

Tales of Herding Gods Chapter 1391-1395

Chapter 1391:

In Hall of heavenly venerables, all the heavenly venerables were astonished. Long Xiao had actually been by Qin Mu's side the whole time and had followed him into hall of heavenly venerables!

Yet none of them had noticed that this long Xiao indeed had some ability!

Heavenly venerate Hong's expression changed slightly. He suddenly remembered how Qin Mu had attacked him on Jade Lake. It was obvious that long Xiao had been hiding beside Qin Mu at that time!

In other words, if long Xiao had attacked him, he definitely wouldn't have been able to escape!

Even though the abilities long Xiao had cultivated had fallen behind by a million years, his cultivation was still there. If he had succeeded in his sneak attack, he would definitely not have been able to have a good time.

Qin Mu held a high position and took in the expressions of all the celestial masters. He couldn't help feeling that there were still some benefits to sitting on the throne of the Alliance Master.

His position was the highest, and he could see the expressions of all ten heavenly venerates at a glance. He had a feeling that everything was under his control.

Of course, he couldn't control the entire situation at the moment, but he could already be a chess player and play chess with all the heavenly venerates.

Long Xiao was brought here by him, and he had to be brought here.

The matter of the Beast World was extremely huge, and if long Xiao wasn't present, the heavenly venerates wouldn't be at ease, so long Xiao had to express his stance personally.

The other point was that he had brought long Xiao here as a protective talisman. After all, Long Xiao had promised him three things. If he really encountered danger that Qin Mu couldn't solve, long Xiao could still protect him.

Furthermore, Long Xiao had come with him in order to strengthen his reputation.

“Dao Brother Long Xiao, do you have any objections regarding the matter of the Beast World?” Heavenly venerate vast heaven asked.

Long Xiao lowered his nine heads and greeted all the heavenly venerates. “However, with the arrangements of all the heavenly venerates, I will definitely do my best to carry it out. I Won’t dare to go against any of them.”

His words were also a trick. He took this opportunity to make it clear to all the heavenly venerates that he wasn’t Qin Mu’s faction, but the faction of the ten heavenly venerates.

Heavenly venerate vast heaven nodded his head lightly, “The back of the ancestral court is of great importance, so it’s not suitable for the huge primordial beasts to live there. The few of us heavenly venerates will work together to open up the back of the myriad worlds in the heavens and let you and the huge primordial beasts live there. “There’s also a rule to be made, which is to summon the huge beasts and return them to the Beast World.”

Everyone nodded.

Long Xiao’s nine heads looked around and immediately sensed the power of everyone in heavenly venerate hall, ‘Heavenly Venerate Vastheaven is the Bull’s ear among the celestial venerables, so he’s basically the one who speaks. Everyone either agrees or disagrees, but there’s hardly anyone who disagrees with him. He’s the one who holds real power among the celestial venerables!’

After heavenly venerate vast heaven spoke, he looked at Qin Mu and asked, “What Does Alliance master think?”

Qin Mu smiled. “This matter is naturally excellent. I don’t have any objections.”

Long Xiao thought to himself, ‘as for heavenly venerate vast heaven, the Alliance Master of Heavenly Alliance, he’s just a decoration. He’s just a facade, but in reality, he doesn’t have the power to make decisions.’

Heavenly venerate vast heaven nodded. “Since alliance master has nodded, we’ll do it.”

Heavenly venerate Huo suddenly said in a deep voice, "And today, the Crown Prince of Ming Ya of the Heavenly Court rebelled and had the intention to rebel. He defected to Xie WUQI and joined forces with Saint King Qi Ren of Hades Heaven to plot against the Heavenly Court." "His Majesty the Heavenly Emperor doesn't deal with government affairs, so the Heavenly Court can not lose the crown prince for a day. In my opinion, we should establish the crown prince as soon as possible."

As soon as he said this, the Divine Emperor Langxuan and the ancestor god King nodded in agreement and said, "If His Majesty doesn't do anything, the crown prince can only do things. We should establish the crown prince as soon as possible to appease the morale of the army and the people."

Heavenly venerate fire said in a clear voice, "I guarantee that heavenly venerate Hao will be the crown prince!" Heavenly venerate Hao was an elder of the Heaven Alliance. He was a heavenly venerate in the early years of the long Han dynasty and had contributed to the country. Furthermore, he was the eldest son of His Majesty. It would be unfair for him to become the Crown Prince of the Heaven Court!"

Divine Emperor Langxuan and the ancestral God king nodded and said, "It is indeed unfair for heavenly venerate Hao to be the crown prince. However, he can only do such things in times of emergency. I can only make things difficult for brother Hao."

Heavenly venerate Hao shook his head and said, "I'm afraid that the other fellow Daoists won't agree. What does heavenly venerate Hong Think?"

Heavenly venerate Hong's face was filled with glory as he chuckled and said, "I naturally agree with both my hands!"

Heavenly venerate Hao then looked at concubine Qiang Tian, concubine Yan Tian, and the others. Concubine Qiang Tian said with a smile, "Previously, Ming Ya was the crown prince. Now, heavenly venerate Hao is the crown prince. I'm afraid that the seniority is a little inappropriate, right?"

As soon as she said this, the hall immediately quieted down.

Everyone in the hall, except Long Xiao, knew that the crown prince of Ming Ya was the son of heavenly venerate Haotian. Ming Ya was stripped of his crown prince position, and his father became the crown prince. It was indeed unethical.

Heavenly Venerate Haotian gave concubine Qiang Tian a deep look and said indifferently, "Consort Tian, you seem to be implying something. Why Don't you explain it clearly?"

Concubine Qiang Tian immediately smiled and said, "I'm a dumb person. I just said it casually. Heavenly venerate Haotian, don't take it to heart. I agree with heavenly venerate Haotian being the crown prince."

Heavenly Lord Haotian snorted lightly and said, "What does Lady Yan Tian Think?"

Lady Yan Tian's beautiful eyes flickered and she smiled and said, "It seems that those who sit on the crown prince's seat will not have a good ending. I'm a little worried about heavenly Lord Haotian."

She was implying something. In fact, she was talking about Heavenly Lord Haotian's design, which forced her son, Xie Wuqi, to do the opposite. Although it was the heavenly emperor who sent Xie Wuqi to Hades back then..., in reality, it was heavenly venerate vast heaven who had played a very disgraceful role.

Heavenly venerate vast heaven smiled. "Thank you for your advice, Your Highness. Heavenly Venerate Gong, heavenly venerate void, heavenly venerate shi, do the three of you have any objections?"

Heavenly venerate void shook his head.

Yun chuxiu cheered and raised both hands in agreement.

Heavenly Venerate Gong took a look at Divine Emperor Langxuan and shook his head slowly. "I have no objections."

Heavenly venerate vast heaven looked at Qin Mu again. "What Does Alliance Master Think?"

Qin Mu was full of smiles. "This matter is naturally extremely good, I have no objections."

Long Xiao thought to himself, 'heavenly venerate mu is indeed a decoration.'. However, from the performance of the ten heavenly venerates, there seemed to be a gap between them, but they were split into two camps. Hao, fire, Lang, ancestor, and Xu were one faction, while Hong, Gong, Yan, and Qiang were one faction. They should be on the same side as heavenly venerate Xiao, who hadn't appeared yet. Celestial Master Yun Chuxiu Shi was a fence-sitter."

Celestial master hao sighed, "Since everyone is so kind, I will not decline. The fourth thing was to crusade against the Heavenly Duke. The Heavenly Duke, the divine born by the Heavenly Dao, allowed

the Earth Mother Yuan Jun to wreak havoc. He massacred millions of gods and devils in Xuandu. It was a heinous crime!”

Celestial master Huo said coldly, “The Heavenly Duke is responsible for monitoring the operation of the heavens. However, there are many disasters in the heavens today. The Heavenly Duke turned a blind eye to them. He is not worthy of being the heavenly duke. He should be killed!”

The ancestor god King gritted his teeth and said, “Even though that old scoundrel is my father, I abhor evil as if it was an enemy. I should be righteous and destroy my family!”

The heavenly venerates recounted the sins of the heavenly venerate one after another. Heavenly venerate vast heaven looked at Qin Mu and asked, “What Does Alliance master think?”

“This is naturally the best, I have no objections,” Qin Mu said with a smile.

Behind him, Long Xiao rolled his eyes and thought to himself, ‘as expected, it’s still the same sentence.’

Heavenly venerate vast heaven said, “In that case, tomorrow at the Assembly of Heavenly Alliance, Alliance master will announce to the world that we will raise the banner of Rebellion and crusade against the Heavenly Duke!”

Qin Mu probed, “In that case, this demand for punishment...”

“We have already drafted it for Alliance Master.”

The ancestor god King sent the demand for punishment to the heavenly duke and said, “Alliance master only needs to recite it at the Assembly of Heavenly Alliance. You have to take the blame firmly and firmly, you can not drop it.”

