

Tales of Herding Gods Chapter 1411-1415

Chapter 1411:

“What a supreme power!”

Yuan Mu rode the divine weapon, Celestial Master Royal, and was overjoyed to see this scene from afar, the Divine Weapon, Celestial Master Royal, could not help but chuckle. “Celestial Master Mu is also a monkey. He actually ran away after stripping sister naked. He didn’t do anything else.”

She cursed with a smile and charged toward the place where the great abyss of sinkhole descended with murderous intent.

“Heavenly venerate mu is indeed impressive!”

Behind the Divine Weapon Heavenly venerate, Consort Qiang Tian could not help but exclaim in admiration, she thought to herself, “This fellow’s last attack and Divine Emperor Lang Xuan’s Divine Yuan finger were both divine arts comprehended from the Primordial Great Dao. They fused the Divine Sense Dao and the innate one qi! The primordial Great Dao was so strong that even the empress was at a disadvantage. ‘It’s a pity that heavenly venerate mu’s cultivation can’t keep up. If I were to execute this move, the Empress would have turned into chaos and vanished without a trace!’

She shook her head repeatedly. She was both envious and jealous of Qin Mu’s divine art, ‘If I want to comprehend the path of primordial beginning, there are two ways. One is to borrow heavenly venerate Mu’s corporeal body and invade his primordial spirit. By plundering his memories, I can learn this move. ‘however, I can only learn one move. If I want to learn more, it’s impossible. ‘furthermore, this fellow heavenly venerate mu has a difficult divine art to restrain me, and he’s very crafty. It’s very difficult to catch him..

‘The other way is to get it over with once and for all. That’s to eat heavenly venerate Xiao!’

She licked her red lips and revealed her enchanting charm. ‘heavenly venerate Xiao is heavenly emperor absolute beginning. After eating him and obtaining his innately one qi, he would combine it with my path of divine consciousness to form the path of absolute beginning! At that time, I would be the number one person in the world!’

Qin Mu controlled the resurrection divine boat to cross layers of void. The youth stood at the bow of the boat with boundless glory and extraordinary joy. He had no idea that Madam Yuan Mu had said that he was a monkey.

“Hahahaha! I can finally kick my legs with heavenly venerates and be beaten to death by heavenly venerates again!”

The Resurrection Divine Boat gave a loud rumble and directly broke through the thirtieth layer of void. It sped through the thirtieth layer of void at an extremely fast speed.

Qin Mu couldn't contain his joy. He suddenly flapped his sleeves backward, and the speed of the paramita divine boat increased greatly.

His realm had risen to nine prisons platform, and his cultivation and magic power had all increased greatly. This made him no longer need to be as careful in the thirtieth void as before.

Even if the divine art of paramita divine boat crossing dissipated, he would still be able to persist in the thirtieth void for a long time without being obliterated by the void.

‘however, with my abilities, I'm still unable to defeat the empress, especially when she comes to sinkhole. I can only obliterate her clothes and can't cause any dao injuries to her. The Empress is still amazing and is much more powerful than me.’

The corners of Qin Mu's mouth curled up as he looked at his hands excitedly. ‘but I'm not injured, and I'm still suppressing her to fight! It feels so good to fight! I'll run after I fight, it feels great!’

He really couldn't suppress his excitement. For a long time, he had been feigning civility with the ten heavenly venerables and even had no choice but to become the chief of the Heaven Alliance, becoming the puppet of the ten heavenly venerables.

He had no choice but to use his brain to deal with the black pots that the ten heavenly venerables were trying to pin on his head.

If he could use his fists to solve the problem and didn't need to use his brain, he would be willing to use his fists.

At the very least, he now had the capital to use his fists.

Of course, Empress Dowager's abilities weren't limited to this. If great abyss of returning ruins descended and empress dowager's abilities rose explosively, he would be far from being her opponent.

At that time, Empress Dowager's battle prowess wouldn't be much inferior to celestial venerables!

That was why Qin Mu had beaten Empress Dowager Up and run. If he didn't run, even if he had many methods, he would most likely be used by empress dowager to fill the eye of the sea.

Whoosh

The paramita divine boat suddenly turned around again, and Qin Mu looked down from the thirty layers of the void, 'Yan Tianfei used her strength to split the ancient God's egg to try to make Taiji come into being. This might be the time to steal the eggshell of taiji... I have the eggshell of Taiyi, the eggshell of absolute beginning, the eggshell of Tai Su, and the eggshell of absolute beginning that has yet to come into being in my divine treasure. If I obtain the eggshell of Taiji, I'll be able to obtain the eggshell of innate fifth supreme...'

Even though the eggshell wasn't as useful as the ancient god in the egg, the surface or inner wall of the eggshell was imprinted with the runes of innate Great Dao. Furthermore, it was extremely powerful when used as an eye.

More importantly, if he used the difficult divine art, he might even be able to stuff the ancient god back into the egg!

This was a way to threaten the other party!

Qin Mu looked down and saw empress dowager weaving clothes with the runes of the Great Dao to cover her jade body as she walked towards the Taiji mineral vein.

Empress Dowager was the ruler of the world and was dignified and generous. The moment she put on her clothes, she looked like a burning beauty that made one's heart palpitate.

'Empress Dowager doesn't look bad, but even though she looks good when she's lying in the coffin, she doesn't have her charm when she's alive.'

He moved his gaze away and saw Madam Yuan Mu's divine weapon, Celestial Master Royal, sprinting all the way in the Taiji mine. Even if ancient god Taiji tried to use the power of the mine to stop him, it wouldn't be able to stop the power of this divine weapon.

Madam Yuan Mu mobilized the power of Heaven Imperial Venerable and directly destroyed everything. She killed gods and devils in her way and was invincible.

Furthermore, as the return ruins was pulled closer, Madam Yuan Mu's own power was also increasing.

Ancient god Taiji had pulled the distance between the mine and the return ruins closer in order to increase the power of imperial concubine Yan. Imperial Concubine Yan was the Empress and with her own power, it would be difficult for her to break the eggshell of the Taiji divine egg. However, with the power of the return ruins., that was enough for ancient god Taiji to come into the world ahead of time.

Qin Mu's gaze moved and landed on Imperial Concubine Qi.

Imperial concubine Qi was the empress, and it was during the era of the creator that he had ruled. During the ancient times, ancient god Taiji had been forced to create fake mines and hide everywhere.

There were grudges between the Empress and the four great ones of the innate five great ones.

If he could get rid of them or capture ancient god Taiji, the empress would be very happy.

'the current situation is a little strange.'

Qin Mu's gaze flickered, and the power of the resurrection divine boat under his feet dispersed. The youth stood in the air, "Yuanmu is an ancient god in charge of destruction and has a strong desire to destroy everything. Supreme Emperor and Yuanmu probably don't know that the Empress'goal isn't to kill ancient god Taiji, but to help ancient god Taiji come into being."

"After they find Empress Yan Tian Consort, they might attack her and the Taiji divine egg. That way, they would help ancient god Taiji come into being.". Ancient god Taiji didn't have much power in the divine egg, but after coming into being, who knew how strong his power would be. "Are they equivalent to one or two celestial venerables?"

"How far away are they from heavenly emperor absolute beginning at its peak? Or is it the power that surpasses heavenly emperor absolute beginning?"

Suddenly, Qin Mu felt the thirtieth void begin to erode his corporeal body, primordial spirit, and divine consciousness, so he executed another divine art to cross the shore divine boat, 'I still can't stand in the thirtieth void for a long time. Founding Emperor imprinted sword path into the thirty-fifth void, how did he do it? Imprinting the void might be a necessary step in the cultivation system of Dao realm...'

He couldn't help falling into a daze again. Founding Emperor had once said that his sword path imprinted thirty-five layers of void. The Speaker had intended to hear it, but the listener didn't mean it. At that time, he hadn't thought deeply about the meaning behind it.

However, when he had explored the fragments of great overarching heaven with Lang Xuan, he had been deeply impressed by the special qualities of Great Dao that could be imprinted into great overarching heaven.

