

## Hidden 1701

### Chapter 1701 Worried That There'll Be Another Person Managing You?

The two of them arrived at the Lu family's mansion together. Su Bei and Lu Heting had just walked in when a man who looked like a security guard rushed out. He lowered the brim of his hat.

"Stop right there!" Lu Heting stopped the man.

Only then did the man raise his hat a little higher. "Mr. Lu, Su Bei."

Huo Zhong's face was revealed.

He had spent the entire afternoon looking for an opportunity to escape. He didn't expect to meet Lu Heting and Su Bei here.

"What are you doing?" Su Bei asked.

Huo Zhong looked depressed and said obediently, "I came here to see Lu Weijian. What if he doesn't go back to manage the company and I'm left to manage it by myself?"

"You climbed over the wall?" Seeing that the security guard's uniform did not fit him, Su Bei knew that he did not wear it when he went in. She did not know where he found the uniform after that.

"Over there, look over there!" A few security guards rushed over. "Don't let anyone get away."

When they saw Lu Heting, everyone walked over in unison and said, "Mr. Lu."

"Why are you panicking?" Lu Heting asked calmly.

"A thief came out of nowhere and entered the mansion. We're worried that something will happen, so we're chasing after him. Mr. Lu, we'll go find him now."

"Over there." Lu Heting raised his chin.

Those people did not dare to ask what was going on with Huo Zhong, who was standing beside Lu Heting. They turned around and ran to where Lu Heting pointed.

Huo Zhong smiled. "Then I'll leave first!"

Soon, he disappeared from their sight.

...

In the Lu family's mansion...

Lu Heting and Su Bei met Lu Yaolan and greeted each other.

As they were not familiar with each other, there was not much to talk about.

Even Lu Weijian just looked down and picked up some food.

Old Madam Lu and Old Madam Lu chatted happily with Lu Yaolan. As they were grateful for the Lu family's help this time, they kept bringing them up.

The Fu family's voices filled the entire dining table.

Lu Heting was a little impatient and finished eating quickly. Lu Weijian quickly said, "Grandpa, Grandma, Uncle, Aunt, take your time. I have something to ask my brother and sister-in-law."

Since he had spoken, no one had any objections. The three of them quickly left the table.

Lu Weijian pulled open his collar as he walked to the balcony. It was too stuffy and uncomfortable.

"Sigh, when I heard that my mother was back today, I thought it was Mom." Lu Weijian sighed.

Obviously, he did not expect much from Lu Yaolan.

Even though they were related by blood, he still felt embarrassed when he saw Lu Yaolan's expectant gaze.

Lu Weijian took out a cigarette and bit it in his mouth. Lu Heting frowned. "You smoke. I'll sit next to Su Bei for a while."

"No, I'm not smoking it anymore." Lu Weijian hurriedly put away his cigarette.

Feeling depressed, he didn't light his cigarette. He bit his lip and pulled it repeatedly.

Lu Heting didn't leave. He said, "What's wrong? You don't want another person to show you concern and care?"

"Not really." Lu Weijian scratched his head. "I just think it's quite sudden. I haven't thought of how to accept it yet."

He looked at Su Bei and asked, "Sister Bei Bei, was it difficult for you to accept your parents back then?"

Su Bei thought about it carefully. "It was alright. Maybe my situation was a little different from yours. After all, I was stolen. But your mother has her own situation to consider."

Lu Yaolan was the one who took the initiative to abandon her child and go overseas.

Of course, their situations were different. Lu Yaolan's mental state at that time rendered her unable to raise her child healthily. She wouldn't have gotten better even if she stayed with the Lu family.

Su Bei could not make assumptions.

Lu Weijian was deep in thought.

After Lu Heting and Su Bei left, the Fu family prepared to leave as well.

It was obvious that Lu Yaolan was grateful and dependent on their family because of this matter.

"Have you been doing well outside all these years?" Old Madam Lu finally had a chance to say something to her.

"I've been to many places and done many things. Mom, I've really let you down all these years." Lu Yaolan was filled with guilt.

Old Madam Lu said gently, "It's not your fault. Back then, we were all very worried about your mental state. You were also a strong-headed person and insisted on not letting us interfere. Fortunately, you're finally back now."

"Rest early," Old Master Lu said with heartache. "Your eyes are a little heavy."

Lu Yaolan's room was still there. Every day, someone would clean it up.

She was about to return to her room when she saw Lu Weijian. She stopped in her tracks and smiled. "Weijian."

"yeah?" Lu Weijian nodded.

He wanted to say something, but he didn't.

Lu Yaolan was the same. She had a stomach full of words, but she didn't know where to start.

Time passed very slowly, but Lu Weijian was already a grown-up.

"Rest well first. We'll talk later," Lu Yaolan said gently.

"Okay," Lu Weijian said gloomily.

Old Master Lu did not lock him up, but he also told the security guards not to let him out.

Lu Weijian was in a bad mood.

...

The next day, Lu Yaolan heard that Lu Weijian was managing the Huo family's business.

Her face darkened.

Seeing her expression, Old Master Lu knew that she was dissatisfied. He said, "Tell me, how can we let Weijian do such a thing? The Huo family's life and death have nothing to do with us! Why should our Lu family interfere in their matters?"

Lu Yaolan added, "I don't agree with it either. If there was still hope for the Huo family, I wouldn't have left the Huo family years ago."

"Then talk to Weijian when you're free. Anyway, I don't plan to let him manage the Huo family's affairs."

Lu Yaolan nodded in agreement.

Hearing this from the stairs, Lu Weijian turned around and returned to his room.

Well, now there was one more person to manage him.

Because Lu Yaolan had returned, Old Master Lu arranged for the entire family to eat together on a weekend.

Even Han Qingwan was informed and rushed back from the temple.

Naturally, Da Bao and Gun Gun also came.

Old Master Lu seemed to be a few years younger. He was hale and hearty, and his voice was loud.

Han Qingwan was actually not familiar with Lu Yaolan. After she married Lu Yaode, she was busy managing the company and raising Lu Heting. She never interacted much with Lu Yaolan.

Another 20 years had passed. In terms of friendship, they were indeed not close.

However, the reunion meal was still very enjoyable.

Lu Yaolan could tell that although her parents still doted on her, they did not love her as much as they did back then.

On the other hand, Lu Heting and Lu Weijian were both outstanding. The two elders loved them very much.

Da Bao was smart, while Gun Gun was lively and cute. The two elders doted on them too.

Chapter 1702 What If I Say No?

The Lu family had changed a lot.

She was no longer the eldest daughter of the Lu family who could do whatever she wanted.

Lu Yaolan leaned over to tease Gun Gun. "Gun Gun, can I bring you to the amusement park next time?"

Gun Gun smiled childishly. "That depends on whether Bei Bei agrees or not."

!!

Su Bei sensed that Lu Yaolan was deliberately getting close to her, but she did not know what her personality was like.

She smiled. "Sure, but Aunt, Gun Gun has a lot of extracurricular classes recently and can't spare any time for now. We'll ask you out when we have time, okay?"

She put it very tactfully.

There was indeed nothing wrong with it. Which child wasn't being trained to become an elite now?

However, Lu Yaolan was still a little embarrassed and felt rejected.

Old Master Lu smiled and said, "Gun Gun loves to study. He wants to try all kinds of classes. Yaolan, if you want to ask Gun Gun out, you'll have to wait in line for a long time. Da Bao, on the other hand, has time."

Lu Yaolan glanced at Da Bao. Da Bao's aura was very similar to Lu Heting's. Although it was weaker than Lu Heting's, he could not be underestimated.

Of course, she would not try to get close to Da Bao. Besides, bringing Da Bao out to play... She did not seem to know what to play with him.

"Da Bao, will you go?"

"I have class," Da Bao replied. He didn't need Bei Bei to reject the offer for him.

Lu Yaolan once again felt that this family was incompatible with her.

Actually, she was overthinking. Da Bao and Gun Gun had always been like this. They were just like Lu Heting and Lu Weijian when they were young. The entire family did not think that there was anything wrong with it, but she felt alienated.