Qin Mu took a look at the decree and saw the crimes of the heavenly duke on it. The words were intense and had the effect of inciting the hearts of the people.

Qin Mu put away the decree and smiled. “This is naturally extremely good.”

Below, the ten heavenly venerates looked at each other. Heavenly venerate vast smiled and said, "Since the matter has been settled, let's go our separate ways and prepare for the Assembly of Heavenly Alliance Tomorrow."

Everyone got up and bowed to Qin Mu before turning into flowing lights and leaving.

Only Qin Mu, long Xiao, Yun chuxiu, and heavenly venerate vast heaven were left in the hall.

Heavenly venerate vast heaven shot a glance at Yun Chuxiu and long Xiao. Yun chuxiu jumped and left while Long Xiao also hid and disappeared.

Qin Mu stood up and walked down from his high position.

Heavenly venerate vast heaven turned around and walked out of the hall. When he came to the front of the hall, he stopped, and Qin Mu came to his side and stood shoulder to shoulder with him.

The two of them looked forward. Jade ocean rippled, and the island was filled with rulers from all the heavens. There were many of them, and people came and went. It was bustling with activity.

"All the heroes of the world are here!"

Heavenly venerate Hao placed his hands behind his back and swept his gaze across the place, "This scene is similar to the Jade Lake Banquet in the early years of Dragon Han," he said indifferently. "But back then, it was the magnates who suppressed the chaos of the creators and began to divide the benefits and wealth. "The Jade Lake Banquet was just a gathering of the postnatal beings and demigods. To the magnates back then, it was insignificant and wasn't taken to heart."

Qin Mu continued, "And now, the banquet on the Jade Lake is the one that decides the fate of the world. As for the Heavenly Court, it has already become an empty shell."

Heavenly venerate vast smile, "Heavenly venerate mu, have you ever thought that I was the one who caused all of this? "How many enemies have I defeated in my life? "The powerful ones like Xie Wuqi, Heavenly Emperor, heavenly venerate cloud, heavenly venerate moon, heavenly venerate ling, and supreme emperor were all defeated by me. Even someone as powerful as founding emperor and Heavenly Venerate Qin could only hide here and there. The Four Emperors of ancient god only dared to hide in a corner. When I wanted them to die, they wouldn't be able to live for another two hours. And now..."

The heroic emotions surged in his chest, "I've started to execute Heavenly Duke, get rid of Earth count, and wipe out the creator, achieving True Unity! In history, which Emperor could achieve such a feat? could he have a great achievement that was on par with me?"

He didn't wait for Qin Mu's reply, "Supreme Emperor couldn't do it.". Supreme Emperor was cruel, and there were three kings dividing the territory, so he couldn't achieve true unification. My father, Heavenly Emperor absolute beginning, couldn't do it either. He was too soft-hearted, so he divided the power and handed it over to Heavenly Duke, Earth count, Earth Mother, and the other gods. If heavenly venerate Yun couldn't do it, he couldn't even unify the origin world. "Red Emperor, Bright Emperor, the previous high emperors, and even founding emperor, their achievements were all useless. They weren't even fit to carry my shoes!"

"The only one who can do all of this is me

"Celestial Master Mu, only I can subdue ambitious people like you and become the true ruler of the world, the Wise ruler!"

He was full of pride. "I know that there are many competitors among the ten celestial masters. They came from an ancient era and each of them has their own thoughts and ulterior motives. However, they have too many thoughts and ulterior motives, and they have lost the spirit of an overlord. "This is where they are inferior to me! "Even if you are as cunning as you are, aren't you still obediently arranged by me?"

Qin Mu revealed a smile and asked, "What if heavenly venerate imperial is still alive? Will he do better than you?"

Heavenly venerate vast heaven felt as if a basin of cold water had been poured over his head and his expression turned cold, "There are no ifs,"he said coldly. "There are no ifs. "He's too sharp and doesn't know how to hide. If I were father Emperor, I would also kill him!"! "Heavenly venerate mu, what makes you more brilliant than heavenly venerate imperial is that you know how to take things step by step, scheming step by step, infiltrating the center of power of the heavenly court step by step. "But as long as you come in, you can only be with US and become us!"

Qin Mu fell silent. After a long while, he asked, "What if I don't become you?"

"Then you will have nothing."

Heavenly emperor Hao said coldly, "You will die, your eternal peace will be destroyed, and everything you have will cease to exist. After you die, you will still have to bear the blame. Every time the people of the future mention your name, they will curse you!"

He revealed a hint of a smile, "You Aren't my opponent," he said leisurely. "My opponent was only heavenly emperor back then. It's a pity that he was defeated from the start and died. "You will see me getting rid of strong enemies, you will see me ruling the world, you will see the scene of ten thousand worlds submitting and kowtowing to me."

He walked down the stone steps of heavenly venerate hall, "Fire, Xu, Lang, ancestor, Gong, Qiang, Xiao, Hong, Yan, Shi, they are all not my opponents. "In the future, you will see them either submit or die. "If you don't submit, you will be the same..."

"Hao."

Qin Mu called out to him.

Heavenly venerate Hao stopped, and Qin Mu stood on the stage with a smile. "I rebelled against you not for ambition, but for the human race and for ideals. As invincible as you are, wouldn't you be lonely if you didn't have an opponent?"

Heavenly venerate Hao turned around, and his gaze landed on his face.

Qin Mu revealed a radiant smile. "I'll be your opponent."

Heavenly venerate vast heaven was stunned, and he laughed loudly before turning around to leave. "There's no need. If you dare to rebel against me, I'll kill you."

Chapter 1392:

"Heavenly venerate Hao's confidence is getting stronger and stronger."

The smile on Qin Mu's face didn't fade. "Looks like Taisu had a great influence on him, reigniting his confidence. He had Taisu's help, so he was confident that he could defeat others and obtain the final victory."

Qin Mu didn't understand how Taisu had helped him, but from what Taisu had done, heavenly venerate Hao should have paid a huge price.

“Supreme beginning, you are also an ancient god, and Tai Su is also an ancient god. Look at Tai Su’s actions, and then look at yours.”

Qin Mu woke up the egg of supreme beginning in his divine treasure and said bitterly, “You only know how to refine that broken stone every day. When will you be able to help me like how Tai Su helped heavenly venerate vast heaven?”

“Why don’t you look at heavenly venerate vast heaven first and then look at you?”

One sentence from Tai Shi almost suffocated Qin Mu to death, “Tai Su came into the world ahead of time,” he said in a muffled voice. “Her ability ends here while I’m still growing. In the future, I’ll definitely be much more powerful than her. “Furthermore, Tai Su helped heavenly venerate heavenly venerate heavenly venerate in order to control him. “Look at how confident heavenly venerate heavenly venerate heavenly venerate heavenly venerate is now, but in reality, he has already gradually fallen into Tai Su’s control. “In the future, he will probably regret it too much.”

Qin Mu’s heart moved slightly, and he asked, “How does Taisu Control Heavenly venerate vast heaven?”

“Taisu responds to every request. She can rebuild heavenly venerate vast heaven’s heavenly palace and help heavenly venerate vast heaven become the first person to cultivate it. She can even give him the treasure he wants.”

“I’ve talked to Taisu about their powers before, and I know that she has a supreme treasure with great power. This treasure can transform into any other treasure, and it has many changes,” Taishi said. However, all of this came at a price. “Not only that, by borrowing the power of Tai Su, you will slowly become addicted and be controlled by Tai Su.”

Qin Mu’s hair stood on end.

Back then, he had also obtained the supreme treasure of Tai Su and felt the invasion of his dao heart. The reason why the Azure Heaven glazed building could become the number one supreme treasure was because of the supreme treasure of Tai Su!

‘The Supreme Treasure of Taisu can be transformed into any treasure, and there are so many changes?’

Qin Mu suddenly remembered the primordial chaos qi he had seen when he had used his divine consciousness to invade the egg of Taisu. There were all kinds of strange phenomena of the supreme treasures. Back then, he had seen the bell that had imprinted all forms of heaven and earth, the huge cauldron that was carried by the Earth Qi., the wall of the cauldron had imprinted gods and living beings, and there was also a bright mirror that shone on the greater world!

“Can this supreme treasure turn into a divine weapon of creation?” Qin Mu suddenly asked.

Tai Shi was slightly stunned. “Of course it can.”

The corners of Qin Mu’s eyes twitched, and he finally knew where the confidence of heavenly venerate vast heaven, who had yet to fully recover from his injuries, came from!

It was the supreme treasure of Goddess Tai Su that could turn into a divine weapon of creation and create a divine weapon, heavenly venerate royal!

Not only could he create a divine weapon, heavenly venerate royal, he could even create the corporeal body of the heavenly emperor, Heavenly Duke, and Earth count!

This was the source of heavenly venerate vast’s confidence.

The person who had the most divine weapon heavenly venerate royal was probably not shi qiluo, but him!

“If I had such a divine weapon...”

Qin Mu was extremely envious, and he suddenly came to a realization. He probed, “Does heavenly emperor’s absolute beginning have a accompanying divine weapon?”

