

## Hidden 1661

### Chapter 1661 Snatch Away

As soon as he finished speaking, Yuan Haoyang pushed the door open and walked in with a lazy and distant expression.

“As expected, you’re here.” Wang Zongheng had a gratified smile on his face because he had guessed correctly. “I knew it.”

Previously, Nirvana Entertainment was able to successfully win over half of the artistes in Butterfly Music. They quickly established a development plan that matched the artistes’ personalities and characteristics, allowing them to stabilize and shine in the entertainment industry.

The outside world said that Nirvana Entertainment knew how to develop their talents.

However, only Wang Zongheng knew that his son had contributed to this.

Otherwise, that group of people who had been in the entertainment industry for a long time would definitely be in a state of disunity after moving to a new company. They wouldn’t have listened to Nirvana Entertainment.

Sure enough, Yuan Haoyang was behind this.

His own son.

Wang Zongheng sighed and said, “I was wrong. I trusted the person I slept with too easily and even hurt my own son. Now, the company and the family’s situation are being investigated and everything is coming to light. I’m no longer in the right state to manage the company. Instead of letting others buy it or go bankrupt, I might as well hand it over to the person it belongs to.”

He looked at his son, unable to hide his emotions. “Haoyang, you’ve made me very proud. You’re like your mother, and you’re doing the same things as her. I think it’s time for the company to be handed over to you.”

“I don’t want your things, but when it comes to my mother’s belongings, you have to give me everything there is.” Yuan Haoyang’s voice was lazy.

“I’ll naturally leave all your mother’s things to you. But you have to take my things too.”

Yuan Haoyang turned away.

Wang Zongheng said, “Many people in the company were selected and promoted by me. Xie Lifen is in the wrong, but they’re not. Haoyang, give them a chance.”

Yuan Haoyang didn’t say anything, but his silence represented his tacit agreement.

...

The next day.

Yuan Haoyang brought the team from his studio back to Butterfly Music.

Those confused people couldn't help but have a trace of hope when they saw him. No one wanted to face the unknown or take the risk left behind by Xie Lifen.

Now that Yuan Haoyang had accepted the company, everyone had high hopes for him.

Especially his entire team. The ability and experience they had were enough for them to lead the company out of its predicament and to a higher level.

"Brother Haoyang!"

"Brother Haoyang!"

"Brother Haoyang!"

Everyone's current attitude was respectful.

Those who had once looked down on him, intentionally or unintentionally, due to Xie Lifen's misguidance were now hiding behind in fear, not daring to face Yuan Haoyang and his team.

Yuan Haoyang decisively changed the entire company. Some people were eliminated, while others knew that they were in the wrong and resigned of their own volition.

There were not many people left, but they were all useful people.

The image of Butterfly Music changed.

Now it was the fans' turn to party.

[My idol is the best! How impressive!]

[So now, not only is my idol a singer, but he's also a big boss!]

[The big boss is really good. A domineering president is simply the most fanciful! I really want to be an assistant to a domineering president!]

[I'm different. I want to be the wife of a domineering president!]

[The person above, wake up. The wife of the domineering president is Lin Wenyu! The ship has already been formed!]

[Boo-hoo-hoo, this is so unfair!]

[I just hope that he won't forget his celebrity career after becoming a boss. He should release more songs and meet us more often! He should remember to post some selfies too!]

As for the comparison between him and Guo Xintao?

Ever since Lin Wenyu's incident, no one had compared Yuan Haoyang and Guo Xintao again.

After all, comparisons happened between two people who were comparable in all aspects.

Now, Lin Wenyu had completely crushed Ma Xiaohui, and Ma Xiaohui had become Lin Wenyu's bootlicker. The two were worlds apart.

The fight for the best partner was over.

When Yuan Haoyang took over Butterfly Music, he left Guo Xintao, who was still trying to change his career path by filming television dramas, far behind.

Since they were not on the same level, no one would compare them again.

...

Lin Wenyu held her phone. She was choosing a gift for Yuan Haoyang. After he took over the company, she had not given him anything.

However, she could not find anything suitable for the time being.

“Su Bei, Su Bei, help me take a look.” Lin Wenyu handed her phone over. “This seems to be quite good. But... why is it Sister Wenwen who’s promoting the goods? Isn’t she a model? Why is she doing a live broadcast like an internet celebrity?”

Sister Wen Wen was the supermodel who had a similar image to Su Bei back in Sheng Tang Entertainment. She always wanted to surpass Su Bei, but she was always left behind by Su Bei.

When she could no longer be a supermodel, she tried to change her career path like Su Bei. She filmed TV shows and movies, but because her acting skills were not good and she did not select good scripts, she always failed to make a wave.

After a few twists and turns, Sister Wen Wen now had little popularity.

However, later on, she became an internet celebrity who did live broadcasts. For some reason, she became famous overnight. Not only did she perform very well, but she also established a special company and even invested in Sheng Tang Entertainment.

Although her current career was indeed not classy and she could not win any awards or compare herself to Su Bei, she was still top-notch in this field.

She had even done Sheng Tang Entertainment a favor, and Fu Yujia treated her as a distinguished guest. Their relationship had improved greatly.

Lin Wenyu didn’t like Sister Wen Wen and said, “Forget it. I won’t buy what she’s promoting. It’s annoying to watch her.”

Su Bei handed the phone back. “How about this gift?”

Lin Wenyu took it and looked at it. It was an exquisite diamond cufflink. She immediately nodded. “This is good! He rarely wore formal clothes in the past, so he has very few accessories like this. But it’s different now. He has to wear formal clothes a lot more often now.”

She quickly placed the order and bought the gift recommended by Su Bei. She said to Su Bei, “Let’s have dinner together with Haoyang tonight.”

“Forget it. Your man is very jealous. Last time, he asked me to keep Guo Xintao’s tickets for you and specially asked me to get a female assistant to deliver them to you. He was afraid that his woman would be snatched away.”

Lin Wenyu stepped forward and held her arm. "Who said I wanted you to eat with him as President Su? I want you to go over as Su Bei!"

"That's more like it." Su Bei felt that this was completely fine.

Because Yuan Haoyang had been busy recently, Lin Wenyu and Su Bei drove to Butterfly Media to wait for him.

That was right. Butterfly Music had now changed its name to Butterfly Media. Not only did it specialize in music, but it was also widely developed, just like how it was in Yuan Xi's hands back then.

Chapter 1662 Don't Need To Rely On Your Husband

When Yuan Haoyang heard that he was going to meet Lin Wenyu's friend, he got busy changing his clothes after a meeting in the office.

Ah Guo hurriedly said, "Brother Haoyang, your current outfit is very good! You don't need to change!"

"Although it's not bad, it's not me at all." Yuan Haoyang had been restrained by this formal attire for the entire day. If he wore it during dinner, he would really break down.

Ah Guo said, "Brother Haoyang, won't you be wearing such clothes when you meet Sister-in-law's father? Why don't you try getting used to it more first?"

!!

With just one sentence, Yuan Haoyang's desire to change into a set of casual clothes was defeated.

He tidied his suit and said, "This seems pretty good. Let's leave it at that for now!"

When the women arrived at the underground parking lot, Yuan Haoyang opened the car door with only Lin Wenyu in his eyes. He lowered his head and kissed her affectionately.

Lin Wenyu pushed him away and blushed. "Su Bei is here."

