

Hidden 1651

Chapter 1651 Really Not Worthy Of Him

[That's right. What's the use of Lin Wenyu knowing how to edit pictures? Our Tao Tao will get real resources from Xiaohui in the future! I think it won't be long before Tao Tao rises against the trend and surpasses Yuan Haoyang again!]

[You don't know this, but the Ma family is very popular in the film and television industry now. This time, they're willing to work with Tao Tao. In that case, Tao Tao's transformation and foothold in the future will be a matter of course.]

[Among so many idols, Tao Tao's future is the most promising! It's really comforting to me.]

[Go, Tao Tao! We'll always support you!]

!!

[Sister-in-law Xiaohui, you can do it! We'll support you just like we support Tao Tao!]

The nature of humans was vividly displayed at this moment.

Guo Xintao's fans were overjoyed, and Yuan Haoyang's fans could not help but feel a little dejected. [How did Haoyang find such a girlfriend? He deserves better!]

[Everyone, don't be discouraged. Doctor Lin is quite good. We've agreed not to say anything bad about Doctor Lin. Have you guys forgotten?]

[We're not talking bad about her, are we? We're just comparing them fairly. There's indeed a huge gap between Doctor Lin and Ma Xiaohui.]

[Everyone, don't talk like that. Haoyang will be unhappy if he sees us like this. Besides, he's already a capable person now. Nothing he does can stop him from shining brightly. We love him because we want him to live happily!]

[That's true, but my heart still aches for him! He's been working hard to produce an album and hold a concert, but he sacrificed everything for love. Meanwhile, Guo Xintao easily changed his career path and is filming television dramas and participating in various activities now. If Yuan Haoyang had chosen someone better, he wouldn't have had to suffer so much!]

[Sigh, he's really done too much for Lin Wenyu! It's not that I want to say this, but Lin Wenyu is really not worthy of him!]

The fans were full of self-pity, despair, and all kinds of complaints. They were simply worried sick.

Guo Xintao's fans couldn't wait to show off how fair, rich, and beautiful Guo Xintao's girlfriend was. It made Yuan Haoyang's fans even more frustrated.

Guo Xintao also took the opportunity to release the news of an endorsement deal he had gotten. He wanted to take advantage of this opportunity to slap Yuan Haoyang's face.

Since Ma Xiaohui had confirmed her relationship with Guo Xintao, she naturally wanted to get married.

She was also Guo Xintao's fan. Relying on her identity and connections, she got into a relationship with her idol and was especially possessive.

"Did you really pursue Lin Wenyu in the past?" It was unknown where Ma Xiaohui got the information from, but she had to ask Guo Xintao the truth.

How could Guo Xintao tell her the truth? He only said, "Do you think I'd think highly of her? She used to be my fan for several years. If I really wanted to pursue her, would I have waited for so long to do it? She just couldn't get her hands on me, so she deliberately slandered me."

Ma Xiaohui was pleased by his words and said happily, "That's good. Don't pay her any attention in the future."

"Of course. You're the only one in my heart," Guo Xintao said gently.

...

Soon, it was Yuan Haoyang's tenth anniversary.

"Tenth anniversary?" Lin Wenyu asked.

"That's right. Although we haven't been established for a long time, so many of us have been working together for a full ten years. Back then, it was Brother Haoyang who brought us into the team when we were in university. Later on, we became widely known and signed on with a company. We've all been working together for a long time. In the blink of an eye, we've worked together for ten years," Ah Guo said with a sigh.

The others also recalled the past.

Lin Wenyu smiled and said, "Then we definitely have to celebrate. This time, I'll be responsible for booking the venue."

"Okay, thank you for your enthusiasm, Sister-in-law. I'll leave the celebration matters to you, then," Ah Guo agreed.

Lin Wenyu sent them an address in the group chat and asked them to go over after confirming the time.

[This address...] Qiao Ni glanced at it. [It's a very good private clubhouse, but I heard that it doesn't receive anyone other than its members. Brother Haoyang's family can enter this clubhouse, but he has already broken off ties with his family... Sister-in-law, is this really okay?]

Lin Wenyu smiled. [Would I let you stand at the door and starve?]

Everyone secretly formed a small group chat to discuss. [I keep feeling that our sister-in-law is behaving a little unusually.]

[Yes, she seems very powerful.]

[Sister-in-law is very powerful. Otherwise, how do you think Brother Haoyang was saved?]

[No, I don't mean that. I just think that her family background might be much better than people like Ma Xiaohui.]

[Who cares about her family background? The person Brother Haoyang likes is our sister-in-law! Besides, Brother Haoyang doesn't like Sister-in-law for her family background.]

...

Orchid Pavilion Private Clubhouse.

Lin Wenyu arrived first. After Yuan Haoyang's event ended, he had to do an exclusive interview.

In the clubhouse, Ma Xiaohui and Guo Xintao had also arranged to meet today to commemorate their month-long relationship.

When the two of them appeared arm-in-arm, they happened to see Lin Wenyu walking in.

Ma Xiaohui immediately frowned. It seemed that Lin Wenyu was really persistent. She was deliberately approaching Guo Xintao again. This woman was really too scheming!

Guo Xintao raised his eyebrows and glanced at Lin Wenyu. She must have been tortured by Yuan Haoyang's bad temper and finally knew who the better man was, which was why she came to look for him now.

Hmph, it was too late for regrets!

He had already chosen Ma Xiaohui. Why would he take another look at her?

However, he still took another look.

Lin Wenyu had specially put on light makeup tonight and changed into a fitting long dress. It outlined her perfect figure that was usually covered by a white coat and a big white T-shirt. Her eyes were bright and slightly teary, hiding the dazzling light reflected by the crystal chandelier in the hall.

Guo Xintao's lips twitched slightly as he sighed inwardly. Yuan Haoyang was really lucky!

Ma Xiaohui saw Guo Xintao's reaction and clenched her fists slightly.

The two of them went in first. After Ma Xiaohui showed her membership card, she immediately whispered something to the attendant beside her.

Guo Xintao sensed her jealousy and spoke to her very gently. However, he did not stop her from doing what she planned to do to Lin Wenyu.

Lin Wenyu was walking in when Johnny and the others arrived.

"Sister-in-law, Brother Haoyang and Ah Guo will be here soon. We got here first."

Lin Wenyu smiled and said, "Alright, let's go in together."

She walked in with her head held high.

Chapter 1652 Do It According To The Rules

"Miss, please wait a moment." An attendant stopped Lin Wenyu.

“What’s wrong?” Lin Wenyu stopped in her tracks. Thinking of Ma Xiaohui and Guo Xintao, she sensed something wrong.

“Please show me your membership card.”

The membership requirement for Orchid Pavilion was very high. The membership fee alone was more than a million yuan a year.

Not everyone could enter or apply for a card.

Lin Wenyu naturally had a card. Moreover, she didn’t need to use a card to enter.

However, she rarely came to such places, so ordinary attendants did not recognize her.

Lin Wenyu didn’t like to gather with socialites. Apart from reading medical books to improve her ability, she spent most of her time investing and editing photos.

It was precisely because of this that Ma Xiaohui, who liked to come here, had never seen her at all. She instructed the attendant to embarrass her before asking her to leave.

The attendant was not observant. She only cared about currying favor with Ma Xiaohui, who appeared to be a fair, rich, and beautiful woman. She did not memorize the information of the high-ranking members that she needed to!

Lin Wenyu didn’t bring her membership card with her. After all, she only occasionally came here to spend money and meet with friends.

This was the first time someone had stopped her and asked for a membership card.

