Chapter 1491: You've Been Cheated On Three Times?

The solution he mentioned was only a temporary solution.

Su Bei raised her voice. "What if I solve the problem?"

Gao Ban and Vice President Hu looked at each other, not believing that she could solve the problem.

How could a person with no reputation and no qualifications solve the problem?

Gao Ban said, "If you can solve the problem, we'll definitely admire you. We won't say another word in the future. We'll cooperate with whatever arrangements you make."

Su Bei smiled in satisfaction. "Okay, it's settled, then. I hope the two of you will cooperate with me when the time comes."

Her words were filled with confidence.

Moreover, although she looked ordinary and did not have any aura, when she was filled with confidence, she inexplicably gave off a dazzling feeling.

It made people involuntarily believe that she could do it.

After Su Bei left, Gao Ban asked Vice President Hu, "Vice President Hu, can Su Lu really solve this matter?"

"That's impossible. Even after looking for many people, I couldn't get in touch with Mrs. Cao. I can't even figure out the whole story. How could a young boy like him meet Mrs. Cao? Besides, how could Mrs. Cao be willing to talk with him?"

Gao Ban immediately echoed, "Then let's see how he'll send himself to his doom this time. As long as you succeed and he fails, even if Mr. Weijian comes back and asks about it, we'll have a justifiable explanation."

Vice President Hu knew that he could only take cold measures in this matter. He could only look for his mentor himself.

...

Fu Yujia asked Han Xu, "What's going on with the people from Nirvana Entertainment?"

"The vice president has been trying to contact Mrs. Cao, but Mrs. Cao said that unless Lu Weijian goes to see her personally, she won't give in. However, Lu Weijian is nowhere to be seen now. It can be seen that he really doesn't want that company anymore. Therefore, this matter is probably over. Nirvana Entertainment can only put up with the criticisms. As for whether they can survive this hurdle or not, it'll be up to fate."

This was similar to what Fu Yujia had expected. If things continued to develop like this, it would be beneficial to Sheng Tang Entertainment. They could use this opportunity to take a breather and fix everything.

On the other hand, Qiao Mei asked Su Bei worriedly, "Su Bei, Mr. Weijian is busy with the Huo family's matters now. It's impossible for him to meet with Mrs. Cao. As for Mrs. Cao, she's determined not to be persuaded by force or persuasion. It's useless no matter who says what to her. Are you going to use your true identity to see her?"

"If I meet her with my real identity, won't it make Grandpa and Grandma suspect that Mr. Weijian has gone to the Huo family? I have my own plans for this matter. Don't worry."

How could Qiao Mei not be worried?

She knew all too well that such a thing would be a big blow to an entertainment company and their personnel.

Now, no one knew clearly what was going on. Su Bei was also using Su Lu's identity at this moment. How could it be so easy to solve the problem?

However, Su Bei had her own plans.

Ordinary people indeed could not contact the furious Mrs. Cao, but she knew very well that Mrs. Cao was a regular customer of Feng Cheng's jewelry shop. She had always had a good relationship with Feng Cheng.

During this period of time, Mrs. Cao was in a bad mood and her spending had increased exponentially. She went to Feng Cheng's place especially frequently. As long as Su Bei went there, she could see Mrs. Cao.

She got dressed as Su Lu and quickly went to Feng Cheng's jewelry shop.

Before going, Su Bei told Feng Cheng the whole story and took a photo of herself for him.

Hence, after she went over, Feng Cheng welcomed her immediately and invited her in. "Mrs. Cao will be here soon."

"Okay, I'll talk to her myself," Su Bei said.

Feng Cheng was not good with words to begin with. Knowing that he had nothing to do here, he went back to his work.

After a while, Mrs. Cao came over with a few good friends. Su Bei welcomed her and said, "Mrs. Cao, please come in. What do you want to see today?"

"You don't look familiar. You're new here."

"Yes." Su Bei introduced herself without saying much.

Mrs. Cao was picky. Today, Su Bei specially asked Feng Cheng to prepare some new pearls that were made with special craftsmanship. They were very beautiful. After she recommended them to Mrs. Cao, Mrs. Cao was overjoyed.

Their relationship naturally became closer. Mrs. Cao sat down and looked at the pearls while her good friends went to the side to pick the jewelry they liked.

Su Bei poured her a cup of coffee and said, "Mrs. Cao, I heard there was something going on with Nirvana Entertainment a few days ago."

Hearing this sales assistant suddenly gossiping with her, Mrs. Cao immediately looked displeased and said, "This doesn't seem to have anything to do with you, right? Are you a reporter? How much did you give Feng Cheng to give you a chance to get close to me?"

"Mrs. Cao, I'm Su Lu from Nirvana Entertainment, and I'm also the current person in charge. I've always been friends with Feng Cheng. Mrs. Cao, if you misunderstand an innocent party, wouldn't that make the real mistress happy while she hides behind the scenes to watch the show?"

Although Mrs. Cao was furious, Su Bei's words made sense.

The words of the young man in front of her pierced her heart. She hated her husband for being disloyal, but she also hated the mistresses who ran rampant. She hated entertainment companies even more. They knew that she had a family, but they still sent their artistes to destroy her family.

"President Su, don't you know what your subordinates did?"

Su Bei said sincerely, "I've checked again and again. Such a thing has never happened. Mrs. Cao, can you give me some detailed advice? Although I'm here this time for the sake of my company, as someone who has been cheated on three times by others, I deeply hate third parties. I can empathize with your feelings, Mrs. Cao."

"I couldn't tell that you've been cheated on three times." Mrs. Cao's tone became gentler. "The evidence is all here. Take a look for yourself. Seeing that you're Feng Cheng's friend, I won't argue with you for the time being. But if you can't give me an explanation... Hehe. Mr. Su, don't blame me for making things worse!"

Su Bei took Mrs. Cao's phone and looked through it for a while. Most of the photos were intimate photos of men and women, but the quality was not high, so she could not see the women's faces clearly. As there were many faces in the entertainment industry, even if she could see these women's faces clearly, they would all look similar. It was difficult to determine who they were.

After that, there were some WeChat messages that showed the man and women flirting, as well as the women encouraging the man to get a divorce. The WeChat usernames were also too common.

Chapter 1492: Feed It To The Dogs

In addition, there were some requests for the man to transfer the money to the women. No wonder Mrs. Cao was angry. The total amount of money transferred was probably no less than 10 million.

Actually, some rich ladies turned a blind eye to their husbands' matters, provided that they did not go overboard.

However, it was simply intolerable to ask for money and encourage the men to get a divorce.

"Mrs. Cao, have you checked it? Are the women who received the money from Nirvana Entertainment?"

“Of course. I hired a private detective! President Su, don’t lie to my face. These women are from your company, right?”

“I’m sure they’re not.” Before Su Bei came, she had already investigated the employees and artistes of Nirvana Entertainment in detail.

Moreover, Lu Weijian didn’t sign just anyone.

Mrs. Cao said angrily, “Ha, so you’re saying it’s not true? You’re using public relations on me? I advise you to save it.”

“Mrs. Cao, actually, there are more effective ways to deal with this than smashing things. Are you willing to hear it?”

“Go ahead.” Mrs. Cao did not trust the young man in front of her much.

“Mistresses like this are too rampant. They destroy families and snatch away money. It’s really despicable. The money your husband gave these women was your married assets, but he gave it to his mistresses. You can sue them for improper gains and take back the money and items your husband gave them.”

“I see! Of course, that’s a good method. Tell me, how do I do it?” Mrs. Cao was still angry. When she heard Su Bei’s words, she was very interested.

“The salary, bonuses, and income earned by the couple during their marriage belong to the couple. The couple has common rights and obligations to jointly owned assets. No one is allowed to dispose of the joint assets without the other party’s consent. If you sue, there’s a 90% chance that you’ll get those things back.”

Mrs. Cao was indeed tempted.