Great Overarching Heaven was the ultimate void, the thirty-sixth void. Since great overarching heaven could be imprinted, the other void could also be imprinted. Furthermore, imprinting other void should be easier than great overarching heaven.

For example, if Qin Mu could be in the thirtieth void, could his great dao be branded in the thirtieth void?

If his Great Dao was branded in the void, what kind of changes would it cause?

'when I obtained the knowledge imparted to them by the ancestors of the creators of the other shore void, I once saw the creators of the immemorial era branding their divine consciousness in the void. "These creators cultivate divine sense, and divine sense creations can also be imprinted with divine sense. "They do not cultivate the soul or the primordial spirit. After death, they imprint their divine sense into the void, achieving immortality in another form."

He thought carefully, 'founding emperor imprinted thirty-five layers of the void with Sword Dao. If Sword Dao fused with divine sense, would it also be another form of immortality? However, this kind of immortality is also difficult to protect the body and soul.'

Furthermore, when the creator had been defeated, the ancient gods and powerful demigods had entered layers of void and wiped out the divine consciousness that the creator had entrusted to them, wiping out all traces of the creator.

After cultivating to Dao realm, imprinting one's Great Dao and divine consciousness into the void wouldn't truly be indestructible and would be wiped out by the strong practitioners.

'even great overarching heaven can't guarantee the true meaning of indestructibility. It can only ensure that the Great Dao is indestructible. Supreme Emperor entrusted his divine consciousness to great overarching heaven and turned it into divine consciousness, making his divine consciousness and thoughts indestructible.'

Qin Mu pondered over it. 'then, if my primordial spirit can brand great overarching heaven, can my soul and primordial spirit be guaranteed to be indestructible? And can my corporeal body brand great overarching heaven?'

Just as he was thinking about it, the void suddenly trembled violently, and even his body became unstable!

That was the spatial ripple caused by the complete descent of great abyss of returning ruins!

Ancient god Taiji mobilized his strength and pulled great abyss of returning ruins to the sky above Taiji mining area!

Qin Mu's spirit was greatly roused and he immediately opened the vertical eye between his brows to look at imperial concubine Yan. At that moment, imperial concubine Yan's strength had increased explosively. She raised her hand to grab and saw a lotus flower floating in the great abyss above the mining area, it was grabbed by her!

Boom

A power that could destroy the heavens and earth burst forth, smashing toward the Taiji divine egg along with the lotus flower!

"Sister, Celestial Master Mu has seen all of you!" Divine Weapon Heavenly Master flew toward Imperial Concubine Yan's back, and Madam Yuan Mu's sweet laughter came from her mouth.

Imperial concubine Yan didn't answer, but used all of her power to attack the ancient divine egg. On the other side, Empress Emperor's aura had increased several times, and she was actually the first to arrive at the bottom of the great abyss of the returning ruins, she sneered, "Little Slut, your body has been in Celestial Master Mu's hands for so many years. hasn't he already seen all of you?"

She let out a long cry and landed on one of the lotus flowers to meet the divine weapon, Celestial Master Royal. The Great Dao in the great abyss of the sinkhole gushed out, and rays of light surged into empress dowager's body like a tide. Her battle strength increased in a straight line!

"Little B * TCH, you too!"

When the divine weapon, Celestial Master Royal, saw Empress Dowager, he could not help but shout, "Your body has been in his hands for so many years. Maybe you even gave birth to a child!"

The moment divine weapon heavenly venerate heavenly venerate heavenly venerate collided with Empress Empress, the space between divine weapon heavenly venerate's brows suddenly split open. Five burly and burly Shi Qiluo flew out from within. His face was full of whiskers, and he smiled brightly as he pounced towards the empress, he chuckled, "I've caught you!"

A series of heavenly palaces appeared behind him. Together with divine weapon heavenly venerate heavenly venerate, they instantly heavily injured Empress Empress Empress!

The moment Empress Dowager was seriously injured, concubine Qiang Tian quietly appeared behind Shi Qiluo. She lightly pressed her palm on Shi Qiluo's back. At the same time, she sent her divine sense into the divine weapon, Celestial Master Royal's forehead, she threw out the divine weapon, Celestial Master Royal, from Madam Yuan Mu's primordial spirit!

Concubine Qiang Tian controlled the divine weapon, Celestial Master Royal. Her next move landed on concubine Yan Tian's body, causing her to roll and roll. She crashed into the mountains of the mining area and broke through them!

"There is always someone stronger among the strong!"

Qi Tianfei was extremely proud. She controlled the divine weapon, Celestial Master Imperial, and strode forward. She punched the ancient god egg and said sternly, "Brother Daoist in the egg, die!"

At the same time, Qi Tianfei pounced on the Tai Chi Raw Stone and grabbed at the seven raw stones!

Boom!

The Divine Egg Shook and rumbled, emitting cracking sounds. Suddenly, the divine egg split open, and two ancient gods flew out from the egg. One attacked from the left and the other from the right, trapping Qi Tianfei in the middle!

“A mountain is taller than a mountain! Little Slut of the Supreme Emperor, we have been waiting for you for a long time!”

The Joy on concubine Qiang Tian’s face had yet to disappear when she was sent flying with blood spurting out of her mouth.

The two ancient gods of Taiji looked at each other and smiled. They rolled up the eggshell and the Taiji raw stone and flew up. Suddenly, Madam Yuan Mu’s primordial spirit giggled and grabbed the twin lotuses that concubine Yan Tian had dropped. With a fierce swing, the two lotuses turned into two large hammers, the hammers smashed onto the two ancient gods.

Ancient god Taiji hurriedly blocked the hammers. Divine Weapon Heavenly Lord Royal attacked with monstrous battle power, blasting the two ancient gods down from the sky. The eggshell and the raw stones fell to the ground.

Chapter 1412:

The two tai chi ancient gods landed on the ground with blood seeping out of the corners of their mouths. They had just been born, but they had already encountered this kind of situation. It was not a small blow to them to be injured.

The clothes on the two tai chi ancient gods were one black and one white, one male and one female. They had strange appearances, and both male and female had human heads, human bodies, and snake tails.

The appearances of the ancient gods were all strange. Many of the ancient gods were formed from the imagination of the creator of the primordial era. There were historical factors involved.

The creator imagined gods with different Great Dao and different powers. Their appearances and forms should be different from the creator’s, thus forming the Vermillion Bird, Black Tortoise, azure dragon, White Tiger, and the ancient gods of the stars.

However, those ancient gods were worshipers of the gods, while the other dao-born ancient gods were formed by the Great Dao, such as Heavenly Duke, Earth count, Heavenly Yin, empress dowager, and the others. Apart from Earth count, their appearances were all quite normal.

As for the innate five Tai, their appearances were hard to understand.

Tai Yi was shapeless and shapeless, he could turn into anything.

He was in an incredible state.

Tai Yi was shapeless and shapeless. Everything he thought was seen. It was also an indescribable state. She could be whatever you wanted her to look like.

Heavenly Monarch Tai Chu, he was shapeless and shapeless because he was plotted against by Heavenly Monarch Tai Chu. He allowed the creator to worship him and gave him a shapeless body, but at the same time, he also restricted Tai Chu's power.

Tai Chi, the birth of yin and yang, the beginning of the Great Dao, the universe went from Tai Yi's formless formless formless formless Qi to Tai Chu's innate qi, to Tai Shi's formless formless formless formless formless, to Tai Su's formless physical formless, then to tai chi., the Great Dao of Heaven and Earth in the Universe was born from the birth of yin and Yang Qi, which gave birth to heaven, earth, all living things, and all living things.

The form of the tai chi ancient god was not as incredible as the other four divine beings, but it was also unique in its appearance. It had the form of a human and the form of the Dao.

Their snake bodies were the manifestation of the Dao.

Shi qiluo, Tian concubine Gao, and divine weapon heavenly venerate imperial attacked once more. There were only two people controlling them. One was Madam Yuan Mu, and the other was Emperor Tai.

Madam Yuan Mu knew that the Taiji ancient God had appeared. If she joined forces with the empress, then her situation would be extremely bad. Thus, as long as there was a chance, she would definitely get rid of the Taiji ancient god.