“You’re new, right?” Lin Wenyu asked indifferently.

The attendant was Guo Xintao’s fan and hated Lin Wenyu very much. Therefore, not only was she happy to do what Ma Xiaohui told her to do, but she also tried her best to embarrass Lin Wenyu.

Hence, she said, “Miss, whether I’m new or not, you need to show your membership card when you come to our clubhouse. Otherwise... I won’t let you and your friends in.”

It was as if she owned the clubhouse herself. She arrogantly glanced at the group of people behind Lin Wenyu, her tone filled with disdain.

Afraid that Lin Wenyu would be embarrassed, Qiao Ni said in a low voice, “Sister-in-law, if you really didn’t bring it, let’s go to another clubhouse. Coincidentally, the clubhouse next door isn’t bad either. There’s no need for us to argue with an attendant.”

When the attendant heard this, she mocked, “Although I’m just an attendant, I know where I can and can’t go. I won’t casually cause trouble for others. With your high status, you should naturally understand this logic, right?”

“What are you talking about?” Little Fatty couldn’t help but say, “You’re just an attendant. If you have something to say, we can talk it out. Is there a need to be so rude with your words? Those who don’t know might think that you’re the boss of this clubhouse.”

"I'm not the boss, but I work for him. Anyway, let me tell you, customers like you are not welcome here." The waitress rolled her eyes at them.

Litty Fatty couldn't help but go forward to argue with her. Lin Wenyu stopped him and said, "Wait for me. I'll make a call."

She walked away. Johnny and the others had calmed down, but they were unhappy. They were in a good mood ahead of the gathering, but they were actually looked down on by such an attendant upon arriving at the venue.

The attendant looked at them with a smile as if she had expected that they would not be able to enter the clubhouse.

Guo Xintao appeared at the right time. The attendant quickly adjusted her smile and said, "Mr. Guo!"

"What's going on here?" Guo Xintao asked.

"Miss Lin Wenyu over there brought her friends over to hang out at our clubhouse. However, Mr. Guo, you know as well that customers need a membership card to enter. Members not only have to pay a high membership fee but also have to go through a special qualification review to enter, so I asked them to leave. However, they're still here and refuse to leave." The attendant's attitude took a 180-degree turn when facing Guo Xintao.

Guo Xintao looked at Qiao Ni and the others gently and said, "So, you're from Yuan Haoyang's studio. Since you're already here, why don't you follow me in?"

The attendant immediately held her heart. "Mr. Guo, you're the best! You're so kind even to your competitor's people."

How could Qiao Ni, Little Fatty, and the others accept his offer? They said, "No thanks!"

However, everyone was a little unhappy after being slapped in the face by Guo Xintao.

When had their entire team ever suffered such a loss in front of Guo Xintao?

However, no one could bear to blame Lin Wenyu, so they could only suppress their anger. It was really uncomfortable for them to hold it in.

Guo Xintao said elegantly, "In that case, I'll excuse myself first."

Just as he was about to turn around and leave, the club manager rushed over and asked, "Where's Miss Lin Wenyu?"

"I'm here." When Lin Wenyu returned from the call, she saw the club manager coming over.

"Miss Lin!" The club manager stepped forward and bowed in front of her. "I'm really sorry to have kept you waiting! It's my clubhouse's fault for not training our attendants well. I'll fire her immediately!"

The attendant was shocked.

The club manager pointed at the tip of her nose and said, "You can pack your things and leave!"

“Why? I didn’t do anything wrong! Everyone who wishes to enter the clubhouse needs a membership card. This is our work code!”

Johnny, Little Fatty, and the others were also very surprised.

Even Guo Xintao stopped in his tracks.

“Yes, ordinary customers need to show their membership cards to enter, but what did I teach you about the high-level and honorable members of the club? Did you memorize the rules?”

The attendant’s expression changed as she said, “We have to remember the appearance, age, and preferences of high-ranking distinguished members. When we see them, they should enter directly. They don’t need to swipe their cards... So...”

Lin Wenyu was actually a high-ranking member? She did not need to swipe her card and only needed to show her face?

However, there were less than 20 such members in the entire club. They were all the most prestigious people in Jingdu City. How could Lin Wenyu be one of them?

It wasn’t that the attendant didn’t remember the rules, but she didn’t dare to believe that Lin Wenyu was one of the 20 VIP members!

Now that she thought about it, she remembered Lin Wenyu’s face!

“According to the rules, you’ll be fired,” the club manager said coldly.

Being fired by Orchid Pavilion meant that she would never be able to find a similar job. After all, who would dare to hire someone who had been fired by this high-end private club? Who wouldn’t be worried that she would make another mistake in her work?

“I’m sorry, Miss Lin. I know I was wrong...” The attendant tried to gain Lin Wenyu’s understanding.

Lin Wenyu said calmly, “Let’s do it according to the rules.”

Chapter 1653 There Will Only Be More, Not Less

It was a small problem for her to be looked down on alone, but this attendant even despised everyone from Yuan Haoyang’s studio. How could she not give them an explanation when they called her ‘Sister-in-law’?

The attendant was quickly taken away by the security guard.

Johnny and the others were so shocked that they couldn’t believe their eyes.

Guo Xintao also frowned and was thinking about something.

The club manager was still apologizing profusely and getting people to send exquisite gifts to everyone, hoping to be forgiven.

“Alright, I won’t pursue today’s matter anymore. But it’s rare for me to come out to play with my friends. I don’t want my mood to be ruined. I want to clear the place tonight!”

As soon as she said that, everyone was shocked again.

She wanted the huge Orchid Pavilion to be cleared out?

Everyone knew that the guests of Orchid Pavilion were all of extraordinary status. Not just anyone could clear the area just like that.

Johnny was so shocked that he wished he could pull Lin Wenyu aside, afraid that she would be slapped in the face again.

Guo Xintao frowned even more.

Zhang Gong bowed and smiled. "Miss Lin, what are you talking about? I had already passed on orders to clear the area for you just now. In 15 minutes, no, eight minutes, Orchid Pavilion is yours for the night!"

As soon as he received the call just now, he rushed over. He was afraid that he would offend this big shot who rarely came, so in order to apologize, he immediately arranged for the crowd to be cleared.

The work was probably almost done.

Hearing this, Lin Wenyu was a little satisfied.

However, Johnny and the others could not remain calm anymore. All of them looked at Lin Wenyu as if they were looking at a ghost!

Was she still their harmless, innocent, and cute sister-in-law?

Lin Wenyu smiled at them. "What's wrong?"

"N-N-Nothing!" Everyone stammered.

Guo Xintao was about to say something when Ma Xiaohui was led out by an attendant.

She raised her eyebrows unhappily. "What right do you have to chase me out? I'm a member of this place! I spend a lot every time I come here. Do you not want to do business anymore?"

"I'm sorry, Miss Ma. We have a distinguished guest here tonight, and she has booked the entire venue. I'm really sorry. We'll pay for your expenses tonight. We'll also pay for your expenses on your next three visits. You can come anytime," the attendant explained and apologized to Ma Xiaohui.

Ma Xiaohui heard that she would be given these benefits. Although it was not a big sum and it was not like she could not afford it, it was indeed a matter of pride to be able to come to Orchid Pavilion at any time. She did not pursue the matter. "Who is so shameless as to clear the area?"

"We're not too sure either! Sorry!" The attendant was a low-ranking one, so they didn't know who the big shot tonight was.

After Ma Xiaohui finished speaking, she looked at Guo Xintao and said, "Let's go. They're clearing the area tonight."

She glanced at Lin Wenyu arrogantly. She had really let her off too easily tonight!

