

## Hidden 1711

### Chapter 1711 Tell Him This Surprise Personally

A moment later, Lin Wenyu arrived. She was late. Her footsteps were very slow, completely different from usual.

“What’s wrong? Did Yuan Haoyang bully you?” Su Bei teased.

Lin Wenyu blushed. “No.”

She sat down on the sofa and said slowly, “I think I’m pregnant.”

“Really? Congratulations!” Su Bei smiled and asked, “When did this happen? And how long has it been?”

“Not long. I also tested with a pregnancy test kit. But it’s not confirmed yet, so I want you to accompany me to the hospital for another check-up.”

She was a doctor herself, so it was very convenient for her to ask her colleagues to give her a check-up.

However, she was not sure if she was really pregnant now. She was afraid that she would cause a huge commotion and let Yuan Haoyang have hope. She didn’t want him to be disappointed in the end.

Hence, she wanted Su Bei to accompany her to another hospital for a proper check-up.

If not, she would just treat it as a physical examination.

Su Bei smiled. “I’m happy to accompany you. If you’re really pregnant, I’ll be an aunt.”

“However, if I go to the hospital with my current identity, I’m afraid I’ll be photographed.” This was also the reason why Lin Wenyu looked for Su Bei.

After she married Yuan Haoyang, she entered the public eye. It was inevitable that she would be photographed by his fans.

“Isn’t that simple?” Su Bei asked someone to bring over two sets of clothes.

She pretended to be Su Lu while Lin Wenyu wore a short wig to cover her long hair. At first glance, they both looked completely different from how they usually looked.

Actually, the safest thing was to let Lin Wenyu change into men’s clothes too.

However, she was going to do a pregnancy check-up this time. If she changed into men’s clothes, the doctor would probably be surprised and it may cause trouble. Therefore, she might as well just wear women’s clothes. After all, no one would be able to recognize her when she was dressed like this.

After coming out of the clubhouse, Su Bei drove and accompanied Lin Wenyu to a famous private hospital for a check-up.

It would take a while for the results to come out.

Lin Wenyu sat on the sofa in the VIP room and waited, feeling uneasy.

Su Bei asked the nurse to buy a glass of hot milk. When it arrived, she put it in Lin Wenyu's hand. "Do you want to be pregnant?"

"I'm a little conflicted." Lin Wenyu frowned slightly. "Haoyang and I just got married not long ago. We want to spend some alone time together. I really don't want to have a baby so early. But if the baby is really here, I'll still be happy about it. This is the fruit of our love. The child will definitely be smart and cute."

Perhaps this was what most women would worry about. At the arrival of a baby, they'd be secretly conflicted but also happy.

She looked up and asked Su Bei, "Su Bei, what about you?"

"What about me?"

"How did you feel when you first got pregnant?"

This happened a long time ago.

Su Bei smiled. "When I got married to Heting, it was an accident. It was also an accident that I got pregnant. Actually, I wanted to abort the child at that time... But later, I felt the fetal movement of the child, so I couldn't bear to."

After that, all the conflicts, displeasure, and scars in her heart were soothed by Da Bao, Gun Gun, and Lu Heting.

Now, she could only rejoice in her decision back then and be filled with peace and happiness.

Lin Wenyu also smiled. "Actually, I'm looking forward to it too. When the time comes, can I come and ask you questions?"

From her words, she seemed to be certain that she was really pregnant.

It seemed that she really hoped to have the fruit of her love with Yuan Haoyang as soon as possible.

A moment later, the nurse came over to inform them that they could get the test results now.

Lin Wenyu didn't dare to reach out to take the report, afraid that she would be disappointed.

Su Bei took it for her and glanced at the results. She smiled and asked, "Doctor, the pregnant woman's condition is alright, right?"

Lin Wenyu's eyes lit up. Pregnant woman? If she was really pregnant, then there was nothing wrong with the test kit!

"She's doing well, but she just got pregnant not long ago. She needs to recuperate more. In the next few months, she needs to take folic acid supplements. She can't do any strenuous exercise either. As her husband, you have to pay more attention to your wife's condition and do your best," the doctor reminded.

Obviously, the doctor thought Su Bei was Lin Wenyu's husband.

Su Bei and Lin Wenyu couldn't help but laugh. The doctor thought that they were so happy because they found out that they were pregnant. He reminded them of many things and asked them to remember to undergo regular check-ups.

After coming out, Lin Wenyu held the examination report with a smile on her face.

"Then I'll send you home. Have a good rest when you get home," Su Bei said.

"Yes, yes."

Lin Wenyu thought about telling Yuan Haoyang about this surprise tonight.

Su Bei subconsciously held Lin Wenyu's arm carefully.

They got into the car together.

Not far away, a paparazzo was holding a camera and filming.

Seeing that Su Bei's figure was familiar, he subconsciously pressed the shutter to capture this scene.

...

Lin Wenyu was still living with the Lin family.

Yuan Haoyang had said that he would accompany her wherever she wanted to live, and she could not bear to leave her parents even after getting married.

The adjacent compound covered a wide area and had a relatively independent building. It was actually very convenient.

Lin Hancheng got someone to tidy the place up. Lin Wenyu and Yuan Haoyang lived here alone. Not only were they close to the Lin family, but they could also save Yuan Haoyang from the embarrassment of meeting them from time to time. It was very suitable.

After sending Lin Wenyu back, Su Bei stepped out.

...

The paparazzo had previously received news that if he saw Su Lu, he had to quickly take photos and hand them over to a certain big shot. The other party would pay a high price for the photos.

Therefore, he pressed the shutter without hesitation just now.

After taking the photos, he looked at them carefully for a while. He knew Su Lu. He was the former person in charge of Nirvana Entertainment. He had an ordinary appearance but outstanding ability. He was very respected in the entire entertainment industry.

However, he had never heard of Su Lu having any scandals.

Who was this woman beside him? What were they doing in a maternity hospital together?

The paparazzo took a closer look at the other person and was shocked. Wasn't that Yuan Haoyang's newlywed wife, Lin Wenyu?

Su Lu and Lin Wenyu were leaning against each other, looking abnormally intimate. They even came to the maternity hospital together!

What was going on?

No wonder someone wanted him to take photos of Su Lu! Something was indeed going on!

The paparazzo had previously taken photos of Yuan Haoyang, which they could have exchanged for a lot of money.

However, there were rumors in the industry that Lin Wenyu's status was unattainable and that she was not someone ordinary people could afford to offend.

The paparazzo naturally wouldn't lose his job for a small sum of money, so he didn't dare to use these photos he had just taken without permission. Instead, he handed them directly to his sponsor.

As for how the photos would be used, it was none of his business.

The paparazzo's first thought was that the sponsor was Sheng Tang Entertainment.

After all, no one in this industry was more willing to see Su Lu get embroiled in a scandal than the people from Sheng Tang Entertainment.

Chapter 1712 Cheating Just After Getting Married?

The person who got someone to spread the news about Su Lu was probably someone from Sheng Tang Entertainment.

The paparazzo immediately contacted Han Xu and asked if he wanted the photos.

Han Xu agreed and bought the photos.

When he saw the photos, he was quite surprised and immediately called Fu Yujia.

!!

...

At this moment, Fu Yujia was having afternoon tea with Lu Yaolan.

The two of them chatted from time to time, and the atmosphere was harmonious.

"Aunt Yaolan, I have to take this call." Fu Yujia reached out and picked up her phone.

Han Xu's voice sounded. "Miss Fu, a paparazzo took photos of Su Lu. He and Lin Wenyu are involved in a scandal together."

"Oh?" Fu Yujia was very interested. She had spread the news to the paparazzi so that they would take photos of Su Lu whenever they saw him. Was there finally news now?

She smiled. "What's the situation?"

"The two of them appeared in a maternity hospital together. They held hands very intimately. Lin Wenyu even disguised herself," Han Xu said.

Han Xu had a neutral standpoint about Su Lu, but he was Fu Yujia's subordinate, so he naturally had to do his job well and serve Fu Yujia.

Fu Yujia smiled smugly. "Really? How did these two get together?"

"I'm not too sure about that. I'll send you the photos first."

