

Tales of Herding Gods Chapter 1386-1390

Chapter 1386:

Shi Qiluo let go of his palm and Qin Mu rubbed his bones. Shi Qiluo's grip was really strong, almost breaking his bones.

"Empress isn't a boorish person."

When Qin Mu said this, he glanced at Shi Qiluo and muttered in his heart. The current Shi Qiluo was just like a boorish person, so he composed himself, he continued, "When the ancestral court broke the seal, Empress didn't appear and didn't let her divine weapon heavenly venerate royal descend. Then when the back of the ancestral court appeared, why did Empress Let Her divine weapon heavenly venerate royal descend to fight for territory and act like a boorish man?"

Shi qiluo sighed. "I can't fight for the front of the ancestral court. If I fight for it, I'll be immediately dragged out. Moreover, there's not much wealth left in the front of the ancestral court. However, the back of the ancestral court is no small matter. Not only are there more wealth, but there are also countless giant beasts. With Long Xiao as an expert, I have no choice but to fight for it."

He said seriously, "If I can subdue long Xiao and control him to fight, I'll have the combat strength of two celestial venerables. If I include divine weapon heavenly venerate royal, I would have the battle prowess of three great heavenly venerates. It would be easy for me to kill my sister. As long as I devour my sister and merge the two lotuses of sinkhole into one, combining them with our heavenly palace, the Heavenly Court would be able to cultivate it in one go! "At that time..."

Qin Mu smiled. "At that time, the ten heavenly venerates would have no choice but to bow down to me, and the Heavenly Emperor would have no choice but to abdicate his position and give up his position to someone better. A great empress would reign over the world."

Shi Qiluo's whiskers bloomed and his face was full of smiles as he nodded his head repeatedly.

Qin Mu changed the topic. "Then, which heavenly venerate told you about the reverse summoning divine art and let you enter the back of the ancestral court to fish in troubled waters?"

Shi Qiluo's eyes went wide and he was flabbergasted. He stuttered, "Why did heavenly venerate mu say that?"

Qin Mu sneered. "You have a spy among the ten heavenly venerables! This person formed an alliance with you and told you about the reverse summoning divine art. Only then could you descend to the back of the ancestral court. This divine art was created by me a million years ago and had only been spread out recently. It had been learned by ten heavenly venerates. Since you were able to learn it, it was naturally passed down to you by someone among ten heavenly venerates! Who was this person?"

Shi Qiluo's eyeballs rolled around and he stammered, "It's heavenly venerate Hong..."

Qin Mu came to a sudden realization, "So it's Qing Tian Consort." "You don't have to frame the good old man, heavenly venerate Hong." "But it's no wonder, you're the same as Qing Tian Consort. You're not tolerated by the other heavenly venerates of the ten heavenly venerates. Supreme Emperor has always had the desire to destroy, so he also needs an ally. "You're the ancient god of destruction, so Qing Tian consort will naturally find you to be her ally."

Shi qiluo chuckled. "Don't slander me, why would I be with someone with such a notorious reputation like supreme emperor? It's heavenly venerate Hong!"

Qin Mu said indifferently, "Birds of a feather flock together. You two share the same interests, and supreme emperor has suffered losses time and time again. It's understandable that you and Qing tianfei hit it off."

Shi qiluo snorted and didn't deny it.

Qin Mu said indifferently, "Since you have Qing Tian Consort as an ally, then tenth heavenly venerate shouldn't be against you. Why did you say tenth heavenly venerate wanted to sacrifice you to the knife?"

Shi qiluo sighed and frowned. "Because Supreme Emperor's name is too disreputable. If Qing Tian consort is exposed, I will also die without a burial place. I have no choice but to consider after Qing tian consort dies..."

"You have the heart to betray concubine Qing Tian."

Qin Mu's words revealed Shi Qiluo's thoughts and he sneered. "You are prepared to betray her at any time! The two of you are indeed like-minded!"

Shi qiluo smiled charmingly. "I'm also planning to betray you at any time!"

Qin Mu's eyes widened and after a moment, he let out a turbid breath. Madam Yuan Mu was shameless and Frank, making people hate her.

He stood up and said with a smile that wasn't a smile, "Back of the ancestral court, I also want a share. In the meeting of the Heavenly Alliance, we will support each other. This way, you should be satisfied, right?"

Shi Qiluo stood up and said with a smile, "In that case, does heavenly venerate mu have any thoughts about the huge beast on the back of the ancestral court?"

Qin Mu had originally planned to leave, but when he heard that, he stopped and said with a smile that wasn't a smile, "So that's the reason why you left me behind. You want to monopolize the huge force of the immemorial huge beast?"

Shi qiluo shook his head. "I don't want to monopolize them. I'm afraid that after the back of the ancestral court opens, someone will monopolize them. I also have my own force, so I can't help being a little worried."

It was rare for him to be serious, so he said seriously, "Heavenly venerate mu, aren't you worried about the situation of countless behemoths descending on eternal peace? How many behemoths can eternal peace withstand the trampling of?"

Qin Mu also said seriously, "I also have this worry. Compared to us heavenly venerates, creators, especially existences like supreme emperor, it's easier to control the behemoths. His divine consciousness is too powerful. If the huge beasts fall into his control, destroying all the worlds in the universe would be a piece of cake! "However, there's still a way to make creators suffer. I have an idea, and that is to split the benefits on the back of the ancestral court equally and create a beast world."

He revealed his thoughts and said, "Your Highness, take your time to consider my suggestion." After saying that, he walked out of Father Creation Heavenly Palace.

"Beast Realm? Summon a huge beast?"

Shi Qiluo walked around excitedly. "This is an interesting suggestion. If that's the case, the creators within ten heavenly venerates would have no place to play! Not only would heaven consort Qiang be restricted, the other two creators would also be restricted... heavenly venerate mu is still full of wicked ideas!"

Qin Mu didn't go straight to Jade Lake and returned to his palace instead.

It wasn't convenient for him to come out and tell Madam Yuanmu about the matter of opening up the Beast World. This little girl had a big mouth and a character that couldn't sit still, so she would definitely leak this matter to the other heavenly venerates.

He only needed to stay in heavenly venerate Mu's manor and quietly wait for the other heavenly venerates to pay him a visit.

Furthermore, opening up the Beast World would harm the interests of divine emperor Lang Xuan, Heavenly Venerate Gong, and Heavenly Consort Qiang. He would definitely offend these three heavenly venerates, and with Madam Yuanmu coming out, he wouldn't have to bear much pressure.

He rarely came to this heavenly venerate manor. Usually, there were palace maids sent by the ten celestial venerables to take care of it, and they were used to monitor Qin Mu's movements.

However, even though Qin mu rarely came, Hu Ling 'er and Si Yunxiang often came. They used Qin Mu's name to invite guests and entertain the divine priests who created Father Heavenly Palace.

Si Yunxiang and Hu Ling 'ER were the masters of the inner and outer world, and their coordination was perfect. The two money grubbers complemented each other, making eternal peace's wealth more and more.

It wasn't that Qin Mu didn't want to build his heavenly venerate heavenly palace in the heavenly court, but he felt that it wasn't necessary. Secondly, if he had too much wealth in the heavenly court, he would have some misgivings, so he might as well just keep this heavenly venerate manor, he didn't buy any other property.