However, seeing that Lin Wenyu and the others did not even manage to enter, a trace of pleasure flashed across her face.

The club manager said respectfully, "Miss Lin, the venue has been cleared. Please come in! Everyone, please come in!"

Ma Xiaohui was dumbfounded at the scene in front of her. The club manager was personally receiving Lin Wenyu? He cleared the venue just to invite Lin Wenyu in?

How was that possible?

Guo Xintao said, "It's indeed for her."

Ma Xiaohui was displeased like a defeated rooster.

Guo Xintao's gaze was still following Lin Wenyu.

Ma Xiaohui said unhappily, "Even if Lin Wenyu could demand the area to be cleared for her own use, it must be because of the influence of Yuan Haoyang's family! Otherwise, how could she do it?"

Her words were to make up for this loss and prove that she was better than Lin Wenyu.

However, it accidentally hurt Guo Xintao's heart because his family was far inferior to Yuan Haoyang's.

Ma Xiaohui realized it and regretted it, but it was too late.

The two of them walked out, their minds full of thoughts.

"Sister-in-law, how did you do it?" Tang Feng leaned over and asked.

Little Fatty was also curious.

"Your Brother Haoyang gave me a card," Lin Wenyu said casually.

Everyone was enlightened. They remembered that before Brother Haoyang broke off ties with his family, he could rely on his family's power and influence.

However, he rarely used his family's resources now. It seemed that he had put in a lot of effort for their sister-in-law.

When Yuan Haoyang arrived, he heard everyone talking about this.

He looked at Lin Wenyu inquisitively.

Naturally, the card was not from him, which meant it was hers.

He had met Mr. and Mrs. Lin before and knew that their statuses were extraordinary. However, he realized that the Lin family was far beyond his imagination.

Things were chaotic in the private room. Lin Wenyu carried her fruit juice to the balcony to take a breather.

Yuan Haoyang took off his jacket and draped it over her shoulders.

"I'm fine. I'm not that cold."

“The night breeze is cold.” Yuan Haoyang leaned on the railing with her. “So, what does the Lin family do?”

Lin Wenyu smiled. “Will this affect your love for me?”

“Of course not. But I’m afraid... you’ll suffer by my side.” He naturally wanted to give her the best, but if he couldn’t even give her what her family could, he would be annoyed with himself.

“I’m not aggrieved to be by your side.” Lin Wenyu stood up straight and smiled at him. “I don’t want much, but it’s not a small amount either. I’m very greedy. I might ask for more and more. But what I want is nothing else except your feelings for me.”

As the wind blew, Yuan Haoyang held her hand and rubbed her fingers. “In the future, there’ll only be more.”

...

The news of Yuan Haoyang and Lin Wenyu quickly spread to the family.

In the living room of the Wang family.

Yuan Haoyang took his mother’s surname. After his mother passed away, there was an abyss between him and his father, Wang Zongheng.

Yuan Haoyang sat lazily in the living room. One of his legs was bent, while the other was casually swaying. He did not look proper at all.

Wang Zongheng said angrily, “Look at you. Do your fans know that you’re like this in private?”

“They do. This is what I’m like. I’m not selling a persona.”

Wang Zongheng was speechless. “Tell me about you and Lin Wenyu.”

“What do you mean?” Yuan Haoyang raised his eyebrows and subconsciously sat up straight. He could not treat anything related to Lin Wenyu casually.

“Heh.” Wang Zongheng saw his concern and sneered. “That woman is not worthy of you. The family plans to marry you to someone else.”

Yuan Haoyang suddenly stood up. “It’s not up to you to decide if she’s worthy or not. I don’t need your opinion or permission. You didn’t care about me back then, and you don’t need to care about me now!”

“But you’re still my son!” Wang Zongheng emphasized.

“Son? Do you treat me as your son? Do you really think of me as your son? In that case, you wouldn’t have deliberately squeezed me dry and easily given up on me when I was in poor health and couldn’t sing.”

Chapter 1654 You’re Not Worthy!

“Do you have a son like me? You’re not worthy!”

Wang Zongheng was so angry that he coughed. Yuan Haoyang's stepmother, Xie Lifen, hurriedly brought him water and advised him not to be angry.

She turned around and said to Yuan Haoyang in a gentle but slightly stern manner, "Haoyang, you can't anger your father like this! He came to the hospital to visit you when you were injured, but you were the one who got someone to stop him from entering. It's not that he doesn't care about you."

"Yes, because I was afraid that I wouldn't recover from my injuries if I saw him," Yuan Haoyang said.

Wang Zongheng drank a few mouthfuls of water before catching his breath.

Yuan Haoyang declared again, "You don't have to interfere in my and Lin Wenyu's matters. I advise you to stay away from her. Otherwise, I don't mind doing something to make you regret it!"

With that, he turned and left.

Wang Zongheng was so angry that he clutched his chest.

Xie Lifen quickly advised, "The child is impulsive. He'll be fine after he thinks it through."

"Impulsive? He left the company and founded his own studio. He took the entire team away. Then, he accused Wei He of using his song and sued the company for causing his work injury. He asked the company to compensate him with a huge sum of money. He's stepping on my bottom line again and again!"

"The child has grown up. He'll have his own ideas. Besides, he's marrying a woman his family doesn't like. He must want to accumulate some capital."

Her words were meant to persuade Wang Zongheng, but they further provoked Wang Zongheng's anger and the conflict between father and son.

Wang Zongheng said angrily, "How dare he?!"

"There'll be a family gathering in a few days. At that time, we'll contact another marriage partner for him. Won't that be good?" Xie Lifen said. "We'll get Lin Wenyu to come over, and we'll show her that Haoyang isn't someone she can rely on."

Wang Zongheng felt that it made sense and said, "Make the arrangements. When the time comes, we must have the two of them attend!"

...

The news of this gathering quickly spread.

It was said that everyone attending was a prestigious figure. Moreover, there would be many big shots in the film, television, and music industry as well as celebrities.

Many artistes had already posted their invitations on Weibo.

Guo Xintao was no exception. His invitation was posted with Ma Xiaohui.

Although Yuan Haoyang did not post it, the studio had confirmed his schedule. He was indeed participating in the gathering of wealthy families.

Guo Xintao's fans were naturally happy. [Tao Tao and Xiaohui are going to appear at the banquet! Tao Tao will definitely be recognized by more people this time. When the time comes, his resources will go up another level!]

[Yes, Tao Tao is always the best!]

[Some people are in trouble. I wonder if they'll bring their ordinary girlfriends along?]

[Won't he be humiliated if he brings his ordinary girlfriend there? Won't it be super embarrassing?]

Actually, the other half of the people attending the banquet were ordinary people, so this did not make the fans too dissatisfied.

Yuan Haoyang's girlfriend was Lin Wenyu. Was it because Lin Wenyu's previous matter had blown up too much? Was it because Yuan Haoyang and Guo Xintao were always compared to each other? This was a barrier that could not be avoided. It was not strange for everyone to pay a lot of attention to this matter.

Yuan Haoyang's fans were all worried for him. [What should we do this time? Can Lin Wenyu really compare to Ma Xiaohui?]

[I heard from Butterfly Music that Yuan Haoyang's family is looking for a marriage partner for him! It turns out that Haoyang is a child of the Wang family, the company behind Butterfly Music! It's just that he took his mother's surname!]

[It turns out that not only does our Haoyang sing well, but he's also handsome and comes from such a good family.]

Previously, Yuan Haoyang's true identity was only known by people in the circle, and the fans did not know. Now that it was exposed, the fans naturally felt proud.