“Heavenly Emperor’s absolute beginning also has its accompanying supreme treasure, but when he was still the adopted son of Supreme Emperor in the past, Supreme Emperor took that treasure away. I wonder if he took it back later.”

Qin Mu blinked his eyes and asked carelessly, “Then, does Daoist brother Taiyi also have such a treasure?”

“Logically speaking, he should have.”

When Tai Shi said this, he suddenly came to a realization and hurriedly changed his words. “Daoist brother Taiyi has long transcended, so whether he has a supreme treasure isn’t something I can know. In any case, I don’t...”

“Then Daoist brother Tai Shi, What’s Your Supreme Treasure?” Qin Mu cut him off and asked.

Tai Shi immediately smiled. “I really don’t have it, stop spouting nonsense. If I had such a treasure, would I still be trapped in this egg shell? I would have long been free and unfettered.”

“The reason why you didn’t open the egg shell is because you still want to stay in the egg and wait for me to find more divine stones to digest vital fluid for you.”

Qin Mu said seriously, “What’s Daoist Brother’s supreme treasure? Why Don’t you take it out and let me open my eyes?”

“No!”

Tai Shi said angrily, “I haven’t been born yet, even if I had it, I wouldn’t be able to take it out for you to see! Don’t try to scheme against me!”

Qin Mu’s gaze flickered, he smiled and said, “As expected, it’s hidden in an egg?” The path of Tai Shi had a form but no substance. To you, the eggshell also had a form but no substance. Most of your treasures also had a form but no substance. “Since that’s the case, why don’t you give it to me to broaden my horizons?”

Primordial beginning said angrily, “If you don’t have it, then you don’t Have It! If you take it out, can you return it to me? I’m not a three-year-old child!”

Qin Mu laughed loudly and thought to himself, ‘there really is... I wonder what form this stingy ancient God’s supreme treasure is in?’

He became more and more curious, but it was a pity that primordial beginning knew him very well and had made up his mind not to let him see his supreme treasure.

For a time, the temple of the people and linked into a piece, into the second heaven!

Another dao ancestor and Brahma flew over and took their seats in the second heavenly court. As soon as the Dao ancestor and Buddha took their seats, their respective heavenly palaces bloomed. Each of them had more than ten heavenly palaces and their expressions were solemn.

They were the most ancient members of the Heaven Alliance.

Suddenly, all the saints said in unison, "Please welcome the Celestial Master of the Heaven Alliance, the Supreme Dao Awareness and the demon Grand Sage, Celestial Master Hong!"

Celestial Master Hong had white hair, white eyebrows, and white beard. He stood on the head of the Green Bird. The green bird flapped its wings and flew over.

Celestial Master Hong landed on the second heavenly court. The dao ancestor and great Brahma stood up and greeted him hurriedly.

Celestial Master Hong nodded slightly and sat down.

All the saints chanted loudly, "Celestial Master Hong, we welcome you, Celestial Master of the Mother Palace!"

The heavenly venerate of the palace walked over and entered the second heavenly court.

The dao ancestor and the Brahma heavenly venerate greeted each other. The heavenly venerate of the palace nodded and sat down.

"Please welcome the heavenly venerate of the Heaven Alliance, the divine son of the heavenly duke, the ancestor of the celestial race, the Great Sage ancestor, the Godly King!"

"Please welcome the heavenly venerate of the Heaven Alliance, the heavenly venerate of the Dragon and fire, the heavenly venerate of the celestial race!"

“Please welcome the heavenly venerate of the Heaven Alliance, the goddess of Earth count, the ancestor of the demon race, the heavenly venerate of Void!”

“Please welcome the heavenly venerate of the Heaven Alliance, the adoptive mother of the heavens, and the mother of the world, Concubine Yan Tian!”

“Please welcome the heavenly venerate of the Heaven Alliance, the Heavenly Dao mother of the heavens, concubine Qing Tian!”

“Please welcome the heavenly venerate of the Heaven Alliance, the Holy Emperor of the Divine Saints, and the origin extreme ancestor, divine Emperor Lang Xuan!”

..

The ancestor god King, heavenly venerate fire, heavenly venerate void, concubine Yan Tian, concubine Qing Tian, and Divine Emperor Lang Xuan all sat down.

Suddenly, the eastern divine light filled the sky and covered the Heaven Court like clouds. The heavenly saints, the four monarchs, the Four Heavenly Masters, and the other important ministers of the Heaven Court stood up and said in unison, “I respectfully invite the Heavenly Alliance Holy Man, the Heavenly Dragon Holy Man, the Heavenly Golden Palace Holy Man, the Supreme Holy King, the Heavenly Holy Man!”

The heavenly holy man walked over with a myriad of strange phenomena.

The dao ancestors, Buddha, and the other heavenly venerates stood up and greeted him. The heavenly holy man walked towards the boundless divine light and nodded slightly.

Dao ancestor, Buddha, and the other heavenly venerables waited for him to sit down before taking their seats.

They heard the saints of the heavens speak in unison, and they said loudly, “We respectfully invite the Chief of the Heavenly Alliance, Sacred King Mu!”

Qin Mu walked over, and the other heavenly venerables and Dao ancestors also stood up to greet him. Qin Mu nodded lightly and gestured for everyone to take their seats.

Everyone waited for him to take his seat before taking their seats.

Another golden-armored God rushed over and opened the Golden Board with a whoosh. He said loudly, "His Majesty has heard about the meeting of the Heavenly Alliance, and all the Heavenly Saints and heavenly venerates have come to thank the heavenly venerates for their great contributions, so he has issued an edict to praise them."

All the heavenly venerates looked at Qin Mu, who was sitting on the leader's seat. He raised his hand and said, "Read."

The golden-armored God hurriedly touched the ground with one knee and half-knelt as he read the Heavenly Emperor's decree loudly.

When he finished reading the Heavenly Emperor's imperial decree, the golden-armored God stood up with trepidation. He held the imperial decree with both hands and waited for Qin Mu to speak.

"Your Majesty's kind intentions are appreciated by our Heavenly Alliance."

Qin Mu nodded lightly and gestured for his servants. "Put it away."

A servant came forward and put away the Heavenly Emperor's imperial decree.

Qin Mu looked around, "I'm from Eternal Peace," he said in a clear voice. "My name rose from the Dragon's Han and wasted a million years before I entered the Heavenly Alliance to participate in the Grand Meeting. Thank you all for waiting." In the past million years, there had been countless big and small matters. Back then, the five alliance masters were the only ones left, and he couldn't help feeling rueful in his heart. "Today's grand meeting, as the Alliance Master, I will definitely decide the matters of the world. "The first thing is..."

"Who said that you are the only one of the Five Alliance Masters?"

Suddenly, a clear voice sounded, "Heavenly venerate mu, do you still remember Heavenly Venerate Qin who traveled with you?"

The moment these words were said, there was an uproar.

Some of the Heavenly Saints' expressions changed drastically, and some of them were filled with killing intent as they looked towards the source of the voice.

They saw founding Emperor Qin ye walking into the Jade Lake with the sword at his waist. He stepped onto the second heavenly court and walked over with a smile on his face.

“Celestial Master Mu, you are in charge of the Heavenly Alliance and have caused chaos in the world. Have You Asked Me? Have you asked the carefree sword in my hand?”

Chapter 1393:

On the second heavenly court, Dao ancestor and great Brahma heavenly king and Buddha stood up respectively, but heavenly venerate vast heaven, Empress Qiang Heaven, and the rest were still sitting there without moving. Only heavenly venerate Hong frowned slightly and took a glance at founding emperor before looking at Qin Mu.

On the main seat, Qin Mu sat steadily, he sneered. “Qin Ye, back then, you changed your name to Qin Kai and swam with me in the Dragon Han. We received the favor of His Majesty the Heavenly Emperor and were conferred the title of heavenly venerate. Together with the seventh heavenly venerate who had created the seven realms of divine treasures, we were called the ninth heavenly venerate of the Dragon Han. “During the Jade Lake Banquet, I waited for Heavenly Venerate Royal to teach me the divine art. I beat heavenly venerate fire and heavenly venerate Hao, established the Heaven Alliance, and set the plan for the postnatal beings and demigods to defeat the ancient innate gods!”

He stood up and flicked his sleeves. The sound of his sleeves hitting the air was like a tsunami, he said coldly, “I am honored to be the Alliance Master of the Heaven Alliance. What right do you have to be on the same level as me? Where Is Your Dao Path? Where is your virtue? If you don't have any morals, how can you have the face to be on par with me and be called heavenly venerate? “You are a mediocre heavenly venerate, but because you were on par with me in a battle, you were given the title of Heavenly Venerate Qin by chance!”

The moment he said that, the few heavenly venerates present couldn't sit still.

Qin Mu was cursing founding Emperor Qin Ye, but in truth, he was cursing them.

Qin Mu had passed it down as a divine art, allowing ordinary people to live forever and have the same lifespan as the ancient gods.