"Okay." Fu Yujia's face lit up when she received the photos.

Su Lu had caused her big losses again and again.

Even though she had already quit Sheng Tang Entertainment, Su Lu did not stop there. He found Han Xu and forcibly bought half of Bloody World.

Fu Yujia's lifelong failure was all because of Su Lu.

It was rare for Su Lu to suffer a setback.

Lu Yaolan smiled and asked, "What are you so happy about?"

"Aunt Yaolan, look." Fu Yujia did not hide the news from her and showed her the photos.

In the photos, the two of them were quite intimate, especially Su Lu. He seemed to be supporting Lin Wenyu while Lin Wenyu leaned against him weakly.

The photos were in high definition too. After zooming in, one could vaguely see the test report in Su Lu's hand. It looked like a pregnancy test report.

"Aunt Yaolan, can you tell? This woman is Lin Wenyu."

Lu Yaolan could tell as she had attended Lin Wenyu's wedding. However, Lin Wenyu had long hair, while the figure in the photos had short hair.

If the photos were blurry, it would indeed be difficult to distinguish.

However, the paparazzo used a high-definition camera. He was originally going to wait for a top star who would be going for a prenatal check-up, so he chose an excellent geographical location. The lighting was very good where he was too. But before he could take a photo of the top star, he found a chance to take photos of Lin Wenyu first.

In the photo, Lin Wenyu's original facial features could still be seen.

Su Bei didn't want to do anything to Lin Wenyu's facial features as she might be pregnant.

Everything was clear. Everyone would have the same assumptions no matter how they looked at the photos.

"Lin Wenyu cheated on her husband when she just got married?" Lu Yaolan sneered.

"I think it's all because of Su Lu's glib tongue. Lin Wenyu has a good upbringing, so she definitely wouldn't do anything rash. However, Su Lu has many tricks up his sleeve," Fu Yujia said.

Subconsciously, she was afraid of the Lin family's identity and did not dare to offend Lin Wenyu.

This also made her very worried. She naturally did not dare to release these photos casually. The consequences of offending the Lin family could not be offset by the feeling of stepping on Su Lu.

Who knew if Lin Hancheng would protect his daughter and refuse to acknowledge this matter? What if he chose to take his anger out on her and the paparazzo?

Lu Yaolan was also worried. It would not be good to offend the Lin family.

However, Su Lu's actions had to be punished!

She immediately thought of Old Master Lu. "I'll get my father to step in and deal with Su Lu!"

"Is that okay?"

"Why not?" Lu Yaolan said. "Su Lu has a good relationship with Weijian. Should we watch her go astray and even lead Weijian astray?"

Fu Yujia was secretly happy. "Then I'll go to that hospital to check what kind of examination Lin Wenyu did."

Although Lu Yaolan and Fu Yujia did not want to offend the Lin family, they both wanted to attack Su Lu.

Therefore, they still released some news.

The news quickly spread within Nirvana Entertainment.

"Have you heard? President Su hooked up with a married woman and got her pregnant. Now, her husband is looking for trouble with him."

"When did this happen? President Su doesn't look like that kind of person!"

"You can't judge a book by its cover! Who can say for sure? Besides, I heard that the woman's family is very powerful. President Su is in big trouble this time."

"Oh my God, did President Su leave Nirvana Entertainment because of this scandal?"

"I'm not sure about that, but it's confirmed that he interfered in someone else's family and got the woman pregnant!"

"Sigh, it's a pity. I always thought that President Su had a good character and didn't have those wild thoughts like other men. Who knew that he was such a person deep down?"

"I still don't believe it."

"But what I heard is true. He hasn't shown up for so long, and there's no news about him either. I heard that he's hiding from this matter."

"Could it be that President Su has slept with artistes from Nirvana Entertainment before? His character is really too corrupt."

"It's hard to say. Anyway, if he didn't make a mistake, he wouldn't have left Nirvana Entertainment, right? Someone must have something on him!"

A few employees of Nirvana Entertainment gathered around to discuss. The two people who were insisting that Su Lu had made a mistake were Lu Yaolan's current trusted aides. They were recruited into the company after she came. When they gossiped about Su Lu, they naturally did their best to smear his reputation.

Xiao Ling rushed over and shouted, "Don't you guys have anything to do? Are you that bored?"

She had been working for a long time and was experienced in matters like this. When everyone heard her scolding them, they quickly dispersed to do their work.

"I'm telling you, President Su isn't that kind of person! Stop stirring up trouble, or be careful as you might just receive a lawyer's letter!"

Xiao Ling's words had a certain effect. Besides, Nirvana Entertainment was loyal to Su Lu to begin with, so these discussions were suppressed.

However, rumors still spread. It was just that they were done on the down low.

They would not stop until they ruined Su Lu's reputation.

Yue Ze and Xu Zhiqin knew Su Lu's identity very well. They could not help but have a headache over these rumors.

They were sure that Lu Yaolan was the person behind the spread of the rumors, but they had no evidence at the moment. They could only tell their subordinates not to believe the rumors and work in peace.

...

Lu Yaolan quickly told Old Master Lu about this.

"Are you serious?" Old Master Lu was shocked.

"These are the photos, Dad." Lu Yaolan showed the photos to Old Master Lu.

The intimate position in the photos was very telling.

Chapter 1713 How Immoral! My Heart Is Shattered!

Lu Yaolan also attached the pregnancy test report that Fu Yujia had gotten after investigating and the surveillance footage from the hospital. It made the two of them look even more intimate. It did not look like they had an ordinary relationship at all.

Old Master Lu slammed the table. "How immoral! How dare Su Lu do such a thing?!"

"Dad, calm down first. After all, this matter concerns the Lin family, and Su Lu is on good terms with Weijian. It's fine if the photos are in our hands, but I'm just afraid that others will use the photos to ruin our relationship with the Lin family," Lu Yaolan said.

Old Master Lu was indeed a little worried.

It would be bad if Lu Weijian and the Lu family were implicated.

It seemed that Su Lu was not a good person either. He had to cut ties with him as soon as possible.

“Dad, how about this? You can meet Su Lu and talk to him. At the same time, you can also announce to the public that Lu Group won’t hire him anymore. This way, even if more people see the photos, the Lin family won’t be able to find trouble with us in the future.”

Although Old Master Lu felt that this move was a little cruel to Su Lu, he had gotten Lin Wenyu pregnant, after all. This crime was unforgivable.

If the old master wanted to cut ties, he naturally had to cut them clean!

He said to the butler, “Call Su Lu and ask her to come over!”

He had to teach such a young man a lesson!

After receiving the butler’s call, Su Bei was caught off guard and used her real voice, almost exposing herself.

“Is this Mr. Su?” Fortunately, Su Bei reacted after just one word, so the butler was not too puzzled.

“It’s me.”

“Old Master Lu invites you to the Lu family’s mansion. He has something to tell you.”

Su Bei was a little puzzled. What else was there to say?

She had already thanked him for what he said the last time. She had already talked to him about all there was.

Could it be that Nirvana Entertainment still needed her?

Concealing the doubts in her heart, Su Bei replied, “I’ll come at the agreed time.”

After hanging up, she called Lin Wenyu. “Wenyu, you asked me to shop with you, but I might be late.”

“Then go ahead with your work. I’ll wait for you. I brought a driver today. Just tell me the location and I’ll pick you up.”

Su Bei smiled. “You can’t wait to shop?”

“Of course. What if the baby is born and doesn’t have any clothes to wear? I also have to get some trinkets, school bags, and so on. I have to prepare them early. Besides, I have to prepare them myself!”

Su Bei laughed. “Okay, you go first. I’ll meet you there.”

...

In the Lu family’s mansion...

Dressed in men’s clothes, Su Bei sat on the huge sofa.

The layout and decoration of the entire living room were very traditional.

When the atmosphere became a little tense, it gave people heavy psychological pressure.

Old Master Lu's expression was extremely dark. It was completely different from the last time they met.

Su Bei took the tea from the butler and put it aside, wondering what was wrong.

Could it be that Old Master Lu knew that she disguised herself in men's clothes to deceive others?