“Mrs. Cao, it’s fine even if these things are fed to the dogs, but there’s no need to let mistresses take advantage of them, right?”

“Of course!” Mrs. Cao said immediately. “So, these women really don’t belong to your company?”

“They really don’t. Otherwise, wouldn’t I be slapping myself in the face? But I suggest you don’t spread the news to your husband and his mistress. Do it quietly in case the assets are transferred. When the time comes, give them a fatal blow!”

Mrs. Cao was excited. No matter who Su Lu was, she decided to believe the person in front of her.

She was just worried that the mistresses wouldn’t be able to get what they deserved. The criticisms on the internet weren’t enough to vent Mrs. Cao’s anger.

However, if she wanted to get all these assets back, these mistresses would be left with absolutely nothing!

This was the best way to vent her hatred.

Su Bei stood up and said, “Then I’ll take my leave first.”

“Alright, if this method really works, I’ll definitely be your friend,” Mrs. Cao said and immediately contacted her lawyer secretly.

After Su Bei went out, she sent Mrs. Cao’s evidence to Qiao Mei. “Sister Qiao Mei, help me check which company these celebrities belong to.”

They were all unknown small-time artistes. Even their Weibo accounts had been deleted. No wonder Mrs. Cao had gotten a private detective to investigate.

Su Bei quickly met up with Qiao Mei.

As long as Qiao Mei was tasked to do something, she would investigate it very quickly. She took the information she got and walked toward Su Bei. “Su Bei, look. These artistes are from Sheng Tang Entertainment. They’re not from Nirvana Entertainment at all.”

“Sheng Tang Entertainment?” Su Bei couldn’t help but be puzzled.

Qiao Mei also understood her doubts. “Tang Xinru is the boss who respects female artistes the most in the industry, so many female artistes who have ambitions will choose to join her company. How did things become like this?”

Su Bei didn’t dare to believe it either. She thought for a while and called Tang Xinru.

“Su Bei, what’s wrong?”

“Cousin, are you at Sheng Tang Entertainment now?” Su Bei asked.

1

Tang Xinru’s voice sounded faint. “Sheng Tang Entertainment has already been given to Tang Yue. Grandpa has taken back her other businesses. Only Sheng Tang Entertainment was given to her. It can be considered as giving her a way to make a living.”

Su Bei thought to herself, ‘No wonder. If Tang Xinru was still there, nothing like this would have happened.’

“Did something happen?” Tang Xinru asked. She had been too busy recently and did not care much about Tang Yue. Besides, who was willing to have any relationship with Tang Yue?

“It’s fine. It’s just a small matter. I’ll settle it myself.” Since it had nothing to do with Tang Xinru, Su Bei did not intend to trouble her.

“Okay, then look for me if you need anything. By the way, I heard that Sheng Tang Entertainment has been bought by someone else. Tang Yue isn’t in charge anymore.”

After hanging up, Su Bei and Qiao Mei checked the situation of Sheng Tang Entertainment and saw that the legal person had indeed been replaced. The company was not under Tang Yue’s name and had been bought by someone called Fu Yujia.

“This name sounds a little familiar.” Su Bei remembered that Lu Weijian had mentioned this name once. “No wonder something like this happened. Without Tang Xinru to hold the fort, everyone is messing around. Of course, the company won’t be any good days.”

Qiao Mei looked at the information for a while and said, "It seems that this happened before Tang Yue sold the company, but the incident broke out after Fu Yujia bought the company."

"But from the beginning, Mrs. Cao was certain that these things were done by people from Nirvana Entertainment. She even said that she had asked a private detective to investigate. If she had really asked a private detective to investigate, it's impossible for her not to find out about Sheng Tang Entertainment," Su Bei analyzed. Deep doubts appeared on her exquisite face.

"Unless Sheng Tang Entertainment deliberately diverted the evidence to make Mrs. Cao believe that it was done by Nirvana Entertainment. That way, they can avoid the limelight," Qiao Mei continued.

Su Bei agreed with her. "What you said makes sense. That's the only way it makes sense. Sheng Tang Entertainment doesn't want to deal with this mess, and Mr. Cao is also being vague about it. As long as his family doesn't get angry, he'll brush everything off. Therefore, Mrs. Cao vented all her anger on Nirvana Entertainment."

"As for why Nirvana Entertainment was chosen to be the target, it's most likely because Fu Yujia thinks that Nirvana Entertainment is a pushover, right? Anyway, Nirvana isn't famous and doesn't have any artistes who can hold down the fort. Even if the matter blows up, no one will speak up for Nirvana Entertainment," Qiao Mei said.

"Besides, even if Mrs. Cao finds out that she made a mistake, she'll just apologize and make a casual statement. With Nirvana Entertainment's size, nothing will be pursued," Su Bei continued.

Chapter 1493: I Treat You As A Dog

In the end, Su Bei concluded, "This is an important reason why Fu Yujia and Sheng Tang Entertainment are fearless. After diverting the trouble, they've washed themselves clean of the mess. It seems that Fu Yujia was also tricked by Tang Yue."

Her and Qiao Mei's summary was close to the truth. They had also grasped most of Fu Yujia's thoughts.

Qiao Mei said, "Then what do we do now?"

"I've already met Mrs. Cao. Of course, I have a way!" Su Bei's face shone with confidence. "Fu Yujia was tricked by Tang Yue. She wants to trick me? How can it be so easy?!"

...

Mrs. Cao went to look for a lawyer in private. On the surface, she appeared to be criticizing the mistresses on the internet.

These words aroused the sympathy of the netizens. For a moment, Nirvana Entertainment was criticized again.

All the artistes under Nirvana Entertainment had closed their Weibo comments. All of them were hiding in their apartments, not daring to say anything or show their faces.

After all, one of them had stood out previously and said a few fair words. In the end, they were scolded until they started to doubt their lives.

Mrs. Cao called Su Bei. "President Su, I've gotten someone to investigate the matter again. The private detective from before tricked me! These mistresses are from Sheng Tang Entertainment! Should I go straight to Sheng Tang Entertainment now?"

"Wait a moment. Even if you go over there right now, the public can't be bothered with you anymore. Do you know the logic of exhausting yourself in one go?"

Because Su Bei had helped her expose the real mistress, Mrs. Cao was convinced by her. "Then what do you plan to do?"

"Isn't Sheng Tang Entertainment going to hold a celebration soon? They'll let the new president cut the ribbon. In that case, why don't you send your lawyer's letter on the same day? Whether these artistes are from Sheng Tang Entertainment or not, causing a scene like that will be enough for you to slap those mistresses in their faces, right?"

Mrs. Cao wanted to slap the mistresses in their faces, so she agreed immediately.

"Mrs. Cao, don't scold them too harshly. Give Nirvana Entertainment a way out."

"Hahaha, President Su, you must be joking. I'm chiding Sheng Tang Entertainment, not you guys. However, this matter has taught me that beating and scolding are useless. It's best to let the other party suffer the most. Don't worry, I'm more anxious about this than you. You don't have to worry about me."

Mrs. Cao was calm for a few days, and the smoke on the internet lessened.

Nirvana Entertainment could finally heave a sigh of relief.

During the company meeting, Vice President Hu sat in his seat with an enigmatic smile on his face.

In the past few days, he had contacted his mentor and asked him to help put in a good word for him in the media to suppress this matter. It worked.

In the past two days, there had been fewer people talking about this matter.

Gao Ban smiled and said, "I knew it. Vice President Hu is the most capable person to deal with this matter. Su Lu said that he would think of a way, but he hasn't thought of a way yet."

"President Su is magnanimous and wants to solve the problem better, but there's no better way," Vice President Hu said humbly. "No matter how we choose to solve the problem, we can't let the matter escalate. Our first priority is to solve it."

"Yes, Vice President Hu, you're the most capable! President Su is too idealistic and naive!" Gao Ban gave him a thumbs up.

