

When His Eyes Opened by Simple Silence Chapter 2003

Laurel was heartbroken and left in anger.

Norah stood in front of Katalina, looked down at her, and said disappointedly: “Of course, you will regret it. My aunt and uncle love you so much, and your future husband’s family they found for you is definitely not an ordinary family. You are their own daughter. How could they harm you? You don’t understand their painstaking efforts...”

“Cousin, when you were urged to marry by your aunt and uncle, I never persuaded you to listen to them. You yourself don’t like being told by others. Interfering in life, why do you want me to obey my family’s arrangement and marry a man I don’t like?” Katalina retorted.

Norah’s lips moved, and then she said: “Although it is very common to talk about money, but in this society, it is absolutely impossible without money. If I were you, I would never disobey my parents’ orders. An in-law’s family who can make me happy...”

“Cousin, I know I’m bad, I don’t have the ability, I don’t have the ability to make a lot of money, but let me face a man I don’t like at all, I’d rather go there Ordinary life.” Katalina said here, exhausted, “Cousin, my mother fell just now, go see my mother! I want to be alone.”

Norah picked up her bag and strode out of her rental house.

After Laurel and Norah left, the bodyguard knocked on the door of Katalina’s rental room.

Katalina opened the door. She thought it would be her mother or Norah, but it turned out to be Aqi.

“You...” Katalina glanced behind him, thinking Layla was coming too.

Aqi immediately explained, “Layla asked me to come. She wants to know if you will resign.”

Katalina let out a smile, but she didn’t expect that Layla would care about herself.

Katalina: “I won’t quit my job. I’ve cut ties with my family.”

“No pocket money?” Aqi was a little surprised.

“Not only do I have no pocket money, but I still have to pay it back.” Katalina walked to the living room and poured a glass of water for Aqi, “My mother asked me to pay them back 10 million before releasing me. Otherwise, they would force me into the future to marry a man which I don’t like.”

“The man they forced you to marry should be a rich man, right?” Aqi took the water glass she handed over and took a sip.

Katalina: “Well.”

“Then you can just find a rich man yourself.” Aqi sincerely thought of a way for her.

Katalina: “In addition to being rich, you have to get along in all aspects. Where is it so easy to find? Emotional matters depend on fate. I have been in aristocratic schools since I was a child, and my male classmates are very wealthy. They are classmates and friends, but they won’t be their husbands.”

Aqi: “Why?”

Katalina: “Because women are like beautiful clothes to them. They think it’s stupid to take feelings seriously.”

“Men without money, maybe it’s the same. If you want to find the rich and dedicated man in idol dramas, you may be single for the rest of your life.” Aqi shattered her illusions.

Katalina: “I know that I have high requirements, so I don’t expect my future husband to have more money, as long as I can agree with my three views and have a harmonious relationship.”

Aqi: “Will you give 10 million to your parents?”

Katalina immediately shook her head in embarrassment: “Where do I have so much money... I may not earn 10 million in my life.”

Aqi: “It’s miserable.”

Katalina: “Can you earn it? If I can’t earn it, why are you laughing at me.”

Aqi said lightly, “Why can’t I earn it? I can’t earn it in a year, but I will definitely earn it in a lifetime.”

Katalina was shocked by his arrogant tone and asked, “Do you have a high salary?”

“What do you think?” Aqi asked back, “Before I was hired by my boss, I was an international martial arts champion. Every year, I won more than one million in prize

money from participating in various competitions. Do you think my boss will offer me less than this Reward?”

Katalina: “...”

Aqi continued, “Before Layla returned to my boss, I was my boss’ bodyguard. Last year was the tenth time I worked at Foster’s house and My boss gave me a reward.”

When His Eyes Opened by Simple Silence Chapter 2004

Katalina: “What reward?”

Aqi: “Stocks of Sterling Group.”

Katalina: “...”

Aqi said, “Although there are not many shares, it is enough to give me financial freedom for the rest of my life.”

Aqi didn’t know Katalina well, why did he reveal his old story to her?

Aqi: “Teacher Larson, why don’t you talk?”

Katalina blushed restrainedly: “Aqi, I didn’t expect you to earn such a high income as bodyguards... The wealthy second-generation friends around me don’t seem to have the same family background as you.”

She must know that the shares of Sterling Group are very valuable.

In addition, Elliot offered Aqi such a reward, which shows that he trusts Aqi very much, and if Aqi has any difficulties in the future, presumably he will not sit idly by.