No, it couldn't be said that she was deceiving others. She disguised herself as a man just to avoid trouble. She made sure to keep a low profile and made herself look very ugly. How could this count as deception?

In a place like the entertainment industry where beautiful men were everywhere, his identity as Su Lu seemed even more insignificant.

Only Xiao Ling had confessed to him.

Su Bei's actions could not be considered a lie.

Old Master Lu was well-versed in interrogation. He slowly drank his tea and gave Su Bei enough pressure until the atmosphere froze to its peak.

He slowly put down his teacup and asked, "What's your relationship with Lin Wenyu?"

"We're friends," Su Bei asked carefully.

What did this have to do with Lin Wenyu?

Old Master Lu felt that this man was dishonest. He had already been photographed, but he still gave such an answer.

Old Master Lu went straight to the point and questioned, "Are you the kind of friends who go for a prenatal check-up together while holding hands?"

Su Bei knew that someone had taken a photo of her accompanying Lin Wenyu to the prenatal check-up.

At that time, Lin Wenyu might be pregnant, so she didn't dare to put on more makeup on her. When leaving the hospital, both of them were too happy about the good news, so they didn't practice restraint. They were indeed a little intimate and bold.

She didn't know who dared to use these photos to manipulate Old Master Lu.

The person holding the photos didn't dare to offend the Lin family, so they didn't release the photos directly.

Otherwise, who knew how much trouble it would bring to Lin Wenyu?

Thinking of this, Su Bei's gaze turned cold. "So what do you want to say, Old Master Lu?"

"You have outstanding ability and a bright future. Why ruin your future and life just because of a romantic relationship?" Old Master Lu said earnestly on account that Su Lu was Lu Weijian's friend and had contributed to Nirvana Entertainment.

Seeing that Su Lu only lowered his head with a faint smile, he emphasized, "If you fix your behavior, I'll pretend that this never happened. I'll deal with the chaos and rumors outside. I'll also destroy these photos! I won't let the Lin family find out!"

"What do you mean by fixing my behavior?" Su Bei really found it funny. Just who was the person digging their own grave?

In the past, she was in Nirvana Entertainment for so long, but no one had ever taken a photo of her. What a coincidence this was!

"Leave Lin Wenyu and don't see her again," Old Master Lu said.

Su Bei smiled. "What if I don't agree to that?"

Old Master Lu said angrily, "Then you're really great! Let's see if the Lin family will break your legs! Who do you think you are to compete with the Lin family?!"

Su Bei smiled faintly. It seemed that the person who took the photos wanted to target her so that she would be scolded and criticized.

Fortunately, the woman Su Bei was captured with was Lin Wenyu. Otherwise, she would definitely become the target of public criticism on the internet, right?

Old Master Lu calmed down and said, "President Su, you're very capable. Our Lu family is a big family with a lot of employees. We have at least a few million people under us. We don't want to offend a family like the Lin family. There are too many implications. Whether you fix your behavior or not, I've already said my piece. It's up to you what your future holds.

"To the public, I'll say that you embezzled the assets of Nirvana Entertainment, which was why you were chased away by the Lu family. You'll never be hired by the Lu family again. The Lu family will completely cut ties with you. This is your mistake, so you should bear it. As for you, I'll give you a sum of money. Take it and go to another company. I believe that with your ability, you'll develop better in the future."

Old Master Lu had done his best for Su Lu.

If it weren't for how he handled Xiao Ming's and Lil' Hua's matters, he wouldn't have seen him and tried his best to persuade him. He would only get his subordinates to send him away with money.

Chapter 1714 Any Opinions?

Su Bei wanted to laugh. "Give me money? I embezzled the company assets of Nirvana Entertainment?"

It seemed that there was nothing wrong with the Lu family wanting to cut ties with her.

However, she had to bear the groundless crime just because of a few photos.

She looked at Lu Yaolan.

Lu Yaolan looked back at Su Bei without any guilt and smiled. "President Su, my father has made it very clear. The matter between you and Lin Wenyu is very serious. It's so serious that you might not be able to bear the consequences at all. My father has pointed out a bright path for you."

Su Bei hid the gloom in her eyes and said, "Why do you think that I'm having an affair with Lin Wenyu?"

Lu Yaolan smiled and said, "Aren't the photos enough proof? What position do you have to accompany Lin Wenyu for a prenatal check-up? Does the Lin family know about this? What about Yuan Haoyang?"

"Do you believe in these photos that were taken from a deliberate angle?"

"President Su, whether we believe the photos or not isn't the most important thing. Think about it. What will the outside world say when they see the photos? I believe you don't want Lin Wenyu to be put in a difficult position either." Lu Yaolan smiled and continued to persuade Su Bei, "If it's not for the fact that my father cherishes your talent, he would've exposed you long ago! You should weigh the pros and cons."

Old Master Lu waved his hand, and the butler handed over a check.

As long as Su Lu agreed to leave Lin Wenyu, admitted that he had embezzled Nirvana Entertainment's assets, and cut ties with the Lu family, this check would be his.

This huge check made the choice simple.

If Su Lu was really someone who had done these things, he would probably agree to the choice in front of him without hesitation, even if he had to bear a little stigma.

However, Su Bei did not agree. Why would she betray herself and bear the infamy?

She was about to speak when her phone rang. It was Lin Wenyu.

She picked it up. "Wenyu."

Old Master Lu and Lu Yaolan looked at her deeply.

Did he still want to quibble? He used a gentle tone and displayed an intimate attitude. It made some things self-evident.

"Where should we meet up? I'll pick you up with the driver," Lin Wenyu asked.

"I have something going on, so I won't be going over. Enjoy your shopping spree and take care of yourself."

"What happened?" Lin Wenyu sensed Su Bei's depressed tone.

When Lu Yaolan heard that Su Bei and Lin Wenyu were in constant contact, she couldn't help but say sternly, "Su Lu, are you not going to admit it? Are you going to insist on stubbornly taking your path?"

Lin Wenyu heard a voice on the other end of the line and said, "Are you in the Lu family? What's the matter? Tell me and I'll come over!"

Lin Wenyu had a hunch that the matter might be related to her and immediately asked.

"I'll tell you on WeChat." Su Bei hung up and briefly explained the matter to Lin Wenyu on WeChat. She even sent her the photos.

Lin Wenyu was so angry that she laughed. [Just wait. I'll personally come and tell them the details!]

[But I don't want to expose my identity in front of them now.] Su Bei originally felt that there was no need for her to hide her identity from Old Master Lu.

However, it seemed that the person who was causing trouble was her new aunt.

With Su Lu's identity, she could see through many things. How could she easily take out this trump card?

Lin Wenyu smiled. [I still have a way to handle this.]

Su Bei put down her phone and said, "Old Master Lu, Lin Wenyu will be coming here personally. You can listen to her explanation."

Old Master Lu was slightly stunned. However, since Lin Wenyu was coming, as an elder, he could naturally reproach her.

Lu Yaolan smiled. How could Lin Wenyu clarify their relationship?

20 minutes passed.

The butler welcomed Lin Wenyu in.

She walked slowly with a smile on her face. As soon as she entered, she greeted, "Hello, Grandpa Lu and Aunt Lu."

Although the two families had never interacted much, they were both on the same level. Lin Wenyu greeted them openly.

"Wenyu, come sit." Lu Yaolan stood up to welcome her.

Old Master Lu's expression became kinder.

"Grandpa Lu, what are you doing with Su Lu here?" Lin Wenyu asked.

Old Master Lu found it difficult to say it in front of a young woman like her.

His face darkened slightly. "Someone took photos of you and Su Lu. If the outside world finds out about this, it'll really hurt your family's reputation. I'm reproaching Su Lu now."

"Oh, Grandpa Lu, what about our relationship?" Lin Wenyu asked.

Lu Yaolan coughed lightly. Were all young girls so bad these days?

How dare she deny it after being photographed?

Did she not know what she had done?

Old Master Lu said earnestly, "You young people have to consider your families' reputation when you do things."

Only then did Lu Yaolan take out her phone and say, "Take a look at these photos."

Lin Wenyu looked at the photos and couldn't help but cover her mouth and laugh. "I was wondering what this was about. So it's about this."

