

HIDDEN WIFE : BEST HUSBAND

Chapter 13 - 13 - Find

Soo Yin didn't move. She bit her lower lip, doubting Dae Hyun.

"Hurry up! Your wound must be treated immediately," Said Dae Hyun.

Dae Hyun slowly helped Soo Yin to stand up and then squat down. Soo Yin carefully climbed Dae Hyun's back.

Fortunately, Soo Yin's body was small, so Dae Hyun didn't find it difficult to go through the quite slippery descent.

Soo Yin felt her body warmer when she touched Dae Hyun's back.

"Are you sleeping?" Dae Hyun asked.

"No," Soo Yin replied curtly, holding the flashlight in her hand.

"Why did you run away?" Dae Hyun asked.

"I don't want to live with you," Soo Yin replied honestly.

"You make me worry. What if you get lost and get ravaged by a beast? What should I tell your father?" Dae Hyun asked in irritation.

"It's your fault for not letting me go home. I also have to work. I don't want to get problems from Manager Han," Soo Yin replied.

"Never mind, you don't have to work anymore. I will pay for your life together with Dad," Said Dae Hyun.

"I don't want to," Soo Yin replied.

"You are stubborn!" Dae Hyun grumbled. He didn't expect a spoiled girl like Soo Yin wouldn't accept his money.

"Why do you always refuse gifts from me?" Dae Hyun asked.

"I don't want to accept gifts from the other woman's husband," Said Soo Yin.

"You always think of me like that," Said Dae Hyun.

Soo Yin's words made Dae Hyun's heart throb in pain.

Dae Hyun remained silent. Soo Yin's words were true. He was still Aeri's husband.

Dae Hyun felt that his back was getting heavier.

"Soo Yin!" Dae Hyun called.

There was no answer from Soo Yin. Dae Hyun looked back and found that Soo Yin had closed her eyes.

After walking quite a distance, they finally got to Dae Hyun's car.

Dae Hyun immediately put Soo Yin into the back seat of his car.

He felt Soo Yin's body heating up, and he immediately rushed to his villa.

As soon as she saw Dae Hyun came carrying his wife's body, Aunt Xia immediately walked towards him.

"Thank God, Miss Soo Yin can be found," Said Aunt Xia, following Dae Hyun upstairs, worried that Dae Hyun might need help.

"Auntie, please clean Soo Yin's body. I'll call Doctor Kang to come here," Said Dae Hyun after putting Soo Yin's body on the bed.

Dae Hyun also called his men to come back because Soo Yin had been found.

He would 'take care' of who was on guard tonight until Soo Yin could run away.

"Why was Miss hurt like this, sir?" Aunt Xia asked as she saw the blood on her head and the scratches on Soo Yin's smooth legs.

Auntie Xia cleaned the dirt with a washcloth and warm water.

"She slipped and rolled on the ground," Dae Hyun replied as he walked around while waiting for Doctor Kang.

"Her body is also scorching," Said Aunt Xia.

She put on the wet cloth on Soo Yin's head.

"Mom, don't leave me! I want to come with you... Mom...."

The girl's body condition was getting hotter. Soo Yin was delirious in her sleep.

"Soo Yin, wake up!" Dae Hyun immediately sat on the side of the bed, shaking his wife's body.

The man was very panicked at this time.

Luckily, Doctor Kang came right away. He frowned when he saw Soo Yin.

"Who is she?" Doctor Kang asked while checking Soo Yin's condition.

"She's my wife," Dae Hyun answered.

"Isn't your wife Aeri? Are you cheating on her?" Doctor Kang asked, looking at Dae Hyun, wondered.

"I've never loved Aeri. She is also always busy with her job as a model. Even though I have repeatedly told her to stop," Said Dae Hyun.

For Dae Hyun, getting married to Aeri was just an accident. At that time, Dae Hyun was drunk and didn't remember what happened.

All he knew was that he was with Aeri at the hotel. Then, Aeri became pregnant, and he was forced to marry her.

Aeri's profession as a model, making her rarely come home, which sometimes made Dae Hyun lonely.

After all, Dae Hyun was a normal man. He needed a woman's attention.

"Her age seems much different from yours?" Doctor Kang asked as he observed Soo Yin's young face.

"It doesn't matter how different our ages are. The most important thing is we love each other!" Said Dae Hyun.

"I'm not sure if this girl loves you. She's even trying to run away," Doctor Kang teased with a smile.

"I told you to come here to check her out, not to interfere with our relationship!" Said Dae Hyun, feeling annoyed.

"She's fine. I'll prescribe medicine for her," Said Doctor Kang.

Dae Hyun sighed in relief, knowing Soo Yin was doing well.
