

Hidden Billionaire / C30 Shield

C30 Shield

"Miss Shen, this is for you." The man in the suit handed the rose to Shen Xue, as he said with a gentleman-like smile.

"Boss Liang ..."

Shen Xue's expression froze and she frowned. She wanted to refuse.

The man in front of her was called Liang Jun, the boss of Huajun Trading Company. They had met at a friend's wedding.

Ever since that meeting, Liang Jun had pursued her relentlessly, pestering her like a persistent dog.

She had wanted to get rid of Liang Jun a long time ago, but this man's skin was too thick and was really annoying.

When she saw Liang Jun this time, an idea came to her mind. She politely rejected him with a

smile: "Sorry, Boss Liang, I can't take your roses."

"Why?" Liang Jun maintained her smile.

"I'm afraid my boyfriend is jealous."

"You have a boyfriend?" Hearing this, Liang Jun's face darkened and his smile disappeared in an instant.

Shen Xue smiled, took Wu Tian's arm and introduced him, "This is my boyfriend, Wu Tian." Wu Tian knew that Shen Xue was using him as a shield, so he played along with her.

"Him?"

Only then did Liang Jun notice a poor looking brat standing beside him. Liang Jun's face became even darker.

He stared at Wu Tian as a trace of a mocking smile appeared on his face, "Miss Shen, why did you find such a person as your boyfriend?"

"My boyfriend and I love each other very much. I hope Boss Liang won't disturb our lives in the future." After Shen Xue said that, she held Wu Tian's arm and prepared to leave.

"Wait a moment!"

Liang Jun was unwilling to give up, so he went around and blocked the two's path.

He scanned Wu Tian with his eyes and could not help but mock him, "Brat, what can you give Miss Shen?"

"I can give her anything she wants." Wu Tian slightly raised his head and embraced Shen Xue.

His sudden hug couldn't help but cause Shen Xue's pretty face to turn red and her heart to beat wildly like a little deer.

"With just you?"

Liang Jun scowled in disdain, then took out a car key from his pocket and said provocatively, "This, can you afford it?"

Having said so, he pretended to act cool, and pressed the key to the car.

In the parking lot across the street, a blue Mercedes-Benz sports car was lit up. The dazzling headlights caught the attention of many people.

"Mercedes-Benz's high performance Coupe, top configuration price is around 1.2 million." Wu Tian turned his head to look at the Mercedes-Benz and mumbled to himself.

"You actually know this car." Liang Jun proudly raised his head and looked at Wu Tian with both hands in his pockets, and derisively said, "I have a Mercedes-Benz, what do you have?"

"I have this." Wu Tian calmly took out his car keys. Seeing Wu Tian take out the car keys, Liang Jun burst into laughter.

After laughing for a long time, he could not help but mock, "A Red Flag car. To think you have the nerve to take it out. You're really asking for a beating by comparing a local car with my Mercedes-Benz."

"Is that so?" Wu Tian pursed his lips and smiled, he immediately pressed the car keys and the Red Flag L5 beside the Mercedes lit up.

The moment the L5 was lit up, the smile on Liang Jun's face stiffened little by little, until it finally disappeared completely.

He stared at the Red Flag and spoke in a tone of disbelief, "Is that your car?"

"Of course." Wu Tian waved the car keys in his hand and asked with a smile, "How is it? It's not worse than your Mercedes-Benz, right?"

"You ..."

Liang Jun's mouth was agape and he couldn't say a single word for a long time. He felt even worse than if he had eaten a □y.

He had thought that this brat would only be driving a 100,000 RMB Red Flag car, but to his surprise, the car he was driving turned out to be the L5.

What was a L5? It was a top tier luxury car worth nearly 6 million RMB. With this, he could buy at least five Mercedes.

Those who could buy Mercedes-Benz weren't necessarily rich, but those who could buy Red Flag L5 were definitely the top Tycoons.

"Director Liang, right? Remember, I also have what you have, but you don't have what I have. So I advise you to stay away from Xiao Xue in the future." Wu Tian threw down his words and walked towards the Red Flag car with Shen Xue in his arms.

"You ..."

Liang Jun clenched his teeth, unable to utter any words that he wanted to say. Seeing Wu Tian carry Shen Xue onto the Red Flag car, a sense of defeat that he had never felt before surged forth from his heart.

He had never thought he would lose, and he had lost to a kid driving a local branded car.

He was unwilling. He threw the rose onto the ground and walked towards the Mercedes-Benz.

The Mercedes-Benz that he used to be proud of was now giving him a deep sense of humiliation.

On the Red Flag Car.

Wu Tian started the car and drove away with Shen Xue.

Seeing Liang Jun's defeated look, Shen Xue felt extremely pleased. But very quickly, she frowned and asked in confusion, "Your Red Flag Car is just a local brand, so how did it win over Liang Jun's Mercedes-Benz?"

She didn't know anything about cars, which was why she had asked this question.

"Because it's this car." While Wu Tian was driving with concentration, he gave an answer.

"What, L5?"

"L5 is the L5."

"Still want to pretend" Shen Xue rolled her eyes in annoyance. She then took out her cell phone and searched for "L5" on Baidu.

She really didn't know until she checked. She was completely startled after checking.

She didn't expect the Red Flag car she was riding to be nearly 6 million. No wonder it could make the arrogant Liang Jun speechless.

"Whatr kind of person are you? How could you drive such an expensive car? " Shen Xue blinked her big eyes as she stared curiously at Wu Tian.

This man previously bought Fuyuan Restaurant, and is now driving such a luxurious car, his identity is definitely not simple.

"Who am I? If I say it, I'll give you a fright." Wu Tian deliberately played a trick on her.

"Speak, who the hell are you?"

"Actually, I am ..." Wu Tian's expression was extremely solemn as he replied seriously, "The future

successor of the world."

Shen Xue was successfully amused, as she laughed brilliantly.

Her figure was good to begin with, but with such a smile, Wu Tian's eyeballs nearly popped out of their sockets.

Wu Tian swallowed his saliva and praised, "Great Beauty Shen, you look so beautiful when you smile."

"Go and die!"

Shen Xue realized that she had lost her composure and quickly kept her smile. She then said seriously, "Oh yeah, that man called Liang Jun is always bothering me. You won't be angry if I use you as a shield, right?"

"Not to mention being a shield, even if I had to help you bear a child, I would have no objections."

Wu Tian joked with his □owery mouth.

Being with this girl made him feel at ease. His words also became a little unrestrained.

"Why can't you ever be serious?" Shen Xue gently rolled her eyes. She wasn't angry, so she suggested, "I'll treat you to a meal to express my gratitude."

"You'll cook for me?"

"I don't want to cook today. I just want to eat."

"Let's go to Fuyuan Restaurant?"

"No!" Shen Xue shook her little head and thought for a moment, then threw out two words,

"Huiyue Restaurant."

"Why did you think of going there?" Wu Tian was surprised. Could it be that this girl knew that Huiyue Restaurant was also opened by him?

"I used to go to the Huiyue Restaurant often, the dishes there are very special and the taste is very unique. Today I will bring you to enjoy it." Shen Xue shifted into a comfortable position and leaned back in her seat.