Old Master Lu did not know what to say.

Lu Yaolan asked, "Wenyu, do you really think this is fine?"

"What's the problem? Aunt Lu, you might not know this yet, but Su Lu is my distant cousin. It's naturally reasonable for us to have a good relationship," Lin Wenyu said.

"What?" Lu Yaolan was in disbelief.

Of course, she had checked Su Lu's identity. He had nothing to do with the Lin family.

If Su Lu was a relative of the Lin family, would he be so unknown?

Old Master Lu had never heard of this either.

Su Bei couldn't help but laugh. It didn't seem wrong for Lin Wenyu to say that.

Weren't they cousins?

Lin Wenyu said in surprise, "Grandpa Lu and Aunt Lu, don't you know this? Su Lu is the child of my mother's distant cousin. Although they're quite distant relatives, Su Lu's mother and my parents have a good relationship. Therefore, my relationship with Su Lu is good. That day, my mother asked Su Lu to accompany me to the prenatal check-up. Su Lu was afraid that I would fall, so he supported me and took good care of me the entire time. Is there a problem with that?"

When she said that and looked at the photos again, the situation did seem completely different.

It made sense for her cousin to reach out and support her when she was pregnant.

They were not in an ancient society where men and women had to draw clear lines between themselves.

When they looked at the photos again, they saw that Su Lu was indeed supporting Lin Wenyu as she walked.

That made sense. Who would flirt in public and let themselves be photographed?

Old Master Lu's heart skipped a beat. He knew that he had wronged them.

However, Lu Yaolan felt that Lin Wenyu was too clever. Of course, Lin Wenyu's explanation could clarify the matter, but it was really too far-fetched.

"Aunt Lu, do you have any objections to my words?" Lin Wenyu asked with a smile, looking at Lu Yaolan alone.

Chapter 1715 I'll Make Their Family Suffer From Misfortune!

Of course, Lu Yaolan would not offend Lin Wenyu on the surface. She could only smile and say, "I saw these photos by accident. I was afraid that they would arouse the imagination of the outside world, so I looked for Su Lu to clarify things. I thought that if word got out, it would be bad for everyone."

Lin Wenyu smiled. "Aunt Lu, you're quite concerned about me."

"We're friends, after all." Lu Yaolan's tone softened.

“Grandpa, Aunt Lu, if you still don’t understand anything, you can call my parents and ask,” Lin Wenyu said. “This way, my reputation won’t be damaged when I go out in the future.”

She said it so firmly. How could Old Master Lu not believe her?

Even if Lu Yaolan did not believe her, she had to.

Actually, Lin Hancheng and Qin Zufang did not know Su Lu’s true identity at all.

However, Lin Wenyu was confident that no matter what happened, her parents would stand on her side. They would only express their opinion after understanding the truth.

Besides, Old Master Lu would not be able to bring himself to call her parents to verify this matter.

Lu Yaolan would not dare to verify it either.

Before Lin Wenyu came, she was thinking about Su Bei’s predicament, so she had already thought about the cause and effect of the matter.

Lu Yaolan was a little embarrassed. She hid it with a smile. “Wenyu, we were just being paranoid. Why don’t you stay for dinner? Su Lu, you too.”

Thinking that Su Lu was also a distant relative of the Lin family and she had almost offended the wrong person, Lu Yaolan urged him to stay.

“That’s alright. My mother asked Su Lu to accompany me to buy some baby products.” Lin Wenyu smiled and said, “I’ll come visit again next time.”

Before Lin Wenyu was about to leave, she suddenly thought of something and said, “Aunt Lu, you did it for my own good, so I appreciate your kindness. However, if someone else wants to slander me, it’ll be a big deal. I don’t know who that person is, but they’re saying such inappropriate things about me in front of my elders. They shouldn’t let me find out who they are. If they dare to ruin my marriage, I’ll make their family suffer from misfortune!”

When Lu Yaolan heard this, she gasped and restrained herself from saying anything.

Obviously, these words carried some weight. Lin Wenyu was not as easy to fool as she seemed.

Su Bei stood up, said goodbye to Old Master Lu, and went out with Lin Wenyu.

Old Master Lu was deep in thought. Although the matter had been resolved contrary to his expectations, since the truth was better than what he initially thought, it did not matter.

Only Lu Yaolan revealed a displeased look.

Su Lu was actually a distant relative of the Lin family!

Initially, she wanted to use this matter to completely sweep away Su Lu’s prestige in Nirvana Entertainment. Who knew that her plan would still fail?!

...

When Fu Yujia heard this result, she said in surprise, “So Su Lu is a distant relative of the Lin family.”

Lu Yaolan said, "That's right. My father originally planned to cut ties with him and let him bear the infamy. Who knew..."

"But I didn't see him attend Lin Wenyu's wedding. He seems to be a really distant relative," Fu Yujia said.

Lu Yaolan thought about it and felt that it was a little forced to call Su Lu a distant relative of the Lin family.

If Su Lu was really a distant relative of the Lin family, why would he work in a small company under the Lu family?

Since he had a good relationship with Lin Wenyu and was recognized by Lin Hancheng and Qin Zufang, how could he not have attended Lin Wenyu's wedding? She felt that there was a big loophole.

"We'll know if it's true after verifying it," Fu Yujia said. "We can send the photos to Yuan Haoyang anonymously to test it out."

Yuan Haoyang was a man, so he was naturally much more vigilant about such things.

Moreover, although Yuan Haoyang's status was not as high as the Lin family's, he was not a pushover.

Lu Yaolan's idea was not bad.

...

Lin Wenyu and Su Bei got into the car. She said, "The Lu family is really a little too much. They actually wanted to make you admit that you embezzled from Nirvana Entertainment to cut ties with you?"

"This method sounds like it was suggested by Lu Yaolan," Su Bei said calmly as she thought about the cause and effect of the matter.

"She recently took over Nirvana Entertainment. Most of the people in the company are familiar with me. Perhaps her words and actions during this time have embarrassed her. She can't wait to pick on my mistakes to attack me and establish her authority."

"Mr. Weijian is an honest person. How could he have such a mother?" Lin Wenyu looked down on Lu Yaolan.

Su Bei smiled and said, "You're already pregnant. Don't think about these things. Think about what you want to buy. Also, I won't dare to support you later."

Lin Wenyu giggled. "Don't be afraid. I'm familiar with this mall. It's owned by my cousin. She said that she would clear the mall for me for two hours. I couldn't reject her kindness, so I agreed. The next time I come out to shop, it won't be so grand. I'll definitely disguise myself then."

Hearing that they had already cleared the area, Su Bei was relieved.

Otherwise, it would be a little annoying to be used by someone like Lu Yaolan.

She and Lin Wenyu got out of the car and quickly entered the mall.

...

Ever since Yuan Haoyang took over the company, he had more things to do than before.

Fortunately, the people around him were very supportive. The development of Butterfly Media was quickly on the right track, and he was also good at what he did.

He was in a meeting when he received the photos.

His eyebrows twitched as he stood up.

In the photos, Su Lu was carefully helping Lin Wenyu out of the hospital.

Lin Wenyu's pregnancy had given him a huge surprise. He was still immersed in the joy of having a child.

However, he had never accompanied Lin Wenyu to the hospital before. Had Su Lu accompanied her before?

Yuan Haoyang had always known that Lin Wenyu and Su Bei were familiar with each other. They were cousins, but he had no idea that Su Bei was Su Lu.

Seeing the intimate actions of the two people in the photo, his heart was filled with jealousy.

"President Yuan! Everyone is still waiting for you to conduct the meeting," Ah Guo reminded him softly.

He also changed the way he addressed him from 'Brother Yang' to 'President Yuan'.

Without saying a word, Yuan Haoyang walked out quickly with his phone.

He staggered a little. The feeling of jealousy was especially uncomfortable.

He had never seen Lin Wenyu with another man before. She was so relaxed, and her smile was so natural.

The question in his heart lingered. He knew that he should believe her, but his eyes turned red.

Seeing Yuan Haoyang run out in a daze, Ah Guo was shocked and hurriedly dismissed the meeting. He did not know what had happened and quickly asked in the WeChat group.