In the era when the path of Divine Arts was still newly created, he had established the path of Divine Arts. With the knowledge of a million years in advance, he had let the world see the power and colorful changes of divine arts, allowing people to see that the weak could grasp divine arts, he had defeated existences that were high and mighty.

He had also established the Heaven Alliance and established the structure of the world for the next million years.

He was known as heavenly venerate mu and deserved his name.

However, compared to him, the current ten heavenly venerates paled in comparison. Especially heavenly venerate Xu, ancestral god King, Lang Xuan, Gong, Qiang, Hong, and Yan, these seven heavenly venerates, none of them had any achievements that they could bring out.

In terms of contribution, only heavenly venerate vast heaven could be on the same level as Qin Mu. However, heavenly venerate vast heaven wasn't the one who had founded Heavenly Alliance. He had also relied on Qin Mu's absence to steal the power of Heavenly Alliance to become its leader.

However, even heavenly venerate vast heaven and heavenly venerate fire looked quite embarrassed at this moment. They had indeed been beaten up by Qin Mu before, especially heavenly venerate vast heaven, who had been lying on his sickbed for a thousand years.

As for founding Emperor Qin Ye, he was also embarrassed by what he had said.

In the early years of Dragon Han, he and Qin Mu had been conferred the title of heavenly venerate, and it was indeed a huge misunderstanding. Only when the heavenly emperor saw Qin Mu's face did he suspect that he had been conferred the title of Heavenly Venerate Qin.

He could be said to have blended into the ranks of nine heavenly venerates of Dragon Han.

"Heavenly venerate mu, I'm also one of the five founding elders of Heaven Alliance."

Founding Emperor stopped his footsteps, he sneered and said, "Let's not talk about anything else. Just the five founding elders alone are enough for me to become a Celestial Master. "However, I am more than that. I have created the Dao realm to make up for the lack of the Heaven Palace realm. I have created the acquired Dao! "The Dao realm that I have created can be combined with the Heaven Palace realm. The thirty-sixth heaven of the Great Dao can be branded into the ultimate void. If the universe is not destroyed, I will not be destroyed!"

He pressed his palm on the hilt of his sword and pulled it out brazenly. Sword light filled the sky.

Swoosh —

The light of the carefree sword filled the Heaven Court. The 35th Heaven appeared in front of the Southern Heaven Gate of the Heaven Court. From the Emperor Tai's Ping Tian Sword, the Taiming Qi Tian Sword, to the sword domain of the supreme pure realm, to the sword domain of the jade pure realm, all the Saints present could be seen at a glance!

The 35th Heaven Sword Domain, the Pure Sword Dao, actually displayed a power that was not inferior to the 35th Heaven Palace. The aura of the Sword Dao grew stronger and stronger from the bottom to the top. In the Jade Pure Realm Sword Domain, the Sword Dao had almost materialized.., it made all those who practiced sword arts and Sword Dao feel as if they were prostrating themselves before a lofty mountain!

Once the thirty-fifth Heaven Dao realm appeared, the divine weapons of everyone present could not stop ringing and emitting waves of divine might. It was as if these divine weapons were trembling for the peak of the Sword Dao and were prostrating themselves before the sword domain!

This was a phenomenon that not even the tenth heavenly venerate had!

Behind founding emperor, the thirty-fifth Heavenly Dao realm became brighter and brighter, becoming more and more shocking. His words were like swords, and his sword pointed at Dao Hearts. He was referring to the Sacred Dao Hearts of every single one of them!

Even the heavenly venerates could feel a sharp sword pointing at the weakness in their Dao Hearts!

Founding emperor said indifferently, "The Dao Realm I created is different from the so-called ten heavenly venerates. My Dao realm isn't just creating a cultivation method to make up for the deficiency in the cultivation system of Heavenly Palace. It's also a path where the acquired is better than the innate!"

"Shameless boasting!"

The nine heavenly venerates frowned, and before they could speak, Qin Mu had already patted the armrest of the throne, he shouted sternly, "Heavenly Venerate Qin, you're Too Shameless!""! 'you

actually dare to say that you've made up for the deficiency of the cultivation system in Heavenly Palace. It's just that you're boasting and putting gold on your face! 'As for the postnatal realm surpassing the innate realm, you're boasting to an endless extent, making people despise you!'

Founding Emperor laughed loudly and pointed his sword at Qin Mu. His words shook the hearts of the people, "Heavenly venerable mu, the people of the world cultivate only innate techniques and not postnatal divine arts. They just don't see the logic of postnatal victory over innate state! "The moment my sword path is formed, I can brand my sword path into great overarching heaven, the ultimate void. If the universe isn't destroyed, I won't be destroyed! "With just this path, can I become a heavenly venerable?"

Just as Qin Mu was about to speak, founding emperor cut him off, he continued, "I created a technique of dao realm and imparted the cultivation techniques of Dao realm to the people of the world, can I become a heavenly venerable? "The Great Dao of innate is limited in number and is controlled by the ancient gods. "The Great Dao of acquired heaven is endless. I imparted the technique of acquired victory to the people of the world, can I become a heavenly venerable? "Heavenly venerable Mu, you yellow-mouthed child, you said that I'm not worthy of becoming a heavenly venerable. My achievements, Dao, and virtue, would I be able to become a heavenly venerable? Would I be able to become one of the five founding elders of the Heaven Alliance?"

Qin Mu's expression changed slightly, and cold sweat rolled down his forehead. He hurriedly got up and gave up his seat, his expression filled with fear and trepidation, "I actually didn't know that heavenly venerable Qin had such achievements, Dao, virtue, and virtue. I thought you were fishing for fame, so I underestimated you," he praised. "Even though my merits and morals are great, I'm still inferior to you. "You are one of the five elders of Heavenly Alliance and one of the Alliance Masters. I'm completely convinced by you. Please take a seat, and I'll sit below you."

Everyone present had yet to turn around, and their expressions were sluggish.

Just now, the two of them were still shouting at Heavenly Venerable Qin furiously. It was as if Qin Mu had torn him apart with one hand and sent him to the land of eternal damnation, but in the blink of an eye, they were completely convinced and prostrated themselves on the ground.

This change in attitude was truly dazzling.

Founding Emperor walked over with his sword in hand, he smiled and said, "Heavenly venerable mu has a broad mind. He established the path with his divine arts and created the Heaven Alliance. He has the whole world in his heart and is also a sacred king who imparts knowledge to others. He's an honest gentleman and his achievements aren't inferior to mine. "Even though I have merits and virtues, the Heaven Alliance was founded by you after all. Since you have become the chief of the Alliance, I'm completely convinced and can only be ranked second."

Qin Mu immediately greeted him politely and invited him to the chief seat. Founding Emperor declined repeatedly, and the two of them politely gave way at the top, causing all the heavenly saints, emperors, and heavenly teachers in the second and first heavenly courts to be dumbstruck.

The nine heavenly venerates also frowned and looked at each other.

The coordination between the two of them was simply flawless, as if they had rehearsed it countless times. Founding Emperor Qin Ye came over with an imposing manner, as if he wanted to cause a ruckus at the meeting of Heaven Alliance until one of them died.

Qin Mu's words were fierce, as if he wanted to personally kill founding emperor, punish the wicked, and destroy both the fish and the net.

However, as he spoke, it turned into mutual flattery. Founding Emperor, this traitor, had also become a great saint who had contributed to the lives of the world and the nations of the heavens?

Furthermore, founding emperor had instantly changed from a traitor to the five elders of the Heaven Alliance. The title of heavenly venerate was well-deserved, and in the blink of an eye, he had ascended to the throne of power of the Heaven Alliance. This was simply too bizarre and inconceivable.

Qin Mu couldn't decline, so he could only sit on the head seat with a face full of glory. "I had no choice but to sit on the head seat with a thick face. I'm ashamed, I'm ashamed! hahahaha —"

When founding emperor sat down, the nine heavenly venerates looked at him with cold expressions.

Qin Mu's face was radiant, and he was pleased with himself. He smiled at founding emperor and said, "I had many misunderstandings about Dao brother previously, but now that I've cleared them, I suddenly feel that heavenly venerate Qin is a decent person. To sit with you, I have the honor of three lifetimes..."

Just as founding emperor was about to speak, heavenly venerate vast heaven looked at heavenly venerate fire with an expressionless face. Heavenly venerate fire understood and got up. "Heavenly venerate mu, isn't that inappropriate?"

Qin Mu gave an 'Oh' and leaned forward. His right elbow pressed down on his right knee as he leaned to the side and asked curiously, "Heavenly venerate fire, is there anything inappropriate?"

Heavenly venerate fire said coldly, "Founding emperor Qin Ye might have the name of heavenly venerate Qin, but he walked a path that defied the heavens. He established founding Emperor Heavenly Court, colluded with heavenly dukes, and plotted to overthrow it. He plotted to become the orthodoxy of Heaven and earth. Where did he place his majesty? Where do they place the demigods? Where do they place the heavenly venerates sitting here?"