On the other hand, Emperor Tai was purely having a grudge against ancient god Taiji. He was afraid that these two ancient gods would take revenge on him.

Concubine Yan Tian and Empress Di rushed over. They were both Empress Di, so they had to protect ancient god Taiji no matter what. She was one of the ten heavenly venerates. If she could obtain the help of ancient god Taiji, the benefits would be too great.

Her power would soar and she would become the number one power among the ten heavenly venerates. Similarly, ancient god Taiji would help her refine her sister Madam Yuan Mu. Her strength would also soar and she would cultivate to the great heavenly court in one go!

At that time, it was not impossible for a woman to become the Heavenly Emperor!

“Although the heavenly venerates are strong, they don’t know the true meaning of Dao.”

The two ancient gods of Taiji looked at each other and smiled. Suddenly, their bodies began to spin, and the entire Taiji Starfield began to spin crazily along with them!

Shi qiluo, the divine weapon heavenly venerate, Qing Tianfei, the Empress Dowager, and the others could not stand still. They looked around and found that it was difficult to see the mining area. Not only could they not see the mining area, they did not even know where they were!

They saw the black sand and white sand around them converging and rotating crazily around them. There was no heaven or earth!

“Heavenly venerate, you are an ordinary creature. Although your strength is extraordinary, you have not reached the realm of transcendence.”

The overlapping voices of men and women came from the surging sand, they heard it clearly, “Although you can comprehend the Dao of yin and yang, the Dao of Yin and Yang is not tai chi! The so-called Great Dao of Heaven and earth are all derived from the Dao of Tai Chi!”

Shi Qiluo and the others’ expressions changed drastically. In the wild sand, an extremely tall and mighty figure could be vaguely seen.

It was a heavenly duke.

White brows, white beard, and long beard fluttered in the wind. Countless wild sand formed his body, and countless gravel turned into billions of stars that flew around him!

The aura of his Heavenly Dao was extremely strong, making the three heavenly venerates' eyes twitch.

"Heavenly Duke, a complete heavenly duke..."

Qing Tian Concubine's face turned pale. This heavenly duke gave her the feeling that he was not inferior to the heavenly duke in Xuandu. He was indeed powerful.

She decisively controlled the divine weapon, heavenly venerate royal, and rushed towards this heavenly duke. Her original body immediately broke through the air and disappeared in the void.

The Heavenly Duke raised his hand, and the 49 Heavenly Dao turned into 49 Heavenly Dao treasures, blasting into the void!

The void shook violently, and concubine Qing Tian was sent flying. Her clothes were disheveled, and her face was full of shock and bewilderment.

The Divine Weapon, Heavenly Lord Royal, rushed toward the heavenly duke, but in the next moment, he was smashed down by the heavenly Duke's huge fist. His legs were sore from the punch, and he knelt on the ground, holding up the Heavenly Duke's fist with both hands.

"Useless supreme emperor, don't you even have the courage to fight?"

Madam Yuan Mu's primordial spirit rushed into the divine weapon, Heavenly Lord Royal, and said sternly, "Get back here! My primordial spirit, your divine sense, can't do anything to him? Attack together!"

Her primordial spirit rushed into the divine weapon, Heavenly Lord Royal's body, and her magic power burst out. Her primordial spirit's magic power was vast, and Qi Tianfei's divine sense was powerful. The two of them raised the divine weapon, Heavenly Lord Royal's strength, to the extreme!

The Divine Weapon, Heavenly Lord Royal, roared in anger, stood up, and raised the Heavenly Duke's fist.

The Heavenly Duke withdrew his fist, and another fist smashed down. The heavenly axiom rumbled, and light filled the sky, illuminating the countless galaxies in the starry sky!

The Divine Weapon Heavenly Lord was worthy of being the strongest weapon forged by the heavenly court. A patch of heavenly court divine light shot up into the sky from behind his head. Madam Yuan Mu combined with Qi Tianfei and forcefully raised this divine weapon's combat strength to the Great Heavenly Court's perfection realm, forcefully resisting the Heavenly Dao.

In the next moment, the Heavenly Duke's fist exploded, turning into countless grains of dust that flew in the air.

On the other side, Shi Qiluo attacked. He waved his two lotuses, and the Sinkhole's two lotuses landed in his hands. The two lotuses moved, and immediately, the sinkhole great abyss swallowed and swallowed everything, falling toward the Heavenly Duke!

Concubine Qiang Tian used her divine sense to attack the heavenly duke's glabella and mess up his divine sense.

When the two heavenly venerates joined hands, the great abyss of the returning ruins immediately swallowed the Heavenly Duke's head, and more than half of the heavenly Duke's huge body was swallowed.

Whoosh —

The heavenly duke with an immeasurable body was actually swallowed by the great abyss of the returning ruins!

Concubine Qiang Tian's heart jumped with fear as she looked at the great abyss of the returning ruins. However, the great abyss of the returning ruins suddenly shook violently. The Great Abyss suddenly split into two, becoming two returning ruins and two great abysses!

Qing Tian concubine and Shi Qiluo were both stunned. They had never expected this situation!

In another sinkhole great abyss, a goddess with two faces charged out with two lotuses in her hands. With one strike, she sent Divine Weapon Celestial Master Royal Flying!

Inside Divine Weapon Celestial Master Royal's body, Madam Yuan Mu's primordial spirit and Qing Tian Concubine's divine sense were almost pulled out of his body. Both of them were extremely shocked.

The two-faced goddess controlled the power of life and death. She was extremely powerful. She sent the divine weapon imperial heavenly venerate flying, and the next moment, she smashed Shi Qiluo to the ground. The lotus flower shook, and countless petals flew out, surrounding qi tian consort, she tried to refine and devour her.

“My dao of divine sense comes from the absolute beginning Dao. You Can’t restrain me!”

Concubine Tian Qi roared and tried her best to kill the flower petals. At the same time, the divine weapon, Heavenly Lord Royal, rushed over like a bull. He crashed into the two-faced goddess and sent her flying. Countless divine abilities were thrown out, the goddess fell into the sinkhole great abyss.

Concubine Tian Qi surged her soul consciousness and attacked the sinkhole. At the same time, Shi Qiluo flew up and stuffed the lotus into the divine weapon, Heavenly Lord Royal’s hand. The Divine Weapon, Heavenly Lord Royal, smashed the sinkhole great abyss into pieces!

Empress Dowager and concubine Yan Tianfei rushed nearby, but upon seeing this, they stopped in their tracks and did not attack Qi Tianfei and Shi Qiluo.

She also wanted to see just how powerful ancient god Taiji was.

The returning ruins great abyss exploded and turned into flying sand. In the flying sand, a roar like that of an ox or a tiger could suddenly be heard. Two sharp horns shot out from the flying sand.

Among the two horns, there was a lava river flowing around the horns. From the tip of the horns, it flowed to a jet-black head.

The huge head slowly rose higher and higher. Ke Tian concubine and Shi Qiluo watched this scene in a daze. Their gazes could not help but follow the head as it rose up. Gradually.., they saw a earth count who controlled the sixty-four great daos of Hades holding a long whip of the Styx River.

Whoosh —

The long whip came at them, whipping away the divine weapon, Heavenly Master Royal, who was charging forward.

The Divine Weapon, Heavenly Master Royal, spun like a top and flew into the distance.

Shi Qiluo let out a shrill scream. Madam Yuan Mu's primordial spirit was in the body of the divine weapon, Heavenly Master Royal. It was swept up by the Underworld River Whip. Her soul immediately suffered an unimaginable torment, heart-rending and lung-wrenching. The pain was unimaginable!

This whip almost tore her primordial spirit apart. She hurriedly escaped from the divine weapon, Celestial Master Royal's body. It was only to be seen that Madam Yuan Mu's primordial spirit was burning with a raging demonic fire that was difficult to extinguish!

Concubine Liao Tian controlled the divine weapon, Celestial Master Royal, and used the Heavenly Dao to suppress the Great Dao of Hades and extinguish her primordial spirit's demonic fire.

