

Tales of Herding Gods Chapter 826-830

Chapter 826: Branch of Dao Sect

God Bai Xi was surprised and delighted but he shook his head afterward. "My Lord doesn't know about the background of this Sunset Glow Mountain. There is a kingdom of gods that stretches over ten thousand miles and in it are numerous gods, how would they listen to My Lord? Taking down this mountain range is impossibly difficult!"

Qin Mu came to Deer County on the side. He wrote a letter and handed it over to God Bai Xi. "Take my invitation and pay a visit to the mountain god of this mountain, tell them I will be visiting tomorrow. The mountain god of this mountain would definitely have seen my battle on the mountain yesterday night. He won't cause you trouble once he sees my invitation."

Bai Xi was about to go when they heard a bright and clear voice coming from outside the city. "Sunset Glow Mountain Seventy-Two Caves Mountain Gods has come forward to pay our respects to Eternal Peace High God Overlord Body Qin!"

Qin Mu was astonished and he said with a smile, "These mountain gods are fast, they are no inferior to those dragon kings of the Celestial River. Let them in."

God Bai Xi immediately came out of the city to welcome them. After a moment, he saw mountain gods from various mountains coming over to pay their respects with their followers. They had also brought a dazzling lineup of treasures that glowed brightly.

Some of these mountain gods grew deer's horns, some of them grew tiger's heads, and some also had branches on their heads. Their appearances and races were different.

Qin Mu knew that they were only trying to stall and welcomed them with a smile. He got God Bai Xi accept the present and said, "Mountain gods have guarded the mountains of Eternal Peace and credit for guarding the empire. As long as you aren't disloyal, I won't treat you badly. I plan to change this mountain's name to Hundred Years Mountain and establish Honored God Bai Xi as the main god of Sunset Glow Seventy Two Peaks, what do you guys think about this?"

Sunset Glow Mountain Seventy-Two Caves Mountain Gods looked at one another in dismay and gave off looks of disdain at him. They looked down on him.

One of the mountain gods walked out of the ranks and said, "Sir Qin has come from afar so you might not know, we, the Sunset Glow Mountain Seventy-Two Caves Mountain Gods actually have a lord. Sunset Glow Mountain is under the jurisdiction of Clear Sky Heaven. Back then when Primordial Realm was sealed, Sunset Glow Mountain was sealed along with Clear Sky Heaven. In the seal, Clear Sky Heaven was still the landlord of Sunset Glow Mountain. We, these mountain gods, are merely looking after the land for our landlord. We usually collect rent from the kingdom of gods in the mountain and take care of the people's livelihood."

Another deer-horned mountain god said politely, “We, the mountain gods of the seventy-two caves, had long signed the Pact of Earth Count with Clear Sky Heaven back during High Emperor Era so we can’t go against it. May Overlord Body Qin please forgive us. If we go against the pact, we will die immediately.”

Qin Mu frowned slightly. Since these mountain gods had signed a Pact of Earth Count with Clear Sky Heaven, that would be a very thorny problem.

“Where is Clear Sky Heaven at?” he asked.

Numerous mountain gods raised their hands at the sky and Qin Mu raised his head up to take a look. In the sky above Sunset Glow Mountain, there was a green light like a long rainbow stretching ten thousand miles. The light floated above the mountain without moving.

The length of that green light was terrifying and one couldn’t tell that it was a heaven if they looked from afar.

“Since Sunset Glow Mountain has an owner and you guys have signed the Pact of Earth Count, it wouldn’t be good to force you guys.”

Qin Mu muttered to himself for a moment before saying, “In that case, I can only kill you guys...”

The mountain gods of the seventy-two caves changed their expressions drastically and at this moment, a burst of drawn-out laughter came from the sky as a young Daoist in green descended down from the sky while stepping on the green light. “The empire is small but it isn’t inferior, the power is small but it doesn’t fear the strong. Rude and ridiculing the big neighbors, greedy and stubborn yet don’t know diplomacy, may die out! I heard there are three heroes in Eternal Peace Empire’s reform, first is Emperor Yanfeng who has outstanding abilities and grand vision, an emperor for eternity. Second one is Eternal Peace Imperial Preceptor who has his mind over the world, opening up new lands, having the talent that’s not from this world. Third one is Overlord Body Qin Mu, Heavenly Saint Cult Master, pushing forward the path of the saint by yourself. I have heard the reputation of the three of you and now that I’ve met Overlord Body Qin today, only then do I know it hard to live up to your great reputation.”

Qin Mu laughed loudly and he stood up to say loudly, “Brother’s rebuke is right. May I know where is brother from?”

That youth in green landed in the city and greeted Qin Mu. “From Clear Sky Heaven. I am Yu Chen from Clear Sky Heaven, nice to meet you, Heavenly Saint Cult Master. My Clear Sky Heaven is a branch of Dao Sect, Clear Sky Sect from back then had twenty-four kingdoms of gods under our jurisdiction and this Sunset Glow Mountain is one of them.”

Qin Mu instantly had a bad expression as he thought to himself. ‘This is Dao Master Lin Xuan’s property, it wouldn’t be good for me to seize it now.’

He was slightly at ease.

The reason why he had decided to seize Sunset Glow Mountain was because he was afraid of Mother Earth giving the command to slaughter the people of Eternal Peace, thus he had planned to seize Sunset Glow Mountain.

Since Sunset Glow Mountain was a property of Dao Sect, things would be simpler.

Honored God Bai Xi would just have to suffer a little and continue being a mountain god on the Hundred Years Small Mountain.

That youth in green had a horsetail whisk on the corner of his elbow and said, "May I ask Overlord Body Qin, are you representing Heavenly Saint Cult coming here or are you representing Eternal Peace Empire?"

Qin Mu was puzzled.

Yu Chen said, "If you are representing Heavenly Saint Cult, that would be a fight of Confucian orthodoxy, my Clear Sky Heaven is Clear Sky Sect so we will fight with cult teachings, fight with spells and divine arts. If you are representing Eternal Peace Empire, my Clear Sky Heaven will gather the soldiers from our twenty-four kingdoms of gods, laying out our soldiers in formations to have the two armies fight in front of the formations."

Qin Mu yawned and smiled. "Senior Brother Yu Chen, Dao Sect is also in Eternal Peace, Dao Sect's Dao Master Lin Xuan is my bosom buddy, since we are one big family, there will be no need for war."

Yu Chen shook his head and said, "Dao Sect of the lower bound is not orthodox. Dao Sect in the celestial heavens is then the orthodox Dao Sect. Eternal Peace Empire's Dao Sect can't even be considered a branch, it is merely built by those wandering disciples stranded from the orthodox Dao Sect."

Qin Mu's heart stirred and he asked, "Since you guys don't recognize Dao Master Lin Xuan, do you recognize Dao Ancestor of Dao Sect?"

Yu Chen said solemnly, "Dao Ancestor is the beginning of Dao Sect, he is the Ancestor of All Dao, of course, we have to recognize him!"

"Is Dao Ancestor in Clear Sky Heaven?" Qin Mu asked.

Yu Chen shook his head and he was slightly impatient. "So does Overlord Body Qin wants to fight or make peace?"

Qin Mu muttered to himself and shook his head with a smile. "You as a Daoist is too hot-tempered, Dao Sect cultivates one's moral character and spiritual cultivation, I don't know where have all your cultivation gone to? Is Dao Ancestor in Clear Sky Heaven?"

Yu Chen frowned and was about to speak when auspicious clouds soared in the sky. In the cloud was a white dragon that moving its body as it flew past. The cloud suddenly stopped and Daoist Lin Xuan's voice came from the back of the dragon. He cried out in astonishment, "Cult Master Qin, why are you here?"

The cloud floated down and landed in the city before dispersing. Dao Master Lin Xuan and Daoist Cha jumped down from the back of the dragon. Lin Xuan grabbed the tail of that dragon and gave it shake. The white dragon transformed into a horsetail whisk that he laid gently on the corner of his elbow.

Daoist Cha looked at the seventy-two mountain gods before looking at Yu Chen. He whispered and asked, "Another fight?"

