

When His Eyes Opened by Simple Silence Chapter 2370-2373

Chapter 2358

Aryadelle Airport.

Norah and Sasha came out of the airport.

They had officially met, and after discussion, they decided to find Haze together, and the benefits they would get in the future would be divided into half.

The woman who bought Haze in Yonroeville at the beginning certainly did not buy Haze simply because she liked children.

She must had a reason.

No matter what the reason was, in order to achieve her goal, she must contact Elliot and Avery.

So Norah and Sasha returned to Aryadelle and decided to wait for it.

They guessed that the woman who bought Haze might be right under the eyes of Elliot and Avery.

The two came out of the airport and got into a taxi.

Norah turned on the phone and immediately saw the good news of Elliot and Avery getting married today.

“What a coincidence, the two of them are having a wedding today.” Norah’s tone was a little sour.

Sasha leaned back in the chair and was jet-lagged, so her tone was a little lazy: “We can’t go to the scene.”

“It’s not easy to get in, you can find someone to go in for us with a little money.” Norah said disdainfully, “But there’s nothing to see today. The people they invited are definitely their better friends and relatives. That woman definitely won’t be able to get in.”

Sasha felt that Norah’s thinking was right.

“Norah, you say you have such a good mind, why did you get mixed up like this?” Sasha looked at Norah with a puzzled face, “If I had half your brain, I wouldn’t be so useless.”

Irony, not annoying at all.

“Sasha, you’re not bad. If you were mediocre, I wouldn’t beg to cooperate with you. Not only are you smart, but you are also very courageous. It’s just that your brain and courage are not used in the right place, that’s why your life is so bad.” Norah analyzed, “If we can get the money smoothly in this wave,

then we can jointly open a store together, or do some other small business, I believe that with the two of us With the ability, there will definitely be some achievements.”

Sasha had tossed for most of her life and didn't want to toss anymore.

“You better find someone else to partner with! I just want to retire... It would be better if I could go back to my hometown to retire.” Sasha said this, her eyes were a little sore, “I can't remember how many years I haven't returned. I have passed my hometown. I don't know what happened to my parents and my grandparents... My grandparents are definitely gone... My mother is not in good health and may not be here...”

Norah was a little overwhelmed when she saw Sasha burst into tears.

“Forget it, there's nothing to go back to my hometown. My family is gone, so I don't have much interest in going back. I might as well find a strange place to stay.” Sasha said to herself, took a deep breath, and raised her hand Wipe the tears off her face.

“Sasha, don't be so pessimistic. Let me tell you a person, you may not know her, but you will know when I say this. She is Avery's stepmother. Before Avery's father died, she was a housewife at home. Norah took out Wanda's deeds and inspired Sasha, “Wanda should be older than you. But can you imagine how high her previous achievements were? Her previous company's market value was tens of billions.”

Sasha: “Where she is now?”

“Dead.” Norah said calmly, “What I asked you to learn is Wanda's middle-aged business courage. She was assassinated because she killed Avery's mother. In the future, as long as we don't Go provoke them, we will make money silently, and they will definitely not touch us.”

Sasha looked tangled: “Let's talk about it when we get the money! I'm afraid they will find Haze before us.”

Norah said, “Sasha, do you want to live in my house? Or I'll rent you a house in my community. We live closer, so we can take care of you.”

Sasha: “Then I'll rent a house in the community where you live! I still have a lot of money you gave me before.”

Chapter 2359

The expression on Norah's face was stunned for a moment, then returned to normal: “Okay. I will find someone next, Put her next to Elliot, so that as long as a woman with a scar on her wrist approaches Elliot in the future, we can get the news as soon as possible.”

“Aren't you running out of money? How do you find someone? You can find a reliable person to put her in. Going to Elliot's side? Elliot's side is not so good, right?” Sasha was a little worried.

“I'll think of a way.” Norah said, “Elliot's assistant should be by his side for a while.”

Sasha: "How did you know?"

"You forgot that I had contact with them before? I still know them well, otherwise how could it be possible to gain their trust so quickly?" Norah said confidently, "I'll try it first!"

...

Hotel.

After the luncheon, Ben's mother, Juniper Schaffer took Avery's hand and smiled happily.