Madam Yuan Mu's primordial spirit flew into the divine weapon, Celestial Master Royal's body. She was very fearful of Earth count.

Celestial Master Royal rushed toward earth count and shouted, "This time, I'm the Master. I don't have a primordial spirit! My Great Dao of spiritual sense isn't afraid of his Tai Chi Dao!"

Madam Yuan Mu was still afraid of Earth count. She immediately took a back seat and let concubine Li Tian control the divine weapon, Celestial Master Royal.

The two of them, three bodies, surrounded Earth count and killed him. Finally, Earth count was crushed. Suddenly, the desert of the Tai Chi Star area shook. A primordial tree appeared. It was so tall that Mother Earth Yuan Jun stood under it.

Around the crown of the origin tree, there were countless worlds floating in the sky, emitting all kinds of light.

Shi Qiluo and concubine Gao Tian felt despair in their hearts. They immediately gave up the desire to continue fighting and flew away.

The Earth Mother Yuan Lord didn't stop them. Soon, the origin tree collapsed like flying sand, and all the worlds in the sky disappeared. The violent shaking of the desert also calmed down, and it slowly returned to normal. It was still the black sand desert on the other side, the white desert was on the other side.

The figures of two ancient gods of Taiji appeared. Their auras were withered, and their expressions were not very good.

The two supported each other and walked toward concubine Yan Tian, with a wry smile, she said, "We were disturbed by the secular world, and as expected, we were unable to unleash the Taiji Dao to its limit. Otherwise, we wouldn't have been forced to this extent by them, and we wouldn't have been able to escape by them."

Concubine Yan Tian smiled and said, "The strength of the two Dao Brothers is no trifling matter. This little sister admires you so much that she prostrated herself on the ground. Your abilities are among the best among the ten heavenly venerates. If the two of you join hands, you will be invincible. Even if you are experts at the great circle of the Great Heavenly Court, the two of you can fight to your heart's content!"

"Your Highness, you flatter me..."

The two ancient gods swept their gazes over and looked at their raw stones and eggshells. Their expressions couldn't help but change drastically, and they said in unison, "Where are our eggshells?"

Concubine Yan Tian hurriedly looked over and saw that the seven tai chi raw stones were still there, but the two eggshells that ancient god Tai Chi had broken out of had already disappeared!

Concubine Yan Tian's expression couldn't help but change, she thought to herself, what kind of thief is this? To be able to sneak into the battlefield without a trace, his ability is truly heaven-stealing and sun-changing... but, why didn't this thief steal the tai chi divine stones and instead stole the most useless eggshells

Chapter 1413:

The expressions of the two ancient gods fluctuated, and the female ancient god said, "There's still a portion of our vital fluid that has yet to be refined in this eggshell, but it was also stolen by that person. If it was refined by that person, our path wouldn't be perfect..."

"There's no need to worry."

The male ancient god consoled, "Without Tai Ji raw stone and divine stone, it's impossible to refine vital fluid. Even if the eggshell was stolen, it wouldn't be of any use to that thief."

Yan Tianfei's heart moved slightly, and she remembered that there was a Tai Ji raw stone in the vertical eye between Qin Mu's brows. "What if that person has Tai Ji raw stone and divine stone and can refine the vital fluid?"

The expressions of the two ancient gods changed, and they immediately knew who she was talking about. They couldn't help looking at each other.

However, did that person really have the ability to steal their eggshell right under their noses?

"There aren't any experts nearby. The only expert that can be called an expert is him."

Yan tianfei said, "Tianzun Mu has a lot of abilities and he has learned a lot. Perhaps he has the ability to lurk here and steal your eggshells. However, why didn't he steal the Taiji raw stone as well?"

The male ancient god Thought for a moment, he said, "To him, there isn't much difference between one and eight Taiji raw stones. He doesn't understand the wondrous uses of raw stones. If he gets the other raw stones, he will completely turn against us, so he still spared us some face."

The female ancient god frowned and said, "Although we guessed it was him, we don't have any real evidence, so I'm afraid we can't make him hand over the eggshell. The eggshell is a small matter, but the essence liquid in the eggshell is the most important thing. If he refines it and devours it..."

The male ancient God shook his head and said, "If he still thinks of the favor of guiding him to the great black wood, he will return the essence liquid. There's no need to worry. He didn't take the original stone, but he still wants to leave some face so that he won't completely offend us. "Empress, let's go to your territory and wait a few days to see if he'll return it."

Concubine Yan Tian shook her head and sneered, "How can that little thief return it? He's most likely already drinking the essence liquid."

She raised her head and glanced at the sinkhole great abyss. Without the support of ancient god Taiji's Mana, the sinkhole Great Abyss flew far away, and layers of space expanded.

The Great Abyss quickly returned to the world where it had come from.

Concubine Yan Tian kept Empress Dowager's corporeal body, and the three of them got up to leave.

This time, even though concubine Yan Tian had been humiliated by Qin Mu, and she had been ambushed by concubine Yang Tian and Shi Qiluo, she was still very happy in her heart.

She couldn't help obtaining the help of ancient god Taiji, forming an alliance with him, and she could even see the hope of being invincible from his body!

When ancient god Taiji transformed into the goddess of the sinkhole, the battle prowess he displayed was truly eye-catching!

He possessed the power of the Empress and Yuanmu at the same time. He controlled the power of life and death without any weaknesses!

Such a perfect existence was not inferior to the heavenly duke or Earth count!

Moreover, ancient god Taiji clearly had the ability to combine the empress and the Great Dao of Yuanmu. As long as she could capture and destroy Yuanmu's consciousness, she would be the person who possessed both powers!

Moreover, she had already gotten rid of the shackles of the ancient gods. She had more room to grow. She wasn't bound by the Great Dao of the sinkhole. The path of the great empress was just around the corner!

The two ancient gods had a tacit understanding. They turned around and saw the Taiji star area spinning non-stop. The two ancient gods said in unison, "I see!"

Yan Tian concubine didn't understand and stopped.

The two ancient gods stretched out their hands at the same time. The Taiji star area was spinning and shrinking. After a while, it turned into a taiji sand table that flew toward them and landed behind their heads.

This taiji sand table was made of black sand and white sand. The two ancient gods walked side by side, and the Taiji sand table kept spinning behind their heads, changing from black to white.

Yan Tian concubine examined it carefully. The Taiji star area and the mining area had turned into a strange treasure with terrifying power. Moreover, as the Taiji changed, various forms of divine weapons emerged from the sand table. They were very powerful, even more terrifying than a heavenly venerate treasure!

The ancient goddess smiled. "We felt that something was missing just now, so we inadvertently turned around and found this treasure. This is the treasure that accompanied us. It's our dao weapon."

The ancient male god said, "We were born in the mining area. The mining area wants to protect us to attain the DAO, so we will form DAO weapons. In absolute beginning and Taisu, there are dao weapons that protect the Dao."

Concubine Yan Tian's heart moved slightly. "My late husband also had dao weapons? Why didn't I know that?"

She was very puzzled. If Heavenly Emperor Tai Chu also had dao weapons, why had she never seen him use them before?

If he had dao weapons, why would heavenly Emperor Tai Chu be in such a sorry state?

Ancient god Tai Chi didn't know why either. Dao weapons were supreme treasures that were formed from the Great Dao and were extremely powerful. Only in their hands could such treasures be used to their fullest potential.

"Daoist brother absolute beginning was worshiped by the clansmen of Supreme Emperor, which was why he was born early. could his dao weapon have fallen into the hands of Supreme Emperor?"The ancient female God said

Concubine Yan Tian's heart trembled. Concubine Qiang Tian had never taken out this absolute beginning dao weapon, and she had hidden it very deeply. It was probably Supreme Emperor's final trump card!

At that moment, Qin Mu stood at the bow of the divine boat in the thirtieth void. He raised the eggshell of the Taiji divine egg with both hands, and the divine boat rushed forward with the youth as fast as lightning!

The youth was overjoyed, and he raised his cultivation to the limit. He was afraid that ancient god Taiji would catch up to him, but he didn't expect that the victim wouldn't catch up at all.

"Haha, Haha! I've finally gotten the eggshell of innate fifth supreme!"