Only then did Yuan Haoyang realize that Su Bei was also there. When he was first treated by Lin Wenyu, he had heard that Lin Wenyu was with Su Bei, but he didn't know that they were so close.

"Hello." In front of Lin Wenyu's friend, he became serious.

"Hello." Su Bei had actually worked with him many times as Su Lu. It was indeed a little hard to pretend to be unfamiliar with him now.

Lin Wenyu introduced, "Not only is Su Bei a good friend of mine, but she's also my cousin. I wanted to bring her to meet you before, but I didn't have a chance before today."

Yuan Haoyang's eyes were filled with smiles. He was in a good mood after being introduced to more and more of Lin Wenyu's friends and family.

The three of them drove to a restaurant.

Yuan Haoyang was wearing a formal suit today, so he looked exceptionally tall and handsome. He specially chose a private room with good privacy. They sat down together.

It was rare for Lin Wenyu to see him dressed like this. She handed him the gift in her hand. "This is for you."

Yuan Haoyang opened the box. His eyes lit up when he saw the cufflinks. He said in a low voice, "I like them very much. Help me put them on now."

Su Bei, who was used to showing off PDA, finally experienced the feeling of being overwhelmed by it. She sat at the side and tried her best not to be the third wheel.

Lin Wenyu carefully helped him put the cufflinks on and said, "They look good on you."

"Then I'll have dinner with you tomorrow night and I'll wear this set of clothes again." Yuan Haoyang, who always wore casual clothes for important events, immediately expressed his stance.

Su Bei was overwhelmed again.

When the dishes were served, Yuan Haoyang raised his glass solemnly. Lin Wenyu pressed his glass down and said, "Su Bei doesn't drink. Be careful, or you'll be taught a lesson by Lu Heting!"

Yuan Haoyang could not help but laugh as he changed it to juice and said, "It's our first time meeting. Please guide me in the future."

"I'm in no position to guide you. However, Wenyu is the little baby of the Lin family and my good friend. She chose you, so I hope you can treat her well." Su Bei picked up the glass of juice. "Otherwise, whether it's me or Uncle, you'll really regret it if you take Wenyu away."

"I'll never give you such a chance." Yuan Haoyang smiled. "I'll love her the same way you love her."

"Then I hope you'll do as you say," Su Bei said solemnly.

Yuan Haoyang said seriously, "Of course."

After saying these words, Su Bei looked relaxed. In fact, she already knew what kind of person Yuan Haoyang was, so she was not worried that Lin Wenyu would suffer with him.

However, Qin Zufang was still worried and asked her to keep an eye on the couple. Su Bei could only help her aunt fulfill this wish.

After dinner, Yuan Haoyang and Lin Wenyu drove away. Su Bei got into the car that came to pick her up.

She scrolled through the news and saw Sister Wen Wen's live broadcast.

In the live broadcast, Sister Wen Wen's hidden meaning was especially clear. "Actually, women don't need to rely on their husbands to live well! Marrying well is not as good as doing well. Women can also rely on their own efforts to achieve their ideals and walk their own paths!"

She had once been compared to Su Bei, but later on, there was no need for comparison at all.

Her words naturally meant that Su Bei had not stepped out to work for a long time and was relying on her husband to enjoy a comfortable life.

However, by saying these things, Sister Wen Wen won the support of a large number of women.

Anyone with a discerning eye would know who she was referring to.

However, Su Bei naturally would not lower herself to respond to her words.

Besides, did she have to publicize everything she did?

How could Su Bei's current career be worse than hers?

...

The next day, Su Bei and Xu Zhiqin accompanied the company's new artiste to an event.

Xu Zhiqin was now both a manager and an actress. In addition to filming, she would also use her previous experience as a manager to guide new artistes and managers.

At the event venue, everyone was very busy.

Xu Zhiqin accompanied the newcomer to change her clothes before passing her over to her assistant.

She was sitting down and heaving a sigh of relief when an uninvited woman walked in. She came to her side and said arrogantly, "Are you Xu Zhiqin?"

"Yes, it's me. Who are you? What can I do for you?" Xu Zhiqin thought that an investor was looking for her, so she was very polite.

However, the other party's attitude was very rude. She looked Xu Zhiqin up and down and said, "I thought the woman Xuyan likes would be outstanding. It turns out that you're just average."

Xu Zhiqin raised her eyebrows slightly. "Are you He Xuyan's friend?"

"Friend?" The other party snorted arrogantly and disdainfully. "Xu Zhiqin, since you're so blind, let me tell you that I'm He Xuyan's fiancée! I'm going to marry Xuyan in the future! Our relationship is closer than you can imagine!"

Su Bei was bringing coffee over when she heard this.

She pushed the door open and came in. Seeing that the woman who spoke was familiar, she suddenly remembered the name Wei Yuxin. Last time, her mother had said that there was someone from the He family who would come to visit from America. Her mother had even specially sent her a photo of the woman called Wei Yuxin. It was the woman in front of her.

However, this woman did not come over in the end. Su Bei had almost forgotten about this.

She did not expect to see that woman talking nonsense here today.

Seeing a very ordinary-looking young man push the door open and enter, Wei Yuxin looked at Su Bei and said coldly, "Can I trouble you to leave first? I have something to tell Xu Zhiqin."

"No." Su Bei handed the coffee to Xu Zhiqin. "What can't you say in front of me?"

Wei Yuxin sneered and said, "I know you. You're President Su Lu. My relationship with Xu Zhiqin has nothing to do with you. Please do me a favor and leave."

Chapter 1663 Slander

“But Xu Zhiqin and I are friends. If you have anything to say to her, I have the right to listen.” Su Bei could tell that this woman had ill intentions and stood with Xu Zhiqin.

How could Wei Yuxin not see how protective Su Bei was of Xu Zhiqin? She turned to Xu Zhiqin and said, “Does Xuyan know that you’re so ambiguous with your male colleague?”

These words were really slanderous. Xu Zhiqin was instantly angry. “Miss, I don’t care who you are, but you’re being too nosy! Since you’re the fiancée the He family chose, you should talk to the He family about your matters, not me! I have to work, so please get out immediately!”

Wei Yuxin snorted. “I’m going out. I hope you can take care of yourself. Don’t cry the next time you see me with Xuyan!”

!!

She turned to leave.

Xu Zhiqin subconsciously pinched her fingers. She really did not know much about He Xuyan’s family and friends, and she had never seen anyone other than Su Bei’s family.

This woman’s provocation had indeed hit the nail on the head.

Su Bei thought that Wei Yuxin was a friend, but it turned out that she was just a despicable woman.

She pulled Xu Zhiqin over and sat her down. “My brother grew up in the United States. He does have a lot of friends there. However, I’ve never heard my parents discuss his marriage, let alone heard of such a fiancée.”

Xu Zhiqin nodded. She trusted He Xuyan, but this woman made her feel a little uneasy.

“Don’t think too much about it. Big Brother isn’t the kind of person who will let his marriage be arranged by his elders. If he would accept the arrangements of his family, he would have gone home to take over the company long ago instead of continuing his career as a director.”

Xu Zhiqin believed this.

Although He Xuyan usually lived and traveled very simply, after being with him for a long time, Xu Zhiqin gradually realized that while he was not particular about the other aspects of his lifestyle, he was very particular about his meals. The He family’s family background must be extraordinary.

He never deliberately hid it from her either. The places he took her out to eat were all very high-end.

The He family might have a better family background than she had imagined.