He didn't have much property in the heavenly court, so the gods of eternal peace naturally didn't dare to have their own property in the Heavenly Court.

There were still a few days before the meeting of the Heavenly Alliance would be held. Qin Mu stayed in heavenly venerate manor for two to three days without any movement, so no one came to visit him.

The rulers of the various heavens were all intelligent people, so they knew that heavenly venerate mu's identity was awkward. If they came to visit him, they would most likely offend ten heavenly venerates, so they all called Qin Mu God of plague behind his back. How would they dare to come to visit him?

It was rare for Qin Mu to have peace and quiet, so he just happened to organize his comprehension of the four great heaven gates.

“Heavenly venerate, great master, Heavenly Venerate Gong is here to pay a visit!” A palace maid came over in a hurry and said in a fluster.

Qin Mu was astonished and stood up, “I thought other heavenly venerates would come to visit me, but I didn’t expect the main master to come first. I’ll go and welcome him... Wait a moment, I won’t go and welcome him. Go and invite heavenly venerate gong to meet me in the main hall.”

The palace maid’s eyes went wide. She wasn’t going to welcome heavenly venerate gong, but to invite heavenly venerate gong to meet him in the main hall?

The guts of this heavenly venerate mu grew bigger and bigger.

The palace maid left in a hurry while Qin Mu came to the main hall and sat upright.

After a moment, heavenly venerate gong came to the main hall and saw Qin Mu sitting there motionless. He couldn’t help snorting coldly and waving his hand to dismiss the palace maid.

Qin Mu stretched out his hand to signal for heavenly venerate gong to take a seat on another futon. “My cultivation went off, and my two legs are paralyzed. I Can’t move, so I hope fellow Daoist can forgive me.”

Heavenly Venerate Gong sat in front of him and sneered. “I’m quite proficient in medical skills, so let me diagnose alliance master. If he’s not paralyzed, I can guarantee that my wonderful hands will come back to life and Make Alliance Master Qin truly paralyzed, the kind that can’t be cured!”

Qin Mu laughed loudly and said seriously, “God King, why are you looking for me?”

“Don’t you know?”

Heavenly venerate gong said coldly, “Right now, there’s a huge commotion in heaven court. It’s said that Heaven Alliance wants to completely open up the back of the ancestral court and split it into twelve parts. They also want to open up the Beast Realm and let the primordial behemoths inhabit the beast

realm. They can only summon the behemoths to descend! “There are also rumors saying that this is Celestial Master Mu’s bad idea!”

Chapter 1387:

Qin Mu’s face instantly turned black. It was obvious that when Madam Yuan Mu had spread the news, she had also put the blame on him.

Of course, it was indeed Qin Mu’s idea, but it wasn’t wrong to put it on his head.

Qin Mu had originally wanted Madam Yuan Mu to put on the blame, but his goal was to try his best not to offend Heavenly Venerate Gong, Heaven Consort Qiang, and Divine Emperor Lang Xuan.

He hadn’t expected Madam Yuanmu to be very clever and directly put it on his head, causing heavenly venerate gong to come forth to question him.

Qin Mu laughed loudly and his eyeballs spun around. However, heavenly venerate gong stared at his eyes and sneered endlessly.

“I came up with this idea.”

Qin Mu stopped laughing, “Fellow Daoist, if we don’t set up a beast world, do you think you can compete with Heaven Concubine Qiang?” She is the supreme emperor, so how powerful is her spiritual sense? In the end, the immemorial behemoth is controlled by the Supreme Emperor, and the Supreme Emperor is like a tiger with wings. We might as well establish a beast world. Everyone can use the immemorial behemoth with their own abilities. What do you think?”

Celestial Master Gong said indifferently, “If the supreme emperor can control all the immemorial behemoths, then he won’t be overthrown by the ancient god. He didn’t have such a strong divine consciousness. He could only control the void beasts by controlling the void mother. If it was an primordial behemoth, he could only control a batch of behemoths. “Setting up the beast realm is still a loss to my interests.”

Qin Mu was at a loss for words and mumbled, “Since things have come to this, I’m afraid the other heavenly venerates will agree to set up the beast realm, so there’s nothing I can do.”

Heavenly venerate Gong’s anger suddenly turned into a smile. “I heard that heavenly venerate Hong has an IOU from heavenly venerate mu and owes him a favor, so I dare to ask heavenly venerate mu to give me an IOU as well.”

Qin Mu's expression changed slightly, and he hesitated for a moment before saying, "I'll write it." So he wrote an IOU.

Heavenly venerable gong kept the IOU and got up. "Your legs aren't convenient, so there's no need to send me off."

Qin Mu could only sit there and watch her leave.

Just as heavenly venerable gong left, another palace maid came over and said in a panic, "Heavenly venerable, great master, something bad has happened. Concubine Qiang Tian has come to pay a visit!"

Qin Mu's expression changed drastically and he said angrily, "The other heavenly venerables didn't come to pay a visit, but the victim came looking for me! I don't want to see her!"

"I'm already here!"

The furious voice of Qing Tianfei came from outside, and she barged in.

Qin Mu was helpless. He waved his hand to dismiss the palace maids and invited Qing Tianfei to take a seat. "My cultivation went off, and my two legs are crippled..."

"Qing Tianfei was crippled by Heavenly Venerate Gong?"

Qing Tianfei was overjoyed and praised, "As expected of my woman. She was quick when she attacked and actually crippled you before me. Heavenly venerable mu, I heard you proposed to set up a beast world? How dare you!"

Qin Mu said with a straight face, "No. It was Madam Yuanmu who proposed to set up a beast world, it has nothing to do with me!"

Qing tianfei sneered, "You and I are so close, I only need to move my divine consciousness to know the color of your underpants. Do you still think you can hide it from me?"

"Heavenly Consort, you don't know, I've never worn that."

Qin Mu was helpless, "Dao brother, you're too sharp now. Once Supreme Emperor came back to life, you crippled heavenly venerate clear heaven, severely injured heavenly venerate fire heavenly venerate xu heavenly venerate, and Crippled Heavenly Venerate Qin and godly King Lang. In the Battle of the ancestral court, you heavily injured the four heavenly venerates Xiao, Yan, Zu, and Lang. Your Limelight is too strong, how can the ten heavenly venerates still tolerate you? "If you obtain the primordial behemoth again, your time of death will really come. "Opening the beast world this time might not be a bad thing for you."

Qing tianfei stared at him.

Qin Mu's expression didn't change. "I'm thinking for Dao Brother. Think about it, if there was no beast world, heavenly venerate gong, godly Emperor Lang Xuan, the mother and son would have obtained the greatest benefit. If they got rid of you, it would definitely be them who occupied all the behemoths. "Why do you have to make a wedding dress for others?"

Qi Tianfei burst into laughter, her charm moving, "I also know the logic behind it, but I'm very unwilling to be tricked by you. My corporeal body was almost completely crippled because of you, but you want to stay out of it. I'm not happy about that."

Qin Mu probed, "Heavenly Emperor's corporeal body is still under Dao Brother's control. When I Save Heavenly Venerate Ling another day, Dao Brother will have this corporeal body, and his abilities will be even better than before."

"Don't even think about getting Heavenly Emperor Ling out!"

