

Hidden Billionaire Chapter 59 - Leaps and Bounds -

C59 Leaps and Bounds

"Classmate Wu, I heard that you demolished your house recently and made a lot of profit?" Mu Ran — crossing her arms over her chest — proceeded to ask, unaware of the fact that her skirt had a tear on it.

"Yep."

Not paying much attention to her question, Wu Tian nodded absentmindedly. After a moment of thought, he then shook his head continuously and refuted: "No, the house hasn't been demolished."

"Then you won the lottery?"

"Not that either."

"I don't care how you became rich, but you must still come to school." Mu Ran stroked her hair and warned, "If you don't study hard, you won't be able to keep your fortune, understand?"

"Understood!"

"No matter the time, you must never be lax with your studies."

"Yes, Ma,am!"

"Wu Tian, why is your face blushing red?"

"I..."

"Where are you looking?" Only then did Mu Ran notice Wu Tian's gaze glancing at her skirt from time to time.

Looking down, she noticed that her skirt had unknowingly torn slightly.

Her pretty face suddenly flushed scarlet red, and she quickly used her hand to cover up her skirt and scolded, "Wu Tian, you are really shameless."

Having said so, she turned around in a panic and prepared to leave.

After walking a few steps, she turned around and reminded him, "Wu Tian, watch your mouth and don't speak carelessly."

"Of course!"

Wu Tian nodded obediently. At this moment, he noticed that Teacher Mu Ran's face was as red as a cheery, embarrassed from her lack of attention for her attire.

"..."

Mu Ran coughed lightly and left quickly with an embarrassed expression.

The male lead smiled wryly before turning around and returning to the classroom to continue his lesson.

During this time, he turned on Seafood TV and entered Huang Lan's live streaming room. At the moment, he found Huang Lan currently playing his game live on stream, resulting in the sudden increase of downloads for Zhou Cheng's Mobile Game.

After school ended in the afternoon, Wu Tian wanted to go to Tianmu Technology company to take a look at the situation.

Just as he walked out of the school's north gate, he accidentally bumped into a seemingly burly man.

Not only did the man not apologize, he even pointed at Wu Tian and cursed: "Idiot brat, are you blind? Why did you bump into me?"

"It was obviously you who bumped into me." Wu Tian originally did not want to argue with him, but he was irritated by the cocky attitude of the burly man.

"So what if I bumped into you? Hurry up and apologize to me!"

"Do you think you're some kind of god?"

"Of course!" The powerful man flexed his arm and hooted, "Do you believe that I can knock you out with a single slap?"

"I don't believe it!"

"How dare you talk back?!" The burly man spoke with an explosive temper. He then raised his fist, charging up for his attack.

Wu Tian was taken aback by the turn of events at first. But recalling the hard training he had with Azure Dragon in the past few days, he felt reassured in his heart.

As the burly man's fist flew swiftly towards Wu Tian, he tilted his head slightly and dodged the attack without wasting a single movement. At the same time, he raised his leg and ruthlessly kicked the burly man in his lower body, forcing him to stagger back a few steps.

The burly man stood up straight and looked at Wu Tian with a shocked expression. He did not expect this seemingly weak and foolish brat to have a few moves up his sleeves.

"It seems that I may have underestimated you," the burly man spoke mockingly, shaking his arm and preparing for another attack.

Though he may have underestimated the strength of this brat previously, he was not going to be playing around this time and wanted to teach this silly kid a lesson.

"If you leave now, I'll pretend as if nothing happened," Wu Tian said coldly as he rubbed his nose.

"In your dreams, brat! Let's see how I'll torture you today!" the burly man responded provokingly. With that, he swung his fist and charged forward yet again.

Wu Tian clenched his fists tightly as he secretly raised the guard in his heart.

When the burly man closed the distance on him, Wu Tian swept him down with a horizontal kick to his legs. Taking advantage of this, he threw several punches and kicks down at the now-collapsed man.

"..."

Soon after, the fierce-looking man let out a series of miserable shrieks. Not expecting the brat in front of him to be such a cruel person, he quickly began to beg for mercy, "Stop hitting me, I was wrong..."

"I gave you a chance previous, but you disregarded it." Wu Tian continued to attack to the burly man until his head began bleeding.

"..."

The burly man struggled for a long time before finally getting up from the ground, grimacing in pain.

When he raised his head and looked Wu Tian in the eye, he was so scared that his neck shrank and subconsciously retreated a few steps.

Honestly speaking, never in his dreams did he expect that the lad before him to be so formidable. At first, he looked extremely delicate, not expecting to be experienced in fighting.

The thing that scared him even more was that the brat was already so ferocious despite his young age to the point where he almost ended his life.

"Next time, you'd better stay away from me," Wu Tian stated clearly, shaking his fist as a warning. He then turned around and left quickly.

It seemed like his hard work he put into his training paid off dearly. Under Azure Dragon's tutelage, his skills improved by leaps and bounds, and he was now dozens of times stronger than before.

In his previous weak state, he would have definitely been obliterated by that burly man.