As for He Xuyan, he spent every day on his beloved career as a director. Xu Zhiqin knew that he really loved his career.

After comforting Xu Zhiqin, Su Bei called He Xuyan to ask about Wei Yuxin.

“Wei Yuxin?” He Xuyan seemed to think for a moment before remembering this name. “Yes, the Wei family and the He family are friends, but I’m not very familiar with Wei Yuxin. I’ve met her before, but that’s about it.”

“You’re not very familiar with her, but she’s already claiming to be your fiancée?”

He Xuyan thought of his grandparents at home and had a headache. “Don’t listen to her nonsense. Maybe her grandparents promised her something. When I left home previously, I said that I wouldn’t consider marriage for the time being.”

“Tell this to Zhiqin. Wei Yuxin came today.”

He Xuyan lost his calm and hung up.

Su Bei laughed. It was his turn to be nervous. He didn’t even know about Wei Yuxin’s matter and almost hurt Xu Zhiqin.

Sure enough, when she returned backstage, Xu Zhiqin had already gone to answer the phone.

Su Bei called her mother and asked her indirectly. According to Lin Xiruo, Wei Yuxin was only here to have some fun in S Country. Out of friendship, the He family in S Country offered to entertain her. There were no talks about marriage.

Su Bei finally understood that Wei Yuxin hadn’t even passed her parents’ test. The other elders of the He family probably just mentioned it casually. However, Wei Yuxin took it as an order and directly went to Xu Zhiqin to reveal her identity.

It was so funny.

Initially, Su Bei didn’t mind doing her part as a host to entertain Wei Yuxin.

But now, she really did not have a good impression of this woman.

That night, Su Bei received a visit from Wei Yuxin.

Compared to her arrogance during the day, her tone was very friendly when she called Su Bei. “Su Bei, I’m your brother’s friend, Wei Yuxin. I just came from America and plan to stay in S Country for a few days. I know you’re also staying here, so I rushed over to see you.”

She took out a gift and gave it to Su Bei sincerely.

If Su Bei hadn’t seen how she treated Xu Zhiqin yesterday, she might have thought that she was a good person.

Su Bei did not take the gift and said with a smile, “It’s only right that I treat you to a meal. After all, the Wei family and the He family have been friends for many years. I appreciate your gift, but it’s rare for you to come, so how can I accept it?”

She only talked about the Wei family and the He family. She did not acknowledge that Wei Yuxin and He Xuyan were friends.

Wei Yuxin could also tell and was a little displeased. This time, she thought that since Su Bei was He Xuyan’s new sister, she should be more generous and friendly to Su Bei. However, she did not expect Su Bei to be so difficult to approach.

Wei Yuxin no longer insisted on giving Su Bei the gift. Instead, she said, "I haven't seen Xuyan in a long time. Su Bei, it's rare for us to get together. Why don't you ask Xuyan out for dinner?"

The smile on Su Bei's face was still bright as she said, "Yuxin, aren't you friends with my brother? Why don't you call him? I don't dare to disturb my brother when he's busy. But since you're friends, it must be different, right?"

If Wei Yuxin could really get He Xuyan to see her, she wouldn't have to go through so much trouble to look for Su Bei.

She had contacted He Xuyan as soon as she got off the plane, but He Xuyan had asked his assistant to give her a tour around S Country. He had no intention of seeing her at all.

After Wei Yuxin looked for Xu Zhiqin, He Xuyan called her directly and asked her to 'behave' and stay away from his life.

No matter how slow Wei Yuxin was, she could tell that He Xuyan was rejecting her.

How could she look for He Xuyan now?

Su Bei picked up her drink and took a small sip. She was reading the other woman's thoughts.

Wei Yuxin was counting on her to help her ask Big Brother out? She had really made a mistake!

Wei Yuxin was embarrassed. She took a few sips of her drink and said, "Since Xuyan is so busy, I won't disturb him. I'll ask him out next time. You should come with us next time."

"Okay." Su Bei pretended not to know her thoughts.

"By the way, Su Bei, you don't know much about the He family's situation, right? Xuyan and I grew up together and are very good friends. If Xuyan bullies you, tell me. I'll definitely help you teach him a lesson!"

Su Bei smiled back.

Chapter 1664 Do I Need It?

Wei Yuxin continued, "After all, you've lived outside for many years and don't know many things. But it doesn't matter. Grandpa and Grandma He dote on me very much. The next time you come to the United States, call me directly. I guarantee that you'll be familiar with everything about the He family soon. The He family is a big family in the United States and has many things to take note of. You've only just returned to the family, so you'll definitely have to pay attention to these matters. I'll help you settle this series of matters when the time comes."

She meant well. If Su Bei was an innocent little girl, she might really believe her.

However, with He Jiang, Lin Xiruo, and He Xuyan's love for Su Bei, did Wei Yuxin need to worry about these things?

He Jiang and Lin Xiruo doted on Su Bei too much and were unwilling to let Su Bei return to the He family where she would have to face those complications. They would rather her have fun in S Country and lead a carefree life.

!!

"I'll also ask Xuyan to dote on you as you're his sister. He's cold and has always ignored everyone. But he still listens to me."

Wei Yuxin really thought that He Xuyan was also indifferent to Su Bei, the sister that was found when they were both already adults. She even wanted to help the siblings get closer.

However, did Su Bei even need her help?

Su Bei smiled. "Thank you."

"You're welcome. After all, we'll be a family in the future. Maybe you'll have to call me 'Sister-in-law' in the future." Wei Yuxin looked shy, but her words were very bold.

This time, she came to S Country to look for Su Bei because she felt that she could hit it off with Su Bei and they could help each other. She would help Su Bei gain a foothold in the He family, and with Su Bei on her side, she would have another helping hand in the He family in the future.

Su Bei, who had seen through everything, looked at her indifferently. Finally, she couldn't be bothered to endure it anymore. She revealed a surprised expression and said, "Sister-in-law? But my brother already has someone she likes. That's my sister-in-law!"

Wei Yuxin's expression changed. "Su Bei! No matter who Xuyan is with outside, don't believe it. It's just for fun. Those who don't match the He family won't be able to enter the He family! Not only shouldn't you believe it, but you also have to persuade Xuyan. Those women must have ulterior motives for being with Xuyan. You're still too young, so you haven't seen those women's true colors."

Su Bei nodded. "Really? But I think they're very close. Besides, my parents said that they don't care about being compatible. They just hope that the woman my brother found has good character."

She deliberately emphasized the words 'good character'.

Wei Yuxin's expression changed slightly. "Did your parents really say that?"

"That's right. My parents said that only a woman with good character is worthy of my brother. The other requirements don't matter. What matters is that he's happy."

Although He Jiang and Lin Xiruo did not say these words directly, Su Bei summarized it.

Wei Yuxin took out her phone and said to Su Bei, "Your brother's current girlfriend is truly not a good person. Take a look."

She handed the photo she had secretly taken to Su Bei. On it, Xu Zhiqin was very close to a man. It looked like their heads were touching.

When outsiders saw such a photo, they would inevitably make many assumptions.

However, Su Bei really wanted to laugh because the man in the photo was her! It was Su Lu!

Moreover, she and Xu Zhiqin were a little too close because the two of them were discussing work. They weren't even joking around, let alone having an affair.

However, the angle and timing of this photo could be said to be exquisite. If it was used to convince outsiders, it would indeed be successful.