"I'd rather leave Heavenly Emperor absolute beginning's corporeal body and my primordial spirit in the Heavenly River Forever! Heavenly Emperor Mu, you've ruined my plans, so you have to take out real gold and silver. Don't use these empty heads to fool me!"

Qin Mu Thought for a moment and said sincerely, "I've extracted Heavenly Emperor's blood essence from Heavenly Emperor Clear's heart, and each drop of blood essence contains the brand of a Heavenly Palace..."

Concubine Qiang Tian's anger turned into joy and she smiled. "I was the one who gave you heavenly emperor clear's heart, but I didn't expect you to be able to refine such a good thing. Give me a portion and this matter will be easily forgotten!"

Qin Mu's face was filled with heartache. "I used Heavenly Emperor Clear's Heavenly Palace to exchange for fifty percent of supreme incipient god stones from concubine Yan..."

"That wastrel empress empress, she promised you so many supreme incipient god Stones?"

Qing tianfei was astonished, but she immediately sneered. "But I won't give you anything! Give it to me!"

Qin Mu could only hand over thirty-five drops of heavenly venerate vast's blood essence. Qing tianfei examined it carefully and kept the blood essence before leaving.

Qin Mu's face turned black as he thought to himself, 'thankfully, I've refined an enormous amount of blood essence from heavenly venerate vast's heart, so I can sell it a few more times...'

"Heavenly venerate great master! Divine Emperor Langxuan requests an audience!" The palace maid rushed over to report in a panic.

Qin Mu was furious and stood up. "Young Lady, are you a Jinx? You're always here to report bad things!"

"Heavenly venerate Mu, is my visit a bad thing for you?"

Divine Emperor Langxuan's voice came from outside and got closer and closer. Qin Mu immediately sat down and looked at Divine Emperor Langxuan who had walked into the main hall. He smiled and said, "My cultivation went off..."

"I've already heard about it, there's no need for celestial emperor Mu to say anything more."

Celestial Emperor Lang Xuan sat down, he said leisurely, "My cultivation went off, and my legs are paralyzed. Celestial Emperor Gong and Heaven Consort Qiang came to visit, and if you weren't paralyzed, they would have beaten you up as well. Why Don't you pretend to be paralyzed first and show your weakness to the enemy?". "Celestial Emperor Mu, your heart is very dirty."

Qin Mu coughed repeatedly to cover up the awkwardness. "Why did you come here, Celestial Emperor? Could it be for the Beast World as well?"

Celestial Emperor Lang Xuan said indifferently, "It's not all about that. Celestial Emperor Mu, you are a smart person. You have destroyed my Lang Xuan Divine Palace twice and threatened me again and again, but I won't hold it against you."

He waved his hand to dismiss the palace maids, "I planted this palace maid in your celestial emperor's manor, so I won't hide it from you. "What benefits did you give to Supreme Emperor? "I want a share as well.". "However, I won't take you for free. I'll tell you about a few other important matters apart from the back of the ancestral court."

Qin Mu's expression changed slightly. "What I gave Supreme Emperor was the brand of thirty-five heavenly palaces hidden in heavenly venerate vast's blood essence."

God Emperor Lang Xuan's eyes lit up, and he clapped his hands with a smile. "Looks like I didn't come for free!"

Qin Mu gave him a portion of the blood essence extracted from heavenly venerate vast heaven's heart, and his gaze flickered. "What do we need to discuss in this Heaven Alliance meeting?"

"It's not a discussion, but our tenth heavenly venerate has already made a decision and wants you to nod your head."

Divine Emperor Lang Xuan smiled slightly, "Someone has to take the blame,"he said unhurriedly. "As the Chief of the Heaven Alliance, he's naturally the best person to take the blame. This Heaven Alliance meeting is to discuss the crusade against the Heavenly Duke! Heavenly venerate mu, it's time for you to board this pirate ship, tenth heavenly venerate."

Chapter 1388:

"Crusade against Heavenly Duke?"

Qin Mu was astonished. Heavenly Duke was going to die?

According to Heavenly Duke's own estimation, if he wanted to completely analyze his heavenly dao, he would need at least a hundred years, but only twenty something years had passed!

Why did ten heavenly venerates want to get rid of Heavenly Duke so quickly?

'there must be heavenly duke adding fuel to the fire!'

Qin Mu's gaze flickered. Heavenly Duke and Earth Count had gone to the Hundred Thousand Black Mountain to pay a visit to Tai Yi not long ago, and now tenth heavenly venerate had moved the matter of the crusade against Heavenly Duke to the meeting of the Heaven Alliance. There must definitely be heavenly venerate Hong pushing it silently.

Because heavenly venerate Hong was the heavenly duke, if Heavenly Duke asked Tai Yi, would he be able to get rid of the fetters of Heavenly Dao? Tai Yi told Heavenly Duke that he would succeed.

It seemed that this sentence had given the heavenly duke confidence, so he took the initiative to bring forward the date of his death!

As for the other heavenly venerates, because they had forced the forces of carefree village and the creator into the other shore void, the two sides confronted each other on the Void Bridge. The Void Bridge was a dangerous place that was easy to defend but hard to attack, so the heavenly court could not attack the other shore void for a moment, but similarly, the other shore void could not take back the void bridge, so the two sides were in a stalemate.

Carefree village and the creator's influence could no longer threaten the Heaven Court, so ten heavenly venerates could free up their hands to deal with the Heavenly Duke wholeheartedly!

'As for making me take the blame, it's to give me a chance to board ten heavenly venerates' pirate ship.'

A smile hung on Qin Mu's face, 'Ten heavenly venerates need to get rid of the Heavenly Duke, Earth count, ancient god three emperors, all ancient gods, and even the nominal ancient god Heavenly Emperor. They all need someone to take the blame. 'this scapegoat must have enough weight, and they won't be the ones to shoulder it. As the founder of Heaven Alliance, my abilities aren't high and my influence isn't strong, so I'm the perfect scapegoat.'

Only when Qin Mu announced his crusade against Heavenly Duke at the meeting of Heaven Alliance would he be able to board their pirate ship and become the person to share the benefits of the ancestral court and the backside of the ancestral court.

Furthermore, these orders were given by Qin Mu, so he had something to use against tenth heavenly venerate.

If Qin Mu was disobedient in the future, any title of killing Heavenly Duke and Earth count would be enough to make Qin Mu and his forces die without a burial ground.

With that, Qin Mu could be considered to have joined tenth heavenly venerate's camp and become one of them.

Tenth heavenly venerate couldn't subdue founding emperor Qin and force him to join them, but he could use threats and rewards to force him to join them.

If they wanted to share the benefits, they could, but the prerequisite was that they had to become people like them!

"Then..."

Qin Mu smiled. "Divine emperor, what about the other important matters in the meeting of the Heaven Alliance?"

When Divine Emperor Lang Xuan saw that Qin Mu was still calm and composed, he couldn't help admiring his shrewdness. "The third matter is Crown Prince Ming ya betraying the Heaven Court and defecting to Xie Wuqi to cause trouble in Youdu, so he has to depose the Crown Prince and re-establish the crown prince."

Qin Mu raised his eyebrows and asked, "Re-establish the crown prince? Then this new crown prince is heavenly venerate vast?"