In addition, Lu Weijian was not close to her. Instead, he sat beside Han Qingwan and acted like a spoiled child. Lu Yaolan's fingers tightened slightly.

She recalled what she had heard previously. Han Qingwan almost hit Lu Weijian with her car once. However, just like that, Lu Weijian forgave her and was willing to be close to her again.

He had forgotten about his biological mother.

All of a sudden, she felt a little disheartened.

She had been back for so long, but only the Fu family sincerely welcomed her.

After the meal, Lu Weijian instructed the servants to pack Han Qingwan's luggage. "This time, my mother will definitely stay for a few more days. Isn't that right, Mom?"

Han Qingwan was about to nod when she saw Lu Yaolan's gaze.

She smiled. "Weijian, you've gotten used to calling me that since you've been doing it when you were young. It's better to change the way you address me in the future, lest Yaolan and I get confused."

Lu Weijian didn't say anything, so Old Madam Lu nodded. "That's right. You should call her Aunt in the future. It's more convenient that way."

"Got it," Lu Weijian replied.

Han Qingwan's heart actually ached for Lu Weijian. Although she wasn't the one who gave birth to the child, she was the one who raised him. How could she not know how badly he had suffered?

However, Lu Yaolan had also suffered a lot. She could empathize with her and could not blame a woman for not fulfilling her duty as a mother.

How could she snatch Lu Yaolan's son away from her?

"Won't you call out to your mom now?" Old Madam Lu pushed Lu Weijian.

Lu Weijian looked at Lu Yaolan and said, "Mom."

Tears welled up in Lu Yaolan's eyes as she said, "Dad, Mom, Sister-in-law, it's been hard on you all these years. I really feel guilty toward you."

Han Qingwan was a little lost. Gun Gun ran to her side and opened his arms. "Grandma, carry me!"

Han Qingwan immediately threw away all her emotions and picked Gun Gun up.

Lu Yaolan's eyes flashed, but she did not show it.

After leaving the Lu family's mansion, Lu Heting asked Su Bei, "Do you have a problem with Aunt?"

“No. After all, she hasn’t been back for more than 20 years. I’m just really uneasy about leaving Da Bao and Gun Gun with her,” she said truthfully.

Even if Lu Heting agreed, she would never agree.

No one knew Lu Yaolan well.

Lu Heting tilted his head and said, “Actually, I have the same concerns as you.”

Only then did Su Bei smile. “You think so too.”

“How can we casually hand our children over to someone we’re unfamiliar with? We can’t do that even if she’s my biological aunt.”

The couple was on the same side, so there was naturally no estrangement between them. Su Bei said naturally, “She’s been away for so long. Actually, apart from Grandpa and Grandma, no one knows her well. It’s fine for us to be a family, but when it comes to Da Bao and Gun Gun, we have to be careful.”

“Yes.” Lu Heting nodded. “The next time the two children come to the Lu family’s mansion, I’ll pay special attention to this problem.”

Since Lu Yaolan was a family member, the Lu family did not mind having another mouth to feed.

...

Lu Yaolan took some desserts to Lu Weijian’s room.

“Weijian, let’s have a good chat,” she said as she sat down.

“Go ahead.” Lu Weijian didn’t reject her. He pulled a chair and sat down in front of her.

Lu Yaolan said calmly, “Grandpa doesn’t want you to manage the Huo family, and neither do I. After all, we have nothing to do with the Huo family anymore.”

Lu Weijian remained silent.

“Weijian, think about it. If the Huo family hadn’t gone overboard back then, you could have lived a happy and healthy life. You wouldn’t have needed to leave your parents’ side, and you would’ve been able to grow up like other children,” Lu Yaolan advised earnestly.

“What if I say no?” Lu Weijian asked.

Lu Yaolan was very disappointed.

Her son was already so cold to her, but he could forgive the Huo family and help them manage their family business.

“Do you hate me, Weijian?”

“Not really,” Lu Weijian said indifferently. “Besides, it has nothing to do with whether I hate you or not. My feelings for you won’t affect my decisions.”

Lu Yaolan knew that she really did not understand her son.

More than 20 years had passed.

The whole house had changed.

It was no longer the Lu family she was familiar with.

Her words were no longer as influential as before.

“Son, what if I use my identity as your mother to ask you to stay away from the Huo family?” Lu Yaolan said.

Lu Weijian thought for a while. “Then I’ll tell you as your son that you don’t have to worry about me.”

The mother and son parted on bad terms.

Old Master Lu was also very disappointed when he heard the news.

“He takes after you. He’s arrogant and stubborn.” Old Master Lu sighed. “You should accompany him during this period of time. Anyway, I won’t let him leave the Lu family.”

...

It was the weekend again.

Lu Heting and Su Bei came over for dinner.

They did not bring Da Bao and Gun Gun along.

Lu Heting went upstairs to the study. When he stepped on the stairs, he saw Lu Yaolan coming down from the second floor.

The two of them stopped in their tracks.

“Heting.” Lu Yaolan was the first to greet him. She could recognize the situation and knew who had the final say in the Lu family now.

Chapter 1703 Have You Tested Aunt’s DNA?

“Aunt.” Lu Heting nodded.

Lu Yaolan stepped aside. “Your grandfather is waiting for you. Go quickly.”

Lu Heting went upstairs and entered the study.

Lu Yaolan went downstairs and saw Su Bei, so she sat down with her to drink tea.

!!

Old Master Lu told Lu Heting something about work.

Then he said, “What do you think about your aunt’s return?”

“The Lu family is a big family. Aunt can stay at home with the two of you and enjoy her later years,” Lu Heting said.

"I had guessed that was what you were going to say. You're also an open-minded person who doesn't care about these small things. On the other hand, Weijian is still a little overwhelmed."

Lu Heting said, "He has his own thoughts."

Old Master Lu said, "Your aunt has been away for a long time. I hope you can be more tolerant in the future."

The two of them exchanged a few more words before Lu Heting stood up and walked out.

He seemed to have thought of something at the last minute and turned around. "Grandpa, have you tested Aunt's DNA?"

Old Master Lu's expression changed drastically. "You suspect that she's not your aunt?"

"I don't know Aunt well. I just think it's better to be careful," Lu Heting said.

Old Master Lu's breathing quickened. He had missed his daughter for many years, so he naturally wouldn't doubt her identity.

However, he had to admit that his grandson's reminder made sense.

"I'll think of a way to test it." Old Master Lu did not doubt his daughter. Besides, it would be too hurtful to ask her to do a DNA test.

Lu Heting nodded.

He was about to leave when the butler rushed in and said, "Old Master, Young Master, Eldest Miss accidentally broke her cup while drinking tea just now and hurt her hand. We've already invited a doctor."

"Are her injuries serious?" Old Master Lu quickly asked.

"There's a lot of blood," the butler said quickly.

Old Master Lu immediately went downstairs, and Old Madam Lu rushed over.

Su Bei was using a tissue to stop Lu Yaolan's bleeding, but the bleeding could not stop. It was very scary.

Old Madam Lu was so anxious that her eyes turned red.

Fortunately, the doctor arrived quickly and immediately applied medicine on Lu Yaolan. Only then did the bleeding stop.

When the doctor treated the wound, everyone saw that it was a little deep. The flesh was open.

"What's going on?" Old Madam Lu was anxious and angry.

"When I was drinking tea, I accidentally slipped. I didn't want to break the cup, so I reached out to take it. I didn't expect the cup to break, so I injured my hand," Lu Yaolan said. "Fortunately, Su Bei helped me press the wound down, so the blood didn't flow as quickly."

"Look at you. Seriously, why go through all that trouble for a cup? If it's broken, so be it."

“When I think about how my parents worked hard to build the Lu family, I can’t bear to waste anything now,” Lu Yaolan said.

Although Old Master Lu felt that Lu Heting’s suggestion just now was too hurtful, it was convenient now that there was already a blood sample.

He secretly reminded the doctor.

As a result, Lu Heting and Su Bei left quickly.

On the way out, Su Bei took out the tissue she had used to soak up the blood and said, “I kept this.”

Initially, she and Lu Heting felt that they would be more at ease if they confirmed Lu Yaolan’s identity. They planned to test Lu Yaolan’s DNA through her hair or toothbrush.