Qin Mu shook his head gently and said, "Not a fight, it's a discussion. This Daoist here is from your Dao Sect's Clear Sky Sect, these mountain gods are also helping your Dao Sect's Clear Sky Sect to look after their property. Dao Master Lin, I think the tax that Eternal Peace Empire had implemented on your Dao Sect is too low, one branch of Dao Sect has twenty-four kingdoms of gods, how terrifying!"

Dao Master Lin Xuan had a grim expression and he said softly, "The purpose of my visit is also because I have heard that a certain Clear Sky Sect is a branch of Dao Sect, therefore I want to take a look."

Daoist Cha examined Yu Chen and asked bewilderedly, "Is Clear Sky Heaven really a branch of Dao Sect?"

Yu Chen shook his head and said, "My Clear Sky Heaven is a branch of Dao Sect but it's not the branch of that Dao Sect of yours. Your Dao Sect in Eternal Peace is not the true Dao Sect, the true Dao Sect is in the celestial heavens, Eternal Peace's Dao Sect is fake."

Dao Master Lin Xuan looked down at his heart and said, "True or fake, they are all Dao Sect. I wonder if I can head to Clear Sky Heaven and pay a visit to the seniors of Dao Sect? I have yet to pay my respects to Dao Ancestor so I would like to meet him as well."

Yu Chen hesitated for a moment. "It's fine for you to go but don't get carried away by your wishful thinking. Your Dao Sect in Eternal Peace is nothing at all, you don't have the true teachings or even any foundation at all. Furthermore, Dao Ancestor is also not in Clear Sky Heaven, I heard he is in the celestial heavens."

Daoist Cha sneered and said, "We are nothing at all? Little Daoist, when I started cultivating with the old Daoist in my early years, you weren't even born! You should at least know that our Dao Sect also had our glory during Founding Emperor Era!"

Yu Chen shook his head and said, "Dao Sect of Founding Emperor Era was fake to begin with, it was established by the abandoned disciples of Dao Sect, it isn't orthodox."

Daoist Cha laughed from anger and he was about to retort when Dao Master Lin Xuan shook his head. "There's no need to quarrel what's real and fake with him. Dao is real so Dao Sect can't be fake."

Daoist Cha was stunned for a moment before he praised. "Dao Master is broad-minded, no wonder you can be Dao Master."

Dao Master took leave from Qin Mu and Qin Mu hurriedly said, "I am also old friends with Dao Ancestor, wait a moment for me, I'll get someone to call my Brother Yu over, I'll go to Clear Sky Heaven with you. My reputation is widely-known and I have a big face, with me around, they won't cause any trouble for you."

Dao Master Lin Xuan grumbled internally while Daoist Cha also kept throwing him glances, signaling him to leave immediately.

However, Lin Xuan was still Dao Master and he didn't have a thick face after all. Moreover, his relationship with Qin Mu was also rather good so he didn't know what to do.

'Heavenly Saint Cult Master, nickname Demolisher Qin, demolishing everything wherever he goes. He is also called Disaster Qin, wherever he goes, disaster follows. He is also called Beater Qin, beating people up wherever he goes...'

Dao Master Lin Xuan pondered hard. 'How should I reject him? He has such a thick face, I probably can't reject him...'

With a face full of smiles, Qin Mu got God Bai Xi to instruct Dragon Rearing Sovereign to ferry Celestial Venerable Yu who was on the other shore over.

God Bai Xi hurried over and after an hour, Dragon Rearing Sovereign carried Celestial Venerable Yu and the water qilin over to Deer County. Qin Mu spirit was greatly aroused and he said softly to Celestial Venerable Yu, "I shall bring you to meet an old friend, that old Daoist received benefits from you and me in his early years, it's time for us to reap the interest..."

Celestial Venerable Yu was at a loss. "Old friend?"

Qin Mu hurried them and said, "Dao Master, and also Senior Brother Yu Chen, let us go. Let us quickly go to Clear Sky Heaven, the sky is almost dark!"

Daoist Yu Chen also frowned. 'Why is this Overlord Body Qin acting so familiar?'

As they were about to leave, God Bai Xi smiled apologetically and asked, "My Lord, about Hundred Years Mountain..."

Qin Mu gave it some thought and said, "Sunset Glow Mountain is Dao Sect's property, you will just have to suffer a little and stay here temporarily. If you are starving, get Dragon Rearing Sovereign to give you some food to get by. Dragon Rearing Sovereign is prospering, he is Celestial River Dragon King now..."

God Bai Xi wanted to cry but he had no tears. He looked at Dragon Rearing Sovereign and saw Dragon Rearing Sovereign looking rather pleased.

Qin Mu sat on the dragon qilin's back and sacred flames burst out under the dragon qilin's feet. Stepping on fire clouds, he followed after Daoist Yu Chen, Dao Master Lin Xuan, and the rest.

Beside him, Celestial Venerable Yu sat on the water qilin and was hesitating for a moment. He finally made a decision and asked, "Brother, does this old friend knows about my birth? I know I'm picked up but I want to know where my biological parents are..."

Chapter 827: The Original Culprit

Qin Mu pondered and said, "He should know. Even though he is younger than you, he isn't much younger. In terms of age, he is also considered one of the oldest among the human race, merely younger than the Seven Celestial Venerables. He should know a lot of things!"

Celestial Venerable Yu's spirit was roused.

They flew into the green light and the green light in front of their eyes faded away. In front of their eyes was Clear Sky Heaven and when Qin Mu turned back to look, the sun was already setting. This sun hung up high in the sky.

He looked up at the sky and the sun in the sky wasn't the true sun. It was created by the Daoists here and there were numerous Daoists that could be seen flying in and out from that sun.

"Daoist Lin, your Dao Sect's branch has extremely high attainments in algebra!" Qin Mu said to Dao Master Lin Xuan.

Dao Master Lin Xuan was very happy and he said with a smile, "Everything in this world can be described with algebra and since my Dao Sect is specialized in the Dao of Algebra, we naturally have quite the attainments."

His mood was much more optimistic. He looked around and nodded his head repeatedly.

There were numerous mountains and rivers in the terrains however this place was too big. It was equivalent to Eternal Peace Empire in the past, stretching a hundred thousand miles in radius.

Even if the place was small, it still contained the essentials. Qin Mu actually saw a man-made moon and a man-made galaxy. The moon and the stars in the galaxy weren't huge, those stars were circular and merely three hundred yards big. On many of the stars was a palace each.

Those stars could fit a palace precisely and one more palace made it seemed too squeezey.

Those Daoists were currently roaming in the galaxy and changing the locations of the stars, forming star formations. Beside them were also some elderly Daoists teaching them how to lay their formation.

Looking at the general overview of the sky, the formation of the stars, constellations, and galaxy could form the shape of a majestic god. The two galaxies formed the eyes of the god, the nebula formed the vein lines of the skin, and the stars formed the structure of the corporeal body.

"Heaven Duke?"

Qin Mu clicked his tongue in wonder and said with a smile, "Clear Sky Heaven actually used the stars to forge the shape of Heaven Duke, this kind of standard in algebra is truly superior!"

Yu Chen said, "This is natural. Our Dao Sect is skilled in algebra and this is why the celestial heavens view us importantly, letting us deduce the Heaven Dao and breaking down the structure of Heaven Duke's corporeal body. The Daoists of our Clear Sky Heaven also frequently go to Xuandu to measure Heaven Duke's body structure. There are many disciples of Dao Sect on Heaven Duke's body."

The corner of Qin Mu's eyes twitched violently.

The celestial heavens let Dao Sect deduce the Heaven Dao and measure the structure of Heaven Duke's corporeal body. Moreover, they were even constructing Heaven Duke's corporeal body with stars in Clear Sky Heaven so what was the celestial heavens planning to do?

He had a bad feeling in his heart. 'Replacing him! Heaven Duke is in danger! After getting rid of Heaven Duke, the celestial heavens wants to create another Heaven Duke!'

"Even though your Eternal Peace's Dao Sect is considered nothing at all, it is still a tiny branch from the true Dao Sect."

Yu Chen said to Lin Xuan, "Since we are from the same sect, therefore I allow you to meet your ancestors."