With that, he took a taxi to Tianmu Technology.

As soon as he entered the company, Lee Mu burst into excitement, "Boss Wu, I bring you good news! The number of downloads for our game skyrocketed the moment it went on the market."

"Not bad." Wu Tian was very satisfied with this result.

"Follow me. I'll take you to see the background data." Lee Mu couldn't hide his excitement as he brought Wu Tian towards the computer that contained the data behind the game.

After Zhou Cheng greeted them, he quickly opened up the game's background data.

The data displayed a stable player base as the rate of volume continued rising in a linear course.

At this rate, the number of downloads for this new game would exceed a million in less than a month.

"Well done!" After looking at the data for the game, Wu Tian could not help but give Zhou Cheng a thumbs up and a pat on the back, "You contributed the most in this game."

"Boss Wu really has a good eye for things. I simply did what Boss Wu ordered me to do," Zhou Cheng smiled humbly.

That was the truth.

If it weren't for Wu Tian's support, this game would not have even made it to the market, much less skyrocket to the top of the grossing list.

"The development of the game was a complete success. The optimization went smoothly, and its promotion worked wonders. That's how you get such good results for a game," Wu Tian briefly summarized why the game ended up as a great success.

"Speaking of promotions, there's one person who has done us wonders."

"Who?"

"Huang Lan, the famous singer."

"Is that so?" Wu Tian smiled without saying a word.

"I checked. Just Seafood TV and Huang Lan alone attracted more than forty percent of the game's popularity and player base.

"So many?" Wu Tian was quite surprised, not expecting Huang Lan to single-handedly be responsible for almost more than half of the traffic.

It looked like Huang Lan's star power really had a large influence on the success of the game by attracting a big portion of the game's player base.

"Yeah, I didn't expect that either," Lee Mu nodded. He frowned and said, "I don't understand. Our company didn't ask for Huang Lan's help. Why would she help our company promote the game for free?"

"Well, I personally asked her to help promote it."

"You're the one who invited Huang Lan?"

"Right."

"Boss Wu, you really have a lot of face. You actually managed to get a celebrity like Huang Lan to help us promote it for free," Lee Mu couldn't help but exclaim.

The more he interacted with Wu Tian, the more impressed he felt. Not only did he have a lot of resources and power in the business world, he also had such a wide network of connections in the entertainment circle.

Even the staff were secretly surprised, not expecting Boss Wu to have a good relationship with Huang Lan.

"I will continue to follow up on the promotion of the game. Don't you guys relax just yet. Zhou Cheng, do some further planning for the game's future course. When the time comes, let Director Lee publicize it well," Wu Tian instructed with a smile.

"Alright, I'll work on it right away." Zhou Cheng, now full of passion and determination, immediately brought his men to work.

Hidden Billionaire Chapter 60 - Ambiguous Relationship -

C60 Ambiguous Relationship

After he had arranged everything related to planning and promotion for the game, Wu Tian called Huang Lan and asked her out for a meal.

According to Huang Lan's request, the two of them were to meet again at Fuyuan Restaurant.

Unlike their previous time here, this time, they did not request a customized meal. Instead, they merely ordered a few dishes and then began to eat and chat.

"Sister Lan, thank you for helping me promote the game. Here's a toast to your assistance!" Wu Tian raised his glass and said gratefully.

He was truly surprised. Judging from Huang Lan's tone over the phone previously, he thought that she had refused to help the promotion of the game.

Not did she help with the promotion in the end, her efforts even resulted in attract more than forty percent of the game's player base.

"I just thought your game was pretty fun to play and recommended it to my fans," Huang Lan smiled indifferently.

"Even then, I still have to thank you. Come, let's drink." In order to express his gratitude, Wu Tian finished the liquor in one gulp.

Huang Lan took a sip of the brandy and said with a charming smile, "Brat, do you plan to make me drunk with this strong liquor?"

"Don't misunderstand, I just think that these dishes are better with strong wine."

"When I'm drunk, you have to carry me back." Huang Lan deliberately twisted her body in an alluring manner as if she was a water snake.

Looking at Huang Lan's slightly exposed shoulders, Wu Tian silently took a gulp of his saliva.

Beautiful, too beautiful.

This woman was truly a succubus. At this point, she was going to mesmerize someone to death.

"Right."

After staring at her for a few seconds, Wu Tian quickly changed the subject, "Sister Lan, you sing so well. Have you thought about releasing your own album?"

"Of course. I have always dreamed of releasing my own album!" Huang Lan retracted her seductive posture and put on a serious expression.

She was quite famous in the entertainment industry for her singing skills and strength, but she had never released an album before.

Every singer dreams of releasing their own album. However, do so requires a lot of resources and demands a lot from the artist themselves.

Previously, she was almost assaulted by a CEO for attempting to release her own album. As a result of her violent resistance, her album was put on hold for an indefinite period.

"How about I put in some money and help you release your album?" Wu Tian tried to express his thoughts.

Huang Lan pursed her lips into a smile and said sarcastically, "You're just an owner of a restaurant, how would you be able to help me in that matter?"