God Emperor Lang Xuan sighed with emotion. "Even though heavenly venerate vast has never had any status, he has been working diligently for the heavenly court all these years and is also the son of the Heavenly Emperor. It's only natural for him to be the crown prince this time."

Qin Mu smiled. "However, as an illegitimate son, I feel that it's not worth it for the god Emperor."

Divine Emperor Lang Xuan smiled. "Heavenly venerate Mu, you know many secrets, but you also know that there are many people in history who died for no reason because they knew many secrets that they shouldn't know."

Qin Mu laughed loudly and said solemnly, "Don't worry, divine emperor. Heavenly venerate vast and I are mortal enemies. Perhaps you and I can join hands and do something together."

Divine Emperor Lang Xuan smiled indifferently and got up. "I Won't Disturb Alliance Master's Rest anymore. I'll take my leave. Alliance master's leg isn't convenient, so there's no need to send him off." After saying that, he turned around and walked out.

Qin Mu pondered for a moment and stood up with a solemn expression.

'even though Tai Yi said he would succeed, heavenly duke is too impatient. 'I hope he can delay for another hundred years so eternal peace has enough time to grow, but he wants to jump out of the shackles of Heavenly Dao and break away from the body of an ancient god.'

He couldn't help frowning. Heavenly Duke was a little unreasonable, and he didn't even discuss such an important matter with him!

As an ally, he didn't take the initiative to exchange information with Qin Mu, but in the end, it was actually divine emperor Lang Xuan who told him about this matter.

'Heavenly Duke is too anxious, too urgent. He didn't consider me, and neither did he consider eternal peace. 'Divine Emperor Lang Xuan once teased me that I'm already old and have thirty years left to live. "Hehe, looks like he wasn't shooting off a blank arrow!"

If ten heavenly venerates got rid of the Heavenly Duke, Earth count, ancient god, crippled the heavenly emperor, and flattened carefree village, then Qin Mu would be next.

And to do all these things well, it would take thirty years.

Divine Emperor Lang Xuan's words that he only had thirty years left to live were indeed pointing to something.

"Heavenly Duke is unreliable! No, it's Celestial Master Hong who is unreliable! Over the years, the Heavenly Duke has walked the world as Celestial Master Hong. He has been assimilated by the ten celestial masters and has become a ruler like the ten celestial masters! Even if he gets rid of the shackles of the ancient gods, he will become one of the ten celestial masters and be greedy for power!"

He suddenly felt a chill run down his spine. The Heavenly Duke's goal was to get rid of the shackles of the ancient gods, but at the same time, he had to firmly grasp the power and make himself a ruler like the other celestial masters. Even if the dynasty changed..., he would not be replaced as a ruler!

“Now that the Heavenly Duke is still alive, he will not be reduced to such an existence. Right now, he is still the ancient god Dao Sheng, standing at the height of the Heavenly Dao to see the disputes in the human world. His avatar entering the human world is entering the disputes in the human world. For such a long time, heavenly venerate Hong has been polluted by the disturbance of the mortal world. Heavenly venerate Hong can no longer see the disputes in the human world from the Heavenly Duke’s perspective.”

An incomparably strong vigilance rose in his heart. If heavenly Duke’s true body died and broke free from the shackles of Heavenly Dao, he would become heavenly venerate Hong. Then heavenly venerate Hong would become one of the ten heavenly venerates and become a person of authority, he wouldn’t become his ally!

At that time, Heavenly Duke had completely entered the human world and was obsessed with power. He might not be Qin Mu’s friend, but he might even be an incomparably terrifying enemy!

‘No, I must go see the Heavenly Duke and state the pros and cons! The Heavenly Duke now still has the heart of Heavenly Dao, so he should be persuaded by me and know the pros and cons! Heavenly Duke Hong has his own selfish motives, but Heavenly Duke doesn’t!’

He made a prompt decision and immediately walked out of heavenly Duke’s manor. ‘they aren’t the same person anymore, just like Southern Emperor and Bai Yuqiong, just like Heavenly Duke Yu and Lan Yutian!’

There was still one day before the meeting of the Heaven Alliance. He could totally go to Xuandu through the spiritual energy mutual transfer bridge and meet the heavenly duke so that he could change his mind!

Just as he walked out of the heavenly venerate mansion, he saw an old man with white eyebrows and beard walking toward him with his sleeves fluttering in the wind. This old man was full of glory and smiled at everyone. It was heavenly venerate Hong!

“Heavenly venerate mu!”

Heavenly venerate Hong greeted him, “Congratulations, heavenly venerate Mu.”. Back when heavenly venerate had founded the Heaven Alliance, Yun, Qin, Yue, and Ling had left for their own reasons and never returned. Heavenly venerate mu had also left for a million years, and he had finally returned today, returning the Heaven Alliance back to its orthodoxy. “Congratulations!”

Qin Mu returned the greeting and sighed with emotion. “Dao brother, you must be joking. I was only pushed out to keep up appearances in this Heaven Alliance meeting, and I might even die from it in the future.”

Celestial Master Hong said solemnly, “That’s not true. Celestial Master Mu, this way please. All the Celestial Masters are already waiting in the hall of the Heaven Alliance.”

Qin Mu was puzzled. “Isn’t the meeting of the Heaven Alliance Tomorrow?”

“Tomorrow is to gather all the members of the Heaven Alliance and announce our decision today. The one who truly decides the fate of the world isn’t everyone in the Heaven Alliance. In fact, it’s just a small circle like ours.”

Heavenly venerate Hong smiled. “We make the decision, and they just follow it.”

Qin Mu was helpless and could only follow him to the Jade Lake. Heavenly venerate Hong’s sleeves fluttered, and he was free and easy to speak of. He wasn’t tainted by a single speck of dust.

Qin Mu was on par with him. After a moment of silence, he said, “Heaven’s way is constant, not for MU to survive, not for Xiao to die.”

Heavenly venerate Hong turned his head to look at him and smiled. “This is a sentence that I’ve reminded heavenly venerate mu of. Why did heavenly venerate mu mention it again today?”

“I understand the previous sentence.”

Qin Mu and him moved extremely fast and soon came to the jade platform. Looking over, they saw the jade lake that was like an ocean. It was boundless, and huge lotus flowers floated on the surface of the sea like a flower-shaped island, the rulers of thousands of worlds roamed the sea, looking for friends to visit. They formed groups of three to five, laughing and laughing. There was an indescribable freedom.

“What this sentence says is that the Heavenly Dao has its own rules. It Won’t change because of Celestial Venerable Mu’s wisdom, nor will it change because of celestial venerable Xiao’s cruelty.”

Qin Mu changed the topic, “However, when Dao brother reminded me, there was still the last sentence. ‘If it should be treated as good, if it should be chaotic, it should be fierce.’. I didn’t really understand the

rest of the sentence. "It's rare for me to travel together with Dao brother today, so I would like to ask for the meaning of this sentence."

The two of them walked on the surface of the sea, and wherever they passed, the Jade Sea was instantly in an uproar. Heavenly venerate Hong could be said to be the one with the most connections among the ten heavenly venerates. All the rulers of the heavens came forward to greet him as a disciple.

Yet heavenly venerate Hong actually recognized everyone, knew their names, knew their families, and even recognized their disciples. This made everyone flattered like a spring breeze.

Even Qin Mu couldn't help admiring such methods!