"By the way, why isn't President Su here for today's meeting? I personally informed him about it this time!" Vice President Hu said.

Everyone looked at each other and shook their heads, indicating that they had not seen Su Bei.

Gao Ban said, "Could it be that he doesn't dare to come because he doesn't want to lose?"

Everyone had the same thought, but they didn't say it out loud.

Gao Ban said to Vice President Hu, "President Hu, please help me out in the future."

These words implied that Su Bei would not be coming again. In the future, Vice President Hu would have the final say in Nirvana Entertainment.

Everyone quickly said, "Congratulations, President Hu!"

Vice President Hu pressed his hands down and smiled. "Congratulations, everyone! Let's learn from each other in the future!"

He really thought that Su Bei would not come.

"Then this time, you'll be the one attending Sheng Tang Entertainment's ceremony, President Hu," Gao Ban said.

Sheng Tang Entertainment had a new president. The ceremony this time was going to be very lively. Almost all the entertainment companies were invited to attend. Even an unknown company like Nirvana Entertainment was invited.

At this moment, Fu Yujia was carefully preparing for tonight's ribbon-cutting ceremony.

The mistress incident had already come to an end. She only invited Nirvana Entertainment to the ceremony to show everyone what those clowns looked like.

"Sister Jia Jia, you're really beautiful tonight!" A woman's voice sounded as she walked toward Fu Yujia.

"Rou Rou, you're very beautiful too." Fu Yujia smiled.

The person who came was called Lu Rou. She was from the side branch of the Lu family and had a good relationship with Fu Yujia.

Fu Yujia was naturally on very friendly terms with the Lu family.

Lu Rou reached out to help her adjust her clothes and said, "I'll accompany you out, Sister Jia Jia."

The two of them came out hand-in-hand and met a man wearing glasses. He said loudly, "I want to see Miss Fu!"

"Is Miss Fu someone you can meet? Yue Ze, it's not that I want to criticize you, but it's better for an unethical person like you not to meet Miss Fu. Even if you insist on meeting her, it'll be in vain," someone mocked.

Hearing Yue Ze's name, Fu Yujia stopped in her tracks. Lu Rou said, "Yue Ze seems to be Su Bei's former manager. He thinks highly of himself in Sheng Tang Entertainment just because he had Su Bei under his care. It's a pity that Su Bei has long become a movie queen and she's ignoring him now."

"Forget it. Let him be," Fu Yujia said.

Yue Ze wanted to see Fu Yujia as he wanted to talk about the mistress incident. After Fu Yujia left, Han Xu walked over. Yue Ze quickly walked up to Han Xu and said, "Assistant Han, Mrs. Cao's matter has nothing to do with Nirvana Entertainment. It's related to our company. I think many things in our company need to be rectified, especially the matter regarding those female artistes who are mistresses

and their managers. We should deal with the problem as soon as possible. Otherwise, there'll be endless trouble."

Han Xu looked at him coldly. "What right do you have to talk to me?"

"I'm doing this for the company's own good!" Yue Ze said loudly.

"That's not necessary. Just do your job well." After saying that, Han Xu ignored him.

Huang Liming, the managing director of Sheng Tang Entertainment, walked over and said, "Why, if it isn't Yue Ze? Why? Do you want to see Miss Fu? Tang Yue treated you like a dog, so how do you think Miss Fu will treat you?"

Chapter 1494: Emergence

"Huang Liming, weren't you also one of my dogs in the past?" Yue Ze mocked. "If it weren't for me, who would've brought you into the industry, helped you pay off your student loan, taught you how to do things step by step, and made you a manager? Do you think Tang Yue put you in an important position because of your ability? It was only because Tang Yue didn't like Su Bei and I had taken care of Su Bei that Tang Yue suppressed me and placed you in an important position! You only got to your current position just because Tang Yue wanted to squeeze me dry. Did you think you could've gotten all of these otherwise?"

Huang Liming was exposed by him and said angrily, "Yue Ze, believe it or not, I'll beat you up!"

"Go ahead! Do you think that because Tang Yue put you in an important position that Fu Yujia would as well?" Yue Ze looked at him mockingly.

Huang Liming said angrily, "You only took care of Su Bei before this. Yue Ze, what's there to be proud of? That's all in the past. I want to see how you'll gain a foothold in Sheng Tang Entertainment now!"

"I quit!" Yue Ze threw the resignation letter in front of him!

"Y-You!"

"Please take a good look at this. I submitted my resignation letter two months ago. I couldn't stand it anymore. You guys are oppressing artistes, and I can't stand an entertainment company that has become a pimp! Do you think I want to stay here and be with dogs like you?" Yue Ze adjusted his glasses. His eyes were cold behind the lenses.

Huang Liming said angrily, "Yue Ze, so be it. I'll approve it immediately! Let me tell you, it's easy for you to leave, but it won't be so easy for you to come back!"

"I don't want to see you scum either!"

With that, Yue Ze turned around and left.

At the ribbon-cutting ceremony, people came and went like clouds. Representatives of various companies appeared in the crowd.

Di Xing Media Company naturally received an invitation as well. Li Qisheng came on behalf of Di Xing Media Company. After entering the venue, he was surrounded by people who tried to get close to him.

Su Bei entered the venue dressed as Su Lu, and almost no one paid attention to her. Her company was unknown, and she looked very ordinary. In the entertainment industry, she could not attract any attention.

A moment later, Vice President Hu and Gao Ban arrived. Vice President Hu had some connections. After entering the venue, he even received two or three greetings.

“President Hu, I didn’t expect Su Lu to come here.” Gao Ban raised his chin in Su Bei’s direction.

Vice President Hu walked toward Su Bei. “President Su, you didn’t come to the meeting, but you’re here?”

“That’s right. I didn’t come to the meeting because I wanted to find a way to solve the company’s current predicament. Vice President Hu, you can understand, right?”

Gao Ban was the first to laugh. “Hahahaha, President Su, are you really resolving the company’s predicament? Don’t you know that it’s all thanks to President Hu that everything is calm outside?”

A smile appeared on Su Bei’s lips. Was it because of President Hu that everything was calm outside? Wasn’t it because she had advised Mrs. Cao to stop causing trouble?

Seeing that Su Bei didn’t say anything, he laughed loudly and said, “Now you know how powerful President Hu is, right? I told you long ago that with the help of President Hu’s mentor, it’s impossible for this matter to not be suppressed. President Su, I think you should give up the position of president to President Hu as soon as possible.”

Su Bei looked at them indifferently and looked at the door. She said, “Huh, Mrs. Cao is here today? President Hu, why don’t we go to Mrs. Cao’s side and exchange pleasantries and apologize?”

When Vice President Hu saw that Mrs. Cao was in attendance, he knew that with his current situation, he would just be asking for trouble if he went to look for her. If he didn’t have a way to resolve the matter, what was the use of going to look for Mrs. Cao?

If Mrs. Cao gave him a hard time in public, he would probably lose his reputation in the future.

He laughed and said, “President Su, aren’t you the president of Nirvana Entertainment? Why don’t you go and greet her?”

With that, he left quickly. He was determined not to show his face to Mrs. Cao.

Those two people were really cunning. Did Lu Weijian take a fancy to them because they rushed forward when they saw benefits and ran away when they saw problems?

Su Bei did not intend to look for Mrs. Cao, but she saw Yue Ze’s familiar figure walking out dejectedly. She subconsciously walked forward to see what was wrong with Yue Ze.

She was in a hurry and bumped into two or three female artistes.

“I’m sorry,” Su Bei apologized. “I’m too much in a hurry.”

The three female artistes were from Sheng Tang Entertainment. When they saw Su Bei's short hair and worn-out suit, they couldn't help but reprimand her. "Who do you think you are? Are you blind? If you damage our clothes, can you afford to compensate us?"

