

HIDDEN 1457

Chapter 1457: Man-Womanizer

Sister Yang's face had long darkened. She said to Su Bei, "The company has already agreed to your request."

"What did they agree on?" Su Bei asked casually.

"We agree to terminate Zhao Sixiu's contract and pay him his remuneration for all these years according to your request. You'll call the police to have them retreat, right?" Sister Yang explained in detail.

"Oh, sure." Su Bei stood up and walked out.

There were a few uniformed people standing outside. They were all bodyguards arranged by Lu Hang to protect Su Bei. However, they were wearing police uniforms now.

!!

"Young Madam, we came here because..." the person asked cautiously, not knowing what Su Bei wanted them to do.

"I'm sorry, I made a false report. My eyes were playing tricks on me. It turns out there's no kidnapping or anything like that," she said. "Please go back."

The person understood what Su Bei meant and said, "You're delaying our work here. In the future, you must check clearly before calling the police."

"Okay, okay. I'll definitely do that."

"But we'll also do everything we can to keep the people and their property safe. Is everything alright here? Do you want us to go in and check?"

"It's really nothing. There's no need to check." Su Bei could feel that Sister Yang's emotions were being taken on a rollercoaster ride now.

Seeing Su Bei blink, the person said, "Then we'll patrol around here again to make sure nothing is happening. If anything happens on your side, remember to call the police in time."

Su Bei smiled. "Okay, got it. Thank you!"

With that, she turned around and went back to the room. Seeing that Sister Yang's forehead was indeed covered in sweat, Su Bei's smile widened. "So, Sister Yang, where are your company's legal and finance executives? How long will it take for them to get here? They'll have to work overtime today."

Sister Yang had to say, "Within half an hour."

The police outside had not really left at all. Even if she had a mind full of ideas, she could not play any tricks.

Su Bei blinked at Xu Huiru. With the bodyguards outside, she was not afraid of Sister Yang at all.

Sister Yang and her company deserved this kind of treatment!

Half an hour later, the company's finance and legal executives arrived together.

Another half an hour later, Zhao Sixiu received his termination document. There was also a considerable sum of money transferred to his account. The company should have given him the money for his work all these years, but it had been maliciously withheld.

Seeing that the finance department had transferred such a large sum of money to Zhao Sixiu and thinking that she could no longer rely on Zhao Sixiu to earn money in the future, Sister Yang felt terrible.

This huge loss...

Did Zhao Sixiu think that his future would be bright if he left the company?

As if reading Sister Yang's mind, Su Bei smiled and said, "By the way, Sister Yang, after Sixiu leaves, I don't want to see any dirt on him. Otherwise, I can't guarantee that I won't call the police and create some dirt on your company."

Sister Yang was speechless.

She'd been seen through before she'd even made a move. How would she dare to do that now?

Su Bei, Zhao Sixiu, and Xu Huiru went out together. After taking a few steps, Su Bei turned around and said, "By the way, you just said that if brainless fans find out that Zhao Sixiu is in a relationship, they'll tear him apart and skin him alive. You're wrong. Fans don't hate their idols for dating. You don't understand them at all. What they hate is the behavior of you people. You casually set up a persona for celebrities that's completely unsuitable for them! They're fans, but they're not brainless!"

Sister Yang felt like she was going to suffocate. Her breathing quickened, and she could not help but clench her fists.

When he walked out with Su Bei and Xu Huiru, Zhao Sixiu felt like he was in a dream.

"Su Bei, thank you so much." Xu Huiru cried with joy.

Zhao Sixiu also came back to his senses. "Su Bei, about this..."

"Alright, alright. There's no need to thank me. I didn't help you purely for your sake." Su Bei waved her hand and interrupted Zhao Sixiu's expression of gratitude.

"I understand," Zhao said. "Whatever you request you make, I'll do it."

"You're very suitable for the role of the second male lead in the movie we're filming now, so I hope you can continue filming it. In addition, I've already asked Xu Huiru to organize your personal information and send it to Di Xing Media Company. You'll have to think about whether you're interested in joining."

Zhao Sixiu was pleasantly surprised. The standard operation of Di Xing Media Company was not something that Sister Yang's company could compare to. Back then, if not for the sake of helping Xu Huiru's father pay off the loan sharks, he would not have entered such a company.

"It would be my honor to join Di Xing."

“Then get ready to meet Mr. Weijian,” Su Bei said. “You don’t have to thank me. I’m just helping Di Xing Media Company recruit another talent.”

Even so, when she left, Zhao Sixiu and Xu Huiru’s eyes were still shining.

...

After Su Bei settled Zhao Sixiu’s matter, she received a thank-you call from Lu Weijian.

“Sister-in-law, you’re truly my sister-in-law. This talent came at the right time! I was just saying that we should go against the market and promote two actors who are full of masculinity to create a sense of true acting skills!”

“Are you looking down on an artiste like me?”

“Of course not! Lu Bei is a man-womanizer!”

Su Bei’s car had just entered the residential area when a figure appeared in front of her.

“Baby!” The man rushed forward excitedly like a big dog.

Su Bei blinked and recognized that this person was Huo Zhong, whom she had worked with before.

“Huo Zhong? What’s the matter?” Su Bei only talked to him on WeChat. She was quite surprised that he suddenly appeared.

‘And what’s with the address?’

Huo Zhong said excitedly, “I’m your number one fan! Please give me your autograph and take a photo with me!”

Seeing his enthusiasm, Su Bei took a few steps back. “When we were filming together, I couldn’t tell that you were my fan. Do you like me when I’m in men’s clothes?”

“Not really. You’ve misunderstood. I started liking you when I saw you playing video games.”

Su Bei understood. Previously, she took Da Bao’s place and gained a bunch of gaming fans. On Lu Weijian’s birthday, she even met the entire JJ team.

Huo Zhong liked to play games, so it made sense that he liked her.

However, the username that Da Bao used previously was called ‘Baby’. It didn’t seem like much then, but when Huo Zhong called it out now, it made one’s scalp tingle.

“Baby, I’ve been practicing for a long time. I plan to neutralize that move of yours last time like this...”