"Avery, this is the honeymoon hotel package I booked for Ben and Gwen before. I also booked a round-trip air ticket, but the name is theirs, so you can't use it with Elliot. So you two just need to buy a plane ticket and you can fly directly for honeymoon."

Juniper gave Avery a card with the hotel information and the housekeeper's contact information.

Avery never thought of going on a honeymoon.

After all, this marriage was only known this morning.

"Auntie, why don't you go to play with my uncle! I stay with Elliot every day, and every day is a honeymoon." Avery was really embarrassed to accept this gift.

"How can this be the same? The two of you are at home, and there are children pestering you every day. Can the two of you be sweet? You still have to go out to play alone. It's fun." Juniper put the card directly into Avery's hand, "The time is today. It started to take effect. I originally booked Ben and Gwen to stay tonight."

"Is it in such a hurry?" Avery didn't understand.

Even if Ben and Gwen were arranged to get married on New Year's Day, it was too late to fly to another place that night.

Juniper smiled kindly: "I don't want them to hurry up and have a baby."

Avery: "..."

"Of course, you and Elliot have had enough. Now, I think you two don't need to be reborn. You two have a good rest on your honeymoon." Juniper continued.

Ben saw that his mother kept holding Avery to speak, so he walked over and said, "Mom, what are you saying when you are holding Avery! Avery has already given birth to several children, so please don't give birth!"

Juniper stared at her son, and walked away.

Avery couldn't help laughing and said, "Brother Ben, Auntie didn't urge me to have a baby. She gave me the honeymoon package originally reserved for you and Gwen."

Ben: "I said that...it turned out to be a lie to me."

"Generally a good hotel, the popular schedules must be booked in advance. New Year's Day has always been a popular time for weddings, and auntie must have booked a room long in advance." Avery explained, "Since auntie gave it to me, then I'm welcome!"

"You're welcome, you two go play!" Ben said, "If the honeymoon package is good, then I and Gwen will also go there."

A few steps away, Mike heard Avery's words.

His heart was on fire, and he ran to grab Chad's arm and went to find Elliot.

Chapter 2360

"Mike, what are you doing?!" Chad was confused and wanted to shake his hand, but he didn't...

"The two of them are going to fly for their honeymoon tonight. You should confess to your boss now, or you will have to wait until after the New Year's holiday!" Mike explained to Chad.

"I originally wanted to talk to my Boss after New Year's Day." Chad pushed Mike away, "Calm down and talk about it after New Year's Day!"

"Why are you like this? Didn't you just promise to talk today?" Mike's voice increased, causing a small commotion.

Elliot quickly noticed their movements.

Elliot saw Hayden walking towards the two of them, and pulled Mike.

Mike faced Hayden, so Elliot could see Mike's angry expression.

How could Elliot not guess what they were arguing about there.

Elliot put down the wine glass and strode towards them.

From the corner of Chad's eyes, he saw Elliot's figure moving towards him, and immediately glared at Mike: "It's all your fault, I've alarmed my boss."

"If that's the case, then tell him now." After saying that, Mike's long arms wrapped Hayden's shoulders and quickly walked away.

Elliot walked up to Chad and looked at him, "Let's talk in another place."

“Boss, I heard that you and Avery are going to fly for your honeymoon tonight. Let’s talk after your honeymoon!” Chad saw Elliot.

Make Mike angry, he was not afraid.

Mike was that grumpy temper, no matter how angry he was, he would calm down later.

But Elliot was different.

“Avery hasn’t told me yet.” Elliot said, “I drank some wine and felt a little dizzy. You accompany me out to get some air.”

Elliot took the lead and walked towards the exit.

Chad immediately followed.

After the two of them came out of the banquet hall, they did not step out of the hotel.

Because the news of Elliot and Avery’s wedding today had spread all over the Internet in a short time.

Many people even knew that their wedding was held in this hotel today.

When the two of them came out of the elevator, the security guard on the first floor told them that there were quite a few paparazzi outside the hotel, so they should be careful.

So Elliot gave up the idea of going out to ventilate.

“Let’s go inside the hotel!” After the two got out of the elevator, they walked towards the back of the hotel building.

In the back was a yard. Across the yard, the back was also the building of the hotel.

The yard was not big, but it was enough for them to walk and chat.

“Boss, I...” Chad spoke very hard first to break the silence.