Among the ten heavenly venerates, probably only heavenly venerate Hong knew everyone like the back of his hand. He could even make the other feel flattered, like he was someone who was highly valued by heavenly venerate Hong!

Heavenly venerate Hong took a glance at Qin Mu and said with a smile, "Why wouldn't heavenly venerate mu understand this sentence? There's no need to belittle yourself, heavenly venerate mu. Why Don't you tell me your opinion? I think it's right."

Another ruler of the heavens brought his juniors to pay their respects. Heavenly venerate Hong was still as nimble as ever, making them feel grateful and overjoyed.

"If it's right, then it's good. If it's wrong, then it's bad. I think this sentence means to follow the heavenly duke to rule the world, then it's good, and the Heavenly Duke will protect you."

Qin Mu narrowed his eyes and said indifferently, "If it's not right, then it's bad. If it's wrong, then it's bad. The Heavenly Duke will kill people."

Celestial Master Hong looked at him again, "I've misunderstood what you said," he said with a smile. "Obeying the Heavenly Dao to rule the world and going against the Heavenly Dao is a great calamity. Even though our explanations seem to be similar, it's a mistake for you to understand the Heavenly Dao as heavenly duke. Heavenly Duke is only a God born from the Heavenly Dao."

Qin Mu stopped and stood on the surface of the sea, he smiled. "Maybe Heavenly Duke understands it this way. According to Dao Brother's understanding, this sentence is to walk with the heavens, to defy the heavens is to die. According to my understanding, it's a threat and not that indifferent."

Celestial Master Hong took two steps forward and also stopped. With his back facing him, he smiled. "Celestial Master Mu, why did you suddenly say such words? Haven't we always gotten along well?"

He turned around, and the smile on his face was like a spring breeze.

However, Qin Mu suddenly shivered.

On the Jade Lake, the sea breeze whistled, and it was gloomy and cold. It blew at the sleeves of their clothes.

Chapter 1389:

Heavenly venerate Hong looked at him with a smile. The distance between the two of them was very close, just a few steps away.

"I don't wish for Heavenly Duke to die. Heavenly Duke can be considered my dao friend."

Qin Mu lowered his eyebrows and lowered his eyes, his voice was hoarse as he said, "Heavenly Duke had noticed me when I was still very weak. He favored me and protected me for many years. "I've always treated him as an elder. I still remember how happy he was when he was with earth count and Red Emperor in my Qin continent."

Heavenly venerate Hong swept his horsetail whisk, he smiled. "Heavenly venerate mu, you're too sentimental. This isn't the emotion a heavenly venerate should have. "When Heavenly Duke dies, he'll be free from the shackles of Heavenly Dao and be free. You should feel happy for him and not reveal killing intent to me."

Qin Mu was dejected. "I don't want him to completely become heavenly venerate Hong. If he became Heavenly Duke of heavenly venerate Hong, he wouldn't be heavenly Duke anymore. "Hong, you are no longer heavenly Duke and you no longer have the will of Heavenly Dao. You are only ten heavenly venerate. "You are an existence like hao, Zu, Lang, and the others."

Heavenly venerable Hong smiled. "Don't you feel that becoming the current me is better for the Heavenly Duke? You are killing a heavenly venerable. Heavenly venerable Mu, you should know the consequences of doing so."

Qin Mu raised his head, and the vertical eye in the heart of his brows slowly opened, he nodded lightly. "Killing a heavenly venerable is naturally extremely dangerous. I've known about this since a long time ago. "However, the distance between us is very close. Such a short distance is practically nonexistent for existences that are proficient in martial path. "In Martial Path, ten steps for one kill, the distance between us is less than ten steps."

Heavenly venerable hong smiled and said, "Martial arts Emperor Zhuo Cha explodes and kills people. The closer he is, the stronger his offensive power is. "Even existences whose cultivation is more vigorous and their paths, skills, and divine arts are more brilliant than his will be killed by him when he is close to such a distance. "If you cultivate with martial arts emperor for a period of time, you will also know his abilities. "But have you ever thought about it..."

He stood on the surface of the sea and was very close to Qin Mu, yet he had the bearing of a martial emperor!

"Back then, I was the one who helped founding emperor rise to prominence."

The Martial Aura on heavenly venerable Hong's body became denser and denser. His martial primordial spirit and martial will were even denser than Qin Mu's!

"The entire founding emperor era could only last for twenty thousand years under my protection!"

A terrifying aura emanated from Celestial Master Hong's fat body. It was a terrifying and despairing aura!

During the founding emperor era, the ten heavenly venerables did not care about the founding emperor heavenly court at all. After all, the founding emperor nation had never been able to occupy the origin world and rule over all the worlds in the universe. It posed a threat to the heavenly court.

The founding emperor nation was only a small country in the lower realm that was supported by the heavenly duke.

The greatest achievement of the founding emperor era was the achievement in the postnatal Great Dao. They had created 360 postnatal Great Dao, and if given time.., they were enough to elevate these postnatal great dao to the same level as or even beyond the postnatal Great Dao!

The martial path was one of them.

The founding emperor's sword path was also one of them!

The Heavenly Duke, as the actual protector of the founding emperor, certainly did not hide the achievements of the founding emperor era from him.

"In such a short distance, you can't do anything."

Celestial Master Hong's face was full of glory, and his aura was getting more and more desperate. He gave people the feeling that he was another martial emperor, another tea-boiling, and even more oppressive than the martial dao of tea-boiling!

There was also a terrifying will of Sword Dao on his body, and its intensity was not inferior to that of the founding emperor!

"Heavenly venerate mu, back off now."

Heavenly venerate Hong smiled. "The strongest divine body in this world isn't the bloodline of the Heavenly Emperor, but my bloodline, the body of Turin. "You've seen di Yanyue and the ancestor god King, do their spirit bodies make you envious? "And Heavenly Duke who has jumped out of the shackles of Heavenly Dao will be even stronger than them!"

His confidence was like the blazing sun in the sky, strong and unexcelled!

Qin Mu took in a long breath, and the vital qi in his body surged like a heavenly river, giving off a loud sound of crashing waves.

Heavenly venerate Hong raised his eyebrows slightly and said indifferently, "You must smash your head until it's bleeding before you're willing to turn back?"

Weng —

Qin Mu's divine treasure domain spread out and spun crazily. A heavenly court leaped out, and nineteen heavenly palaces intersected with each other!

In his divine treasure domain, sword path domain and divine consciousness domain spread out and overlapped with the Divine Treasure Domain!

Qin Mu took a step forward!

Heavenly venerate Hong couldn't help becoming furious. The two of them were within such a short distance, but Qin Mu was determined to make a move, which made him furious!

The heavens were furious, and corpses laid on the ground for tens of thousands of miles, bleeding profusely!

Qin Mu's spirit embryo divine treasure domain spread out, and at that moment, heavenly venerate Hong instantly felt the invasion of his divine consciousness domain. It was Supreme Emperor's supreme divine consciousness domain, which Qin Mu had mostly imitated.

This domain could suppress the opponent's divine consciousness to the point that it could freeze their thoughts and create the illusion of time freezing!

Supreme Emperor's supreme divine consciousness domain could even make heavenly venerate fall into this illusion of time freezing!