Daoist Cha raised his eyebrows and was rather displeased. Dao Master Lin Xuan said, "Many thanks, Senior Brother Yu Chen."

Yu Chen looked at Qin Mu and he frowned slightly, As for Overlord Body Qin, you really shouldn't have followed me to Clear Sky Heaven. Heavenly Saint Cult is also called Heavenly Devil Cult, subjugating devils is the responsibility of Dao Sect. Furthermore, Eternal Peace is also a target that the celestial heavens wants to exterminate."

Qin Mu looked at the sky and his gaze fell on Heaven Duke's body. He said with a smile, "Whether if an official business or personal business, I needed to come. If I didn't, the world is going to change."

Yu Chen looked at him and felt his words held deep meaning but he didn't think much about it. "Dao Palace is over there, let me bring you to meet the sect master of my Clear Sky Heaven. As for whether the sect master will be willing to meet you, I do not know."

Dao Palace was located in the heart of Clear Sky Heaven and there were mountains standing in numbers around it. There were also twenty-four palace halls that surrounded Dao Palace and these twenty-four palace halls should be corresponding to the twenty-four kingdom of gods under Clear Sky Heaven.

Clear Sky Heaven was Clear Sky Sect, which was a branch of Dao Sect that had become large-scale. Dao Sect definitely still had other branches so one could well imagine how astonishing the power of the true Dao Sect was!

Everyone came to the outside of Dao Palace and they got down their mounts. Yu Chen let them wait outside while he hurriedly scaled up the steps and headed for the golden palace at the peak.

Those stone steps were built along the mountain and the numbers of steps were uncountable as they looked up the mountain.

"This is how they treat their guests?"

Daoist Cha smiled from anger and he pulled out a military fork from his Dao crown. "We are still from Dao Sect after all and even if we aren't orthodox, there's no reason to throw us out here! Dao Master, let us fight our way in and turn their palace upside down first!"

Lin Xuan waved his hand and said, "Since we are guests, we shall follow the host's decision. We can just take a look around."

This Dao Palace was extremely huge and there were numerous Daoists cultivating Dao skills. Qin Mu and the rest came to where the Daoists were training and they saw numerous Daoists standing in front of a copper wall that was over dozens of yards thick as an old Daoist explained slowly to them. "All things in the world are formed by countless particles, it's the same for a human body, it's the same for a copper wall. As long as you are able to see through that, you can change the structure of your body to vibrate the particles at the same frequency as the copper wall, that way you will be able to pass through the wall. Cultivating the art of passing through walls, any forbidden skills, any seals, will be of no trouble to you. Look at me."

He walked to the front of the copper wall and slowly walked in. He passed through the wall and came out from the other side of the wall before returning back. "You can give it a try."

The other young Daoists were all excited and went up to try. Some bloodied their forehead from crashing onto the wall but there were also some that managed to pass through.

That old Daoist narrowed his eyes and looked at these young Daoists cultivate. He would point out their mistakes from time to time.

The dragon qilin looked curiously at this sight and couldn't resist saying, "Elder, you have one disciple missing! There were seventeen earlier and now only sixteen are left!"

The old Daoist counted and he was instantly flustered. He hurriedly smacked the copper wall with a heavy blow and an inexperienced Daoist that was stuck inside the wall got smacked out by him. He gasped heavily for breath and had nearly died.

That old Daoist looked at the dragon qilin and praised. "You have the root of wisdom, are you willing to join my Clear Sky Sect and cultivate with me?"

The dragon qilin shook his head.

"The art of passing through walls from Dao Sect seemed slightly similar to Heavenly Saint Cult's Phantom Illusion Technique. It's also similar to Grandpa Cripple's Heaven Pilfering Sun Switching Hand."

Qin Mu looked over it and said to Celestial Venerable Yu, "It's just slightly different in using the reasoning. As long as the principles were understood, it isn't too difficult to learn."

Celestial Venerable Yu was tempted to try and he said, "I've understood it, can I give it a try?"

Qin Mu nodded.

Celestial Venerable Yu walked to the front of the copper wall and passed through the wall. He then walked back as well.

That old Daoist's eyes lighted up and he said with a smile, "This little brother has the root of wisdom..."

Qin Mu hurriedly pulled Celestial Venerable Yu away and they came to the other side of Dao Palace. Some of the Daoists were gathered and drafting a map on a huge circular platform.

Qin Mu moved forward to take a look and his expression changed drastically. He asked solemnly, "Senior brothers, are you guys drafting the sky map of the stars?"

"Your eyesight is not bad, you the disciple of which kingdom of gods?" one of the Daoists raised his head and asked.

Daoist Lin Xuan went forward and his expression changed drastically when he saw that formation. "The sky map that shroud Eternal Peace is made by Clear Sky Heaven?"

Those few Daoists were stunned.

The sky map that they were drafting was completely the same as the sky map in the sky of Eternal Peace Empire. The orbit of the stars in the formation diagram was exactly the same.

Qin Mu, Lin Xuan were all senior figures in Heaven Alliance and the reason why they established Heaven Alliance was to tear down the fake sky so the people of Eternal Peace could see the outside world.

Dao Master of Eternal Peace Dao Sect had never been able to cultivate the Fourteenth Writing of Dao Sword. He had exhausted his life for the Fourteenth Writing of Dao Sword and spent all his effort on deducing it.

Lin Xuan's master, the Old Dao Master, had only cultivated half of the move after spending his whole life studying it. The reason Old Dao Master had died in God Broken Mountain Range was also because he didn't manage to cultivate the fourteenth sword. If he had, he wouldn't have to die in battle.

It was because the astronomical phenomenon in the sky was fake, it had misled the past Dao masters and no matter how they calculated, the result would always be fake, that was why they couldn't cultivate the fourteenth writing!

It was also because of this sky map that Lin Xuan's Dao heart had also crumble and went crazy on the spot. Luckily for him, Qin Mu, Xu Shenghua and the rest were beside him and it was them who had encouraged him. That was how he had walked out of the shadow.

Now that he saw the sky map which the Daoists of Clear Sky Heaven were drafting, this caused his Dao heart to stir once again. His heart was filled with anger.

Incomparably intense anger!

Those few Daoists examined Qin Mu and Lin Xuan. One of the Daoists then said with a smile, "You mean that sky map above Primordial Realm? It is indeed drafted by my Dao Sect. My Dao Sect is drafting the

sky map on the celestial heavens' orders to cover the sky of Primordial Realm. However, because they had created it in a hurry back then, many flaws have now appeared. We are planning to repair the sky map this time and patch the places that are lacking."

The other Daoist said, "The celestial heavens ordered Dao Sect to draft the sky map and so the seniors of our Dao Sect had designed a few misconceptions that have endless calculations for the sky map. If the people of Primordial Realm observed the astronomical phenomenon and tried to calculate the marvel of the courses in the astronomical phenomenon, they will sink into an endless calculation. Thus even though there are flaws in the sky map, these endless calculations can exhaust the intelligence of those outstanding talents, causing them to never find out that the astronomical phenomenon is fake. To be able to see that we are drafting the sky map, your attainments in algebra aren't shallow as well. Which kingdom of gods are you from?"

Dao Master Lin Xuan gritted his teeth and blood leaked out from the corner of his mouth.

"The guest from the celestial heavens this time said that the sky map is damaged and wants us to repair it. Once the repairs are complete, nobody will be able to see any flaw anymore." Those Daoists said with a smile.

Crunching sounds came from Dao Master Lin Xuan's teeth and he said emotionlessly, "Cult Master Qin, please return. This is the personal business of my Dao Sect."

Qin Mu took a glance at him and shook his head. "This isn't the personal business of Dao Sect, it is the official business of Heaven Alliance. Isn't the goal of Heaven Alliance at the start to tear apart this fake sky?"

Dao Master Lin Xuan spat out the blood and cracked teeth from his mouth and chuckled. "Sky map, sky map... The sky map that had destroyed my Dao Sect for twenty thousand years is actually made by our own Dao Sect! Master, master, are you seeing this from the heavens?"

He bawled and two streaks of blood flowed down his cheeks.

