, big and small, locked the enemy's Dao Heart!