Su Bei had only bumped into one of the female artistes' arms and did not touch her clothes at all. When she heard the artistes' words, she could not help but frown. She looked at these female artistes seriously and could not help but find it funny. Weren't these the female artistes that Mrs. Cao wanted to kill?

Previously, Mrs. Cao did not manage to find out the truth, but Su Bei and Qiao Mei did. It was these female artistes who seduced Mr. Cao and the others. They relied on their beauty in the entertainment industry and some acting skills that they had learned to coax those rich men. Their professional knowledge was all used in these crooked ways.

Now, the group of them had the cheek to order people around?

"Misses, I only touched one of your arms. None of your clothes tore, right? I've already apologized. What else do you want me to do?"

The one in red snorted. She glanced at the name tag on Su Bei's clothes and said, "Oh, so you're from Nirvana Entertainment? Nirvana Entertainment has been very popular recently. I heard that all of you are pimps. I'm afraid you'll be the first to bear the brunt, right?"

The others also laughed. Even the guests not far away looked over and pointed at Su Bei.

"How dare the people from Nirvana Entertainment come?"

"That company is completely unpresentable. I wonder why Miss Fu was willing to invite them?"

"Tsk, tsk, tsk. Just look at President Su's shameful appearance. I can tell what kind of people are in that company. Everyone, stay away from them."

The female artiste in red mocked, "Forget it, I won't argue with you tonight. Anyway, Nirvana Entertainment will go bankrupt soon, so I'll spare you this time."

The female artiste beside her immediately said, "That's right. If a dog bites someone, it's impossible for the person to bite the dog back, right? Forget it, forget it. Why should we bother being so calculative?"

Chapter 1495: Please Accept The Lawyer's Letter

"People from such companies are like that. We'll only see them once in our lives. I can't be bothered to talk to them anymore," another female artiste said.

Her words were extremely insulting.

Su Bei confirmed that Mrs. Cao had already entered the venue with her lawyer. She looked at the three women in front of her and said, "You're called Wu Si, Cai Yanling, and Bai Qiuqiu, right?"

Wu Si said angrily, "So what? Do you think you can call us by our names? Look carefully, we're artistes from Sheng Tang Entertainment! Nirvana Entertainment isn't even worthy of carrying our shoes!"

"I've never thought of remembering your dirty names. You were right just now. Perhaps this is the only time we can meet in this life." Su Bei could already foresee the tragic outcome of the three of them.

Initially, she thought that they might also be victims who were dragged down by their managers. Now that she saw them, she realized that these three people might have taken the initiative to be mistresses. It was obvious how arrogant their attitudes were and how bad their morals were.

Cai Yanling was even angrier. "What right do you have to say that about us? Su Lu, after Nirvana Entertainment goes bankrupt, you'll just be a dog! How dare you bark at us?!"

At this moment, Fu Yujia had already appeared on stage. She was holding a microphone and expressing her gratitude. She was graceful, and her words were amusing, causing everyone to laugh.

Wu Si and the others stopped arguing with Su Bei and let her go for the time being. They focused on listening to Fu Yujia.

As soon as Fu Yujia finished speaking, there was a burst of enthusiastic applause from the audience.

At this moment, a rich lady dressed in jewelry appeared from below the stage and walked onto the stage.

Recently, the rich lady had been trending for a long time. As soon as she appeared, she was recognized by all. "It's Mrs. Cao! Mrs. Cao is better looking than in the videos online! She has been taking really good care of herself!"

"Mrs. Cao, you're here today too!"

"Mrs. Cao has a fiery temper. She's really formidable!"

Fu Yujia did not expect Mrs. Cao to go on stage directly. She was about to greet her when Mrs. Cao picked up the emcee's microphone. She said, "Everyone must want to know why I'm on stage, right? I'm here today to send lawyer's letters to the mistresses who destroyed my and my good friends' families!" Fu Yujia knew Mrs. Cao's identity, so it was not appropriate for her to get someone to chase her away. She held back her anger and said, "Mrs. Cao, if you want to send lawyer's letters, you don't have to do it during my ribbon-cutting ceremony, right? You can settle your matter with Nirvana Entertainment in private."

"Miss Fu, these mistresses are all from Sheng Tang Entertainment. Why can't I attend your ribbon-cutting ceremony?" Mrs. Cao asked.

Fu Yujia had a bad feeling.

Mrs. Cao took out several lawyer's letters. "These lawyer's letters are addressed to the female artistes of Sheng Tang Entertainment, namely Wu Si, Cai Yanling, and Bai Qiuqiu. I'm suing them for improper gains and snatching away my husband as well as my friends' husbands. You don't have to be in a hurry to deny it. My lawyer has already collected evidence that these women took our husbands' money. Please respond to the lawsuit!"

Everyone below the stage was surprised. "Are those mistresses from Sheng Tang Entertainment?"

"I've never heard of these names."

“They’re not from Nirvana Entertainment?”

As they discussed, three seats were automatically empty. Wu Si, Cai Yanling, and Bai Qiuqiu who were called out by Mrs. Cao, stood at their seats.

The three of them were completely dumbfounded. Didn’t their manager say long ago that this matter had nothing to do with them? Moreover, the men they slept with didn’t identify them. How did Mrs. Cao know?

“Mrs. Cao seems to be referring to them. Look at their nameplates.”

“They’re really artistes from Sheng Tang Entertainment! But I’ve never heard of them before!”

“Mrs. Cao, did you get the wrong person?”

“How can that be? Didn’t Mrs. Cao say that the lawyer has already collected the evidence?”

“Pfft, they’re simply committing crimes!”

The three female artistes trembled under everyone’s gaze.

Fu Yujia was about to deny it, but Mrs. Cao seemed to have expected what she was going to say. “Miss Fu, you don’t have to defend your artistes. This time, I’ve investigated everything clearly. I even found out about the bank records. I have conclusive evidence on which artistes became mistresses and which agents colluded with their artistes to destroy others’ families! Otherwise, I wouldn’t have dared to issue a lawyer’s letter to you, Miss Fu! Miss Fu, you must’ve been deceived by others. You don’t know anything about this, right?”

Fu Yujia gripped the microphone tightly. She did not expect Mrs. Cao to find out so much.

Previously, the matter had already calmed down. She originally thought that Mrs. Cao would be appeased after destroying Nirvana Entertainment.

Even if she found any clues in the future, she would not cause any big trouble. After all, the netizens would gradually grow tired of her if she caused too much trouble.

Who would have thought that she would do this?

Fu Yujia had no choice but to admit it. “Mrs. Cao, I have to apologize. I didn’t manage Sheng Tang Entertainment to have done such things in the past. It was only recently that I bought it. I didn’t expect the agents and artistes to do such a thing. I apologize to you on behalf of Sheng Tang Entertainment. I’ll also clear out the internal staff. Sheng Tang Entertainment will definitely not be the same company as before!”

Following her words, the audience applauded. Fu Yujia was indeed capable of turning disadvantages into benefits.

Mrs. Cao said, “Then please accept these legal letters and distribute them to those artistes.”

Fu Yujia’s expression changed a few times, but she still held on and got the staff to accept the lawyer’s letters.

Initially, she did not want to deal with those agents and artistes. Although what they did was a little immoral, it also meant that they were willing to risk everything and fight for the interests of the company. Compared to those prudish artistes, they were countless times easier to control.

But now, she had no choice but to deal with them.

“By the way, Miss Fu, I’m afraid you can’t keep the agents of those artistes around as well, right? Aren’t you going to give me an explanation on this?” Mrs. Cao asked.

Although Fu Yujia was unwilling, the matter had already blown up. She had no choice but to deal with it in front of everyone.

Otherwise, it was not Sheng Tang Entertainment that would be called a prostitution den but Nirvana Entertainment! She would also be labeled as a pimp!

“Or is it more appropriate for me to sue the agents and the company altogether?” Mrs. Cao asked.

