

HIDDEN 1447

Chapter 1447: Lu Bei Is Su Bei!

“Now, let’s talk about you first!” Lu Bei’s eyes were like a clear pool without any filth, but they were like sharp arrows that wanted to pierce through Zhang Yang. “Not only do you rely on the so-called public welfare to make money for yourself, but you also secretly put all the profits into your own pocket in order to deceive others and avoid taxes. As a person, you’re simply hypocritical. If we were to look at it from a legal perspective, you’re avoiding taxes. Shouldn’t you explain these things to the relevant departments?”

Zhang Yang was just a little afraid that he would offend Lu Heting and get into trouble. Now, he was really afraid. If he really had to explain this money matter, he was afraid that he wouldn’t be able to explain it well.

Previously, when he started doing public service, he was indeed doing it just to help. However, as his circle of contacts grew, he became tainted by many benefits. His wallet also grew bigger and bigger, and he became bolder. He did more and more things that were on the verge of breaking the law.

He never expected that Lu Bei would expose him in public this time.

He cowered, obviously trying to reduce his presence, but the reporters were snapping away at him, not giving him a chance.

“Zhang Yang, you don’t have to hide or say anything else. I’ve already reported the matter on your side to the relevant departments. Others might not care about where you got the money from, but you run such a huge company and have such a huge loophole that you’re using to avoid paying your due taxes. All kinds of projects aren’t listed in the company’s account. I’m afraid you’ll have to clarify these things.”

After Lu Bei finished speaking, there were indeed many people in uniform outside.

After receiving the call that reported this case, they came over to look for Zhang Yang to understand the situation. This company easily received tens of millions of yuan, but under the guise of public welfare, there was no trace of the money on the books. Zhang Yang was probably doomed this time!

After Zhang Yang was taken away, Wang Jiarou lost all her support.

While protecting the child in her womb, she walked out in a daze. Before, she had been on the verge of nothing. Now, not only had she lost everything, but she’d also gained countless infamy...

Lu Bei’s fans kept accusing her of being shameless and disgusting.

Lu Bei picked up the microphone and said, “Fans standing outside, you don’t have to care about Wang Jiarou’s matter, and you can’t criticize her anymore. She’s already in a terrible state. If you say or do anything, you’ll be the one criticized. You just like celebrities. There’s no reason for you to get into such trouble just because you like someone. To everyone who likes me, I hope you can remember that you have to protect yourselves first before even thinking of liking and supporting me. You don’t have to get a bad reputation for a moment’s pleasure, do you understand?”

He spoke very seriously, but he spoke for the good of his fans.

The fans understood. They raised their signs and shouted, "We got it!"

When the reporters saw that Zhang Yang had been taken away and Wang Jiarou had also walked out and disappeared, they raised their microphones and asked Lu Bei loudly, "Lu Bei, you said that you wanted to explain the matter with Su Bei just now. What exactly happened?"

"How do you explain the fact that you were in the same hotel room at the same time? Was it a work thing?"

"Lu Bei, has your relationship with Mr. Lu been affected? What do you think about this matter?"

Everyone asked Lu Bei questions and also paid attention to Lu Heting who was not far behind him.

Lu Heting sat in a chair with his long legs crossed elegantly. From just now until now, he had maintained the same posture. His face was as calm as water, and his dark eyes were deep without any emotion.

The reporters had always been curious about the mysterious Mr. Lu. What kind of attitude would Mr. Lu have when something like this happened to Lu Bei? How would Lu Bei explain it?

Lu Bei smiled. The smile on his face was no longer seductive and aggressive. It was calmer now. He bowed and said, "First of all, I want to apologize to everyone for delaying everyone's matters. I'm holding this press conference partly also because of what I have to say next. That is..."

He reached out and placed his hand on his short, thin hair. With a whoosh, he lifted the wig off his head. To the astonished eyes of the reporters, his naturally curly chestnut hair cascaded down and fanned out around his ears. The refined and elegant young man instantly became a stunning young woman.

He, no, she unbuttoned the white shirt she was wearing, revealing a lady's T-shirt that was silky smooth underneath. The natural champagne color made her look even more stunning. Her grace and composure caught everyone's attention.

"What..."

"That's Su Bei!"

A reporter with sharp eyes recognized that the person standing in front of him was no longer Lu Bei but Su Bei!

It was just a simple change in her hair and clothes, but the person standing in front of them was like a different person. Su Bei's signature bright smile and naturally long chestnut hair appeared in front of everyone.

"So what's going on?"

"Could it be that Su Bei has been disguising herself as Lu Bei?"

The fans outside were also clamoring. They couldn't see clearly, but they understood something from the reporters' words. They were all looking forward to the scene, eager to rush in and see what was going on.

"It's really Su Bei! After Lu Bei changed his clothes, he really became Su Bei!"

The reporters pressed their shutters to record the scene. It really was true!

When she was dressed as a man, she looked magnanimous and noble. Her demeanor was that of a young man. It was completely impossible to associate him with Su Bei, and it was absolutely impossible to associate him with being a woman.

Conversely, with Su Bei's naturally beautiful hair color and smiling face, no one could associate her with a man.

However, everyone was in for a ride after Lu Bei took off his wig and unbuttoned his shirt in front of everyone.

Everyone could not believe what they were seeing, but they had no choice but to believe it. Su Bei's exquisite facial features gradually overlapped with Lu Bei's delicate face.

Su Bei picked up the microphone and tucked her hair behind her ear. Then, she said, "I sincerely apologize to everyone for pretending to be Lu Bei. I'm sorry, but there's no Lu Bei. There's only Su Bei. From the beginning to the end, it has only been Su Bei!"