“Ordinary bodyguards have average income. My income is high because my boss is rich, and my boss values love and righteousness. Whoever is loyal to him and who pays for him, he sees it in his eyes and keeps it in his heart, and others treat him the same. If it is divided well, he will definitely treat others very well.” When Aqi said these words, he was in a particularly uncomfortable mood.

He don’t know where the boss is now, if he is doing well or not.

“I’m really happy for you.” Katalina smiled and turned away, “By the way, is your boss whereabouts?”

Aqi shook his head: "I didn't contact Miss Tate. If Miss Tate finds out the whereabouts of my boss, she will definitely tell..."

Katalina responded.

"Teacher Larson, are you ripping off your face with your cousin now? I was expecting you to go to your cousin's place and see if you could get the whereabouts of my boss from her..." Aqi regretted, "If you can help find my boss, if my boss is still alive, don't say that your parents want 10 million from you, even if they ask you for 100 million, my boss can give it to you."

Katalina was moved by Aqi's words, and her heart shook.

Her head was a little hot, and she knew she was extremely irrational right now.

"Aqi, I'm in a bit of a mess today. I want to take a bath and be quiet." Katalina said bluntly, "Thank you for visiting me. You go back and thank Layla for me."

"Got it." Aqi got up and left the rental.

After the door was closed, Katalina was the only one left in the room. She sat blankly on the sofa, hesitating.

The first time she went to Norah's house was the day before Elliot and Avery had an accident. She heard Norah talking on the phone at Norah's house.

She still remembers what the call was.

She doesn't know who Norah was talking to at the time, but what is certain is that the other party is in Yonroeville. Norah used helping that person escape as a bait and asked him to do things for her.

And what Norah wanted the other party to do... related to Avery.

Elliot had an accident with Avery, so the two of them had an accident in Yonroeville, and 80% of them had something to do with Norah.

If she told Aqi about this, Norah would definitely be unlucky...

Katalina is hesitant now because although she and Norah have no relationship, the two are very close relatives after all.

If something happened to Norah, her aunt and uncle would definitely be in pain.

One side is pulling her with affection, and the other is pulling her rationally.

If Norah dares to do illegal or criminal things, she should consider the consequences of it being exposed.

When His Eyes Opened by Simple Silence Chapter 2005

At the same time, Norah's apartment.

Norah took her aunt to her residence and asked her mother, Madelyn Jones to persuade her.

Madelyn took her sister, Laurel's hand and said, "Don't be sad. In terms of marriage, Katalina has never heard from me or her father."

"How can this be compared? Katalina is so good! Even if Katalina is so good, we won't worry about her at all. Let alone her unwillingness to marry the husband we chose for her, even if she wants to be single all her life, we have no problem!" Laurel said aggrieved, "She and that Foster family bodyguard seem really tricky. You don't know how rude and savage that bodyguard is! He knows my identity and dares to push me to the ground in public... If Katalina dares to marry him, I...I don't want to live anymore!"

"Auntie, I don't know what happened to her and that bodyguard. Maybe it's not as serious as we think." Norah looked at the aunt sadly, and continued, "I don't think Katalina's vision is so low. But I really don't know why she wants to please Elliot's daughter so much."

"You don't understand. But No matter how you look at it, she is determined not to listen to us." Laurel said with a headache, "I can't take care of this matter, let her father take care of it!"

"How can my uncle take care of it? Saying things like letting Katalina pay 10 million, I'm afraid that my uncle will come forward, but he won't bow his head. Now both of you are angry, why don't you talk about it after a while!" Norah suggested, "I'll go and talk to Katalina in a few days."

"Norah, then it's hard for you. I didn't expect Katalina to be obedient all the time, but after graduation, she was like a wild horse that ran away. I dared to love her previous obedience was a disguise. Now she has the ability to make money by herself. She just doesn't look at our faces anymore...The scheming is too deep!" Laurel said, and she burst into tears.

"No matter how confused Laurel is, it's impossible for Katalina to be with the bodyguard. The profession of bodyguard is so low!" Madelyn said.

“Katalina can become a teacher with that meager income. Sister, do you really think that her current status is qualified to dislike the Foster family’s bodyguard?” Laurel teased, “If Elliot hadn’t died, how would I dare to insult the Foster family’s bodyguard? There is a saying that the dog fights against people, and now the person who supported the dog is dead, and the glory days of this bodyguard are over.”