[From the looks of it, Lin Wenyu is even less worthy of Haoyang now! Not only is he a singer, but he's also the young master of a noble family. What about Lin Wenyu?]

[Sigh, Tao Tao is so responsible for himself. He chose such a good girlfriend.]

Amidst the doubts, it was the day of the banquet.

It was nighttime. In a villa area in Jingdu City, the lights were brightly lit, and VIPs were coming and going. Big-name celebrities and wealthy businessmen were everywhere.

As many celebrities were attending the banquet, there were many fans gathered outside the door.

Every time a familiar face appeared, the fans would shout at the top of their lungs.

Guo Xintao and Ma Xiaohui appeared together. The lights illuminated their particularly bright faces.

Compared to Ma Xiaohui, Guo Xintao did not have many opportunities to attend such an event. Moreover, he used to attend as an artiste. This time, he attended as Ma Xiaohui's boyfriend.

This also meant that he had officially entered this wealthy circle. In the future, everything he had would be incomparable to other artistes.

Even though Yuan Haoyang was rich, Guo Xintao would not be left behind either.

“Xiaohui, come and introduce your boyfriend to us.” As soon as the two of them entered the venue, someone started to greet Ma Xiaohui.

Ma Xiaohui held Guo Xintao’s arm and introduced him to her relatives and family friends.

Now that Guo Xintao was acting in a television drama invested by the Ma family, the outside world naturally thought highly of their strong combination.

Wang Zongheng and Xie Lifen walked over hand-in-hand.

Ma Xiaohui greeted, “Hello, Uncle and Aunt.”

Everyone in the industry knew that Xie Lifen regarded Yuan Haoyang as a thorn in her side. She wanted to control everything in the Wang family and give it to her good-for-nothing son. In the future, she would not give Yuan Haoyang anything. Otherwise, she would not have allowed the people in Butterfly Music to suppress Yuan Haoyang in all sorts of ways. She would not have forced him to go out and establish his own company.

However, Wang Zongheng was blind and could not tell what was going on. He allowed Xie Lifen to suppress his son.

Yuan Haoyang had also developed a licentious personality. He was not thought highly of in the industry.

“Xiaohui, is this your boyfriend, Tao Tao? He’s so polite and gentle. No wonder you like him,” Xie Lifen teased with a smile.

Ma Xiaohui smiled and said, “Aunt, you flatter me. Why? Is Haoyang not here yet?”

“Soon, soon. He’ll be here soon. Coincidentally, his father and I plan to introduce the daughter of the Li family to him,” Xie Lifen said with a smile.

“The Li family?” Ma Xiaohui’s smile swayed. The Li family was nothing in this circle. Moreover, their daughter was very ordinary-looking. Not only was she three years older than Yuan Haoyang, but her temper was also terrible.

Chapter 1655 Too Unpresentable

Was Xie Lifen deliberately trying to disgust Yuan Haoyang?

The more Yuan Haoyang resisted, the more he would fall out with his family. At that time, wouldn’t the entire family belong to Xie Lifen and her son?

Yuan Haoyang was really unfortunate. Not only was he being forced by his family, but he was also being forced by his fans. He also had to resist in all aspects. His days were really not easy.

Ma Xiaohui told Guo Xintao everything and smiled. “Your chance has come. Yuan Haoyang is being attacked from all sides. I’m afraid he won’t be in the mood to focus on his career. It’s only a matter of time before you leave him behind!”

!!

Guo Xintao was full of confidence. "I won't waste the opportunity you and Uncle gave me!"

"I know." Ma Xiaohui smiled happily.

The banquet had been going on for a while, but Yuan Haoyang had yet to appear.

Wang Zongheng and Xie Lifen were talking to the Li family. Xie Lifen was having an especially good time with them. She smiled and said, "Lanzi is just three years older than Haoyang. She's a suitable match for him. Moreover, Lanzi's personality is the same as Haoyang's. I believe they'll get along very well together."

Everyone quickly nodded.

"Why isn't Haoyang here yet?" Wang Zongheng was a little angry.

"Don't get angry. I'll ask the butler to call him again later," Xie Lifen said. In any case, she couldn't wait for the father and son to turn against each other.

Wang Zongheng said, "Hmph, if he doesn't come, then we'll just forget about him! Tonight's business is more important!"

"I know, I know."

The so-called business tonight was to build a good relationship with the host of tonight's banquet, the famous Wan Changqing of Jingdu City.

Wan Changqing retired from the military a few years ago. He had extraordinary power and was the target of many aristocratic families.

The reason why the Wan family held this banquet tonight was also because of Wan Changqing. The juniors in his family had all gone to the United States to live, and he liked to liven things up. Therefore, when he heard that many aristocratic families wanted to marry off their children, he decided to take on the role of a host and invited everyone to this gathering.

He was old, but his personality was not quiet. He had some understanding of the internet and celebrities. He was an old man who kept up with the trends.

However, he was not a womanizer, so it was very safe to interact with him. If he became fond of a woman, she would most likely receive all kinds of financial support from him.

Therefore, many people would attend the banquets he held. The news of this also spread, causing more and more people to attend.

Actually, not many people could be on good terms with him.

The Ma family, the Wang family, and the others could appear at the scene because Wan Changqing did not reject anyone.

Otherwise, if he really got picky, their families would not be worthy of attending the Wan family's banquets.

Wang Zongheng naturally knew this, so he wanted to build a good relationship with Wan Changqing tonight.

Ma Xiaohui knew this very well. She said to Guo Xintao, "Although Wan Changqing, who's hosting the banquet tonight, is old, he likes the same things youngsters like. As long as it's someone who sings, draws, or films movies, they won't have to worry about anything in the future if they manage to get on his good side. I'll bring you to see him later. If you can make him like you..."

Even before she could finish her sentence, Guo Xintao understood.

He thought that it was impossible for the elders not to like him, so he was very confident.

As they were talking, someone said, "Yuan Haoyang is here!"

Everyone immediately looked at the entrance.

Yuan Haoyang had come alone, and Lin Wenyu was not by his side.

Someone immediately started muttering, "It seems that Yuan Haoyang didn't want to bring his girlfriend here as he knew he'd embarrass himself. I knew it. How can that be true love? How could Yuan Haoyang really like a commoner?"

"Men nowadays are more realistic than women. If you only have to work hard for ten to 20 years, why wouldn't you? If you choose the wrong wife, you'll suffer for decades in the future. Isn't it good to choose one from a noble family? I never thought that Yuan Haoyang would bring Lin Wenyu here anyway!"

"Same here!"

When Xie Lifen saw Yuan Haoyang, she immediately said, "Haoyang, you're here? Come quickly. Lanzi is here. Come and meet her!"

"Why should I meet her?" Yuan Haoyang's words were very impolite. He was used to being straightforward and did not take Xie Lifen seriously at all.

Xie Lifen was not embarrassed. She said, "Lanzi is the daughter of your Uncle Li. She's an old acquaintance of our family. The Wang and Li families will support each other in the future. Don't be too willful."

Her tone was gentle as if she was really a loving mother.

Yuan Haoyang turned around and left.

Wang Zongheng was so angry that his entire body was trembling. However, he could not punish him in front of everyone.

Guo Xintao and Ma Xiaohui could not help but laugh when they saw Yuan Haoyang and his family embarrass themselves in public.

Ma Xiaohui said in a low voice, "How unpresentable!"

Guo Xintao straightened his face and held his head high. He looked like she wanted to defeat Yuan Haoyang.

Yuan Haoyang walked with lazy steps. There was no humility in his expression at all. He casually glanced at everyone. He was no different from his usual domineering, cool, and arrogant self.