However, Lu Yaolan had injured her hand while drinking tea, so there was no need to go through so much trouble.

“Yes, I got Grandpa to get her hair. He’ll get someone trustworthy to test it.”

Wealthy families had many grudges. All kinds of strange things would happen.

They would be at ease after checking.

This time, the timing was really favorable.

Su Bei divided the sample into two parts. One was for Lu Heting, and the other was for Lin Wenyu to help investigate.

The results were out soon. There was no problem with Lu Heting’s return.

Lin Wenyu also personally sent the test results to Su Bei. “There’s nothing wrong. We can confirm that they’re father and daughter.”

“That’s good,” Su Bei said with a smile.

“Why are you secretly investigating this?”

Su Bei smiled. It was indeed done secretly, but with Old Master Lu’s permission, it was not that big of a secret.

She said, “I just wanted to confirm it. I’ve relieved my worries, so I’m okay now.”

Lin Wenyu nodded. “Yes, you found the right person to help you deal with it. I’m honest.”

Soon, Old Master Lu called Lu Heting. “The doctor said everything’s fine. Don’t worry.”

“Yes.” Lu Heting also knew about the results of the examination he and Su Bei had received.

Since all three test results showed the same thing, there was naturally no need to worry.

...

After Lu Yaolan’s initial restraint dissipated, she felt very comfortable in the Lu family and could come and go as she pleased.

Old Madam Lu was relieved to see this. "This is what my daughter should be like. She was like this in the past, and she's finally gone back to being her old self now."

Han Qingwan stayed for a few days before returning to the temple. She was studying some Buddhist scriptures now, which improved her temperament.

On the other hand, Lu Weijian's relationship with Lu Yaolan had always been average. He did not listen to her persuasion.

Lu Yaolan had not returned for many years, so her relationship with her old friends had faded.

The people she had the closest contact with now were the Fu family.

Fu Yujia was also happy to spend more time with her.

In a tea room, Fu Yujia said, "Are you saying that Mr. Weijian doesn't listen to your advice?"

"Yes, he's not close to me either." Lu Yaolan always treated this as her regret.

"Mr. Weijian is such a person. The more you oppose him, the more he might not want to listen," Fu Yujia said. "Aunt Lan, you might as well go along with him first. Talk about it again after some time."

"Alright." Lu Yaolan took a sip of tea and fell into deep thought.

Fu Yujia smiled and asked, "By the way, Aunt Lan, do you plan on doing anything with your return this time?"

Lu Yaolan actually felt that it was good to be an idle young lady. The two elders were also generous to her. She lived a good life now and did not have to worry about food and clothes.

"I'm really talking too much. Aunt Lan, you should enjoy your life. There's nothing bad about being a socialite."

"Heting is now in charge of the Lu family. I can't do anything even if I want to," Lu Yaolan voiced her concern.

She had also asked around. The two elders had already sorted out the inheritance. They were most likely going to give it to Lu Heting, Lu Weijian, and the two children.

They had not put that much consideration into her.

Fu Yujia smiled and said, "Actually, Mr. Weijian has a lot of companies under his name. It'll be very convenient for you to manage one of them."

"Really? What are they?"

"I'm sure you're not interested in those games companies," Fu Yujia said. "But there's a company called Nirvana Entertainment that's developing very well. In the past, I thought that Mr. Weijian had already sold the company, but after investigating, I found out that the company is still Mr. Weijian's. Won't it be great if you manage it?"

Chapter 1704 I Have A Condition Too

She had already given up. But now that she had a chance, she could suppress Su Lu and take revenge.

With her relationship with Lu Yaolan, would she be afraid that Lu Yaolan would not listen to her in the future?

...

At night, Lu Yaolan verified this with Lu Weijian.

“Yes, the company is under my name,” Lu Weijian said.

When Old Master Lu heard that, he said, “So, you remember that it’s under your name too? Go take a look at Su Lu and learn his ability to do things well. That way, your mother and I won’t have to worry about you.”

Lu Weijian said sincerely, “Su Lu is very capable. I’m also very impressed. Otherwise, why would I let him manage the company?”

“Then why don’t you learn from her?”

“I am learning,” Lu Weijian said seriously.

Old Master Lu was speechless.

It would be strange if she believed him!

Lu Yaolan said, “Dad, don’t be angry. I heard that Nirvana Entertainment is developing very well. Since it’s Weijian’s company, I can actually help manage it.”

“I don’t need your help!” Lu Weijian said immediately!

Lu Yaolan looked a little unhappy, but she did not show it and quickly recovered.

Old Madam Lu said, “Child, your mother wants to help you to relieve your burden. What’s wrong with that? Besides, your mother is back now. She’s often in a bad mood because she’s free and has nothing to do. It’s good for her to have something to do. What’s wrong with your mother managing the company?”

Lu Weijian disagreed.

Lu Yaolan said, “Forget it, Dad, Mom. Let’s see what Weijian thinks.”

Lu Weijian swung his legs. “I can agree, but firstly, I have conditions. Secondly, if you become in charge of Nirvana Entertainment, you’re not allowed to mess around.”

“You actually mentioned conditions?!” Old Master Lu wanted to beat him up again.

Lu Yaolan stopped him. “Dad, listen to what the child has to say.”

“Go ahead.”

“If you’re going to manage Nirvana Entertainment, let me manage the Huo family! Also, you can manage Nirvana Entertainment, but you can’t interfere with their work. Let them do whatever they’ve been doing in the past. Otherwise, it’ll be a waste of Sister-in-law’s... President Su’s hard work.”

“You!” Old Master Lu said angrily.

Lu Yaolan thought for a while and said, “Dad, Mom, since Weijian has his own thoughts, we can’t suppress him too much. It’s a good thing that he can make conditions. It means that the child has his own considerations. Why don’t we leave it at that?”

Old Master Lu really hated the Huo family.

But now that Lu Yaolan had said so, he could not disobey his daughter.

He said, “Alright, let’s do that for now! I’ll do it for your sake! But if I find out that he has something to do with the Huo family, I’ll definitely kidnap him back!”

As for the matter of Lu Weijian handing the company to Lu Yaolan to manage, he actually had many qualms in his heart.

After all, the company’s achievements were Su Bei’s hard work. Su Bei was responsible for most of the company’s development.

He thought for a while and called Su Bei to tell her about it.

Su Bei’s laughter sounded. “I was just wondering when I could return the company to you. This day has finally come. The company is yours to begin with. No matter what, it should be returned to you. Especially now that Aunt will be in charge. She’s your mother and my aunt. She won’t harm you. I’m also very relieved. Don’t cry. Why are you crying? Your brother has already been urging me to return it to you!”

Lu Weijian’s cries came intermittently. “I’ve let you down, Sister-in-law. I’m taking back the company just like that! But this is all your hard work.”

“Alright, alright. Don’t cry. I’ll be at ease if you take it back. But I have a condition.”

“Sister-in-law, just tell me what you have to say.”

Su Bei said solemnly, “The people in the company now have gone through a lot of difficulties to get to where they are now. You have to promise me that you’ll do your best to give them room to develop within their professional ethics.”

“Of course! I’ve already told her not to interfere with the company’s operations and development. Otherwise, it’s impossible for the company to be handed over to her.”

“That’s good. I don’t have any other requests.”

Lu Weijian still felt sorry for her. “Sister-in-law, I’ve really let you down this time...”

“Why would you say that? Didn’t we already agree on it back then?” Su Bei said.

Lu Weijian clenched his fists and promised, “I won’t let you down!”

Remembering that Su Bei couldn’t see him clench his fists, he added, “I swear!”

Su Bei smiled.

After laughing, she hung up the phone and hugged the pillow in a daze.

“You can’t bear to part with it?” Lu Heting put a glass of hot milk in her hand.

Su Bei took two sips and held the glass. “I really can’t bear to part with it. I remember the day I just went. Everything is still vivid in my mind. In the blink of an eye, so much time has passed. I have so many friends in the company and so many memories.”

“If you can’t bear to part with it, you should visit it more often in the future.” Lu Heting also knew that two tigers could not share the same mountain. Now that Lu Yaolan was going to manage the company, Su Bei would definitely not stay.