Even though Qin Mu couldn't cultivate it to supreme emperor's level, the strength of his divine consciousness had already reached the emperor's throne level!

His sword domain erupted at the same time!

Sword Path Domain and sword twenty strikes complemented each other. When his sword path domain spread out, a broken sword appeared in his hand, and it instantly recovered to its original state.

This was founding emperor's thirty-third heavens of sword path, and when combined with his sword domain, it was invincible!

His spirit embryo divine treasure domain was his true domain. All of his Dao and skills were used to create his divine treasure domain, and whether it was sword domain or supreme divine consciousness domain, they were only a part of it!

Not only that, he could find all the heavenly saints in his divine treasure domain. There was heavenly Duke Qin Mu, Earth Count Qin Mu, and Earth Mother Qin Mu!

All the orifices of his corporeal body burst forth with terrifying power at that instant. All the Heavenly Saints sat in all the orifices of his corporeal body, and there were nearly two thousand imprints of ancient gods, allowing his corporeal body to rise to its peak!

In his domain, he was an invincible existence, the ruler of the universe!

Qin Mu made a bold move, and all the Great Dao United in his domain. All the power of the nineteen heavenly palaces gathered together in his strike!

At that moment, the rulers of the ten thousand worlds on the surface of Jade Lake sensed the majestic power in Qin Mu's body. They all looked over with astonishment and bewilderment!

Everyone looked down on Qin Mu even though he was the founder of the Heaven Alliance, even though he had the title of heavenly venerate, even though Qin Mu was walking among the ten heavenly venerates in the Heaven Court and had stirred up a storm.

However, everyone knew that Qin Mu was just a Lucky Brat who had received the favor of Heavenly Venerate Ling and had coincidentally returned from Heavenly Venerate Ling's divine art to the early years of Dragon Han.

He had relied on his foresight and knowledge that was a million years ahead of the early years of Dragon Han to obtain the title of heavenly venerate.

He had used the knowledge that was a million years ahead to shock the dragon Han and imparted the divine art on behalf of heavenly venerate Yu to beat heavenly venerate Hao up. However, back in the present era, Qin Mu didn't have any earth-shattering battle achievements.

He was just a person who had relied on his title of heavenly venerate to get a good reputation.

Yet now, the aura that Qin mu burst forth made people fear and respect him!

Qin Mu didn't have Emperor's might, and he hadn't cultivated to Emperor throne realm. His primordial spirit was only standing on the jade platform of his heavenly palace, but he had dao might!

The power of the Great Dao on his body had even surpassed emperor's might!

His divine arts displayed boundless dao charm, perfectly displaying the Great Dao that he had cultivated!

This heavenly venerate mu, who had always been looked down upon by others, was making a move against heavenly venerate Hong!

This was an incomparably arrogant move!

An action that would defy the great condemnation of the world!

However, the battle prowess that Qin Mu displayed at this moment made all the rulers of the Heavens Tremble and be moved!

Unknowingly, Qin Mu's power had already surpassed all the rulers of the heavens, becoming an existence that surpassed them!

Heavenly venerate Hong's white hair fluttered in the wind as he allowed Qin Mu's domain to crush him. However, no matter how exquisite Qin Mu's great dao domain was, it couldn't pull him into it or restrict him.

He raised his palm and didn't use his strongest absolute art. He only used his martial path divine arts.

He wanted to use his martial path to completely crush Qin Mu, crush his spirit, crush his perseverance, crush his dao heart, crush his pride, Crush everything he wanted to protect!

He also wanted to crush Qin Mu's corporeal body, break his bones and tendons, make him lose all his face, and let him see reality clearly!

This world didn't rely on ideals or passion. It didn't rely on hot blood to survive. This world was the world of Heavenly Dao, the world of Heavenly Dukes, and his world!

Only by following him, only by following the heavens, and only by relying on him, would Qin Mu have a way to live!

He could give Qin Mu Everything, and he could also strip him of everything!

He threw a punch, and it was vast and imposing like the Fist of Heavenly Dao. It used supreme power to crush Qin Mu's sword, crush his sword path, Crush Qin Mu's sword heart, and Crush Qin Mu's sword domain!

Qin Mu's thirty-third heavens of sword path couldn't be executed in front of him at all. Qin Mu's imitated Supreme Emperor's supreme divine consciousness domain was like tofu in front of his simple and plain fist of Heavenly Dao, unable to withstand a single blow!

Qin Mu's divine treasure domain was also like paper, shattered by his punch!

Qin Mu's corporeal body was also like a porcelain doll. In front of his punch, the imprints of nearly two thousand ancient gods were destroyed one after another, and the heavenly palaces collapsed one after another!

Xuan du, Youdu, Primordial City, four extreme heavens, and all the worlds in Qin Mu's divine treasure were all shattered into ashes!

Qin Mu's bones were broken, and his corporeal body was in a bloody mess. The primordial spirits in his Heavenly Palace also exploded!

The ancestral court in his divine treasure was also crumbling.

Heavenly venerate Hong's power was too powerful. Even a simple punch was enough to destroy a strong practitioner of Emperor throne level and destroy everything in the other party!

"Heavenly venerate mu, have you realized the reality?"

Heavenly venerate Hong's majestic punch came in front of Qin Mu. The might of Heaven was vast and mighty, pressing down on Qin Mu's body until it continuously exploded. The broken bones pierced through his flesh and skin, revealing an incomparably miserable sight.

The power of his punch had yet to be fully unleashed. If the power of this punch was released, Qin Mu would probably explode on the spot and turn into ashes!

He revealed a smile. He didn't want to completely destroy Qin Mu, he still needed Qin Mu.

Qin Mu being alive was even more useful to him.

At that moment, Qin Mu raised a finger and tapped on his fist.

PA!

Qin Mu's finger exploded and turned into blood mist.

Heavenly venerate Hong couldn't help becoming furious. Qin Mu's finger was a divine art, making him feel like he was falling rapidly. He saw Strange Mountains that were as sharp as thorns all around him!

That was nine Hell Stage!

A piercing pain came from him, and he chased after the deepest part of nine hell stage. In an instant, he fell into the ninth hell of nine hell stage.

He raised his head to look and saw the sky that was like the mouth of a well.

It was the twenty-fifth heaven of the Divine Art, and nine hell heart locking path had existed for a long time.

"You don't know the immensity of Heaven and earth, yet you still dare to cast your divine art at me!"

The power in heavenly venerate Hong's fist completely erupted, and the phenomenon of nine hell stage instantly exploded. He escaped from the nine hell stage.

Qin Mu's corporeal body exploded in the power of his punch and turned into ashes.

In the next moment, Qin Mu's corporeal body recovered. His divine treasures, Heavenly Palace, primordial spirit, cultivation, divine sense, and everything else returned to normal.

"Heavenly venerate mu, you should be convinced now, right?" Heavenly venerate Hong restrained his anger and asked with a smile.

Qin Mu was expressionless. He brushed past him and walked past him. His aura didn't even collide with him.

Heavenly venerate Hong was stunned, but when he turned back, he only saw Qin Mu's back.

At that moment, heavenly venerate Hong lowered his head to look at the reflection of nine prison platforms on the surface of jade sea.

He saw the lowest level of nine prison platforms, and he was standing at a square inch while raising his head to look up.