The WeChat group was still the same as before, but everyone's positions were different now.

Ah Guo asked: [What's wrong with Brother Yang? Does anyone know?]

Chapter 1716 Must Expose His Trick

Everyone expressed that they did not know.

Ah Guo said in surprise: [Could it be that there's something wrong with the baby in Sister-in-law's stomach?]

Hearing this, everyone became nervous.

After knowing that Lin Wenyu was pregnant, Yuan Haoyang was extremely happy and nervous. If there was really something wrong with the child in Lin Wenyu's stomach...

!!

They did not dare to think about it.

...

Yuan Haoyang drove out and called Lin Wenyu's driver.

After she got pregnant, the Lin family did not allow her to drive by herself. They asked her to be picked up by a driver no matter where she went.

"Where's Wenyu?"

The driver had never dared to meddle or ask about Lin Wenyu. As for Su Lu, he only knew a little about him.

When Yuan Haoyang asked him about it, he honestly told him about Lin Wenyu's whereabouts.

"Is she alone?"

"No, no. He's with Su Lu." The driver felt the murderous aura on the other end of the line and suddenly felt a little frightened.

Only then did he remember that Lin Wenyu and Su Lu were indeed a little too close.

However, it didn't seem like there was anything going on between them.

The driver had been driving for Lin Wenyu for many years and knew that she never did anything bad.

Yuan Haoyang hung up the phone. The driver was so nervous that his toes were scratching the ground. He quickly called Lin Wenyu.

Unfortunately, Lin Wenyu didn't pick up.

She really didn't hear her phone ringing at this moment. Her phone was on silent mode, and she wanted to focus on shopping. She had browsed through countless things along the way.

She had always dressed simply and lived a simple life. She had never been extravagant in spending money. On the contrary, she was exceptionally frugal.

Her friends and colleagues did not know her family background before this.

When she was browsing for clothes for the baby in her stomach, she did not show any mercy.

"This looks so good too. What should I do? Place the order! I'll take it" Lin Wenyu only hesitated for a second before placing the order without hesitation.

"Eldest Miss, please take a look at the clothes you're buying! They're for children aged six to seven!" Su Bei said with a laugh.

As a mother, Lin Wenyu was buying whatever looked good. It didn't matter if the child could wear it or not.

"Then the child will wear it when they're at that age."

"They'll be outdated by then!" Su Bei smiled.

Lin Wenyu immediately felt conflicted. "Then I'll give the boy's clothes to Da Bao and Gun Gun. As for the girl's clothes, I'll think about whether I have friends and colleagues who have daughters..."

Su Bei felt that Lin Wenyu was crazy.

However, mothers were like this. They thought that everything was useful and wished they could buy everything that their child could use until they were 18 years old.

She shopped for two hours without rest. She gave the mall her address and waited for the delivery.

Su Bei ordered hot milk for her before walking out of the mall with her to the underground parking lot.

Recently, Lin Wenyu had been forced to drink hot milk every day. She had already developed psychological trauma from drinking it. After drinking a few mouthfuls, she didn't want to drink anymore and stuffed the cup into Su Bei's hands. "Bei Bei, help me drink a few mouthfuls. I really can't drink anymore. Or give me a sip of your Coke..."

"You wish." Su Bei gave the cup of milk back to her. "Drink it on your own."

"Just one sip of your Coke!" Lin Wenyu insisted on taking a sip from Su Bei's bottle.

Su Bei was afraid that Lin Wenyu would hurt her stomach, so she held the bottle and only gave her a small sip.

Although the two of them were not doing anything too intimate, the small actions between these two women did look very close.

Of course, if one knew their identities, one wouldn't think much of it. If one didn't, one would be worried.

The driver was worried. When he heard Yuan Haoyang's tone just now, he felt that something was wrong.

However, Lin Wenyu did not answer the phone, and he was already a little anxious from waiting. When he saw her, he immediately said, "Eldest Miss..."

"Wenyu!"

At the same time, Yuan Haoyang arrived. His voice came from a corner in the distance.

He had been here for a while, thinking about the authenticity of the photos.

Unfortunately, Lin Wenyu didn't pick up his calls.

He saw Lin Wenyu and Su Bei walking over, and he saw all their intimate actions.

His eyes were already red due to the blood vessels.

Jealousy overwhelmed him, making him want to destroy something.

But looking at Lin Wenyu's face, he couldn't blame her at all. In fact, he was afraid that he would hurt her.

"Haoyang!" Lin Wenyu walked happily toward him and hugged him. "You got off work so early today?"

“I’m here to pick you up.” His voice was muffled, but when he was with her, he had no principles. However, when he looked at Su Bei, his gaze was like an arrow that wanted to pierce her.

How could Su Bei not understand his gaze?

She already had a feeling that Yuan Haoyang had probably received the photos.

It seemed that someone still didn’t believe that Su Lu was Lin Wenyu’s ‘cousin’.

Lin Wenyu also sensed that Yuan Haoyang’s aura was different from before.

She let go of Yuan Haoyang and asked softly, “What’s wrong, Haoyang?”

“Your husband might want to see me perform a magic trick for him.” Su Bei smiled and winked at Lin Wenyu.

Seeing that he was frivolous and flirted with Lin Wenyu openly, Yuan Haoyang was so angry that his Adam’s apple bobbed. If not for Lin Wenyu’s pregnancy, he would have acted up long ago.

“Mr. Yuan, may I borrow your car?” Su Bei smiled and got into his car.

Yuan Haoyang really hated Su Lu. He didn’t expect that this ordinary-looking person would be so frivolous. He casually flirted with women, causing them harm!

Of course, he believed that Lin Wenyu would not do such a thing. However, it was hard to guarantee that other women would not be tempted.

He wanted to see what else Su Lu could do!

Today, he must expose his trick!

He wanted Lin Wenyu to see Su Lu’s true colors!

When Lin Wenyu saw Su Bei get into the car, she finally realized what was going on. It was mainly because she was already used to interacting with Su Bei. Whether Su Bei was in men’s or women’s clothes, Lin Wenyu was completely used to it.

Hence, she didn’t care what outsiders thought.

Now, she realized that Yuan Haoyang was furious when he came just now. The corners of his eyes were red.

Realizing something, she whispered, “Someone told you I was with Su Lu?”

“No, it’s nothing,” Yuan Haoyang said softly. “You’re pregnant now, so your emotions must be fluctuating. It’s my fault for not spending enough time with you.”

Lin Wenyu burst out laughing. “Silly guy! Get in the car!”

Yuan Haoyang did not want to be in the same narrow space as someone like Su Lu.

However, with Lin Wenyu around, he would endure it.

Seeing that he was enduring it hard, Lin Wenyu found it funny and heartbreaking. She stood on her tiptoes and kissed him on the chin.

Chapter 1717 Fists Are Itching

Yuan Haoyang said, "I'll talk to him for a while. I'll let you get in the car later. Wait for two minutes."

Lin Wenyu nodded.

Yuan Haoyang's fists were already restless, and he was about to curse.

He opened the car door and was stunned by what he saw!

!!

The person sitting in his car was Su Bei, who had always had a good relationship with Lin Wenyu!

So... Su Lu and Su Bei were the same person?

Yuan Haoyang was stunned.

Lin Wenyu smiled and asked, "What are you looking at? Why are you in a daze?"

"N-Nothing." Yuan Haoyang scratched his head awkwardly.

He had indeed believed that Lin Wenyu wouldn't do anything. Now, he knew how silly his previous anger was.

Lin Wenyu smiled and said, "Su Bei was helping Mr. Weijian manage Nirvana Entertainment, so it was more convenient for her to wear men's clothes. It's my fault. I never mentioned it to you and never took it seriously."

Yuan Haoyang touched the tip of his nose. "Yes, it's good for her to spend more time with you."

"You don't have anything that you have to say to her alone now, right?"

"No." Yuan Haoyang let Lin Wenyu into the car first.

The anger in his body had completely calmed down at this moment, and his eyes were filled with joy.

Lin Wenyu asked, "Did you receive those photos?"

"Yes." Yuan Haoyang took out his phone and showed the photos to her. "How did you know?"