Qin Mu felt as if there were countless little vixens cheering in his heart. His Dao Heart was agitated, and when he smelled the fragrance of the primordial liquid in the Taiji divine egg, his index finger moved. "So fragrant! I really want to have a taste!"

The resurrection divine boat rushed into the thirty-first void with a boom. This layer of void was a little dangerous for Qin Mu, but he was still worried that ancient god Taiji would find him, thus, he had no choice but to take the risk and enter the thirty-first void.

He had taken an extremely dangerous risk this time and executed overlord body three elixir technique. With the immature carry Extreme Heaven Palace and Thieving Heaven Palace, he raised his speed to the point where he could ignore the distance between space and space, he entered the battlefield of ancient god Taiji, Qing tianfei, Shi Qiluo, and the rest in one go and stole the two eggshells without anyone noticing!

After stealing the eggshells, his heart pounded wildly, and he hadn't calmed down until now.

'even though the egg liquid is fragrant, and I still have Taiji divine stone to refine a portion of it, I'll also completely offend ancient god Taiji because of it. The gains won't make up for the losses.'

Qin Mu suppressed the urge to swallow the vital liquid and walked towards the great black tree.

When he reached the Hundred Thousand Black Mountains of the great black tree, he revealed himself. Xu Shenghua, Lan Yutian, Wei Suifeng, and the rest had returned from the back of the ancestral court. The Great Black Mountain was bustling with activity, and the world of pot heavens hung above the great black tree like a treasure bottle, it gave off a serene light.

Many God cities had already been built on the Hundred Thousand Black Mountains. There were people opening up farmland and planting crops. There were also divine arts practitioners and gods subduing the huge beasts in the ancestral court, allowing them to guard the god cities.

Dutian Devil King was running back and forth from city to city, and he was very busy.

Qin Mu sighed in admiration and came to the center of the great black trees. He entered the palace and carefully put down the taiji eggshell. He took out some jade bottles and poured the remaining vital fluid into them.

A clamor soon came from outside the hall. Yan 'er was the first to rush in and shouted, "Smells good, smells good! Young master, What good stuff are you secretly eating?"

Qin Mu hurriedly executed more than a dozen jade bottles and quickly put the vital fluid into them. "I can't let you eat it, this is the egg fluid of ancient god Taiji..."

Yan 'er stuck her head out and was about to drink the vital fluid in the eggshell. Qin Mu used his finger as a brush and wrote the word 'fixed'. Yan 'er was fixed on the spot and couldn't move.

"Second junior brother, what are you hiding here to make delicious food? It smells so good, you can even smell the entire Big Black Wood!"

Wei Suifeng rushed in in a flurry, and Qin Mu's divine consciousness burst forth. Wei Suifeng barged into the illusion of his divine consciousness and sniffed around, shouting, "Where are you hiding? Let me have a taste! Just one bite!"

Qin Mu hurriedly packed up the remaining vital fluid and put away the eggshell.

Xu Shenghua and Lan Yutian rushed in and looked around. Lan Yutian moved his index finger and said, "I smell a strange fragrance. Brother, what delicious food did you hide?"

Qin Mu immediately put away the jade bottle and said, "It's the egg fluid of ancient god Taiji, I can't eat it."

He explained the origin of Taiji vital fluid, "Ancient god Taiji and I have some friendship. He was the one who taught me how to obtain the number one sacred ground of the ancestral court, so I can't eat his Taiji primordial fluid. "Otherwise, if his cultivation isn't perfect in the future, he will kill my head. "Moreover, this Taiji origin liquid isn't something that can be easily digested. You have to use Taiji origin stone and divine stone to refine it..."

"Can I fry it?" Lan Yutian asked.

Qin Mu was speechless, so he could only take out some supreme element liquid and give them some, "I've completely offended ancient god Taisu, so there's no chance of reconciliation," he said. "I'll give you some of this supreme element liquid. You can taste it, and then refine it with supreme element divine stone... there's no more, I don't have much!"

He hurriedly pushed away Wei Suifeng's hands that were caressing his body and said, "There really isn't much left! I'm giving it to you so you can taste it. Being greedy for delicacies will delay your cultivation!"

Everyone could only keep the supreme essence liquid and supreme essence god stone. Qin Mu not only had a headache, but he also looked around, 'If I let them go to Imperial Concubine Yan and return the Supreme Essence Liquid, I'm afraid they'll be able to eat it all on the way, especially Lan Yutian. He's been greedy since he was young, or else he wouldn't have such a round face...'

His gaze landed on Wei Suifeng and he shook his head. Wei Suifeng was extremely daring, he would definitely dare to drink all the tai chi vital fluid, even if he was stuffed to death.

Lan Yutian was even worse. As for Yan 'er, Qin Mu couldn't help shuddering when he thought of this valiant girl swallowing the Devil God.

In the end, his gaze landed on Xu Shenghua and he waved his hand to dismiss everyone, leaving only Xu Shenghua behind, "Brother Xu, bring these jade bottles to imperial concubine Yan's territory and request to meet ancient god Taiji. Hand over the vital fluid in the jade bottles to them. "You must remember that you can't eat any vital fluid, or it will be a grudge that can not be resolved with ancient god Taiji!"

Xu Shenghua's expression was solemn, and he nodded in agreement.

Qin Mu passed the jade bottles to him, and Xu Shenghua counted them before saying calmly, "One bottle is missing."

Qin Mu blinked his eyes at him.

Xu Shenghua said expressionlessly, "One bottle is missing. I counted when I came in just now. is heavenly venerate mu going to keep watch and steal by himself?"

Qin Mu's face turned slightly red. He took out a bottle that he had hidden and muttered, "Eh! There really is another bottle! How Strange."

Xu Shenghua looked at his expression without blinking.

Qin Mu immediately said, "When you return the vital fluid, you mustn't hand it to Imperial Concubine Yan. You must hand it to ancient god Taiji personally. Remember, remember."

Xu Shenghua said, "Give me some more supreme element fluid and supreme element God stones, I'll prepare some for my daughter."

Qin Mu said with a straight face, "I don't have much left either..."

Xu Shenghua looked at his face, and Qin Mu's face turned slightly red. He took out a bottle of supreme element fluid and two supreme element God stones and handed them to him. "There really isn't any left this time."

Xu Shenghua turned around and left. "You definitely have more over there."

Qin Mu waited until he was far away before letting out a sigh of relief. He took out a huge supreme element egg shell, and there was still half of the supreme element liquid in it.

"My Baby... Gulp, Gulp..."

He refined the supreme element liquid while placing the egg shell in the ancestral court of his divine treasure and burying it in the Taiji mine.

In the distance, supreme incipient God's egg swayed and a dao voice came out. "Heavenly venerate Mu, you stole the supreme element liquid again!"

"No!" Qin Mu's face flushed red as he burped.

In the egg, supreme incipient sneered. "You still dare to say no? You even stole the eggshell of ancient god Taiji and hid it!"

Qin Mu turned a deaf ear and hurriedly retreated from his divine treasures. He thought to himself, 'The rules of great ruins, stealing isn't considered stealing... stealing based on ability, can it be considered stealing? Supreme incipient doesn't understand at all, Grandpa Cripple still understands me...'

Chapter 1414:

Xu Shenghua didn't stop all the way and went straight to imperial concubine Yan's territory. His Dao Heart was firm and his heart was undistracted. Even though the temptation of Taiji vital liquid was extremely great, he had never tasted it.

Even though Qin Mu often praised his strong dao heart, his temperament was erratic and he would often have an idea that he couldn't help making a move. However, Xu Shenghua was different.

Young Master Xu of High Heavens was peerless.

He was more steady and reserved than Qin Mu. At the same time, he was also modest and cautious, possessing advantages that Qin Mu didn't have.

Even though he didn't have as many ideas as Qin Mu and was eccentric, in terms of intelligence, Qin Mu was willing to admit defeat. However, it was the same for success and failure. It was precisely because he was too steady, reserved, modest, and cautious that he had a huge weakness compared to Qin Mu in terms of pioneering ability.