Su Bei nodded gloomily. “Okay.”

Lu Heting patted her shoulder to comfort her.

...

Knowing that Su Lu had returned the management right of Nirvana Entertainment, Old Master Lu felt a little sorry.

“How about this? In the future, Su Lu will continue to be Lan’er’s general manager and assist her,” Old Master Lu said.

Lu Weijian immediately shook his head. “Su Lu has already planned to leave.”

That was Su Bei! How could Su Bei assist anyone?

Otherwise, it would be great to have such a general manager!

Lu Yaolan said calmly, “Is he not satisfied with the current arrangements?”

Lu Weijian shook his head. “No, he had said from the beginning that he would only help me for a while. He will leave when the time is up.”

Old Master Lu liked Su Lu very much. Previously, she had handled both Xiao Ming’s and Lil Hua’s matters very well. Not only did she have the ability to manage the company, but she also had a sense of social responsibility.

Old Master Lu liked such young people.

When Lu Yaolan found out that Su Lu was leaving, her gaze was a little excited, but she covered it up well.

If Su Lu was really around, she would definitely be restrained in the company.

Now was the perfect time.

Old Master Lu said, “In that case, Weijian, invite Su Lu to the Lu family’s mansion. I’ll treat him to a meal myself.”

“There’s no need for that, right?” Lu Weijian didn’t want to implicate Su Bei.

Besides, if Grandpa called Big Brother and Sister-in-law along, wouldn’t they be exposed?

Now that things had come to this, Lu Weijian was actually not afraid of being exposed. If his grandfather found out that Su Lu was Su Bei, there was nothing to worry about.

But for some reason, he always felt like he had to hold back in front of Lu Yaolan and couldn't fully communicate with her.

Chapter 1705 Don't Laugh, Sister-in-law

Perhaps he had never lived with his nominal mother since he was young and was still naturally wary.

"Why not? Su Lu helped you handle the company's matters and managed Nirvana Entertainment in an orderly manner. He was able to convince the public and establish prestige. He has a sense of social responsibility to the outside world. I'll express my admiration for him. Why not?"

"I'm just afraid that if you call Brother and Sister-in-law along, President Su won't dare to come."

Old Master Lu thought about it and agreed. Besides, this matter had nothing to do with Lu Heting, so he said, "Then I won't call your brother and sister-in-law along, okay?"

!!

"That's fine," Lu Weijian replied lazily.

Lu Yaolan said, "Since I'm going to do some work handover with him, it's good for me to interact with him too."

Lu Weijian couldn't refute it, so he could only go to Nirvana Entertainment to look for Su Bei.

...

Nirvana Entertainment.

The news that Su Lu was leaving had already spread.

Everyone felt terrible and a little panicked.

During this period of time, the entire company had been working together. Everyone treated their work as their career. Everyone had become accustomed to how things were run.

If Su Lu left, could they continue like this?

Everyone had different concerns.

Yue Ze and Xu Zhiqin sat in Su Bei's office.

"It's true," Su Bei said. "As you know, Nirvana Entertainment is Lu Weijian's company. He had something going on some time ago, so I took over to help. Now that his mother is back and wants to manage the company, I'm just returning the company as promised."

Yue Ze and Xu Zhiqin knew about Su Bei's relationship with Lu Weijian, so they weren't worried that Lu Weijian would mess around.

However, no one knew Lu Yaolan at all. They did not know what would happen if she came to the company.

Therefore, everyone was naturally worried.

“Brother Yue Ze, Zhiqin, I’ve already talked to Lu Weijian seriously. There won’t be any major changes in the company. Just focus on your work.”

Yue Ze nodded. “What about you? Are you going to film a movie?”

Su Bei smiled and glanced at Xu Zhiqin. “I have something else to do.”

Xu Zhiqin immediately understood and was grateful.

He Xuyan had promised to bring her back to the United States to see his parents after his work was over.

Xu Zhiqin already vaguely knew how rich the He family was. Facing such an extraordinary family, she was a little timid.

Su Bei would most likely accompany her.

In addition, after Su Bei acknowledged her parents, she had not gone back to see her other relatives. This time, they would be going back together.

It would probably take a long time to meet He Xuyan’s family and discuss their marriage.

Yue Ze naturally knew that with Lu Heting around, he did not have to worry about Su Bei.

Su Bei said, “Brother Yue Ze, I’ll have to trouble you to give the others in the company reassurance and calm them down.”

Yue Ze and Xu Zhiqin got up.

A moment later, Lu Weijian walked in and arrived at Su Bei’s office.

“Sister-in-law!” Lu Weijian sat down opposite her and took a bottle of mineral water. “I have to ask you something to see if you agree.”

“What matter is so serious that you came here in person?”

“It’s all because of Grandpa. He said that Su Lu is outstandingly capable and has a sense of social responsibility. He even asked me to learn more from Su Lu. After that, he asked me to invite Su Lu home for dinner. How can I not personally come for such an important matter?”

Su Bei burst out laughing.

“Don’t laugh, Sister-in-law. Grandpa has always thought that you’ve done a good job, so he has been praising you. This time, we’re suddenly handing the company to someone else, so he feels bad about it. He probably invited you over for a meal to take the opportunity to remind me so that I can learn from you.”

“Alright, I’ll go then. Should I go there as my true self?”

Now that Old Master Lu knew that Lu Weijian was managing the Huo family, she probably didn’t need to hide her identity anymore.

Lu Weijian begged, “Why don’t you go as Su Lu?”

“Why do you want to be so mysterious?”

“I don’t think my biological mother is that reliable. What if she’s too harsh on Nirvana Entertainment in the future? In that case, you can pretend to be Su Lu again and come back to seize power. If you announce your identity now, how can you fall out with her in the future?”

Su Bei smiled again. “You’re thinking too far ahead. However, do you really think she’s unreliable in managing Nirvana Entertainment?”

When she said the last sentence, she stopped smiling and looked very serious.

Lu Weijian hurriedly waved his hand. “I was just saying. How would I know how capable she is? You know as well that I’ve only heard her name from my grandparents since I was young. I don’t know much about her.”

After hearing this, Su Bei naturally would not use her identity to attend the dinner in the Lu family’s mansion.

“I’m leaving now, Sister-in-law.” Lu Weijian walked out.

As soon as he opened the door, a young woman stood at the door. She lowered her head and handed him a bouquet of flowers. She said shyly, “This is for you.”

Just how charming was he? He had only come to Nirvana Entertainment once, but someone was already giving him flowers!

Lu Weijian immediately took out his phone. He had to record such a scene for Huo Zhong to see!

It saved him the trouble of showing off how many female fans he had.

He immediately opened WeChat and sent a WeChat message to Huo Zhong. [Quickly answer the video call so I can show you that someone is confessing to me!]

“Thank you. I’ll take a photo of them.” Lu Weijian reached for the flowers.

The woman looked up in fear. When she saw his face, she said in surprise, “I’m sorry, you’re not the one I want to give these flowers to!”

On the other end of the line, Huo Zhong was already laughing.

“Do you think it’s April Fool’s Day?” Lu Weijian was so angry that his face twitched.

“I’m sorry, it’s for President Su!”

Su Bei walked over and saw that the person holding the flowers was Xiao Ling.

As soon as Xiao Ling saw her, she rushed over and stuffed the flowers into her arms. “President Su, these are for you. I... I like you. I know you’re leaving, so I mustered up the courage to confess to you.”

She spoke so quickly and anxiously that she did not dare to look up.

Ever since Su Bei brought her and Xu Zhiqin out of Osland, Xiao Ling had fallen in love with her.

Although President Su was not particularly tall or handsome, and the outside world often described him as ordinary, he gradually left an outstanding impression in Xiao Ling's heart every time he made a move!

Knowing that President Lu was leaving this time, Xiao Ling finally couldn't sit still anymore and mustered up her courage to confess.

She knew that her chances were slim, but she definitely had a chance, right?

Usually, apart from work, President Su didn't have any other women by his side. His lifestyle was extremely good!

Chapter 1706 What's With The Description?

Xiao Ling gave 100 points for everything about President Lu!