Swang—

The Dao Sword before him unsheathed and the sword light rushed into the clouds.

Suddenly, Qin Mu placed his hand on his shoulder.

"The elder of Heaven Alliance isn't so bad at holding his temper back, right?" Qin Mu smiled warmly.

Dao Master Lin Xuan looked at his warm gaze and his furious Dao heart calmed down. He closed his eyes and after a moment, the sword qi that was rushing into the clouds returned back into the sheath.

Qin Mu turned around and looked at those bewildered Daoists. He revealed an innocent smile and asked, "May I know where is the emissary from the celestial heavens?"

Chapter 828: To Kill People

Those few Daoists were subconsciously infected by his smile and weren't suspicious of him at all. They pointed to the top of Dao Palace and said, "The emissaries from the celestial heavens are right in Dao Palace, they have high positions so the sect master is receiving them personally."

Qin Mu hurriedly gave his thanks and looked at the formation diagram on the circular platform. His heart stirred and he said with a smile, "This formation diagram is only the formation for the courses of the astronomical phenomenon. The formation used for each of the astronomical phenomena for example, the sun, the moon, would definitely be even more complicated. The course of every star is different and the power in every star is also different, thus the formations would be different. Senior brothers have truly been working hard. Truth to be told, I am also rather skilled in algebra so I can help everyone solve some problems."

One of the Daoists shook his head. "The formation of the stars are already laid out, there's no need to redesign it. Now, we just need to calculate the sky map and patch the holes in it."

Another Daoist shook his head and said, "You didn't hear them clearly just now, the emissaries of the celestial heavens had planned for us to recreate the sky map and for us to incorporate the divine art of the astronomical phenomenon in as well."

"I see."

That Daoist said with a smile, "That's why those senior brothers of Dao Sanctuary are so hard working these few days and burying their heads in work. Turns out they are designing the formations of the sky map."

Another Daoist smiled and said, "I have asked the sect master and he said that we have to incorporate the divine art of the astronomical phenomenon into the sky so in case countries like Eternal Peace appears from today onwards or if anyone from the lower bound tries to rebel, there would be no need to ask the four deities for help. We can just activate the sky map to descend the disasters. Even though the celestial heavens doesn't look down on a small country like Eternal Peace and can't bother themselves with them, it is indeed troublesome if they have to go and clear them up time and time again. Recreating the sky map saves a lot of time."

"No wonder so many people have come from the celestial heavens this time, many of them seemed to be under the main gods of the various stars, they are their disciples."

"Not only that! The disciples of four deities are also here. They are all at Dao Sanctuary and guiding the senior and junior brothers on how to design the formation of the astronomical phenomenon!"

The corner of Qin Mu's eyes twitched. He held back the urge to pull out his sword and kill these Daoists.

'By incorporating the divine art of astronomical phenomenon into the sky map is truly evil! If the sky map is done, Eternal Peace will have no way to survive! Not only will Eternal Peace have no way to survive, but the eras from today onwards will also not have any power to rebel, they will not have any possibility of threatening the celestial heavens! The mastermind is the people from the celestial heavens, there's no use killing these Daoists.'

Qin Mu thought until here and asked, "Senior brothers, where is Dao Sanctuary?"

One of the old Daoists raised a finger and said, "Dao Sanctuary is in front of Dao Palace, the emissaries are in Dao Palace and the subordinates are in Dao Sanctuary."

Qin Mu gave his thanks and threw Dao Master Lin Xuan a glance. Both of them left this place. Dao Master Lin Xuan asked him, "Cult Master Qin, what are you planning?"

Qin Mu raised his head to look at Dao Sanctuary that was up the mountain. He said solemnly, "To kill people!"

Dao Master Lin Xuan was silent for a moment. "We have yet to meet the sect master of Clear Sky Sect, are you just going to kill people straightaway?"

Qin Mu frowned and asked, "You are still harboring any hopes for Clear Sky Sect Master?"

Dao Master Lin Xuan shook his head and said emotionlessly, "I originally had, but after seeing the sky map, I have no hopes anymore."

There's no greater sorrow than a dead heart. He had harbored the thoughts of meeting a fellow sect with the same principles but after seeing the sky map, his Dao heart was struck down heavily again.

Lin Xuan sorted out his feelings and said righteously, "If you kill the people from the celestial heavens, you won't live to walk out of Clear Sky Heaven."

"Once these people created the sky map, no matter if it's Eternal Peace or Primordial Realm, everyone's fate will be sealed. If we are in the hands of the celestial heavens, we would truly have no way out!"

Qin Mu said calmly, "Back then when we measure that the sky was a hundred thousand miles high and a thousand yards thick, we had established Heaven Alliance. Didn't Heaven Alliance exist for the sake of overthrowing this sky? The chance is right in front of us now! As for our safety, we can put that behind us for now, we will talk about safety after we settle what we need to do!"

Dao Master Lin Xuan was infected by his heroism and he revealed a smile. "Cult Master Qin, even though you and I are good friends, I always had some prejudice about you, I feel your conduct is eccentric, just like the conduct from those of the devil path. Even though I felt you are from the devil path, I don't know why but I just admire you very much. I even fantasize of me being able to do something like you can, to not be overcautious and think about the consequences."

Qin Mu laughed loudly, "Dao Master Lin, do you still have the struggle of righteous and devil?"

Lin Xuan said with a smile, "I have been receiving such teachings from young so it is hard for me to change completely. However, after meeting Cult Master Qin, I don't view what's called the righteous path and the devil path as important anymore. Even though I feel what Cult Master Qin does are eccentric, I can see you have the heart of a newborn. When I saw this, the difference between righteous and devil becomes even fainter. At many times, I am won over by your actions and how to handle matters."

Qin Mu praised and said, "Old Dao Master is truly wise to choose you as the next Dao Master."

"For Heavenly Devil Patriarch to choose you as Heavenly Saint Cult Master, he is then truly the wise one."

Both of them laughed loudly and scaled up the stone steps to talk cheerfully and wittily.

They came to Dao Sanctuary unconsciously and there were layers and layer of palaces in Dao Sanctuary. Several old Daoists came out in a fluster and shouted, "Thief, thief! Green Goat Hall has been robbed, many treasures got stolen!"

Qin Mu stopped in his footsteps and stopped an old Daoist to ask, "Elder, has a thief come to Clear Sky Heaven?"

That old Daoist nodded his head, "I don't know what had happened but that thief seemed to have cultivated our art of passing through walls, the seals of Green Goat Hall were completely untouched but the treasures inside were all stolen! There are also a few Daoists that had their clothes stripped off and hung onto the trees. They were even tied up by their own Gold Dragon Rope so they can't break free! This thief has appeared among us, it's definitely a disciple of our sect!"

Qin Mu was stunned.

Suddenly, that old Daoist turned back and examined them before asking cautiously, "Your faces are unfamiliar, where are you from?"

Qin Mu said with a smile, "I'm Eternal Peace Overlord Body, Heavenly Saint Cult Master, Grand Chancellor of Eternal Peace Empire Heavenly Saint Academy, Qin Mu. This is Eternal Peace Empire Dao Sect's Dao Master, we heard that Clear Sky Sect was a branch of Dao Sect so we are here to visit."

That old Daoist looked at them from the left and right before circling twice around them. He sneered and said, "So you are the poor relatives from the countryside here to claim riches and honor. I guess you won't have the abilities as well."

Qin Mu smiled and kept quiet.

That old Daoist hurriedly left and Qin Mu was suddenly stunned. He touched his waist urgently and his expression changed drastically. He was about to chase after that old Daoist but that old Daoist was long gone!

Qin Mu stopped and the corners of his eyes twitched.

Dao Master Lin Xuan asked bewilderedly, "What happened, Cult Master Qin?"

"One of my taotie sack is missing."

Qin Mu's face turned green and he gritted his teeth. "It was stolen by that old Daoist earlier!"

Lin Xuan jumped in shock and he asked, "This kind of method isn't what a half-god of Primordial Realm could do. Instead, it seems like the work by an elder of Cult Master. However, that old Daoist didn't look like Cult Master Qin's elder... Wait a minute, I seemed to have lost something as well!"