He took a step forward, "Founding emperor wants to restore the era ruled by ancient gods," he said coldly. "He wants Heavenly Duke and Earth count to become the ruler of all the races! Heavenly Duke, a ruthless person who allowed Earth mother to wreak havoc and massacred the heavenly soldiers and heavenly generals of Heavenly Court. There are more than a million dukes in each path? Heavenly Duke is devoid of conscience and his crimes can not be pardoned. Founding Emperor should be executed for associating with him!"

Qin Mu revealed a smile. Heavenly venerate fire's words were precisely the content of the warrant for Heavenly Duke's denunciation. If heavenly venerate fire said it, he wouldn't have to bear the name of Heavenly Duke execution.

Heavenly venerate fire also knew that it was inappropriate, but founding emperor had come to seize power, seize power, and seize the hearts of others. He couldn't allow him not to pour dirty water on founding emperor.

If he didn't, then founding emperor would steal the power of heavenly venerate, steal the hearts of others, steal the general trend, and blend into the Heaven Alliance. This would cause many changes in the future.

Tenth heavenly venerate definitely couldn't allow this to happen!

Heavenly venerate Hong stood up, and his voice was as loud as a bell, "Heavenly Duke deserves death for his crimes. Founding emperor disregarded the righteousness of the world and deserves death for his crimes. Furthermore, founding emperor has isolated great void and colluded with the prehistoric creator. How cruel is the Creator? Founding Emperor's crimes are too great to be washed clean!"

Qin Mu was moved, he stood up and said sternly, "Qin Ye, you actually committed such a heinous crime. I had thought highly of you in vain, but you have let me down, let the people of the world down! I am ashamed to be on the same level as you! "However, come to think of it, your merits, achievements, Dao, and virtue are all great. Your merits and faults are offset. As long as you lower your head and admit your mistakes, it is not unforgivable to have nothing to do with the Heavenly Duke..."

His voice and expression were stern. However, as he spoke, his face was full of smiles. He said to the nine heavenly venerates, "Why don't we let this fellow Qin ye toast to everyone and apologize? Everyone, let's laugh..."

"Hahahaha!"

The ancestor god King suddenly stood up and threw his head back to laugh loudly, he said sternly, "Heavenly venerate Mu, earth mother Yuan Jun didn't kill your people, so you can be a good old man and do it conveniently. Your Skin doesn't itch and your flesh doesn't hurt, but this old man's skin itches and my flesh hurts!" Earth mother killed the elites under my command, Earth Mother is the indulgence of the Heavenly Duke, and Heavenly Venerate Qin is the lackey of the Heavenly Duke. If you can tolerate him, I can't tolerate him!"

Qin Mu rubbed his hands repeatedly, he stomped his feet and asked, "What should we do? What should we do? "Today is the meeting of the Heaven Alliance, and His Majesty the Heavenly Emperor has already decreed that we should be harmonious and beautiful. How did it turn out like this? "I'm still young and can't handle this matter. If another highly respected chief of the Heaven Alliance descends to help me solve this problem, that would be great..."

"There's no need to worry about heavenly venerate mu."

Suddenly, a clear and refreshing female voice sounded out. "The founding five elders of Heaven Alliance, Heavenly Venerate Moon of nine heavenly venerate longhan, have come to help heavenly venerate mu solve his problems."

Qin Mu was overjoyed and was so excited that he choked on his tears. In his hazy tears, he saw a woman walking over and stepping on the second heavenly court.

When she walked, the sound of a zither sounded out.

The sound of the zither was strange and actually fused with the Great Dao of everyone in the Heavenly Palace. When the zither sounded out, their paths, skills, and divine arts also burst forth with all kinds of dao sounds and dao rhythms.

Qin Mu hurriedly said, "Heavenly venerate Yue, fellow Daoist Yue, quickly come up and help me solve my current problem. Ancestral God King, Heavenly Venerate Hong, and heavenly venerate fire are going to fight with Heavenly Venerate Qin!"

Heavenly venerable Yue smiled. "I'm also one of the five founding elders who founded the Heaven Alliance. I'm also one of the Chief of the Heaven Alliance and have also founded Seven Stars realm. However, I haven't appeared for a long time, so there are probably some people in the Heaven Alliance who don't recognize me. "Heavenly venerable mu holds the main seat, so I only dare to be like Heavenly Venerable Qin and be ranked second."

Qin Mu hurriedly invited her to take a seat, he choked on his sobs. "I heard that Dao brother was injured by a treacherous person and hid from the world. I've been looking for you and never saw you, but now Dao Brother has finally appeared? Dao brother, have your injuries healed? Who Has the heart to heal Dao Brother?"

— the year of the pig is approaching. The year of the otaku pig's birth is approaching. He crazily shouted for the monthly ticket, hoping to drown in the happiness of the monthly ticket

Chapter 1394:

Heavenly venerable Yue looked at him with a smile and said in a low voice, "It's too much, keep it."

Qin Mu's heart trembled and he immediately restrained himself.

Heavenly venerable Yue sat down and looked around, taking in the expressions of all the heavenly venerables, he said in a clear voice, "Fellow Daoists, the Heaven Alliance was founded by the three of us, heavenly venerable Yun, and heavenly venerable ling. You can oppose heavenly venerable Qin, but do you still want to oppose me? "You can rebel against me, but do you still want to rebel against heavenly venerable Yun and heavenly venerable ling? "Then who among us, the five founding elders, wouldn't rebel?"

Divine Emperor Lang Xuan sneered. "Heavenly venerable Yue, we won't rebel against heavenly venerable mu! You teamed up with Heavenly Venerable Ling to kill Earth Mother Primordial Lord. Earth mother was highly respected, but she was killed by you guys! Heavenly venerable mu was innocent and had never done such evil deeds! "Why can't we go against you?"

Qin Mu reminded him out of kindness, "Divine Emperor Langxuan, we were still talking about Earth mother acting atrociously and massacring millions of heavenly soldiers and heavenly generals of the Heaven Court. The ancestor god King was about to cry. Everyone said that Earth Mother Primordial Lord was extremely evil and was an accomplice of heavenly duke just like Heavenly Venerable Qin. Why did the divine emperor speak for this villain instead? Could it be that you are an accomplice of heavenly duke? 'I don't believe you are such a person.'

"You!" Divine Emperor Langxuan was tongue-tied and couldn't say a word.

If he forcefully blamed heavenly venerate Yue for killing Earth Mother Primordial Lord, founding emperor would be exonerated and become an innocent person.

If he didn't blame heavenly venerate Yue, then there would be too few stains on heavenly venerate Yue's body, making it impossible for them to find any evidence. Qin Mu would then smoothly place heavenly venerate Yue into the Heaven Alliance.

Heavenly venerate Yue splitting their interests was a small matter, but the key was splitting the hearts of the people.

Qin Mu and founding emperor were good at bewitching the hearts of the people. Their words just now had already left them with a headache. If they allowed founding emperor and heavenly venerate Yue to infiltrate the leadership of the Heaven Alliance, it wouldn't be long before.., there would be many worlds in the myriad worlds that didn't belong to ten heavenly venerates but to them!

He looked down and saw the heavenly saints of the second and first heavenly courts whispering to each other. They were discussing animatedly, and the arrival of the three elders of the Heaven Alliance had shaken the hearts of the people of the Heaven Alliance.

Among the five founding elders of the Heaven Alliance, there were now three of them, and Qin Mu could easily control them. After all, his cultivation wasn't high and his abilities were still weak, so his influence couldn't be compared to theirs.

However, heavenly venerate Qin controlled carefree village, which was a huge influence. Furthermore, he was in an alliance with the prehistoric creators and had connections with the heavenly Duke and Earth count.

If he could obtain the support of some influences in the ten thousand worlds, with the support of many heavenly venerate level existences, he would be able to stand on equal footing with the ten heavenly venerates!

Qin Mu had a difficult expression and hesitated for a moment before saying with a sigh, "Furthermore, divine Emperor Langxuan doesn't know that I've already killed Earth Mother Primordial Lord, a person who has committed the most heinous crimes."

When he said that, there was an uproar, and all the rulers of the ten thousand worlds discussed among themselves.

Qin Mu said loudly, "That's right, Earth Mother Primordial Lord didn't die at the hands of heavenly venerate moon or heavenly venerate ling, but by my hands. "If heavenly venerate moon or heavenly venerate Ling killed Earth Mother, how could earth mother go to Xuan du to rebel? "I was feeling grateful that the soldiers of the heavenly court of Xuan du had died at the hands of Earth Mother and was indignant about their lives, so I disregarded life and death and took the initiative to challenge Earth Mother Primordial Lord!"

Tears seemed to flash in his eyes as he became impassioned, he said loudly, "The corpses of millions of soldiers of the heavenly court aren't even cold yet, we can't let them die in vain! "Blood debt must be tasted with blood! "Ancestral god King can't avenge them and the heavenly court can't avenge them, but I, Qin Mu, the Chief of the Heavenly Alliance, am willing to bear the name of killing Earth Mother Primordial Lord! I killed Earth Mother Primordial Lord on the back of the ancestral court. Celestial Master Gong can testify, and even heaven consort Gao can testify! "Divine Emperor Lang Xuan, you can also testify for me!"