“What is this?” Su Bei asked, pretending not to know.

“Can’t you tell? Your brother’s so-called girlfriend shares a close relationship with her boss!”

Su Bei expressed her disbelief.

Wei Yuxin said, “I didn’t believe it at first. It wasn’t until I saw their interactions with my own eyes that I found out they were such people. However, in order not to make Xuyan sad, I can’t say these words to him directly.”

Her words implied that she wanted Su Bei to help her remind He Xuyan.

It would be best if Su Bei could tell He Jiang and Lin Xiruo about this too.

Perhaps this woman had been in the United States for too long and did not understand the situation in S Country at all. She completely treated Su Bei as a fool.

Su Bei smiled and said, “Since you have such evidence, go straight to my brother and my parents. It’s good to expose the scheming b\*tch who has ulterior motives for my brother and let him be completely free.”

Su Bei emphasized the words ‘scheming b\*tch’. It was self-evident who she was referring to.

However, Wei Yuxin still thought that Su Bei was speaking up for her. She was happy in her heart, but she sighed and said, “Your brother is obsessed with that woman. He definitely won’t believe what I say.”

She continued to hint at Su Bei to take the initiative.

Su Bei did not respond and continued to drink.

Wei Yuxin had heard of Su Bei’s name and knew that she had a lot of achievements. She also knew that she had married into the popular Lu family of S Country. She thought that Su Bei would understand immediately, but she didn’t expect her to be a real fool who didn’t even understand hints.

“But Su Bei, it’ll definitely be different if you tell him about it. After all, you’re siblings.”

Su Bei shook her head. “It’s too unreasonable to say that a person’s character is bad just because of a photo. Besides, who doesn’t know that photos can be easily misinterpreted nowadays?”

“You...”

“Yuxin, if you really think there’s something wrong, you can talk to my brother and my parents yourself. If even you don’t dare to confirm it, I won’t dare to say it casually. Besides, I’ve long heard that Xu Zhiqin is a good person. I can’t do such a thing,” Su Bei said directly.

Wei Yuxin gradually felt a sharp aura coming from Su Bei. It was something unfamiliar to her.

All of a sudden, she realized that Su Bei had been pretending not to know anything, but in fact, Su Bei knew everything. She had just chosen to sit and watch her act.

Wei Yuxin felt like she had been played. She was very angry, but she didn't know how to start throwing a tantrum.

"Su Bei, don't go too far."

Su Bei blinked her big eyes and looked at her. "When did I go overboard?"

Wei Yuxin stood up and slapped a stack of money on the table. "Get me the bill!"

She leaned toward Su Bei and threatened, "Su Bei, don't regret it in the future!"

Chapter 1665 Full Of Bad Intentions

After Wei Yuxin walked out, she got angrier the more she thought about it. She had actually been fooled by Su Bei, and her tricks were exposed.

If Su Bei said a few words about her in front of her parents, her image would be ruined.

She really did not expect that a child who grew up in an orphanage and had no one to educate her would be full of evil tricks!

"An illegitimate child who was picked up halfway actually dares to take advantage of me! Su Bei, just you wait!"

!!

...

In the apartment.

He Xuyan frowned when he received Su Bei's WeChat message.

He replied: [I know how to handle this matter.] Xu Zhiqin was walking toward him with a thick script.

Like him, Xu Zhiqin really loved this industry and supported him the most in his mission to film good works regardless of the losses.

The two of them got together not only because of their initial relationship but also because they were like-minded. It made them love each other even more.

"Why are you looking at me like that?" Xu Zhiqin asked with a smile.

He Xuyan reached out and snatched the script from her hand. He lowered his head and said, "When the filming is over, I'll bring you back to see my parents and we'll confirm our marriage."

Xu Zhiqin looked up at him and said, "Okay."

She was actually a little nervous. "I wonder if your parents will like me?"

She thought of Wei Yuxin, who had come to provoke her. She could tell at a glance that the He family had an extraordinary family background. It was obvious that the He family had a better family background than she had imagined.

“My parents will like the person I like.” He Xuyan was very confident. “Besides, you’ve already passed my sister’s test. You have to know that in our family hierarchy, my sister stands at the top.”

Thinking of Su Bei, Xu Zhiqin couldn’t help but laugh at his words.

The anxiety in her heart dissipated a lot.

He Xuyan clasped her fingers. “Believe me, okay?”

“Okay.” Xu Zhiqin nodded heavily.

...

Xu Zhiqin had just joined the cast of a new movie.

She was the female lead.

As soon as she entered the set, the person in charge of the production came over before she could finish her makeup and said with a smile, “Zhiqin, you don’t have to shoot anymore.”

“What happened?” She stood up.

The person in charge didn’t want to offend her, so he didn’t hide it from her. “We received an investment from a new investor. It’s a huge benefit to our production team. The other party only has one request, and that’s to replace the female lead. I believe the other party isn’t targeting you, but they must have their own considerations.”

Xiao Ling, who was at the side, could not help but say, “But Zhiqin has already postponed other jobs for this movie. She has been preparing for it for a long time. She has already written a lot of character notes. How can you replace her just like that? Isn’t this too unfair?”

“I’m really sorry. Our production team has to survive too. We understand each other, don’t we?” the person in charge said.

Xu Zhiqin stood up and said, “Then I’ll talk to my manager and lawyer about this.”

“Of course, of course. We’ll compensate for whatever needs to be compensated.”

Even so, Xiao Ling still held her breath. “Zhiqin, what about all the hard work you’ve put in? Besides, you’ve already done so much preparation. In order to fit the female lead’s figure and hairstyle, you’ve been working out, and you even cut your long hair. How can you just let them get their way?”

“What else can I do? Beg them to let me stay? Since they have their own considerations and have agreed to use legal means, no matter how unwilling I am, this is the only way,” Xu Zhiqin said.

She couldn’t drag the other party out and beat them up.

Xiao Ling unhappily went to pack her things.

Xu Zhiqin walked out with her bag and happened to see the new investor. She took a closer look and saw that it was Wei Yuxin!

She appeared under the protection of everyone. The people around her were all trying their best to please her.

“Everyone, go do your own things. You don’t have to accompany me. I’ll take a look at the set myself.” Wei Yuxin called for everyone to leave.

Seeing Xu Zhiqin walking over, Wei Yuxin raised her eyebrows and said, “Miss Xu? What a coincidence! Where are you going with your bag? Are you the female lead who was replaced?”

Xu Zhiqin looked at her indifferently.

Wei Yuxin hurriedly said, “I’m really sorry. I really didn’t know it was you. I came over this time mainly to help a friend. She liked this script very much and begged me to help her. If I had known it was you, I wouldn’t have agreed.”

“Miss Wei, you don’t have to apologize. It’s normal business competition. You don’t have to apologize for your personal relationship.”

“How about this? I’ll call Xuyan and apologize to him. I’ll also apologize to Uncle and Aunt. I’m really sorry for what happened this time. Actually, I don’t have any bad intentions, but outsiders might think that I did something,” Wei Yuxin said and took out her phone.

How could Xu Zhiqin not understand her? She said directly, “Miss Wei, you want to seize the initiative in front of Xuyan and tell him that you didn’t do it on purpose. If I go and complain about my grievances, it’ll seem like I’m petty and magnanimous. But you don’t need to use such a complicated method at all. Next time, please be smarter. I don’t care about the female lead role, but it’ll be really annoying to waste the staff’s time and efforts.”