"Su Bei and I were photographed before. Someone even used the excuse that Su Bei seduced me to mess with her," Lin Wenyu said. "I should have told you about this earlier. Then you wouldn't have misunderstood."

Yuan Haoyang lowered his head and held her hand. "No, I should communicate with you more. But who's the one behind this?"

Su Bei said, "You should accompany Wenyu and take good care of the baby. The other party's target is me, not you. You don't have to interfere."

"Then let me know if you need help." Yuan Haoyang nodded.

Yuan Haoyang picked up Lin Wenyu and went back. Ah Guo called him. "Brother Yang, is Sister-in-law okay?"

"It's nothing. Everything is fine." Yuan Haoyang's voice was gentle and clear.

Ah Guo was finally relieved. After putting down the phone, he said in the group chat: [It's probably because Sister-in-law was feeling unwell, which was why Brother Yang rushed over. Now that the danger alarm has been lifted, there's no problem!]

Everyone heaved a sigh of relief.

...

In the Lu family's mansion...

When Lu Weijian rushed back, he was furious.

Upon reaching the living room and seeing Lu Yaolan, his tone was especially unkind. "Who's looking for trouble with Su Lu?"

"Don't you have any manners? Why are you shouting in front of the elders?" Old Master Lu's face darkened.

"Grandpa, what did we all agree on when we asked Su Lu to return Nirvana Entertainment? We agreed that everything would go as usual, but the Lu family went to cause trouble for Su Lu! What did Su Lu do wrong?"

Lu Yaolan immediately said, "Weijian, it's my fault. I shouldn't have believed the rumors outside and asked Su Lu about the situation. But it was a matter of great importance. I didn't want to see Su Lu go astray."

Lu Weijian glared at her. "So you wanted to squeeze him dry?"

"Is your mother such a person?" Old Master Lu said. "If she really wanted to squeeze Su Lu dry, your mother wouldn't have gotten someone to buy all those photos. She's worried about causing unnecessary trouble and disputes! Your mother is doing this for your own good and Su Lu's."

Lu Weijian fell silent.

Lu Yaolan hurriedly said, "Dad, don't scold Weijian anymore. At the end of the day, I was indeed too gullible at the beginning, which caused some misunderstandings. Fortunately, Wenyu clarified that Su Lu is her cousin. Let's leave this matter at that."

Lu Weijian had already heard from Lin Wenyu about this matter. He was not surprised by the cover they came up with.

Seeing that Lu Yaolan did not do it on purpose, he forced himself to say, "If anything else happens in the future, investigate it carefully before doing something. Don't cause trouble for Su Lu."

Seeing that he was so protective of Su Lu, Lu Yaolan finally understood why Su Lu could be so domineering in Nirvana Entertainment. Even though Su Lu had left, he was still affecting the management of the company.

“Yes, I’ll definitely investigate it thoroughly in the future.” Lu Yaolan comforted her son gently. “You haven’t eaten yet, right? Sit down. I’ll go to the kitchen to get you something to eat. I cooked it myself.”

Lu Weijian was finally appeased and went to Nirvana Entertainment.

He called everyone over and said, “Don’t gossip too much about Su Lu! How could you spread rumors without any credibility?”

“Usually, you’re the ones who scold the entertainment reporters and paparazzi the most. Now, you’re the ones who are spreading rumors. Do you think it makes sense?”

“If I hear these words again, don’t blame me for being heartless!”

Everyone knew that this young master was usually playful, but at critical moments, he was not someone to be trifled with.

All of them immediately responded.

Moreover, Su Lu’s matter was only casually spread internally. There was no news about it in the outside world, and most people did not believe it.

It was only a matter of time before the rumors would disappear.

...

Fu Yujia had asked someone to send the photos to Yuan Haoyang anonymously.

However, nothing happened.

She had heard that Yuan Haoyang was in a bad mood and ran out before his meeting ended.

However, when he returned, it was as if nothing had happened. He doted on Lin Wenyu even more.

After that, everything was peaceful and nothing else happened.

Lu Yaolan said, “Could it be that Yuan Haoyang is very tolerant and is willing to do anything for the Lin family’s wealth?”

“That doesn’t seem like it.” Fu Yujia knew Yuan Haoyang quite well. They had worked together before, so she knew Yuan Haoyang was not that kind of person.

With his personality, he would even retaliate against Lu Group if he was unhappy. Previously, this personality of his had given his manager a headache.

There was no reason for him to swallow his anger for the sake of Lin Wenyu’s family business.

There was a high chance that it was really as Lin Wenyu had said. Su Lu was a distant cousin of the Lin family. Yuan Haoyang knew this, so he did not take this matter seriously.

Lu Yaolan said, “Su Lu is really lucky.”

He could even avoid such a thing.

They could not do anything else for the time being. Lu Yaolan did not want to fight Lu Weijian head-on.

...

Su Bei checked the photos and naturally found out about Lu Yaolan.

However, this matter did not cause much of an impact. It was true that the outside world did not know that she was hiding her identity. Even though she knew about Lu Yaolan's involvement now, she could only put the matter aside for the time being.

Lu Weijian came to her neighborhood and bought a large pile of snacks and several durians.

"Sister-in-law, my mother did something wrong. I'm here to apologize on her behalf."

Chapter 1718 It's Better To Be Prepared

Lu Weijian said sincerely, "I didn't expect her to get someone to take photos of you and complain to Grandpa."

"Forget it. It's nothing serious." Su Bei happily took the snacks and durians.

Seeing that she was magnanimous, Lu Weijian quickly said, "I'll help you peel the durian!"

What he was most afraid of was this matter planting a thorn in Su Bei's heart.

All these years, he admired his brother and acknowledged Han Qingwan as his mother. His feelings for Lu Yaolan were really mediocre.

What he did not want to lose was self-evident.

"When's Big Brother free? Let's have dinner together."

"I might not be able to make it. I have to go to the United States in a few days."

Lu Weijian hurriedly asked, "Why are you going? How long will you be gone? When will you be back?"

"I'm visiting my family. I don't know how long it'll take. I might stay a little longer."

...

After all, this was the first time she had gone back to the He family in so many years.

It would be her first time seeing her grandparents. She might really have to stay for a while.

"Oh." Lu Weijian was a little unhappy. "Is my brother going?"

"He might only go for a few days. It's mainly because he's busy."

Lu Weijian said, "Okay, I'll help you keep an eye on him when he's here. I promise I won't let him make any mistakes!"

"What mistake?" Lu Heting pushed the door open and walked in.

Lu Weijian hurriedly stood up straight. "No, who would make a mistake? Brother, you're back?"

He admitted defeat too quickly!

Lu Heting raised his eyebrows at him. "I thought you were going to make a mistake."

"No, no, no. Of course, I won't make any mistakes. If you don't believe me, ask my sister-in-law."

Su Bei smiled.

...

Lu Heting walked toward her and hooked his arm around her waist. He lowered his head and planted a peck on her lips before kissing her deeply.

Every time he touched her, he could not help but want more.

Time had passed, but his feelings for her did not fade in the slightest. Instead, they became stronger.

Lu Weijian hurriedly held his face with both hands. He couldn't bear to watch!

During dinner, they talked about returning to the United States. Lu Heting said apologetically, "I have some last-minute things to do recently, so I can't go back with you for the time being. I'll go over to visit Grandpa and Grandma after I'm done."

"Okay, go ahead with your work."

Gun Gun bit into the sweet and sour pork ribs and ate them in a few bites. He asked, "Are Brother Da Bao and I going?"

"Of course not." Su Bei smiled. "You still have to study. Have you forgotten?"

"But will Bei Bei be gone for a long time?" Gun Gun was reluctant.

"I won't be gone for long, but that's where my parents live. My grandparents are there too. I've never seen them before, so it'll take some time to go over and accompany them."

Gun Gun thought about it and said, "Don't worry. Brother Da Bao and I will listen to Daddy."

...

"Okay, be good." Su Bei rubbed his little head. "Gun Gun, please take good care of Daddy and Big Brother Da Bao."

"I will!" Gun Gun immediately puffed out his chest.

Da Bao was expressionless. Who needed this little boy to take care of them?