Perhaps only in front of Lin Wenyu would he put away his seriousness. In front of her, he was gentle and pious, letting her see only the best side of him.

In his eyes, there was no reason for him to treat anyone else differently.

“Old Master Wan is here!” someone shouted.

Guo Xintao and Ma Xiaohui immediately looked at Old Master Wan and saw a hale and hearty old man walking out with a ruddy face. He waved at everyone with a smile on his face and looked extremely approachable.

The two of them had the geographical advantage and were the first to greet him. “Hello, Grandpa Wan!”

Old Master Wan liked crowds. He glanced at Guo Xintao and Ma Xiaohui and smiled. “Hello!”

He had the same preferences as young people. He liked good-looking people the most. Guo Xintao had been an idol for so many years, so he was naturally good-looking. Old Master Wan smiled, his thick eyebrows curving up. Seeing that Ma Xiaohui was a familiar face, he even greeted her, “Come and sit!”

The two of them followed Wan Changqing and said flattering words while following him fawningly, trying to close the distance between them.

Someone at the scene had already started to post on Weibo: [Guo Xintao and Ma Xiaohui are simply blessed by the heavens tonight. I’m so envious!]

Although the person did not say what was going on, the fans could already imagine it. [That’s for sure. Ma Xiaohui’s family background is so good, and Guo Xintao is handsome. They’re really compatible!]

[I’ve already told you that Ma Xiaohui is an incredible person! Go for it, Yuan Haoyang! Shake off your competitor for good!]

[It seems that a certain someone didn’t go to the venue tonight. Yuan Haoyang thinks that it’ll be too embarrassing if he brings her along, right?]

Chapter 1656 Hit Me If You Want

[Tsk, tsk, tsk. How can love beat family background?]

Yuan Haoyang’s fans were filled with worry.

After Guo Xintao and Ma Xiaohui, Li Lanzi also went forward to talk to Wan Changqing and received a few smiles from him.

Mr. Li really wanted to marry his daughter to Wang Zongheng’s son and take the opportunity to work with Butterfly Music, so he wanted to use Wan Changqing to facilitate this marriage. He took the

opportunity to say, "Old Master Wan, actually, Lanzi is attending the banquet tonight to meet her marriage partner."

Old Master Wan asked with interest, "Who is it?"

"It's Yuan Haoyang from the Wang family! He's the son of Yuan Xi and Wang Zongheng!" Mr. Li said.

"Come, have him come over. I want to meet him." Wan Changqing smiled.

"Haoyang, can you come over for a while?" Mr. Li called out to Yuan Haoyang.

As long as Wan Changqing asked, Yuan Haoyang would definitely not refuse.

Everyone present was also thinking that the people from the Li family would cause trouble. The Li family knew that the most respected person here was Wan Changqing, so they directly used him. If Yuan Haoyang refused, he would offend Wan Changqing. The Li family would be able to retreat unscathed no matter what. They had really planned well.

Even Xie Lifan was stunned for a moment. She didn't expect the Li family to be so cunning. If Yuan Haoyang offended Wan Changqing, wouldn't the Wang family be at risk too? However, the good thing was that Yuan Haoyang had already left the family. She hoped that Wan Changqing wouldn't take his anger out on them.

However, if that happened, Yuan Haoyang and Wang Zongheng would definitely have a falling out!

That was unless Yuan Haoyang changed his personality and accepted Li Lanzi.

Yuan Haoyang raised his eyebrows slightly and looked at Mr. Li lazily. "Why did you call me over?"

"Old Master Wan has something to tell you!" Mr. Li pushed the blame on Wan Changqing.

"But I heard you calling me, though?" Yuan Haoyang's tone was lazy. He had no intention of going over.

Mr. Li was really angry at his attitude and had no choice but to be patient. "Come over first and greet Old Master Wan. You should be doing that as a junior!"

"If I want to greet him, I'll naturally go over myself. I don't need you to call me over." Yuan Haoyang didn't take Mr. Li's words to heart at all. His attitude when he spoke was even more carefree.

Everyone was used to his attitude, but Guo Xintao thought to himself, 'Yuan Haoyang is really too insensible. He probably got to where he is only because of his family! How annoying!'

Ma Xiaohui also felt that Yuan Haoyang was doomed. Everyone was eager to curry favor with Wan Changqing, but he was the only one who didn't care at all.

Wan Changqing was still smiling. "Yuan Haoyang, do you not like Li Lanzi?"

"Who's Li Lanzi?" Yuan Haoyang asked.

Mr. Li and Li Lanzi were so angry that they almost spat out a mouthful of blood. He was too rude! He actually publicly said that he didn't know Li Lanzi!

"Your marriage partner," Wan Changqing added.

Yuan Haoyang lazily pulled over a chair and sat down. "What year is it now? Why are they still doing those old tricks? Do they think this is still a feudal dynasty?"

Wang Zongheng was so angry that he wanted to hit him, but Xie Lifen stopped him.

Yuan Haoyang looked at his father lazily. "If you want to hit me, go ahead. After all, you don't treat me as your son, right? You ran away when I needed you. Now, I don't need you anymore. But for your own interests and the family's reputation, you want me to marry someone of your choosing?"

"You!" Wang Zongheng was furious.

"What about me? I didn't get any inheritance from you, nor do I want any assets of the Wang and Li families. I've even taken my mother's surname. Why should I listen to you?"

Wang Zongheng did not expect his son to dare to make such a fuss in public. He really did not expect it.

"If you have something to say, let's go home and talk about it. It's meaningless to talk here, right?"

"You're afraid of exposing your dirty laundry, but I'm not. Why? When you decided to have me meet my marriage partner in public, you didn't ask for my opinion, nor did you say that I couldn't say these things outside." Yuan Haoyang raised his eyebrows lazily, but his words were clear and firm.

Ma Xiaohui and Guo Xintao looked at each other. They both felt that Yuan Haoyang had lost his reputation. If news of this were to spread, Yuan Haoyang's reputation and image would fall. Furthermore, he was doing this in front of Wan Changqing.

Would Wan Changqing invite him to another banquet in the future?

The two of them couldn't wait for things to blow up.

Xie Lifen said, "We're just thinking about your happiness. Haoyang, think about it. If you marry a woman who has nothing, your father and I will always be worried about you. Besides, the Li family is a family friend."

"Then I'll say it again. The only person I want to marry is Lin Wenyu. I won't marry anyone else!" Yuan Haoyang stood up and said word by word.

Everyone was in an uproar. They thought that he had compromised by not bringing Lin Wenyu tonight.

Unexpectedly, he just didn't want Lin Wenyu to be criticized, so he didn't bring her along.

For a moment, no one knew if they should admire him or criticize him for being too bold.

Guo Xintao also shook his head secretly. His competitor was courting death. It seemed Lady Luck was truly on his side this time.

Wang Zongheng was so angry that he rolled his eyes. In order to protect his reputation, he forced himself not to faint.

"Young man." Wan Changqing stopped him.

Yuan Haoyang raised his eyebrows and looked at him. "There's no need for you to persuade me. I won't compromise on anyone's account, and I'm not worried about offending you. However, Grandpa, you're

really too kind. Just look at how many people want to use your kindness to achieve their goals. How many people really respect you from the bottom of their hearts?"

His words exposed more than half of the people present here. Everyone came here to please Wan Changqing and obtain what they wanted.

However, not only did Yuan Haoyang not collude with them, but he also directly exposed them.

Yuan Haoyang's words offended everyone present.

Whether it was the aristocratic families or the people in the entertainment industry, they would probably not let him have it easy in the future.