Wei Yuxin’s motives and actions were pointed out by Xu Zhiqin. She looked embarrassed for a moment.

“By the way, if you want to call Xuyan, call him as soon as possible. If you’re late, he might not pick up because he has something else to do.” After saying that, Xu Zhiqin walked past her shoulder.

Xiao Ling hurriedly followed.

Wei Yuxin gripped her phone tightly.

Xu Zhiqin walked out. Although she was not affected, she was still in a bad mood.

Wei Yuxin came at her aggressively. Obviously, Xu Zhiqin had never encountered such a way of doing things. This was also a hint to Xu Zhiqin that there was a huge gap between their family backgrounds.

Xiao Ling asked, “Why don’t we call Director He?”

“No need. Go do your own things first,” Xu Zhiqin said.

Xiao Ling didn’t dare to say anything more. She turned around and ran away.

The matter quickly reached Su Bei’s ears.

She frowned. She thought that Wei Yuxin would retreat in the face of difficulties. But she was behaving even more wildly now.

She called Xu Zhiqin and asked her to come to her office first.

Xu Zhiqin had already sorted out her thoughts. When she appeared in Su Bei's office, she was no different from usual.

However, how could Su Bei not see her disappointment?

"Zhiqin, pack up. You'll return to the cast immediately!" Su Bei said.

"Return to the cast?"

Su Bei stood up. "If Wei Yuxin can invest and request to change the female lead, why can't I do the same?"

Chapter 1666 Su Bei Is At The Top Of The Food Chain

Xu Zhiqin stopped her. "There's no need to compete with her on who has more money. If one movie doesn't work out, there's still another one. Why waste money on her?"

"I had plans to invest in this movie to begin with," Su Bei said. "It's just that I didn't want to spend too much of Lu Weijian's money. After all, there are risks in investing. Now that someone is stepping on us, why shouldn't we use it?"

Su Bei picked up the contract, brought her lawyer and finance officer, and said, "Zhiqin, come with us!"

When they entered the set, Wei Yuxin was drinking tea in a private lounge. The person in charge and some other relevant personnel were talking to her and serving her tea.

The Wei family was rich and pampered their daughter. They didn't mind how she spent their money. Wei Yuxin was certain that Xu Zhiqin wouldn't dare to bother He Xuyan with this matter, so she was fearless.

It didn't matter if she earned money or not. Wei Yuxin just wanted to hurt Xu Zhiqin and let her know that the He family wasn't a family she could afford.

Su Bei and Xu Zhiqin came over and went straight to the lounge where Wei Yuxin was.

"President Su, Zhiqin." When the person in charge of the production team saw Su Bei coming in person, he immediately knew that Nirvana Entertainment would not let the matter rest so easily. He quickly welcomed him and said, "Let's go to the side to discuss this matter."

"There's no need to talk about it elsewhere. Nirvana Entertainment is investing in this movie. Moreover, the female lead has to be chosen by us!" Su Bei threw out the contract in her hand. "We can sign it now!"

"Well..." Of course, the person in charge wanted as much investment as possible, but Wei Yuxin had already invested a lot. Now that Nirvana Entertainment was going to interfere, what should he do?

Su Bei looked at Wei Yuxin and said, "As far as I know, Miss Wei's money is still overseas. It's impossible to get it all in a short time, right? You can only give a deposit now, but Nirvana Entertainment can pay the full amount!"

Wei Yuxin didn't expect that this ordinary-looking young man would stand up for Xu Zhiqin!

And what this young man said was completely true.

Su Bei continued, "Not only can Nirvana Entertainment provide funds, but we can also provide a filming venue, relevant publicity, and the cooperation of various personnel. Miss Wei is an American, so she can't keep up with the rest. She's also completely unfamiliar with this industry. I advise you not to waste the efforts of the entire production team just because of a moment of anger!"

"I can pay for it. And, of course, I can find suitable people for the publicity and to ensure the quality of the movie!" Wei Yuxin refused to admit defeat.

"But can you get the funds in time?" Su Bei asked.

Wei Yuxin was really stumped.

A large amount of money needed to be brought in from overseas. Wei Yuxin was just being impulsive this time. Naturally, she couldn't bring in the money in a short time.

This really stumped her.

Su Bei said indifferently, "Miss Wei, you can do anything with that sum of money? Won't it be good to eat a few more hamburgers in America?"

She gave a look. The lawyer and finance officer immediately appeared and went straight to the person in charge.

Su Bei had already explained her concerns and Wei Yuxin's actions clearly. How could the person in charge not know which side he should take?

Wei Yuxin had only reached a preliminary verbal agreement with the production team. The production team hadn't received any funds yet. It could be said that if this agreement was terminated now, the production team wouldn't have to bear much legal responsibility.

After Su Bei's reminder, Wei Yuxin could not continue to use money to fight for a moment of pride. She could not casually enter a field that she was completely unfamiliar with either.

"Zhiqin, stay. You're getting your female lead role back." Su Bei then said to the person in charge, "And I hope that all the disputes will stop. I don't want to hear any related disputes in the future!"

The person in charge nodded quickly. The reason why the production team accepted Wei Yuxin's investment was that the staff needed to survive.

Now that they could work with a professional company, why should they settle for an unstable investment?

Since Nirvana Entertainment had personally appeared, of course, the entire production team would not be half-hearted.

"Su Bei, thank you." Xu Zhiqin sent her out gratefully.

“You’re my sister-in-law. Of course, I have to stand on your side. Besides, Wei Yuxin doesn’t make any sense,” Su Bei said with a smile. “But she’s not completely stupid. She hasn’t taken our photo and shown it to my brother or my parents. If that day really comes, I really want to see her slap herself in the face.”

Xu Zhiqin smiled. He Xuyan’s words rang in her ears. At home, Su Bei was at the top of the food chain. As long as Su Bei acknowledged her, she would be acknowledged by the entire family.

This made her more confident about the future.

...

He Xuyan’s new movie had been in preparation and had not been completely decided.

He had high requirements for movies and wanted everything to be perfect. This caused many companies that wanted to earn money to be unwilling to work with him in case they lost everything.

To He Xuyan, movies were not goods but works of art.

This time, his script used cutting-edge technology and unconventional. Hence, the investments were not completely confirmed.

He also wanted to rely on himself to complete his pioneering attempt, so he rejected Lu Heting and Su Bei’s investment. He planned to not rely on any external forces from beginning to end.

It was at this time that an investor approached him and expressed his willingness to try working with him to explore a new journey in film development.

In He Xuyan’s interaction with the other party, he realized that the other party’s attitude was very sincere, and he was also dedicated to the development of new movie technology.

Naturally, He Xuyan had a good chat with the other party. He did not refuse the other party’s kindness in inviting him to a banquet.

That night, Xu Zhiqin was changing her clothes in the company.

“Director He is bringing you to such an occasion. It’s obvious that he’s set his mind on you,” Xiao Ling said as she helped her change her clothes. “I really envy you, Zhiqin. Director He is handsome and manly. Countless people like him, but he doesn’t like anyone else at all. He only cares about you.”

Xu Zhiqin pursed her red lips and looked at her makeup in the mirror.

He Xuyan had said that he would wear a black suit, so she specially used red makeup to match him.

In the movie industry, Xu Zhiqin and He Xuyan had the same goal.