“Auntie, how do you know that Elliot is dead?” Norah’s face paled, and a trace of concern flashed in her eyes.

Laurel was stunned for a moment, then glanced at her sister with a guilty conscience.

“Norah, I told your aunt about this.” Madelyn was not flustered at all, “It doesn’t matter if we share gossip between our sisters? What I told your aunt, your aunt will definitely not say it.”

“Yes. Norah, what your mother told me, I didn’t even tell your uncle.” Laurel quickly echoed.

“Mom, Auntie, this matter is no trivial matter. Don’t spread it out. Elliot’s confidants have already begun to suspect me, and I don’t want to make trouble again.” Norah was upset, but couldn’t show it, “It’s very late today, Auntie, I’ll take you to the hotel to rest!”

After delivering the aunt to a nearby hotel, Norah and her mother walked back.

Norah complained : “Mom, how can you tell me what I told you? I told you, no one can tell you about this! I really regret it, I shouldn’t have told you in the first place. “

Madelyn: “Your aunt is our own...”

Norah asked: “When our family was poor, did my aunt treat us as her own? Did you forget the grievances our family suffered in the past?”

Madelyn shook her head: “I didn’t forget. It was your uncle who looked down on us at the beginning. Your aunt never treated us harshly. When you wanted to go abroad, we asked your aunt to borrow money. I borrowed money from your aunt. Your aunt is my sister, how can she be an outsider?”

Norah exhaled, showing a vulnerable side on her face: “Mom, do you know how stressed I am during this time? If Avery also died together, I would not be so afraid. In case Avery finds out what happened What I do, then I’ll definitely die! Mom, do you want to see me die?”

“What did you say! You are my only daughter, I can’t let you die!” Madelyn held her daughter’s hand and give her an idea, “Since you are so afraid of Avery, then think of a way to get rid of Avery as well.”

“Do you think I am really omnipotent? Last time was the right time and place.After what happened last time, ordinary people can’t approach Avery at all now, so how can we deal with her?” Norah rejected her mother’s suggestion.

“Norah, don’t be afraid.” Madelyn said calmly, “If Avery dares to bully you, I have a way.”

When His Eyes Opened by Simple Silence Chapter 2006

“Mom, do you have a solution?” Norah raised her eyebrows, puzzled, “What can you do? Mom, are you hiding something from me?”

Norah was so shocked because her mother was just an ordinary woman. After her mother and father got married, she has been a housewife at home, and she has not worked a day at work.

Madelyn looked into the distance, and after a few seconds, nodded: “Norah, I do have something to hide from you. The reason why I didn’t tell you is because you don’t have to know about it... But if you are really in danger.”

Norah stopped and waited for her mother to finish her words.

“Norah, have you heard of Travis Jones?” Madelyn was afraid that she would not know, so she continued, “Boss of MH Group.”

Norah nodded and asked, “Do you know Travis Jones? What is your relationship? Or...you have a relationship with him?”

“Norah, you are so smart, you can guess right... You are Travis Jones’s daughter.”

Norah’s body tensed up, and the look in her mother’s eyes became unfamiliar!

“When you said you wanted to study abroad, I asked Travis for help. The reason why you can go to such a good university is because of his help. He originally wanted to pay you tuition fees, but I didn’t. I’m afraid your father will be suspicious. With your later work in Bridgedale, and Travis to help.”

Norah’s belief completely collapsed after hearing this.

For a long time, she thought that she was admitted to such a good university and got an offer from a big company because of her own strength... She didn’t expect it to be because of Travis’s relationship!

“Travis is so kind to me, why doesn’t he recognize his daughter?” Norah asked sarcastically.

“He prefers sons over daughters. And the relationship between the Jones family is too complicated. If I send you to the Jones family, I don’t know if you will survive until now.” Madelyn said, “Now if you are in danger, I will let him save you and he will definitely save you. After all, you are his biological daughter.”

.....

Bridgedale.

Avery felt ill.

After she fainted, she fell into a terrible dream, and it was difficult to wake up from the nightmare.

When Mike came in to see her, he reached out and probed her forehead and found that she had a fever.

Mike immediately went to the doctor to give her an injection.

When the doctor gave her the needle, she could feel it. She could even hear their conversation, but she couldn’t open her eyes or get up.

She didn’t want to wake up either.

Elliot died, and so did her heart.