However, that was under the situation where he had no opponent. If Xu Shenghua met his match and met his fellow Daoists and strong enemies, he would be stimulated with extremely powerful creativity, for example, surging river divine treasure was opened by him after his bet with Qin Mu.

Surging river divine treasure was also called Heavenly River Divine Treasure. Xu Shenghua had forcefully opened this divine treasure before Qin Mu without knowing that surging river was the heavenly river. Just this action alone was enough to make him a heavenly venerate.

His other achievement was to plant innately constructed wood in his divine treasure. With the beauty of algebra, he connected the seven great divine treasures and united them into one. This was also an achievement of heavenly venerate level.

With his opponents and fellow Daoists, Xu Shenghua's brilliance was dazzling.

It was only because he was too modest and introverted that his reputation was far inferior to Qin Mu's. He was also inferior to Emperor Yanfeng and former Imperial preceptor Jiang Baigui.

Xu Shenghua came all the way to Imperial Consort Yan's territory when another violent tremor suddenly came. The third Great Spirit Energy Mutual Shift Bridge of the Celestial Heavens was completed, and light shot up into the sky to illuminate the night sky.

It was now night, so Xu Shenghua took a look around and came to the Divine City of Imperial Consort Yan's territory to rest for a night. When the sun was already high in the sky, he entered the gate of supreme beginning mineral vein and presented heavenly venerate Mu's invitation to request to see Imperial Consort Yan.

Of course, Qin Mu didn't give him any invitation. The so-called invitation was written by Xu Shenghua last night.

After a moment, Xiu Hongsu welcomed him and saw a charming young master standing outside the door. He stood there quietly, making people feel the beauty of time.

Xiu Hongsu's heartbeat unknowingly quickened two beats. He went forward to greet him and asked, "How should I address you, Envoy?"

"Xu Shenghua of Eternal Peace's High Heavens Divine sect has come to pay a visit under the orders of heavenly venerate Mu." Xu Shenghua returned the greeting. His every move and etiquette was so perfect that no one could find any fault with it.

Xiu Hongsu was intoxicated and couldn't help but have a very good impression of him. "Your Majesty already knows about it. Please go ahead, young master Xu." When she said this, she was shocked.

As an existence with Emperor throne realm and the eldest disciple that concubine Yan had groomed, she had a high position and authority, yet she had unconsciously lowered her status and called Xu Shenghua Young Master Xu!

This was something that had never happened before!

Xu Shenghua was a person from a sect in eternal peace of the small country of origin world and was also sent by heavenly venerate Mu. In terms of status, he naturally couldn't compare to her, yet she had actually lowered her status. Was she being seduced by a man?

Xu Shenghua's gaze landed on her eyes and revealed a puzzled expression. Xiu Hongsu was intoxicated by his gaze, he suddenly came to a realization. "He's asking me why I haven't gone to see Consort Tian yet, not to look at her. He's polite and polite. Even though he has doubts in his heart, he didn't ask directly, unlike a crude man like heavenly venerate mu..."

She led the way in front and unknowingly began to talk more. It was always a pleasant thing to talk to such a handsome man.

Xu Shenghua was a good listener and always listened to her with a smile. Occasionally, he would reply with one or two sentences, but one or two sentences already made Xiu hongsu very happy.

They had arrived at concubine Yan's side palace, suddenly, Xiu hongsu came to a realization. "Oh no! Concubine Tian likes young and handsome men. If she meets young master Xu, I'm afraid even little seven will fall out of favor. Little Seven's temperament is much inferior to his..."

However, he had already arrived in front of the hall and couldn't leave now.

Consort Yan Tian's voice came from within the hall. "HONGSU, invite the envoy in."

Xu Shenghua had a smile on his face as he walked into the hall. His spiritual sense fluctuated as he transmitted his voice to Xiu hongsu. "My purpose here is to seek an audience with ancient god Taiji through Consort Tian. Please inform ancient god Taiji."

Xiu Hongsu was slightly taken aback. He understood and led him into the palace.

Inside the hall, Empress Yan sat on a throne with a white cat in her arms. She lowered her head to look at the white cat. Her delicate hands slid down from the back of the cat's head to its back and then to its tail.

She was so engrossed in looking at the cat that she did not raise her head even though she heard the footsteps, "As expected by ancient god Taiji, heavenly venerate mu still sent back the Taiji essence liquid.". However, Celestial Master Mu did not calculate whether he could resolve the enmity between him and ancient god Taiji. It still depended on my will. "If I don't allow it, you won't be able to meet Celestial Master Mu's envoy..." Xu Shenghua said with a smile

She raised her head to look at Xu Shenghua, and her eyes suddenly became dull.

Xu Shenghua greeted him. Although he was calm and did not go against the rules, his bearing and temperament formed an endless romantic air around him.

Suddenly, the fur on the white cat's body exploded. It arched its body and issued a threatening whimper at Xu Shenghua.

Concubine Yan Tian stood up and threw the white cat on the ground. The white cat arched its body and walked sideways to Xu Shenghua. Its tail shook like a snake as it moved around Xu Shenghua.

It was as if it was looking at its own enemy. It could explode at any time and launch a fatal attack.

“Little Seven, retreat. Don’t disturb the honored guest.”

The white cat had no choice but to retreat even though it was unwilling to do so.

“Hong Su, you can also retreat.” Concubine Yan Tian waved her hand and smiled.

Xiu Hong Su took the opportunity to retreat.

Xu Shenghua said, “Then, does the empress allow me to meet the ancient god of Taiji or not?”

“Whether or not it is allowed depends on the envoy.”

Concubine Yan Tian leaned forward and said with a smile, “The messenger is young and handsome. Not only is he good-looking, but his temperament is also extraordinary. To have someone like you in the lower realm is really unusual.”

“Your Highness praises me too much.”

Xu Shenghua bowed slightly and said, “Your Highness is high and mighty, receiving the favor of the Emperor of heaven. I am worried...”

“Worried about what?”

Concubine Yan Tian hooked her wrist around his neck and fell into his arms. Her eyes were like silk as she smiled and said, “He is looking for other women, and even my sister is not spared. I want to sleep with all the handsome men in the world to take revenge on him!”

Xu Shenghua took the opportunity to wrap his arm around her waist. Their eyes met. Xu Shenghua looked straight into her eyes and said softly, “After Your Majesty took revenge on him, did you feel happy?”

Consort Yan Tian’s heart trembled. The soft part of her heart was touched. She felt a wave of bitterness surge into her heart.

“Never.”

“I think so too.”

Xu Shenghua continued to look into her eyes, he said gently, “Every time the Empress takes revenge on him, she will recall his betrayal and feel pain again and again. The Empress’s revenge did not hurt him. Instead, she hurt herself again and again. “Empress, why are you doing this?”

..

Outside the hall, Xiu Hongsu looked at the white cat little seven, who was flying into the sky in anger. His heart moved slightly, and he hurriedly called him back, he thought to himself, “If I report this to ancient god Taiji, then the Empress will definitely find out about it. Although the Empress and I are master and disciple, in reality, I am a master and slave. It has not been easy for me to climb up to my current position. It is naturally better for someone else to do such a risky thing.”

She said this to the white cat little seven.

The white cat little seven was overjoyed. He stood up and cupped his hands toward Xiu hongsu, “Thank you for your advice, senior sister! Celestial Master Mu has harmed me and sent a gigolo to steal my fortune and share the Empress’s love! I must not let him succeed!” With that said, he left in a hurry.

Not long after, two ancient gods of Taiji came together. The ancient goddess said, “The empress is probably plotting something to stop Celestial Master Mu’s envoy from seeing us!”

“There’s no need to say anything more. You’ll know when you see the Envoy.”

The two arrived in front of the side palace. Xiu hongsu quickly stopped them and said, “Seniors, allow me to go and report this!”

How could she stop these two ancient gods? She walked past them, leaving Xiu Hongsu in the way.

She could not help but feel her scalp go numb. She hurriedly chased after the two ancient gods and complained in her heart, “If there’s love inside and their clothes are disheveled, what should I do?”