Knowing that Xiao Ling was confessing to Su Bei, Lu Weijian was no longer angry. He wanted to hang up the video call with Huo Zhong, but Huo Zhong shouted anxiously, "Don't! Don't hang up. I'm still watching it."

After hanging up, Lu Weijian reached out and clicked on Lu Heting's WeChat number.

Lu Heting couldn't be bothered to answer him. He rejected the call and replied with a question mark.

Lu Weijian replied: [Someone confessed to my sister-in-law.]

Immediately, Lu Heting made a video call.

Lu Weijian chuckled and pointed the camera at Xiao Ling and Su Bei.

Lu Heting couldn't help but press between his eyebrows. Displeasure flashed across his heart. Su Bei was already dressed like this, but someone was still confessing to her?

What was wrong with these people's judgment?

"President Su, I know I'm not worthy of you, but please give me a chance. I'll try my best to get close to you!" Xiao Ling said eagerly.

Lu Heting pressed his eyebrows again.

The corners of Su Bei's lips twitched slightly. Back then, she deliberately made herself look ordinary. She was dressed very simply, but she was still...

She said, "I'm really sorry, Xiao Ling. I'm already married."

The tension on the other end of the video eased a little.

Xiao Ling pouted and was about to cry.

Su Bei was shocked. "I'm really married. If you don't believe me, ask Lu Weijian!"

Lu Weijian: "..."

'I'm just watching a show. What did I do wrong?'

However, he had no choice but to accept the mission that his sister-in-law had given him. He nodded crazily. "That's right, that's right. President Su is already married. The couple is very close and loving, especially President Lu's other half. Everyone's driven mad by how lovey-dovey they are!"

What was with the description?!

However, the low pressure on the other end of the video was finally relieved.

"Really? President Su?" Xiao Ling didn't believe it. If President Lu really had a partner, why had she never shown up?

Su Bei quickly nodded. She thought of something and immediately said, "Yes, and I have two sons! If you don't believe me, ask Lu Weijian!"

Lu Weijian continued to nod crazily. "Yes, they're handsome. They're exactly the same as their father! They're cute, smart, and obedient. Everyone adores them."

Xiao Ling looked at President Su seriously. His children looked exactly like him? Everyone loved them?

Alright, maybe it was because of his charisma. Just focusing on looks would be superficial.

She sniffed. "I think I remember. It seems my brother-in-law has said that President Su has a son."

The brother-in-law she was talking about was Wu Jiaheng. It was no secret that Wu Jiaheng had saved Gun Gun back then, but he could not guess who the child was.

Wu Jiaheng had even bought a gift for Gun Gun.

Now, Wu Jiaheng and Xiao Xi were in love, so Xiao Ling called him 'Brother-in-law'.

"I'm sorry, President Su. I'm sorry." Thinking of this, Xiao Ling quickly ran away.

Sure enough, this charming man had long been grabbed by another. She had appeared too late.

Su Bei sent a WeChat message to Xiao Xi, asking her to pay attention to Xiao Ling's situation.

However, she was not too worried. This was the first time that young girl had fallen in love. She would be fine after a while.

Lu Weijian couldn't help but laugh. "What's going on? You don't even look handsome!"

He reached out to touch Su Bei's face.

A light cough from the other end of the video shocked him so much that he almost dropped his phone!

"Brother! My hand is just too naughty!" Lu Weijian hurriedly hit his hand.

Only then did Su Bei realize that he was on a video call with Lu Heting!

She rolled her eyes at Lu Weijian and quickly greeted Lu Heting with a smile, "Hubby, aren't you busy today?"

"It's alright. I'll pick you up in the afternoon." Lu Heting then hung up.

Although he was a little angry, he could still control himself.

Su Bei's disguise this time was the worst she could come up with. All this happened only because of her charm.

He should be happy.

Otherwise, if she went out with her true appearance, there would be plenty more admirers.

Lu Weijian heaved a sigh of relief and said to Su Bei, "I'm leaving now."

Before she could step out of the door, Huo Zhong called. "You think you're so great, huh? You didn't let me watch the show when it was at its most critical point! Come back and let me beat you up!"

"So be it. Do you think I'm afraid of you?"

Su Bei shook her head and thought to herself, 'They're probably half-brothers with the best relationship in the world.'

...

In the Lu family's mansion...

While dressed as Su Lu, Su Bei arrived at the door with ease.

Lu Weijian came to welcome her early in the morning. "Sister-in-law, come in."

Su Bei could only pretend that she had never been here and followed him in.

The butler came out with a smile.

Before she got close, she heard the laughter of the two elders and Fu Yujia's voice.

"Aunt Yaolan, congratulations. With you managing Nirvana Entertainment, it'll definitely improve in the future!" Fu Yujia's laughter sounded.

Madam Fu also smiled. "That's for sure. Yaolan used to be very capable. If she stays with the Lu family, she'll probably be able to manage half of the Lu family. Her ability isn't inferior to men at all."

"That's right. I used to hear my parents talk about Aunt Yaolan's charm. They said that she was peerless in Jingdu City. Now that Aunt Yaolan is back, I know that my parents' words are true."

Madam Fu smiled. "Yaolan, will you host a gathering with old friends sometime soon? I can arrange it."

Lu Yaolan smiled faintly and said, "So many years have passed, and some old friends have become distant. I didn't want to alarm them when I came back this time. I'll meet them again if fate allows it. There's no need to specially arrange it."

Since she said so, Madam Fu stopped insisting.

Lu Weijian accompanied Su Bei into the hall.

"Grandpa, Grandma, Su Lu is here," Lu Weijian said.

Fu Yujia was the first to look up. She gave Su Lu an unfriendly look before quickly hiding it.

It was because of Su Lu that her career in the entertainment industry was completely blocked. She did not even have the chance to face Su Bei head-on before she was knocked out.

At the thought of this, she felt extremely upset.

However, she would not show it on her face.

Moreover, Nirvana Entertainment was about to belong to Lu Yaolan. Su Lu was at the end of his rope.

At the thought of this, Fu Yujia could not help but look pleased.

Old Master Lu smiled and greeted, "President Su, have a seat."

"Old Master Lu, just call me Su Lu." Su Bei sat down on the sofa.

Although Old Master Lu looked like he was smiling, he had a terrifying aura on him. Ordinary people would feel pressured when they saw him.

However, Su Lu did not feel this way at all, making Old Master Lu admire him even more.

Chapter 1707 Am I Really A Member Of This Family?

"You've worked hard to help Weijian manage the company for the past few months. If there's a chance in the future, I hope you can give him more advice."

"You flatter me. It's my duty." Su Bei smiled.

Old Master Lu said to Lu Yaolan, "Yaolan, it's the same for you in the future. If there's anything you need, you can ask President Su."

"I will, Dad," Lu Yaolan said calmly.

Fu Yujia clenched her fists tightly. She could tell that Old Master Lu's attitude toward Su Lu was really different.

There were probably very few people in the capital who could receive such kind words from him.

If this continued, she would still be suppressed by Su Lu and be unable to raise her head, let alone take revenge.

She calmed herself down and finished her meal.

...

After Su Bei handed over Nirvana Entertainment, she did not have any work at the moment. Her days were free, and she occasionally drew.

There was good news from Qian Gouhua that her works were popular, so her popularity had increased greatly as well.

Su Bei did not take it to heart.

She had asked around about Nirvana Entertainment a few times. After Lu Yaolan took over, she strictly adhered to the agreement and did not make any major changes to the company. The company was stable.

A few days later, it was Yuan Haoyang and Lin Wenyu's wedding.

In the end, they chose to hold their wedding in Australia. They had already booked a chartered plane and invited all their relatives and friends to go over.

Naturally, Su Bei was the first to go over.

Lu Weijian also joined in the fun.

Originally, Lin Hancheng had sent an invitation to Old Master Lu. However, Old Master Lu had not been feeling well recently, so he asked the juniors in his family to attend on his behalf. Lu Weijian and Lu Yaolan were both here. Su Bei had not mentioned to Lu Weijian that she was from the He family, so both of them did not know about it.

Lu Yaolan would be bringing Fu Yujia and Lu Rou along.