“Yes, with this diamond necklace on, the entire makeup look will be even more perfect.” Xiao Ling carefully put it on for her.

Chapter 1667 Do I Need Someone To Teach Me?

Then, she ran to the window and said, “Director He’s car is here! I’ll send you down!”

When Xu Zhiqin went downstairs, He Xuyan was leaning against the car door, waiting patiently.

His long legs were especially eye-catching. One of them was slightly bent, but it did not reduce his elegance and figure at all.

When he saw Xu Zhiqin, he looked up. His dark eyes lit up as he looked at her.

His footsteps followed his gaze as he approached her.

Xiao Ling stuffed a bag into Xu Zhiqin's arms and said, "I'll leave first. Bye!"

He Xuyan reached out to take Xu Zhiqin's hand and kissed it. He smiled and said, "Follow me to the car."

"Are you meeting the investor tonight?" Xu Zhiqin asked. This was not the first time she was meeting investors. In the past, she was completely independent.

However, this was the first time she was going to appear in public with He Xuyan as his girlfriend.

It was as if she was going to see his family. She felt a little uneasy.

He Xuyan caressed her fingers and nodded. "Yes. I've already interacted with this investor a few times and discussed the details of the cooperation. This is just a routine banquet. Don't worry too much."

Xu Zhiqin nodded gently.

The two of them arrived at the entrance of the hotel.

The valet came forward to park He Xuyan's car. He Xuyan handed him the keys and offered his arm to Xu Zhiqin.

She put her hand on the man's arm and walked in with him.

"Mr. He, Miss Xu, please come in!" An attendant in a tuxedo came forward and respectfully welcomed the guests tonight.

In the hall, a noble-looking crystal chandelier was shining brightly. The warm white light shone on everyone, and there were already many guests present.

After Xu Zhiqin got over her initial nervousness, she looked like her usual capable and intellectual self. With a generous smile, she looked at everyone and welcomed their greetings. She nodded politely at them.

Whether she was with He Xuyan or not, her personality and ability to be independent were completely unchanged.

The investor came forward enthusiastically. "Director He! Nice to meet you! Please come in! This must be Miss Xu, right? Miss Xu, you're even more beautiful than on the screen!"

He Xuyan had a good impression of this investor. He did not have the aura of a businessman but gave off the impression of a cultured person. He was smart but elegant.

"Yes, this is my girlfriend, Xu Zhiqin. Zhiqin, this is the investor, Mr. Liu."

"Hello, Mr. Liu," Xu Zhiqin greeted him generously.

Mr. Liu smiled and said, "I didn't get to welcome you over just now. Director He and Miss Xu, please forgive me."

"That's not true," He Xuyan said concisely.

"By the way, we're signing the contract tonight. Director He, let me introduce you to the bigger investor behind me." Mr. Liu smiled.

He Xuyan frowned. A bigger investor?

Why hadn't he heard of it before?

He had always been very careful when it came to investing. He was most afraid that the other party would interfere with his script and form of expression. He did not want the other party to turn a good script into a defective product that was commercialized and lacked its own unique points.

Therefore, he asked around and confirmed Mr. Liu's personality and situation before confirming their cooperation.

Seeing He Xuyan's obvious displeasure, Mr. Liu still braced himself and invited the big investor behind him out.

"Director He, please forgive me." Mr. Liu also knew that he would offend He Xuyan, so after saying that, he shrank to the side and waited for the big investor to appear.

He Xuyan frowned deeply. Xu Zhiqin knew him very well and knew that this time, Mr. Liu might have made certain decisions without discussing them with He Xuyan. She looked in the direction where the investor was coming with He Xuyan.

In that direction, a familiar figure appeared. She was dressed especially grandly and exquisitely tonight. The aura of a rich young lady could be seen clearly on her, and she displayed a high and mighty arrogance.

It was Wei Yuxin!

She walked leisurely toward everyone.

The darkness in He Xuyan's eyes was much deeper than usual.

He lowered his eyes and held Xu Zhiqin's hand tightly. When he looked up again, his eyes were calm and indifferent.

"Xuyan!" Wei Yuxin quickly walked up to him and said in surprise, "So, you're the director Mr. Liu has been talking about. I didn't know about it. It's my honor to invest in your movie."

"Really?" He Xuyan's voice was light and cold.

"When I came to S Country to play this time, my parents also asked me to do something I liked. I read the script you gave me. It's really interesting. That's why I chose to invest in it." Wei Yuxin pretended not to know anything and brushed everything aside.

She glanced at Xu Zhiqin and said, "This is your girlfriend, Miss Xu, right? Miss Xu, Xuyan and I grew up together. It was an unintentional move to invest in his movie this time. Miss Xu, will you take offense?"

He Xuyan spoke first. "Of course, she won't take offense."

"I won't," Xu Zhiqin said calmly.

"That's good. I didn't expect such a coincidence," Wei Yuxin said with a smile. "When I get home and tell everyone, no one will believe me."

He Xuyan raised his eyelashes and said calmly, "You won't have a chance to talk about it at home."

"Why?"

"Because I suddenly feel that this script is meaningless, and I don't want to film this movie anymore," He Xuyan said. "Therefore, our cooperation has no foundation."

He had been constantly polishing this script, spending countless time and energy.

In fact, in order to raise money, he even went on variety shows that he was unwilling to go on. He even looked for investors and did things himself.

It was precisely because of this that Wei Yuxin was sure that He Xuyan would not reject her when she appeared in the end.

However, he had personally said that he would not film the movie anymore.

Wei Yuxin was shocked. "Xuyan, this is your hard work. How can you stop filming just like that?"

"So, you're also aware that I've worked hard for this?" He Xuyan smiled very faintly, and the pupils in his eyes became darker and more distant. "Since it's my hard work, I'll naturally continue if I want to. On the same note, I'll give it up if I want to as well."

He lowered his eyes, and the sense of alienation in them disappeared. "Zhiqin, let's go."

"Xuyan!" Wei Yuxin stopped him. "Is this how you treat your ideals?"

"Do I need anyone to teach me how to treat them?"

Wei Yuxin: "!!!"

He Xuyan smiled. "You've come to S Country to have fun. As a host, I'll get my assistant to contact you."

Chapter 1668 Throwing Out Her Trump Card

He held Xu Zhiqin's hand and walked out.

Wei Yuxin was left behind awkwardly.

Mr. Liu was also embarrassed. He never expected He Xuyan to leave at this juncture.

He had interacted with He Xuyan before and knew how much he wanted to film this movie. He was certain that He Xuyan would not give up on the investment behind him.

!!

However, He Xuyan pushed the matter away with just a few words.

He Xuyan and Xu Zhiqin walked out together. Xu Zhiqin asked, "Then what about the movie this time?"

"I've already waited for so long. It doesn't matter if I wait a little longer." He Xuyan didn't mind.

He stopped in his tracks and stood opposite Xu Zhiqin. "Wei Yuxin is Wei Yuxin, and I'm me. She just happens to have a relationship with my family. I don't need to have anything to do with her."

Xu Zhiqin pursed her lips and smiled. "I know."

"Therefore, the movie can be filmed anytime. If she's the one investing, I don't need this investment even if it means I can't film it," He Xuyan said solemnly.

...

Su Bei quickly found out about this.

It turned out that after she fell out with Wei Yuxin, her brother also didn't give her any face.

"So, is the movie still on hold?" Su Bei called to ask.

