

Avery held Robert in one hand and Layla in the other, walking into the villa with a gentle smile.

Mike smiled and said, "Looking at you so relaxed, Elliot is okay?"

"It's okay." Avery said, "Are you going? Be careful on the way."

"You don't keep me." Mike complained.

"It's very late, don't be hypocritical." After Avery said this, she gave Robert to Mrs. Cooper in a good mood.

She was going to clean up the room for Hayden.

"Avery, the room that Hayden used to live in has been reserved, and it will be cleaned every other week. Just change the bedding and you can sleep." Mrs. Cooper hugged Robert and said, "If you come back with me first Just say it."

Avery: "It was a temporary decision to come back, it's more sudden."

"Well, it's fine. You take Hayden to the room. I'll take Robert to sleep first."

Mrs. Cooper said, looking at Layla, "Layla..."

"I'm going to see my brother's room. I'm not sleepy at all!" Layla didn't even think about it, she followed her mother and Robert to Hayden's room like a little follower.

"Mom. I'll sleep with you tonight!" Layla grabbed Hayden's arm, very clingy.

"Okay!" Avery also missed her daughter very much during this time, "I'll change the sheets and quilt cover for Hayden first."

Layla: "Mom, I'll help you!"

“Okay!” Avery took quilt from the cabinet. The clean four-piece set came out, and then said to Hayden, “Hayden, go wash up.”

Hayden put down his schoolbag, took out pajamas and daily necessities from the suitcase, and walked towards the bathroom.

After the bathroom door closed, Layla immediately complained to her mother: “Mom, am I really big now? But I think I’m still very young!”

“Layla, do you still want to be with your brother, Hayden? Shall you sleep?” Avery couldn’t help laughing, “Although you are still a child in your mother’s eyes, you and your brother Hayden have grown up.”

Layla: “Mom, I don’t want to grow up. I want to be your baby forever.”

Avery: “You Always Mommy’s baby.”

Layla: “I’ll always be Daddy’s baby.” Layla hugged her mother’s changed sheet.

Avery: “Of course.”

Layla: “Mom, is Dad sick again? You don’t tell me, but I can guess. If Dad is fine, why should he be hospitalized in the hospital?”

“Well.” Avery said frankly, “Your dad is in the intensive care unit now and hasn’t woken up yet. If he can wake up, then he will be fine in the future. Mom just went to the hospital to see him, and I believe he will wake up soon.”

Layla didn’t expect her father to be so ill that he needed to be admitted to the intensive care unit.

Her eyes turned red instantly.

“Layla, you go to mom’s room and wait for mom first. I want to chat with your brother Hayden alone.” Avery changed the four-piece suit and took it from her daughter.

Layla: "Okay!"

After Layla went out, Avery took the changed four-piece suit to the laundry basket.

After a while, Hayden came out of the shower.

Avery knew that it was very late, and it was not suitable for her son to take up too much rest time.

Avery: "Hayden, I want to chat with you briefly."

Before Avery said what to talk about, Hayden had already guessed it.

Hayden: "Mom, I know what you want to say. Uncle Mike told me just now."

Avery was a little surprised: "Then what do you think?"

"The matter between you and Elliot is the matter of the two of you." As Hayden's age, his mind changed a lot. He said, "As long as you're happy."

WHEN HIS EYES OPENED

Chapter 2213

"Hayden, you can think so, I'm really happy. I can feel that you have grown up. I am a little happy, but also a little reluctant. Because I know that in the future, your mother will no longer be able to shield you from the wind and rain, and you will leave mother and go to a wider sky."

Hayden: "Mom, no matter where I go, as long as you need me, I will come back to you."

"I don't need you to think about me. I only need you to be happy, to be able to do what you like, to meet like-minded friends...just like you don't interfere in my life and I will not interfere in your life in the future."

After opening up with Hayden, Avery returned to the master bedroom with relief. She saw Layla lying on the bed, holding a rag doll, smiling at her shyly.

Layla: "Mom, are you finished talking with my brother Hayden?"

"Well." Avery walked to the bed and looked at her daughter tenderly, "because your brother and your father have not been reconciled for so many years. I hope they don't look like strangers anymore. People, don't be like enemies."

"What did my brother say?" Layla opened her curious eyes.

"Actually, from the time when your brother helped to find your father, I could feel that your brother has gradually let go of his hostility towards your father. Even if he doesn't show much concern for your father, at least he didn't put him down." Avery touched her daughter's head, "Layla, you have to go to school tomorrow, right? Go to sleep! Mommy is going to take a bath. Don't wait for Mommy."

Layla: "Well."

Avery took the Pajamas and cell phone went into the bathroom.

She hadn't slept on the plane, and it stands to reason that her body was exhausted to the extreme, but when she returned to Aryadelle to see Elliot and the child, she was even more excited.