Chapter 1496: A Fatal Blow To The B*tches

Fu Yujia had no choice but to smile apologetically and say, “As the president, I naturally have to give you an explanation. Those who made mistakes will definitely be severely punished. I’ll give everyone an explanation. In the future, Sheng Tang Entertainment will definitely be incomparable to before! I’ll definitely resolve all the previous matters and work hard!”

“Miss Fu, you’re such a straightforward person. Let’s see what you’ll do, then,” Mrs. Cao said with a smile. Initially, she thought that Fu Yujia was the one behind this matter, but there was no direct evidence. Looking at Fu Yujia’s attitude now, it should have nothing to do with her.

Fu Yujia told Han Xu to find a manager to take the blame.

At this point, Fu Yujia still felt that it was best to take action against useless people if she wanted to protect useful people.

Huang Liming was already panicking below the stage. This matter had something to do with him.

He was initially trained by Yue Ze. After Sheng Tang Entertainment was handed over to Tang Yue, Tang Yue did all sorts of things to earn money. Yue Ze was dissatisfied and refused to collude with her. Huang Liming was the first to go to Tang Yue to curry favor and was quickly promoted and given a raise.

Wu Si, Cai Yanling, and Bai Qiuqiu were his three most capable generals.

He had made a lot of money by doing these things. He had also trained himself to be a bootlicker and accumulated a lot of riches.

Therefore, when Fu Yujia took over Sheng Tang Entertainment, she thought highly of him and scoffed at Yue Ze.

When Han Xu came over, Huang Liming was so nervous that he stammered, “A-Assistant Han...”

“Where’s Yue Ze? We’ll blame Yue Ze for this.”

Huang Liming was overjoyed. "That's great. A person like Yue Ze, who doesn't know how to be flexible, should have been dealt with long ago! He thinks that he's outstanding, but he's so arrogant that he even thinks Miss Fu has a lot of shortcomings. He can't wait to teach Miss Fu how to run the company! Such a person should have been dealt with long ago!"

"Let's not talk about this anymore. Where's Yue Ze?" Han Xu wanted to push the blame on Yue Ze, so Huang Liming naturally knew he was safe.

Huang Liming immediately shouted, "Where's Yue Ze? Hurry up and call him over!"

Huang Liming's assistant said carefully, "Director Huang, didn't you approve the resignation letter Yue Ze gave you just now? Yue Ze has already packed his things and left!"

Huang Liming was dumbfounded. He had indeed approved the resignation letter that Yue Ze handed over just now. He even threw it at Yue Ze's feet angrily. He had personally signed it.

Han Xu stared at Huang Liming. "You signed it?"

As Yue Ze was only a small manager, Yue Ze could resign after Huang Liming signed the documents. He did not need Fu Yujia's signature.

"I... I..." Huang Liming did not expect to encounter such a problem tonight.

If he had known that the blame would be pushed on Yue Ze, he would not have signed it no matter what.

Han Xu had no choice but to say, "Then find a few of your subordinates to replace Yue Ze."

Huang Liming already had a small gang of his own. When he heard Han Xu's words, he was in a difficult position. "If the hearts of the people are broken, it won't be easy to lead the team in the future..."

"Then will you sacrifice yourself?"

"No, no. I'll choose a few people now."

Fu Yujia was on stage. When she saw that Yue Ze was not among the people Han Xu had brought, her face darkened.

Han Xu whispered something in her ear.

Fu Yujia could only accept the current situation and said to Mrs. Cao, "Mrs. Cao, these are the agents responsible."

Mrs. Cao nodded. "Got it. Miss Fu, you're selfless. I wish Sheng Tang Entertainment a prosperous business in the future. Men!"

A few bodyguards behind her stood up. Mrs. Cao said, "Treat these people to tea and have a heart-to-heart talk with them. Tell them the principles of life and teach them how to conduct themselves."

Those agents were scared out of their wits, but they were all involved in this matter, so they couldn't cause a scene.

Fu Yujia naturally knew what drinking tea and having a heart-to-heart talk meant. These people's legs would probably be broken.

Although the people below the stage felt that Mrs. Cao's methods were a little overboard, there was no lack of people who nodded in agreement. "A good entertainment company started a pimping business and was caught by the rich men's wives. They naturally have to take responsibility."

"It seems that Sheng Tang Entertainment has indeed done a lot of bad things when in the hands of Tang Yue. I hope Fu Yujia can persist."

"It looks like these female artistes are going to suffer too."

"How chaotic! Well, everyone got what they deserve."

Gao Ban said to Vice President Hu, "President Hu, congratulations. This matter was resolved so smoothly. Let's see who in the company dares to disobey you in the future."

Vice President Hu glanced at Su Bei, who was standing not far away. He said, "That kid is not someone who will admit defeat so easily."

"That's a small problem. You're the one who got public opinion under control. Things are so perfect now. It's all because of you, President Hu, that we were able to turn the situation around. That brat didn't do anything. How dare he compare himself to you?"

Vice President Hu raised his head proudly. "That's true."

On the stage, Mrs. Cao continued, "I'll also apologize to Nirvana Entertainment. I didn't figure things out before and made a mess of things. Mr. Su, I'll get someone to transfer the compensation to your company's account. At the same time, I want to thank you for helping me resolve this matter. A few days ago, Mr. Su asked me to calm down and not make a fuss again. He said I should investigate the matter and settle it with a single blow. I followed Mr. Su's method and investigated the personal information of those b*tches. I held back from making a fuss. Yes, I gave them a fatal blow today."

Everyone suddenly realized that President Su was involved in this high-end operation.

Everyone looked at Su Bei and saw an ordinary-looking young man standing in the crowd. At a glance, there was nothing outstanding about him. It would probably be difficult to spot him if he was in a crowd, but he actually had such an ability.

Although everyone looked down on him, they had to admire him.

Gao Ban: "..."

The matter was actually resolved by that brat, Su Lu? How was this possible?

Vice President Hu: "..."

The past few days of peace and quiet were actually because Mrs. Cao had held herself back after meeting Su Lu?

The two of them were so embarrassed that their faces turned red. They did not dare to look into each other's eyes.

Mrs. Cao then posted some comments to persuade people not to be mistresses and be kind to others.

Chapter 1497: Really Brilliant

The entire ribbon-cutting ceremony became Mrs. Cao's home ground. Fu Yujia endured it again and again. This ceremony ended in vain.

Those agents naturally had their legs broken and would never be in this industry again.

Those female artistes would be sued in court and would probably have to cough up all the money they had received in the past.

Their reputations were naturally ruined.

That night, Sheng Tang Entertainment terminated these people's management contracts and directly issued a statement to reprimand them for their actions. They also attributed everything to the company's previous management.

At this point, the mistresses had lost both their lives and money.

The ribbon-cutting ceremony that night was made into a carnival. Previously, Sheng Tang Entertainment had spent a lot of effort to pay media outlets to hype up the event, so there were especially many people paying attention to it.

Even though the situation had been reversed, everyone on the internet still found out about it.

[Oh my God, the tables have turned! I didn't expect Sheng Tang Entertainment to be such a company! What a surprise.]

[Previous commenter, you're ignorant. When Tang Xinru was around, Sheng Tang was indeed very respectful to women. However, that woman, Tang Yue, even harmed her own mother. Do you expect her to be humane? It's simply within expectations that Sheng Tang would become like this.]

[I really have to apologize to Nirvana Entertainment. I criticized them so harshly previously! While apologizing, I also hope that Nirvana Entertainment is truly innocent and clean. I hope they won't involve themselves in such a thing]"

[Mrs. Cao has already said that it was President Su of Nirvana Entertainment who helped resolve the matter, so Nirvana Entertainment must be innocent. Fu Yujia didn't deny these things and even terminated the contracts with those mistresses. It's obvious that she's admitting Nirvana Entertainment's innocence.]