Daoist Cha hurriedly touched his body and cried out in astonishment, "The fork in my Dao crown is missing!"

"My spirit pills are much lesser!" cried the dragon qilin sorrowfully as though he had lost his family.

The water qilin's expression changed and hurriedly flipped through his spirit pills but they were still there. Suddenly, he came to his senses. "Where's my master? He was still on my back, how did I lose him?"

Everyone hurriedly looked and Celestial Venerable Yu who was on the water qilin's back had vanished without a trace!

When did Celestial Venerable Yu vanish?

None of them actually noticed anything!

Everyone felt apprehensive.

Qin Mu took in a deep breath and tried to calm himself down. He sneered and said, "When the old thief strikes, he never returns empty-handed! Since he is often a thief, he never shows anyone his true face, his art of changing appearance is superior, being able to shift his bones and change his face, changing his height and weight. In addition to the creation technique I had taught him, even if he transform into a woman and stand in front of me, I wouldn't be able to recognize him!"

Dao Master Lin Xuan had a queer expression and he coughed. "My Dao Sect is also frequent by this senior."

"How worrisome, he will be caught and have his legs broken sooner or later!"

Qin Mu couldn't hate him and just continued to walk to Dao Sanctuary. "This old thief has stolen throughout Eternal Peace and act like samaritans with Grandpa Blind daily as though they had turned into a new leaf! Now that Primordial Realm has broke out of the seal, he must be the happiest. No wonder I didn't meet him in the capital city earlier, Clear Sky Heaven must not be the first to have suffered from his lethal hands. This old thief must have stolen from god knows how many sacred grounds and heavens! That's right, what have you lost?"

Dao Master Lin Xuan's face turned black and he didn't say anything. However, looking from the queer way he was walking, his underwear must have been stolen by the old Daoist earlier so he didn't have the face to say.

Just as they entered Dao Sanctuary, a bunch of Daoists came running out and they cried out, "Have any of you seen those few old Daoists? After they came, our Dao Sanctuary seems to have lost a number of items, even the guests from the celestial heavens got robbed!"

Qin Mu raised a finger. "Those few Daoists ran over there!"

"Many thanks!"

The bunch of Daoists swarmed out, overflowing with killing intent. "Find those few old Daoists and break their legs first so they can't run!"

"Those few old Daoists are all senior uncles of Dao Palace, do we also have to break their legs?"

"Since they dared to stole from my Dao Sanctuary, they should have their legs broken!"

...

Soon, few people were left in Dao Sanctuary and only some oddly-looking half-gods were left. They were currently looking at them.

Qin Mu turned around and got the dragon qilin and the water qilin to keep a lookout outside Dao Sanctuary while he closed the gate to Dao Sanctuary. He smiled at these half-gods and said, "Ladies and gentlemen, I am Qin Mu, one of the three heroes in Eternal Peace's reform, I'm also known as Eternal Peace Overlord Body, Heavenly Saint Cult Master. This person beside me is Dao Master Lin Xuan of Eternal Peace Dao Sect. Have any of you heard about our titles?"

Those half-gods had the image of various ancient star gods. Saturn Sovereign's disciples had human heads and snake bodies. Mars Sovereign's disciples have bull heads and human bodies. Great Sun Sovereign's disciples had bird heads and three legs. They were all different and rarely would they have a complete human form.

These half-gods swept their gaze over Qin Mu and Dao Master Lin Xuan. The half-god with a wolf head and human body should be the disciple of Wood Wolf of Kui Star Sovereign, and he said nonchalantly, "Eternal Peace Overlord Body Qin? I've never heard of you before."

In the remaining taotie sack on Qin Mu, his sword pellet slowly rose up and he grasped it gently. The sword pellet transformed into a horsetail whisk in his hand and he had a face that was full of smiles. "Everyone here is about to hear of me, but it shall also be the last time you will hear of me."

Dao Master Lin Xuan threw away his horsetail whisk and pulled out his sword. Sword light scattered out and it was instantly the Fourteenth Writing of Dao Sword!

Dao Nourishes the Earth of All Heavens, Giving Birth to all Laws and the Whole World will Return to One!

At the same time, the sword pellet in Qin Mu's hand expanded in the wind. Threads of horsetail whisk stretched out furiously and the fine swords were like slender dragons that instantly became dozens of miles long. They pierced through every single corridor and palace inside of Dao Sanctuary!

With the hair of the horsetail as swords, every thread was executing a different sword skill!

Since Daoist Cha had lost his military fork, he could only help them suppressed the situation.

In Dao Sanctuary, angry roars rang out non-stop and apparitions of stars and constellation rose into the sky above Dao Sanctuary. Just as they rose up and transformed into a galaxy, a magnetic force burst forth and pulled the galaxy down from the sky to smash ruthlessly onto the ground. None of them could actually escape from Dao Sanctuary!

After a moment, everything was calm again.

Qin Mu opened up the gate of Dao Sanctuary and he walked out with Lin Xuan behind him. Daoist Cha followed behind both of them and turned around to close the gate. From the gaps of the gate, fresh blood slowly poured out.

Chapter 829: Putting an End to the Awe-Inspiring Authority

Cloud Sky Heaven's Dao Palace was in chaos. Numerous Daoists were flying in the sky while some were running on the ground to look for the thieves. When the incident of the Dao Sanctuary being robbed came to light, the other sanctuaries and palaces realized that it wasn't only the Dao Sanctuary that was robbed. They had all been plundered.

However, those thieves were truly crafty. Even after the treasure vaults were swiped clean, no one had actually noticed anything. It was only after the treasures on these Daoists got stolen that it raised some attention.

Even the Dao Palace was robbed. Numerous old Daoists hurriedly ran to the treasure vault, and over a dozen Daoists on the god realm stayed guard outside while the rest opened up the seal. They poured into the vault to see if any treasures were missing.

Dao Master Lin Xuan saw the chaotic sight of the Clear Sky Sect, and he said with a smile, "Cult Master Qin, when your elder came to my Dao Sect, it was also this chaotic. Every time he came, the senior uncles of my Dao Sect would search the entire mountain for traces of him. They even raised a few divine hounds to deal with him specifically."

Qin Mu's head started to ache, and he said helplessly, "In the past when Grandpa Cripple's cultivation wasn't high, you guys could still take him down. Now that he has cultivated to the god realm and cultivated creation techniques, he can even hide his own body odor. It would be rather impossible to take him down now."

Both of them acted like everything had nothing to do with them as they continued to climb up the mountain. It was as if the death of the star gods' disciples had nothing to do with them.

Some Daoists hurriedly flew down from the sky to borrow a few divine hounds, divine mastiffs, and divine rats from the kingdoms of gods under their jurisdiction. They also invited some constables and searched around.

Qin Mu and Dao Master Lin Xuan chatted one minute and became quiet the next as they walked up the mountain at a leisurely pace. Daoist Cha, the dragon qilin, and the water qilin followed them. Some Daoists stopped them and let them go after some questioning.

“Will Lan Yutian be fine?” Dao Master Lin Xuan asked.

“Not a big problem.”

Even though that was what Qin Mu said, his head was about to explode. “Brother Yu doesn’t have any memory of the past, so he is like a piece of blank paper now. The most beautiful painting can be painted, but doodles can also mess everything up. I am very worried that he will pick up the bad habit of pilfering.”

“Can pilfering cause such a huge commotion?” Dao Master Lin Xuan asked with a smile.

“Grandpa Cripple’s rule is that a thief never walks away empty-handed.”

Qin Mu said seriously, “As long as he makes a move, he has to steal the best item. After stealing from all of us, he realized there was nothing of value on Lan Yutian’s body, and thus he took him away. I’m not worried about Brother Yu’s safety, I’m just worried that he will be corrupted by bad examples.”

“Thief God should have brought Lan Yutian to escape Clear Sky Heaven already, am I right?”

“Escape? Impossible. Grandpa Cripple is a person who loves noise and excitement. He is definitely still in the Dao Palace now and has changed his appearance, following those Daoists to search for traces of the thieves.”