He picked up some food for Su Bei. "Take good care of yourself when you're away. Eat less spicy food and less ice. Remember to call home."

Lu Heting: "..."

He glanced sideways at Da Bao. His son had said the words he wanted to say.

Su Bei nodded heavily at Da Bao. "I will. Don't worry, Da Bao."

Lu Heting felt that Da Bao was a bigger threat to him.

...

Before going to the United States, He Xuyan went to see Xu Zhiqin's parents.

Mr. and Mrs. Xu came from an ordinary family and lived in an ordinary neighborhood.

...

Xu Zhiqin was actually a little worried that He Xuyan would not be used to it.

The closer they got to the neighborhood, the more worried she became.

"What are you worried about? Are you afraid that Uncle and Aunt won't like me?" He Xuyan asked with a smile.

"Of course, it's not that. It's just that I'm afraid it'll be inconvenient for you," Xu Zhiqin said honestly.

He Xuyan laughed. "Then do you think the place I used to live in is much better than your parents' place?"

"That's different." Xu Zhiqin used to think that he was just from an ordinary family, so he lived in that kind of place and drove a car that was only worth hundreds of thousands.

However, after interacting with him for a long time, she slowly learned that his background was extraordinary.

In particular, the background of the Lin and He families had a huge impact on her.

It would be strange if she still believed that He Xuyan was born into an ordinary family.

He Xuyan held her hand. "No matter how different it is, I've always lived such a life. Don't feel too pressured."

Xu Zhiqin felt safe being held by him.

...

Mr. and Mrs. Xu were already looking forward to their arrival.

Seeing He Xuyan, Mr. and Mrs. Xu immediately greeted him with a smile. "Is this Xuyan? Please come in! Please come in!"

Xu Zhiqin did not tell them about He Xuyan's true net worth. She had only mentioned He Xuyan's identity as a director to them.

Mr. Xu smiled and said, "Xuyan, I've watched all your movies. I watch them again every month. They're really well filmed. They're exquisite in all aspects, and I like them very much."

As soon as she started talking, she couldn't stop.

He Xuyan smiled. "Thank you for your kindness, Uncle."

He presented the gift.

Madam Xu went to the kitchen to get busy.

Xu Zhiqin followed her in.

In the living room, Mr. Xu and He Xuyan were chatting happily.

Mrs. Xu was also quite satisfied with He Xuyan.

...

Xu Zhiqin glanced at the living room. He Xuyan was sitting there with a rare smile on his face. He was drinking the tea made by her father.

In the He family and the Lin family, he was a high and mighty young master. He gave off the impression that he was hard to approach.

However, in the Xu family, he was just an ordinary son-in-law who had come to visit his in-laws. His attitude was sincere, humble, and considerate.

Xu Zhiqin knew that she might have thought too much.

If he really loved her, he would not care about her background and would respect her parents as much as he respected his own.

...

Two days later, Lu Heting sent Su Bei to the airport.

“Call me if you need anything,” Lu Heting reminded her. He had already told her a lot of things. “You can call me if you have nothing to do.”

It was hard to imagine that the usually cold and unreasonable Mr. Lu was so naggy.

Besides, Da Bao had already given these reminders.

If outsiders saw this, Mr. Lu’s image would probably collapse.

“Brother and Zhiqin will be going back with me. Besides, Mom and Dad are going back too. Who do you think can bully me?” Su Bei asked with a smile.

Lu Heting said seriously, “It’s better to be prepared.”

Su Bei smiled. “Okay, got it.”

When they arrived at the airport, He Xuyan and Xu Zhiqin were waiting in the VIP room quietly.

Seeing Su Bei coming over, they came forward to pick her up.

“I’ll leave her to you,” Lu Heting said concisely, but how could He Xuyan not understand what he meant?

Since Lu Heting was handing Su Bei to him, he had to take good care of her.

Chapter 1719 A Maniac Who’s Overprotective Of His Wife

“Got it. I promise I’ll return her to you unscathed.” He Xuyan knew this man’s protective nature.

Lu Heting waited until the three of them boarded the plane before leaving.

This time, Lin Xiruo and He Jiang had already returned.

They asked the three of them to go back together.

!!

He Consortium was one of the eight major consortiums in the United States.

The members of the family were almost all from S Country. It was extremely difficult for such a family to establish themselves in America.

From this, it could be seen how powerful He Consortium was.

On the way, He Xuyan told Su Bei a lot about the family.

Su Bei was in a relaxed mood.

However, Xu Zhiqin's nervousness could not be dispelled no matter how hard she tried to hide it.

Su Bei tried her best to tell her about the culture and customs of the United States.

Xu Zhiqin became engrossed in listening, and her thoughts were not so scattered anymore.

The plane landed at the airport.

When the three of them got off the plane, a well-dressed middle-aged foreign man walked up to them. "Young Master, Miss, Miss Xu, please get in the car! Old Master and Old Madam are already waiting for the three of you!"

According to He Xuyan, this was the butler of the He family. He was very professional. He came to welcome them and represented the grandeur of He Consortium.

There was a convoy of more than ten Rolls-Royces parked in the parking lot. All of them were in a low-key black color. However, when the cars were lined up together, their logos emitted a cold light under the sun. They still looked indescribably high-profile.

After getting into the car, the convoy went straight to the He family's house.

The He family's mansion was located in one of the best prime locations in the city.

The mansion was in the form of an ancient castle. It looked old and new at the same time. It was obvious that they lived here all year round. It was also obvious that they did regular maintenance and renovation work.

The ancient castle was shrouded in lush trees and was faintly discernible. Sunlight shone through the leaves and leaves, leaving dark yellow fragments on the ground.

After the car entered, it stopped at the spot closest to the living hall. Then, they got out of the car and walked down a long corridor to the living room.

Two elderly with white hair were already waiting.

When they heard sounds, they stood up in unison and smiled at the people walking over.

“Grandpa, Grandma!” He Xuyan greeted them first.

The two elders’ eyes turned red. “So, you still know to come back? How long has it been? Why haven’t you come back to visit?”

“Grandpa, Grandma, I came back together with Sister and Zhiqin this time,” He Xuyan said calmly. Although he was as calm as ever, he was a little happy and familiar to be home.

The two elders’ eyes fell on Su Bei and Xu Zhiqin.

Su Bei looked a little similar to Lin Xiruo. One could tell at a glance that she was from the He family.

Knowing how much Lin Xiruo had suffered in order to find Su Bei, the two elders’ eyes naturally turned red again. “It’s good that you’re back!”

Their gazes shifted to Xu Zhiqin. He Xuyan smiled and said, “Zhiqin, this is Grandpa and Grandma.”

“Hello, Grandpa and Grandma He!” Xu Zhiqin greeted.

“Good, good!” Old Master He and Old Madam He nodded at the same time. It was impossible to tell how they felt about Xu Zhiqin.

“Have a seat first!” Old Master He greeted.

The two of them looked at Su Bei and asked many questions. When they heard about the twists and turns she had experienced, their hearts couldn’t help but ache. Their fingers were tightly clenched as they listened to her recount the incidents.

“Lin Shulian is too much! She actually stole a child! Such a woman is really unworthy of being a mother!” Old Madam He slammed the table and said, “Fortunately, you’re back now. Your parents haven’t been looking for you in vain.”

Then, Old Madam He asked about the Lu family and Lu Heting.

They had heard He Jiang and Lin Xiruo mention them before and were already moderately satisfied.

Now that Su Bei was talking about them, the elderly couple was even more satisfied.

“It’s just that he’s been a little busy recently, so he isn’t here yet. He’ll come to visit Grandpa and Grandma in a few days,” Su Bei explained softly.

“It’s fine. It’s right for young people to be busy with their own matters,” Old Master He said with a smile.

As He Jiang and Lin Xiruo had something on at the last minute, Old Master He asked the butler to arrange dinner.

Old Master He and Old Madam He were very kind, and Xu Zhiqin’s nervousness dissipated a lot.

Moreover, the two of them were focused on Su Bei, so Xu Zhiqin did not have to be so tense.

Dinner was also a joyous affair.