He Xuyan sighed. "I can't use the He family's money, nor can I use the money the He family forks out. Can you imagine the pain I feel when I look at the money in my account but can't use it on my movie?"

Su Bei smiled. "But you also rejected my and Heting's investment. You don't even want to give us a share if you manage to make money."

He Xuyan smiled. "I want to prove myself for the first time. If I let my friends and family invest, Dad and Mom will still look down on the results."

"Aren't you afraid that Dad and Mom will find out about your falling out with Wei Yuxin?"

"I am, but it's not the first time Dad and Mom will find out about the things I've done. Wei Yuxin thinks that I don't dare to fall out with her. However, as I see it, there's no facade I won't dare to tear off." He Xuyan's tone was light, but his domineering aura was obvious.

Not long after he put down the phone, his assistant came over and reported, "Wei Yuxin has returned to the United States."

"Got it." He Xuyan nodded.

After being humiliated in public, it was only right that Wei Yuxin went back.

...

Knowing that He Xuyan's filming this time was not going smoothly, Fu Yujia was eager to give it a try.

Her desire to achieve results in this industry was clearly written on her face.

If she could invest in He Xuyan's movie and achieve good results, she would be able to stand at the top of the entire circle and look down on everyone.

She arranged for Han Xu to contact He Xuyan. "He Xuyan hasn't gotten a suitable investment this time. If we approach him now, I'm sure he won't refuse. Let's have a good talk. We'll try our best to satisfy his requests."

Fu Xing walked over with his long legs. When he heard what she said to Han Xu, he reminded her, "Why go against Su Bei?"

As a bystander and a good friend of Lu Heting, he had long known that the relationship between Lu Heting and Su Bei could not be broken by external forces. There was no need for her to do such a thing.

"Brother." Fu Yujia stepped forward. "I'm not going against Su Bei. I'm just focusing on my career."

Fu Xing chuckled. In the past, when Su Bei was not in the entertainment industry, Fu Yujia was not nearly as focused.

And yet she said she wasn't going against Su Bei?

"Besides, as my brother, why are you speaking up for Su Bei?" Fu Yujia shook his arm unhappily.

Fu Xing touched the tip of his nose. He just couldn't hate Su Bei. Su Bei had her own strengths.

In the past, he could not understand why Lu Heting had waited for this woman for five years.

Now, he finally understood.

"I'm not speaking up for her." Fu Xing stopped thinking. "Since you want to do it, then go ahead."

It was alright as long as she didn't hurt anyone.

When He Xuyan received Han Xu's invitation, he frowned slightly.

"Director He, let's meet and talk, alright?" Han Xu's attitude was very sincere.

"Then let's set a time and place." He Xuyan wanted to see what Fu Yujia wanted to do.

He knew very well that Fu Yujia was targeting Su Bei.

However, Su Bei did not take their actions to heart at all. He Xuyan naturally did not care what Fu Yujia was doing.

...

At the entrance of a high-end cafe...

Han Xu arrived early with the documents.

"Han Xu!" Wen Kaiwei walked toward him.

"Mr. Wen," Han Xu greeted respectfully.

It was common knowledge that Wen Kaiwei liked Fu Yujia. He often followed Fu Yujia, and it had become even more obvious recently.

Even though he knew that the person Fu Yujia liked was Lu Heting, he had no regrets.

Recently, he had even spent money to help Sheng Tang Entertainment settle a few matters. At the same time, he invested a sum of money in Sheng Tang Entertainment and became a major shareholder of Sheng Tang Entertainment.

Fu Yujia did not take the initiative to reject or accept him.

Outsiders were anxious, but Wen Kaiwei was enjoying himself.

Han Xu was respectful to him. "Mr. Wen, why are you looking for me?"

"I heard that you want to discuss a collaboration with Director He?" Wen Kaiwei asked.

"Yes, Miss Fu has plans to invest in Director He's movie. She told me to go over and talk to him about it."

"I'll go with you," Wen Kaiwei said.

Han Xu did not refuse and let Wen Kaiwei come along. Of course, it would be best if he could help negotiate.

Everyone knew that He Xuyan was a person who was proud of his talent and was very difficult to deal with. It was said that he would rather not film a movie than accept an investor's investment if he did not approve of the investor. He was really a gem in the entertainment industry.

If Wen Kaiwei stepped in, their chances of succeeding would naturally be much higher.

Han Xu followed behind Wen Kaiwei and couldn't help but feel a little emotional. If only Miss Fu accepted Mr. Wen. Why did she have to wait bitterly for Lu Heting, who was already married and had a stable relationship?

The two of them entered the reserved private room and sat down to drink coffee for a while.

He Xuyan arrived at the agreed time.

"Director He!" The two of them stood up and greeted him.

He Xuyan ordered coffee and sat down opposite them.

Han Xu was the first to speak. "Director He, we know that you're planning to shoot a new movie. Although we don't know what the theme is, with our understanding of your previous movies, we know that you'll definitely try something new this time. Therefore, Sheng Tang Entertainment is very interested and is willing to work with you."

"What do you propose?" He Xuyan asked calmly.

"Of course, we'll be paying for it. Director He, you'll lead the production team to film. Due to your usual style, we won't interfere with any of your decisions and methods." As soon as Han Xu spoke, he threw out his trump card. He had to convince He Xuyan to agree.

Chapter 1669 It's Best If You Have It, But Forget It If You Don't

In this industry, He Xuyan was the only investor who had to spend money to persuade the director and give various guarantees.

Everyone knew that he was a harsh person who would quit at the slightest dissatisfaction, so Han Xu naturally did not dare to talk about the details.

He Xuyan nodded and thought for a moment. "So this is Fu Yujia's idea?"

"Sheng Tang Entertainment is under Miss Fu's name, so Miss Fu will naturally be involved in the company's decisions," Han Xu said politely.

!!

He Xuyan did not reach out to slap the smiling man. He said, "Although that's the case, I'm still contacting other investors. I can only thank Sheng Tang Entertainment for their kindness."

"Director He, if you have any requests or conditions, feel free to tell me," Han Xu hurriedly said.

"In addition to money, cooperation also depends on fate." That was all He Xuyan said.

He was already picky to begin with. How could he work with Su Bei's competitor?

Not unless the sky collapsed.

Only then did Wen Kaiwei slowly say, "Director He, Sheng Tang Entertainment not only has Fu Yujia but also the Fu family and the Wen family as guarantors. I hope you can consider reality."

He Xuyan glanced at Wen Kaiwei and knew his exact identity. He smiled and said, "When discussing cooperation, we naturally have to have similar interests and affinity. Otherwise, even if we end up working together, we'll have to spend time dealing with our differences. I only want to focus on the movie and not anything else."

Wen Kaiwei was obviously provoked. "Director He, do you really think there are investors who'll let you do whatever you want?"

"Of course, it's best if there are. If there aren't, then forget it." He Xuyan stood up. "I'll take my leave now."

"It seems that you don't care all that much about your ideals," Wen Kaiwei said behind him.

He Xuyan paused. "That's my own business."

Han Xu was in low spirits. "What's going on with He Xuyan? Miss Fu has already given all the best conditions!"

"I think he did it on purpose," Wen Kaiwei said unhappily. "Do you remember that his girlfriend is at Nirvana Entertainment?"

Han Xu had really forgotten about this. "No wonder. Nirvana Entertainment doesn't get along with Sheng Tang Entertainment. Xu Zhiqin must have been whispering in his ear about Sheng Tang Entertainment. Sigh, why didn't I think of this?"