But after he opened his mouth, his words were choked up.

Elliot didn’t expect it to be so difficult for him to say this, so he took the initiative: “Mike asked Avery to ask me. If you want to transfer to Bridgedale, I have no reason not to agree. You have been with me for so long, I see your ability. In my eyes. If you transfer to Bridgedale this time, your position will be changed.”

Chad’s eyes were moved, and he couldn’t say a word.

The two soon finished talking about business.

Elliot’s wine was almost sober.

“Go up.” Elliot wanted to ask Avery about the honeymoon.

“Boss, you go up first. I want to stay below for a while.” Chad wanted to be alone, digesting what Elliot said to him just now.

After Elliot left, Chad sent a message to Mike with excited tears: [I have talked with the boss.]

Chapter 2361

Mike immediately replied: [Why didn't you come up? I see him coming up!]

Chad: [I was too excited, so I blew the air underneath.]

Mike: [Take a picture and show me where you are, and I'll find you.]

Chad: [No. I want to be alone for a while.]

Mike: [Aren't you secretly wiping your tears? Chad, you are too embarrassed! Going to work in Bridgedale is not to completely cut off relations with people, don't make it so sad, okay!]

Chad: [You stupid! I cried because I was promoted!]

Mike: [...]

Chad: [The boss asked me to go to Bridgedale to be the vice president.]

Mike: [.....]

Chad: [If I had known this, I would have told him about the transfer.]

Mike: [Is it possible that he is giving you a promotion now because he is getting married today and is in a better mood?]

Chad was like being thrown a pot of cold water: [He praised me for my good work ability, but he didn't say that it was because he was in a good mood to get married today!]

Mike: [Could he say that in front of you? Do you think his EQ is as low as me?]

Chad: [You finally admit that your emotional intelligence is low!]

Mike: [There's nothing I dare not admit, brother doesn't rely on emotional intelligence to eat!]

Ballroom.

When Avery saw Elliot, she immediately asked him what he was doing just now.

“Aren’t you talking to someone else? I thought you didn’t pay attention to me at all.” Elliot was a little smug, “I didn’t expect you to stare at me all the time.”

“It’s hard not to pay attention to you. Did Chad talk to you about job transfer?” Avery dragged him to a place with fewer people, “You agreed? We agreed last time, but you don’t allow it.”

“Yes.” Elliot replied, “He didn’t dare to tell me at all, but I took the initiative to talk about it. With his courage, I doubt whether I was being too strict with him at ordinary times.”

“Just agree. Whether it’s Chad or Mike, they have paid a lot for us.” Avery said gratefully, “Don’t think that the salary you pay Chad is enough for others to give you a saddle and a horse.”

Elliot: “I’ll let him go to Bridgedale to be the vice president.”

Avery nodded with satisfaction: “It’s alright.”

“I heard that the two of us are going on our honeymoon tonight? Where are we going? How many days?” Elliot showed the honeymoon. 120 points of enthusiasm.

Avery: “You have no assistants, don’t you feel a little bit sentimental? Are you going to recruit a new assistant next, or are you going to be promoted from below?”

Elliot: “Re-recruit.”

Avery: “Oh, the right one is recruited. It’s not easy to be a good person.”

Elliot: “I know. But Chad will leave me sooner or later. I can’t let him be my assistant all the time. Even if there is no Mike, we have to face this problem.”

“Yes. Wait until we get through. After the honeymoon, you can recruit more people! The honeymoon is not long, only three days. Just in time for the New Year’s Day holiday, we can come back.” Avery handed the card to Elliot, “After the dinner, we will go home and pack up.”

Elliot: “Just ask Mrs. Cooper to go back and pack our luggage for us. Pack it up and send it to the hotel.”

Avery: “It’s okay. But it’s better to pack it yourself.”

Of course Elliot knew that it would be better for him to pack up. Sometimes, Mrs. Cooper didn’t necessarily know what clothes to bring.

It’s just that the two of them got up too early this morning, and Elliot was afraid that Avery would be too tired to run back and forth.

“Just bring some simple daily necessities and a change of clothes. If you don’t like the clothes you bring, you can buy them over there.” Elliot said, “Go and rest, I’ll wake you up later.”

“Today I’m married, you let me take a nap?” Avery felt incredible, “Do you think I can sleep well?”