Wan Changqing laughed out loud. "Do you think I stopped you so that I could force you to marry the Li family's daughter? I just think that you have the same demeanor I had when I was young. I want you to come over and have a good talk with you!"

Everyone: "..."

Everyone was confused.

Why didn't they know that Wan Changqing was similar to Yuan Haoyang when he was young?

However, everyone came to a realization. Wan Changqing was already so old, yet he still liked things to be lively and did whatever he wanted. Wasn't he just an old version of Yuan Haoyang?

To think that everyone was trying their best to portray themselves as the person Wan Changqing liked, but in fact, they were only making him like them on the surface. It turned out that the person he really liked was someone like Yuan Haoyang!

It was a miscalculation on their part!

Chapter 1657 Satisfied

Disappointment flashed across Guo Xintao's face. It seemed that he had failed.

Yuan Haoyang said, "Let's talk about it next time. I promised my girlfriend that I would have supper with her."

"What's your girlfriend's name?" Wan Changqing was still smiling. Yuan Haoyang was clearly disobeying him, but Wan Changqing still seemed to adore him.

"Lin Wenyu. Don't you always pay attention to entertainment news? Haven't you heard of her?" Yuan Haoyang said speechlessly.

After he finished speaking, Wan Changqing's expression changed slightly.

However, Yuan Haoyang did not notice it as his phone was ringing. He picked it up and said, "Wenyu, you're here? I'll be right out. You're already in?"

Yuan Haoyang narrowed his eyes dangerously. Who specially invited Lin Wenyu in?

He looked around him, and everyone dodged guiltily.

Lin Wenyu didn't come to the banquet in time because she had surgery to do at the last minute.

Additionally, Yuan Haoyang didn't want her to come over. He didn't want her to see how shameless these people were, especially Xie Lifen. She liked to stir up trouble and couldn't wait for Yuan Haoyang to mess up. Back then, she was the one who planted Cao Kexiu beside Yuan Haoyang.

As soon as Lin Wenyu arrived at the banquet's venue, Xie Lifen immediately got someone to invite her in. She wanted to embarrass them in public.

Before Yuan Haoyang could go out, Lin Wenyu was invited in. As expected, everyone began to look down on her.

Guo Xintao also looked at Lin Wenyu deeply. He wondered if she regretted it now.

Yuan Haoyang immediately walked toward Lin Wenyu and held her hand. "Wenyu, let's go!"

He would not give them a chance to hurt Lin Wenyu!

"Wenyu!" Xie Lifen immediately said, "You've been with Haoyang for a long time. It's not that I want to say this, but you know that Haoyang's family background doesn't match yours. We're here today to let Haoyang meet his marriage partner. This is also his father's intention. He hopes that Haoyang can live a better life. I believe you don't want Haoyang to become an unfilial child, right?"

Yuan Haoyang raised his eyebrows angrily and looked at Xie Lifen, scaring her so much that she shivered. Lin Wenyu pulled him back and said calmly, "As a stepmother, it doesn't seem to be your place to interfere in my and Haoyang's matters."

Xie Lifen's face darkened.

Lin Wenyu continued, "Besides, whether I'm worthy or not is our own business, and it has nothing to do with you. Since your family hasn't given Haoyang anything, why should he listen to your arrangements?"

No one expected Lin Wenyu to be so stubborn. She did not have the attitude of an ordinary person at all. Instead, she directly offended the Wang family.

While everyone admired her courage, they couldn't help but despise her naivety.

This was not the era of love. Their relationship was irrational, inappropriate, and not worth it!

Xie Lifen gritted her teeth in anger. However, it was good that things had turned out this way. The father-son relationship between Wang Zongheng and Yuan Haoyang was now beyond repair!

Li Lanzi couldn't help but say, "Lin Wenyu, although what you said makes sense, don't you know how to respect your elders? There are so many people here. This isn't your home ground!"

Lin Wenyu looked up at her. Before she could speak, Wan Changqing had already stood up and walked toward her.

"Wenyu!" Wan Changqing's attitude was not the same as before when he casually responded to what everyone said with a smile. Instead, his expression was full of genuine longing and love. He walked straight to Lin Wenyu. "You naughty girl! I was wondering why you no longer came to visit me. It turns out that you've gotten together with Yuan Haoyang! You really make me very angry!"

As he spoke, his beard curled up in anger.

“Grandpa Wan, didn’t I come to see you now?” Lin Wenyu said playfully. Wan Changqing was a family friend of the Lin family. Wan Changqing had watched her grow up. The two families had had a good relationship for many years. This relationship was naturally not something other families could compare to.

Ma Xiaohui, who was watching the commotion and hoping that Lin Wenyu would embarrass herself, was shocked.

Guo Xintao: “???”

Everyone asked, “What’s going on?”

Yuan Haoyang: “...”

Although he knew that Lin Wenyu’s family background was extraordinary, he did not expect such a situation!

Wan Changqing snorted. “No wonder you rejected me the last time I asked you to meet my grandson and marry into our family. It turns out that you’ve gotten along with this brat?”

Everyone: “...”

Lin Wenyu’s family was Wan Changqing’s family friend!!!

Only a handful of people in this circle could be friends with Wan Changqing!

Those who could become friends with his family were not people who needed to be flattered but real wealthy families!

So... the Lin family that Lin Wenyu was in was that Lin family?

The Lin family that had countless military achievements and was still powerful?

She was Lin Hancheng’s daughter?

Wan Changqing looked at Yuan Haoyang unhappily and said angrily, “What kind of taste does Lin Hancheng have to take a fancy to a son-in-law like you? I’m not convinced! How can you compare to my good grandson? No, Wenyu, you’d better go and meet my good grandson. Let me tell you, my grandson is definitely good-looking, has a better temper, and knows how to please girls better than him! Go take a look at him, just a look!”

Yuan Haoyang glanced at Wan Changqing, who was trying to snatch his woman right in front of him. “Grandpa Wan, you just said that I reminded you of how you were when you were young! What are you doing now? Are you looking down on yourself?”

“Go away. That’s a matter of the past. Let me tell you, my good grandson is better than you. Do you dare to compete fair and square? I’ll make a call and ask him to rush back from the United States.” Wan Changqing was so angry that his beard was curled up high!

“Grandpa Wan! Brother Ran and I grew up together. We’re just friends. We don’t like each other!” Lin Wenyu hurriedly pulled the old man back, afraid that he would make a call on the spot. “Even if you call him back, I won’t let the two of them compete fairly! Because I’ve already chosen the person I want!”

Wan Changqing immediately had a bitter expression. “You! Ah, I’m so angry! I’ve treated you as my granddaughter-in-law since you were young! Go and ask your father to give me an explanation!”

“Grandpa Wan!” Lin Wenyu pulled him and wheedled. “Stop fooling around. It wasn’t easy for Haoyang and me to settle down. If you go look for my father now, I won’t come to see you or care about you anymore! Also, I won’t see Brother Ran anymore. If he asks me, I’ll say it’s because of you!”

Wan Changqing: “...”

Wan Changqing said, “Okay, okay. I won’t look for your father! Sigh, my poor grandson! Oh, my granddaughter-in-law! Yuan Haoyang, you brat! I’ll remember this!”

Chapter 1658 The Lin Family!

Everyone: “!!!”

It turned out that Lin Wenyu’s identity was far beyond their imagination!

Xie Lifen was dumbfounded. How could she afford to offend Lin Wenyu?

She took the first step forward and said, “Wenyu, my tone was a little harsh just now. Don’t take it to heart. But that was just a joke. It was just a friendly joke. Do you understand?”