He Xuyan and Xu Zhiqin were together. He Jiang and Lin Xiruo also came as representatives of the He family.

As for Yuan Haoyang, Wang Zongheng had also arrived. There were also his many good friends.

He Xuyan held Xu Zhiqin's hand and went to He Jiang and Lin Xiruo's side.

Lin Xiruo was talking to Su Bei, asking about Da Bao and Gun Gun.

"Dad, Mom," He Xuyan greeted.

He Jiang and Lin Xiruo looked at him and saw Xu Zhiqin.

Without waiting for him to introduce her, Lin Xiruo smiled and held Xu Zhiqin's hand. "You're Zhiqin, right? I've heard Xiao Bei mention you for a long time. I knew that you were busy, so I didn't rush Xuyan to bring you home for a meal. I finally got to see you today."

She was graceful and magnanimous, and her words were indeed gentle.

The worry in Xu Zhiqin's heart was mostly gone. "Hello, Aunt. Please forgive me for only coming to see you so late."

"It's not your fault. It's all this brat's fault!" Lin Xiruo said. "He doesn't care at all!"

He Jiang glared at He Xuyan. "Learn from your sister and Zhiqin."

He Xuyan: "..."

'Well, what did I do wrong this time?'

Lin Xiruo spoke to Su Bei and Xu Zhiqin, ignoring He Xuyan.

He Jiang could not be bothered with him either.

He Xuyan touched the tip of his nose. Was he really a member of this family?

Lin Wenyu ran forward. "Su Bei! Cousin-in-law! Come and look at the jewelry!"

When she saw He Jiang and Lin Xiruo, she stopped in her tracks. "Aunt, Uncle! I'll bring Xiao Bei and Cousin-in-law away!"

Lin Xiruo laughed. "You're already married, yet you're still so rash. Go!"

Su Bei and Xu Zhiqin followed her.

"I've already chosen the matching jewelry, but when I went to the beach to take a look, I felt that it might be better to change the color. Take a look and see which one is more suitable." Lin Wenyu's room was filled with a lot of jewelry.

She was frowning, not knowing which to choose.

...

Lu Yaolan, Lu Rou, and Fu Yujia got off the plane.

This was an island in Australia. The Lin family had booked it today.

The Lin family's security forces were everywhere.

Lu Rou couldn't help but sigh. "The Lin family is really generous. Lin Wenyu is so eligible. Why did she choose to marry a singer?"

Fu Yujia smiled and said, "Money can't buy a person's heart."

Lu Yaolan nodded. "Is the Lin family still that powerful?"

"Aunt Yaolan, not only is the Lin family still powerful, but they're many times more powerful than before. Lin Hancheng's position hasn't decreased all these years but has risen instead. He's advanced all the way and has already grasped a lot of power. It can be said that half of S Country is in his hands!" Lu Rou said. "In the entire capital, I'm afraid only the Lu family can compare to them. Moreover, I heard that Lin Hancheng's sister, Lin Xiruo, has also married well. The other party's family even has a consortium. It's just that she's mysterious and doesn't do much business in S Country, so it's hard to say what kind of family she's from."

Fu Yujia nodded. "I also heard that it's one of the eight major consortiums in the United States. They're quite powerful. It's just that they keep a low profile, so it's not easy to find out which consortium it is."

Lu Yaolan smiled. "Since we're already here, we can get to know each other."

"Yes, let's go in," Fu Yujia said with a smile.

The island was especially big, and guests were already coming and going.

The guests today were all famous figures in the capital. After all, Lu Rou came from a branch of the Lu family. She usually did not have many opportunities like this, so she was very excited at this moment.

Lu Yaolan had not participated in such gatherings for many years. She was shocked, but she was not young anymore, so she did not show it on her face.

Fu Yujia walked in slowly. The concierge who came to receive them went forward to welcome them. "Mr. and Mrs. Lu have already gone in. Please come in."

Lu Rou realized that Mrs. Lu was referring to Su Bei and couldn't help but pout.

Su Bei had married into the family for so long, but she didn't know how to meet her relatives and treat them to a meal to get closer to them. She was far inferior to Fu Yujia, so Lu Rou naturally looked down on her.

Lu Yaolan's expression did not change, but Fu Yujia asked casually, "Where's Mrs. Lu, and what is she doing?"

They all knew each other, so they had to greet each other since they were here.

Besides, where Su Bei was, Lu Heting would definitely be there too. It was good to appear in front of him.

"Mrs. Lu is accompanying Miss Lin to choose jewelry."

Fu Yujia did not say anything else.

After the concierge left, Lu Rou couldn't help but say, "Su Bei and Lin Wenyu seem to have a good relationship."

Fu Yujia smiled. "As Mr. Lu's wife, she naturally has to socialize."

In other words, it was not because Su Bei had a good relationship with Lin Wenyu or because she was capable. All of this was because of Lu Heting.

Lu Rou smiled and said, "That's true. No matter what, the Lin family has to give the Lu family some face. Not to mention Su Bei, even if it's... As long as it's someone from the Lu family, the Lin family has to treat them well."

Chapter 1708 Wish To Be With Someone

When Lu Yaolan heard this, she smiled and said, "Don't make things up."

However, this smile also proved that she agreed with this statement.

As soon as she came back, Su Bei had become a thorn in her heart. She did not approve of Su Bei.

After Su Bei and Xu Zhiqin helped Lin Wenyu choose the jewelry, they came out to talk to He Jiang and Lin Xiruo.

Fu Yujia and Lu Rou stood at the side and recognized that it was Lin Xiruo, Lin Hancheng's sister. She was the eldest daughter of the Lin family.

Although she was married now, she was still doted on by Lin Hancheng. Her husband's family was also extremely extraordinary.

Seeing that Su Bei was talking to Lin Xiruo, the two of them could not help but frown.

Was Su Bei really everywhere?

The two of them actually wanted to befriend Lin Xiruo, but firstly, they were not familiar with the Lin family. It was really not appropriate to rashly go forward. Secondly, they did not have anyone who could introduce them, so it would be too embarrassing for them to take the initiative to go forward.

They could only stand in the distance and watch. They did not know what Su Bei had said to Lin Xiruo, but Lin Xiruo kept laughing and looked very relaxed.

Fu Yujia pinched her fingers. She thought that she had always been good at interacting with people and had an outstanding ability to make her elders happy, but now, it seemed she was much inferior to Su Bei.

Fortunately, Old Master Lu did not see this scene. Otherwise, his impression of Su Bei would change even more.

Lu Yaolan was also deep in thought with her head lowered.

...

Lin Xiruo said, "Your grandmother will be here in a while. Go and pick her up with Zhiqin."

"Okay," Su Bei replied and went out with Xu Zhiqin.

Fu Yujia relaxed a little this time. A moment later, she saw Su Bei and Xu Zhiqin accompanying an old lady with white hair. She was slightly surprised before remembering that this was probably Lin Hancheng's mother, Old Madam Lin.

Was Su Bei... on good terms with the Lin family?

The expressions of Fu Yujia and Lu Rou changed many times.

Lu Yaolan smiled and said, "It seems that the woman Heting chose is really likable. She's able to help him in his career."

Fu Yujia wanted to say that it was not the case. Su Bei did not have such an ability.

Lu Rou spoke first, "Su Bei is such a person. When she meets someone stronger than her, she tries her best to curry favor with them. When she meets someone inferior to her, she can't wait to step on them. Look at how she treats us. We're members of the Lu family, after all. Even Mr. Lu is polite to us, but Su Bei is different. She's been in the family for so long, but she hasn't even shown us a good attitude. Speaking of which, all of us say that she's not worthy of Mr. Lu."

Lu Yaolan's heart skipped a beat. She felt that Lu Rou was right. Su Bei did not respect her.

"Rourou, don't say that." Fu Yujia hurriedly stopped her. "Su Bei is busy."

"No matter how busy she is, can she be as busy as Mr. Lu?" Lu Rou said. "She's with the Lin family now. Does she look busy at all?"

Fu Yujia stopped talking and looked at Lu Yaolan's expression.

The three of them had their own thoughts and did not speak for a moment.

...