Not only was she not sleepy now, but she was also a little excited. Even she wanted to drink a little wine.

She filled the bathtub with hot water, then took off her clothes and soaked her body in it.

Fatigue dissipated immediately.

She picked up her phone and checked the time.

It's already 3:00 a.m.

In three or four hours, Elliot could get up.

Fragments of the past suddenly appeared in her mind.

She opened whatsapp, found Emilio's chat box, and glanced at their last chat record.

If she had no memory of Emilio before, then after this incident, her feelings for Emilio are no longer unfamiliar and abstract.

Emilio secretly helped her many times. Without Emilio's help, she would not have found Elliot so smoothly.

Thinking of this, she sent Emilio a message: [I'm back home.]

It was daytime in Bridgedale now, so Emilio quickly saw her news and replied: [I heard.]

Avery: [Who did you listen to?]

Emilio: [My dad.]

Avery: [Oh, when I was in Bridgedale, your dad sent someone to spy on me?]

Emilio: [Not really. You have so many bodyguards, if my dad sends someone to monitor you, your bodyguards will definitely find out. Time Air in Bridgedale has my dad's shares. As long as you take a Time Air flight, my dad will know your information.]

Avery: [Your father invested a lot.]

Emilio: [Elliot has invested a lot, right? Putting money in one basket is risky.]

Avery: [What else did your dad tell you?]

Emilio: [No more. His attention is no longer on you and Elliot. He has realized that he is no match for you. In addition to concentrating on new projects, he is now looking for Norah. Although the \$14 billion had been taken back, he hated Norah to death.]

Avery: [Emilio, your dad's new project is going to be cold.]

Emilio looked at her message and didn't know how to reply for a while.

Avery sent him a photo in the past: [Your dad can no longer control Elliot and me.]

Emilio opened the photo and glanced at it. After realizing what it was, he immediately asked: [How is Elliot?]

Avery: [He is not dead.]

Emilio: [So the resurrection technique is fake?]

Avery: [Yes.]

Emilio: [I already guessed it. In fact, my dad should have guessed it. It's just that he wants to use this to make money, and even if he knows, he won't reveal it.]

Avery: [I know. I won't let him use this to make money.]

Emilio: [Whatever you want. I do not mind.]

Avery sent Emilio a message, just to inform him.

She doesn't care what Emilio decides to do later.

After that, they both cleared up.

Avery came out of the bathroom after taking a shower, and her daughter was already asleep.

She walked to the bed and touched her daughter's forehead. As if she didn't care much, her daughter was already slim, well-behaved and sensible.

She really wanted to press the pause button on life so that she could spend more time with her children.

In a flash, it was dawn.

Mrs. Cooper came to wake up Layla.

Layla suddenly jumped up after rubbing her eyes.

After getting out of bed, she quickly ran back to her room to wash and change clothes.

Avery followed her, and after she changed her clothes, she took a comb and combed her hair.

“Mom, go and get my brother Hayden up. He promised me to take me to school this morning,” Layla begged. “He must still be asleep! He has to take me to school first!”

“Layla, you are so willing to shout Wake up brother?” Avery couldn’t help laughing.

“What’s so unwilling to do? After he took me to school, he can go back to sleep!” Layla took the comb from her mother’s hand, “Mom, hurry up and call my brother!”

Avery turned around and went out.

She came to Hayden’s room, Hayden had already got up, and the quilt was folded.

Avery: “Hayden, Layla said you promised to send her to school today.”

“Well. I can already go out.” Hayden just finished washing up.

Hayden put on his watch and glanced at the time by the way, there is still plenty of time now.

“Then you take her to school, I’ll go to the hospital later.” Avery said, “Hayden, do you want to go to the hospital to see your father?”

“Isn’t he still awake? Let’s talk when he wakes up!” Hayden was not disgusted to visit Elliot, but now that Elliot was in the ICU, it’s really not suitable to meet.

“Okay.” Avery was just testing his son’s reaction, but now that she got his answer, she finally felt relieved.

After watching Hayden and Layla go out, Avery sent Robert to kindergarten.

“Mom, will you not leave in the future?” Robert raised his head and discussed with his mother seriously.

Avery: “Well... even if your mother leaves in the future, it won’t be too long, okay?”

Robert pouted and sighed maturely: “My sister took me to the last sports meeting! It’s not my sister’s baby! I’m your baby!”

Avery’s eyes were sour, looking at her son’s immature face, she was a little funny and very sad.

“Dad doesn’t know where he went!” Robert pouted and muttered unhappily.

Avery: “Robert, your Dad is sick and is in the hospital. When he is healed, he will go home.”

“Oh...that’s it! Then shouldn’t I be mad at my father?” Robert seriously asked his mother.

Avery: “Yes! Don’t be angry with your father.”

“Mom, are you sick too?” Robert continued to ask seriously.