!!

“I don’t understand, and I don’t like to joke.” Lin Wenyu’s tone was rude.

This time, it was Xie Lifen’s turn to have a heart attack. She clutched her chest for a long time.

Next were Mr. Li and Li Lanzi. They said awkwardly, “I’m sorry, Miss Lin. Please be magnanimous and don’t hold it against us.”

Ma Xiaohui clenched her fists in anger. She never expected Lin Wenyu to have such an identity!

She was actually from the Lin family!

Even if everyone present combined their strength, they could not compare to a single strand of hair on the Lin family’s head!

No matter how angry she was, she did not dare to argue with Lin Wenyu.

She suddenly recalled what had happened at Orchid Pavilion the last time. Only then did she realize that Lin Wenyu had already displayed her extraordinary identity, but she didn’t notice it at all.

Guo Xintao did not show it on his face, but the regret in his heart overwhelmed him.

He had really liked Lin Wenyu before. When he got together with Ma Xiaohui, he was still a little angry with Lin Wenyu.

Back then, Lin Wenyu liked him very much.

She had liked him for five years, but he wore away all her enthusiasm with just a few small matters!

If he had known her earlier, he could have restrained his behavior and not played with his fans as if they were his private property. Would everything have been different then?

He looked at Lin Wenyu without batting an eyelid, but his palms were trembling beside his pants.

Everyone else looked at Wan Changqing and Lin Wenyu in a daze, listening to Wan Changqing insist that his grandson marry Lin Wenyu.

When they reacted, everyone's attitude toward Lin Wenyu became completely different.

"Miss Lin."

"Miss Lin."

"Miss Lin."

The flattering smiles in front of her annoyed Lin Wenyu.

Yuan Haoyang held her hand and said, "I'll accompany you out."

After the two of them went out, Wan Changqing beat his chest and stomped his feet. "My granddaughter-in-law!"

Wang Zongheng had yet to react to the development of the situation.

...

"I'm sorry for making you suffer." Yuan Haoyang took off his coat and draped it over her shoulders.

Lin Wenyu smiled. "No way. I liked it so much when my boyfriend said in public that he wouldn't marry anyone else but me."

"Where did you hear that?" Yuan Haoyang smiled and shook his head.

"Didn't Ah Guo come in with you? He even sent me a video."

Yuan Haoyang was helpless. Ah Guo had completely forgotten about him now that he had a sister-in-law!

Lin Wenyu reached out and hooked her arms around his neck. "When are you going to propose to me?"

"Well, you first have to let me know how to deal with my future father-in-law. I still feel a little guilty looking at him."

"Leave it to me!"

"So Father-in-law still has the last say?"

"Not only that, but he's also much fiercer than you! So, you'd better be prepared. You won't have a pleasant time getting beaten up by my father!"

Yuan Haoyang smiled. "Then I'll try my best not to get kicked!"

Chapter 1659 The Definite Ship

That night, just as Guo Xintao's fans were feeling smug, Ma Xiaohui stepped forward and posted on Weibo: [I'm really happy to have attended the banquet with Wenyu tonight! I'm really lucky to be able to make a friend like Wenyu! @I told you to be obedient, but you didn't listen. Do you want to meet again next time?]

There was also a photo of Lin Wenyu at the banquet.

The fans were confused. [What's going on? The two men are still battling it out, but their women have become best friends? What does this mean?]

[What magic spell did Lin Wenyu cast?]

!!

[Are they planning to reconcile?]

Guo Xintao also posted on Weibo: [I'm very happy tonight.]

In the banquet photo he posted, Lin Wenyu was in it.

Everyone: "!!!"

Then, almost all the celebrities, wealthy businessmen, and big-name celebrities who participated in the banquet that night posted on Weibo.

The accompanying articles and photos on Weibo were all different.

However, the sharp-eyed netizens still discovered a common point. Lin Wenyu was in almost every photo. Those people also carefully and boldly showed their determination to be friends with Lin Wenyu.

Although Yuan Haoyang and Lin Wenyu did not post anything, half of the wealthy families and those from the entertainment industry who attended the banquet were showing their loyalty to Lin Wenyu. Moreover, they were afraid of falling behind!

Guo Xintao's fans were all asking: [What happened?]

[This is so strange. What sort of magic did Lin Wenyu use?]

Yuan Haoyang's fans were also at a loss for a while. They suspected that they had seen it wrongly.

After confirming this series of events, they were much quicker to accept it although they did not know Lin Wenyu's true identity.

Yesterday, they were still scolding her for being a b*tch. Today, they were already calling her their idol's wife!

Especially when they saw Ma Xiaohui kneeling on the ground and licking Lin Wenyu's boots, it made everyone feel even more ashamed. However, they were also indescribably excited.

Everyone felt proud. [Our idol's future wife is great! She has friends all over the world!]

[I originally thought that she was an ordinary person, but from the looks of it, not only is she not an ordinary person, but she also has dealings with all kinds of big shots and people in the entertainment industry. I'm completely relieved to have her by Haoyang's side!]

[What's pretentious? This is pretentious! Wenyu and Haoyang will always be together! I'll lock them up myself!]

[I've already swallowed the key. No one will ever be able to unlock it!]

[Locked! This ship will last forever!]

[If you call them a ship, then that means there's still a sense of uncertainty. This pair should be called a definite ship!]

[Of course! Otherwise, where are we going to put Brother Haoyang's face?]

[After falling in love with Lin Wenyu, does he still have any dignity left? He's already put his dignity in his pocket, okay? Since he said that he won't marry anyone else, he doesn't care about his dignity anymore!]

[That's true! This ship is for certain!]

No one participating in the banquet gossiped about or revealed Lin Wenyu's identity to the public. Those who knew, knew.

Those who did not, judging from the attitudes of those who did, knew what to ask and what not to. They all kept quiet.

However, their attitudes toward Lin Wenyu would never be the same in the future.

Only Yuan Haoyang was still the same to her. He would tease her from time to time, but most of the time, he expressed his genuine feelings for her. All his formality, gentleness, and piety were given to her alone.

The people in the studio were still fooling around like before. They only felt that their sister-in-law was very powerful and did not pay much attention to her true identity.

On the other hand, Wang Zongheng called with a sincere attitude. "Haoyang, when are you coming home for dinner with Wenyu?"

"Do we need you to cook us a meal?" Yuan Haoyang retorted directly.

Wang Zongheng compromised. "No matter what, I'm still your father."

Yuan Haoyang was silent for a moment before sneering. If it weren't for Lin Wenyu's identity, would his family show such an attitude now?

He smiled faintly and said in a cold voice, "I wish you weren't!"

Wang Zongheng was so angry that he could not breathe. His phone slipped from his hand unsteadily.

Xie Lifan quickly held him. "Hubby, are you okay? Don't scare me!"

Wang Zongheng's breathing quickened, and Xie Lifen panicked. "Quick, sit down!"

The butler walked in and said anxiously, "Oh no, oh no..."

"What's wrong? What is it?" Xie Lifen asked angrily.

"The relevant departments are investigating the company's accounts. They're now at the house," the butler said.

"What..." The expression on her face changed drastically.

Wang Zongheng stood up. "What exactly is going on?"

The account books at home were all specially managed by someone. Moreover, Wang Zongheng thought that there was nothing wrong with them.

However, since the relevant departments had even investigated the company and come to their house, it must mean that they had the relevant evidence. Things might be much more serious than they imagined.

Seeing that Xie Lifen was flustered, he asked sternly, "What exactly is going on?"

"I-I don't know either. It must be Haoyang..."