The seawater in Australia was especially good, and the sky was especially blue.

As expected, the wedding went smoothly.

The sea breeze blew Lin Wenyu's wedding dress, illuminating her flushed face.

Lin Hancheng reluctantly held her hand and finally handed it to Yuan Haoyang.

There was a round of enthusiastic applause.

Lin Wenyu stood beside Yuan Haoyang with a bouquet in her hand.

Lin Hancheng said fiercely, "Rascal, treat my daughter well. If I ever find out that you're bullying her, I'll break your legs!"

Lin Wenyu pulled his arm. "Dad!"

"You've just gotten married and you're already siding with an outsider?" Lin Hancheng deliberately pulled a long face.

Yuan Haoyang smiled happily. "Dad, don't worry. I'll treat Wenyu well in the future. I won't give you the chance to break my legs."

Hearing Yuan Haoyang call him 'Dad', Lin Hancheng had mixed feelings.

He Jiang was standing close to Yuan Haoyang. He smiled and said, "Your father has always been like this. When he was young, he was crazy protective over his sister. Now, he's protective over his daughter. When I got married back then..."

Lin Hancheng glared at him.

He Jiang touched the tip of his nose and smiled.

Yuan Haoyang secretly exchanged glances with He Jiang behind Lin Hancheng's back.

Lin Xiruo and Qin Zufang were about to laugh to death. They put their heads together and whispered.

He Xuyan was also saying something to Xu Zhiqin, who blushed.

Looking at the family members below the stage, everyone was full of smiles. Everyone came with sincere blessings. The smile on Lin Wenyu's face became even more touching.

It was an extravagant hope for many people to be wholeheartedly devoted to someone. But now that she had realized this dream, she was very satisfied, so she was willing to do anything.

Lin Hancheng looked at his daughter's smiling face. The smile was so real that his stiff face slowly relaxed.

“Everyone, get ready. The bride is going to throw the bouquet! All the unmarried guys and women present can come over. If you receive the bride’s bouquet, you’ll definitely be the next to enter the wedding hall!” the host said with a smile on stage.

He was one of the most famous hosts in S Country. He was also invited to the venue today.

His clever words livened up the atmosphere.

Now that they had entered this segment, many socialites and rich young masters stood up and waited below the stage.

Lin Wenyu was both happy and nervous. Yuan Haoyang held her waist and stood with his back facing these people before saying in a low voice, “Throw!”

Lin Wenyu raised the flower above her head and threw it back.

A surprised and excited voice came from behind.

Xu Zhiqin raised her hand and shouted, “I got it!”

Her eyes lit up!

“Congratulations!”

“Congratulations!”

He Xuyan reached out to hold her hand and smiled at her.

The host didn’t know He Xuyan’s true identity, but he knew that as a director, he was very talented, so he also expressed his blessings to them.

Qin Zufang said to Lin Xiruo, “Sister, congratulations.”

He Jiang said from the side, “If this brat can settle down, Xiruo can worry less about him.”

There were especially many guests that day. There were ten tables arranged in the main section alone. They were all relatives and friends of the Lin family, as well as Lin Hancheng’s colleagues. Of course, that included Lu Heting and Su Bei.

As Lu Yaolan was going on behalf of Old Master Lu, she was also arranged to sit at one of the main tables.

However, Fu Yujia and Lu Rou were not so lucky. They were arranged to sit at a secondary table.

It was no wonder that the Lin family made such arrangements. Many of Lin Hancheng’s colleagues were here. Every one of them was famous. There were also people from the presidential palace and He Consortium. There were many people who came to give congratulatory gifts. Just the arrangement of the main tables was already very troublesome.

Chapter 1709 Not Su Bei’s Child

The main table could be considered a very good table. They could sit here because of the Lu family.

Lu Rou grabbed Fu Yujia's arm. "But what's going on with Xu Zhiqin and He Xuyan? Why are they at one of the main tables?"

Actually, He Xuyan and Lin Xiruo had been photographed together in the past. Many people assumed that Lin Xiruo was He Xuyan's mother.

However, at that time, Lin Xiruo looked haggard, and her facial features were dim. She looked no different from an ordinary housewife.

She had long regained her youthful elegance now. She was completely different from before. Outsiders could not tell that the two were the same person.

How could Lu Rou and Fu Yujia, who had seen the photos from before, link the person in the photos to Lin Xiruo who was now in front of them?

It was not that Fu Yujia had not secretly asked around, but it was that she did not manage to find out anything.

Lu Rou asked her, but she didn't know either. She could only shake her head.

She didn't know most of the people at the main tables. Or rather, she had only seen them on the news. It was indeed hard to say who they were.

Fu Yujia did not want to act like she had never seen the world, so she lowered her head.

...

Yuan Haoyang's father, Wang Zongheng, still felt like he was in a dream and could not react.

Back then, he looked down on Lin Wenyu for not having a high net worth... Now that her net worth was displayed in front of him, he knew how silly he was!

Initially, he wanted to give some suggestions for the wedding and spend money to arrange it for his son. Today, he came to take a look and realized that he was really thinking too much. Hence, he quietly went along with the ceremony. It was best to be an idle person who did not worry.

The wedding ended smoothly.

Many guests were busy with work and wanted to leave.

The helicopter arranged by the Lin family came over and sent them to the airport. The guests then boarded a chartered plane at the airport and went straight back to the country.

Meanwhile, close friends stayed behind to continue the celebration.

Fu Yujia and Lu Rou also stayed. However, they did not participate much in the celebration.

It was because they were not familiar with the crowd at all.

The few socialites in the capital whom Fu Yujia was on good terms with were not familiar with Lin Wenyu, so she couldn't make use of her connections here.

Fortunately, the others were not as concerned as Fu Yujia. They only felt that the scenery on the island was pleasant and the sea breeze was comfortable. If they stayed for a few more nights, they could treat it as a trip to relax.

The lively atmosphere enveloped the others and excluded Fu Yujia and Lu Rou.

For the first time, Fu Yujia truly felt the gap between the Fu family and the Lu family.

If she couldn't marry a man like Lu Heting, the gap between them would be like a chasm that would forever isolate her from this group of people.

...

After attending the wedding this time, there were two people who were not very happy.

One of them was Fu Yujia.

The other was Lu Yaolan.

As Lu Yaolan had not appeared for many years, many people treated her very distantly. After all, they had not seen each other for many years and did not have much to talk about.

Many years passed, and many people and things in the capital had changed. It was no longer the place she was familiar with.

They were unfamiliar with each other, so they naturally wouldn't be too respectful or close to her. Most people just greeted her briefly before busying themselves with other things.

This made Lu Yaolan upset.

From the moment she came back, she had been praised by the two elders of the Lu family and the Fu family. But when she stepped out, the treatment she received was even worse than how Su Bei was treated. The frustration in her heart was infinitely magnified.

On the way back, Fu Yujia was still respectful to her. "Aunt Yaolan, it's a little cold on the plane. I'll get you a thin blanket."

She asked the stewardess to bring over a thin blanket and personally put it on Lu Yaolan.

"Aunt Yaolan, is this better?" Fu Yujia asked gently.

"Much better. You're still the most considerate one." Lu Yaolan smiled.

"Yes, since I came out with you, of course, I have to take good care of you."

When she said that, Lu Yaolan remembered hearing that Su Bei would be staying on the island to play and Lu Heting had postponed his work for a few days to accompany her.

Of course, they had no intention of asking Lu Yaolan to stay.

She was really in a bad mood when she was reduced from the center of the Lu family to the background, especially when even Lu Weijian had such an attitude toward her.

"How many years has it been since Su Bei been married into the family?" Lu Yaolan asked.

Fu Yujia smiled and said, "Aunt Yaolan, I'm not too sure either. I just heard from Mr. Lu that it's been a few years. But the rumors I heard about Da Bao and Gun Gun previously are that they're not Su Bei's."

Fu Yujia spent a few years overseas and did not know much about the Lu family.

If Old Master Lu and Old Madam Lu did not say anything, she would not know anything.

"Is Su Bei also interfering in the Lu family's business?"