He said angrily, "The blood of the soldiers of my heaven court can not be shed in vain! Divine Emperor Lang Xuan, if you want to investigate the crime of Celestial Master Yue killing Earth Mother Primordial Lord, you don't need to look for her! Just come find me, and I, Qin Mu, will bear all the blame!"

Divine Emperor Lang Xuan's face flushed red and he was tongue-tied. He couldn't speak for a long time.

Heavenly venerate gong coughed and said indifferently, "Heavenly venerate Mu's words are true. I can testify."

Concubine Liao Tian hesitated for a moment and smiled. "I can testify as well. Divine Emperor, we were all at the back of the ancestral court at that time and witnessed the case of heavenly venerate mu killing Earth Mother."

Divine Emperor Lang Xuan was completely speechless. He silently retreated to his original spot and sat down.

"Even if Earth mother had nothing to do with Celestial Emperor Ling, the people didn't have much to live on during the era of high emperors. The High Emperors of the north and south fought each other, and countless people died and were injured! "The High Emperors of the south and the High Emperors of the north all have great desires for power. They intend to overturn the heavens and rebel, and their crimes are punishable by death!"

Qin Mu suddenly said, "I heard the first high emperor of the south was Celestial Emperor Xiao. Celestial Emperor Fire, why don't you ask Celestial Emperor Xiao if the Heaven Court of the High Emperor of the south is rebelling against the Heaven Court?"

“You!”

Heavenly venerate fire suddenly looked at him, and the flames in his eyes shone brightly. His eyes revealed a fierce light and surging killing intent!

“Enough.”

Heavenly venerate vast heaven raised his hand, and instantly, the surroundings fell silent. Everyone’s gazes couldn’t help focusing on him.

Heavenly venerate vast heaven was expressionless as he sat there, “Enough,” he said indifferently. “Enough. “If it’s just the power of words, even if we argue for three days and three nights, three years and five years, we might still continue to argue, and there will never be a result... This world doesn’t rely on words, but strength.”

He slowly stood up and said indifferently, “The history book is written by the winner. No matter who is right or wrong, after a thousand years, it will be hard for them to escape the writing of the history officer. I, ten heavenly venerates, control the power of the world, the divine weapons of the heavenly court, and the strongest martial force!”

His gaze was filled with killing intent as he slowly moved his gaze to sweep across the faces of Qin Mu, founding emperor, heavenly venerate moon, and the rest.

“The army controlled by my ten heavenly venerates is more than a million?”

His gaze moved to Dao ancestor, Great Brahma, second lieutenant, Shangfu, Shaofu, seventh elder, three masters, Four Emperors, and four heavenly venerates, then to the rulers of the ten thousand worlds.

“The world controlled by my ten heavenly venerates, the people controlled, and the wealth controlled are immeasurable! “My ten heavenly venerates control everything in this universe. The stars in the heavens will be extinguished wherever our armies point, and our armies will throw whips to cut off the flow of the Heavenly River! “The strongmen under our command can carry the origin world

“The celestial emperor can retreat wherever our fingers point to! The Heavenly Duke can bequeath his head, and the Earth count can hide his head and tail

“And the combat strength of the tenth heavenly venerate is enough to destroy everything!”

Haotian venerate clenched his fists respectfully. His voice was like a yellow bell, it was shocking. “With our power, strength, armies, and divine artifacts, why would we care about a mere reputation? The history books are written according to our will. I will tell them the truth!”

His gaze suddenly landed on founding emperor and heavenly venerate moon, he said coldly, “The two of you, you want to take away the power that belongs to my tenth heavenly venerate. You want to have the same status as us. You want to gain the support of all the worlds in the universe. You want to gain the hearts of all the people in the world. Don’t use your words. Don’t risk your lives!”

His words were domineering and made people’s blood boil!

At the same time, his words also made the rulers of all the heavens and ten thousand worlds alert.

In this world, there were times when logic was useless. What was truly useful was power and martial force. Even though rulers like them were the rulers of all the worlds, if they followed logic and followed justice.., then what they would lose would be their lives!

It was said that sacrificing one’s life for righteousness was easy to say, but when the time came, there weren’t many people who could do it.

“Well said!”

Qin Mu clapped his hands and was so excited that his face turned red. He couldn’t stop praising heavenly venerate heavenly venerate, “Well said! Heavenly venerate heavenly venerate’s words made me want to take off my clothes and risk my life bare-chested! Well said, my mouth is stupid, so I don’t know how to praise you...”

Heavenly venerate heavenly venerate heavenly venerate’s face turned green, and his gaze landed on Qin Mu. He said coldly, “If you don’t know how to speak, then shut up!”

Qin Mu immediately shut his mouth, and after a moment, he couldn’t help praising, “Well said.”

Veins popped out on heavenly venerate vast’s forehead, and they throbbed all of a sudden.

Qin Mu immediately shut his mouth.

The veins on heavenly venerate vast's forehead vanished, and he gave a snort before sitting down slowly. "Today is the Grand Meeting of Heaven Alliance, so all unrelated people should be cleared out."

Founding Emperor laughed loudly, and carefree sword came out of its sheath with a clang. It pointed at heavenly venerate vast, he smiled and said, "Since logic is useless, I can only see the truth in my hands. "Heavenly Master Hao, I submit to Heavenly Master Royal. I submit to him for opening up the path of cultivation and becoming a divine art. I submit to him for having the bearing to become a heavenly emperor, but I don't submit to you. "You are just an empty title. You killed Heavenly Master Royal, stole his divine art, and stole his reputation and honor. Your crime is punishable by death!"

Heavenly venerate vast raised his eyebrows.

The founding emperor's sword Qi filled the sky, and his Sword Dao was ready to be unleashed. His battle intent was overwhelming. "Come, I will sacrifice your life to My Sword Dao!"

"You are not worthy."

Heavenly venerate vast said indifferently, "Everyone, I'll leave this to you."

Founding Emperor laughed loudly, and his Sword Dao suddenly erupted. The carefree sword hummed, and all the divine weapons in the heavenly court trembled. Countless divine weapons lost control and floated in the air!

The sword was a gentleman, the king of all weapons. The founding emperor's sword was the sword of an emperor.

The Sword of an emperor used the divine city as its edge, the Divine Mountains as its spine, and the heavens as its spine. It used all living beings as its strength, the world as its battlefield, and the hearts of people as its sword virtue!

The sword wielder was a peerless great emperor. When he drew his sword, one could see the mountains and rivers in his Sword Dao, the Sun, the Moon, and the stars. One could see how bold he was!

There was a gully in his chest. The gully was in the path of the sword. There was heaven and earth in his chest. Heaven and earth were in the path of the sword. In his chest, there were all the lives in the world. All the lives in the world were in the path of the sword.

The first move of the founding emperor's sword was Emperor Tai's Ping Tian Sword. He thrust his sword into Emperor Tai's heaven.

This was his first move into the path of the sword. With this sword alone, his boldness and spirit were unmatched!

The village chief was known as the god of Sword. His first move in the path of the sword was sword treading the mountains and rivers.

Sword Treading Mountains and rivers, could the gods defeat it?

However, mountains and rivers could not form Supreme Emperor Heaven. In terms of magnanimity, the village chief was far inferior to the founding emperor.

Therefore, when the village chief saw the founding emperor's sword, he respected the gods and called it an unsurpassable peak of Sword Dao!

Heavenly venerate Haotian sat still and allowed the founding emperor's sword to come straight at him. Just as he was about to be destroyed by the founding emperor's Ping Tian Sword, a tall figure suddenly appeared in front of the founding emperor's Ping Tian Sword.

The flame wheel behind the fire heavenly venerate's head spun crazily. He raised his hand and an incomparably vigorous fire-elemental great dao burst forth to clash head-on with the founding emperor's sword!

"In history, the fire heavenly venerate has always been the first to charge forward to wipe out the uprising of the human race!"

The founding emperor sneered and the Supreme Emperor's Ping Tian Sword directly transformed into the jade clear realm sword domain!

His battle prowess was directly raised to the limit, and the thirty-fifth level Heavenly Dao realm burst forth!

The fire heavenly venerate roared angrily, and heavenly palaces leaped out behind him. Then, the Southern Heaven Vermilion Bird's Dao Fire ancestral land appeared, and he said sternly, "I will kill this thief for the world!"

Chapter 1395:

This dao fire ancestral land was the birthplace of the Vermilion Bird of the South Emperor, also known as the forbidden region of the South Pole. Qin Mu had been there before and there were nine layers of Heavenly Dao fire there. It was extremely hot and dao fire could melt anything. When it reached the eighth layer of heaven..., even heavenly venerate Yue's lantern couldn't endure it and would be ignited by the dao fire.

