

Hidden Billionaire Chapter 15 - Beauty Shen Xue -

C15 Beauty Shen Xue

Unfortunately, there was no medicine for regret in this world. It was already too late.

Zhang Hao left the place in a daze. He felt as if his body had been hollowed out as he became extremely dispirited.

Looking at Zhang Hao's back, Wu Tian did not have the slightest bit of regret in his heart. He even felt pleased that the company was able to get rid of such a bug.

At this moment, the door to the ward opened and Shen Xue walked out first.

Looking around the corridor, she could not help but ask Wu Tian, "Where's Zhang Hao?"

"He's gone." Wu Tian replied with indifference.

Honestly speaking, he did not have a good impression of this woman called Shen Xue.

This woman almost killed him in a car accident. Plus, with a scum like Zhang Hao around, she naturally made people feel disgusted.

"It's good that he's gone." When she heard that Zhang Hao had left, Shen Xue became happy.

Soon, she frowned again and asked in concern, "Oh yeah, Zhang Hao didn't make things difficult for you, right?"

"Nope."

"That's good." Shen Xue nodded and reminded him with good intentions, "Zhang Hao is a sinister villain. He often uses his power to get revenge on others. You must be careful."

"There is no need for you to worry." When Wu Tian saw the doctor walk out of the ward, he hurried forward and asked, "Doctor, how is the driver?"

"Brain injury, temporary coma, nothing serious. He'll recover after a period of rest." The doctor gave a detailed account of the condition of the wounded man.

After hearing this, Wu Tian secretly let out a sigh of relief. "It's good that he's fine, thank you, doctor."

"You're welcome. Let the patient rest properly." After saying this, the doctor turned around and left.

After the doctor left, Wu Tian entered the ward and saw the driver lying unconscious on the bed with a bandage over his head. He had mixed feelings.

Luckily, the driver turned the steering wheel in time and moved the impact to the front of the cab where the driver was sitting; otherwise, the one lying on the bed would be him.

In other words, the driver had saved his life.

In his twenty years of life, he had never seen such a kind driver, so he couldn't help but feel grateful in his heart.

Just as he was looking at the old man in shock, Shen Xue walked in with a guilty expression on her face and said, "I was the one who caused this accident today. I'm sorry, but don't worry, I'll pay for all the expenses at the hospital."

"No need." Wu Tian glanced at Shen Xue, then got a nurse to change the driver to an advanced VIP ward and got a nurse to take care of him.

After he had arranged everything, he took a taxi back to his residence.

Just as he was about to take a bath and go to bed, his secretary Loong Yun barged in and reminded him, "Young Master, you forgot that you still have something to do."

"What is it?" Wu Tian frowned slightly as he couldn't remember.

"Young Master, the old master asked me to supervise your studies every day."

"I'm too tired today, can I ..."

"No."

"Alright!" Wu Tian didn't know whether to laugh or cry in the face of such a strict secretary.

He got up from the bed, dragged his tired body into the study room, and began studying those management books.

He stayed up until eleven-thirty in the evening before returning to his room to sleep.

In the middle of the night, he had a nightmare. He dreamed that he had been caught in a car accident and that the taxi driver died while trying to save him.

Wu Tian woke up with a start. He was so scared that cold sweat broke out on his forehead, and even the sheets were wet with sweat.

Wu Tian wiped the cold sweat off his forehead. Luckily, it was just a nightmare. He took out his phone and saw that it was already five-thirty in the morning.

First, he went to the bathroom for a bath, then he went out to buy breakfast. After breakfast, he took a taxi to the hospital to visit the taxi driver.

When he opened the door of the VIP ward, he found that the driver was already awake. The female driver, Shen Xue, was also there and was chatting and laughing with him.

"Why are you here again?" Wu Tian walked into the ward and complained to Shen Xue.

Shen Xue pulled up her hair and explained with a smile, "I came to visit Uncle and apologize to him."

"You're not welcome here. Let's go." Wu Tian extended his hand and gestured for Shen Xue to leave. It was obvious that he wanted her to leave.

"I ..."

Shen Xue rubbed her arm and froze on the spot, looking a little embarrassed.

She just wanted to make up for the mistakes she made yesterday. She didn't expect Wu Tian to misunderstand her so much, making her feel wronged.

"Cough, cough!"

The driver coughed dryly and said to Wu Tian with a smile, "Little brother, this girl doesn't have any evil intentions and is a good kid. Don't worry about yesterday."

"Uncle, I'm afraid she will affect your recovery." Hearing that the driver helped her out, Wu Tian's tone became a lot gentler.

"This girl is a good child. She came to take care of me before dawn," As he said this, the driver pointed at the thermos. "She even brought me some nutritional porridge. It tastes really good, you should try it too."

After saying so, the driver gave Shen Xue a meaningful glance.

Shen Xue understood immediately. She hurriedly scooped some porridge into a bowl and handed it over to Wu Tian. "If you're willing to forgive me, then have a taste of my porridge!"

"Ugh ..."

For the sake of Uncle, Wu Tian couldn't refuse and could only accept the porridge.

Since Shen Xue was sincere in apologizing, as a man, he could not be bothered about it any further. He could only take a symbolic spoonful of the nutritious porridge.

After trying the porridge, his eyes lit up as he looked at Shen Xue in shock. "You made this porridge?"

"Right."

"Delicious!" Wu Tian finished the porridge in one breath. He couldn't help but praise, "Your cooking skills are pretty good. This porridge is really delicious."

Shen Xue smiled. Hearing the praise, she felt even sweeter than if she had eaten honey.

The driver couldn't help but open his mouth, "This girl is the head chef of Fuyuan Restaurant, her cooking skills are definitely good."

"I really didn't think that you were Fuyuan Restaurant's head chef." Wu Tian was surprised; he never would have thought that such a delicate girl was the head chef at Fuyuan Restaurant.

Fuyuan Restaurant was very famous. Their dishes and flavors were unique. Of course, the prices were also very high.

Shen Xue felt a little embarrassed from the scorching gaze. She rubbed her face and lowered her head awkwardly.

Wu Tian also realized that he had lost his composure. He quickly retracted his gaze and asked the driver with a smile, "Uncle, I'm Wu Tian. I still don't know your name!"

"My name is Liu Fugui. You can call me Uncle Liu." Liu Fugui chuckled. His old face was full of wrinkles.

"Uncle Liu, yesterday, it was fortunate that you saved me; otherwise —"

Before Wu Tian could finish his sentence, Liu Fugui interrupted him and said, "That is my part of my professional ethics. There is no need to thank me."

"Protecting passengers with your life, you are the most conscientious driver I have ever seen." Wu Tian bowed deeply towards Liu Fugui.

This was not only gratitude, but also deep respect.

After bowing, he couldn't help but ask out of concern, "Uncle Liu, why didn't your family come to see you?"

"My wife and children are all at home in the countryside. After what happened, I didn't dare to let them know." Liu Fugui said with a smile.

"It's alright. I've found a nurse to take care of you. I'll come visit you every day." Wu Tian sat on the bed and held the old man's arm.

From the first time he saw the driver, he felt especially close.

Suddenly.

At that moment, the door was pushed open.

A fat middle-aged man barged in.

"I say, Old Liu, look what you did to the car. The front of the car is badly caved in and the engine is broken."