"No. She's always been filming and doesn't deal with the family's matters much. Actually, Grandpa Lu has always had this plan. Women have to help their husbands, after all. Moreover, they can only have a better foothold with a good career. But Su Bei just isn't willing. Perhaps she hasn't made up her mind yet."

Lu Yaolan did not like Su Bei much. The more Fu Yujia spoke, the more she felt that Su Bei was insignificant.

Fu Yujia's words made sense, especially when she said that a woman had to have a career to gain a better foothold.

Back then, she was too young and foolish...

If she had come back earlier, she would probably be comparable to Lu Heting. She wouldn't have to be embarrassed when she went out. She wouldn't be inferior to Su Bei either.

It seemed that she had to manage Nirvana Entertainment well.

...

The reason why Su Bei stayed behind was not only because the scenery here was good and she wanted to play with Lu Heting for two more days, but it was also because Old Madam Lin, Lin Xiruo, and the others planned to stay for a few days to rest.

It was rare for her to have the chance to be by her elders' side. The timing was perfect.

He Xuyan and Xu Zhiqin left quickly because they were in a hurry.

As for Yuan Haoyang and Lin Wenyu, they completely treated this place as a resort for their honeymoon. They couldn't be bothered to choose another place. Anyway, since they were already here, it was a good choice to stay.

...

After Lu Yaolan returned to the capital, her attitude toward Nirvana Entertainment gradually became domineering.

In the past, she had always followed the rules left behind by Su Lu. Now, she had more ideas of her own.

This change was especially obvious to those who originally worked for Su Bei.

Everyone was also discussing it in private.

Yue Ze and Xu Zhiqin did not say anything. They knew that Su Bei had only come to help back then. Even if things blew up now, it would only affect Su Bei alone. As long as Lu Yaolan did not go overboard, everyone would tolerate it.

During the meeting, Lu Yaolan made some new decisions, but no one responded.

“If there’s no objection, we’ll follow the decisions I’ve made.” Lu Yaolan stood up.

#### Chapter 1710 Economists’ Conundrum

Gao Ban was an impatient person. He stood up and said, “President Lu, you’re making things difficult for the people below you. When President Su was around, it wasn’t like this. At the very least, you can’t cut down the celebrities’ performance classes and specialty classes. They’re important to the celebrities’ improvement. Have you thought of the consequences of canceling the classes and expelling these dozen or so teachers?”

“I think that as artistes, they should already be qualified actors and singers. They shouldn’t be coming to the company to study. The company doesn’t have that much time for them to waste studying. This isn’t a school. It’s a profitable company. If they have the time, it’ll be more beneficial to the company if they take on a few more activities, do you understand?” Lu Yaolan said forcefully.

Lu Yaolan was already a little unhappy hearing Gao Ban mention President Su every day. Now, she couldn’t be bothered with him.

“But President Su—”

Lu Yaolan heard this name being mentioned not far away and interrupted, “Even if there’s a need, we can find a part-time teacher at the last minute. Why waste this money?”

“How can a part-time teacher be better than a proper teacher? Besides, an artiste’s privacy is also very important. Naturally, a long-term partnership is more beneficial to the artistes and the company...”

Lu Yaolan clearly did not want to hear it anymore. Compared to reducing costs, she thought that it did not matter even if the artistes’ privacy was sacrificed a little.

Besides, they might not even need a part-time teacher. Not every artiste needed one.

Yue Ze stopped Gao Ban.

Lu Yaolan said, “If there’s no objection, that’s it.”

After she left, Gao Ban said arrogantly, “What is she talking about? It’s all because of money! Artistes take time out to improve themselves. Just as President Su said, having more skills will never be a bad thing. In this rapidly changing entertainment industry, learning can maintain one’s competitiveness. The artistes we send out have good acting skills, and no one can say that they’re professional ability isn’t good. If we really cancel these classes, how can they improve in the future?”

Yue Ze said, “I’ve thought about this problem and talked to President Lu in private, but she still insists that artistes shouldn’t study at work.”

“The artistes can take some time off to come to the company to study. The company won’t have to spend that much money, and it’ll improve the artistes’ skills, so why not?” Ever since Gao Ban was won over by Su Bei, he felt that all her decisions made sense.

In order to reduce expenses, Lu Yaolan wanted to chase these teachers away. It was really frustrating.

Moreover, this was not the first time Lu Yaolan had made a decision that everyone objected to. Previously, there were also some decisions that made everyone dissatisfied, but it always ended with her victory!

Gao Ban didn’t know how many times he had gone against her, but he always returned in defeat.

“Brother Yue Ze, where do you think President Su is now? I thought that after he left, he would find another entertainment company to work with, but I haven’t heard anything from him for so long. I wonder where he went?”

“I’m not particularly sure about that either. He said she was going to take a vacation before. He should be resting now.”

Gao Ban sighed. “If only he were still here! If I asked him for help, would he still help me?”

“Forget it. He’s not in the company anymore. He’s in no position to do so. If you look for him, it’ll only add to his troubles,” Yue Ze said.

He looked up at the sky and sighed!

...

“President Su, President Su!” Lu Yaolan returned to the office and slammed the documents on the table.

She was so angry. No matter what she said, everyone only talked about President Su.

They all thought that the decisions made by President Su were the best!

She had checked that man before. He looked ordinary and didn’t have anything outstanding about him. He just relied on his good luck to make a few newcomers famous.

Everyone in the company agreed with him. When President Su left, everyone was devastated.

This was Lu Weijian’s company!

She was Lu Weijian’s mother. She should be the most authoritative figure in this company!

Her phone rang. She reached out to take it and saw that it was Fu Yujia. Only then did she feel a little better. “Jiajia, what’s the matter?”

“I just want to ask if you’re free tonight. Do you want to have dinner together?”

“Okay.”

When the two of them met, Lu Yaolan vented her anger.

Fu Yujia said, “I don’t know what kind of sorcery Su Lu used to make everyone obey her. I suffered a lot at her hands previously.”

“Really?” Lu Yaolan had yet to understand this matter.

Fu Yujia told her about Nirvana Entertainment and Sheng Tang Entertainment. Of course, she only said things that were beneficial to her. She said that Su Bei did not rely on her ability to win and used all kinds of underhanded methods.

Lu Yaolan was already angry. Hearing this, she sneered and said, “My father has always admired him so much that he even asked Weijian to learn from him. I didn’t expect him to be such a person.”

“It’s like the matter of them suing Xiao Ming and Li Hua. Actually, they were just trying to create a sensation. If that wasn’t the case, Grandpa Lu probably wouldn’t have agreed to let Mr. Weijian’s company be managed by her, right?” Fu Yujia said.

Lu Yaolan felt that it made sense. However, Su Lu had not made an appearance. She had no reason to suppress him, nor did she have anything on him.

Lu Yaolan really could not take this lying down.

Fu Yujia comforted her for a long time.

...

At this moment, there was no Su Lu in the world.

There was only Su Bei, who cooked every day and waited for her husband and sons to come home.

Life was peaceful and beautiful.

She was taking good care of Lu Heting, and the entire Lu Group was in her debt.

Although Mr. Lu still didn’t smile much, their days in the office were a breeze now.

Under such circumstances, the KPI of the entire Lu Group could be completed in one-third of the time.

There were also some experts and scholars who were surprised to find that the total profit of Lu Group had increased by almost a third this month.

Everyone racked their brains to analyze all kinds of data and study all kinds of financial reports, but they could not find the specific reason.

What should they do if they didn’t know the reason?

They would buy Lu Group’s shares!

Anyway, they didn’t know why they wanted to buy them. They just wanted to!

As long as they bought the shares, they’d be able to make a profit!

In this way, it objectively promoted the financial development of Lu Group!

Well, the economists’ problems had increased again.

After Su Bei finished painting and bought groceries during the day, she received a call from Lin Wenyu.

She handed the groceries to the chefs in the kitchen and asked them to deal with them first. She changed her clothes and rushed out to meet Lin Wenyu.

...

This time, the meeting place Lin Wenyu set was very confidential. It was a private clubhouse with strict security measures.

As soon as Su Bei entered, she guessed that Lin Wenyu had something important to tell her.

Otherwise, she wouldn't have specially chosen this place.