Both of them finally came to the Dao Palace, which was at the peak of the mountain. It was as though the Dao Palace was facing a dangerous enemy, as numerous Daoists walked in and out. They executed all kinds of treasures, such as mirrors to shine everywhere, as they searched for traces of the thieving old Daoists.

A young Daoist hurried out of the palace and was stunned when he met Qin Mu and Dao Master Lin Xuan. He lowered his voice and asked, “Why have you guys come up the mountain? I just told the sect master that you have come to visit, but the Dao Palace has been robbed, so the sect master has no time to meet you guys.”

That Daoist was none other than Yu Chen.

Qin Mu was slightly stunned, and he said loudly, “Eternal Peace Overlord Body Qin and Eternal Peace Dao Sect Dao Master Lin Xuan are here to pay our respects to Clear Sky Sect Master and the emissaries of the celestial heavens! Clear Sky Sect Master, you are merely a branch of the Dao Sect, so why aren’t you coming out to welcome us?”

His voice was loud as it rushed up from the bottom of the mountain to explode in the air of Clear Sky Heaven. His voice spread throughout the Clear Sky Dao Palace and the twenty-four halls!

The Daoists that were searching for the thieving old Daoists couldn’t help stopping when they heard this voice, and they all looked over. The atmosphere became incomparably heavy in a split second.

Daoist Yu Chen’s expression changed slightly.

Dao Master Lin Xuan looked down at his heart, and he was unfazed. He had already expected Qin Mu to act this way, so he said leisurely, "Cult Master Qin is the Eternal Peace Overlord Body that's unmatched for eternity. Now that you have put out your name, there will probably be many people in the Dao Palace that want to kill you."

Qin Mu smiled and said, "There are many people that want to kill me in the world, yet I'm still alive. Even though I have the title of Overlord Body, I have still fought my way out for this title, it's not just adulation. You shouldn't worry about me, you should worry about yourself. By calling Clear Sky Sect a branch of the Dao Sect, would Clear Sky Heaven still leave you be?"

Dao Master Lin Xuan waved his horsetail whisk and laughed.

Daoist Yu Chen frowned, and he shouted softly, "Neither of you knows your place! I saw that we are from the same sect, which is why I let you up the mountain. You guys could have come up quietly, and the sect master would meet you quietly, giving you some benefits and letting you go down. Now that you have put out your name, would the emissaries of the celestial heavens still tolerate you?"

Just as he said that, an old voice came from Dao Palace. "Yu Chen'zi, invite the little friend from Eternal Peace Dao Sect and Overlord Body Qin in."

Daoist Yu Chen was helpless, and he could only bow in acknowledgment. "Follow me. You guys are in trouble, it's hard to say if you can even leave alive..."

Qin Mu said with a smile, "Senior Brother Yu Chen, we are also not the poor relatives that are coming up for money. Who cares about the emissaries of the celestial heavens? Didn't Prince Qiu Ming of the celestial heavens also get killed by me? Senior brother had extremely high knowledge and vast horizons when you were at Deer County, so why have you become so unbearable when you are back in the Dao Sect?"

Daoist Yu Chen frowned and led them into the Dao Palace. He shook his head and said, "You guys don't know the immensity of heaven and earth."

Both of them smiled faintly and walked into the Dao Palace under everyone's gazes.

In the Dao Palace, the palace hall was extremely vast, having a radius of three hundred yards. However, the strange thing was that there was no roof above. This Dao Palace had an open roof, and there was sunlight shining down.

Qin Mu looked in detail and saw that because there was no roof, the light from the sun, moon, and stars could shine down. Furthermore, space here seemed to be rather strange. Once the sun passed by, the rays of the moon would shine here, forever illuminating the Dao Palace.

And for the man-made stars and galaxy in the sky, after the light was gathered, they looked much bigger from here than anywhere else. He could even rely on his naked eye to see the vein lines and palaces on the stars without any divine art.

The stars were bright and colorful, making it a very wonderful sight.

At this moment, in the main hall of the Dao Palace, there were already dozens of old Daoists sitting on praying mats and floating in the air. They had all kinds of auspicious qi lingering around them.

Those old Daoists looked old, and it wasn't known how long they had lived for. Their long brows and long hair were snow-white, and they sat there motionless. They opened their blurry eyes and had a serene expression.

Even though their eyes were blurry, terrifying light would burst forth from their eyes from time to time. It was evident that their cultivation was immeasurably deep.

There were also some Daoists that looked much younger, but it was only in comparison to the old Daoists. These Daoists weren't young, and they all had white hair. Even their clothes were turning white from washing too much. Some had tattered Dao robes, and some of their shoes were already torn, revealing several toes.

Qin Mu looked around, and he noticed a few people that wore fresher clothes.

One of them was a middle-aged man that wore a yellow colored Dao crown with a purple cord on a seal around his body. There was a horsetail whisk in his hand and a sword on his waist. He must be the sect master of Clear Sky Heaven.

The others should be the guests from the celestial heavens, and they were all very young. Most of them were youths that had delicate facial features, and they were looking curiously at Qin Mu and Dao Master Lin Xuan who were walking in.

The strange thing was that Clear Sky Sect Master wasn't sitting at the highest position. He was sitting one level below them, which showed that his position was slightly lower than those youths.

Those youths also weren't sitting in the highest position. On the highest position was the god statue of Dao Ancestor. It should be a wooden sculpture that was from a very long time ago.

That sculpture was about thirty yards tall, and it was a sloppy Daoist that had a horsetail whisk on his back. There was a strange compass in his hand as he bowed with the compass stretched forward. The gaze of the sloppy Daoist was on the compass.

The wooden sculpture was remarkably true to life and was very vivid.

'It's indeed him.'

Qin Mu revealed a smile. This sloppy Daoist was that Daoist that he had met in the Jade Pool Meeting. The one that had attended the meeting with the young Brahma Buddha.

Back then, the Daoist didn't do anything at all and just research his algebra daily while Brahma went around begging for spirit pills, relying on his spirit pills to keep both of them alive. Moreover, Brahma had quite the temper and was insistent on not taking more than the spirit pills he had begged for. He said that it would spoil his cultivation.

“The Dao Sect of the lower bound was established by the exiled disciples of the Dao Sect. They once assisted Founding Emperor during Founding Emperor Era and did things that are rebellious, so they are actually guilty.”

The position of Clear Sky Sect Master was very high, and he looked at Lin Xuan and Daoist Cha from high above. He explained the origin of Eternal Peace’s Dao Sect and said at a steady pace, “On the other hand, my Clear Sky Heaven is also called Clear Sky Sect. It was established by the disciples taught personally by Dao Master when they came to reside here. Back then, after Founding Emperor’s rebellion, Clear Sky Heaven lay hidden in the heavens of the Primordial Realm and sealed the sky of Eternal Peace on orders. With the rules of the celestial heavens, Eternal Peace’s Dao Sect was to be eradicated, but it was me who pleaded with the celestial heavens to spare you guys. Little Friend Lin, you just said that my Clear Sky Heaven is a branch of your Dao Sect, now do you know the whole story?”

One of the old Daoists beside him sneered and said, “Little Friend Lin, aren’t you going to pay your respects to Sect Master?”

Dao Master Lin Xuan bowed and greeted Clear Sky Sect Master, “Senior brother.”

All of the Daoists frowned, and they shouted, “Absolutely disgraceful! Why aren’t you kneeling down?”

Lin Xuan greeted, and his greeting was a greeting to another person of the same seniority. According to the rules, it should be the greeting of a junior to a senior, kneeling three times and kowtowing nine times!

Qin Mu said with a smile, “Since you are both from the Dao Sect, for him to kneel and worship, can you take the greeting when you aren’t even Dao Ancestor?”

“I have the three treasures that Dao Ancestor handed down. The horsetail whisk, the Dao shoes, and the Dao crown that represents Dao Ancestor, so naturally I can take Little Friend Lin’s kneel and worship.”

Clear Sky Sect Master had a snow-white gaze as he looked at Qin Mu. “Eternal Peace’s Heavenly Saint Cult Master, also known as Overlord Body Qin Mu. Little Friend Lin is of the same sect, and I also acknowledge him as a junior brother, so he doesn’t need to kneel. But why are you not paying your respects to me?”

