

Chapter 114 Complicated Emotions

I blushed at her words and quickly went into the car as my face burned and my heart thumped. When we were in the special forces, we were all rough and tough men who never even thought of women. But sometimes our conversations would become especially wild because when a group of rough men got together, what else would they talk about?

Those days, I've only heard the stories but I have never actually been with a woman before. But today it was like stepping back into the battlefield again with bullets flying everywhere, it really was something else.

I kept peeking at Chu Xiaoxiao through the rearview mirror the whole way home. The more I looked at her, the more I liked her and thought she looked beautiful. She has always been beautiful, but it was me who never dared looked at her.

Chu Xiaoxiao was completely drunk, she leaned against the seat and fell asleep with my coat as a blanket the moment she climbed into the car. But her long legs could still be seen, tempting me to no end. She would never find out even if I touched her legs now, right?

I don't know what happened, just as I had that thought, my hand moved on its own accord and touched her thigh. At that moment, I was stunned by the smooth and soft feeling. I have never touched another person's leg aside from my own in my entire lifetime. The only exception being the time when I touched my fellow soldier's hairy leg, and that was only to help him deal with his wound.

Even while with Lin Fang I have only given her light kisses and hugs, never something like this. I couldn't stop myself from touching her, her skin was smooth as silk. It was especially firm and springy, it made me want to squeeze it.

I couldn't stop myself from moving higher up her thigh, the higher I went, the smoother the skin was. I only pull my hand back after touching her for five minutes. I needed to concentrate on the road, if I continued on I might just hit a tree.

Just as we reached her place, she woke up and said with a voice thick with sleep, "We're here."

I was reluctant to let her go and wanted her to stay with me for a while. Even if nothing happened, I would be happy if she just sat next to me.

The both of us stayed like that for five minutes, I felt as though I needed to do something. But when I opened my mouth, she also started speaking at the same time.

I said, "You go first."

Chu Xiaoxiao replied, "I should go, I'll see you in the office tomorrow."

My heart fell but I could not force her to stay. What kind of man would I be? I would not do it even though I really wanted to.

Chu Xiaoxiao pushed the car door opened but she didn't leave, instead she turned to me and said, "Was my thigh that smooth?"

"What?" I was tongue tied, the cogs in my head chugged and churned to make sure that I understood what she was trying to tell me.

Chu Xiaoxiao climbed over and laughed in a low voice and said, "I was not asleep just now, I woke up the second you touched me. You scoundrel, did you like touching my thigh?"

I nodded my head profusely, it was the truth anyway. Chu Xiaoxiao pulled the door shut and wrapped one arm around my neck and grabbed my hand in the other and placed it on her thigh.

Chu Xiaoxiao looked at my blushing face and laughed evilly, her chest shuddering as she laughed.

She let me go but held onto my face and said, "You really are too cute, just like a huge puppy. Alright, you be good now, I'm going home so I'll see you in the office tomorrow." After she said that, she even pursed her lips and kissed me.

I used one hand and pulled her close to me. Chu Xiaoxiao was caught off guard and cried out but I pressed closer and gently bit her neck. Chu Xiaoxiao got a little flustered and tried to push me off. But I grabbed her hands and pinned them above her head, and moved forward to kiss her soft lips.

The space in the car was so tight we were really pressed up against each other, skin against skin with our breaths mingling together. She tried to free herself but not wholeheartedly, and she very quickly obeyed and opened her mouth slightly. But I could sense her anxiety, even her breathing became uneven.

Chu Xiaoxiao was panting hard, her face flushed into a bright red. Even her hair was messed up in the struggle and she looked at me innocently. But it was this gaze that made it more tempting, it felt as though there was a fire in my abdomen trying to get out.

Chu Xiaoxiao daren't meet my eyes, she was so shy!

My blood boiled and in one movement I removed my shirt. Chu Xiaoxiao was so shocked her jaw dropped and she flushed a deeper red.

"You, you you..."

I sniggered and said, "What is it? I thought you were open to it? Alright, you can stop pretending now, you are not as experienced as I am."

Chu Xiaoxiao's face burned and she twisted her body beneath mine. It would have been alright if she didn't move but that one movement was as though her soft body seductively rubbed against mine. And me being a red-blooded man, of course I had a reaction to it. Chu Xiaoxiao felt it and immediately stopped moving, and I quickly pushed myself off her and put on my coat.

Even though the air conditioning was on, but it was still so hot that even my palms were sweating.

Chu Xiaoxiao placed the back of her hand against her face and after a long while she quietly said, "We went a little overboard today."

I tried to hold it in but I couldn't stop myself from laughing in the end. Chu Xiaoxiao glared at me and said, "Don't tell anyone this happened."

I told her not to worry because of my training in the special forces. I would not easily tattle even if there was a knife held to my throat.

"Cheeky. But soldier man, your body is not half bad."

I caught her nose with my fingers and said, "There you go again, pretending to have all the experience in the world. Do you want another lesson?"

In the end, Chu Xiaoxiao was still shy and quickly got out of the car and went through the iron doors of the villa.

I watched the lights of the villa lit up as complicated emotions churned through me. So many things happened today that I have not yet had the time to process it all. Chu Xiaoxiao was actually my girlfriend now, I still could not believe it. She really was my girlfriend.

She looked so beautiful, how did she even fall for me? Maybe there was something wrong with her eyes. I could not stop myself from laughing even as I drove away from the villa, the grin on my face spreading from ear to ear.