"I'm not just an owner of a restaurant."

"Oh yeah, you still have Seafood TV company, but as far as I know, your live broadcast platform isn't that profitable."

"You don't have to worry about my abilities." Wu Tian leaned his body against the chair and slightly raised his chin. "As long as you still want to release your album, I'll gladly help you achieve that goal."

"Why are you helping me?"

"You helped me so much unconditionally. Think of this as me repaying you for all your help."

"Other men only help me with their ulterior motive being my body. Don't you also have such motives?" Huang Lan deliberately lowered her body and spoke with a somewhat ambiguous tone.

Wu Tian glanced at her collar. He scratched his head in embarrassment, "I... I don't have that thought."

"Really?"

"Really."

"I don't believe it." Huang Lan suddenly grabbed Wu Tian's collar. She insolently leaned closer to Wu Tian. "Tell me honestly, do you think I'm pretty?"

"Beautiful."

"Don't you have any feelings for me?"

"I..."

A kiss sounded.

While Wu Tian was hesitating to reply, Huang Lan leaned over and kissed him in his face.

Though she already retracted her lips, Wu Tian's heart continued to beat wildly. He froze on the spot as if he was petrified.

"What's wrong with you?"

Huang Lan acted as if nothing had happened. She waved her hand in front of Wu Tian's eyes a few times, "Have you become an idiot after getting kissed by me?"

Two coughs sounded.

Wu Tian coughed dryly and said, "I just didn't think that you would..."

"Be so bold?"

"Don't misunderstand, that's not what I meant."

"You're the only one that has ever seen me acting in this manner. In front of other men, I don't even bother saying a single word." Huang Lan put away her smile and returned to her usual aloof attitude.

"Is that so?" Wu Tian didn't know whether to believe her or not.

The longer they knew each other, the more he realized that he did not understand this woman at all. He could not figure out what Huang Lan was thinking.

"Believe it or not." Huang Lan shrugged indifferently. She didn't forget to remind him, "I already gave you a kiss, so you better not go back on your promise about the album."

"Don't worry. I will definitely fulfill my promise of helping you release your album."

"That's good." When Huang Lan looked up, she noticed a pair of eyes pointing knives at them from the direction of the kitchen. She quickly said to Wu Tian, "Your chef seems to be stealing glances at us."

"Shen Xue?"

Wu Tian turned around abruptly and found that Shen Xue was hiding behind the kitchen door with the face of a vengeful spirit filled with resentment.

Hurriedly standing up, he waved at Shun Xue and said, "Xue, long time no see. Come over for dinner."

"Eat, eat, eat. Sooner or later, you will die from eating," Shen Xue cursed.

When she saw Wu Tian kissing another women, she felt absolutely miserable, wanting to pounce on them and strangle them both to death.

She did not understand why she always felt downcast whenever she saw Wu Tian getting along well with other women.

"Xue, how have you been recently?" Wu Tian asked. He had been rather confused by Shen Xue's recent attitude when speaking to him.

"It's nothing. I just feel bored when I see you," Shen Xue said angrily before turning around and entering the kitchen.

"Xue, I..."

Wu Tian, still concerned about her recent behavior, wanted to ask her a few more questions. Before he could finish, however, his phone suddenly rang.

He took it out and saw that it was Lee Mu calling.

He quickly answered the phone and asked anxiously into the phone, "Director Lee, did something happen at the company?"

"Boss Wu, about Zhou's mobile game, one good news and one bad news, which one do you want to hear first?" Lee Mu began to put on airs.

"Good news."

"The good news is that Zhou's popularity in mobile games has exceeded twenty million."

"Already? That fast?" Wu Tian exclaimed in surprise.

When he left the company, the total users of the game had only reached a few million, not expecting it to exceed twenty million since then.

"As for the bad news..." Lee Mu proceeded to say, extinguishing Wu Tian's previous optimism. "Our new game has been pirated, resulting in the lost of many of our users."

"Who are the ones responsible for the pirating?"

"Yuanyou Technology."

"How preposterous!" Hearing that the game that he painstakingly developed had been pirated, Wu Tian fumed in rage. "Other than Yuanyou Technology, have there been other companies trying to pirate our game?"

"So far, not yet."

"Alright, I'll have a meeting with the chief director of Yuanyou Technology first." Wu Tian hung up after saying that.

He said to Huang Lan, who was currently enjoying her meal, "Sister Lan, I have some urgent matters to attend to right now. I'm really sorry, but I won't be able to accompany you right now."

"Then accompany me tonight."

"What?"

"Don't think too much into it. I'm just asking you to accompany me for dinner tonight." Huang Lan elegantly flicked up her long hair and let out a gentle gaze.

Obviously, she was teasing Wu Tian on purpose.

"I'm sorry, but I might not have the time tonight either. Maybe another day!" Wu Tian smiled embarrassedly as he turned around and left.

Huang Lan sat on the spot and stared at Wu Tian's back as he left. She then pursed her lips into a smile and muttered to herself, "This silly boy. He is really different from other men."