Qin Mu was speechless, and he burst out into laughter. “Let’s not say how you can’t take my worship. Even if Dao Ancestor comes here personally, he also can’t take my worship. If I worship you, your lifespan will be reduced.”

Clear Sky Sect Master waved his horsetail whisk and said leisurely, “Eternal Peace, merely a small country. Any one of the twenty-four kingdoms of gods under my Clear Sky Heaven is no smaller than Eternal Peace Empire. You are merely the cult master of a small sect in a small country, I can take your worship.”

He gave a faint smile and said, “Behind me are the emissaries of the celestial heavens. They represent the celestial heavens and symbolize the authority of Celestial Emperor, they also can take your worship. Overlord Body Qin, you can kneel and worship now.”

Those few youths from the celestial heavens sat on their thrones and looked at Qin Mu with much interest.

Qin Mu laughed loudly and shook his head. "Since Sect Master wants me to worship, I should worship Dao Ancestor first. Little brats of the celestial heavens, fall back, don't block Dao Ancestor!"

Clear Sky Sect Master frowned and left his throne.

Those few youths from the celestial heavens also gave off soft laughter and left their seats.

Qin Mu walked forward and raised his head to look at the wooden sculpture of the sloppy Daoist. He said with a smile, "Old Daoist, Mu has come to visit you. Your disciples have asked me to worship you. I going to kneel down right now!"

Just as he lifted the corner of his clothes, that wooden sculpture of Dao Ancestor suddenly exploded into pieces with a loud bang!

All of the old Daoists in the Dao Palace jumped in shock. After seeing the wooden sculpture of Dao Ancestor split apart, Dao flames suddenly burst out and burned the sculpture into ashes!

Qin Mu laughed loudly and didn't kneel down. He turned around to face Clear Sky Sect Master and said loudly, "Old Daoist, your disciples want me to worship your Dao crown, Dao shoes, and horsetail whisk, to worship these three treasures means that I'm worshipping you. In that case, here's my worship!"

The moment he tried to kneel down, the Dao crown on Clear Sky Sect Master's head suddenly exploded with a pop. The horsetail whisk in his hands suddenly burst into flames, and the Dao shoes on his feet instantly turned into ashes!

Qin Mu straightened his back and looked at the helpless Clear Sky Sect Master. He said with a smile that was yet not a smile, "Sect Master, now you know you can't take my worship. Even Dao Ancestor can't take my worship. Take back your awe-inspiring authority."

Clear Sky Sect Master's hair was messy, and he threw away the horsetail whisk that had turned into ashes. He stood there barefoot, not knowing what to do.

The other old Daoists were astonished, and they were also at a loss. 'Is the overlord body that powerful? Even Dao Ancestor doesn't dare to take his worship?'

Chapter 830: Who is Coming to Die

It was silent in Dao Palace.

Those few emissaries from the celestial heavens also frowned. They have heard about the overlord body when other people were gossiping that in a small place called Eternal Peace of the lower bound, there was an Eternal Peace Overlord Body that was said to be unmatched throughout the ages.

When the gods in the celestial heavens talked about this, they were all laughing and saying how a person from a small place was bragging all the way to the celestial heavens. Most of them only treated it as small talk and no one ever discussed it seriously.

When they heard Qin Mu calling himself the overlord body just now, they almost burst out into laughter. Yet Dao Ancestor's reaction was completely out of their expectation.

Dao Ancestor would rather destroy his statue and not take Qin Mu's worship. It looked like this overlord body wasn't as simple as what the gods of the celestial heavens had thought.

Suddenly, one of the youngest youth among the emissaries clapped his hands and laugh loudly. The clapping sounds woke everyone up from their daze.

That young Daoist said with a smile, "Fantastic, truly fantastic! Eternal Peace Overlord Body actually dares to destroy the god statue of Dao Ancestor and even destroy the three sect treasures in front of Sect Master, as expected of the overlord body!"

Everyone came to a realization and an old Daoist raised his finger to point at Qin Mu. He shouted. "You rascal, you destroy Dao Ancestor's statue of our Clear Sky Heaven and even use some dark techniques to shatter the three treasures of our Dao Sect! Our Dao Sect and you cannot exist together!"

The other Daoists were about to berate when Clear Sky Sect Master shouted fiercely, "Shut up—"

Silence fell upon Dao Palace once again.

Clear Sky Sect Master looked wretched and other than shock in his heart, it was still shock. He had not an ounce of anger at all.

That was because he didn't dare.

He had thought much further ahead than the other Daoists.

Even though Qin Mu's cultivation was not weak and was considered a top-notch practitioner below the god realm, he couldn't destroy Dao Ancestor's god statue. He also couldn't destroy the three treasures.

The three treasures of Clear Sky Sect was Dao Ancestor's treasure. Dao Ancestor was an existence of Emperor's Throne Realm and even though his three treasures were all things that were used daily, things that were used daily by a strong practitioner on Emperor's Throne realm was not ordinary. It was impossible for Qin Mu to use any peculiar divine arts to destroy these three treasures.

Furthermore, if Qin Mu made a move, he wouldn't have been able to deceive the eyes of the experts on board.

What destroyed the three treasures was the three treasures themselves.

These three treasures had actually destroyed themselves!

It was the same for Dao Ancestor's god statue as well.

This also meant that Dao Ancestor affirmed that he wasn't worthy of Qin Mu's worship, that was why he destroyed his god statue and the three treasures!

"Salute!" Clear Sky Sect Master suddenly said.

Numerous Daoists in Dao Palace were stunned. However, since Sect Master has given the order so they couldn't go against it. They could only get up and form two lines to bow towards Qin Mu.

Qin Mu took a glance at those emissaries from the celestial heavens and the youngest youth that had spoken earlier frowned. He whispered something to the other youths beside him and Qin Mu didn't know what they were talking about.

'Looks like the youngest one is then their leader.'

Qin Mu looked and he waved his hand. "Please rise. Where is my seat?"

Clear Sky Sect Master hesitated for a moment and ordered someone to fetch a seat. He placed the seat in front of the burning god statue and the position was even higher than the emissaries from the celestial heavens.

Qin Mu sat down and looked around him with a smile. "Dao Master Lin Xuan is a Dao friend on the same seniority as me, he needs to have a seat as well.

Clear Sky Sect Master frowned and ordered someone to fetch another chair over.

Dao Master Lin Xuan sat beside Qin Mu and Qin Mu said with a smile, "Everyone, please take a seat."

Clear Sky Sect Master bowed and gave his thanks before leading a bunch of Daoists to sit down respectively.

Qin Mu let out a sigh of relief and thought to himself. 'Looks like Dao Ancestor is still alive and not yet dead. I just don't know if he is in the hands of the extraterritorial celestial heavens or if he is in the hands of the ancient god that's already dead. I really can't understand this old Daoist...'

He didn't know if Dao Ancestor would still look back on the friendship of the past.

During Dragon Han Era, he had given Dao Ancestor and Brahma Buddha some guidance and left behind a friendship. When Celestial Venerable Yu had died, it was Qin Mu who had imparted the techniques and taught everyone the path of immortality. Dao Ancestor was also one of the people that had listened.

However, whether or not this kind of friendship could withstand the corrosion of benefits and time, Qin Mu wasn't sure at all. Luckily, Dao Ancestor didn't dare to take his worship so he didn't get surrounded by Clear Sky Sect.

Qin Mu looked at those few emissaries and he smiled. "Dao friends from the extraterritorial celestial heavens, please take a seat."

Those youths frowned and the youngest Daoist said with a smile, "No need to worry, let us take a sit first. In front of me, he can't do much."

Just as they sat down, those few Daoists sprinted over here in a hurry with a flustered expression. Before he even reached here, they cried out loudly, "Bad news! The disciples of the star gods have all died in Dao Sanctuary!"

"What?"

An uproar burst out in Dao Palace. The old Daoists that had just sat down got up again and they revealed looks of astonishment. The few emissaries of the celestial heavens were also furious and astonished. They slammed the table and shouted angrily.

Clear Sky Sect Master got up and gripped his fists. Veins popped out on his forehead and his back was covered in cold sweat.