[Fu Yujia is really pitiful. She bought Sheng Tang Entertainment with her hard-earned money, but she was scammed by that vicious woman, Tang Yue!]

[It's a miracle that someone like Tang Yue hasn't been beaten to death.]

[Speaking of which, President Su is really capable. He directly sued the mistresses and asked them to return the assets of the rich men's wives. What a good move! Those mistresses just wanted money, but

now that their money was snatched back, they're probably crying! They didn't get the men or money. What a satisfying outcome!]

[Mrs. Cao sure knows how to make a move. I wonder how the agents who were invited to tea are doing?]

Tang Yue's reputation was completely ruined this time. Now, she had to wear a mask even when she went out. There were countless people who wanted to throw rotten eggs at her.

In particular, she had broken Du Jinghao's leg previously. Although there was no direct evidence and the Du family could not sue her, how could the Du family not cause trouble for her in private?

She was so scared that she lived in seclusion every day and almost never went out for anything.

Only Fu Yujia could still maintain her innocent image after doing these things, but it was also difficult for her.

When Su Bei came out of the venue, she thought of Yue Ze's back view and immediately called him.

After a while, Yue Ze picked up the phone.

Hearing the sadness in his voice, Su Bei asked, "Brother Yue Ze, are you okay? I heard that something happened to Sheng Tang Entertainment?"

"I've already resigned. This matter has nothing to do with me," Yue Ze said calmly.

Su Bei knew how strong his integrity was. He must have suffered a lot in Sheng Tang Entertainment recently. Just now, she heard Huang Liming mention Yue Ze with disdain.

"Brother Yue Ze, since you've already resigned, why don't you work for my friend? He happens to be short of manpower," Su Bei said. "Do you know Su Lu from Nirvana Entertainment?"

Yue Ze asked in surprise, "Is he the one who helped Mrs. Cao resolve the matter tonight?"

He knew very well that Sheng Tang Entertainment was in a mess, so he also knew that Nirvana Entertainment was innocent. However, as a member of Sheng Tang Entertainment, it was impossible for him to cooperate with Nirvana Entertainment previously.

However, Su Lu resolved the matter clearly. He was indeed a talent.

"Yes, it's him. Are you interested?"

"Yes, I'm willing to try," Yue Ze replied.

"Then I'll give you his contact information."

"Thank you, Su Bei." Yue Ze was sincerely grateful.

After Su Bei went to Di Xing Media Company, the two of them no longer had any personal relationship. In Sheng Tang Entertainment, Yue Ze was often mocked. So what if he had taken care of Su Bei? So what if he was so protective of Su Bei? She had become a movie queen and married into the Lu family. She could not be bothered with him anymore.

Only he knew what kind of person Su Bei was. She was just too busy and had not forgotten her friends.

Wasn't this phone call the best proof?

He really wanted to slap Huang Liming in the face with the call records!

However, when he realized that Huang Liming was not worth it, he calmed down. Yes, why should he go so far as to embarrass someone who wasn't worth it?

When Su Bei went to Nirvana Entertainment again, everyone in the conference room looked at her quietly.

The meaning of Mrs. Cao's words last night was very clear. All the reversals were because of this young man in front of them. The peaceful days before were also because of Su Lu!

Vice President Hu was just bragging.

"President Su!"

"President Su!"

"President Su!"

"President Su!"

Voices filled with respect came from all directions.

In everyone's eyes, the originally ordinary-looking man was now extremely mighty.

Even the receptionist and assistant who came to deliver tea couldn't help but take a few more glances at Su Bei.

A capable man was indeed handsome!

Vice President Hu and Gao Ban looked embarrassed, but they had to admit that Su Bei's solution this time was really brilliant.

Not only did the unknown Nirvana Entertainment clear their names this time, but their artistes also began to stand out and enter the public eye.

Previously, they had received hundreds of thousands of curses. Now, those who had cursed them had all turned to people who paid them attention. They had gained tens of thousands to hundreds of thousands of fans.

Some famous artistes with good images also received many advertisement invitations. Astute businessmen wanted to take advantage of this wave of popularity to make money off those guilty netizens.

The finance director said, "President Su, Mrs. Cao has transferred the compensation to our account. To show her sincerity, Mrs. Cao even doubled the amount."

"Mhm." Su Bei nodded lightly.

An agent said happily, "President Su, the parents who refused to let their daughter sign a contract with me and injured me personally sent their daughter over with a few baskets of fruits and cartons of milk. They knelt down and begged me to sign her. They also compensated me for the medical fees. Look, the fruits everyone is eating now were given by her parents."

Chapter 1498: She's Not Qualified

"Mhm." Su Bei's expression was still indifferent.

Chen Ce also said, "Director Jiang thinks highly of Lin Tong. He even introduced her to another production team to audition for the third female lead role. After filming this movie, she can go there to continue filming."

"Okay," Su Bei nodded.

Only then did Gao Ban say, "President Su, we'll listen to you in the future. I'll do whatever you tell me to. I won't say anything. If you tell me to go east, I won't go west."

Only then was Su Bei slightly satisfied. She had finally dealt with a troublemaker.

She looked at Vice President Hu, who was creeped out by her gaze. "I'll go back to write a 30,000-word report. President Su, what kind of a report do you want?"

"The company belongs to everyone. Only by working together can the company run better and everyone's wallets be bigger. To put it bluntly, if the company is doing well, your work will be easy and you'll be respected when you go out. I won't say anything else about other matters. Everyone, do as you see fit." Su Bei didn't say anything else. It was useless to do so. What the company could provide everyone was a source of confidence.

Everyone nodded vigorously. This time, they had really experienced something major this time. Previously, they were bullied and looked down on. Now, no matter where they went, who wouldn't give them a thumbs up?

In the past, everyone had to beg to talk about cooperation deals. Now, everyone would call out to them with respect and admiration. It was easy to strike a cooperation deal, and they had the confidence to speak. When they posted on Weibo, the number of people who reposted their posts increased by several times. This kind of joy was definitely a huge enjoyment. It brought more joy than money!

Compared to the jubilation in Nirvana Entertainment, Sheng Tang Entertainment was not doing so well.

Initially, Fu Yujia wanted to divert the trouble and stay out of the mess. She wanted to protect her agents and artistes as well as her relationship with the rich. In the end, Mrs. Cao brought the lawyer's letters over and shattered her dream.

1

Now that the agents' legs were broken and the artistes were being accused by everyone, the company's reputation plummeted, and the share price continued to fall.

Fortunately, Fu Yujia held a few press conferences in a row and tried her best to push all the blame onto Tang Yue. Moreover, she tried her best to ensure that these matters had nothing to do with the top celebrities. She also announced the production of a few big movies to salvage the situation.

In Fu Yujia's office, she was so angry that she pushed a vase on the table to the ground. Only then did she calm down a little.

"Miss Fu, Mrs. Cao has already made peace with us. She didn't find any evidence to prove that this matter was related to us. She believes us," Han Xu said.

"Have you found out who Su Lu is?" Fu Yujia asked.

What made her angry was not Mrs. Cao but Su Lu, who had secretly caused trouble behind the scenes. Fu Yujia had underestimated Nirvana Entertainment. There was actually such a person hidden in the company.

If she had known this would happen, she wouldn't have been so careless.

"I've checked. This person doesn't have any prior experience. It's just that Mr. Weijian suddenly took a fancy to him and handed him all the work. Mr. Weijian didn't even show his face this time. It's all Su Lu's doing."

Fu Yujia sneered. "Alright, I'll remember this guy named Su Lu!"

...

Nirvana Entertainment.

Su Bei sat in the office and quickly found Fu Yujia's personal information from Qiao Mei.

"Mr. Lu's childhood sweetheart has been liked by the Lu family since she was young. However, a few years ago, when Mr. Lu had the intention of getting married, he directly rejected her. The entire family felt embarrassed and went overseas. Now, for some reason, they're back again." Qiao Mei read out these words. "Su Bei, she doesn't seem like a formidable opponent. If she could pose any threat, she wouldn't have been rejected by Mr. Lu before."