The dao fire in the forbidden region of the south pole was extremely powerful and could even distort space, melting the void and shortening the distance between them!

The first layer of path fire could already turn the South Pole Heaven into a ring that was close at hand. The second layer of path fire could distort the heavens and the stars in the South Pole and turn it into the second ring.

The third layer distorted the origin world and the myriad worlds of the heavens, turning them into the third ring.

Following closely behind were Xuandu, Youdu, sinkhole, Heavenly Court, and the other three poles. Qin Mu didn't see the strange phenomenon of the ninth layer of path fire because heavenly venerate fire had already absorbed a lot of the power of the ancestral land of path fire.

However, when he thought about the ninth layer of dao fire, he should be able to see the ancestral land. It would turn into the ninth circle.

Only in this way could the creator of the immemorial era cross the vast starry sky and quickly come to the south pole heaven to worship the southern Emperor Vermillion Bird.

Only in this way could the southern Emperor Vermillion Bird become the ancient god Great Emperor born from the worship and protect the creator of the ancestral land.

The power of the dao fire ancestral land was extremely powerful. Because the southern Emperor Vermillion Bird was born from the worship, it couldn't fully unleash its power, which was why it was defeated by heavenly venerate fire.

The fire heavenly venerate absorbed the power of the Dao fire ancestral land as well as the power of the southern Emperor Vermillion Bird itself, converting them into his own cultivation and Mana to comprehend the Great Dao of the dao fire ancestral land.

Now, his cultivation was so rich that he had already reached the peak of the ten heavenly venerates. If the Supreme Emperor did not appear and the absolute beginning did not appear, no one would be able to surpass him in terms of Mana!

He did not have the restrictions of the Great Dao of the southern Emperor Vermillion Bird. He could cultivate other absolute arts and learn by analogy to improve his cultivation and attainments in the dao fire.

And now, his attainments in the Dao fire had reached a height that no one could reach!

When the fire heavenly venerate's dao fire ancestral land was revealed, the thirty-fifth Heavenly Sword Dao of the founding emperor, the clear Jade Realm Sword Domain, was like a ring of sword light hanging outside the nine layers of dao fire, trying to break through the layers of Dao Fire!

At his level of cultivation, the enemy's divine abilities could not enter his body at all. If he wanted to get close, he needed to break through the nine layers of dao fire.

And the nine-layered Dao Flames were getting more and more violent. It was equivalent to passing through the nine-layered dao domains!

When Divine Emperor Langxuan, ancestor God King, and the others saw fire heavenly venerate attack, the dao flames spread out and distorted space, they could not help but feel a chill in their hearts. "Fire heavenly venerate has obtained too many benefits from getting rid of South Emperor! The dao fire ancestral land in the South Pole Forbidden Zone contains extremely strong and fierce power. It has allowed fire heavenly venerate's cultivation and dharmic powers to reach an unparalleled level!"

This time, the fire heavenly venerate's cultivation base formed the dao fire ancestral land. It was as if nine layers of domains were stacked together. The power was extremely strong, and it could transform anything. Even the Great Heavenly Dao seemed to be able to burn and melt!

Originally, the fire heavenly venerable was considered a lower-tier existence among the ten heavenly venerables. He was able to remain as a tenth heavenly venerable for a million years, giving people the feeling that he had relied on heavenly venerable Hao's guidance.

But now, even heavenly venerable Hao did not dare to say that he could surpass him in terms of dharmic powers.

"If I kill old father and inherit the power of his mystic capital and transform it into a 49-layered heavenly dao domain..."

The ancestor god King's heart was burning. The Heavenly Duke was an existence stronger than the southern emperor. The sacred being born from the Heavenly Dao, if he killed the heavenly duke and refined the heavenly Duke's power as well as the Heavenly Dao sacred land in Mystic Capital, how much would his strength increase?

"At that time, not to mention the fire heavenly venerable, even heavenly venerable Hao would only be able to carry my shoes! My grand wish can be realized in my hands!" He smiled.

Beside him, heavenly venerable Hong noticed the smile on his face and smiled, his eyes flashed with an unknown light. "There are too many restrictions on the heavenly duke. I can jump out of the restrictions and be free. I can also inherit the Heavenly Duke's power. "From now on, the Heavenly Duke's power is only a part of my power. There are thousands of great daos in the world, and I can also achieve the Dao!"

The corners of the eyes of the heavenly venerable Hao and the heavenly venerable Xu twitched slightly. They had seen the heavenly venerable Huo make a move. It was the battle between the Supreme Emperor and the heavenly venerable Hao in the great void. At that time, the heavenly venerable Huo and the heavenly venerable Xu rushed over to help, but they were both heavily injured, they had no choice but to return to the great void to recuperate.

At that time, the heavenly venerable fire's strength was not as strong as it was now.

"The heavenly venerable fire hid his strength well."

Heavenly venerable Hao's left eye raised slightly, he revealed a smile. "However, the stronger he is, the more the other heavenly venerables do not dare to oppose me. My position will be more stable. As for the founding emperor, he bragged about the 35th level of the Dao realm. It sounds very powerful, but it is only so-so."

However, the corners of concubine Gao Tian's eyes twitched, and her expression was solemn.

Others might not know the power of the thirty-fifth level dao realm, but she knew very well that founding emperor's current strength could already brand his sword dao in the thirty-fifth void.

His clear Jade realm sword domain seemed to burst out from the carefree sword, but it was actually attacking from the thirty-fifth void. Heavenly venerate fire seemed to have distorted founding emperor's carefree sword, but in reality, it had not damaged founding emperor's Sword Dao in the slightest!

This was because fire heavenly venerate's cultivation in the Dao realm was far inferior to founding emperor's. His dao fire seemed to be burning the void, but it had yet to touch the 35th Void!

"Before I received the worship of the archaic creator, I was far from Qin Ye's current level!"

Chi Tian consort frowned. "He is indeed the number one person in the Dao realm..."

Fire heavenly venerate and founding emperor were old rivals, and they were very familiar with each other's divine abilities. They used all their strength in this attack without holding anything back!

The two of them knew each other's shrewdness, and it was useless to test each other. If they tried to test each other, the opponent would seize the opportunity and directly destroy them with a crushing attack!

The battle between heavenly venerates would either last for a long time or end in a short period of time!

Whether it was fire heavenly venerate's dao fire or founding Emperor Qin Ye's sword, both of them resolved the opponent's Attack Dao in the shortest amount of time!

When the jade clarity realm sword domain collided with the nine-layered dao fire ancestral land, the power of the 35-layered heavenly sword domain was actually so astonishing.

The jade clarity realm sword domain instantly pierced through the first layer of dao fire, the second layer of Dao Fire, and the third layer of Dao Fire. In the next moment, it entered the ninth layer of Dao Fire.

That was the power that came from the 35th void. The jade clarity realm sword domain attacked from the 35th void. When it reached the ninth layer of Dao Fire, the power of the jade clarity realm sword domain only then collided with the ninth layer of Dao Fire!

On the Jade Lake, the Four Emperors, the Four Heavenly Masters, and the other monarch-level existences who formed the second heavenly court immediately felt the pressure from the two great heavenly venerates coming down from above. The pressure caused the heavenly court formed by their heavenly palaces to sink slightly.

Immediately after, this pressure was transmitted to the first heavenly court. This heavenly court was the heavenly palace that had 13,000 rulers from all over the universe!

The overlords of the various worlds instantly felt the pressure crushing down on them. Their bodies trembled as they activated their cultivation techniques and divine abilities to resist the pressure.

Based on their individual cultivation bases and strength, their abilities were far inferior to that of a Celestial Master. However, with their combined strength, not to mention the two celestial masters being unable to crush them, even if all the celestial masters attacked together.., they could still withstand this pressure!

The Great Dao that the founding emperor had comprehended step by step collided with the Great Dao that the Fire Celestial Master had obtained by refining and seizing!

The fire celestial master's expression changed drastically. The jade clarity realm sword domain had already arrived in front of him. He clasped his hands together and the wheel of flames revolved. Another nine-layered dao fire burst forth!

At this moment, the jade clarity realm sword domain expanded and completely enveloped him. The fire celestial master looked around and saw that he had arrived at the 35th layer of void!

This world was as pure as jade, and the Dao of the sword continued to flow.

“Not good!”

His expression changed drastically, and he immediately pushed his cultivation method and divine abilities to the limit as he left!

Countless sword glows attacked, and along with the powerful might of the 35th Void, the Dao realm's suppression of his own power reached its limit, causing the surrounding Dao Flames to begin to disintegrate!

In an instant, the heavenly venerable of Fire's body was riddled with thousands of holes, and the Dao Flames within his body surged out from the wounds!

In the fire heavenly venerable's sight, he fell into the 35th void, but in the eyes of others, he was still in the Jade Lake, standing on the second heavenly court.

The founding emperor held his sword and broke through his nine-layered dao fire ancestral land, and the sword light swirled and pierced through his body.

The carefree sword was extremely fast, and the sword light caused hundreds of wounds on his body.