"It seems that He Xuyan is also an unappreciative person. Does he really think that this world is so easy?" Wen Kaiwei snorted.

Han Xu reported the matter to Fu Yujia.

Fu Yujia held her breath and said, "In that case, forget it."

She was a little indignant.

Ever since she entered this industry, she hadn't even settled a mere Nirvana Entertainment, let alone fight with Su Bei.

It was really infuriating for a rich young lady who was usually respected to be suppressed by a small company like Nirvana Entertainment!

...

Sheng Tang Entertainment.

Fu Yujia walked into the lobby and heard everyone greeting her.

But she didn't feel happy at all.

"Miss Fu, this is a bouquet of flowers from someone." The receptionist handed a bouquet of flowers to Fu Yujia. "It's from Mr. Wen. It was just flown over from the Netherlands this morning. I'm so envious. Mr. Wen really treats you well!"

She knew that the flowers were from Wen Kaiwei. He had always been very considerate, and recently, he had intensified his moves.

She reached out and took them. She was smiling, but there was not much joy in her heart.

Chapter 1670 Women From The Upper Class Are Really Unfortunate

She had seen the financial statements last night. Right when she took over Sheng Tang Entertainment, Nirvana Entertainment started to enter the industry.

Nirvana Entertainment had gradually become a mid-tier company from a small company and was about to become a big company.

As for Sheng Tang Entertainment, it was still the same as before.

She bought Sheng Tang Entertainment to crush Su Bei, but now, she couldn't even get a glimpse of Su Bei!

What kind of idlers had the company raised?!

When Fu Yujia arrived at the office, Sister Wen Wen quickly came over.

"Miss Fu, my internet celebrity company has been established. After this, we can live-stream any product," Sister Wen Wen reported.

"Congratulations."

"All of this is thanks to Miss Fu's promotion and support." Sister Wen Wen looked grateful.

Although she knew in her heart that Fu Yujia supported her only because of her grudge against Su Bei, it was a fact that she had relied on Fu Yujia to get to where she was today.

After all, a model's career was not very long. Many models had to change their careers when they reached a certain age.

Not everyone could become like Su Bei, and being able to achieve what Sister Wen Wen had achieved was another kind of success.

Fu Yujia smiled and said, "This is also the result of your own efforts."

"If there's nothing else, I'll go prepare for the live broadcast."

...

Xiao Ling liked to buy things and would watch live-streams at night.

Tonight, she was watching Sister Wen Wen's live broadcast.

She couldn't be blamed for watching Sister Wen Wen's live broadcast. Firstly, she didn't know much about the grudge between Sister Wen Wen and Su Bei. Moreover, she didn't 'know' Su Bei. Secondly, Sister Wen Wen had been really popular recently. As long as one liked to watch live broadcasts, one couldn't avoid entering her live broadcast.

"The dress I'm selling tonight is actually a long dress. It'll make you look very thin after wearing it. It'll hide the fat around your waist very well. If you have extra flesh on your thighs, it'll also be very well covered. Therefore, this dress is really the best choice for many people in the summer." Sister Wen Wen began the live-stream with all her might.

Xiao Ling watched it with relish and even took a screenshot.

"The next item I'm selling is a small accessory. It'll look very playful on you, don't you think so? It'll make you shine brightly and transform your aura," Sister Wen Wen said.

"Actually, women should live their lives well. Don't be like some women. Once they get married, they completely ignore their careers and revolve around their husbands all day long. They even forget who they are," she continued.

The assistant beside her continued, "That's right. Some people lose their careers once they get married. It's not that I'm badmouthing them, but such people won't have any ability to resist when they encounter marriage troubles in the future. Besides, think about it. If you don't have a career of your own, won't your husband get tired of you over time? Therefore, I advise everyone to treat themselves better. You have to have your own career and dress up more to live a wonderful life."

Sister Wen Wen smiled. "That way, even if we face marriage troubles in the future and things take a wrong turn, we won't have to be afraid."

The more Xiao Ling listened, the more upset she felt. Although these words sounded like there was nothing wrong with them, they seemed to be implying something.

Sure enough, many people were commenting on Su Bei's name. [I feel like they're referring to Su Bei!]

[How long has it been since Su Bei appeared in public? After announcing her marriage, other than Xiao Ming's matter, she seems to have completely disappeared!]

[Maybe the Lu family doesn't want her to appear in public!]

[Sigh, it's really unfortunate for a woman to marry into a rich family. She doesn't even have this bit of freedom.]

[Women have to live like Sister Wen Wen and realize their own values!]

Sister Wen Wen smiled and said, "Everyone, don't casually criticize others in the comments. Let's talk about our own matters. Let's not judge others."

It was not the first time she had criticized Su Bei because she had Fu Yujia's support.

However, she refused to admit it. She was simply a coward who liked to stir up trouble.

Xiao Ling took a screenshot and sent it to the group chat. [Sister Wen Wen is really too much. Su Bei didn't do anything, but she still implied such things. She doesn't even acknowledge what she's doing. She's simply too much.]

Xiao Xi could tell and said: [The dress and accessory she's selling are of the same style as Su Bei's. But the dress she's selling is three yuan each, and the accessory is 3.90 with free shipping. This woman's intentions of competing with Su Bei are really obvious.]

Xu Zhiqin continued: [How dare she compare herself to Su Bei?]

Even Xiao Ling could tell what Sister Wen Wen was thinking, so naturally, the outside world could too.

Some public accounts also started to compare and step on them.

They wrote something like: [Compared to marrying into a rich family and losing your freedom, you might as well live like Sister Wen Wen.]

[Woes of marrying into a rich family exposed. Both are models, but what's the difference between their fates?]

[Su Bei wears a 180-yuan dress and jewelry that costs 3.90 with free shipping. Is she frugal, or is she being mistreated by her husband's rich family?]

It was obvious that they wanted to criticize Su Bei.

These public accounts were all controlled by Wen Kaiwei. With Fu Yujia and Wen Kaiwei holding the fort, they were not afraid of offending the Lu family.

Those who didn't know better would think that Su Bei was an abandoned woman from a wealthy family and was about to be dumped by Lu Heting. By then, she wouldn't have a family or a career.

Xiao Ling had posted the content in the group chat, so Su Bei naturally saw it too.

Her red lips curled up slightly as she looked at Da Bao and Gun Gun, who were playing games on the sofa, and Lu Heting, who was helping her prepare durians in the kitchen.

She was speechless.

How did these rumors spread?

Oh, right. Since Sister Wen Wen wanted to gain Fu Yujia's favor, she naturally had to do some things.

Wen Kaiwei was Fu Yujia's bootlicker. He registered an entertainment company and ran many marketing accounts.

'Since you're adding fuel to the fire, I'll do the same. Won't the rumors become more and more popular by then?'

As she was thinking, Lu Heting turned around to look at her.

She put away her phone. There was no need for Lu Heting to worry about these things.

If they had to respond to these rumors every day, their family of four would not have time to live.

"Try it and see if it's sweet." Lu Heting got a piece of soft durian and stuffed it into Su Bei's mouth.

Seeing her smile as she ate, his lips curved into a perfect smile.

"I'll give some to Gun Gun." Su Bei reached out to take the plate.

Lu Heting was holding the plate just a moment ago, but his hand was empty now. He couldn't help laughing.