"Haoyang hasn't interfered in the company's affairs for so many years! What could he have done?!" Wang Zongheng would never have expected the words he was about to hear from Xie Lifen.

Xie Lifen said in a panic, "I-I got someone to report Haoyang's studio. I thought it was possible that his studio made use of many loopholes or perhaps there'd be accounting problems. If he couldn't manage his studio, he'd definitely come back home and help you take charge of the family business. It could also ease the relationship between you two. Everything I did was for your own good."

Wang Zongheng sneered in anger. "For the sake of reconciling our father-son relationship? You've already reported Haoyang. Do you think we can still reconcile? Just how badly do you want to harm him? In the past, you said that he should fight for himself and do what he wanted, but you kept causing trouble. Now, you actually reported him!"

"If there are loopholes in his actions, why can't I report him?" Xie Lifen was not thinking straight, but she was very stubborn. "Aren't I responsible for educating children and having them do the right thing?"

Actually, she regretted it very much, especially when she found out that Lin Wenyu's identity was extraordinary. She panicked after finding out and didn't dare to go against Yuan Haoyang anymore.

However, she had already reported the matter, so even if she regretted it, it was too late to withdraw it.

Now that the matter had erupted, she could only desperately find an excuse to hide her true intentions.

Chapter 1660 Tell Me The Reason

"Then what's going on now? You reported Haoyang, so why are they now at our house?" Wang Zongheng pointed at the relevant investigation department personnel outside and asked.

The butler walked forward and said in a low voice, "Sir, Young Master called just now. He said that his studio has been investigated and there's nothing wrong with it. He's always been responsible for himself and his team. Now, he wants you to accept the same investigation. He has already reported the company."

Wang Zongheng was no longer angry. His son was more capable and upright than he had expected. He was more relieved than anything else.

He caught a glimpse of the terrified look on Xie Lifen's face and suddenly understood something. "Is there something wrong with the company's accounts?"

Xie Lifen's lips trembled, and she didn't dare to answer. She didn't expect that there was nothing wrong with Yuan Haoyang's accounts at all. After being investigated, he actually reported her!

Yuan Haoyang could be investigated, but she could not!

"I-I..." Xie Lifen was really flustered. The feeling of going for wool and coming home shorn was too painful. Moreover, Yuan Haoyang's growth and counterattack speed scared her. "I did do something... But if the company's matter is exposed, you and I will be in the same boat. Hubby, you can't leave me alone... Hubby, we've been husband and wife for many years. For the sake of the child that we have together, help me! Help me and help yourself!"

Wang Zongheng sighed and was angry. He pointed at her nose and scolded, "Why did I marry a woman like you?!"

...

The news that Butterfly Music was being investigated quickly spread.

There were many accounting problems in the company, and many celebrities were also involved in various problems. Soon, the company was strictly investigated, and there was internal turmoil.

When he heard the news, Yuan Haoyang's expression was calm as if everything was within his expectations.

"Brother Haoyang, look at the news." Ah Guo handed his phone over.

"That's unnecessary. I've known about it for a long time. How could I not know about the tricks that Xie Lifen has been using all these years?" Yuan Haoyang's mother was the one who founded the company. He had endured everything for so many years because he didn't want his mother's efforts to be ruined.

However, Xie Lifen was getting more and more outrageous. She actually reported his studio.

He could no longer tolerate all of this. He would give them a taste of their own medicine.

What would happen to his family and the company in the future was not something he could control.

Ah Guo said in a low voice, "Then Uncle..."

"He married her and handed the company to her. He should bear the consequences."

Ah Guo knew that Yuan Haoyang had made up his mind, so he did not say anything else.

...

The Lin family.

Due to the turmoil of Butterfly Music, Lin Hancheng naturally arranged for people to investigate the inside story.

This concerned his daughter's happiness. He would never let it go.

In the study, he was reading the investigation report sent by his subordinate.

Qin Zufang served him a cup of tea and said, "I've heard that there's nothing wrong with Haoyang's studio. Otherwise, you wouldn't have gotten nothing out of your investigation. The relevant departments have also investigated it and determined that there's nothing wrong."

"That brat did a good job." Lin Hancheng's tone was very relaxed. "Let's not talk about his family background. The most important thing is that he has an upright character and is reliable. Otherwise, even a mountain of gold and silver will be squandered by him."

"Are you relieved now?" Qin Zufang asked with a smile.

Lin Hancheng disagreed. "We still have to investigate him! How can I let him marry my daughter so easily?"

...

The artistes of Butterfly Music were affected by this wave, and their work was suspended. Their future was also very worrying.

However, their contracts had not expired yet. No one could leave even if they wanted to. For a moment, everyone was panicking.

The huge company was about to collapse. Everyone was in danger and could not protect themselves.

Cao Kexiu, who was the closest to Xie Lifen, was brought in for questioning. It was said that many accounting problems had been discovered, and her future was bleak.

Many companies were waiting for an opportunity to buy Butterfly Music at a low price when they were on the verge of bankruptcy. They were like vultures, waiting for Butterfly Music to collapse so that they could eat it up.

Butterfly Music hovered on the edge of crisis, unable to reverse the situation.

Wang Zongheng's hair turned white overnight.

He felt guilty and did not contact his son again. Instead, he contacted Su Bei directly.

"President Su, I have something to talk to you about."

Su Bei did not expect Wang Zongheng to look for her, but she still confirmed the time to meet him.

On the day they met, Wang Zongheng brought his trusted aides directly to Su Bei's office in Nirvana Entertainment.

“President Su, I’ll get straight to the point,” Wang Zongheng said directly. “I’m sure you know that Butterfly Music was founded by my ex-wife, Yuan Xi. It contains a lot of her blood, sweat, and tears. I really can’t bear to see the company in this state.”

Su Bei looked at him indifferently and said nothing.

Wang Zongheng said ruthlessly, “President Su, I beg Nirvana Entertainment to buy Butterfly Music and save my ex-wife’s efforts.”

Otherwise, with the company about to go bankrupt, no one would have a good life.

In the future, Butterfly Music would no longer exist in the world.

“What’s your reason for choosing Nirvana Entertainment?”

Wang Zongheng looked at Su Bei and said with a bitter smile, “Previously, you took in half of the artistes who left Butterfly Music, so you can naturally take good care of the remaining half. Moreover, I’ve asked around. Those artistes who left didn’t perform very well in Butterfly Music, but when they came to you, they were all able to display their strengths. It really surprised and impressed me. The new generation will indeed surpass the old. I have to admit that I’m impressed by a young man like you!”

Su Bei smiled slightly. “So, you trust me and want me to buy the company at a low price?”

She flipped through the contract sent by Wang Zongheng. The terms were indeed generous. No matter who acquired Butterfly Music at this price, the prospects were very promising.

However, Wang Zongheng refused the acquisition of other companies and came straight to her. Of course, Su Bei did not think that it was because he was kind and trusted her completely.

“That’s right. President Su, do you think this deal is worth it?” Wang Zongheng asked.

“President Wang, why don’t you give the company to your own son?” Su Bei asked. “As far as I know, your son is also in this industry and is very capable.”

Wang Zongheng had two sons. One was Yuan Haoyang, who was born to his ex-wife, and the other was Wang Wei, who was born to Xie Lifen. Yuan Haoyang was a good-for-nothing on the surface, but he was actually outstanding. Wang Wei was also a good-for-nothing on the surface, but deep down, he was even more useless.

Su Bei did not mention a name, but everyone knew that she was talking about Yuan Haoyang.

Wang Zongheng sighed and smiled. “President Su, do you need me to tell you the reason?”