After dinner, Old Madam He said to Xu Zhiqin, “Zhiqin, in your country and family, are unmarried women not allowed to stay in their partner’s house?”

He Xuyan was about to speak when Xu Zhiqin reached out and stopped him under the table. "Yes, Grandma He. There are usually such rules."

"Then I won't have you stay here. I'll get the butler to send you to a hotel later. I've already made preparations." She kept smiling and didn't show anything.

However, these words magnified the uneasiness in Xu Zhiqin's heart.

He Xuyan frowned unhappily. "Grandma..."

"Are you going to make things difficult for Zhiqin?" Old Madam He's face darkened. "Didn't you hear Zhiqin say that that's the rule of their country and family? If I force her to stay here, what will others say about her?"

He Xuyan did not expect his grandmother to be so domineering. A moment later, his dark eyes had already regained their calmness. "Then I'll accompany Zhiqin and stay in the hotel."

Old Madam He did not expect him to be so unyielding. How could a child of her family stay in a hotel?

However, He Xuyan had clearly sensed her attitude toward Xu Zhiqin.

The so-called rules were just an excuse. Old Madam He just didn't want Zhiqin to stay in their family home.

...

Su Bei also frowned slightly. At first, she thought that the two elders had no objections, but looking at their current attitude, they probably already had an opinion about Xu Zhiqin.

She suddenly thought of Wei Yuxin. When she was in S Country, Wei Yuxin was humiliated and had no choice but to leave obediently.

She might have come here and said something to the two elders.

Su Bei was a little vexed. She had really miscalculated this time.

Xu Zhiqin clenched her fists. "Xuyan, you should stay at home with Grandpa and Grandma. I can stay alone in the hotel."

How could He Xuyan let her stay alone?

He picked up his coat and said calmly, "It's okay. It's just a matter of staying outside, right? Anyway, it's just a place to sleep. I can still visit my grandparents during the day."

Old Madam He's expression changed, but she was the one who chased him away. She could not bring herself to ask him to stay.

Su Bei said softly, "Grandma, I heard that the security in the country hasn't been very good recently. It's not too safe for Big Brother and Zhiqin to stay outside, right?"

Chapter 1720 They're All Rumors

Of course, Old Madam He's heart ached for her grandson. When she heard this, she quickly said, "Since you're not worried about breaking the rules, you can stay."

However, at this point, how could Xu Zhiqin still stay?

He Xuyan said, "She can stay with me at my place."

With that, he picked up his suitcase and left.

!!

He reached out to hold Xu Zhiqin's hand and found that her fingers were cold.

He Xuyan secretly regretted bringing her back in a hurry.

Originally, He Jiang and Lin Xiruo had already acknowledged Xu Zhiqin, so he thought that his grandparents would not have any objections.

Unexpectedly... the older generation was a little old-fashioned, after all. They actually took Xu Zhiqin down a notch.

Even Su Bei's words were useless.

"I'm sorry, Zhiqin." After He Xuyan got into the car, he reached out and hugged her.

"It's not your fault." Xu Zhiqin had recovered from her initial confusion and embarrassment.

He Xuyan said in a low voice, "My parents have already agreed to our marriage. Grandpa and Grandma don't have the right to decide. I came back this time to inform them as a sign of respect."

Xu Zhiqin nodded. "I understand."

These worries were not groundless. She had thought about this possibility before.

The matter between her and Pan Hongsen had already blown up.

Moreover, the social gap between her and He Xuyan was like a chasm.

He Xuyan held her hand with heartache.

She suddenly smiled.

"You're still in the mood to smile?" He Xuyan said softly.

"Actually, I've already expected their opposition. It was like a sword hanging above my head. I didn't know if it would fall or not, so it was hard to feel at ease. But now that I know and the sword has fallen, I feel much less uneasy."

He Xuyan knew that she was comforting herself. Who would want the sword to really fall on their heads?

He still needed to talk to his grandparents about this!

He had a villa nearby and asked the butler to drive the two of them here.

The villa was not as big as the He family's mansion, but it was exquisite and bright.

There were usually people who cleaned up the place, so it was convenient for them to move in directly.

...

In the He family's mansion.

Old Madam He said, "This brother of yours is really something. It's rare that he came back, but he's not even willing to stay at home."

Su Bei smiled and said, "Grandma, Big Brother and Zhiqin have always been on good terms. They're getting married soon. Of course, he has to accompany Zhiqin. You know as well that Big Brother has a brash personality. It wasn't easy for him to find someone he likes. Do you want to see him die alone?"

This was naturally not what Old Madam He wanted to see.

She had been longing to hold her grandson for a long time.

She said, "It's not that I don't like this woman. Su Bei, you're from S Country. You should know what happened to this woman before, right? It's fine if she's from a small family, but I heard that she was involved with many men. No matter what, our He family can't let this woman disgrace us."

"Where did you hear all this?"

Old Madam He said, "Do I need to hear it from somewhere? I just read the newspaper and went online. You can know everything there."

"Do you know that Zhiqin's ambiguous relationships with those men are all just rumors?" Su Bei asked with a smile.

Old Madam He hesitated for a moment and did not continue the topic. Instead, she said, "Let's not talk about her. Let's talk about you. Are you tired from filming? What do you do in your spare time?"

It seemed that the old madam's disregard for Xu Zhiqin had reached a very serious stage. She didn't even want to mention it.

After all, this was the first time Su Bei had seen her, and she did not know her grandmother's personality very well. She could only temporarily delay her plan to persuade Old Madam He.

...

Before resting at night, Su Bei called Xu Zhiqin.

"Don't worry, Xuyan and I have settled down." Xu Zhiqin's voice was calm. "We're not staying in a hotel. We're staying in his house."

"Grandma might have heard others' slander." Su Bei comforted her. "Zhiqin, don't think too much. This matter will be resolved."

Xu Zhiqin nodded and smiled. "Yes, I understand. Don't worry about me. Have a good rest first."

...

Compared to their attitudes toward Xu Zhiqin, Old Master He's and Old Madam He's attitudes toward Su Bei were much gentler and kinder.

They arranged the best room for her and even asked her to stay in this room when she came home in the future.

Everything in the room was ready.

The servant helped Su Bei make the bed and spoke in the language of S Country, "Miss, if you need anything, you can ring the bell and call us over."

"Thank you." Su Bei nodded in thanks.

The next morning, Su Bei went downstairs.

Old Master He and Old Madam He smiled at her. "Did you sleep well? You didn't lose sleep now that you're in a new environment, did you?"

"Everything's fine, Grandpa and Grandma," Su Bei said with a smile. "It's exactly the same as when I was at home. The bed here is even more comfortable."

"I'm glad you like it," Old Madam He said. "I had prepared everything for you. I was just waiting for you to come back."

Su Bei looked in the direction of the dining table. The butler was preparing breakfast for only three people.

...

She smiled and asked, "Grandpa, Grandma, isn't Big Brother coming back for breakfast?"

Old Madam He had called He Xuyan, but He Xuyan refused to come back for breakfast.

Because of Xu Zhiqin, she knew that there was still a tug-of-war between her and her grandson.

However, she did not think that she was wrong. There were countless families who wanted to marry into the He family. They were all waiting in line.

It was much better for He Xuyan to marry any one of them rather than Xu Zhiqin.

What she was doing now was for He Xuyan's own good.

"He won't be coming back for the time being. Let's eat," Old Madam He said.

The butler came in and said, "Old Master, Old Madam, Miss Wei is here."

"Yuxin! Let her in!" Old Madam He smiled happily. "Su Bei, Yuxin grew up with Xuyan. She's very obedient and sensible. You haven't met her yet, right? I'll let you meet her today. I'll get her to accompany you around later."

How could Su Bei not have seen Wei Yuxin before?

As expected, she came as soon as He Xuyan returned. She was quite well-informed.

...

Su Bei smiled. "Okay, I really want to meet her too."

Wei Yuxin walked in from outside. She was wearing a slim-fitting embroidered dress that had a classical feel to it. The buttons on her gown were also in the classic style of S Country.

This outfit was probably specially tailored to please the two elders. As expected, before the two elders even approached her, Old Madam He praised, "This dress is not bad. It looks like an ink painting. It's very beautiful."