She and the two ancient gods of Taiji barged into the palace one after the other. Xiu Hongsu was worried and hurriedly raised his head to look. He could not help but be slightly startled.

He saw concubine Yan and Xu Shenghua sitting high on the cloud platform, chatting and laughing with Xu Shenghua. They did not look like they were having a good time. On the contrary, concubine Yan seemed to treat Xu Shenghua as a close friend and was intimate with him, chatting and laughing with him, from time to time, she would raise her handkerchief to cover her mouth and laugh secretly.

Xiu Hongsu was very surprised. This scene was something she had never expected. She had thought that this place would definitely be a charming scene, but she didn't expect that Consort Yan could still treat such an outstanding man with courtesy, she was talking to Xu Shenghua with intimate words.

"Dear minister Xu, you really should come often."

Consort Yan stood up from the cloud platform, she smiled and said, "I feel much better after talking to you. I don't have a bosom friend. It's rare for me to meet a close friend like you. I Can't wait to tell you my heartfelt feelings. "Unfortunately, you're Celestial Master Mu's envoy. I also hate that ugly man, that stinky man. "This guy has been against me time and time again..."

Xu Shenghua said, "If you don't mind, I can come often."

Concubine Yan Tian was overjoyed. She held Xu Shenghua's hand and walked down. She said, "With your words, I can rest assured. Hongsu, from now on, when you come to see me, you can not stop me."

Xiu Hongsu was more and more surprised, but he didn't dare to show any surprise. He lowered his head and agreed.

Concubine Yan Tian walked down the cloud platform and let go of Xu Shenghua's hand, she said, "Celestial Master Mu ordered you to see Daoist brother Taiji. Although I want to stop you and ruin his good deed, I'm afraid that this stinky man will punish you again when you go back. So I'll let you go.". Hong Su, let's go. Let minister Xu and the two Daoist brothers have a slow talk."

Xu Shenghua bowed and thanked him.

Concubine Yan Tian quickly returned the greeting and walked out of the palace with Xiu Hong Su.

“What a wonderful person.”

Concubine Yan Tian walked out of the other palace. She turned around and couldn't help but praise, “Heavenly venerate mu actually has such a talented person by his side. It's enviable.”

Xiu Hong Su blinked his eyes and felt strange in his heart. “Has the Empress changed her personality?”

The white cat Xiao Qi ran over, but concubine Yan Tian ignored it. The white cat did not dare to jump into her arms and act coquettishly. It felt wronged. “Did I come too late? That kid surnamed Xu is indeed very weak. He is very fast...”

Chapter 1415:

Xu Shenghua had returned the tai chi vital fluid, and the two ancient gods of Tai Chi were also very happy to see him. They felt that getting along with such people was like a spring breeze, and they didn't have to constantly use their brains to guard against sneak attacks like they did with concubine Yan, they also didn't have to be on tenterhooks like they were by Qin Mu's side.

People were different from each other.

“Little fellow Daoist has an extraordinary bearing and is as humble as a valley. You will definitely have extraordinary achievements in the future.”

The female ancient god said apologetically, “I should have given you some gifts, but we have just been born and have nothing to offer.”

Xu Shenghua said, “Since we are dao friends, why do we need gifts?”

The two ancient gods of Taiji praised in unison and said, “That is a very kind thing to say!”

Xu Shenghua asked for their advice and said, “Since the two Dao brothers have been born, they are both ancient gods of Taiji and are separated from each other. How should we address them?”

“It doesn't matter if they have names or not.”

The male ancient god said, "If they have a name, I will be the sun and she will be the Moon. "However, I am not the Sun. I have Yin in My Yang and she is not the Moon. She has Yang in her yin. "Our way of Seeking Dao is to combine yin and yang into one. It is called Taiji."

The Sun and the Moon had similar names among the ancient gods. For example, the Great Sun Star Lord had a name that was also called the Sun Star Lord. He controlled the sacred Sun Flame and the Moon Ancient God was called the Moon Star Lord. He controlled the divine water of the Moon.

However, the feeling that ancient god Taiji gave Xu Shenghua was indeed very different from the two ancient gods.

The Yang contained Yin, and yin contained Yang, which contained extremely profound principles. Yin and Yang combined into one, and it was also unfathomable.

Xu Shenghua had some insights and asked them for advice, but the two ancient gods of the Moon and the Sun also told him everything, which made him gain a lot. Xu Shenghua also often had thought-provoking questions, which were principles that they had never comprehended in the mining area, which made the two ancient gods gain a lot.

More than ten days later, Wei Suifeng came to find Xu Shenghua under the orders of Celestial Master Mu and asked to see Imperial Concubine Yan. Imperial concubine Yan avoided him and ordered Xiu Hongsu to entertain him, "Wei Suifeng has done me a favor. I Can't neglect him, but I can't indulge him either. After all, he is a rebel."

Xiu hongsu saw Wei Suifeng. When Wei Suifeng saw her, he thought of the sinking of the river by the Eastern Heaven's Green Emperor, and he was quite unhappy.

Xiu hongsu smiled and said, "My wife praises Emperor Yun Luo very much."

"When I was sinking the river, he didn't say that."

Wei Suifeng snorted and said indifferently, "Where's Xu Shenghua? Celestial Master Mu saw that he hadn't returned yet and was worried about his safety. He ordered me to find him."

Xiu Hongsu's ability was not inferior to his. When he saw him being so ostentatious, he was also unhappy. "What does the empress owe him? Why is she so indulgent to this guy?"

She did not know that Wei Suifeng was the one who investigated the attack on the empress during the long Han dynasty. Wei Suifeng was the commander of the imperial guards of the Heavenly Court of the Long Han dynasty at that time. He led the army to the ultimate because Wei Suifeng was there, to wipe out the long Bo Rebellion. It was also because of him that Madam Yuan Mu failed to kill the emperor after she plotted against him.

The Empress took the opportunity of the primordial spirit shell, only then had the Later Yan Tian Imperial concubine, Wei Suifeng on her grace, help her jump out of the shackles of the ancient gods.

Later on, it was Wei Suifeng who saved the Empress's body, which was why Wei Suifeng saved Consort Yan Tian's true body.

However, when Wei Suifeng was Emperor Yun Luo, his identity was exposed, and he was suppressed in Heaven Prison. However, Consort Yan Tian did not save him. Thus, she felt that she did not owe anyone, but she owed him a lot, which was why she did not want to see him.

Xiu hongsu came to look for Xu Shenghua, and ancient god Taiji said to Xu Shenghua, "We are stationed here. Fellow Daoist, you can come here often."

Xu Shenghua nodded and left, "I have listened to your teachings and gained some insights. I feel that your Taiji Dao can create all the Daos of Heaven and earth, but because your dao hearts can not be perfected, you have to come out early and enter the world to train. "The path that you walk is the same as the path that postnatal beings walk. It is the reverse path to become the Dao."

Ancient God of extreme yin couldn't help but ask, "What is Reverse Dao?"

Xu Shenghua said, "Tai chi has given birth to ten thousand paths, and it can also Reverse Dao of tai chi from ten thousand paths. "It is difficult for tai chi to achieve Dao, so I entered the mortal world to comprehend the Great Dao of Heaven and Earth and Reverse Dao of Tai Chi. This is Reverse Dao. "I have two dao friends. One is walking forward while the other is walking backward, so when I see the two of you, I can't help but think of them. I feel that this is the path of the two of you."

The two ancient gods had their own insights.

Xu Shenghua then said, "If the two of you seek the Great Dao of the ancient gods, you can head to eternal peace. "Eternal Peace Has Dao Master Lin Xuan who is proficient in Macro and micro algebra. He is able to analyze the innate dao in the world and has unparalleled achievements. "If you want to comprehend the path of the postnatal realm, you should head to eternal peace. The path of the

postnatal realm has a great development in eternal peace. "If you want to comprehend dao realm, you should go see Founding Emperor Qin Ye. His Dao realm is unparalleled."

Ancient god Taiji expressed his gratitude and said, "Since that's the case, let's Make a trip to eternal peace first. If fellow Daoist Xu returns to eternal peace, we can catch up."