That young Daoist from the celestial heavens continued to sit on the throne and asked coldly, "Fu Yuntian, what is going on? The disciples of the star gods dying in Clear Sky Heaven, how should you be dealt with?"

Beads of cold sweat rolled down Clear Sky Sect Master's forehead and he bowed. "Emissary, please calm down. This disciple isn't clear with his words, let me get to the bottom of this!"

With a hoarse voice, he stretched his hand out to grabbed those few Daoists and asked fiercely, "The disciples of the star gods have died in Dao Sanctuary, is this true or false? Has everyone died? Is there anyone that had escaped? What are the people in Dao Sanctuary doing, how did they let the murderer get his way there? Where are there?"

His heart was flustered and rambled on continuously like a barrage of gunfire. He made those young Daoists unable to reply him in time.

Only then did Clear Sky Sect Master came back to his senses and hurriedly put them down. He slowed down and said calmly, "Since it has already happened, tell us slowly and clearly."

One of the Daoists hurriedly explained, "Sect Master, a few senior uncles had come to Dao Sanctuary at first and one of them was Senior Uncle Tian Hong. He walked a round in Dao Sanctuary and told us that Green Goat Palace had been robbed and cleaned out by the thieves. They had come over to check if the thieves had infiltrated into Dao Sanctuary."

Clear Sky Sect Master nodded his head and said, "They were sent over by me to inform you guys, they are elders of Dao Palace."

Dao Palace was where the elders of Clear Sky Heaven resided in and Dao Sanctuary was the place to research the paths, skills and divine arts. Dao Sanctuary was mostly filled with young disciples that had nimble thoughts and fast reactions.

That Daoist took a glance at him and said carefully, "After that, our Dao Sanctuary got robbed. It was done by Senior Uncle Tian Hong among those few senior uncles that Sect Master has sent to inform us. First, a senior brother realized his treasure was missing, then everyone realized they got robbed as well. Their best treasures that they used daily were stolen without any of them knowing, thus everyone rushed out to find those few senior uncles."

Clear Sky Sect Master frowned and said, "Everyone went out?"

That Daoist hurriedly said, "The disciples of the star god had stayed behind to draft the formation diagram of the constellations. They weren't robbed. When we came out, we realized that all the palace had got robbed. Twenty-four halls, twelve sanctuaries, they were all stolen from. We searched around and found Senior Uncle Tian Hong who got stripped of his clothes and thrown into the treasure vault of Dharma Hall. Smelly socks and underwear were even stuffed in his mouth and his primordial spirit was sealed. That thief disguised himself as Senior Uncle Tian Hong to rob our Clear Sky Heaven. We sealed Clear Sky Heaven and planned to find this thief when we walked passed Dao Sanctuary and flowing out from the gap. We opened up the door and saw that the senior brothers from the celestial heavens all dead inside..."

Clear Sky Sect Master gritted his teeth and said coldly, "Luring the enemies away from their territory! This thief lured you guys away so he could lay his hands on the emissaries of the celestial heavens! Have you found the thief?"

"Not yet. When we hurried over earlier, we heard someone had sealed Senior Aunt Yu Xiao's primordial spirit and stuffed underwear in her mouth. She was buried and had rice straw over her head..."

Clear Sky Sect Master finally couldn't hold back his anger and was about blow up when Qin Mu gave a cough. He said calmly and indifferently, "Sect Master, your Clear Sky Heaven has indeed been robbed. Even we had our stuff stolen. However. it wasn't the thief that had killed the disciples of the star gods, it was that me and Daoist Lin Xuan that had done it."

When he said that, Dao Palace was in an uproar.

Clear Sky Sect Master's mind was blown and everything in front of his eyes turned black. He stumbled slightly.

Qin Mu sat on the throne and his finger gently tapped on the dragon head armrest on the throne. He said indifferently, "I'm here as a guest and Dao Master Lin is here to visit his relatives. We shouldn't have taken our own initiative to kill in the host's house. However, the guests of the host were trying to plot against Eternal Peace and refine some kind of sky map to destroy Eternal Peace. Since they are hostile to us, in that case, we can only make a move. We are upright people that don't do any shady stuff, since we have killed those dogs of the celestial heavens, we naturally have to inform Sect Master."

Clear Sky Sect Master's mind was in a mess and the other Daoists were all at a loss. They just looked at him with blank expressions and waited for him to speak.

That young Daoist from the celestial heavens suddenly stood up and said coldly, "Fu Yuntian, the disciples of the star gods have died in Clear Sky Heaven. You can't handle the responsibility for this

crime. Now that you know the murderer is right in front of us, what are you waiting for? Are you waiting for Clear Sky Heaven to be wiped out?"

Clear Sky Sect Master gripped his hands and turned to look at Qin Mu.

Qin Mu said indifferently, "Dao Ancestor hasn't said anything yet, is Sect Master going to take matters into your own hands? Why aren't you asking Dao Ancestor?"

That young Daoist turned around to look at Qin Mu and he chuckled. "Dao Ancestor's god statue got destroyed by you, how is he supposed to contact Dao Ancestor? Overlord Body Qin Mu, you have first destroyed the god statue of Dao Ancestor before destroying his three treasures, now you have also killed the disciples of the three-hundred and sixty star gods and is trying to pin the blame on Clear Sky Heaven, destroying the philosophy of Dao Ancestor. You are harboring unfathomable motives and deserve to die!"

Qin Mu laughed and said leisurely, "Sect Master should still have other methods to contact Dao Ancestor, am I right? Aren't you going to do it?"

Clear Sky Sect Master was out of his wits and he gritted his teeth. He turned around to leave and said solemnly, "Where I meditate have a painting of Dao Ancestor, let me ask for his opinion! As for the other people..."

He stopped and frowned before saying with a low voice, "Look after them, don't let them take even half a step out of Clear Sky Heaven!"

One old Daoist asked softly, "What about the emissaries of the celestial heavens..."

"Including the emissaries of the celestial heavens!" Clear Sky Sect Master hurried away.

Qin Mu stood up and yawned. He walked down the steps and walked out of the palace. He said with a smile, "Borrowing power from the good wind, sending me up to the clear sky. Clear Sky Heaven is truly a good place, can I reach heaven in a single bound?"

The young Daoist from the celestial heavens also stood up and follow behind him. He said with a smile, "You can reach heaven in a single bound or you can also miss your footing and fall into the pits of hell."

Dao Master Lin Xuan threw glances to Daoist Cha and both of them walked out of Dao Palace.

"Your bearing is extraordinary, how do I address you?" Qin Mu walked out of Dao Palace and he asked that young Daoist.

"Dao Sect of the celestial heavens, Dao Ancestor's direct disciple, Xiao Chunfeng."

That young Daoist said indifferently, "Even though I'm a disciple of Dao Ancestor, I've never meet Dao Ancestor before. The reason why I entered Dao Sect was only for an honorary title to learn the spells and divine arts of Dao Sect only. With my family's position, being Dao Ancestor's disciple is an honor to Dao Ancestor."

Qin Mu's heart stirred and he asked, "Could brother be the son of some ancient god?"

That young Daoist was astonished and he praised. "Overlord Body Qin's reputation is not undeserved. I am the son of Goddess of Great Moon."

"No wonder your surname is Xiao, you follow your mother's surname."

Qin Mu said with a smile, "Great Moon Sovereign is the ancient god of the moon, a god on par with Great Sun Sovereign. However, looking at how young you are, Great Moon Sovereign must have hook up with someone to give birth to you."

The corners of Xiao Chunfeng's eyes twitched.

Qin Mu was full of smiles. "When I killed the disciples of the star gods earlier with Dao Master Lin, I didn't see any disciples of the four deities, may I ask where are they?"

"We are right here." Behind him, those few men and women of the celestial heavens said coldly.

Qin Mu turned around and said, "Which one of you is the disciple of South Deity?"

One young girl in red said, "I am."

Qin Mu examined this young woman carefully and nodded his head gently. He said with a smile, "South Deity and I go way back, I won't kill you. Senior brothers of the celestial heavens, the overlord body is right here, who is coming to die?"