"This is the power of the 35th Heaven of the Dao Realm."

Killing intent surged in concubine Qiang Tian's eyes. Back then, the Supreme Emperor's limit was to brand the 35th void with his divine sense. However, he relied on his powerful divine sense and his comprehension of the Dao realm. The Supreme Emperor was not as thorough as founding emperor.

"If I let him enter the 36th Heaven, my divine sense of the great overarching heaven will not be able to compare to him!"

Concubine Qiang Tian's killing intent could no longer be controlled. "I can not let Qin ye live. Otherwise, when he reaches the 36th Heaven, he will destroy my divine sense of the great overarching heaven and destroy my dao fruit!"

Heavenly palaces leaped out from behind the fire heavenly venerable's head and transformed into the Great Heavenly Court. He finally stopped hiding and revealed all of his heavenly palaces in one go, as well as all of his great heavenly court techniques!

He had 33 heavenly palaces, which increased his cultivation base once again. In terms of mana, his current Mana had already surpassed heavenly venerable Hao's!

Heavenly venerable Hao raised his eyebrows. “Your cultivation isn’t slow either. I thought you had hidden a part or two of your strength, but I didn’t expect you to hide so much. What are you trying to do by hiding so much of your strength?”

Although heavenly venerable Huo was strong, he was still not in his eyes. Heavenly venerable Huo’s strength was still far from his peak.

When the other heavenly venerables saw heavenly venerable Huo’s heavenly palace, they all raised their eyebrows and smiled.

The fire heavenly venerable’s cultivation base had greatly increased, and he was able to withstand the 35th heavenly sword domain head-on. However, the jade clarity realm sword domain of the founding emperor was all-conquering, and new sword wounds continued to appear on his body!

Even his great heavenly court was flattened by the sword lights that came out of nowhere.

He walked in the 35th void at an extremely fast speed. He was as fast as lightning and could cover tens of thousands of miles in an instant. However, no matter where he went, he was unable to walk out of this sword domain.

It was already difficult for people to understand that he had reached the 35th level of the Dao realm. Even a celestial venerable like him was unable to comprehend the profoundness and profoundness of it.

In just a short moment, he had covered tens of millions of miles. However, the Dao of the sword seemed to be omnipresent, causing him to constantly receive blows and injuries. However, in the eyes of the others, heavenly venerable fire was constantly flying on the spot and unleashing all sorts of divine abilities. However, he was unable to withstand the carefree sword of the founding emperor and the wounds on his body continued to increase!

“I can’t keep him anymore!”

Consort Qiang Tian finally could not hold it in any longer. She stood up and pounced on the founding emperor. The moment she moved, the ancestor god King, Divine Emperor Langxuan, and void heavenly venerable moved almost at the same time and attacked the founding Emperor Qin Ye together!

The founding emperor laughed out loud and suddenly shook his aura. With a swoosh, the thirty-five heavens spread out. In the sky above the second heaven of the Jade Lake, the Supreme Emperor Heaven Sword Domain and the Supreme Bright Heaven Sword Domain spread out one after another. In the blink

of an eye, the sword domain of the supreme pure realm was spread out, the Jade Clarity Realm Sword Domain!

The first heaven of the first heaven of Sword Dao. The founding emperor was high above the 35th Heaven. He only had one Heaven Palace, the Sword Heaven Palace. However, one Heaven Palace had 35th Heaven of the Dao realm, it displayed a cultivation system that was completely different from the Heaven Palace and Heaven Court system.

The 35th Heaven was like 35 heaven palaces. However, the arrangement was completely different. People could not help but marvel at his talent and learning!

The four great heavenly venerates invaded the thirty-five heavens at the same time. Bang! Bang! Bang! They broke through the first layer of the sword domain and broke through the first layer of the sword domain. From the bottom to the top, they charged all the way to the thirty-fifth heaven!

The four great heavenly venerates broke through the sword domain and descended upon the Jade Clarity Realm Sword Domain. The four great heavenly venerates' heavenly palaces erupted, pressing down on the thirty-five layers of the sword domain. The first layer of the sword domain was pressing down on the first layer of the heaven!

Their cultivation and strength were too strong. Even though founding emperor had some achievements, it was still difficult for him to withstand the suppression of the four heavenly venerates.

“Supreme Emperor...”

Qin Mu stood up excitedly and clenched his fists nervously. He watched this scene with unblinking eyes. The vertical eye in the heart of his brows opened and he muttered, “Another supreme emperor...”

The hearts of the other heavenly venerates trembled when they heard that.

Heavenly venerate Yue chuckled lightly and suddenly stood up, she floated toward founding Emperor Qin Ye. “Heavenly Venerate Qin, I was already crippled when you were born. You and I have yet to join hands. “Today, you are fighting against the five great heavenly venerates. Why Don't you and I, the two Alliance Masters of the Heaven Alliance, Join Hands and fight? Let's see how the so-called ten heavenly venerates, the juniors, compare to the abilities of our two Alliance Masters!”

She cut into Jade clear realm sword domain and zither music sounded out. In an instant, the five heavenly venerates, Huo Qiang, Zu, Lang, and Xu, felt the world spin and the space they were in became abnormal. They were far and near from founding emperor., different time and space!

Heavenly venerate Yue waved her long sleeves, and the space around them changed unpredictably. Concubine Qing Tian was the first to arrive in front of the founding emperor. The founding emperor moved his carefree sword, and concubine Qing Tian felt her scalp go numb. She only had thirty heavenly palaces, not as many as heavenly venerate Huo.

Without the body of an emperor, it would be very difficult for her to suppress the founding emperor!

Chi Chi Chi —

In an instant, blood splattered all over concubine Qing Tian's body, and her body was riddled with holes!

On the other side, the other four heavenly venerates flew over and tore through layers of space. They approached very quickly, and heavenly venerate moon found it difficult to completely control the four heavenly venerates. He hurriedly activated the zither, and the sound of the zither rang out, after sending the other three heavenly venerates away, only the ancestor god King was left.

The ancestor god King combined his 49 Heavenly Dao treasures and refined a single true treasure. The true treasure was ever-changing as it charged at the founding emperor.

His Heavenly Dao treasure had already been shattered in the battle with Monarch Tai. However, he had used the divine ore in the ancestral court to forge another Heavenly Dao treasure. Its power was even stronger than before!

In the next moment, the Supreme Treasure in the sword light was broken apart by the sword light and it was split into forty-nine.

The ancestor god King left with his injuries!

“Divine Essence Finger!”

Godly Emperor Lang Xuan arrived and his divine sense combined with the innate one qi to form a divine essence finger. It clashed with the founding emperor's carefree sword and two terrifying powers burst out. The light was extremely dazzling and it lit up the entire heaven court!

Founding Emperor staggered back, and carefree sword was also filled with cracks. He couldn't help exclaiming in admiration, "So powerful! Among the ten heavenly venerables, Lang Xuan, your abilities are the strongest!"

His sword moves changed, and he executed Qin Mu's calamity raising sword. In terms of sword path, he was the number one person, so there was no doubt about it. However, in terms of sword skills, Qin Mu's sword skills were the number one person!

He couldn't help executing Qin Mu's sword skills to fight against Divine Emperor Lang Xuan, the 'number one person of the ten heavenly venerables'. It was also a show of respect for Lang Xuan!

God Emperor Lang Xuan saw the marvel of this sword and couldn't help becoming flustered. He pointed at him again and shouted sternly, "Divine vitality finger!"

"You only know this move?" Founding Emperor was suspicious and avoided the finger.

With hundreds of wounds on his body, God Emperor Lang Xuan retreated in blood.

"Divine vitality finger!"

As he retreated, a finger flew out. Founding Emperor hurriedly dodged it, but he realized that it was Lang Xuan's feint and didn't really execute divine vitality finger.

At that moment, heavenly venerate Xu had already charged over from the other side. Founding Emperor snorted. "Lang Xuan, even a grand heavenly venerate knows how to lie!"

Heavenly venerate Xu arrived in front of founding emperor and knew that things were not looking good. He immediately waved his long whip and tried to send founding emperor into Hades. However, when the long whip struck founding emperor's body, the long whip broke inch by inch. It was difficult for him to get close.

"If I don't get rid of heavenly venerate Yue, it will be difficult to get rid of founding emperor!" She thought to herself.

Just as she thought of this, heavenly venerable gong suddenly stood up and walked towards heavenly venerable Yue. His incomparably powerful divine consciousness burst forth, and all sorts of illusions surged over, enveloping heavenly venerable yue.

Qin Mu frowned and sighed. After all, the path was different.

His divine consciousness burst forth, and it rushed towards heavenly venerable gong.

Four Thousand and five hundred words large chapter, happy birthday to Otaku Pig! Today is the 30th day of the Lunar New Year. At 8:30 pm, Otaku Pig will go to the book group to Wish You All A Happy New Year. Otaku pig will give out red packets in each group to celebrate the new year! If you all want to join the group, you can see it on the page of the book of the god of herding!