Xu Shenghua was about to leave when ancient god Sun suddenly said, "Fellow Daoist Xu said that you have two fellow Daoists. One is walking forward while the other is walking in the opposite direction. May I ask why these two are sacred?"

Xu Shenghua stopped and said, "One is Lan Yutian, a youth. The other two are already familiar with him. He's heavenly venerate Qin Mu."

The two ancient gods looked at each other in dismay.

Xu Shenghua left, and the two ancient gods caught up to him and asked, "May I ask how is Lan Yutian's ability?"

Xu Shenghua stopped, "He has a body that has attained dao, and his Dao Nature is unparalleled. He uses the universe as his mining area, the divine stones of the Great Dao of Heaven and earth, his dao heart as the raw stone, his footsteps as the mountain range of the mining area, and the Great Dao as his ladder. He can measure the heavens and the earth, ascending step by step and ascending to the foundation stone of the Great Dao."

The two ancient tai chi gods were moved. There was actually such an existence in this world!

"Then what about heavenly venerate mu? In your heart, what about him?"

Xu Shenghua thought for a moment, he said, "Heavenly venerate mu moves in the opposite direction. He can do what others can not and think what others do not. Lan Yutian does nothing and he does nothing. He uses the universe in his body as his divine treasure, opens the ancestral court, acts as the world, transforms the mining area, and achieves dao in the opposite direction. "His achievements aren't any weaker than LAN Yutian's. So far, he's much stronger than Lan Yutian. "I'm much weaker than the two of them. Every time I face them, I feel like I'm looking up at a lofty mountain."

The two ancient gods of Taiji were deep in thought.

Xu Shenghua left and followed Xiu hongsu to find Wei Suifeng. On the way, he saw a white cat following him. The white cat walked at his feet, full of killing intent, xu Shenghua raised his head and said, "Xu Shenghua, stay away from the Empress. Otherwise, I will not let you go!"

Xu Shenghua bent down. The white cat hesitated for a moment and felt that Xu Shenghua was very friendly. He could not help but jump into Xu Shenghua's arms and shouted, "You don't have to touch my head. I Won't fall for your tricks!"

Xu Shenghua touched his head. The white cat was very pleased and said, "Put your hand down a little... yes, that's it!"

Xu Shenghua said gently, "I have a family and have no conflict with you. I don't have any improper thoughts about the empress. The Empress and I are fellow Daoists who can confide in each other.". Little seven could rest assured. "You are loyal and devoted to the empress. The Empress naturally knows that you are in love with her. If you share her worries, your status will not change. You will only get higher and higher."

The white cat said dejectedly, "I am only the head of the household. I don't dare to have improper thoughts."

"Everything is done by man, isn't it?" Xu Shenghua looked at him with a gentle gaze.

The white cat suddenly snorted and jumped away from Xu Shenghua's embrace. It landed on the ground and walked far away with its tail raised proudly. Suddenly, it stopped, it turned its head and said, "You're not a bad person. You're not like that bad-looking heavenly venerate mu... go back and tell heavenly venerate mu not to have improper thoughts towards the Empress!"

Xu Shenghua agreed.

Xiu Hongsu looked at him. After a moment, he smiled and said, "Young master Xu, how can there be such a perfect person like you in the world? He is like the void, broad-minded and open-minded, but also like the most perfect god, making people unable to feel hatred."

Xu Shenghua chanted, "How can the Yang Flame void flower avoid aging? It is better to be puzzled and sit quietly without worrying. Senior sister, you are envious of me. I am still envious of you."

"Yang Flame void flower, how can it prevent you from growing old? Is this the origin of the name Xu Shenghua?"

Xiu hongsu savoured the meaning behind it. There was no lust in his eyes, only admiration.

Seeing that Xu Shenghua was safe and sound, Wei Suifeng could not help but heave a sigh of relief. He immediately bade farewell to Xiu Hongsu. Without waiting for Xu Shenghua to bid farewell to concubine Yan Tian, he immediately pulled him out, "It's good that you are safe and sound! This is a dragon's Den and tiger's den, so staying here for a while will increase the danger. Let's quickly return to Hundred Thousand Sacred Mountain!"

Xu Shenghua asked in astonishment, "Where did the dragon's Den and Tiger's Den come from? The scenery here is magnificent and beautiful, just like the other sacred grounds in the world."

Wei Suifeng was stunned and shook his head.

In the Hundred Thousand Black Mountains, Qin Mu looked into the distance and saw the fourth pillar of light soaring into the sky of the ancestral court. It was extraordinarily magnificent.

'after the Heavenly Court builds eleven great spirit energy mutual migration bridges, they will start to migrate to the ancestral court.'

He pondered silently. When the heavenly court migrated to the ancestral court, the Heavenly River would accompany the heavenly court and also migrate and change its path. At that time, the Heavenly River would pour into the Great Swamp of the ancestral court and let the Great Swamp regain its vitality.

The Great Swamp of the ancestral court was heavenly venerate Hong's territory. When it reflected Xuandu, the starry sky of Xuandu was reflected in the Great Swamp, making it seem like another Xuandu was hiding in the Great Swamp.

'after the migration of the heavenly court, the Heavenly River should return to its original position and reach the top of Xuan Du. At that time, it would be the time for the heavenly court to make a move on the heavenly Duke of Xuan Du.'

He looked up at the sky and looked into the distance. Xuan du beyond the sky was shrouded in darkness.

'within three years, the heavenly court will definitely migrate to the ancestral court. In other words, the heavenly duke still has three years left in his lifespan.'

Qin Mu retracted his gaze and saw the figures of Xu Shenghua and Wei Suifeng in the distance. Only then did he heave a sigh of relief.

“I have to ascend to the Jade Lake God execution stage in three years! Only by experiencing the baptism of the Jade Lake God execution stage can I advance one step further!”

The territory of the heaven’s concubine appeared in his eyes. The Power and terror of the Jade Lake God execution stage couldn’t help shuddering a few times.

That God slaying platform was extremely dangerous to him, and his life was in danger!

But no matter what, he had to go!

Even though the heavenly duke often acted on his own, even though the heavenly Duke never asked for his opinion, and even though it was the heavenly duke who wanted to die, he had to do something for the Heavenly Duke!

Even if it meant risking his life!

In these three years, his corporeal body, primordial spirit, Dao Heart, and must be strong enough to step on God execution platform and understand all the mysteries of it!

He had to step on this invincible fierce land and grasp the logic within. He had to have the ability to find a thread of life for Heavenly Duke!

Xu Shenghua walked over, and Qin Mu revealed a smile to welcome him. Everyone was chatting and laughing about the dao, exchanging paths, skills, and divine arts.

Qin Mu then led the scholars of eternal peace to Dutian Devil King’s place to build the divine city. He even personally went to the farms to reclaim the wasteland, pulling the water flow, and working with the people.

When the fifth Great Spirit Energy Mutual Shift Bridge was completed and the people looked up at the beautiful pillar of light in the sky, Qin Mu quietly left.

He returned to eternal peace to see Butcher.

Butcher was currently enjoying himself with the famous scholars of eternal peace. He was taking the pleasure boat to roam the Golden River of Jiang Ling, beating drums and singing, drinking wine to his heart's content and indulging in debauchery.

There were also some women in the pleasure boat who were either wearing heavy makeup or applying makeup lightly. They were singing and dancing like birds, playing the zither, playing the pipa, playing the silk bamboo, and mixing it with the sound of drums. It was very noisy.

“Grandpa Butcher, I want to face the most ferocious divine knife in the history of the world.”

Qin Mu landed on the boat and went straight to the point. “The place where the baleful Qi of the world gathers, the place where the baleful qi of the ancestral court is the most flourishing, condenses into two baleful divine knives that can behead a strong practitioner of the emperor's throne.”

Butcher shot a glance at him and put down his club. A woman beside him brought him clothes to put on.

Butcher was bare-chested and had put on his clothes, so he stretched out his hand to gather them, he shot another glance at him. “The most ferocious divine knife in the world? The most ferocious thing in the world isn't the divine knife formed by the Heaven and Earth, but the heart of the people. How's Your Knife Skills over the years?”