Su Bei pursed her red lips slightly, and the smile on her face did not diminish at all. She said into the phone, "Of course, I believe that Heting won't have anything going on with such a woman."

In terms of status, Fu Yujia could not even be compared to Wang Jiarou. At least, Wang Jiarou was recognized by the Lu family as an unmarried young madam.

"I don't think Fu Yujia is targeting Nirvana Entertainment because of you, unless she knows your identity."

Su Bei thought for a while and said confidently, "No, it's impossible for her to know Su Lu's identity. If she really knew, she'd also know that this is Lu Weijian's business. She wouldn't have dared to do such a thing. This matter is just a coincidence. But her act of buying Sheng Tang Entertainment should be intentional..."

After all, she was in Sheng Tang Entertainment before this and was a daughter of the Tang family for a short while. Even if Sheng Tang Entertainment was mentioned now, people would still think of her.

The media often brought up Su Bei's name when talking about Sheng Tang Entertainment's most famous artiste.

Fu Yujia probably bought Sheng Tang Entertainment so that Old Master Lu and Old Madam Lu would compare her to Su Bei.

One was the boss of an entertainment company, strategic and capable.

The other was just a small-time artiste. Occasionally, there would be some negative rumors about her. It was inevitable for people to point fingers at her. The difference between the two of them would be obvious in the eyes of the elderly couple.

In particular, Old Master Lu and Old Madam Lu had yet to truly acknowledge her... In their opinion, artistes had stained reputations.

It had to be said that after Fu Yujia returned to the country, every step she took was done after much calculation.

Qiao Mei asked worriedly, "Then should we get Mr. Lu to deal with Fu Yujia now?"

"She's not qualified." Su Bei did not think that Fu Yujia was a big enough threat for Lu Heting to do anything.

If Lu Heting had to settle these things himself every time, wouldn't she be useless?

With Lu Heting's looks and status, it was normal for him to attract countless women. If he had to deal with all of them, he probably wouldn't need to do anything else.

...

When Yue Ze walked into Nirvana Entertainment, he realized that there were many applicants.

That was true. Nirvana Entertainment was still recruiting employees before this as they were short of manpower, but Mrs. Cao's matter had suddenly interfered with and delayed their work.

Now that the crisis was resolved, they naturally restarted a lot of their previous work.

Compared to the deserted entrance some time ago, there were now many people coming and going.

Yue Ze followed everyone in and handed over his resume.

The receptionist took a look at his resume and couldn't help but ask in surprise, "Were you from Sheng Tang Entertainment?"

"Yes." Yue Ze nodded.

"I'm afraid the chances of applicants from Sheng Tang Entertainment joining the company are slim... Are you sure you want to go in?" the woman shook her head and said.

Chapter 1499: It's Not A Garbage Dump

Although the outside world had forgiven Sheng Tang Entertainment slightly, they still scoffed at Sheng Tang Entertainment's former agents.

It was the same for everyone from Nirvana Entertainment. Sheng Tang Entertainment had taken the blame for the incident, so people naturally did not have a good impression of the company's current and former employees.

The receptionist was gentle and kind, so she specially reminded Yue Ze.

Upon hearing that Yue Ze was from Sheng Tang Entertainment, the people who came to submit their resumes looked at Yue Ze up and down. "The managers and agents from Sheng Tang Entertainment all have a bad reputation now, yet he still has the cheek to apply for a job here?"

"That's right. I heard that Sheng Tang is a prostitution den. Tang Yue's influence is simply foul. Fortunately, the current boss has put in a lot of effort to modify it. However, does anyone really dare to hire a manager who once worked there?"

"Anyway, if I were the boss or an artiste, I wouldn't dare to accept such a manager. What if he sells me off one day?"

Previously, as Sheng Tang Entertainment's top manager, Tang Xinru would even ask him for advice on everything. Previously, when he was taking care of Su Bei, he was also very successful.

Now, he was being mocked by newcomers who had just entered the industry. The eyes behind his glasses were dim and lonely.

Actually, the matter with Sheng Tang Entertainment this time had dealt him a huge blow. He had contacted some friends in the entertainment industry, but when they heard that he had left Sheng Tang Entertainment when the mistress incident broke out, they all thought that he had something to do with that matter and rejected the idea of hiring him.

Even so, he had already seen the other parties' recruitment advertisements on their web pages.

If Su Bei hadn't suggested that he come to Nirvana Entertainment, he wouldn't have come.

The receptionist smiled apologetically at Yue Ze. "Mr. Yue, do you still want to go in?"

Yue Ze was humiliated. He gripped his resume tightly with both hands and wanted to leave angrily.

However, when he thought about how he was no longer a hothead and how he was in his early 30s, he realized that he still had parents and children to care for. He had previously promised Su Bei that he would come, so he had no reason to leave.

"I'll go in," Yue Ze finally said through gritted teeth.

Another wave of mocking laughter came from behind.

He turned a deaf ear to them and walked in. He was not very confident about today's interview. Did the people from Nirvana Entertainment know that he was from Sheng Tang Entertainment?

If they did, what kind of position could he get even if he was accepted?

If he had to go from being a top manager to having to start from scratch, he would definitely be disappointed, but he had no choice but to accept the current situation.

He walked into the interview room. Sure enough, as soon as his resume was brought in, the three interviewers looked at each other. "Were you from Sheng Tang Entertainment?"

The three of them looked surprised as if they admired Yue Ze's courage and shamelessness.

How dare he go from Sheng Tang Entertainment to Nirvana Entertainment, which hated Sheng Tang Entertainment the most? Who gave him the courage?

"Yes, I was," Yue Ze said. He was getting less and less hopeful about today's interview.

However, it was not Su Bei's fault. Su Bei was just pulling strings and giving him a ray of hope. It was up to him whether he could pass the interview or not. But it was indeed not easy to convince Nirvana Entertainment.

"Didn't you manage Superstar Su Bei before? Why didn't you write it on your resume?" an interviewer asked.

Yue Ze found an excuse. "After all, Su Bei is no longer under my care. Her past glory is nothing. Her future results are the most important."

Actually, he didn't want to bring any more stains to Su Bei's reputation.

The three interviewers discussed in low voices. "With his qualifications, there's actually no problem for him to come to Nirvana Entertainment..."

"But he was from Sheng Tang Entertainment. Who knows if he was involved in Mrs. Cao's matter? If something happens, won't Nirvana be associated with prostitution as well?"

"That's right. Nirvana Entertainment isn't a garbage dump. Why should we take in someone Sheng Tang Entertainment doesn't want..."

These words were said very softly, but Yue Ze had already heard them and could not refute them.

After all, that incident had indeed happened. Furthermore, he had long known that those artists were mistresses. It was just that he did not have the ability to stop them. However, it was indeed his fault for not helping Nirvana Entertainment clarify the situation as soon as possible...

He waited for them to reject him.

At this moment, the phone in front of an interviewer rang.

The leader of the interviewers picked up the call. His tone was immediately respectful as he said with a smile, "President Su! What instructions do you have? You mean Yue Ze? Okay, okay. I'll tell him to go over immediately!"

After putting down the phone, the interviewer's attitude was much better and his tone became more polite. "Mr. Yue, President Su said he wants to see you. I'll go with you."

Yue Ze was already prepared to be rejected. He was surprised by this turn of events.

He was led into Su Lu's office. The interviewer politely escorted him in.

Yue Ze had already seen President Su Lu on Weibo, but he was too ordinary to leave a deep impression on anyone.

"I wonder why you're looking for me, Mr. Su?" Yue Ze asked.

After signing the last document, Su Bei raised her head. She had not seen Yue Ze for a long time. He looked a little haggard, which was a stark contrast to his previous high spirits.

Su Bei couldn't bear it and said gently, "Brother Yue Ze, how have you been recently?"