Even though he had destroyed Qin Mu and crushed everything about him, he hadn't Broken Qin Mu's divine art.

Prison Lock Dao Heart.

Even though he had escaped from the eternal existence of nine prison lock Heart Dao, his Dao Heart had fallen into prison and hadn't escaped.

Heavenly venerate Mu's divine art establishing Dao wasn't a lie.

During the Spring Festival, the recovery chapter would be updated. The minimum number of words in each chapter would be three thousand words, and there would be two chapters every day.

Chapter 1390:

"What Divine Art Is This?"

Heavenly venerable Hong was somewhat at a loss. He tried to use his dao heart to break nine prison heart lock, but as his dao heart moved, he could feel countless spikes growing crazily in nine prison stage, making it impossible for his dao heart to escape!

His Dao Heart felt a piercing pain.

Qin Mu's nine Prison Heart Lock Dao had existed for a long time and couldn't lock his cultivation, but it did lock his dao heart.

His cultivation was too strong, and even the real nine prison platforms couldn't do anything to him, let alone Qin Mu's divine art that was born from the nine prison platforms on the back of the ancestral court?

However, the divine art of nine prison heart locking path didn't target his cultivation, but locked his dao heart. Even though the effect of Dao Heart on a person's body wasn't as strong as his cultivation, it was still extremely important.

The system of Divine Treasures Heavenly Palace was to raise cultivation and magic power. It focused on strength, so dao heart wasn't important to strength.

However, founding emperor had taken a different path and created the system of Dao realm.

Apart from comprehending the Great Dao, the improvement of Dao realm also had a crucial effect on dao heart.

The person with the strongest Dao Heart in the world was founding emperor, which was why he was able to stand on equal footing with ten heavenly venerables at the thirty-fourth heavens of Dao realm. Qin Mu had locked down Heavenly Venerables Hong's Dao Heart, which also meant that heavenly venerables Hong's advancement in Dao realm had been locked, there was no longer any possibility of him entering dao realm.

Only when his comprehension in Heavenly Dao reached the twenty-fourth heavens of Dao realm would he be able to break through Qin Mu's lock on his dao heart.

However, even though heavenly venerable Hong was the protector of founding emperor era and had absorbed the fruits of founding emperor era, he still didn't know much about the relationship between Dao Heart and Dao realm.

He didn't know what it meant for his dao heart to be locked down by Qin Mu.

After all, the Dao realm system was only at the initial stage, and no one had truly reached dao realm great perfection yet. Qin Mu's nine prison heart locking path was also a great divine art that had just been created, and it was the first time it had been exposed to the world.

Apart from his dao heart being locked, he didn't feel anything wrong with himself, nor did he feel himself being weakened.

This kind of weakening was built on the foundation of his Dao Heart, so he couldn't feel it now. However, if heavenly venerate Hong was injured and his cultivation was damaged, he would feel that his vital qi, divine consciousness, primordial spirit, and corporeal body had been locked up because of his dao heart, even the Great Dao he had cultivated would be locked up and he wouldn't be able to recover to his peak condition!

If he wasn't injured, then everything would be fine. It would just be Qin Mu locking down his dao heart.

But as long as he was injured, he would never be able to recover!

This was the power of Qin Mu's great divine art on the twenty-fifth heavenly heavens of Dao realm!

"Why did heavenly venerate Mu get angry with heavenly venerate Hong?"

Yun Chuxiu walked over, and the girl's two braids swayed back and forth again. She smiled and said, "That old thing has always been a good person, so how did you offend him?"

Qin Mu suddenly bled out from his eyes, ears, mouth, and nose. Yun Chuxiu jumped in shock and cried out, "You didn't seem to have any serious injuries just now, and you were able to be reborn even after being shattered. Why do you suddenly look like you're about to die?"

"You're the one who's about to die."

Qin Mu snorted coldly, "I was injured by heavenly venerate Hong. Even though my corporeal body and primordial spirit had recovered, his divine arts were too strong, and he left some dao injuries for me. From time to time, they would damage my corporeal body and primordial spirit," he said indifferently.

“However, it’s fine. I’ve cultivated the Heavenly Palace of healing path, so this little dao injury won’t be a problem for me.”

Yun chuxiu saw two streams of blood flowing down his ears and two streams of blood tears flowing down his eyes. Two streams of blood also flowed down his nostrils, and he secretly looked at his lower body.

Qin Mu was furious. “Where are you looking?”

Yun chuxiu immediately smiled. “I’m looking to see if there’s any blood flowing down there, but unfortunately, there’s none.”

Qin Mu snorted and said, “Why are you here with this clone? For the summit of the Heaven Alliance, you should at least use your Prime Minister’s corporeal body, right? Otherwise, it would be too undignified. You should have taken back your Prime Minister’s corporeal body, right?”

“Of course I took it back.”

Yun chuxiu said indifferently, “You made heavenly venerate you scheme against me and used my corporeal body to threaten me, forcing me to have no choice but to repair the divine weapon in earth count’s hands, heavenly venerate royal. “If I didn’t take back my corporeal body, eternal peace would already be a dead man.”

“Didn’t you set me up as well? Heavenly venerate gong, divine emperor Lang Xuan, and Heavenly Consort Gao all went to look for me and nearly skinned me.”

Qin Mu executed Medicine Path Heavenly Palace to suppress his dao injuries and slowly heal them. Even though his dao injuries were serious, Celestial Master Hong hadn’t used his full strength to spare his life, so Medicine Path Heavenly Palace could still heal him.

Ever since apothecary had displayed the strength of Medicine Path Heavenly Palace and executed medicine path to heal Celestial Master Yue, Qin Mu’s attainments in Medicine Path had also improved day by day.

Apothecary’s path of Medicine and Heavenly Palace of Medicine Path were truly exquisite and mystical. Even the path of creation couldn’t compare to them.

Yun chuxiu sighed, "I can't use my Prime Minister's corporeal body to attend this meeting," she said resentfully. "I can't directly use Shi Qiluo either. Otherwise, if ten heavenly venerates harbor ill intentions, wouldn't I lose my corporeal body and Lose My Life?" "Therefore, I'll use this body to attend the meeting first. When everything is confirmed, it won't be too late for me to appear."

The two of them walked into the Jade Lake small building. Qin Mu no longer bled from his seven orifices and his injuries had slightly recovered. However, his face was still slightly sallow, he sighed ruefully, "Back then, I was here to beat your son heavenly venerable Hao. It started from the other palace hall in front."

Yun chuxiu recalled the past and sighed ruefully. "It's a pity that I couldn't kill him. Your abilities are too weak, so if I killed him, there wouldn't be any future matters."

Qin Mu said angrily, "Wasn't it you who stopped me at that time?"

Yun chuxiu immediately pleaded for mercy, "At that time, it was my first time giving birth and I was very protective of my son. Seeing you being so brave and actually injuring my son, I was naturally very nervous. You were especially fierce back then, causing the young lady's heart to turn into a young lady's heart..."

Qin Mu was speechless, this little girl always didn't speak the truth. Of course, listening to this little girl speak sweet words was much more comfortable than listening to Shi Qiluo speak sweet words.

The two of them walked past the hall of the other palace and came to the front of Hall of heavenly venerates.

