

Chapter 108 The Assailant

The thought of Chu Xiaoxiao's ferocity just now made me want to laugh. I don't think I could ever find another woman like her who was both ditsy yet cute at the same time.

"You are still laughing, I can't believe that you are so heartless, how are you still laughing." Chu Xiaoxiao rolled her eyes at me.

I rubbed my own face, shocked at my own self. Even in a situation like this, I can't believe that I could still laugh. Maybe I was ferocious only because of Chu Xiaoxiao's influence.

Chu Xiaoxiao said, "Is that how you are going to thank me?"

For a second there, I could not respond, so I blurted out, "How else should I thank you then?"

Chu Xiaoxiao raised her foot and stomped on mine then she pursed her lips and rolled her eyes at me, "Idiot."

I felt as though I misread the situation but dared't give it any further thought. Chu Xiaoxiao was no ordinary girl, why would someone like her fall for someone like me? Everyone from Tong City High School knew that Chu Xiaoxiao's standards were really high and even the mayor's son didn't stand a chance.

But I would be lying if I said that they weren't any feelings. She was very beautiful and definitely not inferior to Lin Fang in any way. Actually, if I removed my rose tinted glasses and looked at things in an objective way, Chu Xiaoxiao was definitely more beautiful compared to Lin Fang.

Just now when Chu Xiaoxiao said she wanted me to be her boyfriend in front of so many people, my heart skipped a beat. But I also knew that it was not real, I was certain of this matter.

When I thought about it, there was this emptiness in my chest. An unexplainable kind of sadness that was not actually just sadness but more like a sense of loss.

I spoke and said, "Of course I would not thank you just like that, I would definitely express my gratitude towards you in another way."

Something flashed in Chu Xiaoxiao's eyes and she lowered her head, looking as though she felt a sense of loss as well. Maybe it was me who misunderstood the situation, because she quickly smiled and said, "And here I thought you would never realize it."

I thought I was really being silly, I wanted to summon my courage to ask if Chu Xiaoxiao was serious when she said she wanted to be my girlfriend.

Just as I was about to open my mouth, the sounds of Meng and the other Red Lanterns drifted up from downstairs.

Chu Xiaoxiao said, "If they are here for you then they definitely have something to discuss with you, I should go down and greet our friends first."

I nodded my head and shoved down the words that were already on my lips. There was no point even if I asked because the answer would definitely be false. Maybe I should not delude myself anymore.

"Hey." Chu Xiaoxiao only took a few steps before turning back and walked towards me. She stared at me for a while before suddenly grabbing onto my collar with both her hands, stood on her tip toes and kissed me right on the lips.

I felt as though there was a ball of fire going from my throat and burning its way up my brains, burning away all the thoughts in my mind.

Chu Xiaoxiao looked a little angry with her face all red and she said, "Do you still want to be an idiot?"

My heart was flying in my chest as though it was going to jump out of my mouth. I stuttered and stammered without being able to say a word.

Chu Xiaoxiao kissed me again, her lips were so soft even as she laughed and said, "Idiot, will you be okay if I was your girlfriend?"

I didn't even give it a second thought as I nodded my head profusely, so happy that I thought I was going to go insane.

Chu Xiaoxiao pressed her lips against mine again, her face bloomed with joy like a flower, "That's it then, it's confirmed, and you are not allowed to go back on your word."

She kissed me again and laughed, with a low voice she said, "Just a little extra something for you, you are mine now."

Is this for real? I didn't misheard what she said right? I'm not freaking dreaming right? I stood in shock for a solid minute. Only after I could react, I pulled her into my arms. Chu Xiaoxiao laughed and called me a stupid log head at the same time.

I kissed her on the cheek and pressed my face against hers, "I realized that I can be quite stupid."

Only when we heard someone coughed, we came back to reality. I let Chu Xiaoxiao go and turned to see Meng, Zhao Zichen and the other Red Lanterns, watching us intently like we were acting out a scene in a movie.

I felt a little awkward, but Chu Xiaoxiao was feeling nothing of that sort. She gently leaned against me and said to the Red Lanterns, "Spying on other people being intimate, aren't you afraid of getting pinkeye?"

Zhao Zichen laughed and said, "If we get it then we should see the ophthalmologist at our hospital, I'll even give you a discount."

Chu Xiaoxiao was not as shameless at Zhao Zichen, she let me go and said, "I'll come look for you in a while, I'm sure this guy is here to discuss something with you."

Zhao Zichen looked at Chu Xiaoxiao's retreating back and waited until everyone was far away before saying, "Our new sister-in-law is not bad at all."

I held back my smile and turned to walk towards the window. Zhao Zichen quickly following after me.

"Chao, you shouldn't turn away without acknowledging me. I just helped you out of a sticky situation and now you just turning away from me is a little tackless of you."

I laughed coldly and said, "How does Meng know who I am?"

Zhao Zichen was shocked for a second, before the corner of his lip raised into an awkward smile.

I said to him, "Zhao Zichen, are you and your father still not satisfied even after messing with me? The both of you have set the game even from the start. Your father wants me to protect you, to become your bodyguard, hmph, but he already knew what kind of person you really were from the start. You, the well known leader of the Red Lanterns, you don't even bully other people, what use do you have for a bodyguard? Actually you guys have already decided even from the beginning, and that is to one day use me, to tie Junran Group and the Red Lanterns together."

Zhao Zichen did not deny anything, because he knew himself that his arguments were too weak.

So I continued on and said, "And you already knew from the start about today, yet you allowed me to embarrass myself like that. And forced me to be surrounded by the Dark Dragons, just so that you can play the role of the heroic savior. Zhao Zichen, do you really take me for a fool!?"