"You..." Yue Ze was stunned when he heard the familiar soft female voice.

Su Bei took off her wig and revealed her signature bright smile. "Brother Yue Ze, don't you recognize me?"

"S-Su Bei! How could it be you?!" Yue Ze was indeed very surprised. "I know that Lu Bei is you, but Lu Bei is bright and handsome. He's as good-looking as you are. Why are you..."

"Previously, when I was disguised as Lu Bei, I stood out too much because I was too good-looking. I attracted countless paparazzi, causing my relationship with Lu Heting to be constantly criticized. That's why I opted for this now. Nirvana Entertainment belongs to my friend. I'm just managing it on his behalf for a period of time. Now, we're short of manpower. Can you be the assistant director? I'm especially short of talents like you. Brother Yue Ze, only you can help me."

Su Bei looked at him expectantly.

It was not to give him a chance, nor was it to help him when he was at a low point. It was because the company needed him.

Yue Ze's eyes turned red. When he took care of Su Bei, he had not given her much. Her ability was her capital to reach the peak.

But now, she was being so considerate of him...

Knowing that Su Bei was Su Lu, Yue Ze understood why she could solve the problem Nirvana Entertainment faced. It was because she had always been one who could handle anything.

Yue Ze nodded. "Okay. When do I start work?"

Chapter 1500: Why Don't I Help You Fight?

"You can do so now." The excitement on Su Bei's face was not fake at all.

Yue Ze asked, "Su Bei, why do you trust me so much? The outside world is filled with questions about Sheng Tang Entertainment's managers. They're all wondering just how much we were involved in that incident. Su Bei, you didn't ask me anything."

"Brother Yue Ze, when someone wanted to force me to drink, weren't you the one who stood in front of me? I've always believed that Sheng Tang Entertainment's scum has nothing to do with you. Besides, if you really colluded with them, you wouldn't be standing in front of me now, right?" Su Bei's words were gentle, but they were sincere.

“Su Bei, don’t worry and leave your matters to me in the future.” Yue Ze didn’t reveal his feelings, but the meaning behind his words was very clear. “By the way, there are a few artistes from Sheng Tang Entertainment who plan to leave with me. They didn’t participate in Mrs. Cao’s matter. I can guarantee that.”

“Since you can vouch for them, they can come over anytime.” Su Bei trusted Yue Ze’s professional judgment.

Yue Ze nodded. “I still have something to do at Sheng Tang Entertainment. I’ll bring them over after that. I’ll officially come to work tomorrow.”

Su Bei asked, “What do you have to do?”

Yue Ze briefly explained the matter. Su Bei’s eyes darted around as she said, “I’ll accompany you.”

Su Bei put on her wig and adjusted it. She looked completely ordinary again.

She brought Yue Ze around the company. Although everyone had some concerns about Yue Ze’s identity, Su Bei resolved the company’s greatest crisis. Everyone was convinced by her decision.

...

Sheng Tang Entertainment.

As soon as Yue Ze appeared, he was surrounded by Huang Liming’s men.

“Yue Ze, you still dare to come?” Huang Liming walked out of the crowd. It was precisely because Yue Ze had resigned that he escaped with his legs not broken by Mrs. Cao.

Huang Liming even lost a few loyal agents because of that.

Yue Ze adjusted his glasses and said, “Why wouldn’t I dare to come? Since I’m here, I’m not afraid of you.”

Huang Liming snorted. “Although I signed your resignation letter that day, your wife, Lv Shan, still owes the company something. Don’t tell me you’ve forgotten about it. Do you want me to remind you? The popular supermodel in the company, Sister Wen Wen, kindly asked your wife, Lv Shan, for help. Who knew that as soon as she arrived, she accidentally injured the inside of Sister Wen Wen’s leg? You know that a top supermodel like Sister Wen Wen’s body is insured. Every part and every inch of her skin is worth a thousand pounds of gold. At that time, she injured Sister Wen Wen, yet Sister Wen Wen kindly let the matter pass. We didn’t hold it against you. But since you’re heartless and want to leave the company, you should settle this score, right?”

Yue Ze had already told Su Bei about this.

Lv Shan was also Su Bei’s manager in the past. After she married Yue Ze, she stayed at home to take care of her husband and children. Even so, she would occasionally come to the company to help Yue Ze.

That time, she helped Sister Wen Wen as her temporary assistant. In the end, when she was helping Sister Wen Wen change her clothes, she accidentally clipped the inside of Sister Wen Wen’s leg and she bled a lot on the spot.

Just as Huang Liming had said, a supermodel's skin was worth thousands of pounds of gold.

Since something like this had happened to Lv Shan, Yue Ze naturally had to clean up the mess.

Under the company's mediation, Sister Wen Wen did not call the police or claim insurance. However, this matter had become the Sword of Damocles hanging above Yue Ze's head. As long as something happened to the company, they would bring up this matter to use against him.

It was said that there was a scar on the inside of Sister Wen Wen's leg, which was very damaging to her image. However, as it was not at an appropriate spot, Yue Ze could not ask to see it.

When Nirvana Entertainment was being framed, Yue Ze wanted to stand up and expose the truth, but Huang Liming immediately used Sister Wen Wen's matter to pressure Yue Ze, making Lv Shan feel very burdened. Yue Ze had no choice but to turn a blind eye.

Seeing that Yue Ze was silent, Huang Liming said, "Yue Ze, let me tell you. You have to pay for Sister Wen Wen's loss. If you don't pay, don't think of leaving so easily!"

Su Bei stood up and said calmly, "Director Huang, Yue Ze has already started working at Nirvana Entertainment. Since he owes Sister Wen Wen something, Nirvana Entertainment will pay the compensation today."

"Su Lu?" Huang Liming recognized Su Lu and immediately felt displeased. It was Su Lu who instigated Mrs. Cao and made Sheng Tang Entertainment a mess. "I thought Yue Ze had climbed up some high branch, but it turns out that it's just Su Lu from Nirvana Entertainment! It's really funny. Nirvana Entertainment picked up a dog we don't want. Their ability to pick up trash is really top-notch."

Yue Ze was furious. Su Bei grabbed his arm and smiled faintly. "No normal person would choose to stay in a prostitution den like Sheng Tang Entertainment. Does anybody want to be called a pimp when they go out?"

Huang Liming was so angry that his eyes lit up. "Hmph! Su Lu, since you're determined to take Yue Ze away, compensate Sister Wen Wen for her loss! According to the insurance, it's not much. It's only 20 million!"

20 million yuan was undoubtedly an astronomical figure for a manager, especially one who had not been doing well recently!

"20 million? Are you kidding me?" Su Bei said calmly.

"Our Sister Wen Wen is now the top artiste of Sheng Tang Entertainment and has just been promoted to an international supermodel. Her endorsement fee is at least 10 million yuan. Back then, she was injured, causing her to be unable to take on many endorsements. 20 million yuan is still too little of an amount," Huang Liming boasted shamelessly.

Su Bei couldn't be bothered to waste her breath on him. She said, "I can't give you 20 million yuan just like that. Find an insurance company and an appraisal agency to check her injury. Only then will I compensate you however you want."

It was not that Su Bei did not know Sister Wen Wen. She had seen her before. It seemed that even if she was injured, it was impossible for her to be so seriously injured. Otherwise, how could she still be walking on the runway?

Huang Liming was most likely using this as an excuse to suppress Yue Ze. However, Yue Ze and Lv Shan could not cling to Sister Wen Wen to see how badly injured she was, so they could only let them talk nonsense.

“Why? Are you unwilling to call the insurance company?” Seeing Huang Liming like this, Su Bei was even more certain that Sister Wen Wen’s injury was not as serious as they said. “Then why don’t I help you call them?”

Huang Liming was indeed doing this to suppress Yue Ze.

At this moment, his eyes darted around, hiding his guilt.
