

### Chapter 107 An Insult

I wanted to ask her where she got the guts to bring up such a matter. She knew that I liked her, and yet to so utterly insult my feelings, how then did she still have the pride to talk about this and ask me for my help.

She knew that I would not be able to reject her in front of so many people.

Slap!

While I was still hesitating, suddenly Chu Xiaoxiao slapped Lin Fang across the face, both Lin Fang and the crowd were shocked.

"Lin Fang, I told you this before, from now on, Zhang Chao is my boyfriend, you should think twice before saying something like that to my boyfriend in front of me."

Lin Fang's cheek was burning, she looked at Chu Xiaoxiao and I disbelievingly, a guy who once loved her, and a girl who was once her best friend, both looking at her as though they had lost all hope in her, and all of this was her own fault.

Chu Xiaoxiao said, "Let this slap be a warning to you, you have no right to stick your nose into the people or the things that are mine. Or else it won't be something as simple as a slap on the face next time."

Lin Fang covered her face with her hand, she looked at me with eyes that begged me to help her, I said, "You have made it crystal clear today, from now on I will not bother you anymore, I have a girlfriend now."

Lin Fang's eyes filled with tears, and she looked to Chen Yuzhou, but what could Chen Yuzhou say at a time like this? He shut his mouth and didn't even utter a sound.

Chu Xiaoxiao said, "Chao, ask them to get lost, I can't even look at them."

I laughed and said, "Of course, your wish is my command."

When Chen Yuzhou heard this, he quickly turned to leave happily without even looking back, he did not even care about Lin Fang.

Lin Fang covered her face, unable to stop her tears from falling, and followed Chen Yuzhou out without another sound. At that moment, Meng yelled for them to wait.

"Chao, you are too generous, you are going to give up a million bucks just like that?"

A brother from the Red Lanterns immediately blocked Chen Yuzhou and Lin Fang exit, Chen Yuzhou was pissed, he stamped his foot and said, "Zhang Chao, you already said that I could leave!"

I laughed as Meng and I exchanged glances, Meng also tried to hold back his laughter, and gave me a thumbs up.

So I pretended to be sympathetic as I said, "Forget it, my girlfriend already said to let them go, how could I not let them go? A million bucks is just a million bucks, all the gold in the world is still not enough to buy her happiness. I don't want this money anymore, it's enough for me to just make Xiaoxiao happy."

Chu Xiaoxiao was also a drama queen, she immediately came close and leaned on me, and said in a cute voice, "Aww, you are too kind to me."

She really cracked me up, what amazing acting talent. I have never noticed her natural ability to act before.

Chen Yuzhou and Lin Fang quietly slinked away, the others were feeling kind of awkward, especially those who weren't on my side, those who wanted to kiss up to Chen Yuzhou. Now it was as though both staying or leaving wasn't an option for them, they could only stare at each other, at a loss as to what to do.

I said then, "It is hard to get everyone together after our high school graduation, today I'll be the host, whatever you want to eat just order. It is hard for old classmates to meet up like this, so there is no need to be shy."

After I said that, a few of their faces looked better.

"Yeah, that's right, Spring Garden belongs to Zhang Chao, we can pig it out tonight."

"Zhang Chao you are really too kind, but I already knew that you are a generous guy, I already saw it when we were in high school, you are different from the other rich kids."

"That's right, I'm pretty sure that Zhang Chao you would still remember this, I borrowed you an eraser when we were in high school together, and since then our relationship has always been really good."

I could only laugh, I gotta hand it to these lackeys, if this goes on, I'm afraid they would even bring up a story of me borrowing a tissue.

I quickly found an excuse to slip away with Chu Xiaoxiao, and we went quite a distance away, even the sound of them trying to suck up to us could not be heard. This group of people were so afraid that I would not hear, they yelled at the top of their lungs, I was so embarrassed I felt goosebumps rising on my skin.

I pulled Chu Xiaoxiao along to the second floor, the sound insulation on the second floor was better, I finally stopped hearing the terrifying sounds of them trying to suck up to me. I couldn't help but feel bad for Chen Yuzhou, he has been listening to this for so many years now, and he was actually not disgusted to death.

I paused for a moment and realized that I was still holding Chu Xiaoxiao's hand. I could tell that even she was shocked from the look in her wide eyes.

I let go of her hand and coughed to clear my throat, "About that, thank you for today."

Actually I knew, she saved me from embarrassment today, it was a good thing she helped me out today, otherwise I would have completely lost my dignity. Chen Yuzhou really was a toxic person, he already knew he was no match for me, so he resorted to this kind of method to come against me. I was actually really looking forward to announce my real identity at the class reunion, as well as my relationship with Lin Fang. I never thought that Lin Fang would give me such a huge "surprise".

But, Lin Fang and Chen Yuzhou definitely would never have guessed that Chu Xiaoxiao would so boldly stand up for me. Only Chu Xiaoxiao would do something like this, if it were someone else, they would not have been so aggressive.