Yun Chuxiu was a little nervous and tugged at his sleeve. Qin Mu hurriedly struggled free. Madam Yuan Mu was an eccentric ancient god, so nothing she said or even her expression could be trusted.

'when this woman is ruthless, she even lies to herself! She's not nervous at all, she's just pretending to be like this.'

The two of them walked into the hall and saw eight heavenly venerables — hao, Huo, Xu, Lang, ancestor, Gong, Qiang, and Yan — had already arrived. They took their seats and were divided into two rows.

In the middle, there were five futons, which should represent the five people who had created Heaven Alliance.

Heavenly venerable vast heaven sat in the first seat on the left while the first seat on the right was empty. It was probably heavenly venerable Xiao's seat. Even though heavenly venerable Xiao had been exiled, he was still one of the leaders of the ten heavenly venerables.

Pairs of gazes instantly landed on Qin Mu and Yun Chuxiu. Qin Mu smiled slightly and walked toward the five futons on the main seat.

"Stay here."

Heavenly venerable vast heaven's gaze moved away from Yun Chuxiu and landed on Qin Mu, he said indifferently, "Heavenly venerable mu, many fellow Daoists have proposed to let you enter our circle of power, so it's not convenient for me to object. "As long as you sit on the main seat, you will be one of us. Our interests will also be split with you. You will also have a share in the back of the ancestral court and the ancestral court. "However, since you don't have much contribution, you will be the scapegoat for all of Heaven Alliance in the future. "You have to think it over carefully."

Qin Mu laughed loudly and continued to walk towards the futon on the main seat. "What you said isn't wrong. My abilities are weak, so if I don't take the blame, I indeed don't have the qualifications to share the benefits with all of you. I'll take the blame for Heaven Alliance!"

He came to the futon in the middle of the five futons and shook his clothes before sitting down. The vertical eye between his brows opened and he looked at each of the heavenly venerables sitting there.

Celestial Master Hong walked over and sat on his futon. He smiled and said, "Celestial Master MU is fast. After all, he is a young man. He is agile."

Celestial Master Hao said in a deep voice, "Since fellow Daoist Hong is here, the meeting of the Heaven Alliance can begin. "Celestial Master Xiao is not here, and we have a new member, Shi Qiluo of the Heavenly Palace. He has great talent and great ambition. His cultivation base is not weaker than ours, so he can join the meeting. What do you all think?"

Yun Chuxiu stood in the center of the hall, and there were nine celestial masters on both sides. They all looked at Yun Chuxiu.

Celestial master fire sneered, "What kind of ability does madam Yuan Mu have to be qualified to enter the Celestial Master's Seat?"

Celestial Master Hong coughed and said, "We ten celestial masters don't ask about our origins. If we ask about our origins, I'm afraid we can't gather a force that can change the world."

Heavenly venerate fire raised his eyebrows and snorted, "I'm the first one who disagrees when the ancient god enters the ranks of heavenly venerates!"

Heavenly venerate hao said, "Yuanmu is my mother, please forgive me."

Heavenly venerate fire hesitated for a moment and bowed slightly, saying, "I was rash. Since Madam Yuanmu is already dead, she is no longer the ancient god. Dao brother Shi Qiluo, I have always been rude and have offended you. Please forgive me."

The ancestor god King glanced at Yun Chuxiu, "Heavenly venerate fire calls Shi Qiluo Dao brother, I don't dare to agree," he said indifferently. "Madam Yuan Mu died at the hands of heavenly venerate Ling and turned into Shi Qiluo. Shi Qiluo's age is younger than us, so how much cultivation can he have?"? Heavenly venerate ten wasn't someone who could enter just because of a poor household. Letting heavenly venerate mu enter was already an exception and couldn't be made again. "Heavenly venerate mu, I have a straightforward personality, so I'm not going against you."

Qin Mu smiled and said leisurely, "I know you have a straightforward personality, so I won't take it to heart. I'm also curious about what ability Shi Qiluo has."

Yun chuxiu looked around and suddenly giggled. "My cultivation naturally can't compare to all of you, but I have three divine weapons, heavenly venerate royal, so can I be ranked as a heavenly venerate?"

The moment she said that, everyone's expressions changed.

Madam Yuan Mu had turned into Shi Qiluo and controlled Father Heavenly Palace. All these years, she had probably cut corners and saved countless divine materials to forge three divine weapons for herself!

Father Heavenly Palace was responsible for building all the divine weapons, ships, and even the manufacture of heavenly palaces. Even if heavenly venerates wanted to refine them, they had to let Father Heavenly Palace manufacture them in the early stages.

All these years, heavenly venerate creator Heavenly Palace had even more astonishing wealth. They had given the task of forging the divine weapons, ships, and bridges of spirit energy to eternal peace and

lowered the price to a very low level. However, the price they offered to Heavenly Palace had to be doubled!

All the heavenly venerates knew that Shi Qiluo was greedy, but they didn't expect him to be so greedy. He had even used the treasures he had obtained to create three divine weapons, heavenly venerate royal!

What was even more terrifying was that he had only said that he had three divine artifacts, heavenly venerate defensive. No one knew how many he had created!

The ancestor god King suddenly laughed loudly. "I have no objections to Shi Qiluo's position as a heavenly venerate."

The other heavenly venerates also nodded and said, "No objections."

Heavenly venerate vast looked at Qin mu and asked solemnly, "Then what does alliance master think?"

Qin Mu smiled slightly and nodded. "Heavenly venerate shi, please take a seat."

Yun chuxiu bowed and took a seat.

Heavenly venerate vast heaven said, "Heavenly venerate shi can get a share of the benefits in the ancestral court. Heavenly venerate Shi can also get a share of the benefits on the back of the ancestral court. What do all of you have to say about long Xiao and the primordial Behemoth?"

In the hall, all the heavenly venerates revealed playful smiles.

Heavenly venerate vast heaven coughed and said solemnly, "Alliance master was the one who spread the news about the beast world. What Does Alliance Master Think?"

Qin Mu smiled. "This matter is extremely good. If we let the Behemoth stay on the back of the ancestral court, the ones who will get the greatest benefits will only be those with strong divine senses. Therefore, it's better to establish the Beast World and impart summoning divine arts."

"The Beast World is feasible," heavenly venerate gong said with a smile.

“Alliance master is indeed wise, I also feel that the beast world is feasible.”

Everyone sighed in admiration. “Feasible, feasible.”

Qin Mu asked again, “Is it feasible for long Xiao to be the Master of the Beast World?”

Celestial Emperor Hong said, “The beast world needs to be taken care of by the sacred ones and is impartial. If Long Xiao can do it, there’s no harm in letting him become the Master of the Beast World.”

The other heavenly venerates all nodded, and heavenly venerate fire said, “Long Xiao is unruly and difficult to tame. Even though he knows that heavenly venerate is powerful, he might not be willing to be used by US.”

Qin Mu smiled. “Long Xiao, come out!”

The void behind him suddenly split open, and nine huge dragon heads appeared. Long Xiao’s eighteen eyes opened, and they were incomparably bright, illuminating the Hall of heavenly venerate.

“Archaic divine King Long Xiao greets all the celestial masters, greets the leader of the Heaven Alliance!”

—— Happy Birthday, leader of the Thrice Reckless Alliance! Today was the first of February. Please guarantee the monthly ticket!
